INTRODUCTION FOR 2000

As we step into the the New Millennium, the advances made by Hybridisers over the past 100 years or more, in shape, size, and colours, have been the inspiration of many Daffodil Breeders today. New colours and forms, many with the scents that had been lost, and some that are proving to be resistant to diseases, are regularly appearing, the Royal Horticultural Society are continuing to trial new varieties at Wisley , we are displaying the sign AGM against those recently awarded.

We are very proud of our collection it has been assembled over many many years and represents the efforts of Hybridisers from the four quarters of the Globe, but still we include many rare and Historical varieties that have withstood the test of time.

We continue to make selective crosses in an endeavour to bring something different to you, and recommend to you our introductions for the New Millennium, we are particularly pleased to introduce "Madam Speaker" named at the special request of The Lady Herself for "Marie Curie Cancer Care" to commemorate their 50th Anniversary we have up to 100 bulbs only for release with the proceeds donated to the trust.

We will be featuring display again:-

- | | |
|---|---------------------------|
| West Cornwall Spring Show at Penzance | 16th, 17th and 18th March |
| Falmouth Spring Flower Show | 25th and 26th March |
| The Southwest Daffodil Show at Probus Gardens | 1st and 2nd April |
| Cornwall Garden Society Show at the Coliseum | 7th, 8th and 9th April |
| A joint Daffodil Display at the R.H.S. Halls London | 11th and 12th April |
| The Daffodil Society National Show | 15th and 16th April |

Enjoy this new edition, and we hope that we may be able to assist you with your requirements.

Best wishes for a pleasant and successful spring.

Ron Scamp

HORTICULTURAL CLASSIFICATION

Whether of wild or cultivated origin, once a selection has been distinguished by a cultivar name it should be assigned to Divisions 1 - 12. Daffodils distinguished solely by botanical name should be assigned to Division 13.

Notes

- The characteristics for Divisions 5 to 10 are given for guidance only; they are not all necessarily expected to be present in every cultivar assigned to those divisions.
- Divisions 12 and 13 are not illustrated owing to the wide variation in shape and size between the flowers involved.

DIVISION 1
TRUMPET DAFFODIL CULTIVARS
One flower to a stem; corona (trumpet) as long as, or longer than the perianth segments (petals)

DIVISION 2
LARGE-CUPPED DAFFODIL CULTIVARS
One flower to a stem; corona more than one-third, but less than equal to the length of the perianth.

DIVISION 3
SMALL-CUPPED DAFFODIL CULTIVARS
One flower to a stem; corona not more than one-third the length of the perianth segments.

DIVISION 4
DOUBLE DAFFODIL CULTIVARS
One or more flowers to a stem, with doubling of the perianth segments or the corona or both.

DIVISION 5
TRIANDRUS DAFFODIL CULTIVARS
Characteristics of *N.triandrus* clearly evident: usually two or more pendant flowers to a stem; perianth segments reflexed.

DIVISION 6
CYCLAMINEUS DAFFODIL CULTIVARS
Characteristics of *N.cyclamineus* clearly evident: one flower to a stem; perianth segments significantly reflexed; flower at an acute angle to the stem, with very short pedicel (neck).

DIVISION 7
JONQUILLA AND APODANTHUS DAFFODIL CULTIVARS
Characteristics of Sections Jonquilla or Apodanthi clearly evident: one to five (rarely eight) flowers to a stem; perianth segments spreading or reflexed; corona cup-shaped, funnel-shaped or flared, usually wider than long; flowers usually fragrant.

DIVISION 8
TAZETTA DAFFODIL CULTIVARS
Characteristics of Section Tazetta clearly evident: usually three to twenty flowers to a stout stem; perianth segments spreading not reflexed; flowers usually fragrant.

DIVISION 9
POETICUS DAFFODIL CULTIVARS
Characteristics of the *N.poeticus* group: usually one flower to a stem; perianth segments pure white; corona very short or disc-shaped, usually with a green and/or yellow centre and a red rim, but sometimes of a single colour; flowers usually fragrant.

DIVISION 10
BULBOCODIUM DAFFODIL CULTIVARS
Characteristics of Section Bulbocodium clearly evident: usually one flower to a stem; perianth segments insignificant compared with the dominant corona; anthers dorsified (ie attached more or less centrally to the filament and style usually curved).

DIVISION 11

SPLIT CORONA DAFFODIL CULTIVARS.
Corona split - usually for more than half its length

a). Collar Daffodils
Split-corona daffodils with the corona segments opposite the perianth segments; the corona segments usually in two whorls of three.

b). Papilion Daffodils
Split-corona daffodils with the corona segments alternate to the perianth segments usually in a single whorl of six.

DIVISION 12 - OTHER DAFFODIL CULTIVARS

Daffodil cultivars which do not fit the definition of any other division

DIVISION 13 - DAFFODILS DISTINGUISHED SOLELY BY BOTANICAL NAME

SECTION TAPEINANTHUS

Autumn flowering; one to four flowers to a rounded stem; leaves very narrow, glaucous, not always present on flowering bulbs; flower ascending, yellow; corona absent or rudimentary; anthers widely exerted from the tube, much shorter than the filaments, dorsifixed.

SECTION SEROTINI

Autumn flowering; usually one to two flowers to a rounded stem; leaves very narrow, glaucous, not always present on flowering bulbs; perianth segments pure white, usually very short, yellow, orange or green; anthers included in or slightly exerted from tube, longer than the filaments, dorsifixed; flowers fragrant.

SECTION AURELIA

Autumn flowering; three to 12 flowers to a compressed stem; leaves flat not channelled, glaucous; flowers white; corona rudimentary or absent; filaments unequal in length; anthers exerted from the tube, dorsifixed; flowers fragrant.

SECTION TAZETTAE

Autumn to Spring flowering; three (rarely two) to 20 flowers to a usually compressed stem; leaves flat or channelled, usually glaucous; flowers white or bicoloured; anthers included in or slightly exerted from the tube, much longer than the filaments, dorsifixed; flowers fragrant. The rounded stem and green leaves of *N.aureus* atypical, also the orange corona of *N.elegans*.

SECTION NARCISSUS

Spring flowering; usually one flower (exceptionally two to four) to a compressed stem; leaves flat not channelled, glaucous; perianth segments pure white; corona disc-shaped or very shallow, sometimes of a single colour, but usually with base green, mid-zone yellow and rim red or orange and often scarious; anthers partly exerted from tube, much longer than the filaments, dorsifixed; flowers fragrant. Section covers *N.poeticus*.

SECTION JONQUILLA

Spring flowering; one to five (rarely eight) flowers on a rounded stem; leaves narrow or semi-cylindrical, green; flowers yellow, never white; perianth segments spreading or reflexed; corona usually cup-shaped, usually wider than long; anthers included in or partly exerted from the tube, much longer than the filaments, dorsifixed; flowers fragrant. The Autumn flowering, green-flowered *N.viridiflorus* is atypical.

SECTION APODANTHI

Spring flowering; one flower or two to five to a somewhat compressed stem; leaves narrow, channelled, glaucous; flowers white or yellow, never bi-coloured; perianth segments spreading or slightly reflexed; corona cup-shaped, funnel-shaped or flared, usually wider than long; anthers included in the tube or three included and three exerted, much longer than the filaments, dorsifixed.

SECTION GANYMEDES

Spring flowering; one flower or two to six to an elliptical or cylindrical stem; flowers pendent, white or yellow or somewhat bi-coloured; leaves flat or semi-cylindrical; perianth segments reflexed; corona cup-shaped (rarely campanulate); anthers three included in the tube, three exerted (often beyond the corona), equal to or much shorter than the filaments, dorsifixed. Section covers *N.triandrus*.

SECTION BULBOCODIUM

Autumn to Spring flowering; one flower to a rounded stem; leaves narrow, semi-cylindrical; flowers white or yellow; perianth segments insignificant compared with the dominant corona; anthers widely exerted from the tube (often beyond the corona), much shorter than the filaments (which are usually curved), dorsifixed.

SECTION PSEUDONARCISSUS

Spring flowering; usually one flower to a more or less compressed or sometimes rounded stem; leaves flat or channelled, usually glaucous; flowers white, yellow or bicoloured; perianth segments usually spreading or reflexed; corona more or less cylindrical, often flared at mouth, yellow or white (never orange or red); anthers exerted from the tube, equal or shorter than the filaments, sub-basifixed. The green leaves, rounded stem and strongly reflexed perianth segments of *N.cyclamineus* and the two to four flowers to a stem of *N.longispallius* and *N.nevadensis* are atypical.

New Horticultural Classification

(taken from the International Daffodil Register by kind permission of the Royal Horticultural Society)

Cultural Notes

Many people like to grow some Daffodils in pots, indeed there can be no nicer way to enjoy fine flowers than when grown correctly and opened to perfection in the conservatory or greenhouse.

However, the following notes are a guide to and for the benefit of those who would perhaps try this. Today there are many prepared composts available for this purpose, and will suit our needs quite admirably, with perhaps the addition of a little coarse grit to aid drainage, and gentle feeding at flowering time.

After potting, it is essential that the bulbs are kept cool and moist, this is to develop the root system. Plunging the pots outside and covering with a couple of inches of peat or similar substance is the ideal, as should the bulbs be subjected to premature indoor warmth, growth will be weak and often the flower will strangle in the neck of the bulb, also the bulb could be severely checked and die. So a simple rule is to plant early, keep cold, and bring inside to a cool room or conservatory when the flower buds are clearly well out of the bulb. After flowering keep well watered and give an occasional feed for about six to eight weeks, then plant outside in the usual way.

For open ground culture, most garden soils will grow fine daffodils, but the ground should be deeply cultivated and free draining. Should manure or compost be necessary, this should be well rotted and worked into the soil a good spade's depth below the surface. Bulbs should never be in actual contact with manures as this does encourage disease and could be the cause of rotting.

When planting outside, make a hole deep enough to cover the bulbs by at least twice the depth of the bulb. Some of the larger bulbs will need at least 6" of soil covering them. They can then be left undisturbed for several years until lifting and dividing is necessary.

For garden display, a clump always looks better than a straight row; in this way Daffodils can be incorporated into a flower bed or shrubbery. Remember a little feeding at flowering time will benefit the bulbs and assist in producing next year's display. You should not remove the leaves until they are beginning to turn yellow, or for at least eight weeks after flowering.

For more information, I recommend to you

The Daffodil Society,
Secretary: Mrs Jackie Petherbridge,
The Meadows,
Puxton, Somerset BS24 6TF.

who produce a guide on showing and growing, this is an invaluable booklet for both showing and growing for pleasure.

aNEW INTRODUCTIONS FOR 2000

"An-Gof" 7W-GYO(LM) S727 (Lancaster x *n.jonquilla*). This we believe to be the first of this colour in the Division, it has up to 3 florets on the stem but mostly twos, very scented and of excellent show form, the plant is strong and of good increase each £12.00

"Blisland" 9W-YYR(L) S584 (Corofin x Lady Serena) x Phantom). We have had many successes with this on the show bench, the flowers are pure white with a shallow corona of yellow rimmed in red, of good substance and delightfully scented, we have a good stock availableeach £5 or 3 bulbs for £10

"Bosvale" 11aW-P(LM) S685 (Chenoweth x Rainbow) x Phantom. This is a good decorative bloom, a flat smooth corona of soft peachy pink that lays nicely against the white perianth segments, has been much admired at shows and won its class on several occasions.....each £15.00

"Fairlawns" 3W-YYO(M) S191 (Corofin x Kimmeridge) x Merlin). A flower with a broad well overlapping perianth of pure white and an evenly goffered small cup of yellow and a bright orange rim, good for show or the garden, and a strong vigorous planteach £5.00

"Fresh Field" 2W-W(M) S510 (Ben Hee x Briarglass). This is a perfectly balanced flower of high quality, a broad perianth of good substance, and a nicely proportioned corona, pure white throughout and a strong vigorous plant.each £20.00

"Gossmoor" 4Y-Y(LM) S626 (St. Keverne x Marjorie Treveal). We think this is one of the best Double Flowers we have bred to date. the plant is strong, the stems stiff, the flower is of excellent poise and held on a short neck with several layers of well overlapping perianth and coronal segmentseach £25.00

"Hugus" 7O-R(LM) S768 (Altruist x *n.jonquilla*). A brightly coloured flower with 2 to 3 sweetly scented blooms sometimes 4 to a stem, the colours are yellow with orange undertones when first open, but as the bloom matures they turn to a distinct orange flush with a cup of dark orange-red, a good plant and has been much admired when shown as a seedlingeach £12.00

"Jantje" 11aY-O(EM) S113 (Brandaris x Paricutin). Pronounced 'Yan cher' this was named at the special request of the Dalton family for Jan a popular figure in the daffodil fraternity, we are very pleased to release this excellent variety to you. The colours are bright, the plant strong and vigorous, with a proven show record. It has been admired in our trial beds for several years.....each £6.00

"Kabani" 9W-GYR(L) S742 (Woodland Star x Lady Serena). This is a tall strong growing plant of good constitution, a very consistent show quality flower with a broad well overlapped perianth and a shallow corona of bright yellow and a dark red band with a lovely green centre, we have successfully shown this on several occasionseach £ 7.50

"Millennium Sunrise" 2W-P(LM) S646 (Nansidwell x Suisguil). We have admired this flower for several years and exhibited it with good success at the main shows, the perianth is broad and smooth of clear white and sets off the long bright pink corona to good advantage. The plant is strong and make good bulbs.each £15.00

"**Millennium Sunset**" 2Y-O(M) S390 (Golden Aura x Montego). This is a most vigorous plant and produces fine bulbs, the blooms are of heavy substance, bigger than its parents, and equally as smooth and of rich gold and soft orange and consistant show form. Several bulbs have been released and some excellent reports have been made of its success. We have been growing this for some time and have a good stock
each £10.00 or 3 for £20.00

✓ "**Madam Speaker**" 4Y-O(E) S299 (St. Keverne x Tamar Fire). We are very proud to have introduced this fine variety at the special request of the lady herself and the Marie Curie Cancer Care to commemorate 50 years of cancer care in 1998. The stock is now such that we can release up to 100 bulbs, **the proceeds will be donated to the Marie Curie Fund.** The plant is as robust as the lady, stands up well to the elements and admired by all who see it.....A bargain at £10.00 each (we will accept more if you wish)

"**St. Day**" 5W-Y(LM) S717 (Merlin x Foundling) x *n.triandrus*). This has been much admired by everyone who has seen it growing in the field trials where it has withstood 'all weathers' very well. For show we have success on many occasions. Usually it has 2 or 3 blooms to a stem but can give 4, it is smooth, well poised and of good clear colourseach £15.00

"**The Grange**" 1Y-Y(EM) S383 (Argosy x (St. Keverne x Malverne City). The rich golden yellow of these flowers stand out partiucularly well in the fields, they are well formed for show and indeed we have good success with them. The perianths are well overlapped and of heavy substance, an excellent plant for all purposes.
each £5.00 or 3 for £10.00

DIVISION 1 - TRUMPET DAFFODILS.

An-Gof 7W-GYO

Kiwi Sunset 4Y-R

Bantam 2Y-ORR

n.tazetta odoratus 13W-Y

St. Day 5W-Y

Hugus 7O-R

"Bell Rock" 1W-Y (M) S428 (Cyrus x Ben Aligin)

This is a sturdy plant with flowers of heavy substance, the broad well overlapping perianth segments are pure white and show off the long bright yellow trumpet to its best, very neatly frilled at the rim, and of excellent show form.....each £15.00

"Euryalas" 1Y-Y(E) S283 (St. Keverne x Ristin).

Excellent show variety and strong plant that exudes the vigour of St. Keverne and the refinement of Ristin. The perianth is broad and well overlapped with a long corona that is well balanced and has a gently expanded mouth.each £3.50

"Gwennap" 1Y-Y(EM) S136 (Empress of Ireland x Fine Gold).

This is a plant that has the vigour of (F.G.) and is a large bold pale flower of the (E of I) style, very broad and smooth, but inclined to hang its head - when corrected it is a super flower.....each £5.00

"Greatwood" 1Y-Y(M) S305 (Ormeau x (St. Keverne x New Zealand 1Y-Y seedling)).

We bred this from parents that possessed the strength and vigour that is looked for in good Daffodils, St. Keverne seems to resist basal rotting and the N.Z. seedling had the form and breadth of perianth of a top show flower. We think this variety inherits the best of all of these, and is already proving to be a consistent show variety. The flower colour is of Dark golden yellow and stands well above the foliage on long strong stems. each£8.00

"Huntley Down" 1Y-Y (E) S340 (Viking x Ristin)

Named and registered at the request of Ray Hayward who has had good success on the show benches with it as a seedling, both here in Cornwall also in the Southern Counties, the flower is golden yellow throughout with a broad ovate and smooth perianth, a strong vigorous plant with good increase.each £10.00

"Idless" 1W-W (Sateen x OP) S12. Early season. The earliest all white trumpet Daffodil to flower with me. It is very prolific and has produced some very nice show flowers, and was included in my winning group at the R.H.S. in 1986, however it is admirably suited as an early decorative or cut flower.3 for £2.50

"Lee Moor" 1Y-Y. Late season. This is a very useful later flowering variety that is of good show form and has proved itself on the benches here at the late county show. Raised by the late John Lea and named by Dan duPlessis in 1990 the flower is very smooth and with broad perianth segments of clear yellow, the long corona opens lemon yellow tinged with pink and fades to lemon yellow with maturity 3 for £5.00

"Lewis George" 1Y-Y(E) S55 (Viking x Ristin). This very smooth and bold flower is early and well suited both to the early show where it has been particularly successful. Also to the garden where some early spring colour is desired, a fine bold flower of quality, a rich gold in colour, and a good plant.....each £3.00

"Manaccan" 1W-W(LM) S33 (Pitchroy x Dailmanach). We first flowered this in 1986 and have observed its development over the years. Many have been pre-released under number, and reports have been most encouraging with many show successes. It is a large flower with broad overlapping perianth segments of pure white, the long corona opens with a pinkish undertone but goes very white on maturity, a very strong and vigorous plant.each £4.00

"Midas Touch" 1Y-Y. Late mid-season. This flower is of deep rich gold and has a broad smooth perianth and nicely proportioned trumpet with a neat flange at the mouth. A superb show flower and an excellent plant for garden use£4.00

"Nanstallon" 1Y-Y(EM) S52 (Viking x Ristin) Very smooth broad overlapping perianth segments of soft primrose yellow, with a long cylindrical corona slightly flared at the rim. An excellent flower for show or garden.....each £12.50

"Ouma" 1Y-Y(M) S268 (Viking x Ristin). The name means Grand or Great Mother. This flower is named for Grandmother du Plessis who celebrated her 102nd Birthday when we registered the flower. The plant has proved its strength and vigour in the field trials. The stem is long and supports a flower of great beauty being perfectly formed both for show and in floral arrangements. It already has many top awards both at County and National Shows and has been Best bloom in the Southwest on two occasions.....each £15.00

"Probus" 1Y-Y(M) S57 (Viking x Ristin). This is a very vigorous plant that produces many fine, bold flowers of rich golden colour. The perianth is broad and rounded with a long well balanced trumpet. An excellent variety for cutting, garden display or for show. We have a large stock to permit the low introductory priceeach £5.00 or 3 for £12.00

"Rame Head" 1Y-Y. Late mid-season. A fine large flower with broad perianth of good substance. Has been successfully shown at both top National and the major Westcountry shows.each £3.00

"Swanvale" 1W-W(L) S442 (Pitchroy x White Star) This is an excellent flower for showing or cutting. The perianth segments are broad and well overlapping with a well balanced coronaeach £14.00

"St.Budock" 1Y-Y(M) S140 (St.Keverne x Golden Aura). This is another we have grown for some years. It is a rich golden yellow throughout, with a smooth, broadwell overlapped perianth, excellent poise, very prolific bloomer and has been much admired in our field. The flowers are medium size and resist the weather well making it the ideal flower for cutting, garden display and for showing.....each £4.00 or 3 for £10.00

"Trefusis" 1Y-Y (Arctic Gold x Ristin) S134 Early season. This is a lovely rounded flower of deep golden colour with a long trumpet typical of the parents, held perfectly on a short neck, in all a most promising flower for show.each £5.00

"Wheal Honey" 1W-Y(LM) S456 (Burntollet x Ben Aligin). This is a large flower with pure white broadly ovate perianth segments and a long neatly frilled corona of bright canary yellow, excellent poise and good show variety with several successes both at local and county shows, one that has been much admired when seen in our trialseach £5.00

Division 1. All Yellow.

- 1Y-Y(M) "Arkle"£2.50
- 1Y-Y(E) "Arctic Gold" AGM3 for £2.50
- 1Y-Y(M) "Bally Robert"£2.00
- 1Y-Y(M) "Comal"£4.00
- 1Y-Y(LM) "David Alexander"£3.00
- 1Y-Y(E) "Fine Gold"3 for £3.50
- 1Y-Y(M) "Kingscourt" AGM3 for £2.75
- 1Y-Y(M) "Night Cap"£4.00
- 1Y-Y(VE) "Rijnvelds Early Sensation" AGM5 for £2.50
- 1Y-Y(M) "Sylph" (intermediate)£10.00
- 1Y-Y(E) "Talwyn"£1.00
- 1Y-Y(E) "Tiercel"£4.00
- 1Y-Y(M) "Viking" AGM.....£2.00

Division 1.

Yellow Perianths with Whitish Trumpets.

- 1Y-W(L) "Chiloquin"£5.00
- 1Y-W(M) "Gin and Lime" AGM £3 each 3 for £8.50
- 1Y-W(E) "Honeybird"3 for £3.50
- 1YYW-W (L) "Pay Day".....£5.00
- 1YYW-WWY(M) "Trumpet Warrior"....£12.00
- 1YYW-WWY(M) "Young American"£10.00

Division 1.

Yellow Perianths with Pink Trumpets

- 1Y-P(M) "American Shores"£15.00
- 1YYW-P (M) "American Heritage"£50.00
- 1Y-P(LM) "Lorikeet"£5.00
- 1Y-WP(M) "Memento"£2.50

Division 1. All White .

- 1W-W(EM)"Empress of Ireland" AGM..£1.50
- 1W-W(LM)"Sherpa".....£6.00
- 1W-W(L) "Vigil" AGM£3.00
- 1W-W(LM)"Whetstone"£15.00

Division 1.

White Perianths with yellow or pink Trumpets.

- 1W-Y(E) "Bravoure" AGM3 for £2.00
- 1W-Y(M) "Chief Inspector"£5.00
- 1W-Y(M) "Cristobal"£2.00
- 1W-Y(M) "Cyros"£1.00

DIVISION 2 - LARGE CUPS

- "Amber Castle"** 2YYW-WYY. Late mid-season. A super garden or show flower, its only fault is its colour classification, it opens a pale yellow and changes to distinct buff pink tones3 for £2.50
- "Auntie Eileen"** 2W-P (Easter Moon x Debutante) S151 Mid season. This has been a consistently good flower with a broad well overlapping perianth of chalky white, the neat corona of soft pink is not completely sunproof, but is superb when picked young.each £3.00
- "Bedruthan"** 2W-YYR(L) S521 (High Society x Raspberry Ring) A large flower of different style in this colour combination which has been much admired for several years under seedling number, it is a good show bloom with a broad well overlapping perianth and neat funnel shaped corona that ends in a lovely dark red rim.....each £8.00
- "Bishops Light"** 2Y-R(M) S74 (Torridon x Irish Light) This is a large flower with broad overlapping perianth segments of a rich golden yellow, very smooth with a dark red cup. Very prolific bloomer and multiplies welleach £5.00
- "Bodwannick"** "2W-OOY (Foresight x (Arbar x Signal Light) S174 Early season Bodwannick is a bi-product of my 1W-O attempts, it is perhaps not the best of show forms, but has had modest success, it is however an exceptionally vigorous plant, with a flower having a broad perianth and a long brightly coloured corona of apricot orange colour with a narrow band of yellow at the rim.5 for £3.50
- "Bosmeor"** 2Y-W (Daydream x OP) S16. Mid-season. A good stem and vigorous plant, the flower is of good medium size with a broad rounded perianth of soft yellow. The full length cup shows a clear reverse and has a neat frill to the rim....3 for £5.00
- "Butterscotch"** 2Y-Y. Mid-season. This is a bold flower of excellent substance well suited to either show or garden display, it is a strong vigorous plant that throws plenty of blooms.each £1.00 or 3 for £2.50
- "Cadgwith"** 2W-WWP(LM) S458 (Rainbow x Dailmanach) This is a big flower with a broadly ovate well overlapped perianth the funnel shape corona opens pink but quickly fades to a very pretty pink rim - this has been much admired for several years and already proved itself on the show bencheach £8.00
- "Calamansack"** 2W-YYR (LM) S580 (High Society x Raspberry Ring)
The colours of this can only be described as startling, the rim is of the most deep crimson red that I have yet seen, like many of the brightly coloured varieties it is not sunproof, the cup is long and funnel shaped which adds a new dimension to this scarce Division 2 colour classification.....each £10.00
- "Cape Cornwall"** 2Y-R(L) S423 (Golden Aura x Montego) A large rounded flower with a broad well overlapped perianth, the cup shape corona is a rich red with a neat rim. An excellent plant and flower for show or cutting.....each £7.50
- "Carnkief"** 2W-YYO (Merlin x Tangent) S148 Mid season. An unusual flower that has won its class on several occasions, the perianth is broad and well overlapped with a widely expanded corona of primrose yellow and a narrow band of orange to the rim, it does like a little time on the plant to develop its full potential.each £1.50
- "Cauldron"** 2Y-R Mid-season D830. A new introduction from Brian Duncan of top show quality and a good plant resistant to sun greatly admired under trial here in Cornwall.each.£2.00 or 3 for £5.00
- "Croila"** 2W-GWW. Late mid-season. Here we have a real dual purpose flower its show record speaks for itself, being a smooth well proportioned flower of pure white. The plant is strong and seems less prone to fusarium rot than many of its kind, which makes it an ideal plant for the garden, one I highly recommendeach £4.00

"Dragon Run" 2W-R(M) S147 (Hotspur x St. Anns). Not a large flower at 83mm, but big in other ways, the perianth is broad and round, of pure white to show off the rich dark red corona to its best, as a show flower it has won its class at the early National Show. It received a best bloom and won several times here in the Southwesteach £10.00

"Ffitch's Folly" 2Y-O(M) F374 (Tanera x Gold Convention). This useful flower was bred by Ron Ffitch, a popular figure in the Daffodil Society, and was sent to me as an unfloored seedling. As this cross might be expected, the plant is very vigorous and produces large flowers on long stems. The perianth is flat, broad and well overlapped and of a clear golden yellow, with a neat corona of dark orange.each £8.00

"Golitha Falls" 2W-W(LM) S71 (Pitchroy x Dailmanach). The large flowers are held well on strong stems. It is a particularly vigorous plant as well as a superb show variety. The perianth is very smooth of pure white with a 3/4 length corona to nicely balance the bloom. I have featured this many times in my collections and displayseach £8.00

"Gwinear" 2Y-Y (St.Keverne x Golden Aura) S308 Mid season. A lovely rich golden flower with abroad round perianth and long 3/4 length corona with neat frill to the mouth, a very strong and vigorous plant, superb for cutting, the garden display or for show.each £3.50

"Helford Dawn" 2Y-W(M) S430 (Sophia x Grand Prospect) This flower has many proven show success already and has been much admired in our trial beds for several seasons. The flower is large very smooth of soft golden yellow, with a cup that quickly fades to pure white. We think this new style reverse bi-colour will be a good challenger in this divisioneach £10.00

"Kernow" 2Y-WWY (Grand Prospect x Daydream) S67 Mid season. The pale golden yellow perianth segments are broad, well overlapped and very smooth, with a long corona of clear chalky white with a narrow neatly frilled rim of the same yellow, a pretty flower that has had many successes here in Cornwall.each £4.00

"Kings Pipe" 2Y-P (Daydream x 2W-P seedling) S13. Mid-season. A round medium sized flower that can be very smooth. The perianth is a clear soft yellow with a half length cup that has a neat frill and develops to a clear pink tone, well liked by several noted visitors to our area.each £3.00

"Lamanva" 2W-WWP (Ben Hee x Romance) S168 Late Mid season. To best describe this, is Ben Hee with a rim of pink, it is a strong and vigorous plant, the flower is of good texture, broad, smooth, lovely in pots but does well in an open situation, well suited for showing or the garden.each £3.00

"Larkhill" 2W-Y (Daviot x Newcastle) W28 Mid season. Bred by John Williams, this is a first rate show flower with many national successes a long lasting bloom of good poise with broad flat well overlapping perianths and long well contrasted cup of canary yellow that does not stain, an excellent plant.each £5.00

"Lindsay Joy" 2W-WWP (LM) S349 (Foundling x Raspberry Ring) A very pretty flower that has been much admired for several seasons, it has won its class and featured in collections several times both here in Cornwall and at national level. The perianth is smooth and blossoms with a neat corona that opens with yellow tones which soon fades to show off the bright rim.each £2.50

"Lundy Light" 2Y-R(L) S377 (Polbathic x Loch Lundy). Here is a large show quality flower with a broad well overlapped perianth of rich golden yellow. The cup is well balanced of solid bright red, excellent poise on long stems. A very vigorous plant and rapid increaser, we have large stocks of this.....each £5.00 or 3 for £12.00

"Marlborough" 2W-P (Dailmanach x Accent) S150. Mid-season. This is a very strong and vigorous plant that produces many good show flowers. I have successfully shown this several times both at local and national shows. The perianth is broad and smooth and shows off the clear bright pink 3/4 length cup to its best. It is also one of the earliest pink cups to flower with me.each £2.50

"Marlborough Freya" 2W-GWP (M) S426 (Chenoweth x Premier). The main stock of this was previously sold to a notable enthusiast and named by him, we are however most pleased to be able to perpetuate this and introduce this lovely flower to you, the perianth is broad and well overlapped with the corona of bright pink paling towards the base and a greenish tone in the throat.each £8.00

"Men-an-Tol" 2Y-YYR(LM) S422 (Golden Aura x Montego). As the parentage might suggest this flower is perfectly formed for exhibition. The smooth broad and rounded perianth is of soft golden yellow with a slightly flared cup of the same tone with a bright red rim.each £5.00

"Mongleath" 2W-P (Dailmanach x Accent) S149. Early mid-season. A sister seedling to "Marlborough" - not quite so vigorous, but considered by others to be a superior colour. When this is good, it is very good. A large flower with a full length cup of bright pink, slightly expanded and frilled at the mouth, flowers early and is a super garden plant.each £2.00 or 3 for £5.00

"Nansidwell" 2W-P (Dailmanach x Accent) S166 Mid season. A big flower with broad acute well overlapping perianth segments, the corona is a bright rose pink paling slightly at the base, a very strong and vigorous plant.each £2.00

"Penkivel" 2W-P (Rose Royale x Dailmanach) S172. Late mid-season. A vigorous plant that produces many fine show quality flowers. The perianth segments are slightly pointed but are broad and well overlapping and exceptionally smooth. The short straight cup is of intense pink, a lovely flower both for show or the garden.each £8.00

"Pennance Mill" 2Y-Y (St. Keverne OP) S19. Early season. A very strong and vigorous plant that produces large flowers on tall stiff stems, rich colours and broad smooth perianth segments and long gently expanded cup.3 for £3.00

"Rosmerryn" 2W-P(LM) S173 (Rose Royal x Dailmanach). The rate of increase of this is truly amazing with this very prolific variety, making it a fine flower for cutting and for the discerning gardener. The very smooth, chalky white perianth is broad and well overlapped, a little pointed but shows off the large pale pink cup to its best. It is also a useful bloom on the show bencheseach £4.00

"Rytha" 2Y-O. Mid-season. A superb show quality flower, a little pale for some tastes, but nevertheless a useful addition to this class3 for £4.50

"Salakee" 2Y-Y (E) S401 (Ristin x n.cyclamineus). This lovely little flower is a true intermediate, very dwarf and a good grower, despite its pollen parentage there is no reflex in the perianth, but it has inherited the rich golden colour and smoothness of "Ristin", and has many times been a winner in the intermediate classes.each £5.00

"St. Dilpe" 2W-W. Late mid-season. This one is a very vigorous plant with tall stems supporting a large rounded flower that is perfect for cutting, garden display or show, has been very successful here in the Westcountry also at the national shows..3 for £2.50

"Trebah" 2Y-Y (St Keverne x Golden Aura) S129 Mid season The flower has a very smooth and broadly overlapping perianth with excellent texture, its medium sized cup is straight and neatly dentate at the mouth, a fine show flower but also a very strong and vigorous plant that will be ideally suited for garden or cutting. ...3 for £5.00

"Treviddo" 2W-GWP(M) S324 (Chenoweth x Rainbow). The flower is rounded with broad well overlapping perianth segments, a short neck that holds the flower perfectly for show purposes and has a slightly expanded corona with a pretty frill of bright pink to the rim and lovely green in the throat. Very vigorous plant. We have a good stock from this 1982 cross.3 for £4.00

"Trewarvas" 2W-Y (Newcastle x Irish Minstrel) S28. Late mid- season. The perianth is broad and well overlapping although slightly pointed, it is of super smooth waxy texture and shows off the 2/3rd length cup of bright yellow to its best. The colour is solid and does not stain into the perianth. Has been successfully shown in all the major Westcountry shows and was best bloom on two occasions in the South West Championshipeach £10.00

"Wadavers" 2W-GWW (M) S310 (Pitchroy x Canisp) This is a strong vigorous plant with flowers of good substance. The perianth is broad, smooth and pure white with long cup neatly frilled and expanded at the mouth of the same pure white and lovely green tone in the throat, much admired and has been a regular winner at shows under number.each £8.00

"Wheal Jane" 2W-W(LM) S245 (Pithroy x Canisp). A large pure white flower that is of good substance and a very broad smooth perianth, excellent poise and form to give a useful show flower. The plant is vigorous and seems to stand the weather well making this also good for our gardens.....each £10.00

"Woodley Vale" 2Y-Y (M) S50 (Arctic Gold x Ristin) A flower that has the richness of colour in (AG) and the smoothness of (R) it is a very strong plant and bold flower, much admired by several enthusiasts and has already featured in the prizes at several shows nationwideeach £7.50

DIVISION 3 - SMALL CUPS

"Aintree" 3W-O. Early mid-season. Bred by John Williams (Park Springs x Shinning Light). This is an excellent show variety with smooth, chalky white broadly overlapping perianth segments, good poise, a neat goblet shaped cup of rich orange, at maturity the perianth does take slight reflex in a manner similar to its parent. An excellent plant and fine flower both for show or the garden.£2.50 each or 3 for £6.00

"Bethal" 3Y-Y(LM) S342 (Aircastle x Montego) When first shown this interesting variety won Best Bloom in the Southwest Championship class. I think it has improved since then, and last year was to gain top place at the national show in its class. The flower opens with a whitish yellow to the broad perianth and soon develops in colour to become a lovely citrus lemon tone throughouteach £12.00

"Cheesewring" 3W-WWY(L) S486 (Cool Crystal x Delos) This flower is large and of good show form. The broadly ovate perianth shows off the shallow bowl shape corona which is pale primrose yellow and white at the base. Tall stem, also excellent as a cut flowereach £4.00

"Crenver" 3W-GYR. Late season. This is a very old variety that is very sweetly scented. The perianth opens a greenish white but soon whitens out to show off the poeticus style of corona and could well be useful for further breeding of the poeticus style of flowereach £1.50 or 3 for £3.50

"Feock" 3W-YYR (Corofin x Kimmeridge) S93. Late mid-season. Shown in my winning collection at the County Festival Show, and has been much admired by several knowledgeable experts for several years. The flower is large and round with broad smooth perianth segments, and a bright yellow neatly frilled cup with a deep red rim, a strong plant and an excellent show flowereach £4.50

"Gorran" 3W-YYR(LM) S196 (Corofin x Kimmeridge). Here is a large flower with ovate perianth that is well overlapping and quite acute at the tips. The brightly coloured flatish cup is yellow with a dark red rim. It has won its class several times here in the Southwest and done well in other regions as a pre-released seedling, a very prolific flowerer and a rapid increaser. A large stock permits our low introductory priceeach £3.00 or 3 for £7.50

"Greenodd" 3W-YYW. Late season. (Reg Nicholl) No 17/86. Bred and raised by Reg Nicholl, this was a seedling that he sent to me and has been much admired at National level. The plant is vigorous and the stem is tall and stiff. Apart from the impeccably smooth perianth and very pretty bowl shaped cup, it is the very pronounced green in the throat of this flower that makes it a super show flower and a must for the exotic flower arrangementsSOLD OUT

"John's Delight" 3W-YYR(M) S316 (Corofin x Kimmeridge)> The main stock of this was acquired and named by the River Society, it is a superb variety for cutting, being most prolific in bloom and a very vigorous plant but has also been much admired as a show winning flower on the benches here in the West Country. We are pleased to be able to introduce and continue to offer this variety to youeach £3.50

"Mullion" 3W-YYO(L) S461 (Verona x Fairmile) A large flower with broad pure white and smooth perianth. The very shallow bowl shape corona is pale yellow with a bright orange rim. Has been regularly and successfully shown both at local and national leveleach £8.00

"Silverthorne" 3W-W (LM) S440 (Cool Crystal x Delos). We had previously released a number of these as a numbered seedling, I think almost everyone must have had some success with it, it makes a strong plant, the flowers are broad and smooth with a slight reflex and a shallow cup with a neat crenate rim, a MUST for show.each £12.00

"Spirit of Rame" 3W-YYR (Corofin x Crenver) S126 Late season. This flower has had good success here in Cornwall, the broad pure white perianth is a perfect foil for the brightly coloured disc shaped corona, it is a good plant that produces many show quality flowers, like many of this type it does however need some protection from the sun.each £3.50

"Trident" 3W-YYR. Late mid-season. (Previously known as "Bella Vista") This is a tall, very robust plant with a flower of brilliant colouring. The perianth is very white and well overlapping, showing off the flat corona with clearly defined rings of bright yellow and a dark red rimeach £2.50

"Tehidy" 3Y-YYR(M) S334 (Aircastle x Montego). The flower of perfect form and balance with broad rounded perianth segments of lovely soft yellow, with a neat small cup rimmed in bright red. A strong vigorous plant that gives a large number of fine show bloomseach £10.00

"Virginia Water" 3W-GWY (L) (Verona x Fairmile) S400 First spotted in our seedlings beds by a notable visitor and has been much admired for several years and has been a successful flower on the show bench under number. The perianth is broad smooth and pure white with a disc shaped corona of bright yellow fading at the base each £12.00

"White Lady" 3W-Y. Late mid-season. This very old and charming variety was raised by the Rev. GH Engleheart and registered pre 1898 and received an Award of Merit in 1898. It was a major plant in the florist industry. White Lady was grown by Dan duPlessis and his father before him, some 70 years ago. Although long discarded from the commercial markets it has survived in farm boundary hedges for well over 50 years. I am delighted to be able to offer it to you3 for £2.50

"Winholme Jenny" 3W-GWW(LM) S387 (Cool Crystal x Delos). Named by a notable grower and exhibitor who has had considerable success with this as an unregistered seedling. This is a large and pure white variety with a lovely green centre. A strong plant with good increaseeach £3.00

DIVISION 4 - DOUBLE DAFFODILS

"Amstel" 4W-YPP Late season. A fine double with rich pink tones to the petaloids very full and symmetrical, and much admired at the Festival Show at Lanhydrock, a strong plant and a good stiff stemeach £3.50

"Biffo" 4Y-O(LM) S414 (St Keverne x Tamar Fire). A richly coloured flower with good poise and show quality, the perianth and petaloid segments in several whorls and are broad and interspersed£3.00 each, 3 for £8.00

"Double Roman" syn of "Romanus" 4W-O. Very early season. A very old and rare plant in cultivation, very sweetly scented, typical of the Tazetta group from which this is a double form.....each £2.50

"Erlicheer" 4W-YWW. Early season. Another plant that is a double sport from Tazetta group. The scent of this plant is almost too much, up to 5 florets on a stem, a delight for the flower arrangers5 for £3.50

"Geevor" 4Y-YYO(EM) S274 (St. Keverne x Tamar Fire). A full formal double of lovely golden yellow with slightly darker petaloids that are edged with orange, a pretty flower that has been much admired for several seasons, and has already won several prizes as a show flower here in Cornwall. Also an excellent cut flower with long stems and a sturdy plant.each £5.00

"Gribben Head" 4Y-O(M) S251 (Obelisk x Tamar Fire). This is a large heavy very full double flower, held well on stiff stems and a strong plant. The back petals are broad and well overlapped, reflexing slightly to show off the full clustered centre of bright orange.each £7.50

"Heamoor" 4Y-Y(EM) S278 (St Keverne x Tamar Fire). A sister seedling to "John Daniel" is a rounded flower with the best of show forms and has many top awards both nationally and internationally. The several layers of perianth and petaloid segments are rich golden yellow, with the coronal segments slightly darker in tone£10.00 each, 3 for £20.00

"Isambard" 4Y-R(M) S280 (Paricutin x Tamar Fire). A long lasting bloom of medium size and very bright colours the perianth and other segments are in several whorls of golden yellow well interspersed with dark redeach £8.00

"John Daniel" 4Y-Y(M) S295 (St. Keverne x Tamar Fire). Here is a full and formal double, that is considered to be the best of a very good batch. This flower is produced on long stiff stems and has up to five rows of petals of rich dark golden yellow interspersed with slightly darker petaloids. The flower lasts a remarkably long time, and has already proven itself on the show benches at most of the Nation's main shows.....Few only, each £15.00

"Menabilly" 4O-R (Ocarino x Ambergate) S205 Late season. This flower is one with very unusual colour of apricot orange tones to the perianth segments with darker red petaloids, I do not think it will win many top show prizes, but it is a 4O-R perhaps one of the first, it is very fertile and already beginning to produce some interesting seedlings..... each £3.50

"Marjorie Treveal" 4Y-Y. Mid-season. Raised by Rodney Ward, and named by him after Marjorie Treveal, a real Cornish gentle lady who for many years has assisted him with his displays here at the Falmouth Show. This is a superb double variety of the very best show form it is a rich golden colour with the centre petaloids a slightly darker tone. A very full and symmetrical flower held perfectly on a short neck and stiff stem. I am sure this flower will be winning many major prizes for some years to come..£3.00 each 5 for £10.00

"Merrymeet" 4Y-YOO. Mid season. This is a medium sized flower that has been much admired over the last few years, its colour and form make it a very useful show flower and had good success at both local and national level. The plant is strong and vigorous. I am sure this variety will be in our gardens for a very long time.5 for £4.50

"Nangiles" 4Y-R(EM) S294 (Paricutin x Tamar Fire) A rounded flower with bright golden yellow perianth and petaloid segments in several whorls, broadly ovate. The bright red and slightly frilled corona segments are evenly interspersed among the perianth and petaloid segments, strong stem and a fine show flowerSOLD OUT

"Hawera" 5Y-Y

"Poppy's Choice" 4Y-R(LM) S484 (Golden Aura x Menabilly). The perianth and petaloid segments are in a number of whorls prominently mucroid, and a very dark yellow with the coral segments deep red. A good show bloom with several successes nationwide, the flowers last a long time. It is a strong plant and makes large bulbseach £7.00

"Radjel" 4Y-R(M) S298 (Paricutin x Tamar Fire). A perfect intermediate size bloom that won its class at the National Shows. The stems are tall and stiff with a small formal double flower of bright golden yellow with rich red petaloids. Like its parents a good grower.£5.00 each, 3 for £12.00

"Tamar Fire" 4Y-R. Early season. This is the earliest of all doubles to flower. The flower is a little on the small size for show but has won best bloom in Division 4 at national level. It is neat and brightly coloured, always well liked when seen at the early shows, and has an added bonus of being nicely scented. One of my favourites, it is very nice in arrangements. AGM5 for £4.50

"Westward" 4W-Y. Late mid-season. A full formal double with clear colours, a very strong plant with a stiff stem and good neck to hold the flower perfectly for show3 for £2.50

"Wheal Bush" 4Y-Y (M) S438 (St Keverne x Tamar Fire). A large flower with the perianth and outer segments in several whorls, dark golden colour with the corona segments slightly darker and slightly frilled, we have had good success when showing in our collections.each £8.00

Division 4. All yellow.

Division 4. Yellow with Pink or White.

4Y-P(LM) "Baldock"£10.00

DIVISION 5 - TRIANDRUS HYBRIDS

These delightful varieties of Daffodil are the result of selective breeding where the species *n.triandrus* has been introduced into its parentage, the resulting plants often have 2 or 3 flowers on the stem, and are amongst the ladies favourites in floral arrangements.

These from Division 5. and those of Division 6. are generally much dwarfer in stature and are ideally suited to the garden or rockery. The plants are hardy and quite resistant to the windier spot where the conventional Daffodil often gets broken off.

"**Budock Bells**" 5W-W(L) S98 (Broomhill x *n.triandrus*) Up to three florets per stem - chalky white - drooping, the perianth segments are narrow and slightly reflexed, smooth and nicely overlapped - the bulb sometimes gives secondary stems to extend the flowering period. A super garden variety with plenty of show potentialeach £6.00

"**Tater Du**" 5W-Y (Penril x *n.triandrus*) S374 Mid season. This charming little Triandrus cultivar is ideally suited to the rockery and has consistently produced many stems with 2 or 3 drooping florets to each stem, the perianth segments reflex to show off the widely expanded corona with the stamens and stigma exerted. For those who like to show this has won several first cards and has been admired for several years on our trade exhibits.each £5.00

Yellow Perianths.

10% off the prices shown for 3 bulbs of each of any five varieties of your own choice.

DIVISION 6 - CYCLAMINEUS HYBRIDS

"Betsy MacDonald" 6W-P(LM) S130 (Foundling x Tangent). This is a most sturdy plant with a flower on short stems that seems to withstand the weather well, has been greatly admired by many visitors to the shows here in Cornwall and has had some success on the show benches. The perianth is broad and well overlapping which reflexes naturally, to show off the vibrant pink corona. It is perhaps a little large for some tastes but never the less a fine example of its kind.£8.00

"Cardlew" 6Y-Y (ST. Keverne x n.cyclamineus) S6 Early Season. A undisputed Division 6 which has been much admired both at shows and in the field trial beds, the perianth segments are narrow and fully reflexed, the flower is of bright golden yellow, held on a short neck and stiff stem, and is an ideal plant for the windy situation....SOLD OUT

"Coombe Creek" 6W-O (LM) S431 (Kea x Foundling). The short stiff stem makes this a perfect plant for the more exposed situation, but the flower is also well suited for the show bench, the ivory white perianth is broad, well overlapped and strongly reflexed, with a long corona of orange with pinkish undertones.each £6.00

"Crofty" 6Y-Y (E) S271 (Perimeter x n.cyclamineus). We have been admiring this charming little variety in our trial beds for some years now, and when shown at the Royal Horticultural Society hall to several distinguished authorities, achieved much acclaim for its dainty charm and cyclamineus characteristics, the cup is short and neat, with a very broadly overlapped perianth of soft golden yellow, excellent for show and the garden.....each £4.00

"Kathy's Clown" 6W-WWP (M) S432 (Kea x Foundling). Here is a lovely little dwarf plant that has stood the trials in our windswept fields, it is beautifully formed for showing purposes with the broad well overlapped perianth strongly reflexed, the cup opens with pinkish yellow tones but quickly fades to a clear pink and neatly frilled rim, this one we love and highly recommend.....each £7.50

"Kea" 6W-YP (Jenny x 2W-P seedling) S217. Late mid-season. Successfully shown at the R.H.S. under number 1-2-80. This has a good cyclamineus form, the colour could be better, and does need a little time to develop each £5.00

"Penril" 6W-O. Mid-season. Another seedling acquired from Brian, this is a much shorter plant and has a typical cyclamineus growth habit. The perianth is not quite pure white but does reflex naturally and the slightly expanded goblet cup is a most interesting coppery orange tone, a very good plant admirably suited to the garden or show5 for £2.50

"Percuil" 6Y-Y (St Keverne x n.cyclamineus) S3. Early season. A true Division 6 flower with narrow naturally reflexing perianth segments and a typical trumpet, short stemmed and very nice in pots.each £5.00

"Roscarrick" 6W-P. Late season. Raised by Brian Duncan, this is a seedling stock that I purchased some time ago, and is a particularly fine plant that increases well and is a pretty flower, much admired by all who see it. A little large for some Division 6 critics, but has had many successes on the show benches both here in Cornwall and at national level - very smooth lovely colours 3 for £4.50

Various Poeticus Hybrids

"Sportsman" 2Y-R

"Sumo Jewel" 6Y-Y (Arctic Gold x *n.cyclamineus*) S213 Early season. A sturdy plant with lovely graceful flowers that last a long time on the plant, the reflexing perianth segments of deep yellow do have a slight twist, and the long and narrow waisted trumpet is neatly flanged at the mouth, all to make this a perfect flower for both show and garden.each £3.00

"Trehane" 6Y-Y (St Keverne x *n.cyclamineus*) S212. Early season. Another good Division 6. A strong plant that produces many fine blooms that last a long time on the plant..... each £2.50

"Treverva" 6Y-Y (Foresight x *n.cyclamineus*) S2. Very early season. Very early to flower - not the best of show form but a true Division 6 character, very nice in arrangement when picked young. The flower is small but grows when left on the plant.....3 for £2.50

Division 6. Yellow perianths with white in the cup.

6Y-WWY(E) "Inca"£6.00

3 FOR DIVISION 7. JONQUILLA HYBRIDS.

This Jonquilla section is for hybrids that have been bred with the species *n.jonquilla*. The resulting plants vary in stature from quite dwarf to very tall, however they are generally on good stiff stems that can stand a fair amount of wind. Most of the stems do have several flowers on each and without exception all are sweetly scented, which makes them ideal for indoor decoration.

"Boscastle" 7Y-Y(L) S111 (Aircastle x *n.jonquilla*). 2 or 3 sweetly scented flowers to a stem with broad smooth and well overlapping perianth segments make this an ideal show quality flower, bulbs often give secondary stems which can only add to its benefits as a perfect plant for the garden or cutting3 for £5.00

"Kit Hill" 7Y-YWW(L) S107 (Aircastle x *n.jonquilla*). Stems usually with two sweetly scented florets, very smooth and soft pale yellow perianth segments and a neat round cup that fades to ivory white, this flower has already won its class on several occasions and much admired in our trialseach £2.00 or 3 for £5.00

"Mowser" 7Y-OOR (LM) S557 (Altruist x *n.jonquilla*)

Up to 4 florets on a stiff stem, it is very prolific of bloom with many secondary blooms with 1 to 3 florets, the blooms are neat and rounded, of dark golden yellow with a shallow crown of dark red slightly paler at the base.each £10.00

"St. Piran" 7W-Y (Aircastle x *n.jonquilla*) S108 Late season. Like our Cornish Saint this flower has been much revered, it has had some good success on the show benches when under number, it is also a particularly good plant and well suited to the garden and stands the weather well, like most in the jonquilla section has a delightful scent, usually two or three florets on the stem.each £2.50 or 3 for £5.00

"Sweet Blanche" 7W-W (M) S220 (Grand Prospect x *n.jonquilla*) Most stems have only one flower but the bulbs will send several secondary stems thus extending the flowering period, this makes for perfect cut or garden variety although it has won its class at national level as a seedling. The scent is sweet and the perianth smooth and opens a soft creamy yellow which usually fades to white. Very long lasting.each £1.00 or 3 for £2.50

"Treble Two" 7Y-GYY(LM) S222 (Aircastle x *n.jonquilla*) Named at the request of several admirers of this flower. It has been successfully shown under number for many years. Two or three large rounded flowers to the stem, smooth and very broadly overlapped. A good show flowerFew each £12.00

"Wheal Coates" 7Y-O(M) S416 (Pinza x *n.jonquilla*) This is a lovely flower of show quality, beautifully scented and a rounded well overlapped perianth with shallow cup of bright orange, usually two flowers to each stem, with bulbs sending many secondary stems to extend the season. We have a good stock£4.00 each, 3 for £10.00

"Wheal Kitty" 7W-W (Handcross x *n.jonquilla*) S219 Early season. Named at the suggestion of several noted growers as an ideal plant for the garden, the stem is short and stiff and the flower stands well in bad weather, like many from this division a great many secondary blooms are produced to extend the flowering period, the flowers open with yellow undertone but soon fades out to a clear chalky white, the perianth is broad and sometimes take on a little twist when mature, it has been exhibited with some success and we see no reason why it should not continue to do so.3 for £2.50 or 10 for £6.00

Division 8. The Tazetta Hybrids.

These plants are the results of many years of breeding and can really be divided into two types. They are with the exception of "Minnow" all quite big plants, some do have very tall stems and foliage. The first kind are more of the true n.tazetta species in form. As the species is generally found in warmer regions of southern Europe and the Mediterranean. They are somewhat tender and do require a hot dry summer period to perform at their best, however they are well worth trying, when each stem could have up to 15 or 20 highly scented florets. The second group or kind is the "Poetaz", these are slightly different in style and have fewer florets, and the scent is an admixture of the n.tazetta and that of the n.poeticus from which these hybrids have been derived. It is the poeticus part that make these much hardier and do withstand our winters as well as any other type of daffodil.

"Hugh Town" 8Y-O(VE) Raised at the Rosewarne this wonderful multi-headed flower is proving to be one of the best of its type for cutting and floral arrangements, and is a magnificent choice for the early Garden Display. Site the planting to avoid a very cold situation and to receive the full benefit of sun during the summer to ensure a thorough ripening of the bulbs. This is one we highly recommend to youeach £1.25, 3 for £3.30 or 10 for £9.90

Division 9. The Poeticus Hybrids

These flowers have been commonly called the "Pheasant Eye" and indeed they have been bred from the old species, however these varieties are far superior in form and colour and flower when most other Daffodils have been long finished. They are best picked young as the sun does affect the lovely colours if left out. They are without exception all highly scented. The plants like to be planted in good soil that never completely dries out, this helps to keep them cool. Set the bulbs slightly deeper than normal and leave undisturbed. New bulbs may take a season to settle, but are well worth their place in the garden.

"Colville" 9W-GYR (Corofin x Crenver) x Crenver) S131 Late season. Named at the request of several enthusiasts, this flower has already featured in the prize winners on several occasions, the perianth opens with greenish undertones, but soon whitens to form a good foil for the brilliantly coloured corona, like all flowers of this kind it will not tolerate the sun and does need to be picked young.each £7.00

9W-YYR(L) "Caedmon"	£2.00	9W-GYR(LM) "Lady Serena"	3 for £2.00

DIVISION 11- Split Corona or Collar Daffodils

"Arwenack" 11aY-YYO(EM) S224 (Brandaris x Paricutin). The broad, smooth and flat perianth is well overlapped and a bright Golden Yellow, and is an excellent foil to the six coronal segments opposite and closely overlying the perianth, the outer zone being slightly frilled and deeper orange tone, the plant is vigorous and flowers of a good show qualityeach £2.50 or 3 for £5.00

"Bosbigal" 11a Y-O (Brandaris x Paricutin) S315 Early season. The perianth is broad and well overlapping, a little pointed, and the coronal segments are evenly split and laying flat to the perianth, a vigorous plant and very colourful flower of good show form.3 for £4.50

"Boscoppa" 11a Y-O(M) S293 (Obelisk x Tamar Fire) This is a plant of strong vigorous growth - a stiff tall stem that holds the flower with broad overlapping perianth segments, the corona is evenly split and lays flat in six segments to almost cover the length of the perianth, many show successes, we predict this new and exciting variety will have a great future.each £3.00

"Bosinney" 11a W-WPP(M) S333 (Pearlax x Audubon) A flower that has been much admired under trial, the stems are only of a medium length and flowers seem to resist the weather, to make this the perfect plant for the garden. The perianth is somewhat acute though well overlapped and shows off the very pretty slightly frilled corona to its best.each £3.00

"Boslowick" 11aY-O (Gironde x Paricutin) S225. Mid-season. A tall strong plant with a flower of good colour. The perianth is broad and flat, slightly pointed at the tips, with an evenly split cup laying flat against each segment, (was featured on "Gardens for all" programme on TSW)3 for £5.00

"Carnyorth" 11aY-R(EM) S117 (Brandaris x Paricutin) The flower appears to last an extraordinary long time and seems to stand the weather, I have used this for show for many years and has many top awards to its credit. The perianth is slightly pointed but flat and well overlapped with a flat evenly split corona, highly recommended.each £5.00, 3 for £10.00

"Gillan" 11aY-YOO(LM) S411 (Brandaris x Falstaff) Has oval perianth segments that are well overlapped of rich yellow. The corona is split into six segments opposite and closely overlying the perianth that are orange with yellow tones towards the centre - large stock availableeach £4.00, 3 for £8.00

"Gunwalloe" 11aY-R(LM) S291 (Brandaris x Falstaff) This very brightly coloured flower has been selected for its vigour and suitability for show, garden or cut flower. I have successfully shown this for several years. The perianth is broad and well overlapped to show off the round flat evenly split corona to its best.each £3.00

"Jack Wood" 11aY-YYO (M) S540 (St Keverne x Tiritomba)

We think this is probably the best show form flower in his division we have yet; beautifully balanced and very smooth the colours are rich golden shades with a flat corona of slightly darker tone with a touch of orange at the rim the vigour of both its parents have been passed on to this plant to make well suited to the Garden, for cutting and for the Showbench.each £10.00

"Max" 11aY-YRR(M) S412 (Gironde x Falstaff). Affectionately named after my mother Mary Louise, this is we believe to be one of the best Collar Daffodils yet available. The vigour of this plant is inherited and clearly evident from both the parents, as is the neatness of the round flat coronal segments, beautifully enhanced by the broad well overlapped perianth. A super show flower that we believe will be much sought aftereach £15.00

"Menehay" 11aY-R (Paricutin x Top Hit) S155. Mid-season. Good perianth with a flat evenly split cup of clear colours, it is of excellent show form, a good plant with stiff stemeach £4.50

Indian Maid 7O-R

Chinta 8Y-YYR

"Sparron" 11aW-GYY (M) S118 (Pearlax x Audubon). One of our earlier crosses in this Division but we were reluctant to name it, but as the stock built up the vigour and quantity of blooms has made this a most desirable plant for the garden or for cutting, but we have also had some success with it on the show benches, it always attracts attention in our fields, the flowers are white with a soft canary yellow frilled corona with greenish tones at the centre, well liked by our florist friends.

.....3 bulbs for £5.00 or 5 for £6.00 or 10 for £7.50

"Rosannor Gold" 11aY-Y (E) S363 (Obelisk x Tamar Fire). An excellent plant for the garden, or cutting and for show, it is clear golden yellow throughout with broad well overlapped perianth segments and a slightly frilled corona laying flat and closely overlaying the perianth.each £6.00

DIVISION 13 - The Species and Wild Forms

I have been acquiring these for many years and have obtained much pleasure from them, particularly those grown in the alpine house. The species always seems to resent being moved about, but once settled are a joy to see in naturalised surroundings. Very large quantities are not available. I believe them all to be true to name, but like many there seems to be some considerable variance of form, they are however named as sent to me or have been grown from seed.

The C.A.B.C.G.A. Collection

These varieties are not all grown by ourselves and as such we may not be able to offer these for sale outside the E.E.C.

They are all grown in Cornwall by Members of the Cornwall Area Bulb Growers Association, and are subject to the Ministry of Agriculture growing inspections, and are free from major pest and disease.

It is by popular request that we have pleasure in including the following varieties within our list. The bulbs are all commercially graded and of full flowering sizes.

Due to the size and weight of these packages, Postage or Transport will be charged at cost, rates for post in the U.K. are as follows:

Weights not over 1kg	£2.85
2kg	£3.90
4kg	£5.95
6kg	£6.45
8kg	£7.40
10kg	£7.95
up to 30kg	£9.30

Post cost for Europe will be charged at cost and will be confirmed on receipt of order.

		Price per Kilo

Terms of Business

1. All orders are accepted subject to crop, and are supplied in strict rotation.
2. Prices do not attract VAT.
3. Orders in the UK over £60 are supplied carriage paid, otherwise carriage will be charged at cost, or in the event of prepaid orders please add £4.50 towards the cost. Extra bulbs will be supplied in the event of excess post.
Postage for the C.A.B.G.A. collection will be charged at cost.
4. Payment is requested with order, unless satisfactory credit arrangements exist, then all accounts are due within one month of delivery. Overdue accounts are charged at 2 1/2% per month. For our overseas customers, when making your payment it will be appreciated if you will pay by Sterling or International Money Order, unless other arrangements have been agreed.
5. We believe our stocks to be free of pests and disease and are rigorously checked throughout the growing season. In case of complaint, return the goods within 14 days of receipt for full refund (including postage), or replacement. No liability will be accepted after this, as we cannot be responsible for customers' storage and cultural conditions.
6. We are primarily a small mail order business, but customers are most welcome to view the stocks in the fields by prior appointment.
7. We are happy to supply bulbs anywhere in the world, but where import permits are required please send this with your order.
8. Postage and Phytosanitary Certificates (where applicable) costs to countries outside the UK.

USA up to 5 bulbs£8.00
each addl. 5 bulbs£2.00
Australia and New Zealand up to 5 bulbs£11.00
each addl 5 bulbs£3.00
Europe(EEC) up to 10 bulbs£6.00
11 to 15 bulbs£10.00
each addl 5 bulbs£2.00
Europe (non EEC) up to 10 bulbs£6.00
11 to 15 bulbs£14.00
each addl 5 bulbs£2.00

Additional bulbs will be sent to compensate if postage is less than stated.
