It is used to experiment equipotential in which the current is sent to the conductor line making the direction of electromagnetic fields, and to experiment the differences of equipotential among the fields caused by electrodes.
60000000	Musical Instruments and Games and Toys and Arts and Crafts and Educational Equipment and Materials and Accessories and Supplies	60100000	Developmental and professional teaching aids and materials and accessories and supplies	60104900	Electrical physics materials	60104918	Photoelectric apparatus	A device which can demonstrate the photo electric effect and the Planck constant by using the photo electric tube. It can identify the wave length of the light, and it consists of a photo electric tube, the amperemeter, the light source, and the current amplifier.
60000000	Musical Instruments and Games and Toys and Arts and Crafts and Educational Equipment and Materials and Accessories and Supplies	60100000	Developmental and professional teaching aids and materials and accessories and supplies	60104900	Electrical physics materials	60104919	Leyden jar	A condenser made with an insulated glass bottle with tin foil inside and outside of the glass. It stores static electricity and is used for the discharge experiment.
60000000	Musical Instruments and Games and Toys and Arts and Crafts and Educational Equipment and Materials and Accessories and Supplies	60100000	Developmental and professional teaching aids and materials and accessories and supplies	60104900	Electrical physics materials	60104920	Cloud chamber	A experimental device which enables the observation of the path of radial rays in which the air is infused into the chamber and expanded adiabatically, then water vapor is made. When the light is radiated, the radiation can be detected in path.
60000000	Musical Instruments and Games and Toys and Arts and Crafts and Educational Equipment and Materials and Accessories and Supplies	60100000	Developmental and professional teaching aids and materials and accessories and supplies	60104900	Electrical physics materials	60104921	Zeeman effect apparatus	A device used to experiment Zeeman effect, the splitting of a spectral line into several components in the presence of a static magnetic field caused by the electric spin.
60000000	Musical Instruments and Games and Toys and Arts and Crafts and Educational Equipment and Materials and Accessories and Supplies	60100000	Developmental and professional teaching aids and materials and accessories and supplies	60104900	Electrical physics materials	60104922	Coulombs law apparatus	Equipment to experiment the Coulomb's Law that force acting between 2 small electrified bodies is proportional to 2-times the quantity of electric charges, and reversely proportional to the square of distance between these 2 bodies.
60000000	Musical Instruments and Games and Toys and Arts and Crafts and Educational Equipment and Materials and Accessories and Supplies	60100000	Developmental and professional teaching aids and materials and accessories and supplies	60104900	Electrical physics materials	60104923	Discharger	A device that is used to attach at the tip of the ebonite handle by bending the metal bar and it is used in the discharge experiment of different electrified bodies.
60000000	Musical Instruments and Games and Toys and Arts and Crafts and Educational Equipment and Materials and Accessories and Supplies	60100000	Developmental and professional teaching aids and materials and accessories and supplies	60104900	Electrical physics materials	60104924	Faradays law apparatus	Equipment that is used to experiment the Law of Electronic Induction of M. Faraday, which induces the voltage with the magnetic field within the coil changed by moving the magnet in the coil wrapped with the conducting wire.
60000000	Musical Instruments and Games and Toys and Arts and Crafts and Educational Equipment and Materials and Accessories and Supplies	60100000	Developmental and professional teaching aids and materials and accessories and supplies	60104900	Electrical physics materials	60104925	Flemings law apparatus	Equipment that is used to experiment the J.A. Flemings Rule, which is to display the relationship with the direction of the magnetic field and the force working on the conducting wire flowing of the current placed within magnetic field.
60000000	Musical Instruments and Games and Toys and Arts and Crafts and Educational Equipment and Materials and Accessories and Supplies	60100000	Developmental and professional teaching aids and materials and accessories and supplies	60104900	Electrical physics materials	60104926	Hall effect apparatus	Equipment that is used to experiment the phenomenon in generating the displacement difference between the place with the electric charge and place without the electric charge due to the skewing of electric charge in one side.
60000000	Musical Instruments and Games and Toys and Arts and Crafts and Educational Equipment and Materials and Accessories and Supplies	60100000	Developmental and professional teaching aids and materials and accessories and supplies	60104900	Electrical physics materials	60104927	Armature test system	A type of experimental equipment that is used to experiment the characteristics and the operation principle of power generator and armature of motor by igniting the luminescent diode following the penetration of the bar magnet on the coil center.

71000000	Mining and oil and gas services	71110000	Oil and gas exploration services	71112000	Cased hole well logging services	71112002	Casing thickness measurement services	Includes mechanical casing inside diameter measurement, electromagnetic casing thickness measurement.
71000000	Mining and oil and gas services	71110000	Oil and gas exploration services	71112000	Cased hole well logging services	71112003	Chemical cutters services	Services to use chemical cutters to cut coiled-tubing, tubing, casing, and drill-pipe and other tubulars.
71000000	Mining and oil and gas services	71110000	Oil and gas exploration services	71112000	Cased hole well logging services	71112004	Electromagnetic pipe recovery services	Services to run on wireline into the wellbore and inside the fishing string and fish to locate the area where a fish is stuck by analyzing the difference between the electromagnetic fields of free pipe and stuck pipe to locate the free-point indicator.
71000000	Mining and oil and gas services	71110000	Oil and gas exploration services	71112000	Cased hole well logging services	71112005	Well flow measurement services	Services to measure the well production or injection rate.
71000000	Mining and oil and gas services	71110000	Oil and gas exploration services	71112000	Cased hole well logging services	71112006	Well fluid density measurement services	Services to measure the density or changes in density in production or injection wells.
71000000	Mining and oil and gas services	71110000	Oil and gas exploration services	71112000	Cased hole well logging services	71112007	Well fluid temperature measurement services	Measurements of temperature of well fluids.
71000000	Mining and oil and gas services	71110000	Oil and gas exploration services	71112000	Cased hole well logging services	71112008	Free point tool services	Services to free stuck drill pipe, drill collars, tubing or casing using a free point tool.
71000000	Mining and oil and gas services	71110000	Oil and gas exploration services	71112000	Cased hole well logging services	71112009	Gamma ray services	Services used to measure the amount of gamma rays produced in an area.
71000000	Mining and oil and gas services	71110000	Oil and gas exploration services	71112000	Cased hole well logging services	71112010	Jet cutter services	Services to sever downhole coiled-tubing, tubing, drill pipe, or casing.
71000000	Mining and oil and gas services	71110000	Oil and gas exploration services	71112000	Cased hole well logging services	71112011	Measurement while perforating services	Services used to evaluate formation or production while performing perforating services.
71000000	Mining and oil and gas services	71110000	Oil and gas exploration services	71112000	Cased hole well logging services	71112012	Neutron porosity services	The measurement of either thermal or epithermal neutron detection to determine the porosity in a borehole.
71000000	Mining and oil and gas services	71110000	Oil and gas exploration services	71112000	Cased hole well logging services	71112013	Nuclear spectroscopy services	Services to acquire data through the use of nuclear spectrometers to determine downhole conditions.
71000000	Mining and oil and gas services	71110000	Oil and gas exploration services	71112000	Cased hole well logging services	71112014	Well packer services	Permanent and removable packers mechanical, hydraulic, wireline, multistring and feed through sealbore.
71000000	Mining and oil and gas services	71110000	Oil and gas exploration services	71112000	Cased hole well logging services	71112015	Permanent magnets pipe recovery services	Services using permanent magnetic treatment used for coping with complications caused by emulsion formation, salt precipitation and asphalt and paraffin precipitation.
71000000	Mining and oil and gas services	71110000	Oil and gas exploration services	71112000	Cased hole well logging services	71112017	Well pressure measurement control services	Downhole pressure monitoring while drilling, pressure management including pore pressure prediction, wellbore stability, ECD management, vibration monitoring and control.
71000000	Mining and oil and gas services	71110000	Oil and gas exploration services	71112000	Cased hole well logging services	71112018	Production logging borehole fluid measurement services	The recording of pressure, temperature and fluid-flow parameters.
71000000	Mining and oil and gas services	71110000	Oil and gas exploration services	71112000	Cased hole well logging services	71112019	Production logging density measurement services	The recording of fluid density.
71000000	Mining and oil and gas services	71110000	Oil and gas exploration services	71112000	Cased hole well logging services	71112020	Production logging downhole video services	Services to provide video cameras to assist in production logging and diagnosing problems.
71000000	Mining and oil and gas services	71110000	Oil and gas exploration services	71112000	Cased hole well logging services	71112021	Production logging flow measurement services	Measurements that describe the nature and behavior of fluids in or around the borehole during production or injection.
71000000	Mining and oil and gas services	71110000	Oil and gas exploration services	71112000	Cased hole well logging services	71112022	Production logging pressure measurement services	Measurements that describe the pressure in or around the borehole during production or injection.
71000000	Mining and oil and gas services	71110000	Oil and gas exploration services	71112000	Cased hole well logging services	71112023	Other production logging services	General production logging services.
71000000	Mining and oil and gas services	71110000	Oil and gas exploration services	71112000	Cased hole well logging services	71112024	Production logging temperature measurement services	Measurements that describe the temperature in or around the borehole during production or injection.
71000000	Mining and oil and gas services	71110000	Oil and gas exploration services	71112000	Cased hole well logging services	71112025	Severing colliding services	Use of an explosive tool to cut the outer casing or sea riser casing, to recover the remaining part of the casing in the water column.
71000000	Mining and oil and gas services	71110000	Oil and gas exploration services	71112000	Cased hole well logging services	71112026	Well logging acoustic services	Services to measure pore pressure, seismic time-depth correlation, bit wear predictions and shear wave.
71000000	Mining and oil and gas services	71110000	Oil and gas exploration services	71112000	Cased hole well logging services	71112027	Stuck point tool services	Services to remove drill stem, tubing, or casing which is stuck.
71000000	Mining and oil and gas services	71110000	Oil and gas exploration services	71112000	Cased hole well logging services	71112028	Thermal decay well logging services	Services to measure the rate of thermal neutron absorption.
71000000	Mining and oil and gas services	71110000	Oil and gas exploration services	71112000	Cased hole well logging services	71112029	Well tubular corrosion evaluation services	Evaluation and analysis of tubular corrosion.
71000000	Mining and oil and gas services	71110000	Oil and gas exploration services	71112000	Cased hole well logging services	71112030	Well performance services	Services to optimize performance of a well which may include: electronic memory and mechanical instrumentation services production logging tools, slickline detonating systems, and tubing/casing calipers.
71000000	Mining and oil and gas services	71110000	Oil and gas exploration services	71112000	Cased hole well logging services	71112031	Well tubular services	Includes repair of tubular services.
71000000	Mining and oil and gas services	71110000	Oil and gas exploration services	71112100	Open hole well logging services	71112101	Digital acoustic logging services	Services to determine formation lithology, porosity and fluid characteristics using acoustic methods.
71000000	Mining and oil and gas services	71110000	Oil and gas exploration services	71112100	Open hole well logging services	71112102	Borehole geometry logging services	Logging to measure the geometry of a borehole.
71000000	Mining and oil and gas services	71110000	Oil and gas exploration services	71112100	Open hole well logging services	71112103	Density lithology nuclear logging services	Measurements of the macroscopic content of minerals.
71000000	Mining and oil and gas services	71110000	Oil and gas exploration services	71112100	Open hole well logging services	71112105	Dipole acoustic logging services	Using two poles of opposite polarity to generate a field, for excitation and detection of shear waves.
71000000	Mining and oil and gas services	71110000	Oil and gas exploration services	71112100	Open hole well logging services	71112106	Directional logging services	Services for directional logging.
71000000	Mining and oil and gas services	71110000	Oil and gas exploration services	71112100	Open hole well logging services	71112107	Directional survey services	Measurements while drilling used to update the map and reduce the risk of collision with existing wells.

71000000	Mining and oil and gas services	71110000	Oil and gas exploration services	71112300	Seismic services	71112322	2d / 3d/ 4d seismic data interpretation	Services to provide reports, reservoir attributes, visualization theatre, and workstations.
71000000	Mining and oil and gas services	71110000	Oil and gas exploration services	71112300	Seismic services	71112323	Well velocity survey services	Measurements used to determine average velocity of a well including using a check shot survey, modeling, vertical, walkaway, geological, slim hole.
71000000	Mining and oil and gas services	71110000	Oil and gas exploration services	71112300	Seismic services	71112324	Other seismic services	Quality control, gravity surveys, magnetics, data management, data recovery, data transcription, navigation data processing, data brokerage.
71000000	Mining and oil and gas services	71110000	Oil and gas exploration services	71112300	Seismic services	71112325	Borehole seismic land acquisition services	Includes checkshot, cross well, deviated and slim hole, rig source, offset source, walkaway, salt proximity, microseismic fracture monitoring, 3d, 4dvsn.
71000000	Mining and oil and gas services	71110000	Oil and gas exploration services	71112300	Seismic services	71112326	Borehole seismic marine acquisition services	Includes checkshot, cross well, deviated and slim hole, rig source, offset source, walkaway, salt proximity, microseismic fracture monitoring, 3d, 4dvsn.
71000000	Mining and oil and gas services	71110000	Oil and gas exploration services	71112300	Seismic services	71112327	Borehole seismic processing services	Services to design and process borehole seismic data. Includes survey design and integration of borehole and surface seismic data.
71000000	Mining and oil and gas services	71110000	Oil and gas exploration services	71112300	Seismic services	71112328	Borehole seismic monitoring acquisition services	Permanent or semi-permanent receiver placement borehole seismic services for long term reservoir monitoring of microseismic data.
71000000	Mining and oil and gas services	71110000	Oil and gas exploration services	71112300	Seismic services	71112329	Borehole seismic while drilling acquisition services	
71000000	Mining and oil and gas services	71110000	Oil and gas exploration services	71112300	Seismic services	71112330	Simultaneous borehole and surface seismic acquisition services	Services to acquire 2d, 3d, 4d surface seismic and borehole seismic data simultaneously. Land or marine. Includes checkshot, cross well, deviated and slim hole, rig source, offset source, walkaway, salt proximity, microseismic fracture monitoring, 3d, 4dv
71000000	Mining and oil and gas services	71120000	Well drilling and construction services	71121000	Cement pumping services	71121001	Oilfield casing hardware services	Services related to installing equipment attached to, and run with, the casing string.
71000000	Mining and oil and gas services	71120000	Well drilling and construction services	71121000	Cement pumping services	71121002	Oilfield cement lab testing services	
71000000	Mining and oil and gas services	71120000	Well drilling and construction services	71121000	Cement pumping services	71121008	Oilwell lost circulation services	A service performed to control a loss of drilling fluid to a formation, usually caused when the hydrostatic head pressure of the column of drilling fluid exceeds the formation pressure.
71000000	Mining and oil and gas services	71120000	Well drilling and construction services	71121000	Cement pumping services	71121009	Oilfield mud removal services	A service performed to remove unwanted drilling-fluids as prerequisite for primary cementing success. Mud left in the wellbore can prevent development of a hydraulic seal.
71000000	Mining and oil and gas services	71120000	Well drilling and construction services	71121000	Cement pumping services	71121010	Plug cement services	Plug cement services.
71000000	Mining and oil and gas services	71120000	Well drilling and construction services	71121000	Cement pumping services	71121011	Well site pressure pumping services	Well site pressure services using cement services equipment.
71000000	Mining and oil and gas services	71120000	Well drilling and construction services	71121000	Cement pumping services	71121012	Oilfield pressure testing services	Pressure testing services using cementing service equipment.
71000000	Mining and oil and gas services	71120000	Well drilling and construction services	71121000	Cement pumping services	71121016	Squeeze well cementing services	Services to perform squeeze cement operations.
71000000	Mining and oil and gas services	71120000	Well drilling and construction services	71121000	Cement pumping services	71121017	Well water control services	A treatment conducted within a reservoir or perforated interval to reduce water production.
71000000	Mining and oil and gas services	71120000	Well drilling and construction services	71121000	Cement pumping services	71121018	Well cement evaluation services	Cement evaluation service to measure the bond between the casing and the cement placed in the wellbore annulus between casing and wellbore. The measurement is made with acoustic sonic or ultrasonic tools.
71000000	Mining and oil and gas services	71120000	Well drilling and construction services	71121000	Cement pumping services	71121024	Casing cement services	Cementing services performed through casing.
71000000	Mining and oil and gas services	71120000	Well drilling and construction services	71121000	Cement pumping services	71121025	Other cementing services	Other cementing services including engineering, equipment rental, material sales, cementing personnel, grouting, pressure testing,
71000000	Mining and oil and gas services	71120000	Well drilling and construction services	71121100	Coiled tubing services	71121101	Acidizing through coiled tubing services	The pumping of acid into the wellbore through coiled tubing.
71000000	Mining and oil and gas services	71120000	Well drilling and construction services	71121100	Coiled tubing services	71121102	Cable installation through coiled tubing services	Installation of cable through coiled tubing.

71000000	Mining and oil and gas services	71120000	Well drilling and construction services	71121100	Coiled tubing services	71121103	Cementing through coiled tubing services	Service that pumps cement into the wellbore through coiled tubing.
71000000	Mining and oil and gas services	71120000	Well drilling and construction services	71121100	Coiled tubing services	71121104	Chemical cutting through coiled tubing services	Service that makes a chemical cut through coiled tubing.
71000000	Mining and oil and gas services	71120000	Well drilling and construction services	71121100	Coiled tubing services	71121105	Clean out through coiled tubing services	The removal of wellbore-fill material through coiled tubing.
71000000	Mining and oil and gas services	71120000	Well drilling and construction services	71121100	Coiled tubing services	71121106	Completion through coiled tubing services	The use of oilfield hardware through coiled tubing.
71000000	Mining and oil and gas services	71120000	Well drilling and construction services	71121100	Coiled tubing services	71121107	Conveying inflatables through coiled tubing services	The use of coiled tubing to convey inflatable packers.
71000000	Mining and oil and gas services	71120000	Well drilling and construction services	71121100	Coiled tubing services	71121108	Coring through coiled tubing services	Obtaining a core sample through coiled tubing.
71000000	Mining and oil and gas services	71120000	Well drilling and construction services	71121100	Coiled tubing services	71121109	Extended reach well services	Performing extended reach well service through coiled tubing.
71000000	Mining and oil and gas services	71120000	Well drilling and construction services	71121100	Coiled tubing services	71121110	Fishing through coiled tubing services	The removal of junk, or unwanted debris from a wellbore through coiled tubing.
71000000	Mining and oil and gas services	71120000	Well drilling and construction services	71121100	Coiled tubing services	71121111	Fracturing through coiled tubing services	Fracturing through coiled tubing services.
71000000	Mining and oil and gas services	71120000	Well drilling and construction services	71121100	Coiled tubing services	71121112	High pressure coiled tubing services	Applying high well treatments through coiled tubing.
71000000	Mining and oil and gas services	71120000	Well drilling and construction services	71121100	Coiled tubing services	71121113	Horizontal isolation oilfield services	Performing of horizontal isolation services through coiled tubing.
71000000	Mining and oil and gas services	71120000	Well drilling and construction services	71121100	Coiled tubing services	71121114	Logging with coiled tubing services	To record a measurement versus depth or time, or both, of one or more physical quantities in or around a well through coiled tubing.
71000000	Mining and oil and gas services	71120000	Well drilling and construction services	71121100	Coiled tubing services	71121115	Milling through coiled tubing services	The use of a mill or similar downhole tool to cut and remove material from equipment or tools located in the wellbore through coiled tubing. .
71000000	Mining and oil and gas services	71120000	Well drilling and construction services	71121100	Coiled tubing services	71121116	Nitrogen related applications through coiled tubing	The use of nitrogen gas applications through coiled tubing.
71000000	Mining and oil and gas services	71120000	Well drilling and construction services	71121100	Coiled tubing services	71121117	Perforating through coiled tubing services	Performing perforating services through coiled tubing.
71000000	Mining and oil and gas services	71120000	Well drilling and construction services	71121100	Coiled tubing services	71121118	Pipeline or flow line laying services	Laying of pipeline or flowline with coiled tubing.
71000000	Mining and oil and gas services	71120000	Well drilling and construction services	71121100	Coiled tubing services	71121119	Pipeline intervention services	Performing pipeline intervention services through coiled tubing.
71000000	Mining and oil and gas services	71120000	Well drilling and construction services	71121100	Coiled tubing services	71121120	Sand control through coiled tubing services	Perform sand control through coiled tubing.
71000000	Mining and oil and gas services	71120000	Well drilling and construction services	71121100	Coiled tubing services	71121121	Abrasive tubular cleaning services	Performing abrasive tubular cleaning services.
71000000	Mining and oil and gas services	71120000	Well drilling and construction services	71121100	Coiled tubing services	71121122	Well kill through coiled tubing services	Performing well kill procedures through coiled tubing.
71000000	Mining and oil and gas services	71120000	Well drilling and construction services	71121100	Coiled tubing services	71121123	Casing exit with coiled tubing services	Services to create a casing exit/window with coiled tubing services.
71000000	Mining and oil and gas services	71120000	Well drilling and construction services	71121200	Coring services	71121201	Conventional coring services	Services to remove core sample from the wellbore.
71000000	Mining and oil and gas services	71120000	Well drilling and construction services	71121200	Coring services	71121202	Core isolation services	Services to isolate the core in order to bring it to the surface.
71000000	Mining and oil and gas services	71120000	Well drilling and construction services	71121200	Coring services	71121203	Core preservation services	Services to keep the core in the same state as when it was brought to the surface.
71000000	Mining and oil and gas services	71120000	Well drilling and construction services	71121200	Coring services	71121204	Horizontal coring services	Coring directionally, generally from length rather than depth of a well.
71000000	Mining and oil and gas services	71120000	Well drilling and construction services	71121200	Coring services	71121205	Oriented coring services	Services to record the core orientation in relation to its original position in the wellbore.
71000000	Mining and oil and gas services	71120000	Well drilling and construction services	71121200	Coring services	71121206	Core analysis service	Core analysis performed by provider at supplier location or on the job site.
71000000	Mining and oil and gas services	71120000	Well drilling and construction services	71121200	Coring services	71121207	Sponge coring services	Services to expel fluids in the surrounding sponge material for analysis.
71000000	Mining and oil and gas services	71120000	Well drilling and construction services	71121200	Coring services	71121208	Wireline retrievable coring services	Coring samples that can be retrieved by a wireline.
71000000	Mining and oil and gas services	71120000	Well drilling and construction services	71121200	Coring services	71121209	Anti jamming system services	Services to reduce trips for core jamming, to improved coring efficiency
71000000	Mining and oil and gas services	71120000	Well drilling and construction services	71121200	Coring services	71121210	Motor coring services	Services to improve rate of penetration
71000000	Mining and oil and gas services	71120000	Well drilling and construction services	71121200	Coring services	71121211	Full closure systems services	Services to insure maximum core recovery in unconsolidated formation
71000000	Mining and oil and gas services	71120000	Well drilling and construction services	71121300	Downhole drilling tool services	71121301	Downhole drilling vibration control services	Services to suppress drill string vibration - drilling dynamics services.
71000000	Mining and oil and gas services	71120000	Well drilling and construction services	71121300	Downhole drilling tool services	71121302	Downhole drilling borehole enlargement services	Services to increase the size of the borehole part of directional or performance drilling services.
71000000	Mining and oil and gas services	71120000	Well drilling and construction services	71121300	Downhole drilling tool services	71121303	Downhole drilling reaming and gauge protection services	Services to increase the size of the wellbore part of directional or performance drilling services.
71000000	Mining and oil and gas services	71120000	Well drilling and construction services	71121300	Downhole drilling tool services	71121304	Downhole drilling torque or drag reduction services	Services to minimize torque or drag.
71000000	Mining and oil and gas services	71120000	Well drilling and construction services	71121300	Downhole drilling tool services	71121305	Downhole drilling stuck pipe alleviation services	Services to relieve drilling pipe stuck downhole.
71000000	Mining and oil and gas services	71120000	Well drilling and construction services	71121300	Downhole drilling tool services	71121307	Downhole drilling tool repair services	Repair services for drilling tools
71000000	Mining and oil and gas services	71120000	Well drilling and construction services	71121300	Downhole drilling tool services	71121309	Downhole drilling stabilization services	Use of stabilizers such as roller reamers, hole openers, keyseat wipers, our proprietary design fixed blade hole opener, float valves, crossovers, non magnetic tools of all types, steerable tools, to keep flow rate and well pressures constant
71000000	Mining and oil and gas services	71120000	Well drilling and construction services	71121300	Downhole drilling tool services	71121310	Blow out preventer BOP rental	Service to rent or lease blow out preventers and associated equipment
71000000	Mining and oil and gas services	71120000	Well drilling and construction services	71121400	Oilfield drilling bit services	71121401	Oilfield drilling bit design services	Bit engineering/design services.
71000000	Mining and oil and gas services	71120000	Well drilling and construction services	71121400	Oilfield drilling bit services	71121402	Oilfield drilling bit hydraulic optimization services	Services to aid in the selection of the proper bit nozzle size to maximize hydraulic impact force or maximize hydraulic horsepower.
71000000	Mining and oil and gas services	71120000	Well drilling and construction services	71121400	Oilfield drilling bit services	71121403	Oilfield drilling bit planning services	Services for pre-well and future well bit planning.
71000000	Mining and oil and gas services	71120000	Well drilling and construction services	71121400	Oilfield drilling bit services	71121404	Oilfield drilling bit recording services	Services to record seismic data through the drill bit.
71000000	Mining and oil and gas services	71120000	Well drilling and construction services	71121400	Oilfield drilling bit services	71121405	Oilfield drilling bit repair services	Maintenance and repair of drill bits.
71000000	Mining and oil and gas services	71120000	Well drilling and construction services	71121400	Oilfield drilling bit services	71121406	Oilfield drilling bit footage contracts	
71000000	Mining and oil and gas services	71120000	Well drilling and construction services	71121400	Oilfield drilling bit services	71121407	Well site drilling optimization assistance service	Services to advise customers on procedures used to make a system or design used for drilling as effective or functional as possible.
71000000	Mining and oil and gas services	71120000	Well drilling and construction services	71121400	Oilfield drilling bit services	71121408	Drill bit hydraulic lifting system services	Maintenance and repair of drill bit hydraulic lifting services
71000000	Mining and oil and gas services	71120000	Well drilling and construction services	71121500	Drilling measurement services	71121501	Acoustic measurement when drilling services	Using sound waves for measurement when drilling.
71000000	Mining and oil and gas services	71120000	Well drilling and construction services	71121500	Drilling measurement services	71121502	Acoustic telemetry when drilling services	Converting sound waves for transmission when drilling.
71000000	Mining and oil and gas services	71120000	Well drilling and construction services	71121500	Drilling measurement services	71121503	Caliper measurement when drilling services	Use of caliper for measuring diameter of wellbore.
71000000	Mining and oil and gas services	71120000	Well drilling and construction services	71121500	Drilling measurement services	71121504	Density measurement when drilling services	Measurement of the bulk density of the formation when drilling.
71000000	Mining and oil and gas services	71120000	Well drilling and construction services	71121500	Drilling measurement services	71121505	Oilfield drilling performance services	Services to identify opportunities and implement plans for improved drilling performance.
71000000	Mining and oil and gas services	71120000	Well drilling and construction services	71121500	Drilling measurement services	71121506	Electromagnetic telemetry when drilling services	Remote measurement and transmission of electromagnetic data.
71000000	Mining and oil and gas services	71120000	Well drilling and construction services	71121500	Drilling measurement services	71121507	Formation dip measurement when drilling services	
71000000	Mining and oil and gas services	71120000	Well drilling and construction services	71121500	Drilling measurement services	71121508	Formation pressure measurement when drilling services	Measurement of the bulk density of the formation when drilling.
71000000	Mining and oil and gas services	71120000	Well drilling and construction services	71121500	Drilling measurement services	71121509	Geologically steered wells	The use of geological information to guide a well to its target, especially when the geology turns out to be different from that expected.

71000000	Mining and oil and gas services	71120000	Well drilling and construction services	71121600	Oil well drilling services	71121613	Well drilling rig monitor services	Services to monitor any of the following: performance, conditions, pressure, density, rate and concentration, communications, data.
71000000	Mining and oil and gas services	71120000	Well drilling and construction services	71121600	Oil well drilling services	71121614	Well drilling solids control	
71000000	Mining and oil and gas services	71120000	Well drilling and construction services	71121600	Oil well drilling services	71121615	Well drilling stabilizing or hole opening services	Services to stabilize the drill string while enlarging the borehole.
71000000	Mining and oil and gas services	71120000	Well drilling and construction services	71121600	Oil well drilling services	71121616	Well drilling supervision	Labor to oversee drilling procedures.
71000000	Mining and oil and gas services	71120000	Well drilling and construction services	71121600	Oil well drilling services	71121617	Well drilling control services	
71000000	Mining and oil and gas services	71120000	Well drilling and construction services	71121600	Oil well drilling services	71121618	Well drilling other general services	Includes h2s services.
71000000	Mining and oil and gas services	71120000	Well drilling and construction services	71121600	Oil well drilling services	71121619	Extended reach directional well drilling services	Using a single platform or drilling pad to drill multiple wells in different directions or to different depths.
71000000	Mining and oil and gas services	71120000	Well drilling and construction services	71121600	Oil well drilling services	71121620	Multilateral directional well drilling services	Services to drill secondary wellbores away from the original hole.
71000000	Mining and oil and gas services	71120000	Well drilling and construction services	71121600	Oil well drilling services	71121621	Oil country tubular modification or testing services	Services for hard banding, recutting, rethreading or refurbishment or testing for pressure or leaks in OCTG.
71000000	Mining and oil and gas services	71120000	Well drilling and construction services	71121600	Oil well drilling services	71121622	Well drilling pickup or laydown service	Services to pickup and/or laydown casing and/or drill pipe at the rig site.
71000000	Mining and oil and gas services	71120000	Well drilling and construction services	71121600	Oil well drilling services	71121623	Well drilling pipe storage	Storing of drilling pipe.
71000000	Mining and oil and gas services	71120000	Well drilling and construction services	71121600	Oil well drilling services	71121624	Well drilling pipe threading	Creating threads on drill pipe ends.
71000000	Mining and oil and gas services	71120000	Well drilling and construction services	71121600	Oil well drilling services	71121625	Rat hole well drilling service	Services to drill an extra hole drilled at the bottom of the hole.
71000000	Mining and oil and gas services	71120000	Well drilling and construction services	71121600	Oil well drilling services	71121626	Short radius directional well drilling services	Drilling wells which typically have a curvature radius of 20 to 45 feet, usually dug outwards from a previously drilled vertical well.
71000000	Mining and oil and gas services	71120000	Well drilling and construction services	71121600	Oil well drilling services	71121627	Steerable underreaming while well drilling services	Services using steerable tools to enlarge a wellbore past its original drilled size.
71000000	Mining and oil and gas services	71120000	Well drilling and construction services	71121600	Oil well drilling services	71121628	Ultra short radius directional well drilling services	Drilling wells which typically have a curvature radius of less than 20 feet, usually dug outwards from a previously drilled vertical well.
71000000	Mining and oil and gas services	71120000	Well drilling and construction services	71121600	Oil well drilling services	71121629	Underbalanced well drilling services	Services to minimize formation damage by using one of the following techniques (1) lightweight drilling fluids, (2) gas injection down the drill pipe, (3) gas injection through a parasite string, and (4) foam injection; can include the use air, nitrogen.
71000000	Mining and oil and gas services	71120000	Well drilling and construction services	71121600	Oil well drilling services	71121630	Well planning services	Modeling, data and computer services used for well planning.
71000000	Mining and oil and gas services	71120000	Well drilling and construction services	71121600	Oil well drilling services	71121631	Well redrilling or reworking services	Deepening of an existing oil well or otherwise drilling beyond the extremities (to the side) of the existing well casing or services to perform routine work performed on a well after its completion in order to secure production.
71000000	Mining and oil and gas services	71120000	Well drilling and construction services	71121600	Oil well drilling services	71121632	Well drilling deviation control	Services to help maintain a true vertical well path.
71000000	Mining and oil and gas services	71120000	Well drilling and construction services	71121600	Oil well drilling services	71121633	Oilfield gravel packing services	Services to provide a steel screen in the wellbore and the surrounding annulus packed with gravel designed to prevent the passage of formation sand for stabilization purposes.
71000000	Mining and oil and gas services	71120000	Well drilling and construction services	71121600	Oil well drilling services	71121634	Oilfield hull systems services	
71000000	Mining and oil and gas services	71120000	Well drilling and construction services	71121600	Oil well drilling services	71121635	Rig well pulling crew services	
71000000	Mining and oil and gas services	71120000	Well drilling and construction services	71121600	Oil well drilling services	71121636	Wellhead equipment services	Services for installation or maintenance of wellhead equipment.
71000000	Mining and oil and gas services	71120000	Well drilling and construction services	71121600	Oil well drilling services	71121637	Sidetracking with whipstock services	Services to place a wedge in a wellbore to force the drill bit to start drilling in a direction away from the wellbore axis.
71000000	Mining and oil and gas services	71120000	Well drilling and construction services	71121600	Oil well drilling services	71121638	Well drilling pipe cleaning service	Cleaning service to remove rust, scale, cement and drilling fluids. This can be achieved via air rattling, outside and inside diameter brushing or by a hydro blasting system.
71000000	Mining and oil and gas services	71120000	Well drilling and construction services	71121600	Oil well drilling services	71121639	Downhole drilling tubular rental service	Rental of tubular goods such as casing or tubing or drill pipe.

71000000	Mining and oil and gas services	71120000	Well drilling and construction services	71121800	Artificial lift services	71121807	Hydraulic lifting services	Installation or service of hydraulic pumps used for improved well production
71000000	Mining and oil and gas services	71120000	Well drilling and construction services	71121800	Artificial lift services	71121808	Progressive cavity lift CVX services	Installation or service progressive cavity pumps
71000000	Mining and oil and gas services	71120000	Well drilling and construction services	71121800	Artificial lift services	71121809	Well site optimization and automation services	Installation or service of systems used to gather data for wellsite monitoring and control of production
71000000	Mining and oil and gas services	71120000	Well drilling and construction services	71121800	Artificial lift services	71121810	Electronic submersible pump lifting services	Installation or service of downhole pump that is electrically driven
71000000	Mining and oil and gas services	71120000	Well drilling and construction services	71121800	Artificial lift services	71121811	Other lift systems	Any other lifting systems used to improve well production
71000000	Mining and oil and gas services	71120000	Well drilling and construction services	71121800	Artificial lift services	71121812	Gas lift Services	Services to inject gas to increase well production
71000000	Mining and oil and gas services	71120000	Well drilling and construction services	71121900	Downhole fluid services	71121901	Downhole fluid evaluation services	Services to assess which are the appropriate downhole fluids to use.
71000000	Mining and oil and gas services	71120000	Well drilling and construction services	71121900	Downhole fluid services	71121902	Downhole fluid laboratory services	Services to test and analyze downhole fluids.
71000000	Mining and oil and gas services	71120000	Well drilling and construction services	71121900	Downhole fluid services	71121903	Downhole fluid sampling services	Services to analyze downhole fluid samples.
71000000	Mining and oil and gas services	71120000	Well drilling and construction services	71121900	Downhole fluid services	71121904	Downhole fluid engineering services	Engineering services for drilling and completion fluids
71000000	Mining and oil and gas services	71120000	Well drilling and construction services	71121900	Downhole fluid services	71121905	Fluid waste management service	Service and associated equipment for the treatment or disposal of fluids utilized in the drilling process
71000000	Mining and oil and gas services	71120000	Well drilling and construction services	71122000	Well perforating services	71122001	Coiled tubing well perforating services	To create holes in the casing or liner to achieve efficient communication between the reservoir and the wellbore through coiled tubing.
71000000	Mining and oil and gas services	71120000	Well drilling and construction services	71122000	Well perforating services	71122002	Slickline well perforating services	The communication tunnel created from the casing or liner into the reservoir formation, performed on slickline.
71000000	Mining and oil and gas services	71120000	Well drilling and construction services	71122000	Well perforating services	71122003	Through tubing well perforation services	To create holes in the casing or liner to achieve efficient communication between the reservoir and the wellbore through tubing.
71000000	Mining and oil and gas services	71120000	Well drilling and construction services	71122000	Well perforating services	71122004	Tubing conveyed well perforating services	Services using perforating guns that are run on tubing.
71000000	Mining and oil and gas services	71120000	Well drilling and construction services	71122000	Well perforating services	71122005	Wireline well perforating services	Services using perforating guns that are run on wirelines.
71000000	Mining and oil and gas services	71120000	Well drilling and construction services	71122000	Well perforating services	71122006	Well tubing puncher services	Services using a special perforating gun, or charge, that is designed for limited penetration to allow an inner tubing or casing string to be perforated without damaging a surrounding outer string.
71000000	Mining and oil and gas services	71120000	Well drilling and construction services	71122100	Oilfield sand control services	71122101	Acid sand control pumping services	Typically before a sand control treatment, the formation near the wellbore is acidized to remove any damage caused during drilling or preparatory work on the well.
71000000	Mining and oil and gas services	71120000	Well drilling and construction services	71122100	Oilfield sand control services	71122102	Sand control blending services	
71000000	Mining and oil and gas services	71120000	Well drilling and construction services	71122100	Oilfield sand control services	71122103	Cleaning fluid sand control services	
71000000	Mining and oil and gas services	71120000	Well drilling and construction services	71122100	Oilfield sand control services	71122104	Completion fluid sand control services	
71000000	Mining and oil and gas services	71120000	Well drilling and construction services	71122100	Oilfield sand control services	71122105	Well consolidation services	The pumping of chemical systems that create a bond between sand grains to increase the unconfined compressive strength ucs of the rock matrix and therefore extend the life of the well by inhibiting sand production
71000000	Mining and oil and gas services	71120000	Well drilling and construction services	71122100	Oilfield sand control services	71122107	Fracturing fluid sand control services	Placing sand in the wellbore and formation with above fracturing pressure.
71000000	Mining and oil and gas services	71120000	Well drilling and construction services	71122100	Oilfield sand control services	71122108	Fracturing pre frac design testing services	To pump fluids into the formation for determining properties beneficial to the design process. The properties gained or inferred from this analysis include rock compressive strength, youngs modulus, poisons ratio, fluid leak-off rate, and fracture geometry.
71000000	Mining and oil and gas services	71120000	Well drilling and construction services	71122100	Oilfield sand control services	71122109	General /miscellaneous sand control services	
71000000	Mining and oil and gas services	71120000	Well drilling and construction services	71122100	Oilfield sand control services	71122110	Gravel carrier fluid sand control services	This is a broad category which could include any type of fluid designed specifically to provide the necessary viscosity or carrying capacity for transporting resieved gravel or proppant down the well and into the annulus
71000000	Mining and oil and gas services	71120000	Well drilling and construction services	71122100	Oilfield sand control services	71122111	Sand control lab testing services	Testing prior to pumping a sand control treatment would include fluid suitability tests, formation sand analysis to determine proper gravel sizing, compatibility testing between carrying fluid and formation fluids, carrying fluid quality control tests, etc.
71000000	Mining and oil and gas services	71120000	Well drilling and construction services	71122100	Oilfield sand control services	71122112	Multizone sand control services	It is common practice to design a well completion in such a way as to combine more than one operation together to improve economics of the over well completion. This involves design of a bottom hole assembly.
71000000	Mining and oil and gas services	71120000	Well drilling and construction services	71122100	Oilfield sand control services	71122113	Sand control monitoring services	Refers to treatment monitoring services consisting of the recording and displaying of critical treatment parameters during pumping to ensure that proper execution is provided.
71000000	Mining and oil and gas services	71120000	Well drilling and construction services	71122100	Oilfield sand control services	71122114	Sand control temporary isolation services	Any service or tool that will allow isolation of one productive zone while another zone is being treated. This is typical for multi-zone completions.
71000000	Mining and oil and gas services	71120000	Well drilling and construction services	71122100	Oilfield sand control services	71122115	Well tool redressing services	
71000000	Mining and oil and gas services	71120000	Well drilling and construction services	71122100	Oilfield sand control services	71122116	Non fracturing sand control pumping services	Placing sand in the wellbore between the sand control screen and the casing at a rate which prevents the bottom hole pressure from exceeding the fracture initiation pressure of the formation.
71000000	Mining and oil and gas services	71120000	Well drilling and construction services	71122200	Slickline services	71122201	Slickline fishing services	Use of slickline to retrieve junk objects from downhole.
71000000	Mining and oil and gas services	71120000	Well drilling and construction services	71122200	Slickline services	71122202	Slickline lifting services	Use of slickline for installation of gas lift equipment.
71000000	Mining and oil and gas services	71120000	Well drilling and construction services	71122200	Slickline services	71122203	Slickline manipulation services	Services to reset or operate the slickline.

71000000	Mining and oil and gas services	71120000	Well drilling and construction services	71122200	Slickline services	71122204	Slickline completion services	Services installing a thin nonelectric cable used for selective placement and retrieval of wellbore hardware, such as plugs, gauges and valves located in sidenecket mandrels
71000000	Mining and oil and gas services	71120000	Well drilling and construction services	71122200	Slickline services	71122205	Slickline logging services	Services to provide logging via slickline
71000000	Mining and oil and gas services	71120000	Well drilling and construction services	71122200	Slickline services	71122206	Slickline mechanical services	Services using slickline to run mechanical tools downhole
71000000	Mining and oil and gas services	71120000	Well drilling and construction services	71122200	Slickline services	71122207	Slickline pipe recovery services	Services using a slickline to recover pipe from downhole
71000000	Mining and oil and gas services	71120000	Well drilling and construction services	71122300	Subsea well services	71122301	Subsea well diving services	Diving services including air, hardsuits, intervention, mixed gas, saturation, surface.
71000000	Mining and oil and gas services	71120000	Well drilling and construction services	71122300	Subsea well services	71122302	Subsea well remote operation vehicle rovs services	Services to provide and operate and repair remote operated vehicles.
71000000	Mining and oil and gas services	71120000	Well drilling and construction services	71122300	Subsea well services	71122303	Subsea well fixturing or test equipment services	Test bases, jigs, temporary and dummy fixtures simulating wellhead and hub interfaces for the purpose of landing, locking, sealing and testing subsea equipment prior to installation.
71000000	Mining and oil and gas services	71120000	Well drilling and construction services	71122300	Subsea well services	71122304	Subsea well intervention or completion services	Services to convey mechanical tools or logging equipment to perform operational objectives downhole or to perform activities in the final stages of well construction to prepare a well for production
71000000	Mining and oil and gas services	71120000	Well drilling and construction services	71122300	Subsea well services	71122305	Subsea well safety test tree services	Services for installation, operation and repair of test trees.
71000000	Mining and oil and gas services	71120000	Well drilling and construction services	71122300	Subsea well services	71122306	Subsea well equipment maintenance services	Maintenance and repair of subsea well equipment.
71000000	Mining and oil and gas services	71120000	Well drilling and construction services	71122300	Subsea well services	71122307	Subsea dredging trenching and excavation services	Services to dig and remove material in waterways
71000000	Mining and oil and gas services	71120000	Well drilling and construction services	71122300	Subsea well services	71122308	Subsea pipe laying and cable laying services	Services to perform various types of pipe/cable laying activities such as carousel, conventional, deepwater, fiber optic, flexible, j-lay, lay barge, reel power umbilical
71000000	Mining and oil and gas services	71120000	Well drilling and construction services	71122300	Subsea well services	71122309	Subsea well production equipment monitoring and inspection service	Subsea production operations service including equipment inspection, monitoring, trouble shooting, etc.
71000000	Mining and oil and gas services	71120000	Well drilling and construction services	71122300	Subsea well services	71122310	Subsea well project management and engineering service	Service for oil and gas exploration, development, and production facilities. Service can include from initial evaluation of producing formations to drilling, completion, stimulation, and well maintenance for a single well
71000000	Mining and oil and gas services	71120000	Well drilling and construction services	71122300	Subsea well services	71122311	Subsea well project front end engineering design service FEED	Includes front end engineering design FEED and pre front end engineering design PreFEED projects leading to follow on detailed engineering and construction projects for subsea production systems. FEED and preFEED projects typically include feasibility studies, screening of project ideas and definition of the basic scope, parameters, and economic impacts of the follow on major project. It involves analysis of the capital investment required sufficient to enable management to make a final decision using eco
71000000	Mining and oil and gas services	71120000	Well drilling and construction services	71122300	Subsea well services	71122312	Subsea equipment installation and intervention tool service	Services to rent, lease and provided support for use of Intervention Workover Control System (IWOCs) surface equipment, IWOCs umbilical terminations, Pod retrieval Tools
71000000	Mining and oil and gas services	71120000	Well drilling and construction services	71122400	Well testing services	71122407	Drill stem testing services	Tests for reservoir pressure, permeability, skin, or productivity, downhole pressure measurements to determine reservoir characterization
71000000	Mining and oil and gas services	71120000	Well drilling and construction services	71122400	Well testing services	71122408	Periodic well testing services	Services to provided reoccurring tests on the wells equipment such as bop, drill rig, electrical, paint, rotating equipment, structural, tubulars.
71000000	Mining and oil and gas services	71120000	Well drilling and construction services	71122400	Well testing services	71122409	Surface well testing services	Services to include exploration well testing, clean up or flow backs and inline testing of existing wells. Includes flowing the well through temporary production facilities while pressure, temperature and flow rate measurements are made
71000000	Mining and oil and gas services	71120000	Well drilling and construction services	71122400	Well testing services	71122410	Underbalanced testing while drilling services	Testing borehole conditions while underbalance drilling.
71000000	Mining and oil and gas services	71120000	Well drilling and construction services	71122500	Water or gas control services	71122501	Water or gas control design services	Design of water or gas control services.
71000000	Mining and oil and gas services	71120000	Well drilling and construction services	71122500	Water or gas control services	71122502	Water or gas control evaluation services	Services to evaluate the water or gas control method.
71000000	Mining and oil and gas services	71120000	Well drilling and construction services	71122500	Water or gas control services	71122503	Water or gas control isolation services	Services to isolate water or gas in a well.
71000000	Mining and oil and gas services	71120000	Well drilling and construction services	71122500	Water or gas control services	71122504	Water or gas control testing services	Services to test the effectiveness of the water or gas control method.
71000000	Mining and oil and gas services	71120000	Well drilling and construction services	71122500	Water or gas control services	71122505	Water or gas testing services	Sample testing of water or gas.
71000000	Mining and oil and gas services	71120000	Well drilling and construction services	71122500	Water or gas control services	71122506	Flare services	Services to burn off waste gases in a controlled manner
71000000	Mining and oil and gas services	71120000	Well drilling and construction services	71122600	Well completion services	71122601	Cased hole well completion services	Installation of production equipment in a cased hole.
71000000	Mining and oil and gas services	71120000	Well drilling and construction services	71122600	Well completion services	71122602	Well completion fluids services	Use of completion fluids and filtration services for well completion.
71000000	Mining and oil and gas services	71120000	Well drilling and construction services	71122600	Well completion services	71122605	Gas lift well completion services	Services to inject gas to increase well productivity.
71000000	Mining and oil and gas services	71120000	Well drilling and construction services	71122600	Well completion services	71122606	Intelligent well completion services	Service which provide monitoring devices which can adjust well production.
71000000	Mining and oil and gas services	71120000	Well drilling and construction services	71122600	Well completion services	71122608	Multilateral well completion services	Installation of production equipment in a well with multiple branches.
71000000	Mining and oil and gas services	71120000	Well drilling and construction services	71122600	Well completion services	71122610	Sand control well completion services	Using gravel packing or sand consolidation during completion of a well.
71000000	Mining and oil and gas services	71120000	Well drilling and construction services	71122600	Well completion services	71122614	Liner running services	Services to suspend on string of casing from inside the previous casing string
71000000	Mining and oil and gas services	71120000	Well drilling and construction services	71122600	Well completion services	71122615	Open hole completion services	Installation of production equipment in an open hole
71000000	Mining and oil and gas services	71120000	Well drilling and construction services	71122600	Well completion services	71122616	Expandable pipe/screen well completion services	Use of expandable pipe/screen for sand control during well completion
71000000	Mining and oil and gas services	71120000	Well drilling and construction services	71122700	Well maintenance services	71122701	Oil well platform maintenance services	Maintenance of platforms.
71000000	Mining and oil and gas services	71120000	Well drilling and construction services	71122700	Well maintenance services	71122702	Oilfield pumping unit maintenance services	Maintenance of oilfield pumping units.
71000000	Mining and oil and gas services	71120000	Well drilling and construction services	71122700	Well maintenance services	71122703	Oilfield rod pump repair services	Maintenance on artificial lift systems.
71000000	Mining and oil and gas services	71120000	Well drilling and construction services	71122700	Well maintenance services	71122704	Oilfield snubbing service	Services to put drillpipe into the wellbore when the blowout preventers (bops) are closed and pressure is contained in the well.
71000000	Mining and oil and gas services	71120000	Well drilling and construction services	71122700	Well maintenance services	71122705	Oilfield sucker rod maintenance services	Maintenance of the steel rod that is used to make up the mechanical assembly between the surface and downhole components of a rod pumping system
71000000	Mining and oil and gas services	71120000	Well drilling and construction services	71122700	Well maintenance services	71122706	Well swabbing services	Services to reduce pressure in a wellbore by moving pipe, wireline tools or rubber-cupped seals up the wellbore.
71000000	Mining and oil and gas services	71120000	Well drilling and construction services	71122700	Well maintenance services	71122707	Oilfield tubing anchor services	Services to anchor and stabilize the bottom hole assembly for the duration of the intended application
71000000	Mining and oil and gas services	71120000	Well drilling and construction services	71122700	Well maintenance services	71122708	Oilfield pump mechanic services	Repairs services to the pumping machinery.
71000000	Mining and oil and gas services	71120000	Well drilling and construction services	71122700	Well maintenance services	71122709	Downhole tool maintenance services	Repairs to downhole tools

71000000	Mining and oil and gas services	71120000	Well drilling and construction services	71122700	Well maintenance services	71122710	Oilfield tubular maintenance services	Repairs to tubulars
71000000	Mining and oil and gas services	71120000	Well drilling and construction services	71122700	Well maintenance services	71122711	Well workover service	Service for repair or stimulation of an existing production well for the purpose of restoring, prolonging or enhancing the production of hydrocarbons.
71000000	Mining and oil and gas services	71120000	Well drilling and construction services	71122700	Well maintenance services	71122712	Well workover lift boat service	Vessel service to conduct workovers, for example vessels such as Self Elevating Workover Platforms or SEWOPS often used in shallow waters.
71000000	Mining and oil and gas services	71120000	Well drilling and construction services	71122800	Well monitoring services	71122801	Downhole recording services	Services to record conditions downhole.
71000000	Mining and oil and gas services	71120000	Well drilling and construction services	71122800	Well monitoring services	71122802	Well flow monitoring services	Services to monitor flow rates.
71000000	Mining and oil and gas services	71120000	Well drilling and construction services	71122800	Well monitoring services	71122803	Oil or gas well monitoring services	Services to monitor temperature, pressure, and fluid flow as well as other conditions.
71000000	Mining and oil and gas services	71120000	Well drilling and construction services	71122800	Well monitoring services	71122804	Well site phase monitoring services	Services to monitor and make comparisons of periodic waves such as seismic waves.
71000000	Mining and oil and gas services	71120000	Well drilling and construction services	71122800	Well monitoring services	71122805	Well site pump monitoring services	Services to monitor pump conditions.
71000000	Mining and oil and gas services	71120000	Well drilling and construction services	71122800	Well monitoring services	71122806	Well site surface data acquisition services	Services to acquire data related to the surface of the earth around the well site.
71000000	Mining and oil and gas services	71120000	Well drilling and construction services	71122800	Well monitoring services	71122807	Well site surface readout services	Services to provide downhole measurements and conditions with the ability to readout or store data at the surface.
71000000	Mining and oil and gas services	71120000	Well drilling and construction services	71122800	Well monitoring services	71122808	Well site surface recording services	Downhole well site conditions electrically recorded at the surface.
71000000	Mining and oil and gas services	71120000	Well drilling and construction services	71122800	Well monitoring services	71122810	Subsurface well testing services	Testing, sampling or monitoring of subsurface conditions at the well site.
71000000	Mining and oil and gas services	71120000	Well drilling and construction services	71122900	Oilfield rigs	71122901	Deepwater oilfield rig services	Services for rigs located in offshore areas where water depths exceed approximately 600 feet.
71000000	Mining and oil and gas services	71120000	Well drilling and construction services	71122900	Oilfield rigs	71122902	Jackup oilfield rig services	Rig services for a self-contained combination drilling rig and floating barge, fitted with long support legs that can be raised or lowered independently of each other.
71000000	Mining and oil and gas services	71120000	Well drilling and construction services	71122900	Oilfield rigs	71122903	Barge oilfield rig services	Services for pipelaying or derrick services located on a barge.
71000000	Mining and oil and gas services	71120000	Well drilling and construction services	71122900	Oilfield rigs	71122904	Land oilfield rig services	Services for rigs used to drill onshore.
71000000	Mining and oil and gas services	71120000	Well drilling and construction services	71122900	Oilfield rigs	71122905	Platform oilfield rig services	Services for the platforms (large structures used to house workers and machinery needed to drill and then produce oil).
71000000	Mining and oil and gas services	71120000	Well drilling and construction services	71123000	Integrated services	71123001	Management and provision of all facilities engineering modification and maintenance services for a site or platform	Services for oil and gas exploration, development, and production facilities. Services can include from initial evaluation of producing formations to drilling, completion, stimulation, and well maintenance for a single well.
71000000	Mining and oil and gas services	71120000	Well drilling and construction services	71123000	Integrated services	71123002	Management and operation of all facilities engineering, modification and maintenance services for site or platform	Services which may include: optimizing or reengineering well completions and lifting systems, recompletion and stimulation of wells, debottlenecking surface facilities.
71000000	Mining and oil and gas services	71120000	Well drilling and construction services	71123000	Integrated services	71123003	Hydrocarbon reservoir development and production services	Services to predict hydrocarbon reservoir behavior to implementation of the method of recovery which may include: engineering and design, candidate identification, technology selection, rig contracting & management, wellsite supervision, project management.
71000000	Mining and oil and gas services	71120000	Well drilling and construction services	71123000	Integrated services	71123004	Well management / construction services	Services that include detailed engineering and construction of production wells. Plus, delivery and commissioning of all surface facilities and infrastructure, including full project management.
71000000	Mining and oil and gas services	71120000	Well drilling and construction services	71123000	Integrated services	71123005	Management and provision of all catering, cleaning, office and security services at location or platform	Services to provide food and sundries, cleaning and security at the wellsite or platform.
71000000	Mining and oil and gas services	71120000	Well drilling and construction services	71123000	Integrated services	71123006	Field development	Services ranging from subsurface model to first oil and beyond. A typical project includes the development of a subsurface reservoir model, a drainage philosophy, a field development plan, technology selection, subsurface well locations, and well design.
71000000	Mining and oil and gas services	71120000	Well drilling and construction services	71123000	Integrated services	71123007	Integrated field rehabilitation services	Services for mature fields that may include some of the following services: engineering of a new subsurface model and a field redevelopment plan, execute well reentry, design sidetracking and infill drilling campaigns, optimize existing wells and re-...
71000000	Mining and oil and gas services	71130000	Oil and gas extraction and production enhancement services	71131000	Well fracturing services	71131001	Acid based fluid well fracturing services	Services for a well-stimulation operation in which acid, usually hydrochloric acid hcl, is injected into a carbonate formation at a pressure above the formation-fracturing pressure.
71000000	Mining and oil and gas services	71130000	Oil and gas extraction and production enhancement services	71131000	Well fracturing services	71131002	Emulsion based fluid well fracturing services	Services using emulsion mud for well fracturing.
71000000	Mining and oil and gas services	71130000	Oil and gas extraction and production enhancement services	71131000	Well fracturing services	71131003	Foam based fluid well fracturing services	Services using foam for well fracturing services.
71000000	Mining and oil and gas services	71130000	Oil and gas extraction and production enhancement services	71131000	Well fracturing services	71131004	Oil well fracturing services	General well fracturing services.
71000000	Mining and oil and gas services	71130000	Oil and gas extraction and production enhancement services	71131000	Well fracturing services	71131005	Oil well scale control services	Services to control the mineral deposit that can occur in the tubing, the gravel pack, the perforations or the formation.
71000000	Mining and oil and gas services	71130000	Oil and gas extraction and production enhancement services	71131000	Well fracturing services	71131006	Well fracture testing services	Services to pump into a closed wellbore with hydraulic pumps to create enough downhole pressure to crack or fracture the formation.
71000000	Mining and oil and gas services	71130000	Oil and gas extraction and production enhancement services	71131000	Well fracturing services	71131007	Well fracturing downhole evaluation services	Services for evaluation of a well that passes through a natural fracture or that has been hydraulically fractured.
71000000	Mining and oil and gas services	71130000	Oil and gas extraction and production enhancement services	71131000	Well fracturing services	71131008	Well fracturing height control services	Services to evaluate and control the height of the fracture.
71000000	Mining and oil and gas services	71130000	Oil and gas extraction and production enhancement services	71131000	Well fracturing services	71131009	Well fracturing monitoring services	Services using either permanent and semi-permanent tools to monitor, control, record and report all types of fracturing treatments.
71000000	Mining and oil and gas services	71130000	Oil and gas extraction and production enhancement services	71131000	Well fracturing services	71131010	Well fracturing service design services	Analysis and design of the fracture fluids and procedures to be used.
71000000	Mining and oil and gas services	71130000	Oil and gas extraction and production enhancement services	71131000	Well fracturing services	71131011	Well fracturing service evaluation services	Services to evaluate the fracture procedures to be used.
71000000	Mining and oil and gas services	71130000	Oil and gas extraction and production enhancement services	71131000	Well fracturing services	71131012	Well fracturing surface evaluation services	Evaluations of conditions at the surface level during fracturing.
71000000	Mining and oil and gas services	71130000	Oil and gas extraction and production enhancement services	71131000	Well fracturing services	71131013	Well fracturing treatment quality control services	Services to monitor and measure the quality control services for fracturing treatments.
71000000	Mining and oil and gas services	71130000	Oil and gas extraction and production enhancement services	71131000	Well fracturing services	71131014	Oil based fluid well fracturing services	An invert-emulsion mud, or an emulsion whose continuous phase is oil used in fracturing.
71000000	Mining and oil and gas services	71130000	Oil and gas extraction and production enhancement services	71131000	Well fracturing services	71131015	Other well fracturing services	Other general fracturing services.

71000000	Mining and oil and gas services	71130000	Oil and gas extraction and production enhancement services	71131000	Well fracturing services	71131016	Well fracturing stress management services	Services used to calculate and control stress in the fracture.
71000000	Mining and oil and gas services	71130000	Oil and gas extraction and production enhancement services	71131000	Well fracturing services	71131018	Water based linear fluid well fracturing services	Services using fluid without clay for stimulation
71000000	Mining and oil and gas services	71130000	Oil and gas extraction and production enhancement services	71131000	Well fracturing services	71131019	Water based cross linked fluid well fracturing services	Services to use a compound, typically a metallic salt, mixed with a base-gel fluid for stimulation
71000000	Mining and oil and gas services	71130000	Oil and gas extraction and production enhancement services	71131100	Matrix stimulation services	71131101	Acid based matrix stimulation services	Services for the treatment of a reservoir formation with a stimulation fluid containing a reactive acid.
71000000	Mining and oil and gas services	71130000	Oil and gas extraction and production enhancement services	71131100	Matrix stimulation services	71131102	Formation sealer matrix stimulation services	Services using a matrix used in acidizing, fracturing and other stimulation treatments as means of selectively sealing perforations in the casing and effectively diverting stimulation fluids to other sections of the formation.
71000000	Mining and oil and gas services	71130000	Oil and gas extraction and production enhancement services	71131100	Matrix stimulation services	71131103	Matrix organic cleanup services	Services using organic clay acid stimulation fluid to stimulate the matrix.
71000000	Mining and oil and gas services	71130000	Oil and gas extraction and production enhancement services	71131100	Matrix stimulation services	71131104	Matrix organic inhibition services	Services using organic clay acid for matrix inhibition.
71000000	Mining and oil and gas services	71130000	Oil and gas extraction and production enhancement services	71131100	Matrix stimulation services	71131105	Matrix scale cleanup services	Services to cleanup matrix scale deposition.
71000000	Mining and oil and gas services	71130000	Oil and gas extraction and production enhancement services	71131100	Matrix stimulation services	71131106	Matrix scale inhibition services	Services using a type of inhibition treatment used to control or prevent matrix scale deposition.
71000000	Mining and oil and gas services	71130000	Oil and gas extraction and production enhancement services	71131100	Matrix stimulation services	71131107	Matrix treatment design services	Services to analyze and design proper matrix treatments.
71000000	Mining and oil and gas services	71130000	Oil and gas extraction and production enhancement services	71131100	Matrix stimulation services	71131108	Matrix treatment diversion services	Services to administer matrix stimulation injection treatments to ensure a uniform distribution of treatment fluid across the treatment interval.
71000000	Mining and oil and gas services	71130000	Oil and gas extraction and production enhancement services	71131100	Matrix stimulation services	71131109	Matrix treatment evaluation services	Analysis and evaluation of the results of matrix treatment.
71000000	Mining and oil and gas services	71130000	Oil and gas extraction and production enhancement services	71131100	Matrix stimulation services	71131110	Matrix treatment quality control services	Services to provide measure the quality and effects of the matrix treatment.
71000000	Mining and oil and gas services	71130000	Oil and gas extraction and production enhancement services	71131100	Matrix stimulation services	71131111	Non acid based matrix stimulation services	Services for the treatment of a reservoir formation with a non-acid based stimulation fluid.
71000000	Mining and oil and gas services	71130000	Oil and gas extraction and production enhancement services	71131200	Oilfield nitrogen services	71131201	Nitrogen well services	Services to provide nitrogen at the well site.
71000000	Mining and oil and gas services	71130000	Oil and gas extraction and production enhancement services	71131300	Other oilfield pumping services	71131301	Bottom intake oilfield pumping services	Services that pull liquid from the bottom of the hole.
71000000	Mining and oil and gas services	71130000	Oil and gas extraction and production enhancement services	71131300	Other oilfield pumping services	71131302	Cable deployed oilfield pumping services	Services to deploy submersible pumps on a cable.
71000000	Mining and oil and gas services	71130000	Oil and gas extraction and production enhancement services	71131300	Other oilfield pumping services	71131303	Co2 oilfield pumping services	Services to pump carbon dioxide into underground.
71000000	Mining and oil and gas services	71130000	Oil and gas extraction and production enhancement services	71131300	Other oilfield pumping services	71131304	Coiled tubing deployed oilfield pumping services	Uses coiled tubing rig.
71000000	Mining and oil and gas services	71130000	Oil and gas extraction and production enhancement services	71131300	Other oilfield pumping services	71131305	Downhole pumping services	Services for pumping downhole.
71000000	Mining and oil and gas services	71130000	Oil and gas extraction and production enhancement services	71131300	Other oilfield pumping services	71131306	Dual completion well services	Services to provide pumping into a single wellbore having tubulars and equipment that enable production from two segregated zones.
71000000	Mining and oil and gas services	71130000	Oil and gas extraction and production enhancement services	71131300	Other oilfield pumping services	71131307	Horizontal pumping well services	Services to pump into a horizontal well.
71000000	Mining and oil and gas services	71130000	Oil and gas extraction and production enhancement services	71131300	Other oilfield pumping services	71131308	Oilfield pumping installation pull or operation services	Services to pull pumps for repair or maintenance.
71000000	Mining and oil and gas services	71130000	Oil and gas extraction and production enhancement services	71131300	Other oilfield pumping services	71131309	Well profile modification services	Services to stimulate a well to change the profile.
71000000	Mining and oil and gas services	71130000	Oil and gas extraction and production enhancement services	71131300	Other oilfield pumping services	71131310	Oilfield spooling services	Services to wind coiled tubing onto a reel.
71000000	Mining and oil and gas services	71130000	Oil and gas extraction and production enhancement services	71131300	Other oilfield pumping services	71131311	Progressive cavity pump services	Services to transfer fluid or media with suspended solids or slurries from the suction side of the pump to the discharge side of the pump from storage tanks or through pipelines using a progressive cavity pump.
71000000	Mining and oil and gas services	71130000	Oil and gas extraction and production enhancement services	71131300	Other oilfield pumping services	71131312	Electronic submersible pump services	Services to install an electronic submersible pump for artificial lift purposes
71000000	Mining and oil and gas services	71130000	Oil and gas extraction and production enhancement services	71131300	Other oilfield pumping services	71131313	Conventional pumping services	Pumping services using conventional pumps
71000000	Mining and oil and gas services	71130000	Oil and gas extraction and production enhancement services	71131400	Well production services	71131401	Oilfield flare system services	Service to dispose of unwanted combustible vapors through a flare.
71000000	Mining and oil and gas services	71130000	Oil and gas extraction and production enhancement services	71131400	Well production services	71131402	Oilfield hot oil or water service	Services for heating and delivering of hot oil or hot water on location.
71000000	Mining and oil and gas services	71130000	Oil and gas extraction and production enhancement services	71131400	Well production services	71131403	Oilfield steaming services	Services for production of steam used on location.
71000000	Mining and oil and gas services	71130000	Oil and gas extraction and production enhancement services	71131400	Well production services	71131404	Sulfide scavenging services	Scavenge and remove hydrogen sulfide from oil, water and gas phases
71000000	Mining and oil and gas services	71130000	Oil and gas extraction and production enhancement services	71131400	Well production services	71131405	Flow line hydrate formation control services	Control formation of hydrates in production flowlines and equipment
71000000	Mining and oil and gas services	71130000	Oil and gas extraction and production enhancement services	71131400	Well production services	71131406	Iron sulfide deposit removal services	Remove iron sulfide deposits in wells and equipment
71000000	Mining and oil and gas services	71130000	Oil and gas extraction and production enhancement services	71131400	Well production services	71131407	Squeeze modeling services	Modeling services to design chemical squeeze and prediction of return
71000000	Mining and oil and gas services	71130000	Oil and gas extraction and production enhancement services	71131400	Well production services	71131408	Hydrate formation modeling services	Modeling services to predict and identify conditions for hydrate formation
71000000	Mining and oil and gas services	71130000	Oil and gas extraction and production enhancement services	71131400	Well production services	71131409	Chemical treatment monitoring services	Equipment for monitoring chemical treatments.
71000000	Mining and oil and gas services	71130000	Oil and gas extraction and production enhancement services	71131400	Well production services	71131410	Pipeline cleaning services	Services for pipeline cleaning
71000000	Mining and oil and gas services	71130000	Oil and gas extraction and production enhancement services	71131400	Well production services	71131411	Pipeline flow enhancement services	Enhance pipeline flow
71000000	Mining and oil and gas services	71130000	Oil and gas extraction and production enhancement services	71131400	Well production services	71131412	Well restoration and enhancement services	Enhance and restore well production
71000000	Mining and oil and gas services	71130000	Oil and gas extraction and production enhancement services	71131400	Well production services	71131413	Corrosion inhibiting services	Inhibit corrosion

71000000	Mining and oil and gas services	71150000	Oil and gas data management and processing services	71151100	Oilfield data management services	71151101	Oilfield asset data management services	Services that manage the acquisition and interpretation of well log data for evaluation and analysis.
71000000	Mining and oil and gas services	71150000	Oil and gas data management and processing services	71151100	Oilfield data management services	71151102	Oilfield data mining services	Services to aggregate or interpret data for statistical or analytical purposes.
71000000	Mining and oil and gas services	71150000	Oil and gas data management and processing services	71151100	Oilfield data management services	71151103	Oilfield log data management services	Services to manage data log including search/find, access/buy, process/correct, transfer/load, usage and storage functions.
71000000	Mining and oil and gas services	71150000	Oil and gas data management and processing services	71151100	Oilfield data management services	71151104	Oilfield mapping data management services	Services to produce oilfield charts and maps.
71000000	Mining and oil and gas services	71150000	Oil and gas data management and processing services	71151100	Oilfield data management services	71151105	Seismic data management services	Services to manage seismic data including search/find, access/buy, process/correct, transfer/load, usage and storage functions.
71000000	Mining and oil and gas services	71150000	Oil and gas data management and processing services	71151100	Oilfield data management services	71151106	Data storage and backup	Services to archive or store archived data
71000000	Mining and oil and gas services	71150000	Oil and gas data management and processing services	71151200	Oilfield economic and risk model services	71151201	Oilfield budgeting services	Services to create and manage budgets for oilfield projects.
71000000	Mining and oil and gas services	71150000	Oil and gas data management and processing services	71151200	Oilfield economic and risk model services	71151202	Oilfield capital planning services	Financial services to plan capital expenditures, cost reductions or analysis for return on capital.
71000000	Mining and oil and gas services	71150000	Oil and gas data management and processing services	71151200	Oilfield economic and risk model services	71151203	Oilfield decision tree services	Services that provide analysis visually mapping out the problem using the decision tree model to produce calculation to determine risk analysis.
71000000	Mining and oil and gas services	71150000	Oil and gas data management and processing services	71151300	Oilfield interpretation services	71151301	Oilfield bubble map services	Services that create map using bubbles to display data.
71000000	Mining and oil and gas services	71150000	Oil and gas data management and processing services	71151300	Oilfield interpretation services	71151302	Oilfield case studies	Services to produce case studies for oilfield exploration and production projects.
71000000	Mining and oil and gas services	71150000	Oil and gas data management and processing services	71151300	Oilfield interpretation services	71151303	Oilfield decline analysis	Services using decline analysis to estimate reserves and predict production using either curve fitting and type curve matching methods.
71000000	Mining and oil and gas services	71150000	Oil and gas data management and processing services	71151300	Oilfield interpretation services	71151304	Oilfield field studies	Services to provide studies of oilfield geological, geophysical, geomechanical or petrophysical conditions.
71000000	Mining and oil and gas services	71150000	Oil and gas data management and processing services	71151300	Oilfield interpretation services	71151305	Oilfield fracturing interpretation services	Interpretation of data produced by the analysis of a well that passes through a natural fracture or that has been hydraulically fractured.
71000000	Mining and oil and gas services	71150000	Oil and gas data management and processing services	71151300	Oilfield interpretation services	71151306	Geology services	Services which include interpretation for 3d modeling, biostratigraphy, diagenesis, flooding, log interpretation, organic chemistry, petrology, volumetrics
71000000	Mining and oil and gas services	71150000	Oil and gas data management and processing services	71151300	Oilfield interpretation services	71151307	Geophysics services	Interpretation services 2d, 3d, 4d, attributes, amplitude versus offset (avo), inversion, OBC.
71000000	Mining and oil and gas services	71150000	Oil and gas data management and processing services	71151300	Oilfield interpretation services	71151308	Gravel pack interpretation services	Services to interpret the changes in gravel pack region.
71000000	Mining and oil and gas services	71150000	Oil and gas data management and processing services	71151300	Oilfield interpretation services	71151309	Oilfield grid mapping services	Services to develop and/or determine values for grid elements on a map.
71000000	Mining and oil and gas services	71150000	Oil and gas data management and processing services	71151300	Oilfield interpretation services	71151310	Oilfield mapping or visualization services	
71000000	Mining and oil and gas services	71150000	Oil and gas data management and processing services	71151300	Oilfield interpretation services	71151311	Petrophysics services	Services to interpret or build a model using petrophysical information such as data from cased hole logs, core analysis, lwd, open hole logs

71000000	Mining and oil and gas services	71150000	Oil and gas data management and processing services	71151300	Oilfield interpretation services	71151321	Resistivity processing and interpretation services	Processing and interpretation of the measurements resistivity through the uncased hole.
71000000	Mining and oil and gas services	71150000	Oil and gas data management and processing services	71151300	Oilfield interpretation services	71151322	Dip angle and direction processing	Services to process the data to determine the direction and angle of formation dip in relation to the borehole.
71000000	Mining and oil and gas services	71150000	Oil and gas data management and processing services	71151300	Oilfield interpretation services	71151323	Borehole image processing	Processing the data of the borehole image.
71000000	Mining and oil and gas services	71150000	Oil and gas data management and processing services	71151300	Oilfield interpretation services	71151324	Logging while drilling processing	Processing the well seismic data that is recorded during the excavation of the hole, or shortly thereafter, through the use of tools integrated into the bottomhole assembly.
71000000	Mining and oil and gas services	71150000	Oil and gas data management and processing services	71151300	Oilfield interpretation services	71151325	Pulsed neutron processing and interpretation services	Processing and interpreting the measurements of the rate of thermal neutron absorption.
71000000	Mining and oil and gas services	71150000	Oil and gas data management and processing services	71151300	Oilfield interpretation services	71151326	General cased hole and production log processing	Processing and interpreting the measurements of the production logs from cased holes.
71000000	Mining and oil and gas services	71150000	Oil and gas data management and processing services	71151300	Oilfield interpretation services	71151327	Casing inspection analysis services processing	Services to interpret the data from electronic inspection of casing to detect defects.
71000000	Mining and oil and gas services	71150000	Oil and gas data management and processing services	71151400	Well service engineering	71151401	Well cementing job design services	Services to plan projects to permanently seal annular spaces between casing and borehole walls using cement.
71000000	Mining and oil and gas services	71150000	Oil and gas data management and processing services	71151400	Well service engineering	71151402	Coiled tubing job design services	Services to plan projects using coiled tubing services.
71000000	Mining and oil and gas services	71150000	Oil and gas data management and processing services	71151400	Well service engineering	71151403	Well drilling job design services	Services to plan projects for directional drilling and lwd services.
71000000	Mining and oil and gas services	71150000	Oil and gas data management and processing services	71151400	Well service engineering	71151404	Well fracturing job design services	Services to plan well fracturing stimulation projects.
71000000	Mining and oil and gas services	71150000	Oil and gas data management and processing services	71151400	Well service engineering	71151405	Matrix stimulation job design services	Services to plan treatments near-wellbore reservoir formation to enhance the productivity of a well.
71000000	Mining and oil and gas services	71150000	Oil and gas data management and processing services	71151400	Well service engineering	71151406	Well sand control job design services	Services to plan the installation of equipment or application of techniques to prevent migration of reservoir sand into the wellbore or near-wellbore area.
71000000	Mining and oil and gas services	71160000	Oil and gas well project management services	71161000	Oilfield modeling services	71161001	Oilfield completion models	Creation of models of the assembly of downhole tubulars and equipment required to enable safe and efficient production from an oil or gas well.
71000000	Mining and oil and gas services	71160000	Oil and gas well project management services	71161000	Oilfield modeling services	71161002	Oilfield drilling models	Creation of models for constructing the wellbore.
71000000	Mining and oil and gas services	71160000	Oil and gas well project management services	71161000	Oilfield modeling services	71161003	Oilfield economic models	Creation of model for determination of possible economic results.
71000000	Mining and oil and gas services	71160000	Oil and gas well project management services	71161000	Oilfield modeling services	71161004	Oilfield field development models	Creation of models to represent field development.
71000000	Mining and oil and gas services	71160000	Oil and gas well project management services	71161000	Oilfield modeling services	71161005	Oilfield production models	Creation of models for the phase that occurs after successful exploration and development.
71000000	Mining and oil and gas services	71160000	Oil and gas well project management services	71161000	Oilfield modeling services	71161006	Oilfield risk management services	Creation of models to identify and evaluate hazards.
71000000	Mining and oil and gas services	71160000	Oil and gas well project management services	71161000	Oilfield modeling services	71161007	Geological or geophysical models	Creation of models representing geological or geophysical information.
71000000	Mining and oil and gas services	71160000	Oil and gas well project management services	71161000	Oilfield modeling services	71161008	Reservoir models	Creation of models of reservoirs. The model could include any of the geological, fluid or other characteristics of the reservoir.
71000000	Mining and oil and gas services	71160000	Oil and gas well project management services	71161100	Oilfield production engineering management	71161101	Oilfield artificial lift services	Evaluation and design of system to add energy to the fluid column in a wellbore with the objective of initiating and improving production from the well.
71000000	Mining and oil and gas services	71160000	Oil and gas well project management services	71161100	Oilfield production engineering management	71161102	Enhanced oil recovery services	Evaluation or design services to restore formation pressure and to improve oil displacement or fluid flow in the reservoir.
71000000	Mining and oil and gas services	71160000	Oil and gas well project management services	71161100	Oilfield production engineering management	71161103	Well injection services	Evaluation, design or testing of services to inject fluid into the reservoir with the primary objective typically being to maintain reservoir pressure.
71000000	Mining and oil and gas services	71160000	Oil and gas well project management services	71161100	Oilfield production engineering management	71161104	Oilfield production system analysis services	Evaluation, design or testing to forecast the performance of the various elements comprising the completion and production system.
71000000	Mining and oil and gas services	71160000	Oil and gas well project management services	71161100	Oilfield production engineering management	71161105	Well perforation services	Evaluation, design or testing of the process to create holes in the casing or liner to achieve efficient communication between the reservoir and the wellbore.
71000000	Mining and oil and gas services	71160000	Oil and gas well project management services	71161100	Oilfield production engineering management	71161106	Oilfield production chemistry services	Evaluation or design of chemistry to increase well production.
71000000	Mining and oil and gas services	71160000	Oil and gas well project management services	71161100	Oilfield production engineering management	71161107	Oilfield production monitoring services	Evaluation, design or testing of monitoring equipment used for production.
71000000	Mining and oil and gas services	71160000	Oil and gas well project management services	71161100	Oilfield production engineering management	71161109	Well stimulation services	Evaluation, design or testing of services for treatment performed to restore or enhance the productivity of a well.
71000000	Mining and oil and gas services	71160000	Oil and gas well project management services	71161100	Oilfield production engineering management	71161110	Underground gas storage services	Evaluation, design or testing of gas storage devices used underground.
71000000	Mining and oil and gas services	71160000	Oil and gas well project management services	71161100	Oilfield production engineering management	71161111	Oilfield water management services	Evaluation, design or testing to monitor the volume, treatment and disposal of produced water associated with oil production.
71000000	Mining and oil and gas services	71160000	Oil and gas well project management services	71161200	Oilfield production operations management	71161201	Oilfield hot oiling service	Management of services for heating and delivering of hot oil on location.
71000000	Mining and oil and gas services	71160000	Oil and gas well project management services	71161200	Oilfield production operations management	71161202	Oilfield lease operations	Management of the area of surface land on which exploration or production activity occurs.
71000000	Mining and oil and gas services	71160000	Oil and gas well project management services	71161200	Oilfield production operations management	71161203	Oilfield logging services	Management of measurement and evaluation of the recording of one or more physical quantities in or around a well.
71000000	Mining and oil and gas services	71160000	Oil and gas well project management services	71161200	Oilfield production operations management	71161204	Oilfield paraffin cutting service	Management of services to remove paraffin and soft wax deposits from the internal wall of production tubulars and completion equipment.
71000000	Mining and oil and gas services	71160000	Oil and gas well project management services	71161200	Oilfield production operations management	71161205	Oilfield planning services	Planning from initial appraisal through operational procedures and optimization of the well.
71000000	Mining and oil and gas services	71160000	Oil and gas well project management services	71161200	Oilfield production operations management	71161206	Oilfield processing services	Management of the services for alteration of seismic data to suppress noise, enhance signal and migrate seismic events to the appropriate location in space. Processing steps typically include analysis of velocities and frequencies, static corrections, etc.
71000000	Mining and oil and gas services	71160000	Oil and gas well project management services	71161300	Oilfield project management services	71161301	Oilfield audits or inspection services	Oilfield audits or inspection services.
71000000	Mining and oil and gas services	71160000	Oil and gas well project management services	71161300	Oilfield project management services	71161302	Oilfield emergency response planning services	Oversee oilfield emergency response planning.

81000000	Engineering and Research and Technology Based Services	81100000	Professional engineering services	81101500	Civil engineering	81101518	Lighting engineering service	Lighting engineering design is the design of lighting to use light to achieve a practical or aesthetic effect. Lighting includes the use of both artificial light sources like lamps and light fixtures, as well as natural illumination by capturing daylight. Day lighting --using windows, skylights, or light shelves-- is sometimes used as the main source of light during daytime in buildings. This can save energy in place of using artificial lighting, which represents a major component of energy consumption in buildings.
81000000	Engineering and Research and Technology Based Services	81100000	Professional engineering services	81101500	Civil engineering	81101519	Subdivision planning service	Subdivision means the division of a lot, tract, or parcel of land into two or more lots, plats, sites, or other divisions of land for the purpose, whether immediate or future, of sale or of building development. It includes re-subdivision and, when appropriate to the context, relates to the process of subdividing or to the land or territory subdivided.
81000000	Engineering and Research and Technology Based Services	81100000	Professional engineering services	81101500	Civil engineering	81101520	Hydrology assessment service	Rainfall basis for stormwater calculations

81000000	Engineering and Research and Technology Based Services	81100000	Professional engineering services	81101500	Civil engineering	81101522	Earthworks engineering	Earthworks are land grading to reconfigure the topography of a site, or to stabilize slopes. Includes roads, railway beds, causeways, dams, levees, canals, and berms.
81000000	Engineering and Research and Technology Based Services	81100000	Professional engineering services	81101500	Civil engineering	81101523	Urban design and engineering service	Urban design is a technical process to design and engineer green field or brown field areas to incorporate public open space, built form and view corridors
81000000	Engineering and Research and Technology Based Services	81100000	Professional engineering services	81101500	Civil engineering	81101524	City development planning service	Urban planning --urban, city, and town planning-- is a technical and political process concerned with the control of the use of land and design of the urban environment, including transportation networks, to guide and ensure the orderly development of settlements and communities. It concerns itself with research and analysis, strategic thinking, urban design, public consultation, policy recommendations, implementation and management
81000000	Engineering and Research and Technology Based Services	81100000	Professional engineering services	81101500	Civil engineering	81101525	Sediment control engineering	Sediment control engineering is used to design solutions to prevent and decrease damages from sedimentation disasters as well as to maintain fundamental conditions of fluvial ecosystem, consisting of water, sediment and aquatic lives.
81000000	Engineering and Research and Technology Based Services	81100000	Professional engineering services	81101500	Civil engineering	81101526	Quantity surveying service	A type of service involving management of all costs related to building and civil engineering projects, from the initial calculations to the final figures. Surveyors seek to minimise the costs of a project and enhance value for money, while still achieving the required standards and quality. Many of these are specified by statutory building regulations, which the surveyor needs to understand and adhere to.
81000000	Engineering and Research and Technology Based Services	81100000	Professional engineering services	81101500	Civil engineering	81101527	Wastewater engineering	The design of wastewater systems -sanitary sewer and grey water- is the design of a closed network of pipes, buffer chambers, pumping stations and sewage treatment plants. These are used to remove wastewater from human activity and treat the wastewater to minimize environmental impact.
81000000	Engineering and Research and Technology Based Services	81100000	Professional engineering services	81101500	Civil engineering	81101528	Stormwater engineering	The design of stormwater systems for removal of surface water to prevent flooding. Urban areas have many impermeable surfaces which tend to concentrate water. The stormwater systems collect water via channels, culverts, pipes, drainage reserves, settling ponds. For the most part these are gravity fed systems. The stormwater outflows into rivers, lakes, tidal creeks, estuaries, coastal water and the ocean.
