NURSERY & GARDEN

About Us

At All Green, we pride ourselves on quality and service. For the past 40 years, we've been providing businesses and the local community plant life, landscape and gardening supplies, and unparalleled service.

Our range of botanical plants and trees are grown locally, right here in Melbourne. We propagate our own plants at a dedicated facility, carefully grown for our climate.

We make the best selection of plants and trees available to our wholesale customers, ensuring a large variety for any size project. As a family business, our reputation is built on the foundation that our service lives up to the highest standards, and our plants are matched to the highest quality.

~ Linda & Romeo Fragapane, Directors

“As a family owned business that relies on quality and service for their customers, we use and recommend All Green Nursery for all materials and plants. On time deliveries and the quality of materials are essential to our business and we rely on All Green Nursery to deliver this on a daily basis.”

*– Noel Fritz, Owner
NW Landscaping*

“Every customer is important to us, we are consistently striving to deliver professional, reliable and quality service.

Our passion for our business and beliefs will influence our community and create strong relationships.”

– Samuel Fragapane, Manager
