

**ABERCONWY NURSERY**  
**PRICE LIST: SPRING 2015**

We are pleased to provide you with a copy of our new spring price list. **This list cancels all previous lists.** We hope that you will find something of interest. We grow alpines & rock garden plants, including some dwarf shrubs, acid loving plants, and ferns as well as various other interesting plants from time to time. We grow only plants that we like and find interesting, and tend not to be constrained by categories!

All of our plants are grown on the nursery site, sometimes in small numbers per variety. As a result the stock situation can change suddenly. Some listed items can sell out quickly and unlisted varieties often become available throughout the year. Most of our plants are offered in 6cm to 9cm pots as appropriate for the needs of the plant. **All plants are offered ex nursery subject to their remaining available. Prices given in the list refer to the smallest size normally offered. Larger plants may sometimes be available at different prices.**

**We do not supply plants by mail order.** However, we will be attending quite a number of Alpine Garden Society, Scottish Rock Garden Club and other shows and can bring plant orders to them (see summary at the end of the plant list). Please place orders a week or two in advance of the show if possible.

Please ask if you cannot find what you are looking for. We have extensive growing areas beyond the sales area, and not all of our stock is out on display to customers at any one time. **If you are looking for a number of specific plants in the list, it can save a lot of time if you send your list to us a few days before your visit, so that we can assemble the available plants from the far reaches of the nursery site for you. If you are travelling from a distance to collect specific plants, please ring to check current availability, as some items can sell out very quickly, especially at the start of the season.** We have a large, covered 'Alpine Tunnel' with net sides, in which we can grow and display a large number of alpines. This serves to protect the plants (and our customers) from the extremes of wind & rain to which our site is prone, without making the plants 'soft'.

**OPENING TIMES 2015:**  
**3<sup>rd</sup> March 2015 to 25<sup>th</sup> September 2015 inclusive**  
**Tuesday – Sunday: 10am-4pm**

sicula	£4.00
TEUCRIUM ackermannii	£3.00
THALICTRUM kiusianum	£4.00
THLASPI bulbosum	£3.00
THYMUS camphoratus	£3.00
cephalotos	£3.00
'Coccineus'	£3.00
'Peter Davis'	£3.00
serpyllum 'Conwy Rose'	£3.00
serpyllum 'Elfin'	£3.00
serpyllum 'Minor'	£3.00
TRACHELIUM asperuloides	£4.00
ULMUS parvifolia 'Hokkaido'	£4.00

**SHOWS WE WILL BE ATTENDING**  
**SPRING AND SUMMER 2015**

Sat, Feb 14 <sup>th</sup>	AGS <b>South Wales</b> Show, Caerleon Community College, CAERLEON. NP18 1NF
Sat, Feb 28 <sup>th</sup>	AGS <b>Harlow</b> Early Spring Show, Mark Hall School, HARLOW. CM17 9LR
Sat, Mar 7 <sup>th</sup>	AGS <b>Loughborough</b> Show, Charnwood College, LOUGHBOROUGH. LE11 4SQ
Sat, Mar 14 <sup>th</sup>	AGS/SRGC <b>Kendal</b> Show, Kirkbie Kendal School, KENDAL. LA9 7EQ
Sat, Mar 21 <sup>st</sup>	AGS <b>Kent</b> Show, Rainham School for Girls, RAINHAM. ME8 0BX
Sat, Mar 21 <sup>st</sup>	AGS <b>East Lancashire</b> Show, Whitworth Civic Hall, WHITWORTH. OL12 8DP
Sat, Mar 28 <sup>th</sup>	AGS/SRGC <b>Northumberland</b> Show, The Wentworth Leisure Centre, HEXHAM. NE46 3PN
Sat, Apr 4 <sup>th</sup>	AGS <b>Cleveland</b> Show, Stockton 6 <sup>th</sup> Fm College, STOCKTON. TS19 0QD
Sat, Apr 11 <sup>th</sup>	AGS <b>Dublin</b> Show, Cabinteely Community School, Co. DUBLIN
Sat, Apr 18 <sup>th</sup>	AGS <b>Midland</b> Show, Arden School, SOLIHULL. B93 0PT
Sat, Apr 18 <sup>th</sup>	SRGC <b>Perth</b> Show, Bell's Sports Centre, PERTH. PH1 5HS
Sat, Apr 25 <sup>th</sup>	AGS <b>Ulster</b> Show, Greenmount College, Co. ANTRIM. BT41 4PU
Sun, Apr 26 <sup>th</sup>	AGS <b>London</b> Show, RHS Lindley Hall, LONDON. SW1P 2PE

VACCINIUM chaetothrix	£4.00
VERBASCUM dumulosum	£4.00
x 'Letitia'	£4.00
VERONICA armena	£3.00
caespitosa ssp. caespitosa	£3.00
oltensis	£3.00
prostrata 'Nana'	£3.00
VIOLA 'Molly Sanderson'	£3.00
pedata	£4.00
pedata bicolor	£4.00
VITALIANA primuliflora var. congesta	£4.00
ZAUSCHNERIA californica 'Albiflora'	£3.00

## Notes from the Potting Shed

Welcome to our Spring 2015 availability list. It is a little shorter than last spring's, partly because quite a lot of things sold out in the autumn and partly because the new crops of *Dionysia* and *Daphne* are delayed. We have small numbers of a variety of these but the new main crop needs to grow on a bit before we offer any for sale. We will bring a good selection of both *Daphne* and *Dionysia* to early shows as they come ready. The ***Sebaea thomasii*** in the crevice bed continues to rival Tim's Farrer Medal plant, and we have a good crop of youngsters this year. We also have a good crop of various ***Soldanella*** species and varieties to choose from this year.

We have Dave Wiseman to thank for material of his excellent hybrid ***Chionohebe densifolia* x *pulvinaris*** 'Vera Cox'. He was awarded a PC for this excellent plant in 1994 since when it has continued to be rare in cultivation. It makes a delightful neat evergreen carpet with dainty, near sessile large white flowers in early summer. It is easier to grow than *C. pulvinaris* and infinitely neater and more desirable than *C. densifolia*. It deserves to be more widely grown. Another plant of note is Adrian Young's superb form of ***Saxifrage catalaunica***. The foliage of this silver saxifrage really has the wow factor and is easy and showy in the garden.

Another plant to draw to your attention is the plant we initially grew as *Iris goniocarpa*. After discussion with Tony Hall and Kit Strange, this has been re-identified as a particularly good short form of ***Iris decora*** with a large flower. We have good stock of decent sized plants of this lovely plant with its ethereal flowers, a delight in the garden but a real challenge at the shows. It has large flowers on short branched stems and each flower bud develops, then opens and goes over in just one day – very difficult to time flowering to coincide with judging!

We have two new plants for this year both forms of *Androsace studiosorum* selected from crossing ***Androsace studiosorum*** 'Doksa' with larger pink forms of the species. The white flowered 'Doksa' has by far the best short, compact habit of the clones in cultivation and we wanted to develop a good pink flowered form with a similar habit. In the event we ended up with two! ***Androsace studiosorum*** 'Conwy Gem' is the closest in habit to 'Doksa', with compact habit and short stolons. It has good sized mid pink flowers on short peduncles, only a little longer than those of 'Doksa'. ***Androsace studiosorum*** 'Conwy Jewel' is a little larger but still compact with umbels of strong pink flowers with a darker eye. Both should produce good pans for showing and will be good rock garden plants.

For those wanting things a little more substantial in the garden we have two *Hebes* which we think are under represented in gardens. The short, stocky ***Hebe macrantha*** has showy white flowers in the tops of the lime green evergreen foliage, only a foot or two high, whereas ***Hebe hulkeana*** has long sprays of the softest blue flowers from a low, spreading shrublet, ideal for the top of a wall, or corner of a raised bed. Still on a New Zealand theme, the *Celmisias* are doing well this year. The early flowering ***Celmisia angustifolia*** (from Ian Leslie) is making an attractive and neat evergreen shrublet, coming into flower in February. ***Celmisia gracilentia*** has an intriguing silver-grey strap shaped leaf offsetting the white daises in spring. ***Celmisia discolor*** is also turning out to be a neat, attractive shrublet.

If you are looking for anything not listed please ask. We do not include everything we grow in the spring list, and things evolve through the season as new plants come ready.
