**For Impudent Assault.**  
Olivier Eschliere was arrested at Aitkin this morning by Sheriff Erickson and brought to this city where he was lodged in the county jail, the warrant for his arrest charging indecent assault upon the six-year-old daughter of Adam Armstrong, the proprietor of the French hotel on West Front street. The details of the crime as related by those who claim to know the circumstances are of too revolting a nature for newspaper print. The monster in human form charged with the crime was a boarder at the hotel and as soon as his acts became known he disappeared, but was traced to the above place for his lodging has not yet been fixed.

R. L. WEEKS, Chief.

**Marriage Bonds.**  
On Saturday in the city of Duluth Mr. Aubrey A. Brewer was united in marriage to Miss Minnie McQuinn. The bride is a highly esteemed young lady of the above city, the groom being an old resident of Brainerd and his many friends in this city will wish the newly married couple unbounded happiness in their wedded life.

**Successful and Profitable.**  
Gardner's hall was filled to overflowing on Friday evening last, the occasion being the presentation of "Among the Breakers" by local talent in honor of St. Patrick's day. In addition to the drama, which was well rendered, a musical program was given and the entire performance was highly appreciated by the enthusiastic audience. St. Francis Catholic church society under whose auspices the entertainment was given will net \$238.10, thereby the entire receipts being \$384.35.

**Meat Markets to Close Sundays.**  
We are informed that commencing with Sunday next the meat markets of the city will close on Saturday night until Monday morning. It has been the custom during years past to keep the markets open on Sundays until 10 a. m., but the proprietors have decided that they are entitled to one day's vacation in the seven as well as their fellow traders in other lines, and they are right for there is no more reason why meat markets should keep open on Sunday morning than there is that the grocery or hardware stores should do so and in the latter case the public are just as well served by providing for their Sunday wants in advance as they would be to wait until Sunday morning to make their purchases for that day. Upon inquiry we find that there is no opposition among the dealers to the movement and the general sentiment seems to be that it is the correct thing and we hope that the plan once started will be carried out successfully. The Sunday customers will soon get used to the change and will find that it is just as convenient to buy on Saturday and by so doing the butchers and their employees will enjoy a day's cessation from business.

A writer says there is no better beauty than that which is born, but we have seen some rather lovely pictures, however.

Several women are thought to be the most beautiful in the world, and it is considered a great honor to be counted among their number. Some of these women are of the aristocratic class, and some are of the common people, but all are equally admired for their beauty and grace.

**M**ANY a dutiful daughter pays in pain for her mother's ignorance or perhaps neglect. The mother suffers and she thinks her daughter must suffer also. This is true only to a limited extent. No mother need be so unfortunate.

### INDULGENT MOTHERS

Many a young girl's beauty is wasted by unnecessary pain at time of menstruation, and many indigent mothers with mistaken kindness permit their daughters to suffer about physical health.

Miss CARIE M. LAMM, Big Beaver, Mich., writes: "Dear Mrs. Fitcham, I am suffering from profuse and irregular menstruation and leucorrhoea. My appetite is variable, stomach sour and bowels were not regular, and was subject to pains like colic during menstruation. I wrote you and began to take Lydia E. Pinkham's Vegetable Compound and used two packages. My troubles are now all over and I feel like a new woman. I can't say enough for your good medicine. It is a great medicine for young girls."

### MISS GOULD'S REFUSALS.

Her mother is a very old-fashioned woman, and she has a high opinion of her own family. She is a woman of great character, and she has a high opinion of her own family. She is a woman of great character, and she has a high opinion of her own family.

What it was about. "What's the trouble here?" asked a man who had been jammed into a crowd in front of a physician's office too late to see what had occurred.

**AN EXCELLENT COMBINATION**

The pleasant method and beneficial effects of the well-known remedy, Syrup of Figs, manufactured by the California Fig Syrup Company, illustrate the value of obtaining the liquid laxative principles of plants known to be medicinally laxative and presenting them in the form most refreshing to the taste and acceptable to the system.

**CLEANSING THE SYSTEM EFFECTUALLY, DISPELLING COLDS AND HEADACHES, PREVENTING FEVERS, OVERCOMING HABITUAL CONSTIPATION PERMANENTLY.**

Its perfect freedom from every objectionable quality and substance, and its acting on the kidneys, liver and bowels, gently yet promptly, without weakening or irritating them, make it the ideal laxative. In the process of manufacturing figs are used, as they are pleasant to the taste, but the medicinal qualities are obtained from SENNA AND OTHER AROMATIC PLANTS, by a method known to the California Fig Syrup Company only.
