Heather Queen CS	500sd 5.20	1M @ 8.95	30"; Heathery lilac plumes, aromatic.		1550 s/g ✦ Z5
Agastache cana hybrida					
Bolero	100sd 8.45	1M @ 72.80	16" w/ flowers; Compact, branched habit. Displays an abundance of brilliant rose-purple, tubular blooms with purple calyxes. Bronze foliage is aromatic. For cutflower, container and hummingbirds.		2700 s/g ✦ Z5
Agastache foeniculum					
Golden Jubilee	100sd 4.15	1M @ 35.15	18"; AAS. Golden foliage w/ contrasting blue flowers. Attractive plant from seedling til frost.		
Agastache foeniculum Blue Spike ··· see Agastache rugosa Blue					
Agastache hybrida					
Arcado Pink	100sd 3.60	1M @ 30.90	24" spreading 15"; FYF. Tender perennial best grown as an annual. Very floriferous with eye-catching, purple-pink flower spikes. Great grower choice for pot plants. Gorgeous as border plants or in patio containers. Attracts butterflies and beneficial insects.		2200 s/g ✦ Z8
Arizona Series	100sd 3.25	1M @ 19.25	8" spreading 10"; FYF, drought tolerant, with upright, extra bushy habit. Durable plant bears abundant spikes packed with bright flowers. Good for containers, perennial bedding. Attracts Hummingbirds. Colors: Mix, Sandstone, Sun, Sunset.		
Astello Indigo	100sd 5.00	1M @ 43.15	**FSM 2012** 20" spreading 14"; FYF, no vern needed. Strong, bushy plants. Stately spikes covered with fragrant, deep indigo-blue flowers. Rich minty scent fragrance. Dark-green foliage. Easy to grow and ship, few disease problems and can keep fresh look 3 weeks on bench. Attracts beneficial insects.		4400 s/g ✦ Z8
Agastache pallidiflora					
Rose Mint	200sd 3.70	1M @ 16.15	12" pot, 18" gdn; Bright rosy lavender flrs in tightly packed spikes. Compact branching plant with aromatic foliage. Good for container, planters or borders.		2600 s/g
Agastache rugosa					
Blue Spike	1M 4.65	2M @ 4.00	2 ft; Erect plant, thick spikes, aromatic foliage, clear blue.		1235 s/g ✦ Z6
Agastache rupestris					
Apache Sunset	200sd 3.25	1M @ 13.30	20"; Bold brushes of sunset orange flowers from June to frost. Richly aromatic silvergreen foliage. Native to southwestern mountains.		6000 s/g
Ageratum					
Aloha White (F1)	200sd 4.15	1M @ 17.60	4" pack, 8" gdn spreading 8"; Large pure white flower clusters over dark green foliage. Early blooming, strong healthy plants. For pots & bedding.		
Aloha White P (F1)	200sd 3.80	1M @ 16.45			
Blue Danube P (F1)	500sd 4.50	1M @ 7.50	7"; Compact, uniform mid-blue.		

	Trade Pkt \$ per pkt	XT Qty \$ per 1000 sd	(M=1000)	
Blue Hawaii 5.0 P (F1)	200sd 3.25	1M @ 12.50		6"; Improved seed quality. Same industry-leading performance as original Blue Hawaii with a more uniform and compact habit. Very free-flowering. Excellent in pack, garden or planter.
Blue Horizon (F1)	500sd 5.35	1M @ 9.15		20"; Superb cutflower variety, also landscaping. Mid-blue.
Blue Horizon P (F1)	200sd 3.25	1M @ 13.15		
Blue Mink	2M 3.15	5M @ 1.15		14"; Tetraploid, light-blue, large flower.
Blue Planet (F1)	200sd 3.60	1M @ 15.60		20"; Straight basal branching stems bearing flower cluster on top. Robust plant also good in landscape. Best sub when Blue Horizon is in short supply.
Blue Planet P (F1)	100sd 3.25	1M @ 23.35		
Cloud Nine Series P (F1)	200sd 3.20	1M @ 10.35		5" spreading 10"; Extra early in pack, up to 7 days advantage. Flat spreading habit with small leaves, strong branching with short internode, resulting in excellent flower fill atop plant canopy. Blue has dark bud color. For bedding & patio. Mix contains pink, blue & white. Colors: Mix (3 colors), Pink, White.
Diamond Blue	200sd 4.30	1M @ 18.55		6" pot, 14" gdn; Strong deep blue color over dark green foliage, perhaps the darkest blue Ageratum. Vigorous plants bloom early. Excellent for large containers, landscape and garden.
Dondo Series	5M 3.00	10M @ 0.45		32"; Long stem, suitable for cuts under glass. Colors: Blue, Mix, White.
Everest Blue P	200sd 3.25	1M @ 13.60		26"; True blue flowers in large umbels. Tall strong stems. Pinching induces uniform stem & broader plant. For cutflower in field or greenhouse. Ideal in landscape or large patio containers.
High Tide Series P (F1)	100sd 13.35	1M @ 111.85		**Fantastic Flowers™™™ 2 ft; Robust knee-hi landscape habit, bushy hedging plants with large flower heads. Fills pots fast, grows on to make a big display of healthy self cleaning plants. Colors: Blue, Mix, White.
Red Flint	1M 3.15	5M @ 1.90		24"; Tall upright type with red flowers. For cutflower or landscape border.
Timeless Mix	1M 3.60	2M @ 3.15		30"; Tall plants produce long stems bearing large flowers in shades of blue, pink, purple and white. Showy color display. For field grown cutflowers, mass landscaping.
White Clouds (F1)	200sd 3.25	1M @ 12.25		6"; Large flowered compact tetraploid strain, thick textured stems & foliage. Pure white.
Agrostemma coronaria . . .	see Lychnis (Agrostemma) coronaria			
Agrostemma githago				200 s/g
Ocean Pearl	1M 5.20	2M @ 4.50		24-36"; Unusual, easy to grow hardy annual. Erect plants produce an abundance of extra large, pure white blooms with distinct black-speckled markings. Ideal border plant and cutflower.
Agrostemma githago milas				160 s/g ✦ Z4
Purple Queen	1M 3.35	2M @ 2.90		40"; Rosy purple blooms with ivory throat and dark purple veins. Petals shaped like single flowered rose. Long wiry stems and very free flowering. Good for fieldgrown cutflower, best and sufficiently inexpensive for direct sowing. Sow early spring for early summer harvest. Nice border plant for spring and summer bloom or mass landscape.
Ajuga reptans				610 s/g ✦ Z3
. . .	200sd 3.25	1M @ 12.90		6"; Groundcover, green foliage, blue flower spikes.
Alcea ficifolia				250 s/g ✦ Z3
Antwerp Hollyhock §KL	100sd 3.30	1M @ 26.25		40"; Single flowered w/ broad color range including shades not usually found in single varieties, such as coppery-orange, gold, bright rose etc. Rust tolerant.
Happy Lights	200sd 3.25	1M @ 13.85		5 ft; Large single flowers. Hardy perennial. Broad range of colors in mix including many bright shades.
Las Vegas ¶	100sd 3.30	1M @ 28.65		5 ft; FYF. Brilliant single flowered mixture. Colors ranging from chestnut brown to red, pink & rose to white, yellow to copper & apricot. Sturdy stems. Fig-leaved. Good specialty cutflower.
Alcea rosea (Hollyhock)				110 s/g ✦ Z6
Aubade	100sd 3.25	1M @ 19.15		2 ft container, 4 ft gdn; Base branching and floriferous. An unusual range of colors in cool tones ranging from deep purple thru reddish-purple to rose, light pink, cream-yellow and white. For perennial borders, larger containers.
Banana	100sd 5.50	1M @ 48.15		6ft; Full double cream yellow flowers, soft but bright. For borders.
Blackberry	100sd 7.30	1M @ 62.80		6ft; Double bright maroon red flowers with glossy sheen. Very high eye appeal for borders, vertical landscape.
Blackberry Ripple	100sd 5.15	1M @ 43.60		6 ft; FYF. A decadent blend of large, semi-double, violet-purple veined blooms with darker centers and fully double powder-puff white flowers.
Chaters Double Series	200sd 3.85	1M @ 16.60		6 ft; 100% double large flowers. Colors: Bright Pink, Golden Yellow, Maroon, Mix, Salmon, Violet, White.
Creme de Cassis (Black Currant)	100sd 5.15	1M @ 43.60		5 ft; Flowers are the distinct reddish-purple of black currant, streaked dark-veined, cream-centered. Semidouble, flowers the first summer from sowing.
Fiesta Time §¶IR	100sd 5.50	1M @ 49.85		36"; FYF. Stocky, robust spikes of double fringed cerise-pink blooms. Compact height makes it more suitable for garden borders and containers.
Fruity Mix	100sd 7.40	1M @ 63.80		6 ft; A very beautiful combination of appleblossom & peach shades. Large full double pleated flowers. Big color for borders, landscape.
Halo Series §KL	100sd 7.15	1M @ 61.15		6 ft; FYF. Large 5" single blooms highlighted with broad contrasting darker centers. Spikes fill from top to bottom. Massive landscape plant worth testing as specialty cutflower for local market. Colors: Apricot (peach-pink w' deep cherry ctr), Blossom, Blush, Candy, Cerise, Lavender (dark lavender w' dark red centers), Mix (10 colors), Peach, Pink, Red, White (w' bright yellow centers).
Indian Spring	2M 4.30	5M @ 1.85		5 ft; Old fashioned single & semidouble mix of rose, pink & white.

Nigra	☒	500sd	3.15	1M @	4.85	5 ft; Traditional "black" Hollyhock. Large single flowers.			
O'Hara	☒	100sd	5.15	1M @	43.60	4 ft pot, 5 ft gdn; FYF. Fully double. Bright scarlet flowers. High quality upright flower spikes. Produces rich color for large containers and borders.			
Peaches 'n Dreams	☒	100sd	6.55	1M @	56.35	5 ft; Attractive pure double creamy peach blooms.			
Queenly Series		500sd	4.20	1M @	7.25	20"; Compact base branched habit. Bright blooms up to 4" diam. with frilly edges and a powderpuff cushion center. Flowers first summer from early spring sowing. Colors: Mix (7 colors), Purple (AAS), Red, Salmon, Yellow.			
Simplex Mix \$KL	☒	100sd	3.45	1M @	29.75	5 ft; Old fashioned single flowered mix of rose, pink & white.			
Spotlight Series \$KL (F1)	☒	100sd	14.00	1M @	120.80	60-70"; FYF when sown early. Produces tall spikes of large, old-fashioned, sturdy, single flowers. A feast for the eye, featuring many brilliant fashion colors. Worth testing for shelf-life as fieldgrown cutflower. Colors: Blacknight (dark black-purple), Mars Magic (brilliant red colors), Mix, Polarstar (pure white yellow eye), Radiant Rose (brilliant pink), Sunshine (brilliant light yellow).			
Spring Celebrities Series		100sd	12.15	1M @	111.20	18" pot, 24" gdn; FYF, no vern needed. Compact habit, double to semidouble flrs in bright color range. Choice novel item for container production and perennial borders. Colors: Apricot, Carmine Rose, Crimson (FSM), Lemon, Lilac, Mix, Pink, Purple, Rose, White.

Irish Silk	☒	1M	3.20	2M @	2.75	18"; Stems longer & stronger than ordinary strains. More uniform flower color & timing. Green-gold leaves & chartreuse flowers.			
Robustica (Select)	☒	1M	3.15	2M @	2.25	20"; Original florist strain, chartreuse flowers, dense foliage, upright, for professional floristry.			
Thriller §	☒	500sd	3.95	1M @	6.80	**ApeX** 18"; Chartreuse flowers above bright green, dense foliage. Valued as filler in cutflower arrangements.			
Allium hybrida									✦
Quattro (F1)	☒	100sd	6.90	1M @	59.40	12" first season, 24-30" subsequent years; Overwintering. Sow summer, harvest tender new leaves the following spring til hard freeze. Interspecific hybrid that can keep producing for many years. Hardy Zone 5. Bunching habit, non spreading, well adapted to container growing, open fields or beds. Harvest tender new growth as it emerges on plant. New leaves are very thick, .75" wide, fleshy and very soft and easily eaten. Flavor like onion with a hint of mild garlic, but no garlic smell after eating. If winter is cold enough, flower buds will be initiated and large purple ball shaped flowers will appear 2nd spring. Young tender flower shoots are edible and can be sold as culinary material. The flowers have long, 2-week shelf life and can also be harvested for cutflower sales at your market. Grows 12" tall first season, taller in subsequent years.			
Allium obliquum									340 s/g ✦ Z4
...	☒	100sd	4.35	1M @	37.50	20"; Bright-green spherical flower heads, erect stems, narrow bladed blue-green foliage.			
Allium senescens									410 s/g ✦ Z4
ssp. glaucum		500sd	3.45	1M @	5.95	18"; Exotic swirling, glossy foliage. Showy summer flowers have light pleasant fragrance. A variety of German garlic. A good plant to try as centerpiece in combo container or in 4" pots.			
Allium sibiricum									300 s/g ✦ Z3
Chive Gigantic		100sd	3.30	1M @	26.45	20-24"; Taller than typical chive. Produces stunning white flowers on upright, tall broad leaves. Perfect choice for adding height to combo containers.			
Allium tuberosum									250 s/g ✦ Z3
Garlic Chives		2M	3.50	5M @	1.50	12"; White flowers & flat solid leaves.			
Alstroemeria aurantiaca									50 s/g ✦ Z7
Devotion	☒	100sd	25.35	1M @	218.55	32"; Shades of pink and hot pink. Shiny deep foliage. Flowers throughout growing season and during the first year in greenhouse culture. Excellent cutflower. Needs cold for germination.			
Alstroemeria hybrida									30 s/g ✦ Z8
Dandy Candy	☒	100sd	41.45	1M @	357.20	14"; Mixture of vivid colors including red, deep rose, picoteed white with pink, all with dark stripes and yellow zones. Compact well branched habit. Deep-green, very shiny foliage. Flowers throughout growing season and during the first year in greenhouse culture. Excellent in long lasting containers. Also used as cutflower, though somewhat short stemmed. Worth testing for longer stem at close spacing or under shade.			
Alstroemeria ligtu									50 s/g ✦ Z7
Dr. Salters Hybrids Mix	☒	100sd	3.50	1M @	30.25	32"; Mix of salmon, cerise, flame, lilac, red, gold & bronze flowers in clusters resembling lilies. Long lasting cutflower.			
Alternanthera									615 s/g
Purple Knight		100sd	14.15	1M @	117.95	**Fantastic Foliage™** 20"; Unique accent plant w/ striking, upright spreading dark-purple foliage. Exceptional heat tolerance.			

		Trade Pkt	XT Qty						
		\$ per pkt	\$ per 1000 sd	(M=1000)					
Alternanthera brasiliana									615 s/g
Purple Prince		100sd 14.55	1M @125.30						10" spreading 18" pot, 16" spreading 20" gdn; Compact mass of burgundy-ruby foliage works fast to spill over container or fill a bedding area with dense colorful foliage. Durable through any summer weather, rain, drought or heat. Season-long color shows from young stage til frost. Flowers may form under very short days, so lighting may help if growing crop in winter months. For landscape, planters, banks, baskets.

Alyssum									3000 s/g
Allure Series F		2M 3.50	5M @ 1.50						4"; Compact, branching, strong in gdn, with broad color range. Colors: Rose.
Aphrodite Series		2M 3.00	5M @ 1.15						3"; Early compact, blooming habit, special series composing brighter & broader color range. Colors: Mix, Red.
Clear Crystal Series F		1M 3.15	2M @ 2.35						6" spreading to 12"; Large flowers, durable, with tetraploid vigor and strong, thick texture. Extra early and extra showy at sale and in the garden. Colors: Lavender Shades, Mix, Purple Shades, White.
Easter Bonnet Series		5M 4.95	10M @ 0.85						4-10" spreading 10-12"; Compact, uniform, rich colors. Colors: Deep Pink, Deep Rose, Formula Mix, Lavender, Lemonade, Peach, Violet, White.
Easter Bonnet Series F		1M 3.15	5M @ 1.95						**Treated Seed. Filmcoat includes a fungicide for less chance of disease.** 4-10" spreading 10-12"; This new filmcoated seed makes sowing much easier. Breeder recommends 4 to 6 seeds per plug cell. Early and uniform in habit and color. Stays neat and compact on the sales bench. Colors: Deep Rose, Formula Mix, Peach, Violet, White.
Giga White		2M 3.15	5M @ 1.20						6" spreading to 12"; Tetraploid. Large durable pure white flowers with extra vigor and strong, thick texture. Very early and showy in packs or containers at point of sale and in the garden.
New Carpet of Snow		2M 3.00	5M @ 1.15						3"; Fine pack & bedding performer. Pure white.
North Face White F		1M 3.40	2M @ 2.95						6" spreading 14"; Tetraploid with extra large pure white flowers and wonderful cascading habit. Low growing and strongly branched, for packed flower cover across the canopy. Fills basket quickly and covers a lot of ground in landscape. Good choice for baskets, containers & bedding.
Oriental Night		2M 3.00	10M @ 0.90						4"; Deep violet-purple.
Pastel Carpet		5M 3.50	10M @ 0.60						3"; Mix of pastels, rose, violet, lilac, pink & cream.
Rosie O'Day		5M 3.75	10M @ 0.65						4"; Rose-pink, fragrant flowers make this low groundcover a delight. Great in pots, baskets. Can withstand drought/heat and works as a border or rock garden plant.
Snow Crystals		2M 3.55	5M @ 1.50						4"; FSM. Large white flowers, durable tetraploid.
Sweetie Series		1M 3.15	2M @ 2.20						3" spreading 9"; Broad 7-color range including strong deep purple, bronze, white, pink, rose, lemon and lavender. Genetically compact spreading habit, very uniform. For bedding, color bowls and mixed containers. Colors: Deep Purple, Mix.
Tiny Tim (Minimum)		2M 3.15	5M @ 1.35						4"; Dwarf white. Good choice for mass plantings or direct sowing to landscape.
Violet Queen		5M 3.75	10M @ 0.65						6"; Compact, tiny violet flowers.
Wandering Mix		2M 3.15	5M @ 1.25						12"; Long trailing stems. Very floriferous and vigorous. Special color range includes whites, purples, lemons, wine-reds and ice-blues. For basket, mixed container or rambling garden.
Wonderland Series		2M 3.00	10M @ 0.90						3"; Dwarf and uniform make for tidy pack performance. Plants are excellent garden performers. Broad color range & fragrant blooms make mix unusually attractive as impulse items. Colors: Blue, Deep Purple, Deep Rose (FSM), Lavender, Mix, Mulberry Mix, Pink, White.

☺ Snaptini Series (F1)	500sd 3.75	1M @ 6.30		7" spreading 7"; Successor to the popular Montego series. Nearly day-neutral flowering and reliable, tight flowering window across the series provides opportunity to program crops at all seasons with bench run finish. Habit is well adapted to high density production and easy shipping. Strong central leader starts the show early, followed by numerous sturdy side branches for a classic bold look at retail, and a long lasting color show for the customer. Colors: Mix (9 colors), Burgundy Bicolor, Red, Sunglow (orange bicolor), Violet, Yellow, White.
Solstice F1 Series	☒ 100sd 4.55	1M @ 38.00		16-20"; Short day flowering, quick finishing knee-hi snapdragon. Good subject for fieldgrown cutflower or landscaping. Colors: Burgundy, Lavender, Mix, Orange Tricolor (orange w/yellow bee & white tube), Pink, Purple, Red.
Sonnet F1 Series (F1)	☒ 500sd 3.20	1M @ 5.30		18"; Easy to grow w/ uniform growing habit, strong root system and sturdy self supporting flower stems. Great cutflower also performs well in patio containers and landscape. Colors: Burgundy, Carmine, Crimson, Mix, Orange Scarlet, Pink, Rose, White, Yellow.
☺ Twilight Mix	☒ 1M 3.65	2M @ 3.15		12"; Dark purplish black foliage. Abundant large flowers in numerous shades from purple, lilac, rose, pink, & yellow. Whole plant highly ornamental from early stages. For containers, bedding, mass landscape, or short cutflower for local mkt. Worth testing at close spacing to stretch stem length for cutflower.
Twinny Series	200sd 3.75	1M @ 16.20		8"; F1, First dwarf, double flowered Antirrhinum series. Compact plant habit and excellent garden performance. Colors: Appleblossom, Bronze, Mix, Peach (AAS), Rose, Violet, White, Yellow Shades.
Antirrhinum braun blanquettii				6400 s/g ✦ Z4
Lemon Sherbet	1M 3.90	2M @ 3.35		12"; Large blossoms white, yellow-throated. Spreading perennial.
Antirrhinum Greenhouse Forcing				6000 s/g
Chantilly Series (F1)	☒ 500sd 5.40	1M @ 9.15		3 ft garden, 4 ft ghs; Strong color display. Extra early blooming. Open faced flowers with long vase life on strong, flower filled stems. Premium quality for landscape, planter or group I-II cutflower snap. Excellent fieldgrown. Colors: Bronze White Throat, Cream Yellow, Deep Orange, Light Pink, Light Salmon, Mix, Pink, Purple, Velvet, White, Yellow.
☺ Cool Series (F1)	☒ 200sd 3.80	1M @ 15.80		40" with open spacing or high light, 60" with high density spacing or lower light; Group 1,2. Excellent winter-flowering series for cool conditions under high tunnel or greenhouse. Genetically matched, highly uniform across the series and within colors for stem length, spike quality and crop timing. Excellent for production alongside Delphinium. Colors: Crimson, Mix, Orange, Pink, Rose, White, Yellow.
Legend Series (F1)	☒ 200sd 3.20	1M @ 10.25		3 ft gdn, 4 ft ghs; Professional cutflowers with extra sturdy stems and strong textured flower petals, for ease of harvest, quality after transport & long vase life. Early flowering Group I type, adaptable to short days & low temps. Flower spikes are extra broad and dense, filled with 1.5" snap flowers with intense colors, a standout in arrangements. The strength of this series would be worth testing for fieldgrown use as well. Colors: Mix, Pink, White, Yellow, Light Pink, Light Yellow.
Maryland Series	☒ 200sd 3.80	1M @ 15.80		40" at loose spacing or high light, 60" at tight spacing or low light; Group 1-2. Early. Good choice fall, winter, spring programs with cool conditions and low light. Spikes are crisply defined and very full. For professional greenhouse production. Colors: Appleblossom, Bright Yellow, Dark Orange, Flamingo, Ivory White, Lavender, Orange, Plumblossom, Red, Royal, Shell Pink, True Pink, White, Yosemite Pink, Mix.
☺ Monaco Series (F1)	☒ 200sd 3.80	1M @ 15.80		4-5 ft; Group 2,3. Well known for dependable performance at difficult shoulder-season crop times such as late Summer to early Fall or late Winter to early Spring. Withstands Autumn conditions, without flowering too early when weather warms up and yielding high quality spikes even when cool or dark conditions prevail. For professional cutflowers under high tunnel or glass. Colors: Baltimore Rose, Mix, Red, Rose, Violet, White, Yellow.
Opus Series (F1)	☒ 200sd 3.40	1M @ 14.25		4 ft; Group III & IV. Highly commercial, programmable for late spring, summer and fall sales windows. Premium quality for professional greenhouse production, with long, tough stems and tightly packed spikes. Colors: Appleblossom, Early Bronze, Early White, Fresh White, Lavender, Mix, Pink, Red, White, Yellow.
Overture Series (F1)	☒ 200sd 3.40	1M @ 14.25		4 ft; Group II. Highly commercial, programmable for winter sales windows. Premium quality for professional greenhouse production, with long, tough stems and tightly packed spikes. Colors: Orange, Pink, Red, White, Yellow, Mix.
Potomac Series	☒ 200sd 3.80	1M @ 15.80		40" at loose spacing or high light, 60" at tight spacing or low light; Group 3-4. Good choice for spring-summer-fall programs where high light, warm temps and long days prevail. Tall strong stems, long spikes, good quality. Supplement with high intensity light if growing crops into winter months. For professional greenhouse production. Colors: Appleblossom, Cherry Rose, Dark Orange, Early Pink, Early White, Lavender, Mix (listed colors except Early colors), Pink, Red, Rose, Royal, White, Yellow.
Red Delilah	☒ 200sd 3.80	1M @ 15.80		40" at loose spacing or high light, 60" at tight spacing or low light; Group 2. Novel color pattern among greenhouse types, ruby red lips with white throat in high contrast. Sturdy stems. Can be scheduled along with Maryland series with short days and medium light. For professional greenhouse production.

	Trade Pkt \$ per pkt	XT Qty \$ per 1000 sd	(M=1000)	
Blue Spice	1M 3.15	5M @ 1.90		**Ocimum americanum** 10" pot, 14" gdn; Light purple flowers in deep purple bracts. Delicious fragrance, spicy vanilla tones. Fast growing. Uniform, well branched habit. Edible ornamental for pots, planters & kitchen gardens.
British	1M 4.85	2M @ 4.20		**Ocimum basilicum** 12"; 60-90 days. A Basil with tolerance to cool, damp growing conditions. Selected for field production in a British climate, this variety is worth testing for fall and spring performance in the U.S., to extend the season for both fresh cut and container basil. Very robust bright green leaf, resistant to cold conditions while retaining rich aroma and flavor. It won't stand freezing, but has been observed to remain green after light frost, not browning as would usually occur with other Basil varieties.
Cinnamon	5M 3.00	10M @ 0.50		**Ocimum basilicum** 12-14"; Cinnamonlike scent & flavor w' a hint of cloves. Olive-green foliage, purple-veined leaf. Rose flowers.
Crimson King	1M 4.85	2M @ 4.20		**Ocimum basilicum** 12"; 100% purple foliage. Improved 'Red Rubin' type with increased vigor and uniformity. Attractive, cupped Genovese-shaped leaves. Ornamental edible with spicy clove aroma. Nice border or container plant.
Dolce Fresca	2M 3.15	5M @ 1.20		**AAS 2015. Ocimum basilicum.** 12" pot spreading 10", 14" gdn spreading 12"; Good size, stays bushy and manageable, not leggy, due to short internodes. Dense habit produces high leaf yields. Traditional sweet basil flavor.
☺ Everleaf Genovese	200sd 4.35	1M @ 18.25		18" spreading 12" pot, 24" spreading 18" gdn; Columnar habit for easy harvest and clean leaves. Extended continuous harvest and high yield due to extra late flowering. Tolerant to DM, Resistant F. For fresh harvest, container, field or gdn.
Floral Spires Series	500sd 5.50	1M @ 9.90		**Ocimum basilicum** 8-10"; Densely branched, richly flowered and early. Bred for beauty as well as flavor. Distinct cinnamony Thai basil scent, a pleasure on the patio, in combo containers or window gardens. Colors: Lavender, White.
Gecofure	2M 4.30	5M @ 1.85		**Ocimum basilicum** 12"-14"; Dwarf Basil of Genovese type, with broad glossy undulate leaves and intense aroma. The uniform compact habit is useful in containers, either for commercial winter harvest under cover, or for garden markets, where the original Genovese is too tall for easy handling.
Genovese	5M 4.15	10M @ 0.70		**Ocimum basilicum** 15"; Delightful, strongly fragrant foliage, a classic culinary herb. Large, glossy, slightly undulating leaves.
Giant Smooth Italian	2M 3.15	5M @ 1.30		**Ocimum basilicum** 24"; Sweet herb w' large leaves used to flavor sauces, meat, fish, vegetables.
Greek	5M 4.15	10M @ 0.70		**Ocimum basilicum** 6" pot, 10" gdn; Tight ball shape with small fine textured leaves, very nice for containers, planters or gardens. Fine spicy flavor. Small white flowers late summer.
Lemon	5M 3.00	10M @ 0.50		**Ocimum americanum** 16"; Clear green foliage is lemon-scented. Pink flowers.
Licorice	5M 4.15	10M @ 0.70		**Ocimum basilicum** 20"; Anise-scented, small tender leaves, for kitchen gardens, containers.
Lime	5M 4.95	10M @ 0.85		**Ocimum basilicum** 12-14"; Compact, mounding habit with small lance-shaped bright-green leaves. Tangy lime-like flavor and fragrance.
Marseilles	1M 3.85	2M @ 3.30		**Ocimum basilicum** 10"; Compact Genovese type, large blistered leaves, highly aromatic, for containers or commercial production.
Minette	2M 3.15	5M @ 1.15		**Ocimum basilicum** 8"; Small leaved, compact mounded habit, spicy flavor, white flowers.
Purple Ruffles	500sd 3.15	1M @ 5.15		**Ocimum basilicum** 20"; AAS. Ornamental w' shiny, ruffled, fragrant dark-purple leaves & lavender flowers.
Queen of Sheba	200sd 3.25	1M @ 12.15		**Ocimum basilicum** 12"; Deep purple flowers, glossy pure emerald foliage, sweetly and strongly aromatic. Well branched bushy plant, good container or bedding.
Red Rubin	2M 3.95	5M @ 1.70		**Ocimum basilicum** 14"; Strong purple bronze foliage, intense fragrance and fine flavor. Suitable for professional production.
Spicy Globe	2M 3.15	5M @ 1.35		**Ocimum basilicum** 12"; Compact fine leaf attractive bush sweet basil.
Sweet Dani	1M 5.15	2M @ 4.45		**Ocimum basilicum** 26"; AAS. Compact attractive plant. Lemony fragrance. Excellent culinary use.
Thai Siam Queen	2M 4.15	5M @ 1.75		**Ocimum basilicum** 30"; AAS. Highly aromatic tropical basil, licorice scented.
TZ 7237	1M 3.15	5M @ 1.95		10-11" pot, reaching 18" gdn; 100% deep purple foliage. Improved 'Red Rubin' type with increased vigor and uniformity. 80 days to harvest. Attractive, cupped Genovese-shaped leaves. Ornamental edible with spicy clove aroma. Nice border or container plant.
Begonia				70000 s/g
Ambassador Series P (F1)	500sd 3.25	1M @ 5.40		8"; Extra early proven performer with compact habit, high uniformity and tight bloom window. Green leaf with large flowers that has identical crop timing with 'Senator' bronze leaf. Colors: Bicolor, Coral, Mix, Pink, Rose, Rose Blush, Scarlet, White.
BabyWing Series P (F1)	100sd 14.80	1M @ 124.15		12"; Large flowers, dragon type leaves. Upright mounded growth, very durable thru long season. Colors: Mix, Pink, Red, White, White Bronze Leaf, Bicolor.
Bada Series P (F1)	500sd 3.20	1M @ 4.95		8"; Very early and compactly mounded with strong vigorous branching. Uniform habit and timing across series. Loads of flowers, thru all summer weathers. "Bings" are greenleaf, "Booms" are bronzeleaf. Colors: Bing Mix, Bing Rose, Bing Scarlet, Bing White, BingBoom Mix (green and bronze blended), Boom Mix, Boom Rose, Boom Scarlet, Boom White.

	Trade Pkt \$ per pkt	XT Qty \$ per 1000 sd	(M=1000)	Toll Free: 888 645 2323 Fax: 864 227 5108	GeoSeed
Cocktail Series P (F1)	500sd 3.20	1M @ 5.35		6"; Extra dark, bronze leaf foliage remains distinct from emergence to flowering. Very durable series that thrive in full sun or partial shade. Sets the standard for excellence in pack and landscape performance. Colors: Brandy (Pink), Gin (Rosepink), Mix, Rum (White w' rose edge), Tequila (Deep Rose), Vodka (Scarlet), Whiskey (White).	
Dragon Wing Series P (F1)	100sd 14.80	1M @124.15		15"; Angel Wing type for hanging baskets & large containers. Excellent garden performance. Colors: Mix, Pink, Red.	
Eureka Series P (F1)	500sd 3.30	1M @ 5.50		10" spreading 8"; Vigorous fast-filling, uniform growth. Dense rounded habit and profuse flowering. Strong seedlings. Thrives in the hottest of summer garden. Full range of colors in both green & bronze leaf types. Colors: Best Buy Green Leaf Mix (Rose Scarlet White), Bronze Leaf Mix (4 colors), Bronze Leaf Pink, Bronze Leaf Rose, Bronze Leaf Scarlet, Bronze Leaf White, Green Leaf Pink, Green Leaf Rose, Green Leaf Scarlet, Green Leaf White.	
Monza Series P (F1)	500sd 3.30	1M @ 5.70		8-10"; Very early, large flowers on strong, compact plants. Maintains excellent plant shape in garden. Tolerant to high temperatures and windy & rainy conditions. Green leaf. Colors: Scarlet.	
Nightlife Series P (F1)	500sd 3.30	1M @ 5.50		6"; The earliest bronze leaf series, with top pack and garden performance. Timing and habit are uniform. Earliness and compact habit comparable to 'Sprint'. Colors: Blush, Deep Rose, Mix, Pink, Red, Rose, White.	
Nightsprint Mix P (F1)	500sd 3.30	1M @ 5.50		6"; Early flowering formula blend of both green leaved 'Sprints' and bronze leaved 'Nightlives'. Uniform in timing and habit.	
President Mix P (F1)	500sd 3.40	1M @ 5.70		8"; Blend of Ambassador & Senator series containing both green leaf & dark leaf types. Extra early.	
Senator Series P (F1)	500sd 3.25	1M @ 5.40		10"; Extra early proven performer with compact habit, high uniformity and tight bloom window. Bronze leaf with large flowers that has identical crop timing with Ambassador green leaf. Colors: Deep Rose, Mix, Pink, Rose, Scarlet, White.	
☺ Senator IQ Series P (F1)	500sd 3.35	1M @ 5.70		12" spreading 10"; Improved successor to the popular Senators. Foliage is deepest bronze across series - even White. Uniformly early and compact across all colors with tight, early crop time about 11-12 weeks. Colors: Deep Rose, Scarlet, White, Mix (6 colors).	
Sprint Series P (F1)	500sd 3.20	1M @ 5.35		6"; Green leaved foliage partner to 'Nightlife' exhibiting extra earliness and uniformity. Outstanding pack and garden performance. Very large flowers. Colors: Blush, Mix, Pink, Rose.	
Sprint Plus Series P (F1)	500sd 3.30	1M @ 5.50		8" spreading 10" pot, 10" spreading 12" gdn; Next generation breeding, Sprint Plus improves on Sprint, which it will supercede. Performance is extremely uniform across the series. A week earlier than Sprint, with extra tight 9-day bloom window. Rounded densely base branching plants do not stretch and would seldom need PGR. Young plant vigor is exceptional. Vibrant colors really pop, and the red is especially vivid and shiny. We are offering a BestBuy Mix which contains just the colors with tightest bloom window - Red, Orange, Pink & White - for a 4-day window, blooming in 65-69 days from sowing. Colors: BestBuy Mix, Maxi Mix (7 colors), Orange, Orange Bicolor, Pink, Red, Rose, White.	
SuperOlympia Series P (F1)	500sd 3.20	1M @ 5.35		6"; Much earlier than original Olympia series with the same unrivaled garden performance. Large flowers with green leaves. Colors: Bicolor, Mix, Pink, Red, Rose, White.	
☺ Tophat Series P (F1)	100sd 13.95	1M @116.80		16" spreading 20" container, 20" spreading 24" gdn; Very large flowers, dense branching. Semperflorens-like foliage is neater, more rounded than other interspecifics on mkt. Easy to handle and very early for an interspecific. For large planters and knee high bedding, shade to sun. Colors: Pink, Scarlet, White, Mix.	
Topspin Series P (F1)	500sd 3.30	1M @ 5.55		6-8" pots, 10-12" gdn; Topspin series is bred to finish fast at lower temperatures than most Begonias. After germination and transplant, finishing took 6 weeks with temp lowered to 65°F, vs. 7 weeks for comparison varieties. Temp above 67°F resulted in a 5-week finish. In gdn, active growth continued as low as 58°F. Worth trying to save on production costs of energy and time. Potentially longer selling season and garden durability. For packs, pots, plugs. Colors: Mix, Scarlet.	
Begonia boliviensis					
Bossa Nova Series P (F1)	100sd 19.50	1M @163.20		12"-16" cascading, spreading 16"-20"; Good base branching habit, produces plenty of 2"-3" flowers. Cloaks baskets & pots well. Stems grow out from nodes like a Christmas Cactus and then cascade to form a cloud of blooms around the container. For pots, baskets, bedding. Bossa Nova series has the only Rose color in commerce from seed. Colors: Mix, Orange, Pink Glow, Pure White, Red, Rose, White.	
Copacabana Series P (F1)	100sd 11.95	1M @101.85		14" cascading, 14" gdn ht; Neat rounded habit in baskets, sufficiently upright to grow well as bedding plant. Produced superior finished plant in grower tests, with neater habit and more even color fill. Unique color range includes pure white and a soft but distinct buttery yellow, in addition to the usual orange, red & salmon. Mix is very attractive in beds or large pots. Colors: Mix, Orange, Red, Salmon, White, Yellow.	
Sun City Series P (F1)	100sd 17.60	1M @147.25		12-16" spreading 16-20"; Cascading boliviensis from seed, healthier & less costly than cuttings. Well branched foliage is fuller and greener than 'Bonfire'. Masses of bell-shaped 2" flowers even in heat & humidity. Drought & rain tolerant. Outstanding in hanging baskets, containers or landscapes. Colors: San Francisco (Salmon), Santa Barbara (White), Santa Cruz (Red Orange).

Begonia tuberosa					50000 s/g
Chanson Mix P (F1)	200sd 3.35	1M @ 14.40		12"-18" cascading; A true multiflora pendula type. Spreading habit with 2.5"-3" flowers on long peduncles forming at every leaf node. Includes 8 straight colors plus 2 unique bicolors (pink/white & red/gold), spanning the whole range of Begonia colors For baskets & planters, or high spots where spreading cascade can be shown.	
Illumination Series P (F1)	100sd 5.15	1M @ 43.25		10" trailing 2 ft; Very showy 2-3" double flowers. Flexible cascading plants are heat tolerant and easy to grow. Ideal for premium hanging baskets. Colors: Apricot, Golden Picotee, Lemon, Mix, Orange, Rose, Salmon Pink, Scarlet, White.	
New Star Series P (F1)	100sd 3.30	1M @ 26.75		7"; Multiflora begonia with compact habit and smaller leaves for easy shipping. Extra-early with masses of mid-sized double flowers. Excellent 4" pot & high density crop. Little to no PGRs. Colors: Mix (4 colors), Red, Rose, White, Yellow.	
Nonstop Series P (F1)	100sd 3.30	1M @ 26.75		8"; Compact basal branching plants with 4" double flowers. Early flowering with full, mounded habit. Ideal in packs, pots, baskets and garden. Colors: Apple Blossom, Deep Rose, Deep Salmon, Mix, Orange (Fiery Red), Pink, Red, Rose Petticoat, White, Yellow, Yellow w' Red Back.	
Nonstop Joy Mocca White P (F1)	100sd 5.50	1M @ 48.90		8" pot, 10" gdn; A new semi-trailing type under the NonStop® brand. pure white with soft cream tinge at center, full double flowers and larger size. Improved branching for fuller baskets, compact short internodes, neat and easy shipping. Covers basket and ground quickly. For well shaped, rounded baskets and extreme color.	
Nonstop Joy Yellow P (F1)	100sd 5.50	1M @ 48.90		8" pot, 10" gdn; The first color in a new semi-trailing type under the NonStop® brand. Intense, brilliant yellow, full double flowers and larger size. Improved branching for fuller baskets, compact short internodes, neat and easy shipping. Covers basket and ground quickly. For well behaved, rounded baskets and extreme color.	
Nonstop Mocca Series P (F1)	100sd 3.30	1M @ 27.55		8"; Rich chocolate foliage provides a high contrast to the bright flowers. Early, compact, basal branching plants produce large double flowers. Colors: Bright Orange, Cherry, Deep Orange, Mix, Pink Shades, Red, Scarlet, White, Yellow.	
Begonia x benariensis					
Big Series P (F1)	100sd 11.15	1M @101.60		14" pot, 20" gdn; Large leaved, extra large 2-3" flowers are produced on upright, arching plants. Up to 2 weeks earlier than competing types. Thrives in wide range of climates in both sun and shade. Massive spreading plant for maximum show in large container or landscape. Colors: Complete Mix, Pink w'Green Leaf, Red w'Bronze Leaf, Red w'Green Leaf, Rose w'Bronze Leaf, Rose w'Green Leaf.	
Begonia x hybrida					925 s/g
☺ Funky Series P (F1)	100sd 14.35	1M @120.00		8" spreading 8" pot, 12" spreading 10" basket; New interspecific cross with hot weather performance like boliviensis and double flowers like tuberosa. Easy to grow and ship, with big showy double flowers and high novelty appeal. Long days are needed for flowering. But heat tolerance enables later sowings to still thrive and bloom in the long days of spring & summer, without the need for extra lighting. For baskets, gardens, mixed containers, in part shade to full sun. Colors: Pink, White, Orange, Mix.	
Gryphon MP	100sd 17.45	1M @145.90		**Fantastic Foliage™** 14-16" spreading 20"; Superb foliage begonia. Easy & quick growing. Large, deeply cut, palmate, silver-spotted leaves. Durable thru heat, drought and rain in gdn or patio. Sell in 4.5 - 10"pots.	
Megawatt Series P	100sd 14.80	1M @124.15		20" pot spreading 16", 28" gdn spreading 24"; Earlier blooming series with Dragon Wing habit and flower size. Sturdy vigorous plants with lush shiny foliage. Good tolerance to hot dry conditions. For landscapes and large containers. Colors: Mix, Pink Bronze Leaf, Pink Green Leaf, Red Bronze Leaf, Red Green Leaf, Rose Bronze Leaf, Rose Green Leaf.	
Begonia x Interspecific					
☺ Sensation Series P (F1)	100sd 5.50	1M @ 48.50		24" spreading 24" container, 28"spreading 24" gdn; Outstanding vigor in 2018 trials, from seedling stage onward. Faster seedling development, showing no need for lengthening daylight. Showed the most robust growth in the trial after transplant. First of the interspecifics to bloom. Produced very large plants in the trial garden. Grew well in direct sun and shade, cool periods and high heat, and very heavy rainy periods. Blooms in 12-14 weeks from sowing. Flr diam 1.5-1.75". Foliage is shiny-waxy, with medium size, oval to heart shaped leaves, serrated edges. For large containers, beds, landscaping. Colors: Pink Bronze Leaf, White Green Leaf.	
Belamcanda chinensis					35 s/g ✦ Z5
Freckle Face	☒ 100sd 3.25	1M @ 25.15		32"; Iris like foliage. Orange & yellow red-spotted flowers.

Roggli Series P	500sd 4.25	1M @ 7.15		5"; Early flowering and compact with curled petals. Colors: Red, Rose, White.
Rominette Series	1M 4.75	2M @ 4.15		5"; Early, pomponette type with fully double, quilled flowers on short strong stems. Ideal for packs, small containers borders. Colors: White.
Rominette Series P	500sd 3.20	1M @ 5.30		- Colors: Carmine Rose, Mix, Red.
Speedstar Series P	100sd 3.25	1M @ 23.95		6"; FYF without vernalization. Quick blooming with large bright flowers. Excellent for both fall and spring markets and winter color in coastal resort areas. Its compact habit and small leaf size make it good pansy companion. Colors: Carmine, Mix, Rose.
Speedstar Plus Series P	100sd 3.30	1M @ 25.85		4-6"; FYF without vernalization. No PGR needed. Can be produced for both spring and fall crops with short crop time at low temp, 14 weeks fall, 20 weeks spring. Spreads nicely to fill pots after transplant. For bedding, bowls, mixed containers, and winter color in coastal resort areas. Its compact habit and small leaf size make it good pansy companion. Colors: Mix, Red, Rose, White.
Super Enorma Mix	2M 3.00	10M @ 0.90		6"; Extra large double flowers. Mix contains pink, red, & white.
Super Pompon Series	1M 4.60	2M @ 3.95		6-8"; Very large double pompon flowers, uniform habit. Good for perennial pots, early spring combo containers & bedding. This type is also used for cutflower in short-stem mini bouquets. Colors: Red, White, Pink, Extra Mix.
Tasso Series	500sd 3.60	1M @ 6.15		5"; Very large flowered pomponette type with fully double blooms. Attractive for pack & pot production. Deep Rose is a unique color. Colors: Deep Rose, Mix, Pink, Red, Strawberries & Cream, White.
Tasso Series P	500sd 4.35	1M @ 7.35		- Colors: Deep Rose, Mix, Red, Strawberries & Cream, White.
Bergenia cordifolia				4500 s/g ✦ Z4
Redstart (RötBlum or Red Beauty)	200sd 3.20	1M @ 11.75		16"; Special selection grown for the fine year-round foliage and red early spring flowers. Evergreen, glossy bronze-green foliage.
Rose Form	500sd 5.50	1M @ 10.20		20"; Vigorous, low growing evergreen with heart-shaped, glossy leaves that are large and leathery. Bears carmine-rose flowers on thick red stalks. Leaves can be used as floral arrangement fillers.
Winter Flowering Hybrids	200sd 3.60	1M @ 15.60		16"; Large, open flowers of red, pink & rose on upright stems. Tends to bloom mid-winter to late spring.
Winter Glow	200sd 3.30	1M @ 14.15		14"; From early to late spring, intense carmine-red flowers appear in clusters. Green leaves take on "glowing" reddish-bronze hues that remain until turning green again in spring. Flowers and leaves can be cut for bouquets.
Berlandiera lyrata				200 s/g ✦ Z5
Chocolate Flower	100sd 5.50	1M @ 48.50		10" potted, 16" gdn; FYF. Bright yellow 2" daisies with green eyes and maroon stamens bloom at night and stay open thru morning. The blooms give off the strong and unmistakable fragrance of sweet chocolate. They drop their petals as the temperature rises but the attractive cup-like silvery green bracts persist and can be used as durable material in arrangements, or allowed to dry to a beautiful buff brown for use in dried arrangements. Very prolific summer-long bloomer.
Boltonia asteroides				1100 s/g ✦ Z4

Fine centerpiece in container, and as landscape. Colors: Bronze Scarlet, Mix, Red, Rose (AAS), Salmon, White, Yellow.	
Canna indica Crozy's Mix	100sd 4.90	1M @ 42.15		30"; Superb large flowered collection, full color range in mix.	5 s/g ✦
Capparis inermis Caper	100sd 4.20	1M @ 36.35		5 ft; Source of the true caper of Mediterranean cuisine, which is prepared from the unopened buds of this plant. Attractive in planters.	200 s/g ✦
Capsicum Ornamental Pepper Black Olive	✦ 500sd 4.80	1M @ 8.25		**AAS 2012** 10" container, 24" gdn; Draping dark purple foliage. Bright purple flowers, and purple black fruit maturing to bright red. Sturdy upright plant holds up even thru extremely hot and humid spells. In color from seedling stage til frost. For container, 20" border plant, or cutflower for mixed bouquets.	200 s/g
Black Pearl	100sd 13.95	1M @ 118.15		**Fantastic Foliage™** 15"; AAS. Glossy black-purple foliage at maturity with small round-oval glossy black fruit turning red at full ripe. Bushy, upright, well branched plants. Very hot fruit.	
Blaze	100sd 9.30	1M @ 77.80		4" spreading 8"; Large fruit matures from yellow thru orange to red. Creates a distinct, eye-catching tricolor effect over the dark green foliage. Dense branching and healthy leaf appearance. Sell best with 1st red showing so the autumn color medley is apparent.	
Calico (F1)	100sd 13.80	1M @ 115.50		**Fantastic Foliage™** 10" tall spreading to 16"; Ornamental patchwork of purple&white foliage. Bushy, well branched plants, excellent in container, yield foliage color from pack to frost. Very hot fruit.	
Chilly Chili	100sd 9.30	1M @ 77.80		10"; AAS. Bears nonpungent fruits going from chartreuse to orange to dark red, showing the entire color range at one time.	
Conga	100sd 12.00	1M @ 100.40		4" pot, 6" gdn; Deep purple foliage; fruit begins purple and progresses to orange and red. In color from earliest stages so can be sold quite young, 2 weeks ahead of other varieties, and lasting til frost. Fruit conical, 1.25" long. For pot, bedding, mixed container.	
Cubana Series	100sd 12.00	1M @ 100.40		6" pot 10" gdn; Large 1.8" oval peppers. Very bright colors. Deep green foliage forms a broad flat mound just under fruit, cascades slightly over container edge. Excellent for pot, bed and holiday containers. Colors: Deep Orange, Mix (6 colors), Multicolor Red, Red, Yellow.	

☉ Demon Red	1M	4.35	2M @	3.75	**Ornamental Edible** 6" pot spreading 8", 8" gdn spreading 12"; Highly prolific ornamental-edible pepper. Neat small leaves. Branches form spreading fronds loaded with small .5-1" conical fruit. Fruit matures from sowing in 85 days green, 95 days green. For planters, baskets, gdns.
Favorit Series	100sd	8.95	1M @	75.15	8"; Compact dark leaf w' fruits deep glossy green changing to final color. Large conical fruit borne in tight upright rosette in center of deep-green foliage. Colors: Yellow.
Holiday Cheer	500sd	4.55	1M @	7.80	12"; Round Christmas cherries coloring from ivory to orange. Holiday pot crop or summer bedding. Non-toxic.
Hot Pops Purple	100sd	9.30	1M @	77.80	4" spreading 6" pot, 5" spreading 8" gdn; Fruit is very hot. Round .5" fruit starts purple and matures to glowing tangerine orange. Long bearing so both colors are present for high contrast presentation. Compact branching plant bears fruit upright at top of canopy. For containers, gardens, summer and fall color.
☉ Hot Pops Yellow	100sd	9.60	1M @	82.70	5" spreading 7"; Myriad small rounded oval fruits load up the plant canopy with multicolor show of yellow, orange and red. Great for fall container markets and for spring to summer bedding and pot plants.
Jigsaw	500sd	5.50	1M @	9.90	15"; Variegated purple&white foliage. Fruits are purple, green & white turning to red.
Karneval Series	100sd	10.25	1M @	88.40	10"; Vigorous habit w' 2" medium thick, oval fruits on top of the plant. Maturing from green or black to named color. Colors: Deep Orange, Mix (4 colors), Orange, Red, Yellow.
Mambo Series	100sd	12.20	1M @	102.30	4-6"; Compact & dark leaved. 1" x 2.5" conical fruit at central cluster. Fruit matures from green-black to 4 separate colors. Bedding and container plant. Colors: Deep Yellow, Mix, Orange, Purple Orange, Purple Red, Red, Yellow, Yellow Red.
Masquerade	100sd	9.30	1M @	77.80	10"; Long bright erect fruit metamorphosing from purple through orange to red.
Medusa	100sd	9.30	1M @	77.80	6"; Child safe pepper bearing non pungent upright 40-50 fruits turning from ivory to yellow to orange & finally to bright red showing the entire color range at one time. Compact well branched plant good for 4-6" pots.
Midnight Fire	100sd	9.30	1M @	77.80	9" spreading 14" pot, 14" spreading 16" gdn; Stunning darkest black foliage. Conical fruit matures from deep blackish purple to blazing red. Color all season from young plant til frost. Excellent item for fall sales as well. For bedding and containers from 4" to gallons.
Onyx Red	100sd	15.60	1M @	130.55	**AAS Winner** 9" spreading 12"; 2017 AAS Winner. Unique showstopper with true wow! value. Shiny, pure deep black foliage and large numbers of small .5" oval fruit that start black and turn blazing red. Dense branching, forms a rounded mass of small leaves. Fruit starts setting early, when plant is 4-5" tall. Fruits set all over the plant and continue setting til frost. Makes a striking statement in the garden from all angles until freezing weather. For 6" pots, Large multi-plant bowls, combo planters, and mass bedding.
Purple Flash	100sd	13.80	1M @	115.50	**Fantastic Foliage™** 14" spreading 20"; Black-purple foliage lilac leaf tips and hot spots of bright-purple fruit. Color from pack to frost. Dense plant with spreading, storied branching in layers of color. Very hot fruit.
Red Missile	100sd	9.30	1M @	77.80	8"; 2" tapered fruit changing from cream to orange to bright red.
Rio Series	100sd	11.80	1M @	98.60	40-48"; First non-branching cutflower type pepper, outstanding in autumn bouquets. Light Orange has cream colored immature fruit. Yellow starts out green, maturing to yellow. Long vase life. Colors: Yellow.
Salma Series	100sd	10.35	1M @	86.65	4"; Dwarf plants produce many small pointed 1" x .5" fruit. Colors from black-green to brilliant orange or red. Good in 4" for planters. Colorful fall indoor plant. Colors: Mix, Orange, Red.
Salsa Series	100sd	11.15	1M @	95.45	6"; Extra compact mini habit, up top fruiting. Colors of startling purity & intensity. Highly contrastive deep-green foliage. Colors: Deep Orange, Mix, Orange, Yellow.
Sangria (F1)	100sd	9.30	1M @	77.80	10" spreading to 18"; Purple and red fruits. Uniform rounded compact habit, dense spreading. Heat tolerant color for beds and containers.
Sedona Sun	100sd	9.30	1M @	77.80	9" spreading 14" pot, 12" spreading 16" gdn; Profuse conical 1-1.5" fruit, bright lemon yellow turning carrot orange, cover mounded canopy. For beds, containers. Uniform plants cover lots of ground.
Shien	100sd	8.25	1M @	69.15	8-10"; Produces many fruits on medium sized, well branching plants. Fruit exhibits unique color changes from green to purple to red as it matures. Suitable for pot production. Great in garden or container.
Tango Series	100sd	12.00	1M @	100.40	4-8"; Showy, compact series with fruits centered in the middle of plant producing an attractive show of color. Colors: Deep Orange, Light Orange, Mixture, Red, Yellow.
Treasures Red (F1)	100sd	8.95	1M @	74.85	8"; Conical fruits are white changing to bright red on maturity.
Uchu	100sd	13.30	1M @	111.30	6-8"; Unique variegated foliage. Fruit starts cream and matures to tangerine and then brilliant red. Slender firecracker fruit on medium-sized plants. Suitable for 4" to 5" pot production.
White to Red	100sd	14.25	1M @	123.00	8"; Variegated white & green foliage. Abundant, tapering 2" conical fruits start white, mature to bright red. Festive. Pot & bedding. Color from spring until frost.
Wicked	100sd	9.30	1M @	77.80	6" spreading 5" pot, 8" spreading 7" gdn; Very compact determinate plant with extra large fruit. Starts purple, turns red. Broad conical fruit protrude well above deep green foliage for high color-to-leaf ratio. Fruit only mildly hot.

Capsicum Vegetable & Edible Varieties ••• see Pepper Caraway

Carum carvi	2M	3.35	5M @	1.45	20"; Finely cut foliage & white flowers. Used for seasoning bread, meat, cheese, soups & liquors.

Bright Sparks Series	500sd 4.80	1M @ 8.00	11" spreading 10" pot, 13" spreading 12" gdn; Outstanding for sustained large plume size, 3-4" tall and 3" across, both in initial and secondary spikes. Vigorous branching, strong heat tolerance and reduced tendency to color fade provide extra performance in hot summer areas. Scarlet develops a rosy bronze leaf color, other colors bright green. Long color show in containers and beds. Colors: Bright Yellow, Deep Rose, Mix, Scarlet, Burgundy.	
Castle Series	500sd 3.20	1M @ 5.00	16" garden, blooms at 6" pack; knee-hi garden, container plantings or short cuts. Colors: Mix, Orange, Pink (AAS), Scarlet, Yellow.	
Century Series	500sd 4.15	1M @ 6.85	27"; Extremely large well formed medium plumes. Cutflower. Colors: Fire, Mix (AAS), Pink, Red (bronze leaf), Rose, Yellow, Salmon Pink.	
Chinatown	200sd 3.25	1M @ 13.65	14"; Color all over. Bronze-purple foliage, brilliant scarlet stems and broad, pagoda shaped scarlet-red spikes. Outstanding garden performance, good impulse seller for bedding or containers.	
Cramers' Hi Z	500sd 3.15	1M @ 4.85	4 ft; Extra large 6-10" deepest magenta flower spikes borne atop strong 30-36" stems. Can produce 8-10 stems per plant. Transplant at 12x12" spacing. Attractive deep-green foliage. Excellent as fresh cut, also dries to a silky sheen. For fieldgrown cut production.	
Dragon's Breath	100sd 11.25	1M @ 94.75	24" spreading 16"; Vigorous, showy plant is red all over. Dazzling red flowers, red stems and green-red leaves. Late blooming. Grow for foliage from early stage until late summer, when 10.5 hr day length triggers bud set, then on into fall with blazing red color. Low feed intensifies stem color. For premium container from 10" to gallon or mass landscapes. It performs well under hot & humid conditions. Worth testing as a productive source of specialty arranging material. Culture sheet available.	
Durian Series	100sd 4.45	1M @ 38.25	28"; Late blooming type for fall cutflower crop in field or for winter under cover in mild areas, or where temp can be maintained. Distinct broad central plumes and numerous spangles of side plumes. Habit lends itself to whole-plant harvest. Durian Red has bright-red stems, Gold has green-gold stems. Worth testing for late-season landscaping in areas where part of winter is frost free. Colors: Red, Golden, Red Gold Mix.	
First Flame Series F	500sd 5.45	1M @ 9.15	14" container spreading 10", 24" gdn spreading 16"; Very quick crop time, up to 2 weeks earlier than similar varieties. Broad flower plumes on base branching stems. For borders & large containers. Worth testing at close spacing as fieldgrown cut for local mkt. Colors: Mix, Orange, Red, Yellow, Scarlet.	
Forest Fire	2M 3.25	5M @ 1.40	30"; Dazzling red flr, bronze leaves. Knee-hi borders, field-sown cutflower and centerpiece for summer containers.	
Fresh Look Series F	500sd 3.80	1M @ 6.40	14"; Bright green leaved companion to the well known 'New Look'. Plants remain compact in pots and on the bench, but fill landscape with their vigorous branching growth. Dense plumes do not fade under high light. Colors: Fashion Look Mix (FreshLooks blended with darkleaved New Look), Gold (AAS), Mix, Orange, Red (AAS&FSM), Yellow (AAS).	
Gloria Series	1M 4.30	2M @ 3.60	8"; Bright plumes, good in packs. Improves on Miss Nippon series, best pack alternative to Kimono & superior in garden. Colors: Mix, Pink, Scarlet, Yellow.

Celosia spicata									850 s/g	
Celway Series F	☒	100sd 6.40	1M @ 52.00		40-48"; Specialty cutflower with plumosa flower shape on long stems. One central plume surrounded by several smaller spikes. Suitable for high density planting. High percentage of saleable stems w/ excellent transportability & long vase life. Colors: Lemon, Mix, Orange, Purple, Red, Salmon, Terracotta, White.					
Cramers' Amazon	☒	500sd 3.15	1M @ 4.90		4-5 ft; Beautiful broad 28" long spikes. Flower head is deep magenta at tip with soft pink florets on lower section of spike. Red stems and bronzed leaves. Produces 8-10 spikes per plant. Transplant at 12x12" spacing & pinch first center buds to produce more laterals. Pinched transplants in warm weather areas can continue growing to reach 6-8 ft high and keep on producing laterals. Dries unusually well for a spicata type. For fieldgrown cut.					
Flamingo Feather	☒☒	1M 3.60	2M @ 3.15		40"; Feathery plumes soft pink turning to white.					
Flamingo Purple	☒☒	500sd 3.40	1M @ 5.90		40"; Purple feathery plumes on dark-red stems & red leaves.					
Kairyo Yachiyo	☒	1M 4.45	2M @ 3.85		4 ft; Vivid red spikes are quite broad and tight, with distinct arrow shape, each borne at the tip of a straight & sturdy green-gold stem. For fieldgrown cutflower or tall, formal annual hedge in landscape.					
Kosmo Series F		100sd 12.20	1M @ 102.15		8" spreading 10"; Spiky starburst clusters held tight over compact bright green foliage. Fast bench-run cropping, durable shelf life at retail. For bedding & pot. Colors: Mix, Purple Red.					
Roseberry Parfait	☒	100sd 3.40	1M @ 29.25		24-30"; Deep rose red spikelets along stem. Slender lance shaped flowers. Leaves are narrow and near top of plant, sparse, making for a good stem with little labor to prepare for arrangements. Useful fresh or dried. For specialty cutflower. Worth testing for dried arrangement.					
Ruby Parfait	☒	100sd 3.90	1M @ 33.45		4 ft; Numerous top branching spikes of deepest purple, fading at base to a pretty warm pink, for a two-tone effect. Easy fieldgrown cutflower.					
Spiky Purple F		100sd 3.25	1M @ 19.25		10"; Hot deep reddish-purple florets, red stems, long lasting color display for container or landscape, even in hot weather.

Delphinium belladonna				310 s/g ✂ Z5
Bellamosum	✂ 500sd 3.15	1M @ 5.00	4 ft; Deep gentian-blue, excellent cutflower & garden perennial.	
Blue Donna	✂ 200sd 4.15	1M @ 17.40	32-40" depending on cutflower spacing, 30" as container; Improved for uniform stem length, earliness and blue color intensity. High yield of stems per sq ft in successive flushes. Heat tolerant with few disease problems. For greenhouse or fieldgrown.	
Casablanca	✂ 500sd 3.15	1M @ 5.00	4 ft; Pure white, fine cutflower & garden perennial.	
Cliveden Beauty (Belladonna)	✂ 500sd 3.15	1M @ 5.00	4 ft; Clear sky-blue, fine cutflower & garden perennial.	
Máxima	✂ 200sd 3.20	1M @ 11.85	32" pot, up to 48" gdn at close spacing; FYF. Shocking rich blue flowers borne on sizeable spikes on tall strong stems. Large flowers. Easy, fast growing, heat tolerant crop. More easily cropped as an annual than most D. belladonnas.	
Oriental Blue	✂ 100sd 3.25	1M @ 22.35	4 ft; Gentian-blue shades of Volkerfrieden type, superb cutflower.	

Delphinium chinensis (grandiflorum)

800 s/g ✦ Z4

Blue Butterfly	2M	4.30	5M @	1.85	15"; Mid-blue, erect habit. Forms compact mounds of well-branched lacy foliage.
Blue Mirror	✦ 500sd	5.50	1M @	10.30	**Fastrax** 20-24"; Forms a low, bushy mound bearing loose sprays of single, brilliant gentian-blue flowers. Spurless and well branched. Outstanding cutflower.
Blue Pygmy	1M	3.15	2M @	2.55	14"; Gentian-blue flowers, compact habit, good for large containers & hardy borders. Ideal for 4 to 5-inch programs.
Butterfly Series	2M	4.15	5M @	1.75	16"; Compact branching, high density plant with uniform habit and timing. Excellent container centerpiece or perennial border plant. Colors: Light Blue, Mix, Rose, White.
Delfix Series	100sd	3.25	1M @	24.00	12" pot, 15" gdn; Early flowering, compact, with uniform habit and timing. No vernalization needed. FYF. Good subject for 4" to gallon pots. Colors: Blue.
Diamonds Blue (F1)	100sd	8.15	1M @	67.45	16" pot, 24" gdn spreading to 12"; FYF. Spurless, deep heavenly-blue upfacing flowers. Uniform habit & timing. Capable of uniform emergence for tight scheduling. Can be shipped at first color.
Dolphin Series	200sd	3.55	1M @	15.20	12" pot, 16" gdn; Compact and richly flowering for perennial container and garden sales. Can be finished in cool temperatures. Long bloom period in spring plantings. Colors: Blue, Mix, Sky Blue, White.
Energy Series (F1)	✦ 100sd	8.00	1M @	69.15	30" from fall sowing, 16" from spring sowing; Spray type habit with large, well opened flowers about .5" diam. Very uniform growth and color with very little breakage. Classy colors. Blue is pure & intense, with no hint of reddish undertone. Pink is light and bright, with no hint of bluish undertone. For specialty cutflower work. Colors: Blue, Mix, Pink.
Fashion Series (F1)	✦ 100sd	8.00	1M @	69.15	30" from fall sowing, 20" from spring sowing; Large flowers .5"-.75" diam., excellent branching with balanced shape. Performs well as spring crop from winter plantings. Features several special "Fashion" colors. For specialty cutflowers. Colors: Blue, Lavender, Marine, Mix, Sky.
Mistral Series	✦ 100sd	3.25	1M @	20.15	16" pot, 24" gdn, 33" cutflower culture; Numerous open branching sprays of 1.5" flrs. Cutflower regime with close spacing in ground under cover produces massed 36" stems. Grow cool, bloom above 65F. Colors: Snow.
Morpho Series (F1)	✦ 100sd	44.00	1M @	379.30	24", up to 32" at close spacing; One of a very few F1 Hybrids in this species. Improved over O.P. types with longer stems, early flowering and more yield of saleable cuts. Color is more stable under cold or low-light conditions. Flowers are spurless and open facing upward and out, not nodding. For both field crop and for growing under cover. Colors: Marine Blue, Mix (3 colors), Silky White, Sugar Pink.
Planet Series (F1)	✦ 100sd	7.40	1M @	62.15	16" spreading 8" pot, 20" spreading 10" gdn; Early and free flowering F1. 25-40" stems depending on season and spacing. Excellent quality for cutflower. Well adapted to large container and bedding as well. Versatile, multi-use crop. Colors: Blue, Light Pink.
Premium Morpho Chiffon Blue (F1)	✦ 100sd	42.25	1M @	364.30	
Premium Morpho Grand Blue (F1)	✦ 100sd	42.25	1M @	364.30	
Premium Morpho Happy Pink (F1)	✦ 100sd	42.25	1M @	364.30	
Summer Series	100sd	3.25	1M @	22.15	**Fastrax** 12"; Genetically compact dwarf larkspur with masses of flowers in a good selection of colors. Great for container or perennial bedding. Uniform early flowering the first summer from winter sowing. More heat tolerant than others of this type. Colors: Blues (skyblue), Clouds (blue&white bicolor), Colors Mix, Morning (light pink), Nights (deep blue), Stars (pure white).
Totty Tall Sky (F1)	✦ 100sd	8.00	1M @	69.15	32" from fall sowing, 24" from spring sowing; Palest sky blue, very useful as filler, tying other blues together in bouquet. Stems extra long & strong. For specialty cuts.

Delphinium consolida (Larkspur)

325 s/g Z0

Cannes Series	✦ 200sd	3.80	1M @	15.80	5 ft; Professional cutflower type. Most disease tolerance of any breeding to date. Large lasting double flowers. Long single-stemmed spikes. Silver Fox	500sd 3.65	1M @ 6.30		30"; Felted silver foliage & white flowers. Can develop soft lavender at petals with spots in the throat at later stage outdoors or in brighter conditions. For specialty cutflower or perennial borders.

		Trade Pkt \$ per pkt	XT Qty \$ per 1000 sd	(M=1000)	Toll Free: 888 645 2323 Fax: 864 227 5108	GeoSeed
Silver Fox Improved	☒	200sd 3.20	1M @ 11.50	20" container, 24" gdn; FYF, with compact branching habit for container sales. Felted silver foliage & mostly pure white flowers. (Older flrs may show soft lavender tint & freckles in hot weather.) For container or perennial bedding.		
Digitalis hybrida						9000 s/g ✦
☒ KneeHi Series	☒	100sd 5.50	1M @ 50.75	28" container, 36" gdn; Compact, base branching bushy plants bear spikes with broad outfacing flowers all around. Colors are unusual and quite pretty. Plants do not set seed so remain clean and blooming for an extended summer season of big color show. For perennial containers, borders, and fresh local cutflowers in field or high tunnel. Colors: Blush, Cream, Mix, Pink.		
Pam's Split	☒	200sd 3.25	1M @ 13.95	42-46"; FYF. Unique ruffled look due to split petal trait. Long-lasting blooms, white, speckle-throated. Base branching. For borders & specialty cutflower.		
Digitalis lanata sp (Cafe Creme)	☒	1M 4.60	2M @ 3.95	2 ft; Distinctly different flowers. Pearl-gray speckled with bronze to purple markings set over deep-green foliage.		1900 s/g ✦ Z6
Digitalis obscura ...	☒	2M 4.30	5M @ 1.85	16"; Large, tubular, funnel-shaped bells of rusty dark orange to greenish-yellow flowers. Willow-like foliage is grayish green. Classic cottage garden plant good for cutflowers. Sturdy stalks and pods are nice additions to dried arrangements.		2600 s/g ✦ Z5
Digitalis parviflora Chocolat	☒	1M 4.00	2M @ 3.45	30"; Reddish-brown graceful, flower spikes blooming above narrow, evergreen leaves with white veins.		2200 s/g ✦ Z3
Digitalis purpurea Alba	☒	1M 3.15	2M @ 2.20	3 ft; Pure white large flowers. Distinct and elegant in both the garden and floral arrangements.		10000 s/g ✦ Z5
Apricot Beauty		2M 3.95	5M @ 1.70	30"; Peachy apricot. Blooms all the way around the spike like Excelsior type. Slightly shorter stem than Excelsior.		
Bondana Mix	☒	200sd 3.25	1M @ 12.55	36-40"; FYF. Early flowering mix of pastels. Annual blooming variety that makes a quicker cutflower crop than standard types. Will continue blooming over long season if kept cut. Also nice landscape plant.		
Camelot Series P (F1)	☒	100sd 4.45	1M @ 38.20	42" tall, spreading to 30"; FYF. Heavy second year blooming. Hybrid vigor provides reliable germination, more uniform habit and flowers. Secondary spikes provide numerous high quality and strong stems suitable for specialty cutflower programs. Great for annual growers as a season extender in large containers. Colors: Cream, Lavender, Mix, Rose, White.		
Carousel Series		200sd 3.30	1M @ 14.25	30"; Large flowers densely packed all the way around the strong spikes make a great color show. Good insect plants. For large pots, centerpiece in combo containers, perennial borders. Worth testing as cutflower in fresh local mkts. Colors: Lavender, Mix, Purple, Primrose.		
Dalmatian Series P (F1)		100sd 4.75	1M @ 39.75	20"; 100% FYF, no vernalization needed. Fastest Digitalis on the market-just 15 to 17 weeks from sowing to sales as early summer annual. Uniform plant height & earliness make programming easy and plants are great as retail endcaps. Colors: Creme, Mix, Peach, Purple, Rose, White (Purple Spots).		
Dwarf Series		1M 3.55	2M @ 3.15	2 ft; Thick cylindrical spike, blooms all around. Adaptable to container production. Colors: Red, Vanilla.		
Excelsior	☒	2M 4.15	5M @ 1.75	4 ft; Tubular, funnel-shaped flowers in shades of pink, lavender, yellow and white with interior spotting. Blooms are fuller as they are borne symmetrically around spikes.		
Foxy		2M 3.25	5M @ 1.40	36"; FYF. 20 weeks from sowing to flower, shades of white, yellow, cream, lavender, rose & red w' marbled markings.		
Gloxiniaeflora	☒	2M 3.35	5M @ 1.45	4 ft; Large flowers in a mix of salmon pink, creamy yellow, purple and pink with frilly edged mouth. Many spots in throats. May-June bloom.		
Lutea	☒	2M 4.20	5M @ 1.80	4 ft; Yellow flowering form of Foxglove. Soft pure yellow with few markings. For mass perennial landscape, worth testing for local grown cutflower.		
Pam's Choice	☒	1M 4.15	2M @ 3.55	35-47"; Produces dramatic, strong spires of large, white bells with deep burgundy throats and interior spotting. Blooms are closely grouped along entire spike. Great cutflower or spectacular mass show in beds or borders.		
Snow Thimble	☒	1M 4.60	2M @ 3.95	35-40"; Unique selection of Foxglove, bearing tall spikes of large, pure white bell-shaped flowers with no spotting on the inside. A real winner in the garden and for cutflower production.		
Sugar Plum		500sd 4.65	1M @ 8.15	20" container, 36" gdn; Bright plum-rose throat with white rim & white reverse. Large close-packed flowers provide a broad spike of color. For borders, landscape, large containers.		
Sutton's Apricot	☒	1M 3.60	2M @ 3.15	4 ft; One sided flowering, pale apricot-orange color, excellent for cutting.		
Sutton's Primrose	☒	1M 4.15	2M @ 3.50	4 ft; Beautiful soft-yellow color, excellent for cutting.		
Yellow Spear	☒	2M 3.60	5M @ 1.55	30-36"; Heirloom variety known for its unique color. Produces thick spikes of greenish-cream to primrose flowers. Borders, landscapes, specialty cutflower.		
Digitalis thapsi ...	☒	1M 5.20	2M @ 4.65	16"; Raspberry-rose, bell-shaped flowers with maroon-spotted throat, in airy spikes over a base of downy foliage.		15000 s/g ✦ Z7
Digitalis x hybrida Polkadot Collection Series		100sd 4.55	1M @ 39.15	**Note: may be supplied as pel or natural sd pending best germ.** 40"; FYF. Interspecific hybrids bred to produce sterile flowers that don't "self-sow" in the garden and have a longer bloom time. Well branched plants produce tightly packed spikes with large flowers. For borders and worth testing as specialty cutflower. Colors: Petra (pink w' speckled cream throat), Pippa (deep rose with buff throat), Polly (deep rosy apricot), Princess (rich pink).		

	Trade Pkt \$ per pkt	XT Qty \$ per 1000 sd	(M=1000)		
Digitalis x Mertonensis Summer King (F1)	1M 3.15	2M @ 2.65		30"; Tetraploid. Compact habit, large glowing rose-pink flowers. Well suited as showy centerpiece for container.	3500 s/g ✦ Z3
Digitalis x purpurea Candy Mountain Series	☒ 200sd 3.75	1M @ 16.15		3-4 ft; Upward-facing flowers packed tight all around cylindrical spikes. Mix includes blue, lavender, yellow and white plus rose. Long blooming. Superb container centerpiece. Hardy biennial. Colors: Mix, Peach, Rose, White.	14000 s/g ✦ Z4
Dill Bouquet	5M 3.00	10M @ 0.40		28"; Feathery soft-green foliage, yellow flr, for flavoring fish or salads. Seed heads used in pickling.	470 s/g
Compatto	2M 3.15	5M @ 1.35		15"; Compact strain with deep green foliage, for containers or gardens. Ornamental, edible & fragrant.	
Dukat	☒ 5M 3.00	10M @ 0.50		48"; Strong, pungent foliage w' high aromatic oil content, superior for commercial herb trade. Heat tolerant. Large yellow umbels, robust stem, showy cutflower for field growing.	
Fernleaf	1M 3.15	2M @ 2.15		18"; AAS. Compact finely feathered foliage, yellow flowers.	
Long Island Mammoth	5M 3.00	10M @ 0.50		24"; Large yellow flower heads. Stalks & seeds used for pickles.	
Vierling	☒ 2M 3.15	5M @ 1.30		30"; Upright growing with dark blue-green, finely lacinated foliage. Attractive greenish flowers late in season. Used for field-grown cutflower production both at leaf and flower stage, also for fresh leaf production.	
Dimorphotheca pluvialis Tetra Polar Star	☒ 1M 3.50	2M @ 3.00		14-16"; Pure white petals with large fluorescent blue center. Strong stems, substantial petal texture. Excellent for borders or a showy fieldgrown cutflower.	400 s/g
Dimorphotheca sinuata Choice Mix	2M 3.35	5M @ 1.45		12"; Shades of orange, salmon, yellow, ivory, white. Showy all spring, a partner to Pansy.	450 s/g
Orange Glory	2M 4.30	5M @ 1.85		14"; Large deep-orange daisies on wiry stems, shocking color for garden or container sales.	
Dionaea muscipula Venus Flytrap	100sd 18.85	1M @ 162.40		6"; Famous carnivorous plant, a low growing perennial herb native to bogs. Give demineralised water only, plants can be subject to overfeeding. Greenhouse perennial, pot.	4700 s/g ✦
Dodecatheon meadia Deluxe Mixture	200sd 3.25	1M @ 13.90		12" potted, 16" gdn; Rich flowering mixture of white, pink, red, and lilac shades. Can be used as a mixed color in a container or border, or combined with other species in planters.	1600 s/g ✦ Z3
Goliath	☒ 100sd 3.25	1M @ 19.30		28"; Extra large rosy-lilac flowers, thick texture, strong stems excellent for specialty cutflower. Very hardy, can be harvested year after year.	
Shooting Star	500sd 5.50	1M @ 10.15		14"; Superb perennial, American native w' massed rosette of soft pink flowers rising on purple stems above lush thicketed basal rosette. Flowers tricolor pink, purple-eyed, yellow-ringed. Blooms spring to late summer.	
Dolichos lablab Ruby Moon	☒ 100sd 16.70	1M @ 144.00		10 ft; Showy climber with green and purple-colored foliage, lilac-purple flowers and shiny reddish-purple 2-3" pods. Blooms and pods are great in cut arrangements and pods can be dried. Perfect for trellises, arbors or fences.	3 s/g ✦
Doronicum orientale Leonardo	100sd 3.25	1M @ 25.80		15" pot, 18" gdn; Large bright yellow flowers. Vernalization required. Recommended for quart to gallon.	1190 s/g ✦ Z4
Leonardo Compact	100sd 3.25	1M @ 21.45		10" pot, 12" gdn; Large bright yellow flrs. Vern required. Not for zone 8 or higher. Early and uniform flower time, which saves labor and eases crop scheduling. Recommended for 4-inch to gallon.	
Little Leo	200sd 3.25	1M @ 13.60		15"; Compact for perennial border or container. Can be forced to bloom for early sale. Double skirt of intense, bright yellow daisy-type flowers.	
Doronicum orientale (caucasicum) Magnificum	☒ 1M 3.85	2M @ 3.30		20"; Large bright yellow flowers, April-May.	1150 s/g ✦ Z3
Dorycnium hirsutum ...	☒ 100sd 7.95	1M @ 68.55		16"; Handsome all over. Multiple branching, with deep-green leaves covered in silky silver hair. Strange flowers borne in terminal clusters of 5 or 6 trumpets, radiating from the same node at all angles, screaming red at base with softest pink lips at tips. Unusual looking, for container or border, or specialty cutflower.	200 s/g ✦ Z6
Dracaena australis (Dracaena Spikes) ... see Cordyline australis					
Dracaena draco ...	100sd 5.15	1M @ 43.40		10 ft pot; Palm-like slow growing, evergreen used primarily as container plant. Mostly green, sword-shaped leaves can be variegated with bright red and yellow. Nice patio plant but must be taken inside in winter and given plenty of light.	✦ Z10

Echeveria peacockii (desmetiana) ...	200sd 4.25	1M @ 17.80		4" small pots, 8" gdn; Attractive, slow growing succulent. Forms a neat glossy rosette of fleshy blue-gray foliage. Purple flowers on stems above foliage after about 10 months. Attractive easy houseplant or frost free rock garden. Best kept above 60°F.	
Echinacea angustifolia ...	500sd 3.20	1M @ 5.45		30"; Western cousin of Pale Purple Coneflower. Most highly prized of all Echinaceas for medicinal properties.	250 s/g ✦ Z3
Echinacea hybrida Cheyenne Spirit	100sd 23.00	1M @ 195.80		**AAS 2012, FSM Gold 2012** 24-30"; FYF. Blazing color mix available for the first time from seed. Exceptional plant habit, flower quality and uniformity. No vernalization. Excellent in gallons, quarts & landscape. Colors include shades of cream, orange, purple, red, scarlet, white and yellow.	250 s/g ✦ Z4
Echinacea pallida ...	1M 3.15	2M @ 2.45		32"; Soft pink pendulous petals on long stems, graceful & wispy like a dancing skirt. Native medical herb.	175 s/g ✦ Z5
Hula Dancer	✦ 100sd 3.55	1M @ 30.65		30"; Large palest-pink flowers, long drooping petals, narrow foliage, strong rising stems. Green-coned to copper-coned. For lg container or border & worth trying as specialty cutflr.	
Echinacea paradoxa ...	✦ 100sd 3.25	1M @ 19.80		3 ft; Brilliant golden 4" flowers, broad petals. Tall strong stems. An American native newcomer worth testing as cutflower. A sure thing in perennial landscape.	140 s/g ✦ Z5
Echinacea purpurea Baby Swan Deep Pink	✦ 200sd 3.70	1M @ 15.90		18-20"; Compact, well branched, strain ideal for containers. Broad deep pink petals, copper-coned. Ideal for containers, front of border and cutting.	330 s/g ✦ Z4
Baby Swan White	✦ 200sd 3.60	1M @ 15.55		18"; Uniformly compact and well branched, reselected top quality strain for container & bedding. Broad horizontal white petals, golden-coned.	
Bravado	✦ 500sd 3.20	1M @ 5.30		32"; Showy bright rose-purple flowers w' broad horizontal petals, copper-coned. Erect strong stems, garden plant & long lasting, productive cutflower.	
Doubledecker	✦ 100sd 4.70	1M @ 40.70		3 ft; Rose flowers on sturdy stems. Second year produces unique twinned to doubled flowers, highly unusual and saleable as novelty cutflower. First season flowers mostly single.	
Feeling Pink	100sd 9.40	1M @ 80.90		**FSM 2016** 20" spreading 16"; FYF. Medal winning variety, improved in several ways. Flowers are rich pure-pink, no purplish undertone even at young stage, with golden globe shaped cones. Very early, flowering from May til frost. Shorter habit, strongly branched and bushy with abundant flowers. Great commercial appeal, strong landscape performance in containers or knee-high gardens.	
Feeling White	100sd 7.15	1M @ 61.75		16" container, 18" gdn; FYF. Floriferous and compact. Large pure white petals with golden cones. For containers or borders.	
Green Twister	✦ 100sd 7.20	1M @ 61.90		32" first yr, 40" 2nd yr; FYF. Wonderful new color shades. Petals start pure lime green with narrow band of carmine red at base and a few with yellow edges. The Carmine zone increases so that older blooms will have a large neon-carmine zone with distinct band of green at edges. Large golden cones mature to mahogany. Many plants have deep burgundy stems. Strain appears to be completely stable for this pattern after growing thousands of plants in production fields. For premium containers, fieldgrown cutflowers, perennial borders.	
Happy Star	✦ 100sd 4.30	1M @ 37.15		**formerly Lucky Star** 40"; Bright white flowers w/ horizontal petals, golden-coned. Upright stems. A sturdy, long-lived variety, vigorous in the landscape. Excellent for cutting & containers.	
Leuchtstern (Bright Star)	✦ 500sd 3.20	1M @ 5.15		**Original of Bright Star, Starlight & Starbright.** 3 ft; Downturned petals, large bright rose-purple flower used for cutflower, especially for the cones.	
Magnus	✦ 100sd 3.30	1M @ 26.80		3 ft; Horizontal rose-purple petals, copper-coned centers.	

	Trade Pkt \$ per pkt	XT Qty \$ per 1000 sd	(M=1000)	
Magnus Superior	100sd 3.25	1M @ 24.30		40"; Deep, brilliant carmine red, broad horizontal overlapping petals, red-gold cones. Dark stems and deep green leaves. Extremely sturdy plant with very durable flowers. Improved over the old Magnus in several ways. For perennial borders, large container centerpiece, specialty cutflower, field or high tunnel, and bold malss landscape.
☺ Mellow Yellows	100sd 7.30	1M @ 62.90		32"; FYF; Novelty colors including white centers with yellow and light yellow tips, butterscotch, neon orange shades, all with dark golden cones. Sturdy stems. For specialty cutflower, perennial borders, large containers.
PowWow White	100sd 13.50	1M @ 114.80		16-20"; FYF. Unique due to heavy distinct basal branching. Pure white petals, golden-coned. Genetically shorter than competition. No PGRs needed. More flowers per plant than any other seed variety.
PowWow Wild Berry	100sd 13.50	1M @ 114.80		**AAS 2011** 16-20"; FYF. Extra flower power. Fast blooming, high bud count, distinct dense basal branching and short internodes. No PGR needed for quart and larger containers. Unique, intense rose flowers, copper-coned centers. Counterpart to 'PowWow White'.
Prairie Splendor Deep Rose	100sd 3.25	1M @ 24.45		24"; FSM. FYF. More compact & up to 3 weeks earlier than similar varieties w/ extended flowering period. Abundance of large, bright rose flowers w/ copper-coned centers.
Prairie Splendor Rose Compact	100sd 9.85	1M @ 85.00		14" container, 16" gdn; FYF. No Vern required. Warm rose pink. Extra early flower time, up to 3 weeks ahead of some competing strains. Extra compact for this plant. Reduced PGR and easier handling in quarts and gallons.
Primadonna Deep Rose	200sd 3.80	1M @ 16.35		30"; Deep rose colored petals surrounding golden copper cones. Extra large flowers are horizontal creating nice visual effect. Plants are robust, strong stemmed and clump forming. Premium landscape, container & cutflower quality.
Primadonna White	200sd 3.80	1M @ 16.35		30"; Pure white colored petals surrounding golden copper cones. Extra large flowers are horizontal creating nice visual effect. Plants are robust, strong stemmed and clump forming. Premium landscape, container & cutflower quality.
Rubinstern (Ruby Star) §	200sd 3.75	1M @ 16.20		**Jet® Treated to reduce likelihood of diseases** 3 ft; Improved over Magnus for uniformity of horizontal petals and intense deep rose petals.
White Swan Wild Type	1M 5.15 2M 3.70	2M @ 4.35 5M @ 1.60		28"; Horizontal white petals, golden-coned centers. 4 ft; Purple coneflower, drooping petals surrounding prominent maroon-coned center.
Echinacea tennesseensis ...	100sd 3.25	1M @ 23.15		200 s/g ✦ Z5 2 ft; Large rosy-purple flowers, long downturned petals and distinctly dark-coned center. Basal branching. Flowers borne on leafless single stems rising from basal foliage. Adaptable specialty & fieldgrown cut.
Rocky Top Hybrids	100sd 5.20	1M @ 44.70		20"; Pink flowers. Stiff petals cup upward and outward to form an appealing curved disc around dark-coned center. Base branching with numerous upright stems and attractive lanceolate foliage. No vern needed. For containers, borders & specialty cuts.

Pro Cut Series	☒	100sd 3.25	1M @ 24.35	5 ft; Single stemmed, pollen free, day-neutral with outstanding early maturity in 55 days; highly commercial. Black-seeded type less likely eaten by crows in the field. 3 to 4 inch flowers with black centers. Colors: Bicolor, Brilliance, Gold, Lemon, Mix, Orange (50 days), Orange DMR (priced separately), Orange Excel (upfacing blooms 5 days earlier), Plum (priced separately), Red (priced separately), Red&Lemon Bicolor.	
Pro Cut Orange DMR	☒	100sd 3.25	1M @ 23.95	5 ft; Resistant to Downy Mildew, which enhance ease of culture in areas where DM is a problem. Otherwise just like Pro Cut Orange. Single stemmed, pollen free, day-neutral with outstanding early maturity in 50 days; highly commercial. Black-seeded type less likely eaten by crows in the field. 3 to 4 inch flowers with black centers.	
Pro Cut Plum	☒	100sd 3.45	1M @ 29.60	5 ft; Broad plum-red inner band surrounded by paler outer ring. As the flower matures, the plum band fades to rich rosy plum shade and the outer ring fades to an attractive buff color. Otherwise like 'Pro Cut' series.	
Pro Cut Red	☒	100sd 3.70	1M @ 32.00	5 ft; Fits Pro Cut series except for price.	
☒ Pro Cut White Lite	☒	100sd 4.50	1M @ 39.00	5-6 ft; Pollen free, single stem. Near white, palest yellow petals, broad and overlapping, surround a bright, light green-gold central disc. Strong stems. Note: To avoid rain and insect damage, grow under high hoop or, if in field, harvest at earlier stage and allow to open up in protected area. For specialty cutflower, fieldgrown or high hoop.	
☒ Pro Cut White Nite	☒	100sd 4.15	1M @ 35.30	5 ft; Near-white petals of palest yellow with deep black centers in striking contrast. Fits perfectly in the famous Pro Cut series. Single stemmed, pollen free, day-neutral with outstanding early maturity in 55 days; highly commercial. Black-seeded type less likely eaten by crows in the field. 3 to 4 inch flowers with black centers and broad overlapping petals.	
Royal Flush	☒	100sd 3.25	1M @ 20.25	6 ft; Pollen free branching type. Mixed red, red&yellow, Maroon & yellow plus others. 4-5" diam. blooms about 60 days. For cutflower or border.	
Ruby	☒	100sd 4.15	1M @ 35.40	5-6 ft; Pollen free branching type. Deep ruby flowers very attractive for border or cutting.	
Ruby Eclipse	☒	100sd 3.25	1M @ 20.15	**Formerly named Strawberry Blonde** 6 ft; Pollen free branching type for commercial cutflower. 4" flowers, ruby-red bicolor, lemon-tipped, sometimes pink & ivory-tipped. Exotic combination.	
ShockO'Lat	☒	100sd 5.20	1M @ 44.80	6 ft; Pollen-free branching hybrid. 4" flowers, deep-chocolate petals with bright-yellow tips in extra sharp contrast. For specialty cutflower crop or tall showy borders.	
Solar Power	☒	100sd 4.15	1M @ 35.40	5 ft; Pollen free branching type. 8" flowers are bicolor mahogany orange with broad golden rim in sharp contrast. Dark centers. Good production of sprays for professional cutflower. Also for borders.	
Solara	☒	100sd 3.30	1M @ 27.45	5 ft; Pollen free. Nonbranching. 6" flowers are rich golden-yellow with dark centers. Excellent cut with long vase-life.	
Starburst Greenburst	☒	100sd 3.30	1M @ 27.25	4-6 ft; Pollenfree branching Starburst type. Golden yellow semidouble petals erupt from center in starburst pattern. An extra ring of small fringe petals surrounds the green center. Beautiful type for specialty cutflower, as whole plant bouquet or as single stems when grown at closer spacing. Also a stately long-flowering landscape plant when given plenty of space in the garden.	
Starburst Lemon Aura	☒	100sd 3.40	1M @ 29.25	4 ft; Pollen free branching type. Pure lemon, 4" double crested Chrysanthemum flower, green-disked w' flaring lemon petals in starburst pattern.	
Starburst Panache	☒	100sd 3.40	1M @ 29.25	5 ft; Pollen free branching type. Crested double flowers, bright golden petals, Bright-green ring around maroon-disked center. Bloom diam. 4-5". Matures 55 days. For specialty cuts and borders.	
Summer Breeze	☒	100sd 4.15	1M @ 35.35	5 ft; Early, pollen free, single stem specialty cutflower. Large, gorgeous golden-yellow flowers with lime-green disk. Nice border in the landscape.	
Sunbright	☒	200sd 3.50	1M @ 15.00	5 ft; Cutflower variety, pollen free yellow flowers dark-centered, grows vigorously under low temperature conditions.	
Sunbright ¶	☒	200sd 3.95	1M @ 16.65		
Sunbright Supreme	☒	200sd 3.95	1M @ 16.85	5 ft; Cutflower variety, pollen free yellow flowers, dark-centered, grows vigorously under low temperature conditions, earlier than original Sunbright & improved for manageable stem length under long days.	
Sunbright Supreme ¶	☒	100sd 3.25	1M @ 19.55		

	Trade Pkt \$ per pkt	XT Qty \$ per 1000 sd	(M=1000)	
☺ SunBuzz	100sd 7.40	1M @ 62.70		12" spreading 8" small pot, 20" spreading 12" large pot or gdn; Compact pollen free hybrid, branches and reblooms repeatedly for a long season of showy color. Bright yellow overlapping petals. Mid-size dark center. Little or no PGR required for compact salable plant. PGRs promote heaviest branching but less needed than comparable varieties.
☺ SunFill Series	☒ 100sd 4.50	1M @ 39.00		5-6 ft; Pollen free. Highly decorative. SunFill produces a thick textured starburst of large pointy sepals radiating from the bud, developing into a 3-4" diam calyx. Petals are sparse and late, hidden under the calyx, until near the end of useable shelf life. Without exposed petals or pollen, problems of rain damage should be reduced. Extremely durable and shippable. Strong exotic novelty appeal. For specialty cutflower, fieldgrown or high hoop. Colors: Green, Purple.
Sunny Smile	100sd 3.60	1M @ 30.30		6-8" small pot, 18" large container or gdn; Compact, pollen free & day-neutral. Pollen free trait aids long bloom & retention of flat disc shape. Golden flowers, broad petals, dark-disked. Fir diam. 4-6" in lg container. Tends to bloom any month of yr above 60°F, with smaller fir and plant in lower light.
Sunrich Series	☒ 100sd 3.30	1M @ 26.35		3-4 ft; Bright colors, pollen free cutflower type, nonbranching, midsize 5-6" flowers. Early & day-neutral with flowering accelerated under short days. 55-70 days from sowing. Colors: Gold (green center), Lemon, Lime, Orange.
Sunrich DMR Orange	☒ 100sd 3.75	1M @ 31.70		4 ft; Resistant to Downy Mildew, the world's first F1 pollen-free sunflower to have this trait. Produces cleaner crops with less chemical use. All other traits are like the original 'Sunrich Orange'. Blooms in 65-85 days from sowing, depending on weather. Suitable for sowing and growing Spring to Summer with long-day conditions.
Sunrich Summer Series	☒ 100sd 3.30	1M @ 25.60		3-4 ft; Bright colors, pollen free cutflower type, nonbranching, midsize 5-6" flowers. Early & day-neutral. 50-65 days from sowing, 5-10 days earlier than Sunrich. Superior for spring & summer sowing and growing, sustains production better under long-day conditions, with more slender and shorter stems. Colors: Lemon, Limoncello (vibrant yellow at disk lightening to creamy yellow at tip bicolor petal), Orange, Provence.
Suntastic Series F	100sd 12.75	1M @ 109.85		8" pot, 12" gdn; Pollen free for easy handling. Naturally dwarf and up to 2 weeks earlier than comparisons. The most compact variety in trials. 4" flowers and small leaves. Well branched and floriferous. For pots and bedding. Colors: Yellow with Black Center (2014 AAS Winner), Yellow with Clear Center.
The Joker	☒ 100sd 3.25	1M @ 24.00		6 ft; Semidouble crested flowers, 4" diameter, bicolor mahogany-red, broad gold-tipped, dark-disked. Pollen free. Branching habit. Maturity 55 days.
Tiffany	☒ 100sd 3.25	1M @ 21.80		4 ft; Pollen free professional cutflower w' short golden-orange petals, dark-disked.
Tosca	☒ 100sd 3.75	1M @ 32.35		**Treated Seed.** 48"; Pollen free, single-stem type. Early flowering 55-day single-stem type. Broad overlapping golden-orange petals on 4-5" flowers. Professional cutflower production. Matures 55 days. Long shelf life.
Vincent Series	☒ 100sd 3.25	1M @ 20.15		5-6 ft; Pollen-free & day-neutral for year-round production. Short crop cycle, very early at 8-10 weeks. Broad, nicely rounded petals are strongly overlapping, giving the flower a semidouble look. Curved neck holds the flower at 45° angle for optimal color presentation. Small upper leaves for easy shipping & arranging. Professional quality cutflower. Colors: Vincent's Choice (deep orange petals & brown centers), Vincent's Choice Deep Orange DMR, Vincent's Fresh (golden petals & crisp green centers).
☺ Vincent's Choice ¶	☒ 100sd 3.25	1M @ 22.55		**Primed for Quicker and more uniform emergence**
Vincent's Choice DMR Deep Orange	☒ 100sd 3.25	1M @ 25.40		5-6 ft; Resistant to Downy Mildew with deeper orange color. Otherwise identical to the original 'Vincent's Choice'. Pollen-free & day-neutral for year-round production. Short crop cycle, very early at 8-10 weeks. Broad, nicely rounded petals are strongly overlapping, giving the flower a semidouble look. Curved neck holds the flower at 45° angle for optimal color presentation. Small upper leaves for easy shipping & arranging. Professional quality cutflower.
Helianthus debilis				195 s/g
Pan	☒ 1M 3.30	2M @ 2.85		6 ft; Small intensely golden-yellow flowers with deep-maroon eyes and broad petals. Branches to produce numerous flower stems. Companion type to the Italian White or Vanilla Ice sunflowers. Easy fieldgrown cut for informal bouquet, also useful border plant for mass landscape.
Vanilla Ice	☒ 1M 3.15	2M @ 2.60		6 ft; 3"-6" Creamy-white flowers with deep-chocolate eyes and somewhat pointed petals. Branches to produce numerous flower stems. Companion type to Pan sunflowers. Easy fieldgrown cut for informal bouquet, also useful border plant for mass landscape.
Helianthus debilis cucumerifolius				180 s/g
Italian White	☒ 1M 5.20	2M @ 4.70		4 ft; Creamy white, dark-disked, 3" diameter. A classic for summer landscapes and good for fieldgrown specialty cuts.
☺ New Hybrids	☒ 1M 4.20	2M @ 3.60		4-5 ft; Broad color range includes white, ivory, cream to yellow and golden, and bronze to crimson and mahogany. Very showy with branches bearing 2-3" flowers on wiry stems. Useful for specialty cuts, for garden borders and mass landscapes.
Helianthus maximiliani				330 s/g ✦ Z4
Maximilian Sunflower	2M 3.60	5M @ 1.55		5 ft; Native of western plains, easily adapted to eastern gardens, for large showy golden borders & mass landscape. Dark-eyed.

Whiteout	100sd 3.25	1M @ 20.80	6" container, 8" gdn; Improved seed strain, extremely floriferous & uniform for timing and habit. Capable of producing a more even and saleable crop without pinching, and more consistent habit in mixed containers & gdn.	1707 s/g	
Impatiens					
Accent Series (F1)	200sd 3.25	1M @ 13.45	10"; Early, uniform profuse flowering. Good all around garden performance. Colors: Burgundy, Coral, Deep Pink, Lavender Blue, Red Star, Rose Star, Star Mix.		
Accent Premium Series (F1)	200sd 3.25	1M @ 13.45	12" spreading 12"; Chosen for bench-run uniformity of timing and habit. Very tight bloom window within the group. Best choice for program production. Colors: Bright Eye, Deep Orange, Lilac, Mix, Mystic Mix, Orange Star, Pastel Mix, Pink, Red, Rose, Salmon, Violet, Violet Star, White.		
Athena Series (F1)	100sd 5.50	1M @ 46.65	8"; Extremely consistent semidouble flower. Dense branching with spreading habit, covers well in bloom. Bred specifically for strong pack performance. Colors: Appleblossom, Bright Purple, Coral, Mix, Orange, Orange Flash, Red, Red Flash.		
Carnival Series (F1)	200sd 3.80	1M @ 15.80	10"; Extra large flowers on compact deep-green foliage. Colors: Blush, Metallic Deep Salmon.		
Impact Orange (F1)	200sd 3.20	1M @ 11.00	10" spreading 12"; Dwarf compact.		
Impreza Series (F1)	200sd 3.30	1M @ 13.95	6" pot spreading 12", 8" gdn spreading 14"; Very commercial and gardener friendly product. Short internodes resist stretching. Densely branching and spreading with good garden fill. Prolific bloomer keeps a lot of flowers across the entire canopy. Long shelf life and little or no PGRs. Short one week bloom window for bench run production. Colors: Blue Pearl, Cherry Splash, Mix, Passion Mix, Pink, Punch, Rose, Salmon, Select Mix, Violet, White, Red.		
Lollipop Series (F1)	200sd 3.25	1M @ 12.95	8-10"; Improved vigor and larger flowers with excellent branching, short internode. Very flat habit across the canopy. Covers the ground and cascades neatly for several inches over the edge of baskets. More compact habit vs. 'Accent'. Very abundant flowers all across the plant canopy. Colors: Bubblegum Pink, Cherry Red, Coconut White, Dragon Fruit, Fruit Punch Rose, Maxi Mix (8 colors), Orange, Peach Salmon, Pomegranate Carmine, Raspberry Violet, Tangerine.		
Super Elfin Series (F1)	200sd 3.25	1M @ 13.60	9"; Leading dwarf series of bedding Impatiens. 1.25" blooms. "XP" colors are extra tight uniformity for bench run production. Colors: Blue Pearl XP, Bright Orange, Cha Cha Mix, Clear Mix XP, Coral XP, Hot Mix XP, Lilac XP, Lipstick, Paradise Mix, Pink XP, Punch XP, Red Starburst XP, Red White Mix XP, Red XP, Rose XP, Ruby, Salmon Splash XP, Salmon XP, Scarlet XP, Seaside Mix, Violet Starburst XP, Violet XP, White XP, XP Formula Mix.		
Tempo Series (F1)	200sd 3.20	1M @ 10.95	12" spreading 12"; Large flower size, 1.5-2". Colors: Blue Satin, Blush.		
Tumbler Series (F1)	100sd 5.50	1M @ 51.15	12-14" spreading 24-30"; Bred specifically for the basket and mixed container mkts. Plants trail downward, placing more color at eye-level vs traditional Impatiens. Vigorous spreading habit offers much faster pot fill with fewer plants. Do not crowd - breeder recommends only 3 plants per 10" basket. Colors: Mix, Rose, Salmon, Scarlet, Violet, White.		
Xtreme Series (F1)	200sd 3.25	1M @ 13.45	8" spreading to 10"; Very commercial. Branches well on bench, stays compact and uniform even at high densities. Extra early, with long shelf life. Colors: Hot! Mix, Lavender, Lilac, Mix, Orange, Pink, Red, Salmon, Sapphire Mix, Scarlet, Tango Mix, Utopia Mix, Violet, White, Bright Rose, Punch, Pastel Mix.		
Impatiens balsamina ... see Balsam				600 s/g	
Impatiens New Guinea Divine Series (F1)	100sd 4.95	1M @ 41.35	**Note: Limited shelf-life. Note package sow-by dates. If stored, refrigerate in unopened packets. Culture note: New Guineas like more warmth & humidity than regular types. Ask for culture sheet.** 12" spreading 14"; Large, plentiful flowers over long season. Plant has branching, mounded habit and green-to-bronze foliage. Uniformly early in a 1-week window. High standard germ capable of mechanical sowing. Colors: Fresh Mix, Hot Cha Cha Mix, Islander Mix, Lavender, Lipstick, Mix, Mystic Mix, Orange Bronze Leaf, Orange Green Leaf, Orchid, Pink, Red, Salsa Mix, Violet, White.		
Florific Series (F1)	100sd 5.25	1M @ 44.15	8"; Large flat 2" flowers borne flat on top of foliage. Uniform well branched plants. Quick crop time, about 12-14 weeks. Grows well under high density cropping. Not susceptible to DM so can be used as safe alternative where regular Impatiens have had that problem. For jumbo packs & 4" pots. Colors: Lavender, Mix, Red, Sweet Orange (FSM), Violet, White.	200 s/g	✦ Z5
Incarvillea delavayi Bee's Pink	100sd 8.55	1M @ 73.85	18"; Soft luminous pink flowers with yellow throat. Very dressy color with lots of flrs. Excellent container, patio and border plant.		
RoseForm	200sd 3.40	1M @ 14.55	12" pot, 18" gdn; The usual type, pretty rose flowers of broad tubular shape. Hardy.

Lisianthus (Eustoma)						
Advantage Series P (F1)	☒	100sd 5.15	1M @ 42.65	28-34"; Large, fully-double middle-late (I-II) series with nice flower shape. Thicker and stronger stems better suited to production under high temperature and long day conditions. Colors: Cherry Sorbet, Green, Pink, Purple, Yellow.		
Allemande White P (F1)	☒	100sd 7.00	1M @ 60.55	32"; Large, pure-white double flowers mid season, summer to fall crop. Hard straight stems, dark foliage. Extra thick petals. Very durable in shipping and excellent weather tolerance, keeping good doubleness and hard stem even under hot climate. For professional cutflower.		
Ange Lavender P (F1)	☒	100sd 7.20	1M @ 62.00	4 ft; Large double shining lavender blue flowers, truly a beautiful shade. Very strong stems, dark foliage. Extra thick petals. Very durable in shipping. Instant sales appeal at retail due to unusual beautiful color. Flowers mid late. For professional cutflower.		
Arena Series P (F1)	☒	100sd 3.85	1M @ 31.50	31-39"; Selected for its high quality and fully double flowers on strong and sturdy stems. Colors are classified into 4 groups depending on flower earliness. Professional cut flower, good for outdoor or greenhouse production. Colors: Apricot (III), Baby Pink (III), Blue Flash (II), Champagne (III), Gold (III), Green (III), Hot Pink (III), Kilimanjaro (II Brilliant White), Light Pink (I), Mix, Mont Blanc (III), Picotee Blue (III), Pink (III), Purple (III), Red (III), Rose (IV), White 4 (IV), White 2 (II).		
Art Marine P (F1)	☒	100sd 5.50	1M @ 50.70	4 ft; Full double flowers, each petal with a sharply defined purple edge, make a frothy filigree appearance. Extra strong stems. Late flowering for summer to fall harvest. Slow growing, able to produce high quality stems even through hot season. Very long vase life. Professional quality cutflower under cover. Worth testing in open culture as well.		
☒ Bolero Blue Blush P (F1)	☒	100sd 7.00	1M @ 60.55	40"; Early flowering full double. Petallage is blushed in orchid-like pattern of rich lilac blue to softest pale blue, very appealing in bouquets. Bloom shape and quality hold up well under heat. Adaptable to both winter and summer cropping schedules. Very sturdy stems and good vase life. Less susceptible to rosetting than many other varieties. For professional cuts under cover. Worth testing in open as specialty cutflower.		
Bolero Blue Picotee P (F1)	☒	100sd 5.50	1M @ 50.70	40"; Early flowering full double. Rich petallage with broad blue picotee bands, very appealing in bouquets. Bloom shape and quality hold up well under heat. Adaptable to both winter and summer cropping schedules. Very sturdy stems and good vase life. Less susceptible to rosetting than many other varieties. For professional cuts under cover. Worth testing in open as specialty cutflower.		
Borealis Series P (F1)	☒	100sd 3.80	1M @ 32.00	30"; Extra early bloom season. Double flowered. Professional cutflower quality. Colors: Mix, Pink.		
☒ Chaconne Yellow Improved P (F1)	☒	100sd 7.50	1M @ 64.65	4 ft; Group 3-4. Unusually intense shade of yellow for large flowered Lisianthus. Full double fringed and ruffled flowers with heavy texture for extended vase life. Hard, strong stems. Medium resistance to rosetting. Professional cutflower for greenhouse or high tunnel. Growth is vigorous so fertilize sparingly to avoid burns and breaks.		
Corelli Series P (F1)	☒	100sd 4.30	1M @ 35.25	4 ft; Exceptionally large, double flowers with playfully luxurious fringed curly petals. Extra large flower bud even at unopen stage enhances interest at point of purchase. Top branching stems work well in bouquets and are easy to arrange. Durable stems and excellent vase life. For professional cutflowers. Group III mid-late for summer production. Colors: Apricot (III), Blue (III), Delft Blue (II), Light Pink 3 (III), Mix, Rose (III), White (II), Yellow (II), Light Pink 2 (II).		
Croma Series P (F1)	☒	100sd 4.35	1M @ 36.45	4 ft; Elegant highly double roseform flowers of beautiful, glowing lavender blue that goes well with a wide range of other colors. Lots of flowers per stem. Sturdy stems and thick petals add value in handling & transport to mkt. Top quality for professional cutflower growers. Colors: Blue Picotee (III), Green 1 (I), Green 3 (II), Lavender (IV), Lavender Improved (IV), Mix, Pink Picotee (III), Silky White (III), Snow (II), White (III), Yellow (II).		
Crown Yellow P (F1)	☒	100sd 7.60	1M @ 65.60	3 ft; Vivid yellow color uncommon in Lisianthus. Mid late, well branched plants with deep green foliage. Very solid petal texture and extra hard stem for durability in shipping and long vase life. Recommended for production under natural light. For professional cutflower.		
Doublini Series P (F1)	☒	100sd 5.40	1M @ 46.55	26-34" depending on space and season; Small 1.5-2.0" double rose form flowers. Classic cupped and rounded petals. Each stem carries numerous branches and is already a small bouquet when cut. Group 1, for winter and early spring market. Professional quality cutflower. Colors: Blue, Rose Pink, White.		
Echo Series P (F1)	☒	200sd 4.35	1M @ 18.40	30"; Double flowered, early bloom season, Professional cutflower quality. Colors: Blue, Lavender, Mix, Pink, Pink Picotee, Pure White, Yellow.		
Excalibur Series P (F1)	☒	100sd 5.50	1M @ 47.95	28"; Group II. Bred for improved branching, extra strong stems and excellent shelf life. Easy to grow. Numerous double flowers open on top of the plant, reducing botrytis. Reduced risk of rosetting. Colors: Blue Picotee, Green, Pure White.		
Falda Series P (F1)	☒	100sd 4.35	1M @ 36.45	4 ft; Thick single petals are deeply fringed and frilly, great for building up a voluminous bouquet. Strong stems with numerous blooms per stem and good transportability to mkt. Top professional cutflower quality. Colors: Light Apricot (II), Salmon (II), Yellow (II).		

☉ Largo Series P (F1)	☒	100sd	5.50	1M	@	50.70	40"; Group 3+ to4. Broad picotee edges of large rose-form flowers create an eye-catching swirled color pattern over white background. Very attractive in arrangements. Strong hard stems, medium resistance to rosetting. Grows well, retains good height and branching through season. Professional cutflower for late summer and fall markets. Colors: Blue Picotee, Pink Picotee.
Magic Series P (F1)	☒	100sd	3.25	1M	@	24.15	28-35"; Double flowered cutflower series, long strong stems, lovely form. Mid-Early (I-II). Colors: Champagne, Light Green (formerly Green), Lilac, Misty Pink, Mix, Pure White (formerly White), Rose, Yellow.
Mariachi Series P (F1)	☒	100sd	3.30	1M	@	27.20	32-36"; Large high-double camellia shaped flowers, quadra-petalled & 2-2.5" diam. Excellent summer crop from winter sowing. Thick petals, tough stems for shipping and shelf life. Group II professional cutflower. Colors: Best Buy Mix (best selling colors), Blue, Carmine, Grande White, Lavender, Lime Green, Misty Blue, Misty Pink, Pink, Pink Picotee, Pure White, Yellow.
☉ Minuet Dark Purple P (F1)	☒	100sd	7.00	1M	@	60.55	32-34"; Group 3. Intense dark purple with black centers. Small double rose-form flowers in great abundance on strong stems in mid-early season. Medium resistance to rosetting. For professional cutflowers, mid-summer to fall, under glass or high hoop house.
Nightingale P (F1)	☒	100sd	10.80	1M	@	93.20	32"; Beautiful, intense rose-red flowers are large & fully double. Strongest color is obtained with good lighting conditions. Recommended for summer production. Hard stems and medium resistance to rosetting. Very few varieties have this strong red color.
Papillon Rose Pink P (F1)	☒	100sd	7.00	1M	@	60.55	28"; Numerous small to medium flowered double with warm, strong, rose-pink color and perfect rosebud form. Blooms at top of stem. Excellent performance through summer into fall w/very strong stems & extra long vase life. Medium resistance to rosetting. For professional cutflower.
Revolution Series P (F1)	☒	100sd	4.35	1M	@	37.60	40" from fall sowing, 36" from spring sowing; Group 2-3 (mid-early). Medium size full double rose-from flowers. Extra thick petals and very hard stems enable easy harvest & transport. Professional quality cutflower. Colors: Green.
Rosanne Series P (F1)	☒	100sd	6.20	1M	@	52.00	3ft-4ft with tight spacing; Group 1 for spring to mid-spring crop and Group 2 for spring to mid-summer crop. Double flowers with unique colors. Thick petals make buds durable in shipping with less botrytis. Stigmas do not open so no pollen is shed promoting prolonged shelf life. Colors: Black Pearl (1), Deep Brown (2), Green (1), Brown.
Rosita 2 Series P (F1)	☒	100sd	5.45	1M	@	45.70	3-4 ft; Professional cutflower. Group 2 for spring & early summer flower timing. Produces sprays of double rose-form flowers on strong stems. Thick petals, top flowering. Ships well with little botrytis problem. Long vase life, high % usable buds. Colors: Blue Flash, Blue Picotee, Green Improved, Hot Lips (Pink Picotee), Mix (blend of listed colors), Pink Flash, Sapphire, White.
☉ Rosita 3 Series P (F1)	☒	100sd	5.45	1M	@	45.70	3-4 ft; Professional cutflower. Group 3 for summer to fall flower timing. Produces sprays of double rose-form flowers on strong stems. Thick petals, top flowering. Ships well with little botrytis problem. Long vase life, high % usable buds. Colors: Blue, Green, Lavender, Mix, Pink, Red, White, Yellow.
Sapphire Series P (F1)		100sd	3.25	1M	@	20.15	8"; True basal branching, heat tolerant, season long flowering. Colors: Blue, Blue Chip, Mix, Pink Rim, White.
Sapphire Double White P (F1)		100sd	3.95	1M	@	32.85	8"; True basal branching, heat tolerant, season long flowering, double white blooms.
Soiree Series P (F1)	☒	100sd	5.15	1M	@	44.60	32" from fall sowing, 24" from spring sowing; Early, very large, 3" full double flowers with fringed petals. Long hard stems with extra high percentage of undamaged buds & stems. Saves labor and adapts to wide range of crop regimes. Professional cutflower for shipping greenhouse or open culture for local mkt. Colors: Orange Flash, Pink Flash (II), White (I), Yellow.
Super Magic Series P (F1)	☒	100sd	4.15	1M	@	34.60	28-35"; Full double 3" roseform flowers on strong stems. Mid-Early blooming (I-II). For professional cutflower. Colors: Apricot, Deep Blue, Green, Mix, Pink, White, Champagne, Lilac, Rose, Pure White, Capri Blue Picotee.
☉ Voyage 2 Series P (F1)	☒	100sd	6.55	1M	@	54.60	2ft in high light or broad spacing, 3ft in lower light or close spacing; Group 2. Top-flowering habit. Large lushly double fringed flowers in gorgeous colors. Strong petal texture for enhanced shipping and shelf life. Professional cutflower, spring cropping. Colors: Deep Rose, Light Apricot, Champagne, Blue, Green, Pink, Yellow, White, Mix.
Vulcan Series P (F1)	☒	100sd	3.30	1M	@	26.80	31-39"; Tall sprays loaded with 2" cup-shaped flowers. Extra thick, firm petals for durable shipping and extra vase life. Stable high-contrast picotee patterns even under short days. Resists rosetting. Colors: Blue Picotee II, Champagne II, Deep Violet II, Pink Picotee II, Purple Picotee II.
Wonderous Series P (F1)	☒	100sd	6.30	1M	@	52.50	3ft, up to 4ft with tight spacing; Group I for spring to summer crop. Double flowers with unique colors. Thick petals make buds durable in shipping with less botrytis. Stigmas do not open so no pollen is shed promoting prolonged shelf life. Colors: Light Brown, Purple.

Resists stretching in warm conditions. Colors: Blotch Mix (10 colors), Deep Blue w' Blotch, Mix, Neon Violet, Purple w' Blotch, Red w' Blotch, Rose w' Blotch, Tricolor, White, White w' Blotch, Yellow, Yellow w' Blotch.
Cool Wave Series ¶ (F1)		100sd 15.25	1M @ 128.50						8" spreading 24"; Next generation trailing Pansy with greater vigor, larger blooms and improved seed quality. Outstanding performance worldwide earns it the right to wear the famous 'Wave' name. Forms spectacular trailing, cool season baskets. A profuse spiller in mixed combos, and creates a quick, high-impact groundcover. Unsurpassed for overwintering hardiness. Culture Note: Do not overcrowd; use 128 plug or larger. One plug fills up to 6" pot, only 3 plugs up to 13" container. Colors: Berries N Cream Mix, Blue Skies, Blueberry Swirl, Frost, Golden Yellow, Mix, Morpho, Purple, Raspberry, Sunshine 'N Wine, Violet Wing, White, Fire, Lemon.
Crown Series ¶ (F1)		100sd 3.30	1M @ 27.45						6"; Large flowering, unblotched. Colors: Azure, Blue, Gold, Mix, Orange, Purple, Rose, White, Yellow.
Crown Yellow Splash R (F1)		100sd 3.25	1M @ 25.15						
Delta Series (F1)		100sd 3.25	1M @ 23.15						6" spreading to 8"; Extremely uniform in timing & habit. Tightly branched habit requires less PGRs. Earlier to bloom and more free-flowering than other series. Overwinters well & rebounds from severe weather. The Premium colors raise the bar for uniformity in habit & flowering time, plus they are more manageable & resist stretching better than the colors they replace. Colors: Blaze Mix, Citrus Mix, Cotton Candy Mix, Fire, Lavender Blue Shades, Monet Mix, Pink Shades, Pure Colors Mix, Pure Red, Pure Rose, Tricolor Mix, Watercolors Mix.
Delta Premium Series (F1)		100sd 3.25	1M @ 23.45						- Colors: Beaconsfield, Blotch Mix, Blue Blotch, Blue Morpho, Buttered Popcorn Mix, Cool Water Mix, Deep Blue, Gold Blotch, Marina, Mix, Neon Violet, Persian Medley, Primrose Blotch, Pure Golden Yellow, Pure Lemon, Pure Light Blue, Pure Orange, Pure Primrose, Pure Violet, Pure White, Pure Yellow, Red Blotch, Rose Blotch, Tapestry, True Blue, Violet&White, White Blotch, Yellow Blotch, Yellow Purple Wing.

☉ Delta Speedy Series (F1)	100sd 3.25	1M @ 23.15		5" spreading 7"; Nearly day neutral, extra quick flowering and very uniform, tight bloom window. These traits provide opportunity for fall and winter color in south & west. Otherwise like Delta, with masses of large up-facing blooms and strong weather tolerance. Colors: True Blue, Clear White, Clear Yellow, Deep Blue with Blotch, Frost, Rose Medley, Yellow with Blotch, Mix.	
☉ Deltini Series (F1)	200sd 4.30	1M @ 18.00		4" spreading 5"; Nearly day neutral for programmable production, selling into winter-flowering mkts in South and West, as well as early northern spring. Fast crop time with 4-day bloom window, even under short day conditions, enables bench run shipping to mkt. For fall, winter, spring packs & bedding. Colors: Blue, Burgundy, Honeybee, White, Yellow, Mix.	
Dynamite Series R (F1)	100sd 3.25	1M @ 23.95		8"; Large flowered. Blooms continuously fall to spring. Bud setting is day-neutral & requires no chilling. Blooms 7 days earlier than Crowns & Regals. Colors: Orange, Pure White, Purple, Scarlet, Yellow Blotch.	
Fizzy Series (F1)	100sd 3.25	1M @ 23.35		6" spreading 10"; Frilled and ruffled petals. Bright yellow with purple picotee and purple face. Small % solid yellow or purple. Compact leaf, outward facing flowers. Unique combo for impulse sale. Colors: Grape, Lemonberry.	
Freetail Series (F1)	100sd 6.55	1M @ 55.00		8" spreading 14"; Early flowering pansies with true winter flowering performance. Low spreading habit is ideal for late summer production, as they are less prone to stretching. Requiring fewer plants per container and per square yard in the garden, they literally cover an area with color. Colors in mix Deep-Violet, Lavender, Purple & White, Purple Wing & Yellow. Colors: Deep Violet, Golden Yellow, Lavender, Little Faces Mix, Mix, Purple & White, Purple Wing, Regal Mix.	
Frizzle Sizzle Series (F1)	100sd 3.25	1M @ 23.35		8"; Large flowered, offering more unique and bold colored mix. 100% frilled, hybrid vigor and earliness. Recommended for spring production in 4" and larger pots. Colors: Blue, Burgundy, Mix, Orange, Raspberry, Yellow, YellowBlue Swirl, Lemonade.	
Grandio Series R	100sd 3.30	1M @ 27.80		4" pack, 6" gdn spreading 8"; Extra large flowers retain short peduncle to mkt at all production seasons, spring, winter & fall. Habit extremely uniform across all colors, both clear and blotched. Colors: Blotch Mix (4 colors), Citrus Mix, Clear Golden, Clear Mix (6 colors), Complete Mix, Deep Blue Blotch, Masquerade, Rose Blotch, Royalty Mix (ClearGolden +ClearRose + True Blue), True Blue, White Blotch, White Rose Blotch, Yellow Blotch.	
Gypsy Giants Series (F1)	200sd 3.65	1M @ 15.20		7"; Versatile and economical. Blended from older F1 Hybrid series that are being phased out of production. Large flowered hardy pansy, extra large flowers, choice colors. Colors: Mix.	
Halloween II (F1)	100sd 3.25	1M @ 24.45		6-8"; Black w' slight face.	
Imperial Series (F1)	100sd 3.25	1M @ 23.95		7"; Large flowers, unique colors, big color show in beds or containers. Colors: Antique Shades.	
Inspire Series (F1)	200sd 3.40	1M @ 14.35		6"; Both spring and fall sales. Large flowers on short stems with flat habit across a wide range of conditions from pack onward. Broad color range, many special. Colors: Blotch Mix, Blue Blotch, Blue Velvet, Bright Blotch Mix, Carmine Blotch, Clear Face Mix, Deep Blue Blotch, Golden Yellow, Lavender Pink, Lemon Red Blotch, Lilac Shades, Mix, Peach Shades, Primrose, Purple, Purple&Orange, Purple&White, Red Blotch, Rose, Scarlet, Terracotta, True Blue, White, White Blotch, White Red Blotch, Yellow Blotch, Yellow Red Wing.	
Inspire DeluXXe Series (F1)	200sd 3.40	1M @ 14.25		6" pots, 8" gdn; Extra large 3"-3.5" flowers in 'Majestic' class. Early, tight bloom window, with all colors reaching 50% bloom in 75-85 days. All colors in series achieve the large bloom size. Flowers long lasting for outdoor performance. Strongly branching to cover well and stays compact with short peduncles under both fall and spring cropping. Branches to fill a gallon. Lasts into winter in hot climates, with less daylength sensitivity than other extra-large flower types. Colors: Blue Surprise, Deep Blue Blotch, Denim, Maxi Mix (12 colors), Mulberry Mix, Ocean, Rose Velour, White Blotch, Yellow Blotch.	
Inspire Plus Series (F1)	200sd 3.40	1M @ 14.20		6" pots, 8" gdn; Large 2.5"-3" flowers in 'Delta' class. Early, tight bloom window, with all colors, including True Blue, reaching 50% bloom in 78-86 days. Very uniform large bloom size. Flowers long lasting for outdoor performance. Beefy foliage and strong branching cover well and stays compact with short peduncles under both fall and spring cropping. Branches to fill a gallon. Good overwintering in hot climates. Colors: Blue Blotch, Blue Velvet, Maxi Mix (13 colors), Orange, True Blue, White Blotch, Yellow.	
Joker Series	500sd 3.90	1M @ 6.55		6"; Round multicolor flowers on compact plants. Colors: Jolly Joker (FSM/AAS), Light Blue, Mix, Poker Face (violet & orange).	
Karma Series (F1)	100sd 3.25	1M @ 19.00		6-8"; Early flowering, compact & bushy, sturdy stems. Colors: Blue Butterfly, Blue Sun, Copperfield, Deep Orange, Midnight Sun, Mix, Pink Blotch, Rose Blotch, Rose Fire, True Blue, Violet w' Face, White, Yellow, Yellow Blotch.	
Magnum Series (F1)	100sd 3.30	1M @ 26.60		6"; Compact mounding habit with strong plant mass. High count of large flowers above foliage on neat short peduncles. Resists summer stretching. Finishes fast and holds well in sales outlets. Colors: Blue Blotch, Mix (15 colors), Red Blotch, Yellow Blotch.	
Majestic Giants Series R (F1)	100sd 3.30	1M @ 26.45		7"; 4" blotched flowers. Colors: Purple.	
Majestic Giants II Series R (F1)	100sd 3.30	1M @ 27.15		6"; Large upfacing 3.5" flrs, resists stem stretching. Colors: Blue Jeans, Blue&White (blue cap), Clear Purple, Clear White, Clear Yellow, Deep Blue, Fire, Marina, Mix, Purple, Purple Blotch, Red, Rose, Sherry, White Blotch, Yellow Blotch.	
Mambo Series (F1)	100sd 3.70	1M @ 31.70		8"; All bicolors w/ yellow, white or orange centers. Great contrast in pots or beds. Colors: Top Azure w/Lemon Face.	

	Trade Pkt \$ per pkt	XT Qty \$ per 1000 sd	(M=1000)	Toll Free: 888 645 2323 Fax: 864 227 5108	 GeoSeed
Mammoth Series (F1)	100sd 3.25	1M @ 23.25		6-8"; Extra large flowers in 'Majestic' type. Robust branching plants and short flower stems resist stretching under summer conditions leading up to fall sales. Flowers stay flat and face out for maximum visual impact. Colors: Big Red, Bluetiful, Deep Blue Dazzle, Glamarama White, Masquerade Mix, Mix, On Fire, Pink Berry, Prima Yellowina, Queen Yellow Bee, Rocky Rose, Sangria Punch, Viva La Violet, White Hot.	
Mariposa Series (F1)	100sd 3.25	1M @ 21.85		6" spreading 8"; Multiflora series packed with special vibrant colors and unique patterned shades. Robust root system is strong for overwintering. Non-stretch stems even in heat. Colors: Blue Blotch, Blue Over Yellow, Fire, Marina, Orange Blotch, Red Blotch, Red Wing, Rosy Sunset, Violet w' Face, Yellow.	
Matrix Series (F1)	100sd 3.25	1M @ 23.90		8" spreading 8"; Large 3.5" flrs. Bred for less grower loss and better sell-through. Superior plant structure, with the most uniform selection under long days. Tight bloom window in Fall production assures colors ship at the same time. Short stems and heavy textured petals with great holdability. Colors: Beaconsfield, Blotch Mix, Blue Blotch, Blue Frost, Citrus Mix, Clear Mix, Halloween Mix, Mix, Morpheus, Ocean, Ocean Breeze Mix, Orange, Purple, Raspberry Sundae Mix, Red Wing, Rose, Rose Wing, Sangria, Solar Flare, Topaz Garnet Mix, White, Yellow, Yellow Blotch.

Sunburst Ruby	100sd 3.30	1M @ 27.95	16"	Easy to germinate. A profusion of white-centered, ruby-red blossoms on 16" stems. Graceful, bushy, hardy perennial, with shimmering, narrow, glossy green foliage.
Pentas lanceolata				1125 s/g
☺BeeBright Series P (F1)	100sd 7.45	1M @ 62.40	6" spreading 12" pot, 8" spreading 12" gdn;	A week earlier in CA trials. Tightly uniform habit across all colors, fills a pack with bloom. Very productive flowering, with numerous clusters at a time on plants. For fast packs, pots, bedding. Colors: Mix (5 colors), Red.
Glitterati Purple Star P	100sd 7.80	1M @ 65.15	12" spreading 10" pot, 22" spreading 18" gdn;	Unique new star pattern, white with purple edge outlining the star shaped flowers. Grows and blooms quickly and reblooms for long color season. For summer containers, combos, bedding.
Graffiti Series P (F1)	100sd 6.95	1M @ 57.90	8"	Large flower clusters, very vibrant color. Early uniform timing & habit across all colors. Branches strongly into a flat mound. Durable thru hot & humid weather. Dependable color in planters & beds. Colors: Bright Red, Lavender, Lipstick, Mix, Pink, Red Velvet, Rose, Violet, White.
☺HoneyCluster Series P (F1)	100sd 7.20	1M @ 60.75	12" spreading 14" container, 14" spreading 18" gdn;	Vigorous branching habit, large clusters carried well above foliage. Strong plant stands up to heat and keeps flower power through long season. For mid to large containers, knee high gardening. Colors: Mix (4 colors), Red.
Kaleidoscope Series P (F1)	100sd 6.95	1M @ 57.90	10" pot, 18" gdn, spreading to 16";	No PGR. Large flowers with vivid color hug canopy. Erect rounded plant, easy to ship. Strong in hot & humid weather. Durable color planters and landscapes. Colors: Appleblossom, Carmine, Deep Red, Deep Rose, Lilac, Mix, Pink.
Lucky Star Series P (F1)	100sd 7.80	1M @ 65.15	12" spreading 12" pot, 16" spreading 14" gdn;	Very fast followup blooms grow into same canopy layer with prior flush rather than stretching up, creating very tight color density. Maintains color show from first sale thru end of season. For containers from 6" to gallon, bedding. Colors: Dark Red, Deep Pink, Lavender, Mix, Pink, Violet (most intense), White, Raspberry.
New Look Series P	100sd 7.25	1M @ 60.55	10";	Dwarf compact plants for baskets, patio containers & landscape. Colors: Mix, Red, Rose, Violet, White.
Northern Lights Lavender P	100sd 8.60	1M @ 71.85	10";	New type. Easier to grow. Tolerates low pH levels and flowers freely in both cool and heat. Large umbels unfold new flowers continually, for season-long production both north and south.
Pepper				220 s/g
Basket of Fire (F1)	100sd 16.30	1M @136.95	**Ornamental Edible** 12" spreading 24";	Hanging basket ornamental edible pepper. Compact leafy semi-trailing plants drip with small hot pencil-shaped fruits maturing from deep-purple thru cream & orange to bright red. Good tolerance to cooler weather lasting into fall. Good fresh and easy to dry. Schoville heat rating approx. 80000shu.
Cayennetta (F1)	100sd 17.25	1M @148.90	**AAS 2012. Ornamental Edible** 6" spreading 12";	Cascading pepper. Mildly hot. Numerous bright 4" peppers ripen green to red. Very attractive in baskets, planters or kitchen gardens. Tolerates both hot and cold summers.
Chenzo (F1)	100sd 11.15	1M @ 94.40	**Ornamental Edible** 10" pot, 22" at maturity spreading 20";	Very high color contrast. Black fruit matures to bright red. Pendant fruit form a wall of color under mounded, deep-green canopy. Holds up well under cool temp. 45,000 Scovilles. For basket, container, or harvesting chili peppers. 85 days to maturity.
☺Habanero Primero Red (F1)	100sd 11.85	1M @102.15	18" spreading 18"pot, 24" spreading 24" container;	Extremely early maturity for a Habanero, 60-65 days green, 75-80 days red ripe. Vigorous open plant habit, broadly branching and erect. So early it can be raised along with other crops for spring plant sales. Can be sold with small fruit in large containers along with ornamentals. The 2.75" x 1.5" fruit are quite hot, averaging 40,000 Scovilles, but only about 1/3 the heat of traditional Habaneros. For garden centers, large containers or fresh mkt farm sales when a less extreme heat is desired.
Loco (F1)	100sd 10.85	1M @ 92.15	**Ornamental Edible** 18" spreading 24";	Compact branching plants produce a heavy yield of oval fruits that ripen from dark-purple to bright-red. Upright fruits grow above the foliage creating a colorful spread. Great for popular patio container gardening. Schoville heat rating approx. 24000shu.
Mohawk (F1)	100sd 11.15	1M @ 94.40	**Ornamental Edible** 12";	Sweet thin walled fruit mature to light orange. Compact spreading habit for containers and baskets. Early bearing. Holds well for long shelf life.
Patio Fire N Ice	500sd 5.50	1M @ 9.60	**Ornamental Edible** 12";	Compact plant covered with long upright sweet edible fruit, with colors progressing from yellow to red to orange. 56 days to harvest from transplant. For ornamental edible container sales, veg bedding, local fresh mkt.
Redskin (F1)	100sd 11.15	1M @ 94.40	**Ornamental Edible** 12";	Sweet thin walled fruit mature to deep-red. Compact spreading habit for containers and baskets. Early bearing. Holds well for long shelf life.

	Trade Pkt \$ per pkt	XT Qty \$ per 1000 sd	(M=1000)	
Sweet Pickle	200sd 3.20	1M @ 11.80		12" potted, 15" gdn; Top of plant is covered with clusters of sweet 2" oval fruit, coloring from yellow to orange to red to purple. Thick sweet walls, good for pickles & salads. Safer around children than hot types. For ornamental edible containers, veg bedding sales, fresh local veg mkts.
Thai Hot Ornamental	500sd 3.15	1M @ 4.80		**Edible Ornamental** 8"; Spreading mounded plants form a densely branching small-leaved canopy covered in small, extremely hot 1" fruit. Shiny green & red, very ornamental and useful. Can be picked a long time from bowl, basket or kitchen garden. For ornamental edible container, veg bedding.
Pepper Capsicum baccatum Mad Hatter (F1)	100sd 13.30	1M @112.85		143 s/g **AAS 2017** 24" container, 36" gdn. Exotic shape fruit, edible and ornamental. 68 days green, 88 days red. Trials reported excellent vigor, earliness, high yields, large size and lovely sweet, citrusy taste with occasional tiny tinge of heat near the seeds. Commonly used in Bolivian and Peruvian cuisine. Showy & novel three-sided shape. Vigorous, robust plants have performed well across North America.
Pepper Capsicum x chinensis Ghost (Naga Jolokia)	100sd 9.95	1M @ 85.80		220 s/g **syn. Bhut Jolokia** 30" container, 60" gdn; Said to be the world's hottest pepper. Originates in Assam region of India, where the sources were kept secret for many years. 2" teardrop fruits start lime green and ripen to scarlet orange. Grow warm to max pungency. It would be a good idea to wear disposable gloves when handling seed or fruits, and to avoid contact with eyes, as for any hot pepper.
Perilla frutescens Green Leaved	1M 3.20	2M @ 2.75		1200 s/g 16-20"; Crinkled lime-green leaves, spicy cinnamony scent & flavor. Used in Japan for sashimi side dish & as tempura.
Perovskia atriplicifolia Blue Steel	☒ 100sd 13.50	1M @114.80		1000 s/g ✦ Z4 18" 1st yr spreading 14", 30" 2nd yr spreading 20"; FYF and No Vern. Pure caerulean blue flower spikes, silvergreen foliage and stems. Massive color all summer. More compact than Taiga with more spreading branches for superior containers & landscapes. Worth testing as fieldgrown cutflower specialty on closer spacing. Heat and drought tolerant. Very hardy.
Persicaria orientalis Cerise Pearls	☒ 200sd 3.25	1M @ 12.20		90 s/g 3-4 ft; Exotic arching rosy red flower spikes in great profusion borne at top of branches. Large heart shaped, intense green leaves. Best sown direct to borders or mass landscape. Worth testing for fieldgrown cut arrangement material.

Petunia multiflora Brigitta P (F1)	500sd 4.65	1M @ 8.00		12"; Soft violet with deep purple-violet veins arranged in star pattern. Compact. Novel material for pack & garden. 10000 s/g
Carpet Series P (F1)	500sd 3.25	1M @ 5.40		10-12"; Compact, basal-branching plants produce early, 2.5" blooms. Good rain & heat tolerance. Colors: Blue, Blue Lace, Blue Star, Bright Red, Buttercream (soft yellow), Lilac, Mix, Neptune Mix (solid blues & white), Pink, Plum, Rose Star, Salmon, Sky Blue, True Blue (mid blue), Velvet (burgundy purple), White.
Celebrity Series (F1)	1M 4.20	2M @ 3.50		10-12"; Combination of the greenhouse performance of grandifloras with the outstanding garden performance of multifloras. Bloom size is 2-3". Colors: Chiffon Morn (AAS), Lilac, Lilac Morn, SaltWater Taffy Mix, Strawberry Ice, Yellow.
Celebrity Series P (F1)	1M 5.15	2M @ 4.25		- Colors: Blue, Blue Ice, Burgundy, Burgundy Frost, Burgundy Star, Carmine, Chiffon Morn (AAS), Desert Sky Mix, Ice Mix (veined varieties), Lilac, Lilac Morn, Mix (solid colors), Morn Mix, Neon, Niagara Mix (cool shades of blue), Pastel Mix, Peach Ice, Pink, Pink Morn, Plum Ice, Red, Red Morn, Rose, Rose Star, Salmon, Sky Blue, Strawberry Ice, Watercolors Mix, White, Yellow.
Damask Series P (F1)	200sd 3.20	1M @ 10.40		4" pack 6" gdn; Genetic dwarf type with flat habit, needing little or no PGR, suited to high-density benching in packs & small pots. Early, uniform, neat plants that deliver strong landscape vigor. Colors: Blue, Mix, Red, Rose, Violet, White.
Gioconda Series P (F1)	100sd 8.70	1M @ 75.20		8" spreading to 35"; New crosses bred for the ability to adapt and grow in a wide range of temperatures, possibly extending the garden season to earlier spring or later fall dates. Very dense branching and spreading habit. Colors: Blue & White, Fuchsia, Lime Yellow, Mix (18 colors), Purple & White, Rose & White, Saturn Blue.
Horizon Series (F1)	1M 5.15	2M @ 4.25		10"; Extra early flowering. Uniform tight timing and habit across series. Thick weather tolerant petals keep color over long season. Colors: Red, Ruby, Sunrise Mix, Yellow.
Ingrid P (F1)	500sd 3.85	1M @ 6.65		12-14"; Unique wierd & wonderful fashion shade. Palest pink drifted petals with creamy greenish yellow throat spreading to about 30% of the flower surface. 5 distinct brown rays extnd from center to edge of petal in starburst pattern with a network of tiny brown veins between. Fir diam 2.5". Low compact plants will spread and cascade over edges of container.
Mambo Series P (F1)	200sd 3.50	1M @ 15.15		6"; This is the multiflora counterpart of Limbo, with same flat habit but smaller flowers. Colors: White.
Merlin Morn Series P (F1)	200sd 3.25	1M @ 12.20		10"; Compact, well branched plants produce early, 2.5" blooms. Good rain & heat tolerance. Colors: Blue (AAS), Mix, Pink, Rose.
Nora P (F1)	500sd 4.65	1M @ 8.00		12"; Soft sky blue with deep violet-blue veins arranged in star pattern. Compact. Novel material for pack & garden.
SharpStar Series P (F1)	500sd 3.75	1M @ 6.45		12"; 'SharpStar' features very striking, sharply delineated star patterns. 2.5" flowers with intense color zones and a pure white star pattern that looks almost painted on with no color bleeding into the white. Bushy branching plants for planters, beds. Will produce a slight overhang used in baskets. Colors: Rose, Burgundy, Red, Mix.
Sophia P (F1)	500sd 3.75	1M @ 6.45		12"; Warm, soft pink with deep rosy red veins arranged in star pattern. Compact. Novel material for pack & garden.
Petunia pendula Trailblazer Series (F1)	500sd 3.35	1M @ 5.35		6" trailing to 18"; F1 'Surfinia' types from seed. East Europe. Large flowered. Cascading habit, flowers all along stem from crown to tip, normal habit when young for easy shipping, lateral bushing to 18" after transplant into basket. Colors: Deep Red, Mix, Rose, Salmon, Sunlight (bright yellow w' soft yellow edges), White. 10000 s/g
Trailblazer Series P (F1)	200sd 3.90	1M @ 16.85		- Colors: Blue Star, Deep Red, Mix, Red, Red Star, Rose, Salmon, Sunlight (bright yellow w' soft yellow edges), White.
Velvet Series P (F1)	100sd 6.30	1M @ 52.70		2-3 ft cascading; Vigorous overhanging varieities competing well with cutting-grown trailing types. Abundant mid-size 2"-3" flowers will cover whole plant under proper culture. Creeping habit from seedling onward. If used in bedding, fills rapidly and results in a thick mat of color about 10" high. Likes plenty of nutrition. Colors: Purple (intense purple w' dark throat), Rose Vein, Rosy, Salmon Shades, White, Mix.

Petunia Spreading

Avalanche Series P (F1)	100sd	10.95	1M @	91.45	3-6" spreading to 24-36"; Early to bloom and day neutral, allowing for easy scheduling of crop without supplementary lights. Weather tolerant, producing masses of color all over plants, not just at the terminal ends of lateral growth. Full, well-mounded habit is very conducive to premium hanging basket production. Grower-friendly, manageable habit with long bench life. Colors: Lavender, Lilac, Pink, Salmon Shades.
Evening Scentsation P (F1)	100sd	14.65	1M @	122.15	**AAS Winner 2017** 5" spreading 30" pot, 8" spreading 36" gdn; Unique fragrance, recalling Hyacinth, Rose and Honey to the senses. Beautiful indigo blue flowers. Strong spreading stems with short internodes and prolific branching produce a tight canopy of flowers for massive color show. For bedding baskets and containers from 6" to gallon.
Explorer Series P (F1)	100sd	7.15	1M @	59.50	8" spreading 24"; Strong garden plants spread out quickly to cover a bed or basket. Well suited to landscape and container. Colors: Magenta, Pink.
Hotunia Radiance Series P (F1)	100sd	5.50	1M @	49.50	6" spreading 30" container, 8" spreading 36" gdn. Heat loving, disease tolerant, born and bred under hot-humid tropical conditions. Sowing to bloom is 70-80 days SD, 65-75 days LD. Mounded branching habit fills baskets & beds quickly and covers in large 2-3" blooms across the entire canopy. Tested well in Southeastern trials. Worth a try throughout the Eastern sunbelt. Colors: Blue, Pink, Purple, Red, White, Mix (11 colors).
Opera Series P (F1)	100sd	12.25	1M @	102.40	5" spreading 18"; Robust garden performance. Trailing habit covers a lot of ground, well suited to landscape and container. Colors: Deep Purple, Light Purple.
Opera Supreme Series P (F1)	100sd	14.35	1M @	120.35	4" spreading 4 ft; Profuse branching. Continues blooming along entire length of stem. Daylength neutrality uniform across series. Colors: Blue, Coral, Lavender, Lilac Ice, Mix, Pink Morn (AAS), Purple, Raspberry Ice, Red, Salmon, White.
Ramblin Series P (F1)	100sd	12.15	1M @	103.85	10-14" spreading to 36"; Very uniform and early flowering across the series for easy planning, growing and shipping. Strong garden vigor - great for mid to late season turns, larger containers and where a little more vigor is required. Robust, full coverage for baskets, containers and beds - no bald spots. Colors: Amethyst, Burgundy Chrome (*), Calypso Mix, Lavender (*), Lilac Glo (*), Mix, Neon Rose (*), Nu Blue (*), Peach Glo, Pink, QuickMix (*), Razzleberry Mix, Red, Salmon Capri, Shades O'Pink (*), Sugar Plum, Violet, White (*), Sky Blue.
Rapide Series P (F1)	100sd	13.45	1M @	111.80	5"; An early flowering spreader, with large floribunda type flowers massed on creeping plant. Containers & landscape. Colors: Bright Rose, Chiffon, Mix, Pink, Pink Morn, Purple, Sunshine (clear light yellow).
Success Series P (F1)	100sd	11.15	1M @	93.90	10"; Improved spreading series. Data from trials shows extremely early and uniform timing, reaching 1st, 50% and 90% bloom an avg of 7 days ahead of other series with all colors coming on within an extremely tight 6-day selling window at each stage. 1st growth is up, then spreading begins right after transplant, avoiding tangled seedlings. Extremely flat habit rebranches and blooms across the entire canopy throughout season for a complete color fill. Colors: Blue, Burgundy, Coral, Liberty Mix, Maxi Mix, Pink, Pink Vein, Purple, Red, Silver Vein, Twilight Mix, Violet, White, Yellow Chiffon.
Trilogy Series P (F1)	100sd	13.40	1M @	115.40	12" gdn spreading to 30"; Exceptionally well behaved dome-shaped habit. Spreading occurs in response to available root zone, overlapping container edges only about 25%, but maxing out in the garden at about 3ft diam. Hence, no tangling at any stage. 1 plant will fill a 10" pot quickly but not become ungainly. Garden coverage is achieved quickly and predictably. Mounded habit, short internodes even after blooming. Long shelf life and reduced sensitivity to day-length. Produces solid canopy of multiflora blooms. For 4"-6" pots, bedding, baskets and planters. Colors: Blue, Custom Mix, Deep Purple, Lavender Blush, Lavender Pink, Purple, Rose, Salmon Morn, Scarlet (currently tighter habit than series & 7 days later), White, Rouge, July Mix.
Petunia superbissima					6000 s/g
Fluffy Ruffles (F1)	1M	3.15	5M @	1.95	18"; The "California Giants" of bygone days. Gigantic flowers with waved and ruffled petals, good color range including veins and throats, long drooping habit, baskets beautifully.
Ruffly Double Series P (F1)	200sd	3.25	1M @	12.50	12"; Giant Tetraploid flowers up to 5" on upright robust plant. Petals are heavily textured and deeply ruffled with many doubles and semi-doubles. Novel container item. Colors: Alba (with wildly purple-veined throat), Cerny Triumph Mix, Dark Purple, Rosea, Wine Red.
Petunia violacea					11000 s/g
...	2M	3.25	5M @	1.40	4" trailing to 2 ft; South American native species, very durable, reseeds in landscape. Lots of small flowers with violet interior and violet to rosy-red exterior. Flowers are borne along long stems. Droops over hanging basket when provided a dry stress treatment. Typical foliage.

Red Torch	☒	1M	3.20	2M	@	2.75	4 ft; Scarlet-red.			
Tomato										330 s/g
Big League (F1)		100sd	8.25	1M	@	71.00	48" spreading 28"; Very large fruit for a container tomato producing 14-21 oz beefsteaks. Fine sweet flavor, rated at 6.5 brix. 47 days harvest from transplant. Determinate habit. Heavy fruit will need support. For trellised container veg, veg bedding.			
Candyland		100sd	4.20	1M	@	36.20	**AAS Winner 2016** 5-7 ft spreading 3-4 ft; 55-60 days. Winner in national trials due to tidy manageable habit, easy culture and harvest. Branched trusses make fruit easier to pick without damage. Trusses can be harvested whole for appealing mkt display. Very high yield of small fruit. For bedding plant sales, or fresh mkt growers.			

Heirloom Marriage Big Brandy (F1)	100sd	8.20	1M @	68.70	Indeterminate; 2 heirlooms, Big Dwarf x Brandywine, were crossed to make Big Brandy. Jumbo 12-15 oz fruit in about 80 days from transplant. Beefsteak shape like Brandywine, wonderful flavor. More productive than either parent.
Heirloom Marriage Genuwine (F1)	100sd	8.20	1M @	68.70	Indeterminate; Cross between Brandywine x Costoluto Genovese. Large 10.5-11.5 oz fruit in about 70 days from transplant, larger fruit and much earlier than Brandywine, less fruit blemish but all of the flavor of an old-time tangy tomato. Substantially higher yield than either parent.
Heirloom Marriage Marzinera (F1)	100sd	8.45	1M @	73.00	6 ft indeterminate spreading 3 ft; Roma type, a cross between 2 heirlooms. Hybrid vigor gives large yields of firm, fleshy 3 oz fruit.
Mega Bite (F1)	100sd	6.60	1M @	54.75	**Patio Vegetable** 12-18"; Breeding breakthrough that combines the beefsteak-type with the habit of a determinate plant. Easily grown on a small patio where the 3-4" fruits (up to 60) can be harvested all summer long.
Peardrops (F1)	100sd	6.60	1M @	54.75	**Patio Vegetable** 8" trailing 2 ft; Oval golden-yellow 1 oz fruit. Well branched plants yield prolific trusses of sweet, thin skinned fruit. Delicious right from the vine.
Rambling Gold Stripe (F1)	100sd	6.60	1M @	54.75	**Patio Vegetable** 8" trailing 2 ft; Heirloom flavor. Golden-yellow, distinctly green-striped. Cascades to 2 feet. For planters and baskets.
Rambling Red Stripe (F1)	100sd	6.60	1M @	54.75	**Patio Vegetable** 8" trailing 2 ft; This is the first "heirloom flavor" 'cherry' tomato. Pendulous stems cascade more than 2 feet, making it an excellent choice for patio containers and hanging baskets. Deep-red fruit has distinct green stripes for a unique appearance.
Red Profusion (F1)	100sd	7.80	1M @	67.15	6" spreading 22"; Determinate trailing cherry tomato bred for marketing large veg baskets with fruit in color. Exceptionally early ripening at 47 days from transplant. Habit stays neat, branches profusely 360°. Produces abundant scarlet 1" fruit on 10-12" hands. Very sweet and tasty at 7 brix. Good weather tolerance provides durable aftermarket product. For veg container, veg bedding.
Stellar (F1)	100sd	13.35	1M @	111.85	**AAS Winner 2016** 30" spreading 24" pot, 36" spreading 36" gdn; 70-75 days. 70-75 days. Super disease package includes Septoria Leaf Spot and both Blights, enabling high yield potential and long lasting harvest from clean plants. Round 5-7 oz fruit load up on vigorous plants. Excellent slicing quality. Best for trellis culture in open ground. Home gdn, promoted by AAS, fresh mkt.
Sugar Gloss (F1)	100sd	6.60	1M @	54.75	**Ornamental Edible** 5-6 ft trellised indeterminate habit, spreading 2 ft; Produces massive trusses of bright glossy red cherry tomatoes. 1.5" diam. fruit are arrayed in beautiful spreading trusses 12-18" long, hanging from the sturdy plant and bearing up to 60 fruit per truss. First ripe fruit in 50 days after transplant. Very sweet and tasty at 12 % brix rating. This can be summer long delight for the consumer. Requires trellis support. For large finished veg tubs, veg bedding plant, worth testing for local fresh produce.
Sweet 'n' Neat Series	100sd	6.60	1M @	54.75	**Patio Vegetable** 10" pot, 14" gdn; Extra compact type suitable for use in patio containers or other extra-small garden spaces. Very neat, strongly branched plants can be easily retailed showing green fruit. Determinate habit but produces masses of tasty cherry tomatoes all season. Approx 48 days maturity. Colors: Cherry Red, Scarlet, Yellow.
Sweet Valentines (F1)	100sd	10.90	1M @	94.15	12-16"; 48-55 days. Highly flavorful 1.5" heart shaped fruit. Well branched determinate habit is self-mounding and cascading, excellent product for pot, baskets and combo planters.
Tumbling Tiger (F1)	100sd	6.60	1M @	54.75	**Patio Vegetable** 6" trailing 1 ft; Features cascading bunches of red, gold-striped 2" oval fruit and needs only 2 plants to fill a 14" basket. Grows in a neat, compact habit and is ideal for patio gardeners and container gardens.
Torenia					
Clown F1 Series P	100sd	3.25	1M @	20.40	8"; Landscape annual that can survive extra long, hot summers. Colors: Mix, Violet.
Duchess Series P (F1)	100sd	3.25	1M @	20.55	8"; Bred to perform as an exceptional pot plant, but does equally well in both sunny & shady gardens. Tight, mounding habit ideally suited for pack & pot production. Colors: Blue & White, Burgundy, Deep Blue, Mix, Pink.
Kauai Series P	100sd	3.25	1M @	22.50	8"; Offers the fullest range of brighter, eye-catching colors. More manageable & cost effective on the bench -- more compact habit than 'Clown'. Tighter bloom window at about 8 days, with most colors and the mix being earlier than 'Clown'. Colors: Blue & White, Burgundy, Deep Blue, Lemon Drop, Magenta, Mix, Rose, White.
Little Kiss Series P (F1)	100sd	3.25	1M @	22.95	6-8"; Offers excellent basal branching and is uniform in flowering time and habit. Heat tolerant, ideal in patio containers, beds and borders. Mix includes Blue, Blue & White, Burgundy, Rose Picotee & White. Colors: Mix.
Trachelium caeruleum					
Lake Michigan Blue P	200sd	3.80	1M @	15.80	30"-42" depending on spacing; Broad umbels densely packed with flowers. Wiry upright stems. Long shelf life and good shipability. Mid-season Group 3 type for late spring to early summer flowering from mid-winter to early spring transplants. Also possible to harvest in fall to early winter from late summer to early fall transplants.
Tradescantia virginiana					
Blue	100sd	3.25	1M @	21.75	**syn. T. x andersoniana** 20"; Eastern American native. Grows strongly in border, each erect stem tipped w' bright blue.
Tradescantia x andersonii					
Shimmer Mix	100sd	3.30	1M @	28.15	20"; Hybrids in red & blue shades.

Xeranthemum				650 s/g
Lumina Series	☒ 2M 3.70	5M @ 1.60		2 ft; Best immortelle for professional production of cut or dryflower crops. Strong colors, large double flowers, uniform habit & strong stems. Colors: Mix.
Yucca filamentosa				80 s/g ✦
Adam's Needle	200sd 3.45	1M @ 14.90		6 ft; Glaucous dark gray-green foliage w' curly-white threads, creamy flowers, quite hardy.

	Trade Pkt \$ per pkt	XT Qty \$ per 1000 sd	(M=1000)	
Yucca glauca Soapweed	200sd 3.35	1M @ 14.50		45 s/g ✦ 5 ft; Bluish foliage, greenish white flowers in erect racemes. Hardy perennial.
Zaluzianskya capensis Midnight Candy	1M 3.70	2M @ 3.20		8500 s/g 12"; Shining white flowers emit a beautiful fragrance at night. A lifestyle market specialty, to enhance outdoor living along paths or in planters near patios or on porches.
Zantedeschia aethiopica Calla Lily Santa	✦ 100sd 51.95	1M @447.70		50 s/g ✦ Z8 14" container, 24" cutflower; FYF. First time in commerce from seed. Purest soft white flowers, shaped like a spouted vase with a single golden anther inside. Long lasting petals have thick, waxy texture. Glistening dark green foliage, sturdy stem. Capable of culture as container plant or as cutflower. A classic bridal cutflower. Crop culture sheet available upon request. Short 11-hr days induce flowering. Crop time from 5 to 9 months depending on sow dates. Seed grown crops escape most disease buildup experienced by vegetative propagators.
Zea Mays (Ornamental Corn) Field of Dreams	100sd 15.40	1M @129.15		6 s/g 3 ft pot, 5 ft gdn spreading 18"; Highly variegated green & white with touches of rose. Adds color and structure to large combo pots and interesting accents in the landscape. Plants produce attractive ears with dark kernels can be popped for even more interest. For a fast retail product in as little as 30 days, sow 3-4 seeds per container.
Japonica	✦ 100sd 5.50	1M @ 51.50		**Ornamental Grass** 8 ft; Select stock of variegated foliage corn, excellent as accent plants for bedding.
☉ Pink Zebra	100sd 16.70	1M @143.00		4 ft spreading 1 ft; Ornamental foliage, starts deep green with pink and cream stripes along the length of blades and bronze stalks. Late season develops vivid magenta stripes with deep purple stalks. Outlasted other varieties in trials. For large containers or tall borders. Worth testing as a cornucopia specialty for fall markets.
Zinnia Art Deco	500sd 4.85	1M @ 8.35		120 s/g 3 ft; A special blend for the cutflower grower. Giant, florist quality, fully double flowers are produced on long, sturdy stems. Long blooming with excellent disease resistance. Colors: Bright Pink, Carmine Rose, Coral, Deep Red, Golden Yellow, Lilac, Lime, Mix, Orange, Purple, Salmon Rose, Scarlet, White, Wine.
Benary's Giant Dahlia BluePoint Series	✦ 200sd 4.30	1M @ 18.20		
Button Box Mix Candy Mix	2M 3.70 ✦ 500sd 4.15	5M @ 1.60 1M @ 7.15		10"; Fully double mix, beehive shaped flowers. 30"; Large crested double mix of scabiosa-type flowers, bright and fluffy, novelty look for fieldgrown cutflower.
☉ Cresto Series	✦ 500sd 4.15	1M @ 6.95		30"; Reselected, much improved over traditional crested-double lines to provide 75% crested double flowers and uniform, strong-stemmed habit. About 75% with bold crested domes surrounded by a ring of normal broad petals like a ballerina's tutu; about 25% single flowers. Choice material for field-grown or high hoop. Also good for tall to knee-high border or mass landscaping. Colors: Mix, Orange, Red, Yellow.
Cupcakes Series	✦ 100sd 3.90	1M @ 33.60		32"; Unusual fluffy crested flower form, and several very unique shades. Numerous 2" blooms on upright stems. Good for fieldgrown cutflower, can be used as colorful filler among larger flowers. Also as whole-plant bouquets and mass landscaping. Colors: Cream White, Deep Orange, Mix, Pastel Shades, Pink, Red, Rose, Yellow.
Dahlia Flowered Gold Medal Series	✦ 1M 3.40	2M @ 2.95		3 ft; Large 4" semidouble flowers, flat petals, strong plants for fieldgrown cuts. Colors: Canary Bird (yellow), Dream (rosy lavender), Miss Willmott (pink), Mix, Purity (white), Royal Purple (purple), Will Rogers (scarlet).
Dreamland Series ¶ (F1)	100sd 7.30	1M @ 61.00		12"; Dwarf, 3-4" formal double Dahlia flowers, still unique after 20 years. Colors: Coral, Ivory, Mix, Pink, Red, Rose, Scarlet, Yellow.
Envy	✦ 5M 4.15	10M @ 0.70		24"; Semidouble chartreuse green, flat petal flowers.
Giant Cactus Flowered Mix	✦ 5M 4.35	10M @ 0.75		3 ft; Large flowered semidouble mix of cactus type flowers 4-5" across.
Inca	✦ 500sd 4.80	1M @ 8.25		3 ft; Large, extremely cactus-form flowers with double rows of long, spidery petals, brilliant intense orange, maroon-eyed. Good for fieldgrown specialty cutflower.
☉ Macarenia	✦ 500sd 3.20	1M @ 5.50		30"; Scarlet petals with sharply contrasting golden tips. Very vibrant. Large 3" mostly double flowers. Strong stems. For fieldgrown specialty cutflower, borders, bedding. Companion to Mazurkia.
Magellan Series (F1)	100sd 11.95	1M @ 99.95		12"; Large elegant full double Dahlia-flowered blooms 3+ inches across adorn dwarf, densely branched plants. Uniform timing and habit. Ideal for bedding and container programs with blockbuster sales appeal. Colors: Cherry, Coral (AAS), Ivory, Mix, Orange, Pink, Salmon, Scarlet, Yellow.
Magizzle Mix (F1)	100sd 14.70	1M @122.95		10-12"; Special 9 color blend of Swizzles & certain Magellans for color impact. Dwarf w/ large fully double 4" flowers. Robust growth for quick fill in landscape & containers.
Mazurkia	✦ 500sd 3.20	1M @ 5.50		30"; Ruby red petals with sharply contrasting white tips. Very vibrant. Large 3" mostly double flowers. Strong stems. For fieldgrown specialty cutflower, borders, bedding. Companion to Macarenia.
Oklahoma Series	✦ 1M 5.15	2M @ 4.30		3 ft; Long stems bearing 2" formal double flowers. for professional cutflower use. High yield of stems w/ good shelf life. Colors: Carmine Rose, Golden Yellow, Mix, Pink, Salmon, Scarlet, White.
Pinca	✦ 500sd 5.15	1M @ 8.70		36" spreading 18"; Large, bright-pink blooms measure up to 6" across. Fully double cactus flower type. A prolific bloomer all summer long. Choice fieldgrown cutflower also adds interest to the garden.

		Trade Pkt \$ per pkt	XT Qty \$ per 1000 sd	(M=1000)	Toll Free: 888 645 2323 Fax: 864 227 5108	GeoSeed
Pop Art Golden and Red	☒	200sd 3.45	1M @ 14.85	24"; Impressive bicolor of bright golden-yellow blooms all with bright red blotches or streaks. Medium-sized double flowers. Borders, containers or cutflower bouquets will "pop" with color.		
Pop Art White and Red	☒	200sd 3.45	1M @ 14.85	24"; Striking bicolor of pure white blooms all with bright red blotches or streaks. Medium-sized 2.5" double flowers. Borders, containers or cutflower bouquets will "pop" with color.		
Profusion Series		100sd 3.85	1M @ 33.15	10"; Interspecific cross w' dense spreading habit, resistant to diseases that can spoil normal Zinnia in humid or cool weather. Free flowering, self cleaning bloom canopy. Colors: 5 Color Mix, 7 Color Mix, AllAmerica Mix (4 AAS Winners), Apricot, Cherry (AAS), Coral Pink, Deep Apricot, Fire, Lemon, Orange (AAS), Red (AAS), Sunrise Mix, White (AAS), Yellow.		
Profusion Series F		100sd 4.40	1M @ 37.00	**Slick Coat seed for easy sowing** - Colors: 7 Color Mix, Apricot, Cherry (AAS), Coral Pink, Deep Apricot, Fire, Orange (AAS), Red (AAS), White (AAS), Yellow.		
Profusion Double Series		100sd 3.85	1M @ 33.15	- Colors: Deep Salmon (AAS), Fire, Gold, Hot Cherry (AAS), Mix, White, Yellow.		
Profusion Double Series F		100sd 4.40	1M @ 37.00	- Colors: Cherry, Deep Salmon (AAS), Fire, Golden, Hot Cherry (AAS), White, Mix.		
Profusion Double Single Mix		100sd 3.95	1M @ 33.15	10"; Blend of 11 colors chosen from among both double and single Profusion varieties so as to provide in one mix the broader color range available in the collection.		
Pulcino Salmon	☒	500sd 5.25	1M @ 9.15	20"; Mid height, large rounded double flower.		
Pumila Cut & Come Again	☒	500sd 3.75	1M @ 6.50	2 ft; Noteworthy heirloom mix that produces small 2-3" double flowers in shades of cream, pink, salmon, white, yellow & more. A classic for fieldgrown cuts.		
Queen Series	☒	100sd 4.70	1M @ 40.30	30"; Specialty cutflower that produces high yields of 3" fully double blooms, with an occasional outlier or semidouble. Their sturdy stems and fade resistant colors make them outstanding cuts with a long vase life. Also performs well in large pots & gardens. Colors: Lime, Lime Blotch, Mix, Red Lime, Lime Orange (priced separately).		
☺ Queen Lime Orange	☒	100sd 5.50	1M @ 49.45	**2017 AAS Winner** 28" container, 36" gdn; Gorgeous showstopper was the word for this variety in the 2017 trials. Unique new color, coral orange with lime green inner petals and red-rose centers, shifted to peachy orange with buttery lime inner ring and scarlet centers. Large 3-4" highly double fluted Dahlia type flowers, strong stems. Very durable plant, showed little foliage wilt vs comparisons, a great beauty til summer's end. Height reached 4 feet when crowded. Cut blooms lasted 3 weeks in vase at room temp with no special treatment. Must-have cutflower, field grown or high tunnel. Also a robust beauty for large showpiece containers.		
☺ Senora	☒	500sd 3.90	1M @ 6.75	3 ft; Glowing double salmon pink. Very large 3-4" double cactus flowers. Eye catching. For borders, fresh local cutflowers in field or high tunnel.		
Short Stuff Series (F1)		100sd 9.15	1M @ 75.60	10"; More dwarf than other zinnias, but still show off large, fully double blooms. Ideal for jumbo packs, pots or garden. Colors: Cherry Shades, Coral, Deep Red, Gold, Mix, Orange, Scarlet, White.		
Short Stuff Series C (F1)		100sd 9.25	1M @ 77.45	- Colors: Mix.		
State Fair Mix	☒	200sd 3.20	1M @ 10.60	4 ft; Tetraploid mix. Giant flowers, extra thick stems, less susceptible to PM & Alt. Premium selected strain for professional fieldgrown cuts.		
Sun Series (F1)	☒	100sd 5.50	1M @ 48.75	18-24" container, 32" gdn; F1 Zinnia, giant formal dahlia flowers on hedge forming plants. Extra large flowers, extra full double. May be stretched at close spacing for longer stems as cutflower. Mix contains extra shades of ivory, lemon and apricot. Colors: Cherry, Gold (AAS), Red (AAS), Sunshine Mix (includes more colors).		
Super Cactus Giant Series	☒	1M 3.15	2M @ 2.60	3 ft; Seven bright colors. Giant flowered tetraploid mix. Quilled cactus-form petalage. Premium quality. Choice for fieldgrown cutflower or mass landscaping. Colors: Mix.		
Swizzle Series (F1)		100sd 17.40	1M @ 145.25	10"; Vibrant bicolor flowers are sure to stimulate impulse sales. Full, bushy plants are covered w/large, double blooms and will perform great in the garden. Colors: Cherry & Ivory, Mix, Scarlet & Yellow.		
Thumbelina		2M 3.60	5M @ 1.55	6"; Elf sized plants for edging or containers, 2" flowers in mixed pastel shades.		
Topolino Series		100sd 3.25	1M @ 19.65	10"; Compact growing, large flowers, a dwarf version of Pulcino w' same elegant color range & rounded double flower. Colors: Mix.		
Tudor	☒	500sd 5.50	1M @ 9.45	3 ft; Giant Dahlia-flowered type, deep purple. Large fully petalled flowers. For fieldgrown cuts, landscape, tall borders.		
Uproar Series (F1)	☒	100sd 13.35	1M @ 113.45	32" spreading to 2 ft; Well branched plants covered with extra large, double blooms. Breeder recommends direct multiple sowing for a stunning show w/ reduced transplant & labor costs. Heat lover for extended large container sells. Also specialty cutflower. Colors: Rose.		
Uproar Series C (F1)	☒	100sd 13.55	1M @ 114.85	- Colors: Rose.		
Whirlygig Mix	☒	2M 3.00	5M @ 1.15	26"; Extra select, large semi-cactus flowers, petals ends in contrasting colors, cutflower.		
Yoga Series	☒	2M 3.35	5M @ 1.45	3 ft; Professional cutflower for direct sowing. Tall base branching habit. Mostly non-branching stems bear good sized double flower, just right for bouquets. Also good for whole-plant bouquets and shipping in bunches. Colors: Mix, Orange, Purple, Rose, Salmon, Scarlet, White, Yellow.		

		Trade Pkt \$ per pkt	XT Qty \$ per 1000 sd	(M=1000)	Toll Free: 888 645 2323 Fax: 864 227 5108	GeoSeed
Zinderella Series	☒	100sd 4.15	1M @ 35.70	25"-32"; Very special tall powderpuff flowers. A rounded mound of small central petals with dark purple eye at center, atop a short "tutu" of broad light colored base petals. For specialty cutflower. Lilac is 32", Peach and Purple are 25". Colors: Lilac, Peach, Purple, Orange, Red, White, Mix.		
Zinnita Series		100sd 3.25	1M @ 23.80	6-8"; Compact w' an abundance of fully double flowers, well branched habit & globe shape. Colors: Formula Mix, Orange, Rose, Scarlet, White, Yellow.		
Zowie! Series (F1)	☒	100sd 13.45	1M @114.85	2 ft spreading to 2 ft; Well branched plants loaded w/ big 4" double, bicolor flowers. Eye-catching centerpiece for large container or alone in 4" pot. Ideal as garden or specialty cut. Colors: Yellow Flame (AAS; gold with magenta centers and chocolate cone).		
Zowie! Series C (F1)	☒	100sd 13.60	1M @116.15	- Colors: Yellow Flame (AAS; gold with magenta centers and chocolate cone).		
Zinnia angustifolia (linearis)						1900 s/g
Crystal Series		100sd 3.25	1M @ 22.15	10"; Neat mounded habit bearing a plenty of glistening flowers. Exceptionally carefree grower, beautiful in all sorts of weather. Colors: Mix, Orange, White (AAS), Yellow.		
Star Series		1M 4.80	2M @ 4.00	14"; Single star-shaped flowers up to 2" across. Heat, humidity & drought tolerant makes for exceptional garden performance. Colors: Gold, Orange, Starbright Mix, White.		
Zinnia grandiflora						330 s/g ✦ Z4
Rocky Mountain Zinnia KL		100sd 15.80	1M @136.30	6" spreading 10"; FYF. Low growing, mound-shaped plant. Abundant bright, golden-yellow flowers with orange centers. Tiny, needle-like leaves form a mossy-green mat. Grow in packs, pots, rock gardens. Very drought tolerant.		
Zinnia haageana						
Aztec Burgundy Bicolor		100sd 3.30	1M @ 26.30	6" spreading to 10"; Highly double flowers. Petals burgundy with white tips. Very high contrast for easy, showy pack and bedding.		
Aztec Sunset		100sd 3.25	1M @ 23.95	6" spreading to 10"; FSM. Highly double mix with bicolors of red, russet, purple, gold, white, cream, orange & maroon. Compact and mildew resistant. Carpeted with 2" flowers.		
Jazzy Mix		500sd 4.85	1M @ 8.35	18"; Special bright double bicolors with tightly packed two-tone petals, cream thru gold to purple thru mahogany. Long flowering and durable plants. Worth testing as a field grown cutflower for fresh local mkt. Colors: 18"; Special bright double bicolors with tightly packed two-tone petals, cream thru gold to purple thru mahogany. Long flowering and durable plants. Worth testing as a field grown cutflower for fresh local mkt.		
Persian Carpet		2M 3.50	5M @ 1.50	1 ft; Variegated double flowers in shades of red, gold and white. Flowers 2" diameter, broadly pointed petals with contrasting colors at tip.		
Soleado	☒	500sd 4.15	1M @ 7.15	18" spreading 12"; Produces a mass of bright and cheery single blooms displaying 3 colors on same bloom. Petals are light-orange w/ golden-yellow edges and mahogany ring around center. Strong plants have dark-green leaves and are weather tolerant. Striking cutflower or colorful in container or garden.		
Zinnia marylandica						550 s/g
Zahara Series		100sd 3.85	1M @ 31.90	12" pot, 18" gdn spreading 12" to 18"; Larger flrs & brighter colors for this type, with high disease tolerance and low water needs. High color impact over long season, in pots, planters, bedding. Note: Starlight Rose may fade in high light. Colors: Bonfire Mix, Cherry, Fire, Mix, Raspberry, Raspberry Lemonade Mix, Red, Starlight Rose (AAS), Sunburst (FSM), White, Yellow.		
Zahara Series C		100sd 4.00	1M @ 33.45	- Colors: Bonfire Mix, Cherry, Coral Rose, Fire, Mix, Raspberry, Raspberry Lemonade Mix, Red, Starlight Rose (AAS), Sunburst (FSM), White, Yellow.		
Zahara Double Series		100sd 3.85	1M @ 32.60	16-20"; Fully double 2.5" flowers. Both new Double Zaharas are AAS winners ('Fire' also FSM Gold). Proven leaf-spot & mildew resistance. 'Fire' is bright, fiery orange & 'Cherry' is intense, cherry-pink. Colors: Bright Orange, Brilliant Mix, Cherry, Complete Mix, Fire, Raspberry Ripple, Salmon, Strawberry, White, Yellow.		
Zahara XL Series		100sd 3.85	1M @ 32.20	18" pot spreading 18", 24" gdn spreading 24"; Robust plant with larger flower size & broad petals. Able to rapidly cover ground or container. Bright eye-catching colors for strong appeal in landscape and patio. Can be grown pot to pot from 4" up to gallon size. For knee-high garden, planters or in landscape. Colors: Fire, Mix, Pink, White, Yellow.		
Zinnia tenuifolia						260 s/g
Red Spider	☒	500sd 3.15	1M @ 4.75	30"; Small, shockingly single red flowers with curious twisted spiderlike petalage on upright stems. For annual borders or novel, easy fieldgrown cutflower.		
Zinnia x hybrida						450 s/g
Bedder Lilac Rose		500sd 3.50	1M @ 6.00	10"; Open pollinated. Compact mound shaped plant covered in lilac rose flowers resting just above the plant canopy. Quite good performance and an economical alternative to the F1 hybrid marylandica crosses. Bedding and pots.
