

# UConn Eastern White Pine

*(Pinus strobus 'UConn')*

**Evergreen Tree**

**15' - 20' High**

**15' - 20' Spread**

**Growth Moderate**

**4 + Hours**

**Zone 3 - 8**

In its youth the UConn Eastern White Pine is a heavily branched, broad pyramid and becomes more rounded at maturity but stays full to its base. The soft green needles stay evergreen throughout the whole year but will drop some yellow needles in the fall. A great evergreen to use as a privacy screen.
