LST Personnel From All Parts of Country Prove They Can Take It

uses. Ordnance can lift a 30-ton tank

Among the army personnel aboard our ship was Capt. Varren Pershing.

A surgeon, an architect, and a politician disputed which belonged to the eldest profession.

The surgeon claimed the distinction because Eve was made from Adam's rib. That, he contested, was surgery.

I asked if the General was still our ship was Capt. Varren Pershing, at Walter Reed hospital. He said their wish for an easy job and a place on a payroll. We do not need those who merely wish a place on a payroll.

I have been told that despite his age and poor health General Pershing is very close to this war, and that some of our general staff call on him almost daily for advice and enforced, with application to both

Come in --- and cool off. \$25 to \$32.50

Possibly your neighbor is a person to users give up service. In handling them whom a telephone is essential in performance of important war duties, or for public health, welfare or security. Such orders come first today, and are filled promptly. Or he may have moved from elsewhere

in the same exchange or an adjacent one where he already had service. Or, it may be that your neighbor ordered a telephone before you did, in which case it's only right that he should have the preference. Such orders can be installed only as present

we follow a uniform and fair procedure provided for in orders of the War Production Board and in tariffs filed with the proper regulatory hodies. Problems like this are unavoidable is wartime, when the armed forces need al-

most all the telephone and other communications equipment that can be manufactured. We, too, will be glad when we again can supply all the service everybody needs - immediately

FOUR YEARS AGO, Hans was in our shoes

HAMS is a German. Four years ago, he felt the way But this alone is not enough. The lives of brave men many of us feel today. He thought the war was are not enough. Money is needed too.

He had reason to think so. Far more reason chan we have. France was his. England was bloody after Punkerque. The German Army seemed invincible.

But the war wasn't almost over. And now it is our If every last one of us here at home will try to match somes that are on the march. It is our bombers blast- the constant, day-to-day drive of the men who fight German cities. Victory is in our grasp. It's up to our battles, we'll raise that money. de vey Hans did.

biost of us know that this is the military crisis of this war - the time when our fighting men must give everything they have, not once in a while but hour

For this is the financial crisis of the war just as surely as it is the military crisis. Millions of dollars' worth of equipment is being destroyed. The money to replace it must come from us, quickly.

The way to do it is to put every cent we can possibly

invest into U.S. War Bonds. Not some of us. All of us. Not once in a while during a drive, but regularly.

Can we do the job that Hans couldn't do? It's up to

And here are 5 more reasons for buying Extra War Bonds!

2. War Bonds return you \$4 for every \$3 in

3. War Bonds help keep prices down.

4. War Bonds will help win the Peace by increasing purchasing power after the War.

. War Bonds mean education for your chil-

dren, security for you, funds for ratirement.
