Front Cover:

“Bi-colors in Superbagneres, France”

Photographer: Kathy Meyer

Superbagneres is a ski area above Luchon in the French Pyrenees. This site has been a mecca for Daffodil enthusiasts since the time of Peter Barr. This area is most spectacular when *N. bicolor*, a trumpet, is in bloom. At the beginning of the season, the mountainside is blanketed with *N. bicolor*, growing along exceedingly steep slopes.

Back Cover:

“Egg Harbour, Wisconsin”

Photographer: Keith Kridler

The entire city of Egg Harbour has large masses of daffodils in the business district. This display of cut-outs is at the entrance of a shopping mall.

....From the President's Desk

My column was finished and ready to send when a friend showed me the article by John Grimshaw in the April issue of the RHS publication, *Garden*, "What Future for Plant Societies?" With so much concern for the future just now, it seemed appropriate to make sure we are all thinking about the future of the American Daffodil Society. Our concerns for the ADS don't match the gravity of those for our healthcare plan or our 401K, for the environment, or for the world economy, but we need to have our eye on what we may improve and what we can avoid by planning and discussion now which will guide our actions tomorrow.

Grimshaw's article lays out arguments for change in plant societies to meet challenges of today and tomorrow. Some of these are apropos for us, while we've already addressed others. I feel we are at the head of the pack on our use of internet technology, though there are still improvements to be made. Has "social networking" made a change in your life? How about that of your kids or grandkids? I don't see myself "tweeting" to fellow daffodil fanciers, but a good deal of what we see on Daffnet is not much different. Publications are changing. Who could have seen the present scurrying about newspaper publication? Will changes in lifestyle downsize gardens and affect our membership? An organization I belong to just announced its 90th – and last – annual dinner. They hope to resuscitate as an online organization.

When I review the 10 goals which are the basis of our Bylaws and Constitution, it seems that we are meeting each one pretty well. But just about everyone has an idea or two about making the ADS a more dynamic or more serviceable or just a larger organization. We need to clarify those ideas, and, with such a dispersed and disparate membership, find a way to share them and give them a chance to happen. And, we need to make this an ongoing endeavor to support and build our organization. There's plenty of enthusiasm and energy among us if it is focused and directed by ongoing, documented and shared plans.

I have my own list of half a dozen or so items which I think could be substantially improved over the next few years. What are yours? Drop me a note or an email if you feel fervently.

A pop song of my faded youth gave the advice, "Que sera, sera." We can do better than that for the ADS by thinking, planning, sharing ideas with each other, and continuing to communicate about our future. 🌸

George Dorner

September's Still for Shopping

Richard Ezell
Gettysburg, PA

All the people who know everything tell you that you should order your daffodils from specialist growers; that will be from their catalogs, of course. And without placing myself in that category of knowers, I feel safe in saying that by the time you read this, it's awfully late to be ordering from a catalog.

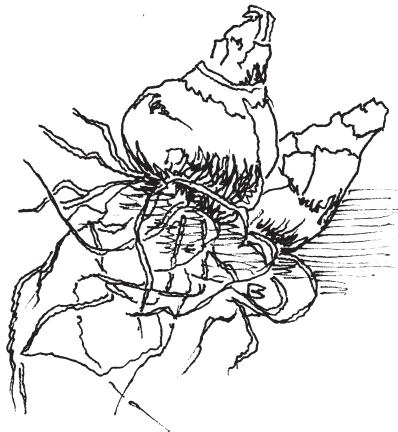

Despair not: many handsome, even showable daffodils can be purchased as bulbs at your local garden centers, and even at your nearby Home Depots and Walmarts. (Not to be first choices.)

For reliable garden displays, look for 'Tete-a-Tete,' miniature and early; 'Baby Boomer,' later and also miniature; "February Gold," early and reliable; 'Chromacolor,' pink-cupped, a Bill Pannill hybrid that is a super eye-catcher in the garden; 'Ceylon,' sturdy, colorful, bright; 'Ice Follies,' as reliable a repeat performer as anything available. Old cultivars that rarely win at shows but are great in gardens are 'Thalia' and 'Actaea.'

You can also find at the better centers bulbs that often produce show-worthy blooms, and find them at prices below those in specialists' catalogs. 'Tahiti,' 'Salome,' 'Jetfire,' 'Ice Wings,' 'Quail,' 'Kokopelli,' and 'Hawera' often beat far more expensive cultivars in shows. 'Barrett Browning' and 'Sweetness' are old cultivars inexpensive and showable.

Just remember to choose hard (squeeze them) heavy feeling bulbs with no sign of fungus on them.

And plan next year to order early from some of those specialist growers who are responsible for keeping the best new things coming on. 🌸

Granny's 'Tigerdil' at the Head of the Class

Kate Orme Carney

Youth Chairman

One of the newest members to join the American Daffodil Society's Youth group is Ohio's Loveland Elementary School's whole fourth grade class! This is the result of former ADS president Mary Lou Gripshover's participation with the class since 2007. She initially led Mrs. Kanz's fourth graders in a science project doing a daffodil dissection. But as a special bonus they also got to name a new daffodil variety that she had hybridized and learn the process of its registration with the Royal Horticultural Society. Tait Cunningham, a student in the class, came up with the name 'Tigerdil', which both celebrates the school mascot and also honors the school colors with the flower's bright orange corona.

That fall of 2007, Mary Lou donated all of her stock of 'Tigerdil' and as a Granny's Garden School project the fourth graders planted the bulbs around the school's flagpole and its front flowerbeds. They have 'Tigerdil' exclusively.

This spring at the 2009 National Convention at the Chicago Botanic Garden, 'Tigerdil' won first place as Best Daffodil in the youth Single Stem division and also took first place for Best Three Stems in the youth division for the Loveland Elementary School's fourth grade class. *[picture on page 8]*

On the school's second floor, just outside the media center, a special glass case encloses the RHS registration and picture of 'Tigerdil' and now also holds the ribbons it has won.

Take time and visit Granny's Garden School's wonderful website: <https://www.grannysgardenschool.com>, to see the many pictures and to learn more information. This granny is high tech!

A quotation by Robert Louis Stevenson used on the web site sums it up to perfection. "Don't judge each day by the harvest you reap, but by the seeds you plant." Our heartfelt thanks go out to Mary Lou Gripshover for doing just that. 🌸

**The 2010 ADS Convention:
“Re-Discovering Gold in California”
March 11-14, 2010, Murphys, California**

Bob Spotts and Nancy Tackett
Co-Chairmen

The Northern California Daffodil Society invites you to the 56th ADS Convention and National Show, in the historic town of Murphys in California’s famous Mother Lode – where the discovery of gold in 1848 initiated the 19th century’s worldwide lust for gold – and instant riches. Gold mining is but an occasional activity in the Mother Lode now, but visitors to the region can see the remnants of the mining operations which withdrew fortunes in gold by diverting the stream beds into sluices, by tunneling into the mountains, and by washing the mountainsides away with giant jets of water.

Murphys’ climate (elevation 2000’) is ideal for growing wine grapes, and over a dozen wineries are established nearby. Your host for the Convention will be the Ironstone Vineyards, whose modern winery and business-convention facility is located on a winding country road a mile outside the town. Ironstone’s founder, John Kautz, has had a lifelong passion for daffodils. One outcome you’ll see will be the swaths of naturalized daffodils along the

roadsides and across the Ironstone property. Another will be their marvelous displays of daffodils in half-barrels along the walkways. Ironstone extends its naturalized plantings with up to a ton of bulbs each year.

Ironstone also respects the history of the Mother Lode region, and you'll see many of the mechanized mining instruments preserved on its property and in its Museum. Speaking of gold, don't miss the 44-lb gold-leaf nugget on display in the Museum walk-in safe!

You'll stay in Murphys itself, either in one of the two modern motels, or else in one of their "vacation rentals," fully-furnished cottages (usually having two bedrooms). The cottages capture the ambiance of Murphys, being tucked into scenic lots around the town. They are popular with urban dwellers from the California Valley coming to Murphys either to escape the summer heat, or to access the winter skiing further up the mountain.

The two motels are on the outskirts of the three-block-long downtown. Shuttle-bus service will be available to take you between your lodging in Murphys and the Convention site at Ironstone. This service will begin on Thursday afternoon (March 11) and continue through Sunday evening (March 14). The Convention pace can be tiring. Should you ever need a place to relax, there will be a "Relaxation Room" at Ironstone on the floor below the Show Room. It will be stocked with coffee, tea, water, and wine.

Complete information on making reservations for lodging during the Convention is in this Journal (as well as the June issue) and is available on the NCDS website www.daffodil.org. A summary of the Convention program and the schedule for the National Show are also on the NCDS website.

Murphys is 85 miles southeast of Sacramento. It is 145 miles east of San Francisco. If you are flying, you are advised to book your flight to Sacramento. On Thursday afternoon (March 11), Convention coach service will be available at low cost to take you from Sacramento Airport to Murphys (and return on Monday morning). It is a two-hour ride by coach from Sacramento Airport to Murphys. It is anticipated that coaches will depart Sacramento Airport for Murphys between 1pm and 4pm on Thursday. This means if you plan to use the coach service, you should not book a flight arriving Sacramento later than 3pm. An option is to fly on to Sacramento on Wednesday and overnight there, returning to the Airport to catch the first coach on Thursday. A small block of rooms has been reserved at a Sacramento motel for this purpose (see the accommodations information page in this issue).

After the Convention, coaches will depart Murphys Monday morning (March 15) by 8am. Monday morning security lines can be tedious at Sacramento Airport. You are advised not to book a return flight departing before 11:30am.

When you are making your plans for the Convention, we urge you to use your attending as a part of a California vacation. Yosemite National Park

[continued on page 16]

The Inaugural Year for the Premier Collection

The 2009 season featured four new miniatures classes, three for hybridizers only, and the Premier Collection of 24 stems of miniatures from at least five divisions. Pictured here are two of several quite successful Premier collections shown on the West Coast.

[from page 16]

and Lake Tahoe are nearby and magnificent in their late-Winter garb. San Francisco and Monterey are each but a three-hour drive from Murphys.

The Fortuna Garden Club will present its daffodil show in Fortuna, California on the weekend following the ADS Convention, March 20-21. The Show will be in the River Lodge Conference Center, a beautiful facility built especially for such events. On Saturday evening, the Garden Club will host a special dinner for visitors and locals. Fortuna is just inland from the Pacific coast, 275 miles north of San Francisco - about a six-hour drive through some of the most scenic parts of California, including the Pacific coastline and the Avenue of the Giants Redwood Forest. Fortuna is ten miles south of the harbor town of Eureka – a photographer’s delight with its fleet of fishing boats.

THURSDAY

On Thursday, March 11, Daffodil Show entries will be accepted starting at 1pm. Horticultural entries will be accepted through that night (and until 9am the next morning), but Photography entries will close at 9pm.

The Convention starts with a Welcoming Buffet Dinner at Ironstone Vineyards at 7pm. The Welcoming Buffet will be an optional event - not included in the Registration Fee and requiring separate sign-up - so you could choose to omit it in favor of an early-to-bed should you anticipate an exhausting travel day. You’ll be welcomed by John Kautz, Ironstone CEO, and his wife Gail. You’ll meet the key Ironstone staff members that will keep the Convention humming. You’ll learn the nuances of the shuttle-bus system. Ironstone Vineyards will provide their wine to make sure your introduction to Ironstone is amiable and that at dinner and afterwards you have an enjoyable time with friends – new and old.

FRIDAY

Judging of the National Show will begin at 10am. There will be coffee and muffins for Judges and Clerks at 9am, at which time they will be given their instructions. Judging should be concluded by 1pm, at which time lunch will be provided at Ironstone for Judges and Clerks. The National Show will open at 1pm.

If you are not involved in the Show judging, Friday morning will be your opportunity to acquaint yourself with the village of Murphys. Its downtown is three blocks long – along Main Street only – comprised of boutiques, wine-tasting facilities of local wineries, shops with homemade-candy and ice cream, coffee shops, bakeries, and restaurants for breakfast and lunch. Scattered around are buildings and other structures preserved from the gold-mining era. At 10am, docents will lead those interested in an historical walking tour. Shuttle-buses will be available to take you between lodging and downtown should you not want to walk that distance. (Murphys Inn is one block from the shops; the Executive Suites is nearly three blocks away.)

Lunch is on your own – you may choose one of the restaurants downtown, or you may ride the shuttle to Ironstone where their delicatessen opens at 11am. Wine, beer, and non-alcoholic beverages will be available at Ironstone, but State licensing regulations prohibit hard liquor from being consumed on the winery premises. Downtown Murphys has full-service bars. The wine-tasting room at Ironstone is open daily from 11am to 5pm.

For ADS Board Members, there will be a business meeting in the afternoon. If you are not on the outgoing Board, your afternoon can be spent viewing the Show and enjoying the Ironstone facility. Outdoors, Ironstone staff members will lead walks through their extensive gardens. There are plants in bloom throughout the year. Their gardens and landscape make Ironstone one of the most beautiful wineries in California. The huge outdoor amphitheater hosts Summer concerts and other public events (e.g, antique automobile shows). Indoors, Larry Ringland, landscape supervisor extraordinaire, will tell you about Ironstone’s history with daffodils – and perhaps give you some clues on how he and his staff produce the hundreds of wine half-barrels with blooming daffodils that greet visitors throughout the Spring. Be sure to visit the Museum and the adjoining Jewelry Shop where the selection specializes in exquisite items on a daffodil theme.

Later in the afternoon, you’ll be introduced to the third focus of the National Show – Artistic Designs. In the main room, Calaveras County Garden Club design artist Bev Switzer will demonstrate her skills with daffodils. Concurrently, other designers will be staging their entries in the Artistic Designs Section of the Show. Judging Artistic Designs will be Saturday morning and this Show Section will open at 11am Saturday.

Your first complete day of the Convention will conclude with a full evening. The social hour with no-host wine (and beer) bar will precede evening dinner at Ironstone. Following dinner will be the Annual ADS Membership Meeting and the presentation of Show Awards for Horticulture and Photography.

SATURDAY

For early risers, the morning will start at 7:30am with breakfast at Ironstone. You will have seen specimens of “green” daffodils in the National Show. A breakfast presentation called “Green Daffodils - Really?” will extend what you’ve seen and give you an opportunity to voice your opinion on the future of green in daffodils. It’s anticipated that the session contributors will be Bob Spotts, John Hunter, Harold Koopowitz and John Reed. This breakfast is an optional event and will require your sign-up on the Registration Form.

Sleepy-heads will join you at 9:30am, when you’ll have the choice between two concurrent programs. “Break-throughs in Miniatures” will feature exciting new miniature seedlings shown by Harold Koopowitz & Marilyn Howe, Graham & Helen Fleming (aka, Keira Bulbs), and Steve

Vinisky. Delia Bankhead was to be the fourth presenter in the session. Mary Lou Gripshover has graciously agreed to present Delia's seedlings in her stead. The session will be dedicated to the remembrance of Delia.

"Historic Daffodils – Where and How Have They Spread?" will be moderated by Sara Van Beck, with contributors John Hunter, Keith Kridler, Ian Tyler, Juan Andres Varas Braun, and George Ryan. The latter two names might be unfamiliar to you. Juan Andres is a university professor in Chile, spends time in Spain observing species habitats, and might offer some insights into daffodils in South America. George is a fourth-generation member of the pioneer family that started planting daffodils at their Sierra homesite during the 1880s. The family has continued planting daffodils there over the years – and operates the now-famous "Daffodil Hill" near Volcano, an hour's drive from Murphys.

Be sure to visit the Artistics Design Section of the Daffodil Show, which opens at 11am.

Lunch will be served at Ironstone, with historian Judith Marvin speaking on "Murphys and the Gold Rush." After lunch and time to relax, you'll face another choice between concurrent program sessions. In their presentation "So You Want to Become a Judge," Scott Bally, ADS Chairman of Judges and Schools, and Jaydee Ager, ADS Executive Director will urge you to act on your desire to become a Judge. In "Advances in Standards: the Elusive White-Orange/Red Trumpets," Moderator Mike Temple-Smith and eminent panelists John Reed, Jamie Radcliff, Elise Havens and Brian Duncan will show some remarkable progress toward this long-sought goal in hybridizing. A truly outstanding assembly of major daffodil persons from across the world!

The ADS Bulb Auction will be conducted at 3:30pm, immediately following the afternoon program presentations. If you want the newest and best, donated to the auction by the top hybridizers in the world, this is for you! In the process you'll make a greatly appreciated monetary donation to the ADS.

The main room at Ironstone (in which we will dine and listen to presentations) is called the "Music Room" - and for good reason. A magnificent floor-to-ceiling pipe organ occupies one wall. Miriam Miller of New Zealand will play this organ after the afternoon presentations have concluded. You shouldn't miss this!

You'll have to hasten to shuttle back to your accommodations if you want to change for dinner. Social hour at 6pm precedes dinner at 7:15pm. Following dinner, Keith Kridler will engage us with a presentation on the tributions and rewards of growing daffodils in northeast Texas.

SUNDAY

You'll get up early to catch the shuttle to Ironstone in time for the Sunday morning breakfast (at 7:30am). Richard Ezell will moderate esteemed panelists (Nial Watson, Jan Pennings, David Jackson, Elise Havens, and David Adams)

in a discussion important to all of us: “What’s in Our Daffodil Future?” The panel could address such questions as: “Will new introductions continue to be available from hybridizers worldwide?”

“How can daffodil organizations encourage the continued hybridizing of show cultivars?” and “What might be necessary to maintain stocks of important historical cultivars?” Questions and input from the audience will be encouraged. The breakfast is an optional event and will require your sign-up on the Registration Form.”

After the breakfast, you’ll again be joined by those who chose to sleep in. You’ll be entertained by a debut of “Daffodil Jeopardy,” a quiz game created especially for this Convention by Nancy Tackett and Mary Lou Gripshover. There will be teams from each of the world daffodil communities (Australia, New Zealand, UK, and USA) competing to win the prize (which is yet to be determined). This should produce fun galore!

Lunch will be served at Ironstone. Bring your warmer wear (or rainwear if the weather indicates) because immediately after lunch, you’ll board a bus for a visit to one of the significant State Parks nearby. There are two potential destination options: Columbia State Park contains a preserved city from the gold mining era. At one time its population of 30,000 was the third-largest in California. As gold was removed and new strikes declined, nearly all of the residents left. But many of the buildings remain and give you a view of what a Gold-Rush mining city looked like. Docents will lead you on a tour through the downtown. Some buildings have been converted to coffee shops, so there are places for you to stop, refresh, and reflect. The walks are on level ground, but walking shoes and a warm sweater (elevation 2000’) are a must. Having an umbrella would provide you good insurance against a rain shower.

Calaveras Big Trees State Park is the possible alternative destination. At 4700’ elevation, this Park probably will be at or above snowline. Here is a portion of the Sierra forest of giant sequoias. You’ll see the stump of a giant sequoia, cut down over a century ago – and easily large enough for a dance floor! While a Ranger-led walking tour might be possible, it is more likely that you’ll take a self-guided tour through the forest, observing immense trees whose size almost defies description. Snow and muddy trails mean sturdy, water-proof boots or walking shoes are a necessity. The temperature will be brisk, so you’ll need a warm sweater or jacket – and possibly a scarf as well. Hosting facilities at Big Trees are limited, so we’ll need to restrict the number visiting to one bus.

Upon return to Murphys, buses will return you to your lodging – unless you are on the incoming ADS Board. If so, you’ll be taken to Ironstone for a meeting of the Board. Please ride the bus on to Ironstone if you want to help take down the Daffodil Show.

Social hour (6-7:15pm) will again precede the evening dinner at Ironstone. Following dinner, Peter Ramsay will be the Farewell Speaker. Last in the evening you'll receive invitations to ADS Convention 2011 in Jackson, Mississippi, and to World Daffodil Convention 2012 in Dunedin, South Island, New Zealand. These are events you'll want to attend!

MONDAY

Be sure to arise early if you are taking the coach back to the Sacramento Airport. The scheduled departure is at 7:30am. Timely departure will assure the necessary time at the Airport for flight check-in and the security process.

We've implemented an online information network "Murphys 2010 Net" to update information about the 2010 ADS Convention and Daffodil Show. If you want to receive email information about the Murphys event, send a message to [roberts\[potts\]@comcast.net](mailto:roberts[potts]@comcast.net) with "add me to the network" in the text. Once subscribed to the network, periodically you'll receive new information on the Convention. Subscribers can ask questions about the Convention either by clicking reply to a message you receive or by sending a message to murphys2010@daffodilUSA.org. 🌸

ADS 2010 Convention Registration forms are available by download from Northern California Daffodil society website: www.daffodil.org and by email (Word or PDF attachment) from daffodilregistrar@gmail.com or hardcopy by sending SASE to Melissa Reading, 2010 Registrar, 1240 Asti Court, Livermore, CA 94550

ACCOMMODATIONS RESERVATIONS INFORMATION

ADS 2010 Convention March 11-14, 2010

The 2010 Convention and Daffodil Show will be at Ironstone Vineyards, located on a country road a mile outside the town of Murphys. Not being in a hotel in a city or city suburb, this Convention will be unlike previous American Daffodil Society events. Attendees will be accommodated in two modern motels near the historic downtown area, plus the optional availability of fully-furnished vacation cottages located throughout the town. Shuttle buses will take attendees between their rooms and the Convention site at the winery, a mile distant.

Accommodations are often the most costly item on a holiday, but not this year. Below are the accommodation options available. Attendees are to make their accommodations arrangements directly.

MOTELS . Murphys Inn Motel is one block from downtown. **Murphys Suites** is another long block away. Murphys Inn, though nicely maintained, is a few years older than Murphys Suites.

Murphys Inn Motel:

76 Main Street (at Hwy 4), Murphys CA 95247
888-796-1800; 209-728-1818

The Murphys Inn Motel has 37 rooms, each with 2 queen beds, available at \$75 per night (plus tax). (The rate for these rooms is usually \$139/night.) Attendees must book for all four nights - Thursday through Sunday. Additional nights receive the same reduced rate.

Murphys Suites:

134 E. Highway 4, Murphys CA 95247
877-728-2121; 209-728-2121

The Murphys Suites has 70 suites: 16 one-room with 2 queen beds, 10 two-room with 1 king bed, and 43 two-room with 2 queen beds. There is also one larger two-room suite with 2 queen beds and a hideabed. The rates are \$85 per night (plus tax) for the one-room suites and \$95 per night (plus tax) for the two-room suites. (These rooms normally go for \$159-\$179 per night.) Attendees must book for all four nights - Thursday through Sunday. Additional nights receive the same reduced rate.

Angels Inn Motel

600 N. Main Street (Hwy 49), Angels Camp CA 95222
888-753-0226; 209-736-4242

50 rooms with 2 queen beds at \$75 per night (plus tax) will be blocked at the Angels Inn Motel in Angels Camp, 10 miles down the highway. These rooms will provide insurance should large attendance fill the two motels in Murphys. Attendees must book for all four nights - Thursday through Sunday.

Persons arriving earlier or staying later will enjoy the same nightly rate. All rooms will be blocked for Convention-attendees only until February 11, 2010. Persons seeking reservations will be told the facilities are full - unless they identify themselves as attending

the Daffodil Convention. After February 11, the Convention room rates will still be valid (and available only if the Daffodil Convention is mentioned) but rooms will also be sold at the regular rates to others seeking accommodations.

Vacation Cottages. Much of the ambience of Murphys is captured in the fully -furnished cottages tucked into scenic lots around the town. Most of these cottages have two bedrooms with separate baths and are ideal for two couples. Convention shuttle buses will serve attendees staying in these cottages. There are two sources for renting cottages.

Cynthia Trade, Murphys Realty
230 Big Trees Road, Murphys 95247
(209) 728-3404
email: cynthia@realtyworld-murphys.com
website: www.realtyworld-murphys.com

Cynthia Trade manages eleven vacation-rental properties in Murphys. These properties are small houses or cottages sleeping up to six persons. Photos and brief descriptions of these properties are on the website. Rental rates in 2008 ranged from \$100/night for a cottage sleeping two to \$250/night for the house sleeping six. 2009 rental rates shown on the website will be reduced to the 2008 rate for each of three nights – and the fourth night will be free. There will be a one-time cleaning fee of \$50. These cottages will be reserved for Convention attendees through January 15, 2010. They will be open to the public for reservation after that date. To get the special rate, attendees must identify themselves as “Daffodil Convention.” Bookings would require a four-night stay (longer stay would be optional). Early leaving would forfeit unused nights.

Anna Gutierrez, Murphys Vacation Rentals
3635 Murphys Grade Road, Angels Camp, CA 95222
(209) 736-9372
email: info@murphysvacationrentals.com
website: www.murphysvacationrentals.com

Anna Gutierrez manages five rental cottages in Murphys. Three of these are in the historic downtown. Photos and brief descriptions of the cottages are on the website. The cottages are ideal for two couples. Four cottages are 2-bed, 2-bath and one is 2 bed, 1bath. High-speed Internet is provided. Cottage rental rates are either \$150 or \$165 per night, plus a \$25 one-time cleaning fee.

The rental fee for Convention attendees for week-day nights (Sunday through Thursday) will be reduced by 50% (ie, four nights for the price of three). Bookings will require a minimum four-night stay for the discount to be applied (longer would be optional). Early leaving would forfeit unused nights. Reservations should be made by January 15, 2010. After that date, the cottages will be open to all for reservation. Attendees must identify themselves as “Daffodil Convention” to get the special rental rates.

A Convenience Option. We offer an option to attendees who either are unable to find a flight into Sacramento Airport (SMF) that arrives early enough on Thursday to make the last, 4pm, coach to Murphys - or who simply dislike starting the Convention on Thursday evening exhausted from an extra-long travel day. We suggest you fly to Sacramento on Wednesday, March 10. Arrive SMF on whatever flight is convenient and stay overnight in

Sacramento. Then return to the Airport on late Thursday morning to take our first coach departing for Murphys. That would get you to Murphys mid-afternoon on Thursday, rested, and with time to settle into your accommodations (and perhaps even to scout out the town of Murphys) before taking the shuttle to Ironstone Vineyards for the Welcoming Buffet.

We've reserved a small block of rooms for March 10 at **Ramada Inn Limited, Sacramento**. The room rates are:

Non-smoking room with one king bed: \$71.10 plus tax.

Non-smoking room with two queen beds: \$80.10 plus tax

To get one of these rates, you must reserve three days or more ahead (there is 24-hr cancellation period) and give the Daffodil Convention Group Confirmation Number: 61678147. You must use a credit card to reserve your room. The telephone reservation number is: 1-877-361-2502 (if this number should not be available overseas, please try the direct motel number 1-916-442-6971).

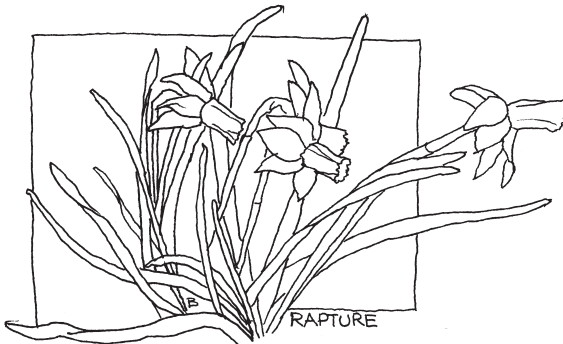

The Ramada Inn is downtown but provides complimentary shuttle service from and to the Sacramento Airport - a distance of 11 miles. Unfortunately, there are no accommodations near the Sacramento Airport. We suggest you might spend some free time in "Old Town" Sacramento with its variety of shops and restaurants. 🌸

THE DAFFODIL SOCIETY

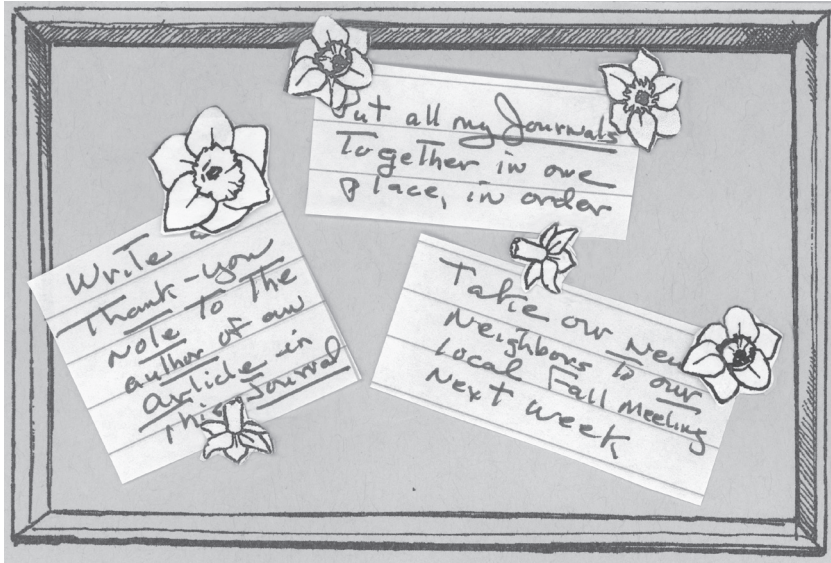

Was established in Britain in 1898 to cater for the needs of all daffodil enthusiasts and now has members in all the countries where daffodils are grown seriously.

The Society issues two publications each year to all members and welcomes contributions from all growers on the complete range of topics. Subscription rates, by Airmail, are; 1-yr, £18.50/\$35.00 3-year £54.00/\$102.00 Payments in US\$ to be made to the ADS Executive Director: Payment in UK £s to Keith Boxall: The Daffodil Society, 13 Astor Crescent, Ludgershall, Andover, SP11 9RG, UK.

2010 Show Information Should Be Submitted by Oct. 1, 2009

Local show chairman should send their show information for 2010 to Chriss Rainey, Awards chairman, on or before Oct. 1. Included should be the date(s), exact location, and the names of the show chairman, the person preparing the schedule, and the contact person, who should have an email address. If you do not have complete facts, please send Chriss what you do have on Oct. 1, particularly the date and location. These should be sent to: Chriss Rainey, 2037 Beacon Place, Reston, VA, 20191, 703-391-2073, triller7@verizon.net. 🌸

Corrections:

'West Point' in the "Changes in Classification" in the June *Journal*, actually is 'West Post,' and is now a Division 2.

ADS President George Dorner's phone number in the Board of Directors listing, page 305, June *Journal*, is incorrect. His number is 847-438-5309, which is the listing inside the front cover.

The correct email address for Scott Bally, Judging Schools chairman, is scott.bally@gallaudet.edu.

The correct email address for Glenna Graves, nominating committee member for the Middle Atlantic, is: GlennaMGraves@comcast.net.

In Memoriam

Dian Keesee Fortuna, CA

Dian Keesee, of Fortuna, CA, died in July. Her many daffodil friends have suffered a great personal loss. The NCDS and the ADS have lost an exceptional member. For the ADS, Dian did an outstanding job as Judges Credentials chairman.

Here in California we knew and loved Dian for her warm personality, her willingness to help with any task, and her quiet, unsung organization and leadership. The continuing excellence of the Fortuna Show is a prime example.

While serving as the Pacific Region's regional vice-president, she brought together daffodil friends from Oregon, California and Washington for wonderful social weekends in Fortuna.

Expressions of sympathy can be sent to her husband Mike, 1000 Angel Heights Drive, Fortuna, CA 95540.

Bob Spotts

Sandra Stewart, of Jasper, Alabama, died in June. She was a hard-working member of the Central Mississippi Daffodil Society, and gave stalwart assistance to Weldon Childers in his last daffodil-growing years.

Sandra was an accredited judge, an outstanding exhibitor, an excellent regional vice-president, and chairman of the Historics Committee. Our sympathy can be expressed to her daughter Autumn, at 1149 Wells Loop, Jasper, AL 35503.

MEMORIAL GIFTS

Delia Bankhead: Loyce McKenzie, Betty Smith, Bob Spotts, Jason Delany.

Jerry Frey: Bill and Mary Ellen Gould

Dian Keesee: Ben Blake & Nancy Tackett, Bob Spotts

Sandra Stewart: Central Mississippi Daffodil Society, Jason Delaney

...From the Executive Director's Computer

The ADS dues year is JUL 1 to JUN 30th and dues are paid for the coming dues year. Please check the back of this *Journal* to see your dues paid thru date, which is located near your name and address. Are your dues current? If not, please renew now. We ask that you align with the JUL 1 payment date, so you may need to pro-rate. Just figure \$5 per quarter to determine your payment to align with the JUL 1 date. ADS offers a three year membership, too. Please see the inside front cover of the *Journal*, to view the various membership rates, and add \$5 per quarter to align with JUL 1, as may be necessary. I encourage you to contact me with your questions. We no longer send dues renewal notices to cut costs. You can send a check to pay your dues, or you can renew on line at our ADS webstore.

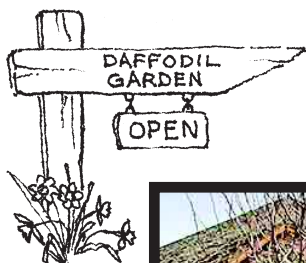

I ask that all ADS members keep your e-mail address current with the Executive Director. Your privacy and your personal data is safeguarded by me at all times. Returned *Journals* are costly, so please send me a change of address before you move, or if you are away for an extended period.

Need a personal economic stimulus? Consider gift memberships to ADS for your holiday giving. I can make your shopping easy! ADS youth memberships are a real bargain at \$5.00! Send me your list of recipients, and your check, and I will send special welcome packets, notifying your honorees.

Check the back inside cover of the *Journal* for publications and supplies we have available. The CD programs are a real bargain at \$10 each. I want to encourage show personnel, to please check your supplies now. Get ahead of the spring rush and get your entry tags, *Judges' Handbooks*, and *Daffodils to Show and Grow (DTSG)*. The most current version of DTSG has a sky blue cover. We have just a few of the 2008 RHS *International Daffodil Register and Classified List* available for \$78, which includes postage in the US.

In May 09, our *Daffodil Journal* was awarded the Donnan Certificate of Merit, which recognizes outstanding publications, by National Garden Clubs, Inc. Congratulations to the editor, Loyce McKenzie, and all those who contribute articles and photographs to our award winning *Journal*! 🌸

Your daffodil concierge,
Jaydee Atkins Ager

Two ADS Display Gardens near Salt Lake City, UT

Thanksgiving Point, in Lehi, Utah, below the Wasatch mountains. The Visitor Center, site of the Lehi Show, displays our ADS Display Garden sign.

The butterfly garden has daffodils planted around the perimeter.

Red Butte Garden, south of Salt Lake City, is primarily a botanical garden. Drifts and clumps of daffodils, some 150,000 of them, are planted throughout many parts of the garden. The lawn is surrounded by the four-seasons garden. [photographs by Kirby Fong, who judged both Utah shows.]

The Winning-est Cultivars in the 2009 Shows

Bill Lee
Cincinnati, OH

This listing shows the number of times a cultivar won a blue ribbon, whether it was a single-stem entry, a 3-stem entry, or part of a collection in the 2009 ADS shows. This list can help you to determine what cultivars you might want to add to your own collection if winning in shows is one of your goals.

Standard daffodil cultivars

- | | | | |
|----|-----------------------|----|-------------------------|
| 39 | 'Rapture' 6 Y-Y | 11 | 'Homestead' 2 W-W |
| 32 | 'Pacific Rim' 2 Y-YYR | | 'Gull' 2 W-W |
| 23 | 'Intrigue' 7 Y-W | 10 | 'Pink Silk' 1 W-P |
| | 'Conestoga' 2 W-GYO | | 'Falconet' 8 Y-R |
| 22 | 'Sweetness' 7 Y-Y | | 'Castanets' 8 Y-O |
| | 'Banker' 2 Y-Y | 9 | 'Trigonometry' 11 a W-P |
| 18 | 'Geometrics' 2 W-Y | | 'POPS Legacy' 1 W-Y |
| | 'Beryl' 6 W-YYO | | 'Lemon Brook' 2 YYW-W |

DaffSeek is now in Swedish!

Ben Blake
Internet Services

DaffSeek can now be viewed in eight languages, most recently, Swedish. We would like to thank and acknowledge Mira Birgitta Vanek. She has completed the complex and difficult task of translating DaffSeek into Swedish.

Mira B. Vanek was born in Sweden but since she was nine years old has been living in Italy. Her father was a Czech diplomat and her mother was Swedish, so she grew up using several languages, while her education, up to the qualification as internal architect, was in Italian. She loves daffodils and participated in launching the yearly Italian garden daffodil show, Mostra del Narciso, together with her husband, Henry Shejbal. When carrying out the translation of the “Help” and “Acknowledgements” pages of DaffSeek into Swedish, she received important help from her friend Maj. Britt Bergman, who also lives near Rome, and who kindly reviewed the terms used in the database, which were also amended by Cecilia Wingård who resides in Sweden. We appreciate Mira’s efforts in translating DaffSeek into Swedish. Those of us on the DaffSeek team place a high value on DaffSeek having multiple languages available for the horticultural world.

...From the Editor's Worktable

You're reading an article or listening to a presentation by a knowledgeable daffodil scientist. And you wonder, "Do you suppose they might ever do research on some topic I want to know about?"

Well, why don't you do it yourself?

Do you have the will to organize a plan to test your theory or answer your questions, and the diligence to observe and keep records, not just in a burst of initial enthusiasm but for several years?

For instance, you wonder if you could get the same cultivars to bloom earlier, or later, or longer, in your own garden. Test it, adapting scientific methods to your own backyard.

Get a dozen new bulbs, all from the same source, all the same cultivar, and generally the same size. Plant four of them in that always-shady, always cool spot on the north side of the house. Plant four in a sunny bed against a south-facing brick wall. Plant the other four in your main daffodil patch.

Next spring, watch for the first shoots to appear, and start taking notes. Every day, in the same notebook. Is there significant difference in first-bloom dates or full-bloom dates? Even five days' difference might mean another show you can enter with fresh flowers.

Here's the hard part – leave them there and repeat the process next year, and the next. Does becoming established change the time difference in first, or last, blooms? Write it down.

Maybe you remember hearing that pink daffodils deepen in color if they are refrigerated as soon as they open. From a big clump of one colorful cultivar, pick four or five open blooms (nicks and mittens don't count here but substance probably does) and refrigerate. After one day, and after two days, and after three days, take out a bloom and sit and have coffee with it and with a fresh bloom from the garden. Do it until the blooms are gone. Note any differences in how long they last, on the table. Write down what you observe.

You're plagued with basal rot. Is there any simple thing you can do to prevent it? Buy another dozen of one cultivar from one source. Plant them in new ground, placing four on a thick pad of sand and four on perlite and four on new ground. Take notes, next spring.

If they're okay, leave them alone. After two more seasons, dig them up and see what differences you find. Write them down. Think about other variations you can try?

Now maybe you can write an article. 

Loyce McKenzie

Media Programs

Below are programs in PDF that can be purchased on CDs for \$10.00, direct from the Executive Director at the ADS webstore: View short program descriptions on the ADS website.

- A Guide to Daffodils** (2005 D. Bankhead)
