Heuchera PRIMO™ Series

Heuchera PRIMO™ 'Black Pearl' PPAF

Heuchera PRIMO™ 'Pretty Pistachio' PPAF

NEW! Heuchera PRIMO™ 'Black Pearl' PPAF

WGI Introduction

H. villosa Hybrid

HEUBP20, HEUBP72 (Coral Bells) Meet the new standard in black Heuchera! Forms a dense habit of shiny, jet black leaves with scalloped, ruffled edges and rosy purple undersides. Keeps its intense black color even in full sun. White flowers are held in pink calyxes (requires vernalization to bloom).

8-10in/18-20in/MSu/Z4-9/20 & 72ct 1

All propagation prohibited.

NEW! Heuchera PRIMO™ 'Pretty Pistachio' PPAF

WGI Introduction

H. villosa Hybrid

HEUPT20, HEUPT72 (Coral Bells) A big and beautiful perennial!

Leaves are chartreuse in spring and mellow to lime green in summer. Huge, 5in wide clusters of medium pink flowers appear all summer long. Flowers dry on the stems to a lovely raspberry color. Best in filtered sun or afternoon shade.

8-10in/20-24in/ES_u-LS_u/Z4-9/20 & 72ct 1

All propagation prohibited.

WINNERS®
The #1 Plant Brand®

DOLCE® Heuchera are easy to grow and extremely versatile. These varieties are popular in both the landscape and combination containers because of their year-round foliage interest and the ease of blending with other plants.

Heuchera DOLCE® 'Appletini' PPAF

NEW! Heuchera DOLCE® 'Appletini' PPAF
WGI Introduction

HEUAP20, HEUAP72 (Coral Bells) The perfect combination of lime foliage and red flowers! Medium sized, lime green leaves have a silver overlay. Dark rose red stems hold rich ruby red flowers, starting in early summer. This plant occasionally reblooms into fall.

8-10in/18-24in/ESu-LSu/Z4-9/20 & 72ct ①

All propagation prohibited.

Heuchera DOLCE® 'Blackberry Ice' PPAF

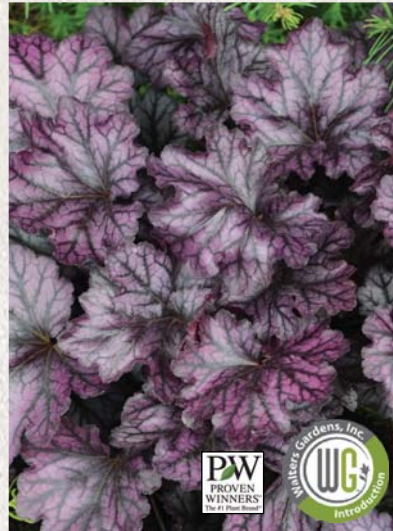

WGI Introduction

H. villosa Hybrid

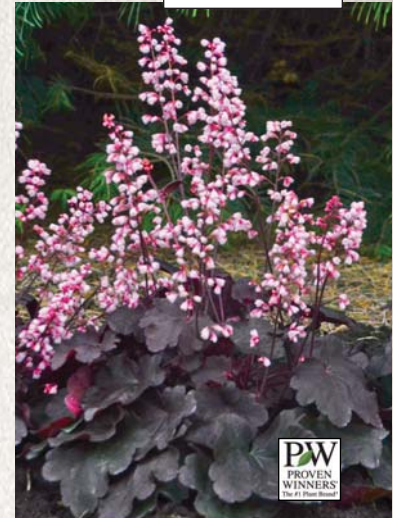

HEUBI20, HEUBI72 (Coral Bells) This vigorous grower forms a robust clump of remarkably iridescent purple leaves with black veining. Foliage develops a luminescent pewter overlay in summer. Produces cream flowers on reddish scapes without vernalization.

10-12in/20-26in/MSu/Z4-9/20 & 72ct ①

All propagation prohibited.

Growing Bare Root Hibiscus

H

Growers looking for a high margin, quick turn perennial with outstanding impulse appeal should consider bare root hardy Hibiscus. Hibiscus are in their prime at the height of summer, filling the gap between early and late flowering perennials. Their dinner plate sized flowers have awesome impulse appeal and are popular with all kinds of gardeners. Hibiscus are very easy to grow if you follow these guidelines:

Hibiscus 'Summer in Paradise' PPAF

◀ ● ● ● week 2 — week 4 — week 6 — week 8 — week 10 — week 12 ● ● ● ▶

Potting and Timing

- Pot up bare root Hibiscus into 3-Gal containers in mid through late spring. Plant immediately upon arrival of your shipment. Pot up 72ct plugs into 2-Gal containers in early through mid spring.
- Use a peat/bark soil mix with a pH of 6.0-6.5.
- Place the potted plants directly outside, under full sun, after the last frost date and hook them up to drip irrigation. Space plants a minimum of 18in apart to have well-rounded finished plants.

Growing and Finishing

- When the bare root plants start to grow, pinch the top growth back once to 3-5 nodes. Then drench the entire plant with 1ppm uniconazole (Sumagic®) one week after pinching.
- Keep plants moist at all times to prevent leaf drop and the flower buds from aborting.
- Hibiscus grows very quickly and requires ample amounts of fertilizer. Feed with 150-200ppm N constant liquid feed at every watering. Recommended EC is 2.5-3.5 using the pour through method.
- An advantage to growing Hibiscus outdoors is that the more natural growing cycle allows intermediate blooming varieties the time to set buds up the stems, a key selling point. Plants grown indoors tend to stretch and not set buds up the stems.
- Scout regularly for Japanese beetles, sawfly larvae, spider mites, and whiteflies, treating as needed.
- Both bare root and plugs will finish in 12-14 weeks in their respective recommended containers. Allow 6 weeks from the time of pinching to flower.
- Finished plants will be very large and full with at least 3-4 sturdy, flowering stems apiece. They have a very high value at retail.

Hosta

☀️ ☀️ 🍷 🍷 🍷 🌿 ✂️ Zones 3-9

Hostas are one of the most well-known of all perennials and they are indispensable for shade. They offer an amazing palette of colors, sizes, textures, and flowers that naturally complement other shade perennials such as ferns, bleeding hearts, and sedges. Miniature hostas are perfectly suited to troughs while giant hostas make outstanding landscape specimens.

Trimmed Roots

We trim the roots of all bare root hostas we offer before they are shipped. In our trials, trimming the roots did not set the plants back at all and in some cases, trimming actually resulted in increased rooting. Trimmed roots are also faster for our customers to pot up, weigh less in shipping, and result in less waste.

Premium Hosta

For customers looking for some guidance in selecting the top hostas in each color class, our hosta experts have developed a list of premium varieties. Based on our observations and experience growing these plants long before they are introduced and our continued experience over the years, these are the very best hostas we offer.

Hosta SHADOWLAND® 'Autumn Frost' PP23224

Hosta SHADOWLAND® 'Autumn Frost' PP23224

WGI Introduction

HSAFR20, HSAFR72 (Walters Gardens, Inc.) Incredibly showy sport of 'First Frost'. Leaves emerge frosty blue green with wide, brilliant yellow margins in spring and then turn green with creamy white margins in summer. One of the showiest of all hostas. Light lavender flowers.

M/12in/12-16in/MSu-LSu/20 & 72ct ①

All propagation prohibited.

Proven Winners® label and container required.

Recommended Finish Size: Premium 1-Gallon

Hosta 'Beyond Glory' PPAF

WGI Exclusive Introduction

HSBEG20, HSBEG72 (Walters Gardens, Inc.) Sport of 'Old Glory' with wider, dark green margins. Margins measure about 3in at the widest point, more than twice the width of 'Old Glory'. Pale lavender flowers.

M/16in/29in/MSu/20 & 72ct 1

Asexual propagation prohibited.

Hosta 'Big Daddy'

HSBID20, HSBID72 (Shaw) Classic award winning blue hosta. Forms a large, upright, compact clump of thick, rounded, chalky blue leaves. Foliage becomes puckered and cupped as it matures and deepens to blue-green as summer progresses. Near-white, bell-shaped flowers.

L/24in/24in/LSu/20 & 72ct 1

Hosta 'Blue Angel'

HSBLA20, HSBLA72 (Shaw) Our best selling large blue hosta; a classic shade garden specimen. Large, blue-green leaves of very heavy substance form a huge mound. Light lavender flowers are produced just above the foliage. Slug resistant and easy to grow.

G/36in/48in/MSu/20 & 72ct 1

Hosta 'Blue Ivory' PP19623

HSBLI20, HSBLI72 (Meyer) This 'Halcyon' sport has wide, creamy white margins and a blue center in spring. Margins brighten to white and may develop a unique green blush while the center turns blue-green in summer. Lavender flowers.

M/16in/20-24in/MSu/20 & 72ct 1

Asexual propagation prohibited.

Hosta 'Blue Mouse Ears'

Premium Hosta

HSBME20, HSBME72 (Deckert) Adorable small hosta with thick, heart-shaped, blue-green to grey-green leaves. Forms a perfectly symmetrical mound. Clusters of lavender, bell-shaped flowers emerge from balloon-like buds on perfectly proportioned scapes.

S/8in/12in/MSu/20 & 72ct 1

Hosta 'Blueberry Muffin'

Premium Hosta

HSBLM20, HSBLM72 (Meyer) Strong grower with reliable garden performance. Long-lasting blue foliage deepens to blue-green late in the season. Rounded, puckered leaves are held on attractive light mauve petioles. Matching mauve scapes carry the lavender flowers.

M/14in/18in/ESu/20 & 72ct 1

Hosta 'Bridal Falls' PP25594

WGI Exclusive

HSBRF20, HSBRF72 (van den Top) Variegated sport of 'Niagara Falls'. Forms a beautiful cascading mound of wavy edged, heart-shaped, green leaves with pale yellow to creamy white margins. Shows mature traits best on older plants. Light lavender flowers.

L/26-28in/44in/MSu/Z3-9/20 & 72ct 1

Asexual propagation prohibited.

HOSTA 'Remember Me'

Spring Color

Summer Color

Hosta 'Remember Me'

WGI Exclusive Introduction

HSREM20, HSREM72 (van Eijk-Bos/Van Erven/Walters Gardens, Inc.) A sport of 'June'. Leaves emerge yellow with a narrow, dark blue-green margin that jets towards the midrib. Center brightens to cream in summer. Lavender flowers.

M/15in/20in/MSu/20 & 72ct   

Hosta 'Remember Me' was introduced in honor of Sandy DeBoer, a Walters Gardens, Inc.

employee who lost her courageous fight with breast cancer in 2001. The plant was discovered as a sport of her favorite Hosta 'June'. To honor Sandy and countless others who have been touched by this disease, Walters Gardens, Inc. donates a portion of the price of each plant purchased by our customers to our local chapter of Susan G. Komen for the Cure. Please help us support this worthy cause!

Susan G. Komen for the Cure is credited as the nation's leading catalyst in the fight against breast cancer. Its mission is to eradicate breast cancer as a life threatening disease by advancing research, education, screening, and treatment.

Hosta 'Wolverine'
 HSWOLG1, HSWOLG2, HSWOLD1, HSWOLD2 (Wilkins) This one will catch your eye from quite a distance! The wavy, tapering leaves may reach 10in long. They are blue-green with wide, gold margins. Forms a dense, cascading mound. Lavender flowers. Displays some sun tolerance
 M/15-18in/20in/LSu/G1 & G2, D1 & D2 ①

NEW! Hosta 'Wrinkle in Time' PPAF
WGI Exclusive Introduction
 HSWIT20, HSWIT72 (Walters Gardens, Inc.) A sport of 'Pilgrim' with showy, wavy margins. Dark green leaves with creamy yellow margins have a single prominent wave that begins one third of the way from the leaf base. Margins mature to creamy white in summer. Lavender flowers.
 S/9in/15in/MSu/20 & 72ct ①

Asexual propagation prohibited.

Hosta 'Yankee Blue'
 HSYABG1, HSYABG2, (Balite-wicz) This vigorous blue hosta forms a full, symmetrical, wide mound of elongated wedge-shaped leaves. The wavy leaves hold their blue coloring well into summer, eventually turning blue-green late in the season. Near-white flowers top the clump.
 L/20in/27-32in/MSu/G1 & G2 ①

Walters Gardens, Inc. WGI Introduction

Iberis sempervirens 'Alexander's White'
 IBEAWG1 (Evergreen Candytuft) Large clusters of flowers carpet the narrow, evergreen leaves. Tends to rebloom in fall. Drought tolerant. A great filler between stones. Also effective as edging or groundcover.
 8-10in/MSp-LSp/Z3-9/G1 ②

Iberis sempervirens 'Little Gem'
 IBELGG1 (Evergreen Candytuft) This very compact, dwarf selection forms a small, dense mound of narrow, dark green, evergreen leaves covered in clusters of snow white flowers. It is shorter and more compact than the species, making it a better choice for edging.
 5-8in/MSp-LSp/Z3-9/G1 ②

Iberis sempervirens 'Snowflake'
 IBESNG1 (Evergreen Candytuft) This vegetative selection offers consistency in height and habit. It forms a wide cushion of narrow, evergreen leaves that are smothered in white flowers in spring. Drought tolerant.
 8-10in/MSp-LSp/Z3-9/G1 ②

Incarvillea delavayi
 INCDEG1 (Hardy Gloxinia) It's hard to believe this tropical looking beauty is hardy to zone 5! Exotic 3in long, trumpet-shaped, rose purple flowers with a yellow throat are held a few inches above the clump of attractive fern-like, green foliage.
 12-18in/LSp/Z5/G1 ①
 Canadian restrictions apply.
