# Wholesale Catalogue

## Welcome to our 2015/16 wholesale catalogue

Here at Gedney Bulb Company we pride ourselves in being specialist wholesale growers of true hardy plants. We have been growing hardy plants since 1981 and are situated in the Lincolnshire fens on the east coast .

Our plants are grown hardy, exposed to the cold windy weather that we experience on the east coast. This way you receive a plant that is true to type.

For those that stock your benches early in January and February, you have the advantage of a hardy plant that you can put straight out....that's why Gedney's plants are hugely popular!

The plants we grow are consistent with reliable quality that look great and sell fast with a low retail price point which works well with multi-buys.

We have an exciting year ahead, with many improvements and changes, like a new range of bigger labels, new correx for promotions and a new extensive range of 2 litre Herbaceous plants.

### New Extensive range of 2 Litre Herbaceous

We've had a big change around on our 2 litre range and now have another nursery dedicated to growing 2 litre.

This has enabled us to vastly increase the range we grow to over 450 varieties, with a superb range of new varieties that we don't grow in our 9cm range.

Also we can now offer individual barcode on all our 9cm and 2 Litre Herbaceous ranges.

At only £2.10 each, you can retail this large range of plants at £5.99.

## New bigger labels in 2016 for maximum impact!

We have 2 new ranges of labels to introduce.

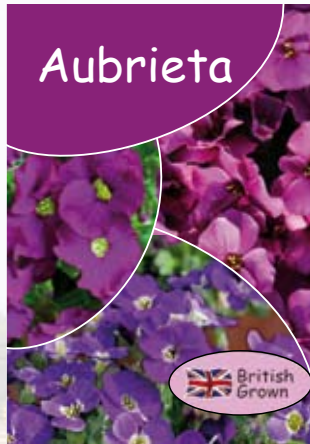

All of our potted bulb range will now have these large colourful labels.

Also we are rolling this large label out to our range of Alpines too during Spring 2016.

This will make your display look even more inviting to your customers.

## New A3 correx point of sale on all Promotions

We are providing A3 correx point of sale boards, free when reserving qualifying amounts. See our centre pages for more details

## Personalise your plants...

Did you know we can incorporate your logo onto the pre-pricing label. Email your logo to our office and we will do the rest

## Revamped Website & Easy Online Ordering

We have made even more improvements to our website, making it even easier to use on tablets and mobiles. With more information and images of our products

- *Keep track of your spending by knowing your order value as you go along*
- *Trolley count, so when selecting plants you know when you have reached a full trolley*
- *If you are unsure you can click on a variety to display a pop up, with description and picture*
- *All plants have up to date grades*

Our minimum delivery is still only 1 trolley, which can be made up from any of our products. This enables you to order more regularly and keep your displays looking fresher.

Weekly availability lists are sent by email, fax or downloaded from our website, with the online ordering proving to be a very popular way to order. Order by 4pm on Monday for the same week delivery.

# Alpines

## New bigger labels in 2016 for maximum impact!

We are rolling this colourful large label out to our range of Alpines during Spring 2016.

This will make your display look even more inviting to your customers.

Although we can't show you how these labels will look as a display, you can rest assure that they are going to look amazing!

Look out for pictures on our website and availability email.

- One trolley minimum order
- Over 450 varieties of Alpines
- Osmocote for longer shelf life
- Free delivery to England & Wales
- Full colour labels and pos material

- Plant grown hardy and true to type
- Pre-pricing and barcoding available
- Include your logo on any pre-pricing
- Choose from weekly availability lists

Quality 9cm Alpine plants, with over 450 varieties available, grown hardy with many impulse and choice varieties. We are continually increasing our range to include more unusual varieties. Our competitive price and eye catching presentation make these a fast selling product. They are supplied with free correx point of sale and bench banners to enhance your sales area.

‘The easiest and best way to ensure you have a fantastic looking order is to ask for a trolley that is looking good, but if you have particular varieties that you do or dont want, then just let us know’

**68p each**

20 Plants per tray  
4 Trays per shelf  
36 Trays per trolley

# 1 Litre Alpines

These larger Alpines extend the season and have proved to be a consistently good selling line throughout the year.

We have extended our range to over 350 varieties. They will also have the new large label available in Spring 2016.

They are great as a range or just to pick out the winning varieties, like Rhodohypoxis or Geranium Ballerina, that we supply for promotions.

You can reserve these on our pre-season order form.

# 9cm Herbaceous

A simple, yet very attractive range of hardy 9cm Herbaceous plants. With over 500 varieties to choose from, all with colourful labels firmly attached to the pots, free correx point of sale and bench banners, your display always looks presentable.

Grown hardy and overwintered, means these vigorous plants have a good root system to survive. We have many customers that start filling their benches from January onwards, with many retailing at £1.99 and offering a multi-buy of 3 for £5

Our point of sale material makes a bright, colourful and stunning display, even early in the year when your sales benches need that lift to attract customers.

To reduce packaging waste these come in returnable trays

We can now offer individual barcoding across our full Herbaceous range.

Also available to order online with images and descriptions if you're unsure of a variety

- One trolley minimum order
- Osmocote for longer shelf life
- Over 500 varieties of 9cm Herbaceous
- Free delivery to England & Wales
- Full colour labels and pos material

- Plant grown hardy and true to type
- Pre-pricing and individual barcoding available
- Include your logo on any pre-pricing
- Individual barcoding available
- Choose from weekly availability lists

# 2 Litre Herbaceous

## New Extensive range of 2 Litre Herbaceous

We've had a big change around on our 2 litre range and now have a separate nursery dedicated to growing 2 litre.

This has enabled us to grow over 450 varieties of 2 Litre herbaceous with a large list of varieties that we don't grow in our 9cm range.

At only £2.10 each, you can retail this large range of plants at £5.99.

Large point of sale correx boards and bench tape are provided with your first order.

6 Plants per tray  
6 Trays per shelf  
36 Trays per trolley

From  
£2.10 each

We can now offer individual barcoding across our full Herbaceous range.

Choose from weekly availability lists or let us choose for you.

Also available to order online with images and descriptions if you're unsure of a variety. There are also some promotional varieties that you can reserve.

# Potted Bulbs

## New bigger labels for maximum impact!

Although we can't show you how these labels will look as a display, you can rest assured that they are going to look amazing!

These big labels will certainly make your display even more colourful.

Look out for pictures on our website and availability email.

*Order before 30th September to receive a 5% discount on all our potted bulb range*

*Delivery available pre-christmas or early January*

## 9cm Potted Bulbs 68p each

These have proven to be a successful range of potted bulbs! Competitively priced, but still maintaining a high standard of bulbs and ensuring there is a good pot full, along with our new larger bespoke colour labels and point of sale, these are excellent value for money.

We have extended the range to over *90 varieties* in 9cm pots, so you have even more choice this year.

Also we are offering a 5% discount across the whole range for all orders received before 30th September, giving you a good opportunity to sell them at a sensible price and still make your margins!

## 9cm Specials 90p each

Alongside the core range, we do a selection of Snowdrops, Bluebells and Winter Aconites

## 9cm Speciality Snowdrops £1.50 each

These speciality Snowdrops are a great addition to your display. We are offering elwesii, flore plena and ikariae

# Potted Bulbs

## 6 Pack Tete a Tete & Red Riding Hood £2.10 each

The Tete a Tete & Red Riding Hood proved to be very popular indeed, retailing at £4.99. These are grown in the pack, with a dedicated colourful handle, making it an easy pick up and promotional product.

## 6 Pack Mixed £4.15 each

A mix of 6 different pots taken from our main range of potted bulbs.

## 1 Litre Potted Bulbs £1.35 each

The 1 litre potted bulb range gives you a fantastic selection of larger Tulips and

Daffodils, along with other miscellaneous varieties. Again these are all good pot fulls, with the large colourful label and over 50 varieties to choose from.

## Wholesale Cash & Carry

Our cash & carry is stocked full of great looking plants for you to choose from.

Trading times:

Monday to Thursday 8.30am to 5pm

Friday 8.30am to 3pm

*Open to wholesale customers only*

## Colourful Garden Bulbs

Take a look at our 'colourful garden' range of bulbs.... Top quality, good bulb size and count, attractive packaging and point of sale, low minimum orders and quick top ups.

With pre-packs costing just 88p per pack and £2.10 for the larger bags.

See our main bulb catalogue for more information or visit our website

## Open Ground & Liners

Whether you're a professional grower or a small nursery with some spare space and staff looking for jobs in the quiet winter months, this range of overwintered hardy field grown plants and pot grown liners are great for potting in to a 2 or 3 litre pot.

Full colour labels are available for most varieties.

See our order form or website for full list
