# Nash Nurseries

## About us:

The Nash Centennial Farm has been in the family since 1860. In 2015 & 2019, Jon & Abby welcomed the newest members of the Nash family marking eight generations.

The Nash's are all Michigan State University Alumni and continue to work with MSU to advance Spartan horticulture research. They are very avid members of many local and national horticulture clubs.

Nash Nurseries has been providing plant material, landscapes, knowledge and a family atmosphere for the mid-Michigan area and beyond for over 75 years.

*We invite you to come & explore our  
200 acre farm!*

## Our selection:

We take pride in growing a large variety of:  
*Fruit & Nut Trees and Plants*  
*Shrubs (flowering and ornamental)*  
*Perennials*  
*Trees (ornamental, shade and flowering)*  
*Evergreens*  
*& everything in between*

## Custom Growing Options:

If there is something in particular you are looking for or a large quantity, let us know!  
We can typically source or grow it.

◆ If you would like more information or a picture about an item listed, please contact us today! ◆

Phone: 517-651-5278

# Nash Nurseries

We encourage those in the Great Lakes region to come visit our beautiful 200-acre nursery, which includes several established orchards of fruit and nut trees. The property is also adorned with dozens of specimen plantings and gardens. We offer a beautiful outdoor retail center open to the public.

*We grow everything from Acer to Zelkova!*

## **2024 Hours**

April 1st - Christmas

**Monday - Saturday: 9-6**

**Sunday: Seasonal**

## **Installation and Shipping:**

We offer delivery & installation of all plants we carry within the general area. We offer large tree transplanting for those customers interested in creating an instant impact in their landscape. Contact us for a custom quote today!

We offer shipping for plants 3 gallon and smaller via UPS.

We also offer LTL & FTL custom freight.

◆ **All items may be picked up at the nursery** ◆

Orders placed during the off season of for the following season will be shipped out the first week of April (weather pending) unless prior arrangements are made.

We do our best to keep our inventory up to date. However, due to Mother Nature and human error, we cannot guarantee 100% accuracy.

Plants will be held for 30 days with a deposit placed. Feel free to email or call us with any questions you may have, or to place an order.

Prices and quantities subject to change

<i>Contact us for custom quotes for larger material &amp; quantities</i>				2+ quarts	call
				*Includes price of Purée*	

Fresh Pawpaw Fruit*	Standard 2 Day Shipping**
1 pound	\$50.00
3 pounds	\$72.00
5 pounds	\$90.00
6+ pounds	call

\*Fresh fruit only available during fall harvest times. Call for availability.

\*\*Shipping includes the price of the fruit.

### **Items are shipped via UPS or USPS**

Our prices are based upon the current rates set by the carrier.

The weight and size of the plants and the boxes we put them in, means that they cost more to ship than a typical bare root plant or small plug. We believe a containerized plant that is healthier, larger, and has an already established root system, allows you to have greater success growing!

### **Bulk Shipping**

12+ trees of 2 - 4 gallon or 21+ of smaller sizes recommended for bulk shipping (pallet-load). We will negotiate a custom Freight quote for you before we ship the trees out.

*We ship on **Monday & Tuesday** to ensure plants do not sit over the weekend in a shipping terminal. We may delay shipment due to inclement weather.*

**Orders can always be picked up free of charge at Nash Nurseries.**

◆ *Please contact Nash Nurseries before ordering if shipping outside of USA* ◆  
Certain Licensing, Permits, Quarantines, Terms & Conditions Apply

### **Nash Nurseries Warranty Policy**

*Nash Nurseries warrants all nursery stock as true-to-name, in healthy condition, and sized to industry standards at the time of purchase.*

**Warranty valid only with original receipt, original plant tags, and dead plant.** Sale plants are warranted for the sale price only. Replacement plants are not guaranteed. Warranty credit expires one year from the date issued. Perennials and bare-root stock are warranted for 30 Days from the date of purchase at 50% credit. Potted and B&B shrubs and trees sold at the nursery and installed by the customer are warranted at 50% of the cost of the plant for 1 year from purchase date. **Potted and B&B stock installed by Nash Nurseries are warranted for 1 year for the purchase price of the plant.** Labor and/or mileage charges will apply to replacement item. Trees installed with tree spade are warranted for 1 year at 100% of the purchase price and base labor cost. Additional labor and mileage charges may apply to replacement item.

**Items not covered by warranty:** Clearance Items, Wholesale Items, Replacement Items, Flowering Dogwoods, Redbuds, Japanese Maples, Peach trees, Apricots, Rhododendrons, Daphne.

**Nash Nurseries reserves the right to void any/all warranty coverage due to neglect, not watering the plant, excessive moisture, or inexperience of the planter.** Warranty does not cover acts of nature, frost, freeze or drought and plants over-wintered in containers or above ground. Warranty is void if customer provides false information. Planting & Delivery charges may vary. Shipping & Handling calculated is based on order size and destination.

Delivery/S&H charges may apply to replacement item. **All paid orders must be picked up, delivered, or installed within 30 days from date of transaction** - unless prior arrangements are agreed upon. Cancelled/Return orders subject to a 10% restocking fee. Quotes are valid for 30 days. **Seed Purchases:** We guarantee that the seed we sell conforms to the label; however, our liability is limited to the purchase price of the seed. Seeds are living products that depend on many factors such as proper planting time and technique, depth of planting, soil type, proper germination, fertility, disease and insect control, and weather. If any of these factors are not right, it may cause the seed to not perform and because most, if not all, of these are out of our control, the majority of seed success is in the hands of the grower.

**Nash Nurseries will be more than happy to help with any questions, concerns, or advice.**
