LABELS FOR DAFFODIL PLANTING

We have what we consider the IDEAL label. The 3½ x 1 inch zinc name plate has four holes through which the two 12 inch aluminum legs are inserted. The name plate can never come loose and if names are written on with weatherproof pencil, they will remain legible for at least two years.

Price per dozen, postpaid \$1.50; per 100, \$10.00

PLEASE ORDER AT ONCE

We are happy to present our 1965 Daffodils on Parade, and ask that you let us have your order **AT ONCE**. We start shipping September 15 and, as our stocks must be replanted by November 1, can accept no orders after that date; besides, early planted bulbs, especially in the North, prove far more satisfactory. Consult our Spring Blue List for prices not included herein. If your spring list has been mislaid, send for another **AT ONCE**.

PLEASE NOTE: We cannot accept orders for less than \$5.00.

PARCEL POST: Please include 10% East of Mississippi; 15% West, for postage and packing on all except the Bushel Bargains, which are **PREPAID** East of Mississippi; add \$3.00 per bushel, \$1.50 per half bushel, 75¢ per peck, West of Mississippi.

OUR MARVELOUS MIXTURES

SPECIAL NOVELTY MIXTURE - A superior mixture containing over 500 of the truly distinctive varieties we grow. By the law of averages you should get from 40 to 50 and could get as high as 100 varieties per 100 bulbs. Planted in a cutting bed they will give ample and diversified blooms for the home over a long period each spring. Each year we discard about 100 varieties to make room for the newcomers. These discards are added to this Novelty Mixture which is in a class by itself for those not interested in named varieties and yet who desire fine and unusual flowers over an extended period each spring.

100 bulbs for \$10.00

EXTRA SPECIAL NOVELTY MIXTURE - Hard to believe but this is an improvement even on the Special Novelty Mixture, in that this year alone we have added 300 fine varieties which we have in surplus stocks and most of which sell for 50¢ or more. No one else in this country can offer such a mixture at such a bargain price, and as we plan to grow fewer varieties yearly, advise you to take advantage of this stupendous offer.

100 bulbs for \$15.00

NATURALIZING MIXTURE - Do not confuse this with any offered elsewhere which at most include a dozen or less varieties - mostly discards. This is a hand-picked mixture of the fine old varieties which have proven their ability to continue blooming for many years undisturbed. Take advantage of this now as these types are growing scarce. **Order NOW.**

All Colors (over 30 varieties) 100 bulbs for \$9.00

Yellow only (several varieties) 100 bulbs for \$6.00

ROCKERY MIXTURE - small types suitable for a Rock Garden.

12 bulbs for \$ 1.75

100 bulbs for \$12.00

SPECIAL/NATURALIZING COLLECTIONS

The two collections listed below are for blooming-sized round bulbs (best for this purpose) and include varieties which, left undisturbed, will continue to bloom for a number of years. Contrasting colors and a long range of blooming period will complement any planting. Description of these will be found on pages 7 - 10.

Carlton	}	100 each of 5 varieties (500 bulbs, value \$45.00) \$40.00
Emperor		
February Gold		
Recurvus		
Thalia	}	50 each of 5 varieties (250 bulbs, value \$22.50) \$20.50
Cheerfulness		
Dick Wellband		
Helios		
Polar Ice	}	100 each of 5 varieties (500 bulbs, value \$42.00) \$38.00
Trevithian		
	}	50 each of 5 varieties (250 bulbs, value \$21.00) \$20.00

BUSHEL BARGAINS

Blooming-sized bulbs, excellent for massed plantings and commercial blooms, as well as for Naturalizing. There are approximately 300 to 600 bulbs per bushel. PREPAID \$20.00 PER BUSHEL; \$11.00 PER HALF BUSHEL.

Carlton	Fortune
Cheerfulness	Helios
Dick Wellband	King Alfred
Emperor	

BUSHEL SPECIAL

1 Peck each:	Cheerfulness	Emperor	\$22.00
	Dick Wellband	Fortune	POSTPAID

NATURALIZING MIXTURE - This is extremely popular and the finest available at any price containing 30 or more varieties, eminently suited for this purpose in all daffodil colors.

	Bushel \$30.00	Half bushel \$16.00
All yellows	Bushel \$20.00	Half bushel \$11.00

REGULAR MIXTURE - Several good commercial, large flowering varieties, good for cutting.

Bushel \$25.00	Half bushel \$13.00
----------------	---------------------

NOTE: The bulbs in our Bushel Bargains and Mixtures are blooming-sized rounds; all others listed are top-sized and double-nosed.

NAMED COLLECTIONS FOR 1965

We are listing below a number of collections, Daffodil, Tulip, and Miscellaneous, which we highly recommend for your garden or for gifts. The Special 1965 collection is comprised of varieties amongst those most popular last year, and you will note that they embrace five of the best-liked divisions and comprise a wide range of shapes and colors. We reserve the right to give varieties of equal or greater value in case we are sold out of any of the varieties in these collections, which, incidentally make marvelous gifts to gardening friends. Be sure to add 10% for postage and handling East of Mississippi, 15% West.

SPECIAL 1965 COLLECTION (Daffodils)

- 2c-1 Ice Follies - white petals and very large flat creamy cup, frostily edged
 - 3b-2 La Riante - moderate-sized with clear white petals intense small red cup

 - 2a-2 Delibes - showy with large flat lemon crown, orange-banded and gold petals
 - 2c-1 Ice Follies - delightful circular white bloom with creamy flat crown
 - 5a-1 Liberty Bells - 3 lovely yellow blooms per stem, a golden Thalia
 - 2b-3 Mabel Taylor - one of the finest bright pinks with very ruffled crown
 - 5b-3 Silver Chimes - exquisite clusters of fragrant cream and white blooms
 - 4-4 White Lion - a lovely white double with creamy shorter segments
- 6 each of the above 6 varieties - 36 bulbs - \$10.00

- #4 Wonderful Whites (giving a long period of blooms and great diversity) (Daffodils)
 - 1c-2 Ada Finch - large early beauty with yellow trumpet soon passing white
 - 2b-1 Lord Teddar - very late with clear white petals and small creamy cup
 - 1c-2 Mount Hood - very large, mid-season white trumpet
 - 3c-1 Polar Ice - extremely late icy white with charming green-eyed cup
 - 4-4 Shirley Temple - white semi-double with unusual rosebud center
 - 5a-4 Thalia - mid-season and orchid-like with 2 or 3 bell-shaped cups
- 6 each of the above varieties - 36 bulbs - \$8.00

- #5 Garden Club Collection (all good show or garden varieties)
 - 1a-1 Unsurpassable - giant yellow trumpet
 - 1c-1 Beersheba - fine large white trumpet
 - 2d Binkie - pale yellow, reversed bi-color
 - 2a-2 Sumatra - yellow petals, vivid red cup
 - 2b-3 Mrs. R.O. Backhouse - an excellent pink
 - 5a-4 Tresamble - two or three white blooms on tall stem
- 5 each of the above 6 varieties - 30 bulbs - \$7.50

- #6 Pink Collection (this makes a charming gift to a discriminating gardener) (Daffodils)
 - 2b-3 Lady Bee - late dwarf with lovely apricot-edged cup
 - 2b-3 Louise de Coligny - fragrant, mid-season clear pink
 - 2b-3 Mabel Taylor - late with very deep rosy ruffled cup
 - 2b-3 Rosa Van Lima - early with small very pink cup, pointed petals
 - 1b-3 Rosy Trumpet - earliest pink with deep rosy trumpet and twisty white petals
 - 2b-3 Siam - midseason, with clear peach wide opened crown
- 3 each of the above 6 varieties - 18 bulbs - \$6.00
6 each of the above 6 varieties - 36 bulbs - \$11.00

We highly recommend the two collections of tulips listed below. These we grow in our Display Garden as they all bloom with the daffodils and can be counted on to continue for many years, providing a gorgeous array of color.

#7 Early Collection (ideal for complimenting your daffodil garden) (Tulips)

- Bandoeng - Triumph tulip, 18 inches tall, mahogany-red, flushed orange
 - Gudoschnik - Darwin hybrid, 26 inches tall, creamy peach dusted with rosy red
 - Holland's Glory - Darwin hybrid, 22 inches tall, large vivid red
 - Purissima - 20 inch tall White Emperor
 - Red Emperor - Fosteriana, 16 inches tall, the most reliable colossal red
 - Rising Sun - Single early, 14 inches tall, golden yellow, glorious planted with muscari
- 12 each of the above 6 varieties - 72 bulbs - \$10.00
6 each of the above 6 varieties - 36 bulbs - \$ 5.50

#8 Species Collection (low growing, splendid for borders)

- Clusiana - 9 inch, Botanical, cherry-red and white, very small
 - Oriental Beauty - 10 inch, Kaufmanniana, vermilion with beautiful marbled foliage
 - Peach Blossom - 12 inch, Early double, rosy pink
 - Red Riding Hood - 8 inch, Gregii, scarlet with brownish marked foliage
 - Shakespeare - 7 inch, Kaufmanniana, salmon, apricot and orange
 - Waterlily - 6 inch, Kaufmanniana, creamy white, marked carmine-red
- 12 each of the above 6 varieties - 72 bulbs - \$10.00

#9 Miscellaneous Bulb Collection (which we feel are a "must" for a well-rounded early spring garden)

- Crocus - mixed colors, bloom with February Gold and other early daffodils
 - Chionodoxa - low-growing lovely blue, with white-starred center, last 6 weeks
 - Muscari Armeniacum - grape hyacinth, these blue spikes appear mid-season through late
 - Scilla Campanulata - these lovely tall single blue hyacinths adorn the late daffodil garden
- 50 each of above 4 bulbs - 200 bulbs - \$9.00
25 each of above 4 bulbs - 100 bulbs - \$5.00

FOR LOVELY LATER-BLOOMING TULIPS, WE SUGGEST THE COLLECTION BELOW.

#10 Garden Favorites (varied as to color, size and blooming dates) (Tulips)

- Aladdin - 22 inch, Lily flowered, scarlet with yellow edge and base
 - Bruno Walter - 16 inch, Triumph, soft bronze
 - Dillenburg - 26 inch, Breeder, salmon orange
 - Gen. Eisenhower - 24 inch, Darwin hybrid, brilliant scarlet
 - Mrs. Moon - 26 inch, Cottage, canary yellow with pointed petals
 - Purissima - 20 inch, Fosteriana, fine grower, pure white
 - Queen of Night - 30 inch, Darwin, deepest purple-blue
 - Red Emperor - 16 inch, Fosteriana, colossal red, the most reliable
 - Reforma - 16 inch, Triumph, sulphur yellow, gold edged
 - White Triumphator - 30 inch, Lily flowered, purest white, pointed petals
- 12 each of above 10 varieties - 120 bulbs - \$15.00
6 each of above 10 varieties - 60 bulbs - \$ 8.00

DESCRIPTIONS

We regret that due to the unprecedented sales of varieties new with us this year our stocks of these are almost depleted - consequently we are not describing them herein as we would have to disappoint you on many, if ordered. Next year's Blue List shall contain descriptions of these and others. Below are described a number of fine varieties, most of which we can offer at REDUCED PRICES. Please order these at once. Varieties starred are also offered in Naturalizing Specials and Bushel Bargains.

- 3b-2 Accolade - first class show flower with fine broad white petals and cup-shaped crown of intense red 1.00 ea.
- 3b-1 Air Castle - unique flower of perfect form with flat white perianth which turns a greenish beige and small flat apricot crown shaded lemon, its narrow margin of deeper shade 2.75 ea.
- 3b-2 Angeline - charming bloom of pure white with small flat cup rimmed with intense apricot40 ea.
- 3a-2 Apricot Distinction - we have a good stock of blooming-sized rounds in this heavenly variety which should be planted in shade so its flaming cup will spill over into its apricot petals. Doublenosed50 ea.
Rounds for Naturalizing 3.00 doz.
- 5b-1 April Tears - exquisite late miniature with several yellow drooping blooms and severely reflexed petals 1.00 ea.
- 7 Baby Star - similar to Jonquilla Simplex with several fragrant golden blooms per stem BUT very late blooming 1.00 doz.
- 2d Binkie - opening a lovely yellow, its cup fades white with age 3/1.00
- 3b-2 Bithynia - its flaring almost flat creamy white crown has a light apricot margin, its petals are pure white 1.00 ea.
- 7b-2 Bobbysoxer - 7 to 8 inches tall, its several golden blooms have orange cups40 ea. 3/1.00
- 10 Bolivia - larger than Jonquilla Simplex yet smaller than Odorus, this was found in Bolivia, North Carolina 1.50 doz.,
- 3c-1 Bryher - one of the loveliest in its class, icy white, tall stemmed with vivid green eye in its small white cup70 ea.
- 8-1 Canarybird - one of the loveliest of the fragrant multi-clustered group, a lovely shade of yellow25 ea.
- *2a-1 Carlton - this very lovely soft yellow has a nicely ruffled cup and is fine for garden or naturalizing 2.00 doz.
- 2a-2 Ceylon - fine yellow for show with brilliant red cup60 ea.
- 7b-3 Cheyenne - this lovely tall stemmed jonquil hybrid is fragrant and naturalizes very well25 ea.
- *4-4 Cheerfulness - several fragrant small white double blooms, flecked with cream, per stem 2.00 doz.
- 3c-1 Chinese White - we have a good stock of rounds of this fine white with small green-eyed cup Doublenosed bulbs .65 ea. 3.50 doz.
- 4-4 Daphne - this lovely late small double is pure white and fragrant 2.00 doz.
- 7b-3 Demure - six-inch late white miniature with pale yellow cup50 ea.
- *2b-2 Dick Wellband - this late blooming large white bloom has a sizeable flat very red cup - fine for garden or naturalizing 2.00 doz.
- 3a-1 Dinkie - its perianth is greenish yellow with cup a deeper shade edged with orange 3.00 doz.

2b-2 Duke of Windsor - justly popular, its petals are pure white and its fluted large flat cup sometimes yellow but often orange25 ea.
1a-1 Dungiven - late blooming moderate sized yellow trumpet of fine form	3/1.00
*1a-2 Emperor - blooming late for a trumpet, it is a lovely soft yellow throughout and a splendid naturalizer	1.50 doz.
3b-3 Fairy Circle - exquisite little flower with circular white perianth and broad flat white eye clearly pink rimmed50 ea.
3b-2 Fairy Tale - charmingly refined flower with pure white petals and flat pale citron crown, orange edged75 ea.
*6a-1 February Gold - about the earliest to bloom this sprightly golden bloom has pointed reflexed petals and is a joy for garden or naturalizing	2.00 doz.
3c-1 Foggy Dew - this late beautifully circular bloom, petals well overlapping, is tall stemmed and has a small cup with vivid green eye75 ea.
*2a-2 Fortune - early and showy, this tall stemmed yellow bloom has a good bright red cup, especially when planted in shade	1.50 doz.
1b-1 Frolic - stunning large flower with icy white petals and vividly contrasting lemon yellow trumpet; this is scarce	1.00 ea.
5b-4 Frosty Morn - 2 or 3 lovely white blooms of good substance on this 6 inch miniature	1.00 ea.
2b-1 Gertie Millar - good white flower with open ruffled creamy cup25 ea.
2a-1 Goldsithney - prolific 8 inch golden yellow miniature	2.00 doz.
1a-2 Grapefruit - one of the finest pale yellow trumpets60 ea.
3b-2 Hardy - white with very ruffled small red cup Rounds	2.00 doz.
*2a-2 Helios - very early yellow and orange; a good naturalizer	1.00 doz.
5b-1 Hawera - lovely and similar to April Tears, but paler and earlier50 ea.
1d Honeybird - most beautiful reversed bicolor trumpet, long lasting and tall stemmed	3.00 ea.
1a-2 Hunters Moon - show flower of fine form and pale yellow50 ea.
2b-3 Interlude - we consider this one of the best late and strong pinks	3.00 ea.
10 Jonquilla Helena - similar to the lovely fragrant Simplex (the original jonquil) but later, a bit larger and paler in color	2.00 doz.
1a-1 King Alfred - the best known daffodil, early golden trumpet	1.00 doz.
1a-1 Kingscourt - a show trumpet of fine form and a clear golden color45 ea.
3b-3 Lady Bee - lovely 9 inch dwarf with pretty longish pink cup, white petals	3/1.00
7b-1 Larkelly - fine 10 inch dwarf cyclamineus with golden petals and orange cup	2.00 doz.
5a-1 Liberty Bells - yellow Thalia, 3 golden blooms per stem	4/1.00
2d Limeade - fine growing lemon bloom, its long cup reverses to creamy white. Lim.Qty.	3.00 ea.
2b-3 Mabel Taylor - ruffled and deep pink cup is offset by a good perianth in this fine late bloomer35 ea.
8-3 Matador - at last have been able to get a stock again of this fine large multi-clustered flower, yellow petals and bright red cup; a favorite with exhibitors	3/1.00
4-4 Mrs. Wm. Copeland - always in demand, this large white double has shorter creamy petals, often a touch of green25 ea.

6a-1 Mite - a real gem, this small cyclamineus with very long trumpet and beautifully reflexed petals, is 6 inches tall. Stocks are scarce50 ea.
2b-2 Mother Gruellemans - a stunning bloom, showy with clear white petals - large flat crown with band of creamy apricot50 ea.
1c-2 Mt. Hood - this giant white trumpet is fine for garden or show	2.50 doz.
1b-1 Music Hall - ever popular large white with bright yellow trumpet	2.50 doz.
2c-2 Nuage - a lovely very pure white bloom, fine for shows; very long lasting50 ea.
7b-3 Nirvana - this exquisite tall white jonquil with one to three flowers is fragrant and fine for naturalizing	2.50 doz.
10 Odorus Plenus - formerly double campernelle, early, 12 inches high, a good golden bloom	1.50 doz.
2c-2 Panda - an exquisite little late white dwarf with a lovely fluted cup, banded with cream	1.00 ea.
5a Pearly Queen - 2 to 3 fairly large blooms with sizeable pale yellow cups, white petals	5/1.00
7b-1 Peaseblossom - cream colored miniature, usually two-headed	3/1.00
2b-3 Pink Beauty - listed as Poesie for some years, it is a truly gorgeous flower with clear pink trumpet-like cup and fine show form	2.00 ea.
2b-3 Pink Smiles - another favorite for show with expanded clear pink crown and good perianth75 ea.
2a-1 Pinwheel - this very flashy flower has an enormous flat crown of dark yellow and paler petals50 ea.
7b Pipers Barn - deep butter yellow flowers with small cups and pointed petals	5/1.00
*3c-1 Polar Ice - this very late pure white beauty has an emerald green eye and is fine for show and naturalizing	2.50 doz.
1c-1 Rashee - one of the finest white trumpets for show - we have a few acclimatized bulbs of this to offer	4.00 ea.
*10 Recurvus - this charming old-timer is late, has slightly recurved and pointed white petals and small red-edged yellow cup; ideal naturalizer	2.00 doz.
3b-2 Redstart - striking white flower with white perianth and ivory crown with coral-orange rim and green eye50 ea.
2a-2 Red Goblet - extremely striking with vivid goblet shaped crimson cup and golden petals25 ea.
5b-2 Rosedown - bright yellow petals and globular orange-red cup20 ea.
2a-2 Rouge - this earliest of red cups spills over onto the golden petals in a most effective manner25 ea.
2a-1 St. Egwin - considered by many the finest tall stemmed all yellow large cup40 ea.
3b-2 St. Louis - a large white bloom with flat golden crown, edged vermillion, good for garden and show	2.50 doz.
5b-2 Samba - a delightful dwarf with vivid red cup and long pointed yellow petals	3/1.00
5b-3 Silver Chimes - this outstandingly lovely variety has many white blooms with creamy cups and is delightfully fragrant	2.50 doz.
1d Spellbinder - a splendid reversed bi-color and excellent grower	2/1.00
5a-1 Stoke - lovely soft yellow, it has 3 blooms per stem and is a splendid grower	2.50 doz.
7b Sugarbush - lovely dwarf, its petals are ivory white and its orange-yellow cup is edged with white frosting	5/1.00
7b Sundial - lovely little miniature with yellow petals and flat orange cup50 ea.
7a-1 Sweetness - charming all yellow jonquil hybrid, fragrant as its name suggests	2.50 doz.

*5a-4 Thalia - the well known triandrus with 3 pure white bell shaped blooms per stem	1.50 doz
1a-3 Tintoretto - gorgeous soft yellow and early blooming, its trumpet is pink flushed	3/1.00
5a-4 Tresamble - similar to Thalia but taller stemmed and with faintly ruffled edge to cup	2.50 doz
*7b-1 Trevithian - fragrant and lovely, 2 to 3 soft yellow blooms per stem	Rounds 1.50 doz Doublenosed .20 ea.
4-2 Twink - this popular double has yellow petals and bright orange shorter segments	6/1.00
2a-1 Velveten - a very handsome tall stemmed variety, all yellow with small crown	.50 ea.
1c-1 White Tartar - of finest form and showy white, this is highly recommended for show	3/1.25
3c-1 Xit - at last a good stock of this loveliest of miniatures; white with bright green eye, 4 to 6 inches	1.00 ea.

TULIPS Price per Dozen unless marked differently

L - Advance (Cottage) (24) large, flushed red	1.50
L - Aladdin (Lily-flowered) (22) scarlet edged yellow	1.50
M - Aristocrat (Darwin) (30) purplish violet-rose, paler edged	1.50
L - Artist (Viridiflora) (10) terra cotta and green, passing to green	1.75
M - Bandoeng (Triumph) (18) deep mahogany edge with golden edge	1.50
M - Black Parrot (Parrot) (27) purplish black	1.50

M - The Bishop (Darwin) (28) bright violet blue	1.75
E - The First (Kaufmanniana) (6) carmine, edged white	2.00
L - Tulipa Tarda (Dastystemon) (3) 3 to 6 star shaped pale yellow blooms on stem, white at edge	2.00
E - Turkestanica (Botanical) (8) 5 to 9 creamy flowers on stem with green and bronzy flush on exterior, fine with daffodils	1.25
E - Van Der Neer (single early) (15) deep violet	1.50
E - Waterlily (Kaufmanniana) (4) creamy yellow shaded red, inside deep yellow	1.50
L - West Point (lily flowered) (22) primrose yellow, pointed petals	2.25
E - White Hawk (single early) (22) splendid pure white	2.25
M - White Parrot (Parrot) (22) pure white with green feathering pointed petals	3.50
L - White Triumphator (lily flowered) (23) large white pointed petals	1.50
E - Yellow Dawn (Kaufmanniana) (6) Indian yellow based purple-red with carmine red blotches	3.50

THE DAFFODIL MART

Nuttall, Gloucester, Virginia

George W. Heath

Phone OX 5-5052

PLEASE PLANT AT ONCE - if unable to do so please open all bags so air may get to the bulbs - they will go into a heat and rot otherwise. We ship these bulbs at the proper planting time and urge you to get them in the ground at once to insure fine blooms next spring. A bulb which has made roots will not freeze.

PLEASE NOTE: On the reverse side we have printed our Own Informative Classification of Daffodils - this is similar to the universally accepted and used Royal Horticultural Society of London's List with added numerals to better aid our customers in getting a true description of the variety. We no longer plan to reprint same in our yearly price lists therefore suggest you hold on to it for future reference.

PLANTING INSTRUCTIONS FOR DAFFODILS

The main requirement is a well drained soil. They are not happy where water will stand a day or two after rains. Any good garden soil is ideal. VIGORO Bulb Food (which we have been using for several years and can wholeheartedly recommend), cow manure or bone meal mixed in the soil at, or preferably before planting time, will produce bulbs of fine size. A top dressing of Vigoro during the winter months is always helpful or an application of cow manure at that time which also serves as a mulch. Wait at least a month after the bulbs are planted before applying the top dressing, thus allowing the root system to develop. The roots are active all winter, taking in and storing up nourishment. It is useless to fertilize your bulbs in the spring after blooming as once they have bloomed and the foliage starts to die down the bulbs are in a dormant stage. In the Northern states, plant deep enough so that the neck of the bulb is covered by 4 or 5 inches of earth after the ground has settled. In the Middle Atlantic States 3 or 4 inches is desirable; while in the southern states 2 or 3 inches is sufficient. For large blooms bulbs should be dug, divided and replanted every 2 to 4 years, otherwise they become overcrowded. For show flowers, select a sheltered, well protected spot, this is especially important with some of the new highly rated red cups and pinks. Another point which we do not believe can be overlooked is the fact that it is imperative never to plant Daffodils in soil where bulbs have disappeared. Basal rot will readily attack the new bulbs and your efforts and money go for naught. Upon receipt examine bulbs carefully for any signs of mold or rot (we ship only sound bulbs, free from disease - all our bulbs are inspected twice yearly, growing and in storage but occasionally they overheat in transit and hence become soft.) Do not plant any thus affected but notify us at once. As is customary complaints shall be deemed waived unless presented within 8 days after receipt of goods.

MINIATURES

With the increased interest in growing Miniatures and Rockery types we shall add a few words of suggestion in regards to them.

Plant early, a good root growth before cold weather is essential, especially as they should not be planted too deep - the tiny fellows simply haven't the strength to push through a lot of soil - however in the North be sure to mulch them well. We have had great success in planting the wee ones in pots and placing the pots in earth - this affords them added protection and as they are planted shallow prevents marauding rodents or animals from scratching them up and rolling them off. Animals do not eat Daffodil bulbs which are rank poison to them. To protect your other bulbs from mole runs and resultant mice it is often advisable to plant in wire baskets. However, the repeated use of Mole-Nots here on the farm keeps us from their depredations. The miniature daffodils, scillas and chinodoxa are lovely when planted in the pockets at the base of tree trunks where they have a natural protection against winds and weeds, get plenty of early spring sun, enough moisture and sufficient food.

OUR INFORMATIVE CLASSIFICATION

Trumpet Narcissi

- 1a-1 Golden yellow trumpet and petals (Kingscourt)
- 1a-2 Light yellow trumpet and petals (Mulatto)
- 1a-3 Pink tinted trumpet and yellow petals (Tintoretto)
- 1b-1 Yellow trumpet and white petals (Music Hall)
- 1b-2 Pale lemon trumpet and white petals (Content)
- 1b-3 Pink trumpet and cream petals (Apricot)
- 1c-1 White trumpet and white petals (Beersheba)
- 1c-2 Lemon trumpet passing white, white petals . (Ada Finch)
- 1c-3 Pink trumpet and white petals (Rosabella)
- 1d White trumpet and yellow petals (Spellbinder)

Large Cupped Narcissi

- 2a-1 Yellow cup and yellow petals (Carlton)
- 2a-2 Banded or orange-red cup, yellow petals (Dunkeld)
- 2b-1 Yellow cup, white petals (Brunswick)
- 2b-2 Banded or orange red cup, white petals . (Selma Lagerlof)
- 2b-3 Pink Cup and white petals (Mrs. R O Backhouse)
- 2c-1 White cup and white petals (Zero)
- 2c-2 Lemon cup passing white, white petals (Tenedos)
- 2d White cup and yellow petals (Binkie)

Small Cupped Narcissi

- 3a-1 Yellow cup and yellow petals (Lemonade)
- 3a-2 Banded or orange-red cup, yellow petals (Chunking)
- 3b-1 Cream or yellow cup, white petals (White Lady)
- 3b-2 Banded or orange-red cup, white petals (Amateur)
- 3b-3 Pink Cup and white petals (Blush Queen)
- 3c-1 Mostly green eyed, or white cup, white petals . . (Frigid)
- 3c-2 Pale cup, edged soft colors, white petals . . . (Cushlake)

Doubles

- 4-1 Solid Yellow (Camellia)
- 4-2 Yellow and orange-red (Valencia)
- 4-3 White and orange-red (Falaise)
- 4-4 White or almost pure white (Shirley Temple)

Triandrus

- 5-1 Yellow cup and yellow petals (Stoke)
- 5-2 Red cup and yellow petals (Samba)
- 5-3 Yellow cup and white petals . *blc* (Pearly Queen)
- 5-4 White cup and white petals (Thalia)

Cyclamineus

- 6-1 Yellow cup and yellow petals (February Gold)
- 6-2 Red cup and yellow petals (Beryl)
- 6-3 Yellow cup and white petals (Dove Wings)
- 6-4 White cup and white petals (Jenny)

Jonquilla

- 7-1 Yellow cup and yellow petals (Trevithian)
- 7-2 Banded or orange-red cup, yellow petals (Lintie)
- 7-3 Cream or white cup, white petals (White Wedgewood)
- 7-4 Pink Cup, white petals (Cherie)

Poetaz

- 8-1 Yellow cup, yellow petals (Laetitia)
- 8-2 Orange-red cup and yellow petals (Scarlet Gem)
- 8-3 Yellow cup and white petals (Aspasia)
- 8-4 Orange-red cup and white petals (Orange Wonder)

Poeticus

- 9-1 Red edged yellow cup and white petals (Actaea)
- 9-2 Solid red cup and white petals (Ace of Diamonds)
- 10 All Species, Wild Forms and Hybrids . (Jonquilla Simplex)
- 11 Any type not covered in above divisions (Pango)
