# New for 2023

**As a leading UK-based independent young plant producer, it's always important to evolve.**

We've been working hard to make a number of changes to our facilities and operations so that we can deliver an even better product range and service to you in 2023.

### Latest additions to suit the market needs

With a new, improved format for you, our latest Bedding and Perennial catalogues feature an extensive commercial range of young plants, and included is extra information about key product ranges to help selection and decision-making.

See pages 6 to 13 to discover more about new series, varieties and colours.

### Improving production efficiency

Using our site layout better, we've created a new unit for our growing materials to make way for an additional seeding line. Already installed for 2023, the new line has been specifically designed to improve efficiency.

### Enhancing delivery

To continue to support our customers with a swift service, we've added two vehicles to our delivery fleet, now making five in total. The new additions provide much more flexibility.

### Growing news

We are also collaborating with our supplier and other sector organisations to identify further peat reduction opportunities. This is something we look forward to reporting on next year.

### Website development

The website will also benefit from some development, with more and improved product information added. Please do visit regularly to stay up to date at [earlyornamentals.co.uk](http://earlyornamentals.co.uk)

The Company's total liability to the Customer in respect of all other losses arising under or in connection with the Contract, whether in contract, tort (including negligence), breach of statutory duty, or otherwise, shall in no circumstances exceed the amount stated in the Order Confirmation or if none the price of the Goods supplied.

10.6. The Customer acknowledges, agrees and recognises that the limitation of liability contained in this clause is reasonable in that the prices quoted by the Company are dependent upon such limitation being incorporated in the Contract. The Customer is responsible for making its own arrangements for the insurance of any additional losses.

## 11. FORCE MAJEURE

- 11.1. If the Company is prevented (directly or indirectly) from making delivery of any Goods by reason of force majeure (as hereinafter defined) the Company shall be under no liability whatsoever to the Customer.
- 11.2. The following shall be regarded as force majeure: Act of God, explosion, flood, tempest, fire, accident, epidemics and pandemics, war, threat of war, sabotage, insurrection, civil disturbance, government requisition, acts, restrictions, regulations, bye-laws, prohibitions, or measures of any kind, on the part of any governmental, parliamentary, or local authority; import or export regulations, or embargoes, strikes, lock-outs, or other industrial actions, or trade disputes, shortages of raw materials, labour, fuel or parts of machinery, power failure, unavailability of the use of public or private telecommunications networks and any other cause whatsoever beyond the Company's reasonable control.

## 12. INDEMNITY

- 12.1. The Customer shall indemnify the Company in full on demand against any costs, charges, losses or expenses including legal fees which the Company may sustain or incur because of any failure by the Customer promptly and properly to perform its obligations hereunder.
- 12.2. The Customer shall indemnify the Company against any damages, losses, costs, claims or expenses suffered or incurred by the Company in respect of any claim brought against the Company by any third party for any loss injury or damage wholly or partly caused by the Goods.

## 13. TERMINATION

- 13.1. The Company shall be entitled without prejudice to its other rights and remedies, either to terminate the Contract or any other contract with the Customer or to suspend any further deliveries under the Contract or any other such contract if the Customer:
- 13.1.1. fails to make any payment by the due date;
- 13.1.2. fails to take delivery of any Goods under the Contract on a delivery date notified by the Company;
- 13.1.3. is in material breach of the Contract;
- 13.1.4. makes any voluntary arrangement with its creditors;
- 13.1.5. (being an individual or firm) becomes bankrupt or (being a company) becomes subject to an administration order or goes into liquidation (otherwise than for the purposes of amalgamation or reconstruction);
- 13.1.6. an encumbrancer takes possession or a receiver is appointed, of any of the property or assets of the Customer;
- 13.1.7. ceases, or threatens to cease, to carry on business; or
- 13.1.8. the Company reasonably apprehends that any of the events mentioned above is about to occur in relation to the Customer and notifies the Customer accordingly.
- 13.2. If the Contract is terminated then, without prejudice to any other right or remedy available to the Company, the Company shall be entitled to suspend any further deliveries under the Contract without affecting the Customer's liability to pay any sums due to the Company.

## 14. CANCELLATION

14.1. The Company may (but is not obliged to) agree to cancellation of a Contract on condition that all costs and expenses incurred by the Company up to the time of cancellation and all loss of profits and other loss or damage resulting to the Company by reason of such cancellation shall be paid forthwith by the Customer to the Company.

## 15. GENERAL

- 15.1. No waiver by the Company of any breach of the Contract by the Customer shall be considered as a waiver of any subsequent breach of the same or any other provision of this or any other contract.
- 15.2. If any of the provisions of these Conditions is held by any competent authority to be invalid or unenforceable in whole or in part, the validity of the other provisions of these Conditions, and the remainder of the provision in question, shall not be affected thereby.
- 15.3. The Customer shall not assign or transfer any of its rights benefits or obligations under the Contract (save with the prior written consent of the Company).
- 15.4. The Contract shall be governed by and construed in all respects in accordance with English Law, and the Customer hereby submits for all purposes of and in connection with the Contract, to the non-exclusive jurisdiction of the English Courts.
- 15.5. Any notice or other communication to be given under the Contract shall be in the English language and may be delivered in writing by hand or sent by pre-paid first-class post or email to the party to be served at that party's registered office or last-known trading address and (in relation to the Company) marked for the attention of the managing director.
- 15.6. A notice shall be deemed to have been served, if by hand when delivered, if by email when transmitted, and if by first class post 48 hours after posting.
- 15.7. The clause headings are for reference purposes only, and do not limit or otherwise affect the interpretation of these Conditions.
- 15.8. Each of the provisions contained in these Conditions shall be construed as separate and severable.
- 15.9. A person who is not a party to the Contract has no rights under the Contracts (Rights of Third Parties) Act 1999 to enforce any term of the Contract but this does not affect any right or remedy of a third party which exists or is available apart from that Act.
- 15.10. The Contract constitutes the entire agreement between the parties and supersedes and extinguishes all previous agreements, promises, assurances, warranties, representations and understandings between them, whether written or oral, relating to its subject matter.
- 15.11. Each party agrees that it shall have no remedies in respect of any statement, representation, assurance or warranty (whether made innocently or negligently) that is not set out in the Contract. Each party agrees that it shall have no claim for innocent or negligent misrepresentation or negligent misstatement based on any statement in the Contract.
