Incrediball® Blush PPAF

Zone 3 / H 4-5' / W 5-6' / *Hydrangea arborescens* 'NCHA4'

Big, Bodacious Blush

Same huge flowers and sturdy stems as the original Incrediball® but in pink. Blush-pink flowers age to an attractive green. A very hardy, native variety that blooms every year, even after harsh winters.

Reliable Bloomer

Dark burgundy-red flower buds open to bright ruby-red and silvery-pink florets. Strong rebloomer with sturdy stems and dark, attractive foliage. Great for landscaping and for cut flowers.

Invincibelle® Ruby PP#20,765
 Zone 3 / H 2-3' / W 2-4' / *Hydrangea arborescens* 'NCHA3'

Pure White Flowers

Named for having blooms reminiscent of lace and pearls, this new selection features pure white flowers. Flowers turn a mint-green color as they mature. Perfect for a summer wedding with lasting flowers and strong stems for cuts.

A series of continuous blooming daylilies (yes, better bloom performance than simply "repeat"). Flowering capability rivals that of Stella de Oro. These were the best looking daylilies on our nursery in late summer and fall – still blooming and no foliar issues. We've had our eye on this series for 2 years and are excited to bring it to market this year as part of Syn-RG™ collaboration. Zone 5.

Compact Phlox series!

We're told this compact Phlox paniculata series has been 7 years in the making. This promising series was the most impressive new introduction seen during a trip to the Netherlands this summer.

- Zone 4
- Compact, bushy habits (H 10")
- Glossy foliage with low mildew susceptibility
- Colorful, fragrant flowers

Full Collection is a Syn-RG™ Exclusive for 2017
