Dutch Iris - Hyacinths - Tulips

SPRING - 1967 - FALL

GERALD D. WALTZ

GROWER OF CHOICE DAFFODILS

P. O. BOX 977 -:- SALEM, VIRGINIA 24153

March - 1967

Herein you will find a more than adequate selection of outstanding Daffodils, as well as Hyacinths, Tulips etc., whatever your needs. Some Daffodils offered in past years are not now available; on the other hand, some not listed in '66 will be found here this year.

The Tulip listing, in this catalogue, has been reduced by about half, but the missing varieties (except for a few which are not available this year) will be found in the enclosed 'Special Offer', at special prices, per 100.

The 'Cultural Notes', and some other detailed information included previously, has been omitted; if needed, same can be found by referring to a '66 catalogue, - or if you do not have one, I will send one on request.

TERMS, CONDITIONS of SALE

MINIMUM ORDER, - no less than \$3.50

PLEASE, place your order EARLY, - this Spring if at all possible, thus insuring receipt of the desired varieties at planting time.

If your order is received by MAY 15th., you may have a generous DISCOUNT, in cash or extra bulbs (varieties of your choice). The discount varies with the size of the order; the figures will be found on the Order-sheet which is enclosed, - unless your order is to be part of a Garden Club order. (The Garden Club receives the discount in this case, using it for some very worthwhile project.)

PRICES quoted are for best quality bulbs, the Daffodils double-nosed, Tulips etc. top-size (there is one larger size of Hyacinths, used for Commercial Forcing.) The Daffodils are priced per bulb, - the others by the dozen; 100 for 7 times the dozen price, - with no further discount.

PAYMENT should be made in full, with your order, - check or money-order, (except Garden Clubs), if you wish to take advantage of the discount on early orders. Otherwise, 25% with the order and the balance Sept. 1st., - or on receipt of the bulbs, if you have established credit.

Please add a sufficient amount for postage, according to the following table, to the total of your order, - unless you wish it sent by Express, (P. Post usually costs less, except for large shipments, going long distances.)

QUANTITY *	ZONES 1 & 2 (to 150 mi.)	ZONES 3 & 4 (to 600 mi.)	ZONES 5 & 6 (to 1400 mi.)
1/2 dozen (or less)	.30	.35	.45
each addtl. half-dozen	.08	.12	.20

* (these figures are for Daffodils and Hyacinths; for Tulips and other smaller bulbs, allow 1/3 the amount for Daffodils, - .35 minimum.)

If an additional .50 is included for postage, your order will be sent 'Special Handling', thus insuring that there will be no delay.

DELIVERY : orders to Northern states (except those for Tulips, Hyacinths etc. only, which need not be planted so early) will be sent as early as possible in September. Others in late September or October.

GUARANTEE : every care and precaution is taken to insure all varieties being true to name; should any still prove otherwise, they will be replaced.

Likewise, to the best of my knowledge, only sound healthy bulbs are sent out, - state inspected. No responsibility can be accepted for any possible failure, in the customer's garden (with a very few exceptions), as this would be the result of conditions or circumstances beyond my control.

* * *

Royal Horticultural Society 'CLASSIFIED LIST of DAFFODIL NAMES', giving the Classification, and originator, of close to 10,000 varieties, - the latest ('65) edition, at \$1.50 each. I have several of the 1961 edition, just as good where the newest varieties (registered since '61) are not grown, and shown, at .85 ea.

D A F F O D I L S

The numbers and letters (2a, 3b etc.) preceding the variety name denote the Class or Division to which that variety belongs, whether it is a Yellow Trumpet Bi-color Large-cup, Triandrus, Double, - or whatever; see the R.H.S. Classification, on page 15, for explanation of these markings.

Varieties marked with an asterisk (*) are especially recommended for landscape use, and cutting. They are strong growing and free flowering, and priced so that they may be used in quantity. Varieties with (EX.) before the description are Exhibition varieties, which if well grown, and given a little special care and protection, should win some Blue Ribbons for you, at your Daffodil or Spring Flower Shows. (many other varieties, not so designated, are also often 'winners'.)

The (abbreviated) names in parentheses, following the variety name, are those of the originators. The letters following these give the relative approximate blooming season of the variety : EE - extra early; EM - early mid-season; M - mid-season; LM - late mid-season; L - late; LL - very late.

Prices are per single bulb, - with 12 for the price of 10, and 6 or 3 at this same rate (6 for the price of 5, and 3 for 2 1/2 times the each price.) EAC

9	*ACTAEA (Lubbe)(LM)(EX) large outstanding Poeticus	.25
3b	ACCOLADE (Rich.)(LM)(EX) pure white & intense solid red	1.20

L I L I E S - the famous Jan de Graaff Hybrids; these lovely flowers, in dozens of different forms, and many colors, are just as exciting and thrilling in your summer garden, as are the Daffodils in the Spring.

If interested, please write for prices, and color folder, showing thirty or more varieties in gorgeous color.

ROYAL HORTICULTURAL SOCIETY of LONDON

C L A S S I F I C A T I O N of D A F F O D I L S

DIVISION 1. Trumpet Narcissi : one flower to the stem, with the trumpet as long as, or longer than the perianth segments (petals).

Examples - Kingscourt, Preamble, Cantatrice.

(a) Perianth colored (varying shades of yellow); trumpet colored also, - not paler than the perianth.

(b) Perianth white; trumpet colored (usually some shade of yellow).

(c) Perianth and trumpet white, - or nearly so.

(d) Any other color combination, such as the trumpet being lighter in color than the perianth.

DIVISION 2. Large-Cupped Narcissi : one flower to the stem; crown MORE than one-third, to nearly the length of the perianth segments.

Examples - Galway, Green Island, Kilworth.

(a), (b), (c), and (d) as in Division 1., - except that in (a) the colored crowns may be yellow, or orange, red, etc., and in (b) wholly or in part yellow, orange, red, pink, buff, apricot, salmon, etc., etc.

DIVISION 3. Small-Cupped Narcissi : one flower to the stem; cup Less than one-third the length of the perianth segments.

Examples - Mangosteen, Matapan, Chinese White.

(a), (b), and (c) as in Division 2.

DIVISION 4. Double Varieties.

DIVISION 5. Triandrus Narcissi, of Garden origin : usually 3, (sometimes more, or less) white, creamy white, or pale yellow flowers per stem.

Examples - Tresamble, Stoke, Silver Chimes.

(a) Cup, or Corona NOT less than two-thirds the length of the perianth segments.

(b) Cup, or Corona LESS than $2/3$ the length of the perianth segments.

DIVISION 6. Cyclamineus Narcissi, of Garden origin : medium sized or smaller flowers, usually with reflexed petals.

Examples - February Gold, Dove Wings, Beryl.

(a) and (b) as in Division 5.

DIVISION 7. Jonquilla Narcissi, of Garden origin : usually golden yellow, more or less fragrant, and with one to three or more florets per stem.

Examples - Hathor, Golden Perfection, Cherie.

(a) and (b) as in Divisions 5 and 6.

DIVISION 8. Tazetta Narcissi, of Garden origin : mostly Poetaz Hybrids, with 3 to 6 or more, more or less fragrant florets per stem.

Examples - Geranium, Martha Washington, Golden Dawn.

DIVISION 9. Poeticus Narcissi, of Garden origin : - the Poet's Narcissi, snow-white petals, and red-rimmed cups or eyes.

DIVISION 10. Species, and wild forms. Example - Jonquilla single.

DIVISION 11. Miscellaneous, - those not falling in any other group.
