THE WORLD'S FINEST AMARYLLIS

SURELY THE MOST SPECTACULAR OF ALL FLOWERING BULBS!

They are one of those superb (and easy to grow) plants that you have to be in awe over. Those huge blossoms poking up never fail to win gardener's hearts. They grow from bulbs that spear through the air to around 60cm. The bud begins unfurling along the way, erupting once it reaches its peak and then producing magnificent flowers. They can be grown in pots anywhere or outdoors in warmer areas. GardenPost again offers some rare introductions. Every year we never cease to be amazed at the sheer beauty of these flowers. There is quite simply, nothing else like them! So, if you are looking for a very special treat, then here it is!

PRETTY NYMPH

Large, breath taking, peony-like flowers with triple layers of ruffled, shimmering pink and white flowers with darker pink veins. These lively blooms measure about 15cm across, hold their heads up well and are supported on strong, stout stems. Just not to be missed! H60cm **D243: 1 - \$22.00**

Double white flowers decorated with feathery brush strokes and raspberry-red petal edges. Strong stalks shoot up to 50-60cm with 4-6 blooms. A distinctive award winner, easy to grow indoors or outside in a protected area. Will be in full display in just 6 weeks.

D241: 1 - \$22.00

DOUBLE RECORD

AMARYLLIS
AVAILABLE FROM
MID NOV TO
EARLY DEC

APHRODITE

Pure white, ruffled petals look like they have been silkscreened with salmon pink. The blood red veining and a razor-edge red border add definition and style. These huge, magnificent flowers are freely born on strong stems and are sure to draw you irresistibly closer. Outstanding hardly even describes these amazing flowers! H 60cm **D240: 1 - \$22.00**

An exquisite form with blooms of bright red and deeper shadings of red interspersed with the occasional streak of ivory. The petals are slender, arched and have wavy edges. Extraordinary, wispy, spider style with saturated colour making a great combination. H 50cm **D245: 1 - \$22.00**

PAPILLIO

Papillio, French for "butterfly", produces flowers that actually appear capable of fluttering away. The most famous of the exotic amaryllis, it makes an amazing plant, growing larger as the seasons pass. Snowy petals with maroon brushings and stripes, tinged with lime green are elegantly curved and perfectly detailed. Flowers are 12cm across and numerous. H 60cm. Slightly smaller 24/26cm size bulbs **D244: 1 - \$23.00**

QUALITY MATTERS

All Amaryllis are not equal. With Amaryllis size is very important. Our Amaryllis are sourced from the world's finest producers. They are large bumper-sized bulbs measuring 26-28cm in circumference. You will get 2-3 flower spikes with 3-4 blooms on each, giving a long flowering time. The greater the circumference of the bulbs the more food is stored resulting in a fuller plant with more flowers. Our bulbs are guaranteed to give the best results that only full size bulbs can give. NEVER settle for less. Beware of cheap Amaryllis – they are often so small you will only get one flower stem.

SPARTACUS

NEW

Look no further – you’ve found something special! These magnificent flowers are in a fresh, festive combination of red and white. The large flowers are borne on strong stems and will give endless delight.

D360: 1- \$19.00

TRES CHIC

NEW

Vibrant red flowers with an exceptionally large white starburst centre. The contrast is striking. Flowers are small by the standards of the largest amaryllis but more plentiful – most stems will produce at least six blooms. Tres Chic will not go unnoticed.

D361: 1- \$22.00

SANTIAGO

NEW

Slender flowers of deep grape-red with symmetrical bold, pure white stripes radiating out from the soft green heart of each flower. Flowers are slightly trumpet shaped with pointed triangular petals. You know, it’s so eye-catching!

D367: 1- \$22.00

LEMON STAR

Large, beautiful luminescent flowers. The colour is soft yellow with greenish throats and rounded flower petals perfectly overlapping, bringing a quiet beauty. Whilst the flowers are large they still have plenty of room to show off – no crashing into each other! H 60cm

D363: 1- \$22.00

GERVASE

Huge, jewel- toned white flowers with a pink background and pink stripes. The petals are marked with veins, red sweeps and white highlights. No two flowers are the same and variations in flowers change from year to year. The strong stems have multiple flowers and distinctive red anthers. Mixes very well with red and white amaryllis or puts on a first rate solo show. H 60cm

D365: 1- \$22.00

PICOTEE

There is nothing in the Amaryllis world to compare. Its crisp white petals, their edges finely pencilled in rich red, present a clean, tailored look that’s utterly distinctive. A closer inspection reveals wispy brushstrokes of faint scarlet, lending the flowers artistic shading worthy of an Old Master. Colour and elegance in one package! Vigorous bulbs produce six to eight flowers. H 60 cm

D364: 1- \$22.00

AMPUTO

NEW

At first sight these may appear like Xmas lilies, but on closer look you’ll realize that the more refined form and gentler aroma is something entirely different. The blooms are smaller in size and larger in numbers, slightly ruffled, trumpet form with a sweet, light scent – a rare and coveted quality in amaryllis. H60cm

D366: 1- \$22.00

SPECIAL

VENUS

Classic, intense red blooms look particularly striking against the lush, leafy green foliage. Several blooms appear on strong stems with at least 2 stems per bulb. A goddess of pure love and beauty. H 60cm

D362: 1- \$16.00

POPOV

Large, open-faced red & white striped blooms on tall sturdy stems. The rich iridescent colour of these shapely blooms will light up any garden or potted area. Large bulbs will produce 2-3 stems per bulb with up to 4 flowers per stem. Many customers last time told us they were thrilled with these! H 60cm

D368: 1- \$19.00

ROYAL VELVET

Just as its name suggests, these impressive flowers radiate a lush, rich red with darker centres and a velvety sheen. Each stem is crowded with four huge flowers – one of the biggest flowers yet seen. With 2-3 stems per bulb that’s up to 12 flowers! Mother Nature outdid herself with this show-stopping panorama of colour. H 60cm

D369: 1- \$22.00

BEANS - BABY BEAN

High yielding variety with round, slim string less pods on upright dwarf bushes. Small pods are mature when just 10cm long - ideal for cooking whole. **ES100: 60 seeds - \$3.00**

BETROOT - BULLS BLOOD

A rich, red globe-shaped root with deep purple leaves that are ideal in salads. Good summer and winter vegetable.

ES101: 150 seeds - \$3.00

CABBAGE - RED ACRE

An early maturing globe-shaped variety. Delicious leaves add brilliant colour to salads and cooked dishes. A true favourite that stores well. **ES102: 75 seeds - \$3.00**

CAPSICUM - EARLY WONDER

Thick walled, heavy, smooth, bell-shaped fruit that start bright green then mature to red. Can be eaten at any stage. Sweet and mild. Grows vigorously. **ES103: 50 seeds - \$3.00**

CUCUMBER - MARKETER

An all-time favourite that produces tasty 20cm long deep green cucumbers, ideal for salads & pickles. Can be either grown as a climber or along the ground.

ES104: 30 seeds - \$3.00

CUCUMBER - CRYSTAL APPLE

Easy to grow variety with small oval fruit about the size of a small apple. The crisp, tender flesh has a sweet flavour. Crops prolifically if picked regularly. **ES105: 30 seeds - \$3.00**

EGGPLANT - BLACK BEAUTY

Large oval richly-coloured fruit with smooth, glossy skin and great flavour. Bushy slight spreading plants are vigorous, high yielding. Also called aubergine. **ES106: 20 seeds - \$3.00**

KALE - RED RUSSIAN

Attractive blue-green leaves are deeply lobed and ruffled. Very tender and can be picked when just 20cm high. Ideal for salads & stir fries. **ES107: 200 seeds - \$3.00**

LETTUCE - GOURMET SALAD

A mix of 15 coloured varieties with various leaf shapes. Sow at fortnightly intervals for a continuous supply for crisp, vitamin filled loose leaved lettuces. **ES108: 250 seeds - \$3.00**

LETTUCE - BUTTERCRUNCH

Open but tightly bunched rosettes of light green, nutty flavoured leaves. A loose-leaved lettuce well known for its crisp texture. Slow bolting, good in both warm and cool weather. **ES109: 250 seeds - \$3.00**

LETTUCE - COS FRECKLES

Very tasty, bright green leaves with random, burgundy spots. Holds well in warm weather and is slow to bolt. Good 'cut & come again' variety. Young leaves can be picked in just 1 month. **ES110: 250 seeds - \$3.00**

PAK CHOI - CANTON

A tasty compact variety that produces dark green leaves with juicy white stems. Tolerant to heat making it ideal for summer salads and dishes. Excellent for baby leaf or cut and come again. **ES111: 250 seeds - \$3.00**

PEAS - EASY PEASY

An abundance of tasty peas tightly packed in each pod. Delicious eaten raw or cooked. So easy to grow with good resistance to mildew. **ES112: 150 seeds - \$3.00**

PEAS - SUGAR SNAP DWARF

A lovely dwarf sugar snap pea that does not need staking. They produce a heavy crop of thick, fleshy pods that are crunchy and delicious. Eat both pods and peas. **ES113: 150 seeds - \$3.00**

SILVERBEET - RED STEM

Bright red stalks and green leaves. Most attractive plants, both ornamental and edible. Well suited for continuous cutting and great in salads. **ES114: 100 seeds - \$3.00**

SPRING ONIONS

A crisp bunching variety with plump white stems and green tops with a mild onion flavour. Very versatile, easy to grow as a vegetable or in salads and as a garnish. **ES115: 350 seeds - \$3.00**

SWEETCORN - HONEY 'N PEARL

Finely textured cobs with yellow and white kernels that have a rich, succulent sweetness. Very easy to grow. **ES116: 25 seeds - \$3.00**

TOMATO - RUSSIAN RED

A popular, medium-sized tomato that is tolerant of cooler conditions. A shorter growing variety that requires minimum staking, making it ideal for pots and small gardens. **ES117: 25 seeds - \$3.00**

TOMATO - SWEET MILLION

Masses of sweet cherry-sized fruit on every plant. Ideal for summer salads. Less likely to crack & has better flavour than other cherry tomatoes. Good disease resistance. H 2m. **ES118: 20 seeds - \$3.00**

TOMATO - HEIRLOOM MIX

A selection of old fashioned, tall growing, heirloom varieties in all shapes, colours and flavours. Traditional, rich tasting tomatoes. So easy to grow. H 2m. **ES119: 50 seeds - \$3.00**
