2018 - 2019

# WELCOME TO OUR 2018 – 2019 CATALOG!

1978 was our first full season growing “plugs” with a Blackmore seeder purchased on a payment plan! It’s almost 2019 and Gro’ n Sell is growing on 40 years of young plant production. We look forward to what the next 40 years have in store with all of the challenges and satisfactions that go along with providing predictable quality young plants to growers all over the US. We are humbled to be a small part of an amazing industry bringing flowers, innovation and creative ideas to help homeowners and gardeners bring beauty to our world. We are located in Chalfont, PA where our facility houses a large variety of plug and liner trays: annuals, perennials, herbs, vegetables and specialty products. Our attention to detail is what sets us apart. We provide first class starter plants with service, variety and value you can trust, time and time again...for 40 years and counting.

What else sets us apart? Our team continues to implement innovative technology and growing techniques, from PICAS software to IPM and BENEFICIAL INSECTS. Since beginning ‘Gro’ n Respectfully™ 3 years ago we have drastically reduced the use of pesticides/insecticides - by over 65%! Growing and operating our business in more sustainable ways supports an atmosphere that is better for our employees, our products and our customers and our world.

Our NEW web site has been up and running with easy-to-navigate icons and tools to equip you with both technical advice and links, along with steps to help you order and grow successfully. Check it out to be informed, supported, educated and even entertained. Follow us on Instagram and Facebook for more tools to help you grow.

Between the end of Spring shipping and full swing Summer perennial production, we have been blessed with a niche growing opportunity: we grow specimen plants, representing over 35 global breeding companies, for Cultivate, one of the foremost horticultural shows in North America. This gives us sneak peeks at what is new and gives us time to work through culture and growing protocols, allowing us to bring the best to you our customer. As our valued grower customers, we

want you to be successful and so we continue to offer our 5 Elements for Success™ to take you there. For many of you, we are a one-stop shop for all your young plant needs and we greatly appreciate your business.

**Multi-Ables™:** Our new 50 cell tray was a big hit this past season and more new additions give you... more choices of color and beauty! Take the guesswork out of designing your hanging baskets, combo planters and decorative pots. Three different components in one plug offer you extra choices and variety when it comes to filling up your greenhouse. Competitive pricing makes it even easier and more profitable for you! We have exciting combos from world class breeders such as Danziger’s Mixis, Westhoff (Combinations), Kientzler (TrioMio), Sakata (Combinations), Selecta (Trixi) and now Green Fuse Botanicals’ (Compatibles). The possibilities are seemingly endless.

**Pot-Ables™:** Specialty plants, unique product lines, larger liner sizes in 72 and 50 cell trays, for bigger pots and containers... faster turns and more profit for you... more choices to expand your market and your seasons of sales. The Sunfinity Sunflower has been a big hit this past season. Try cool growing, early spring color and beauty, with the Anemone Pandora Double & Single flowers. Or, the larger pot Patio Gerbera’s (which sold out fast in 2018) and the Garvinea Sweets Gerberas available with more colors in our 2 tray collections. The tried and true large liner SunPatents, Cannas, Wave Petunias, and Specialty Begonias including Non-Stop, Mocca, On-Top, Shine Bright, RiseUp, l’Conia, Beekenkamp’s Dreams and Solenia are some of our other great sellers; a few more ideas amongst hundreds of other choices!

**Big Burly®:** The choice of growers for almost 40 years. Big Burly® supplies you with predictable quality and quick finishing perennials while representing world class perennial breeding such as Terra Nova, Walters Gardens, Darwin Perennials, Dummer Orange, Danziger, Intrinsic Perennial Garden, Plants Nouveau, Plant Haven, Must Have Perennials, Syngenta Flowers and many others. You can choose from the 72 Deep Big Burly®

Jr. or the larger 32 Big Burly® plug sheet tray. If you are looking for a hardy, overwintered plant for early spring production, our vernalized liners are for you. If you need to add some color and variety to your late summer / fall selections, the custom grown summer perennials are your best choice. Either way, our plants offer a predictable performance that you can trust to do well anytime of the year.

**Bloomin Plugs®:** Five sizes to choose from, because one size doesn’t always fit all! The choice is yours: from the smallest - 384’s, to 288’s, 216’s, 128’s, and the largest - 51 Strips, we have a product to fit every budget and production schedule. Our young plants are grown with special care under HID lighting, with generous schedules, pinches where appropriate, PGRs, and nutritional recipes designed for each crop. This saves you valuable time and money...we do the work for you...saving you dollars because of shorter crop time on your bench.

**Ed-Ables®:** Irresistible Herbs and Vegetables. A comprehensive list of herbs, fruits and vegetables, carefully grown and creatively tagged. We hand select varieties from world-renowned breeders including ABZ, Vegetalis, Sakata, Takii, Prudac and Hishtil to name a few. Herbs and vegetables are available in 51 strips. Try out our popular 6 variety Herb Combos and new for Spring 2019 - Drink-Ables™ Herb Combos with 3 varieties in 17 strips! Great for 6-8” pots and to refresh your water and summer cool drinks. New tags, new ideas, new ways to keep your customers coming back.

Gro’ n Sell is always looking for ways to bring the solutions you need for your growing challenges. More importantly ... it’s about the elements for your success....it’s what keep us growing and it’s what we do best.

*Growing Together,*

The Gro’ n Sell Team

# Using Our Catalog

Find Plant Material Easily and Quickly

## Search By “Element”

We have 5 different color-coded sections divided by program category/plug size. Within each category, plants are listed along with the necessary information of hardiness, description, age, price and lead time.

- **Mult-Ables™** - Multiliners
- **Pot-Ables™** - Specialty Plants
- **Big Burly®** - Perennials
- **Bloomin Plugs®** - Annuals
- **Ed-Ables®** - Herbs & Vegetables

## Symbol Guide

Each plant name is accompanied by a series of symbols. At the bottom of the first page of every section is a symbol guide explaining their meaning.

## Planning Calendar

This is located at the inside back cover of the catalog for your convenience.

- Superior value and plant performance with strong stems, great blooms, disease resistance and beautiful color combinations
- True double flowers with up to 10 rows of petals reaching 5 to 7 in. across
- Fewer liners needed to fill containers due to twice as many flower stalks per plant
- Grown in large octagonal 50 cell tray (1-3/4 in. across x 1-5/8 in. deep cell)
- HID lighting and long days for bud initiation and compact growth
- PGR applications made per northern grower rates
- Transplant liners with the leaf tips pointing away from the center of the pot to orient blooms correctly
- Use 1 liner per 6 - 8 in. pot, 2 - 3 liners per 10 -12 in. container
- Tags will be shipped with plants - requests for no tags must be made at time of ordering.
- Finish Time: 6 - 8 weeks after transplant
- NOTE: Availability will be subject to seed harvest.
- **Ship dates:** Wks 7, 9, 11, 13, 15 & 17

**15 week lead time needed!**

## Anemone Pandora® Series

128 cells sold as 125

Single Price: \$0.505

Double Price: \$0.540

Availability: 11/19/18 (Wk 47) thru 1/25/19 (Wk 4)

Lead Time: 20 weeks

Please contact us for other dates

- **Tags:** Are required, ship automatically with orders and are billed at \$0.10 each; price INCLUDES tag freight.
- North American Gro 'n Sell Exclusive
- 5 - 10 in. Unique single and the only double flowering series of anemones with plenty of beautiful 2 in. blooms on compact plants
- Perfect holiday pot plants for Valentine's Day, Easter, and Mother's Day
- **Uses:** Plant 1 plug per 4-1/2 in. pot or 1 - 2 per 6 in. or 1 gallon pot
- Create additional bedding sales – Anemone Pandora can be transplanted into a protected garden setting
- Suitable for zones 5 - 9
- Combine with Pansies, Dianthus, Bellis, Ranunculus and other cool weather favorites
- **Culture:** Ideal soil should be peat mixed with perlite for good drainage. After transplanting establish at 60-68°F for 7 - 14 days before finishing cold. Crops can be grown cool/cold: 33-45°F night and approximately 45-55°F day temperatures. Keep plants on dry side in early stages to create new roots. Use a balanced calcium based nitrate every 10 - 14 days after new roots emerge to promote plant growth.
- Short days bulk plant and long days promote flowers
- **Finish Time:** Approximately 10 - 20 weeks after transplant pending growing temperatures
- **Pandora Single Series:** Blue, Fuchsia, Red, White
- **Pandora Double Series:** Blue, Fuchsia, Red, White

## Flori Line® Select Mix

The benefits of the Select Mix

- High uniformity in timing and plant size
- High-density crops all year round
- Fully programmable
- Strong, non-stretching flower stems

Flori Line® Select Mix is available  
in Midi and Maxi plant size

Conquer your  
lavender sales

## BLUE SPEAR

Stand out from the crowd

**NEW Blue Spear** English lavender shows off bigger, taller spikes than any other seed lavender. More upright flower stems stand closer to each other for dense masses of color. With an army of stems on each plant and hardy in zones 6 to 8, these big, blue spears command attention in the store and in the garden year after year!

Get the lavender that stands tall above the rest.  
Order Blue Spear plugs from Gro 'n Sell today.

## PERENNIALS

### Big Burly® 32 cells per flat

Our biggest perennial for fast turns of full, high quality, blooming perennials. Big Burly perennials are ready to sell in just 3 - 8 weeks. Vernalized plants, shipped from early January on, are ready to burst into growth with earlier, more reliable flowering. Plants may be dormant when shipped; the stage of dormancy depends on ship date and variety.

- **Size:** 2.22 in. taper x 4 in. deep cells 32 cells per flat
- **Uses:** Grow in 1 or 2 gallon containers. Our tapered cells speed transplanting – no cumbersome bare roots to fit into pots
- **Availability:** Available 1.7.19 thru 4.19.19 (Wks 2 - 16) except where noted
- **Early Shipping:** Please contact your broker for availability
- **Minimum Order:** 1 flat (32 plants) per variety, 6 flats per ship date
- **Tags:** Large size picture tags are included for each cell. Tags will be shipped to you directly from MasterTag and may arrive 1-2 weeks prior to your plants. They will be billed at \$0.12 per tag (\$3.84 per flat). **Tag freight is included in tag price.**

### Junior 72 72 cells sold as 70

A slightly smaller cell size means more perennials per box!

- **Size:** 1.56 in. x 3 in. deep cell
- **Uses:** Grow in pints, quarts and gallons, or use multiple plants in even larger containers
- **Minimum Order:** 1 flat (72 plants) per variety, 6 flats per ship date
- **Tags:** Large size picture tags are included for each plant. Tags will be shipped to you directly from MasterTag and may arrive 1-2 weeks prior to your plants. They will be billed at \$0.12 per tag (\$8.40 per flat). **Tag freight is included in tag price.**

### Baby 125 128 cells sold as 125

All the advantages of our larger perennials – seed and vegetative varieties – in an ample 1-1/8 in plug!

- **Size:** 1-1/8 in. across x 2 in. deep cell
- **Uses:** Grow in 4", pints, quarts and gallons, or use multiple plants in even larger containers
- **Minimum Order:** 1 flat per variety, 3 flats per ship date. Please order in multiples of 3 trays
- **Tags:** Tags are not available through Gro 'n Sell

**June - December:** Same great root systems for summer and fall sales. Or plant for the next spring season and save. Lead times for summer production are from 8 - 16 weeks so plan ahead! **Please note for Summer 2019 orders, 72 prices shaded in green require 40 weeks lead time.**

- **Availability:** 6.4.18 thru 12.22.18 (Wks 23-51)

**January - June:** Plants with strong root systems produce a new flush of growth and finish for early spring sales

- **Availability:** 1.7.19 thru 4.19.19 (Wks 2 - 16) except where noted

**All royalties are listed separately; please note royalties in red have changed or are new since last year.**

# HEADLINER™ — out-of-this-world colors

## Exciting patterns and bold solids capture attention!

The dramatic color range of Headliner™ petunias includes out-of-this-world patterns in the Sky types plus brilliant core colors, all in a classic mounding habit, resulting in a wide array of options. Whether patterned, solid or bicolored, these varieties promise early flowering, medium vigor and fast finish. New Starry Sky Burgundy offers a different take on the Sky pattern with both a star and speckles!

CITY LIGHTS™ beams color from dark foliage

NEW

**Makes a dazzling accent that lasts all season.**

The dark foliage of this garden dahlia amplifies bright, colorful blooms that attract butterflies and birds. From the Dalaya breeding program, City Lights has the same powerful garden performance. Featuring radiant color and good plant branching, City Lights is a stunning star in containers and gardens.

## Why do we FloriGlory?

With 5x the flower power and mega sized blooms compared to the old industry standards, FloriGlory is revolutionizing this summer staple category.

These cuphea are some of the most durable, heat tolerant plants you can pick for landscapes and container combinations.

# Largest Blooms & Fastest Finish

**TOPHAT™** is ahead of the pack with the largest blooms in the jumbo-sized, interspecific Begonia class. Finishes at least 1 week earlier than the leading competitors.

The only white in its class, Tophat is easy to finish in 306-packs up to large patio containers

# RiseUp™

Begonia hybrid

The RiseUp collection of garden begonias are recognized by the best branching in the industry, followed by unstoppable flower power in both sun and shade. These begonias have an abundance of medium sized flowers that stay facing upright in the garden for maximum color impact. The collection contains both singles and doubles in a wide range of vibrant colors. These varieties will make superb additions to hanging basket programs, quart containers and combination planters.

<b>AUBERGINE</b> 🌞 🌱 🌿	<b>EGGPLANT</b>			
Pot Black	20" Compact, high yielding, producing beautiful small purple fruit	6	0.435	0.110
<b>BARBAREA</b> 🌞 🌱 🌿	<b>CRESS</b>			
vermea Simply Salad™ Cress	6-12" Mounded, leaves have great spicy flavor, perfect for salads, braising <span style="color: green;">GENERIC TAG</span>	5	0.325	0.060
<b>BASIL</b>	Please see <i>Ocimum</i> below			
<b>CALAMINTHA</b> 🌞 🌱 🌿 🍽️	<b>CATMINT</b>			
🌿 Variegata	18" White and cream splashed green leaves, blue flowers, fragrant	8	0.560	0.110
<b>CAPSICUM, HYBRID</b> 🌞	<b>PEPPER</b> dth = Days to Harvest, SHU = Scoville Heat Units			
Basket of Fire 🌱 🌿	90-95 dth, 80000 SHU Small hot fruits on a compact semi-trailing plant, fruits mature from deep purple to cream and orange to a bright red, great for baskets and containers	7	0.485	0.110
Alter Ego 🌱	85-95 dth, as the name suggests it's hot but also sweet; naturally dwarf habit, large upward facing fruits are very ornamental, will turn from shades of cream and light purple to fully mature bright red <span style="color: green;">GENERIC TAG</span>	7	0.485	0.060
Better Belle	65 dth, Blockier, thicker walled and earlier than the original; four-lobed peppers mature from green to bright red, a vigorous variety, tobacco mosaic virus resistant	7	0.415	0.110
Big Bertha	72 dth, The largest elongated bell pepper available, 3 to 4 lobes and thick walls, sets more and even larger fruit than the original, resistant to tobacco mosaic virus	7	0.415	0.110
Candy Cane Red	40-45 days to mature green striped, 60-65 ripe red; snack pepper with uniquely variegated foliage, elongated bell-shaped fruit ripens from green and white stripes to solid red; thin walls and crispy texture make it perfect for eating at any stage <span style="color: green;">GENERIC TAG</span>	7	0.475	0.060
Desperado 🌱	70 dth, very mild 350-600 SHU; bold attitude, high yields, tall plants provide good cover to protect harvests from summer sun. Smooth, straight fruits, 7.5"x1.5", mostly 2 lobed; heavy for their size with medium wall thickness <span style="color: green;">GENERIC TAG</span>	7	0.415	0.060
Liberty Belle 🌱	73-78 dth, naturally dwarf habit, very high yielding; immature fruits are light green, maturing to bright yellow; large, well-shaped and very sweet tasting <span style="color: green;">GENERIC TAG</span>	7	0.485	0.060
Longhorn 🌱	85-95 dth, 15-20000 SHU vigorous, high-yielding; very long red fruits have an unusual curl at the end; bred in intense heat and will withstand high heat and direct sun; may need to be supported if grown in container due to large volume of fruit <span style="color: green;">GENERIC TAG</span>	7	0.475	0.060
Mad Hatter F1	65-70 days to mature green, 85-90 to ripe red; eye-catching flattened disc-shaped fruit has lobes (wings) and is crunchy and crisp for fresh eating at any stage, delicate floral scent and rich flavor that intensifies and sweetens as it matures; large stature plant benefits from staking or trellis <span style="color: green;">GENERIC TAG</span>	7	0.485	0.060
Mohawk 🌱 🌿	15-20" A compact sweet pepper which has a cascading habit, good for hanging baskets and planters, produces small, block-shaped green fruits which ripen to a bright orange	7	0.435	0.110

Variety (Red = New!)	Common Name and Description	Lead Time in Weeks	50 Price Strip	Custom Designed Tag*
<b>CAPSICUM, HYBRID - Continued</b> ☀️	<b>PEPPER</b> dth = Days to Harvest, SHU = Scoville Heat Units			
Ponky Peppers™ F1 Spicy Jane	125 dth, Deep, rich, red, spicy hot fruit covers the plant, mounding, trailing pepper easily fills a 12" basket. Good for indoor and outdoor production <b>GENERIC TAG</b>	7	0.570	0.060
Redskin 🌿🪴	75-80 dth A compact sweet pepper with an arching habit, suitable for hanging baskets, fruits mature from dark green to a bright red, easy to pick, a crisp sweet flavor	7	0.435	0.110
Snackabelle Red 🌿	55-60 days to green, 70-75 days to full ripe; mini-bell type, green to deep red; thick walled, blunt-end peppers have rich, sweet flavor; fruits are 2-2 ¼" tall and wide. <b>GENERIC TAG</b>	7	0.415	0.060
<b>CAPSICUM, NON-HYBRID</b> ☀️	<b>PEPPER</b> dth = Days to Harvest, SHU = Scoville Heat Units			
California Wonder	70 dth, Thick-walled and blocky, about 4"x 4", a crisp, mild flavor and terrific sweetness, turn from green to red when mature, good for stuffing, fresh eating, salads, salsa, and pickling	7	0.330	0.110
Jalapeno	75 dth, 2500-8000 SHU, Fiery, thick-walled peppers grow 3" long and 1-1/2" wide, dark green at first then turning red, good for fresh use, pickling, and salsa	7	0.330	0.110
<b>CHAMAEMELUM</b> ☀️🌿	<b>CHAMOMILE</b>			
🌿 nobile 'Flore Pleno' 🌿	6" Carpet forming evergreen perennial, delicate apple fragrance	6	0.515	0.110

Variety (Red = New!)	Common Name and Description	Lead Time in Weeks	50 Price Strip	Custom Designed Tag*
<b>TOMATO, HEIRLOOM</b> 🌞	<b>TOMATO</b> dth = Days to Harvest			
Brandywine Red	85 dth, Indeterminate, superb flavor, red-pink beefsteak-shaped fruits, plants grow upright, fruits set one or two per cluster and ripen late but are worth the wait	6	0.325	0.110
La Roma	80 dth, Determinate, exceptionally early heavy yields of 3 to 4 oz tomatoes, perfect for sauces or homemade tomato paste, resistant to Fusarium Wilt Race 1, Fusarium Wilt Race 2, Verticillium Wilt, and Tomato Mosaic Virus	6	0.355	0.110
<b>TOMATO, HYBRID</b> 🌞	<b>TOMATO</b> dth = Days to Harvest			
Beefmaster	80 dth, Indeterminate, a mouth-watering giant red tomato, this massive beefsteak-type is not only huge but very heavy-bearing over a long season	6	0.355	0.110
Better Boy	70 dth, Indeterminate, big hybrid-quality yields of succulent, juicy yet meaty tomatoes, resistant to Verticillium Wilt, Fusarium Wilt Race 1 and Nematodes	6	0.355	0.110
Big Beef Ⓐ	73 dth, Indeterminate, early maturity, bears at least double the number of fruits than other varieties in its class, tolerant of or resistant to Verticillium Wilt, Fusarium Wilt races 1 and 2, Tobacco Mosaic Virus, Root Knot Nematodes, and Stemphylium (Gray Leaf Spot)	6	0.365	0.110
<b>Camaro</b>	72-75 dth, Determinate; Compact, disease resistant plants set high yields of deep red, 8-10 oz, smooth, glossy, globe shaped fruit; good for large containers or in raised beds <b>GENERIC TAG</b>	6	<b>0.425</b>	0.060
Candyland Red Ⓐ	60 dth, Indeterminate, red currant tomato, tidy habit will continue through season; very small, sweet fruit detach easily from the plant with minimal splitting or tearing. Fast harvest of single fruit or clip entire truss for beautiful fruit presentation <b>GENERIC TAG</b>	6	0.355	0.060
Celebrity Ⓐ	70 dth, Determinate, incredible set of exceptionally flavorful 8 to 12 oz fruit on strong vines with good cover and outstanding disease resistance	6	0.355	0.110
Early Girl	52 dth, Indeterminate, comes in first as an early slicing tomato, large harvests of flavorful 4 to 6 oz fruit, disease resistance is good	6	0.335	0.110
Heartbreakers™ F1 Vallery	65 dth, 20" Cocktail-sized, heart-shaped fruit, soft skins, trailing, ideal for large containers and hanging baskets; cut them in half and enjoy the lovely heart <b>GENERIC TAG</b>	6	0.520	0.060
Heartbreakers™ F1 Vita	65 dth, 20" Cocktail-sized, heart-shaped fruit, soft skins, upright growth, ideal for large containers; cut them in half and enjoy the lovely heart <b>GENERIC TAG</b>	6	0.520	0.060
Jet Star	72 dth, Indeterminate, very pleasant taste, heavy yields of 8 oz meaty fruit that is generally free of cracks, vines offer good foliage cover, not recommended for canning as Jet Star is low in acid	6	0.335	0.110
Megabite 🍷	70 dth, Determinate, compact enough to grow in a container on the patio yet strong enough to grow big beefsteak fruits, sets up to 60 on every plant	6	0.365	0.110
<b>Midnight Snack</b> 🍷	65-70 dth, Indeterminate; cherry-type, 1-1/2" red fruits have an overlay of glossy black-purple; traditional, well-balanced red cherry flavor; will get up to 6' high, staking required <b>GENERIC TAG</b>	6	<b>0.405</b>	0.060
Peardrops 🍷🌿	55 dth, A yellow fruited trailing variety with pear shaped fruit and a delicious flavor, a good balance of sweetness and acidity, useful for mixed baskets, containers, or hanging baskets	6	0.365	0.110
Rapunzel	70 dth, Indeterminate; long, cascading trusses, each with up to 40 sweet, bright red cherry tomatoes that keep coming all summer long. Long stems are quite impressive when picked fully loaded, enjoying the fruit as it ripens	6	0.355	0.110

Variety (Red = New!)	Common Name and Description	Lead Time in Weeks	50 Price Strip	Custom Designed Tag*
<b>TOMATO, HYBRID - Continued</b> 🌞	<b>TOMATO</b> dth = Days to Harvest			
Summerlast 🍷	65 dth, Determinate; oblate, bright red, medium-sized fruit; bred to last longer in the garden or pot, late blight resistance, will remain very dark and healthy foliage well into late summer <b>GENERIC TAG</b>	6	0.365	0.060
<b>Sweet &amp; Neat Series:</b> Scarlet Imp., Yellow 🍷	60 dth, Determinate, upright, dwarf, ideal for pots, the little cherries are about 3/4 - to 1 oz, arising in huge clumps like grapes	6	0.365	0.110
Sweet Valentines ☺	Determinate, 12-16" Heart-shaped cherry tomato, very compact and cascading, ideal for combinations and hanging baskets, abundant, very sweet fruit <b>GENERIC TAG</b>	6	0.445	0.060
Totem 🍷	70 dth, Determinate, perfect for container growing, dwarf- growing from 10-12" tall, produces lots of flavorful, small red tomatoes, dark green quilted leaves are attractive and fruit is abundant making this a great variety for indoor gardening, needs no staking	6	0.365	0.110
Tumbling Tiger Red Stripe 🍷 🌿	55 dth, Unique compact trailing variety with red and green striped fruit, great for planting in mixed baskets and containers, the unusual striped fruits are well protected by the foliage, which is helpful in preventing scorch in very high light levels	6	0.365	0.110
<b>Tumbling Tom Series:</b> Red, Yellow 🍷	70 dth, Determinate, weeping habit, perfect for hanging baskets, windowboxes, and tall containers, plant will dangle about 2' over the sides, fruits are small, bright red 1 to 2"	6	0.355	0.110
<b>VIOLA</b>	<b>EDIBLE VIOLA</b>			
Tasteful Viola	Mild, sweet, peppery taste, medium size flowers; use as garnish on cakes, vegetarian and meat dishes, cheese plates <b>GENERIC TAG</b>	6	0.455	0.060

# CONDITIONS OF SALE

Questions? Please call us at **215.822.1276**

## Prices

Are effective 6.4.18 and are subject to change without notice. All prices are in US dollars and are not subject to discount unless noted. Prices are FOB Chalfont, PA.

## To Order

Book early to insure on-time delivery. Lead times are shown to assist you with ordering your Mult-Ables™, Pot-Ables™, Bloomin Plugs®, and Ed-Ables®. Contact one of our **participating distributors** listed on page 1. Or call us at **215.822.1276**, FAX us at 215.997.1770, or email us at: [email@gro-n-sell.com](mailto:email@gro-n-sell.com)

## Lead Time - Please Order Early

Allow 5 to 40 weeks from order to delivery of plugs, depending on variety (see "Lead Time in Weeks" listed in the catalog). This allows time for order processing and growing. Orders subject to availability. If we can be of assistance in helping you schedule your order, please contact us.

## Substitutions

All orders are subject to availability of seed or cuttings. Occasionally we will substitute with a comparable variety. If this is **NOT** acceptable to you, please specify when placing your order.

### Online Availability & Ordering

Up to the minute online availability and online ordering with ePICAS at [www.gro-n-sell.com](http://www.gro-n-sell.com)

With ePICAS, you can view live availability on our website and place immediate or future ship date orders at anytime of the day or night. ePICAS also offers an Excel download option, the ability to look up orders, order status, and tracking numbers.

## Minimum Order

**384 (5/8") and 288 (3/4") Plugs** – 4 flats per ship date. 4 flats per box. Please order in multiples of 4 flats.

**Exceptions:** 288 Cosmos and Marigolds which pack 3 flats per box.

**216 (1"), 128 (1-1/8") and Baby 128 Plugs** – 3 flats per ship date. 3 flats per box. Please order in multiples of 3 flats.

**72 (Specialty Begonias, Gerbera, Petunias and Vegetative) Plugs** – 2 flats per box. **TrixiLiner™ and Mult-Ables™** – 3 flats per box.

**51 Strip (Annuals, Herbs and Vegetables)** – 1 strip per variety, 6 strips per box. Please order in multiples of 6 strips.

**50 Tray (SunPatiens® and Specialty Begonias)** – 2 flats per ship date, 2 flats per box. Please order in multiples of 2 flats.

**Big Burly® and Junior 72 Perennials** – 1 flat per variety, 6 flats per ship date.

**Canna** – 1 flat per box, 2 trays per ship date.

**We will combine sizes to fill boxes wherever possible.**

## Special Orders

If you are looking for a variety or size not listed, please ask for a quotation.

To consider filling **seed** special orders we will require: **1.** a minimum of 4 flats of 5/8" and 3/4" or 9 flats of 1" and 1-1/8" per variety per shipment and **2.** additional time to secure seed.

To consider filling **vegetative and tissue culture** special orders we will require: **1.** a minimum of 10 flats of 72 or 18 strips of 51's, per variety, per shipment and **2.** additional time to secure cuttings.

## Boxing Charge

**Bloomin Plugs®** – There is a \$8.00 per insulated box charge.

Master Carton - \$105. per insulated carton. Master Carton can hold 32, 48, or 64 flats depending on the plug size.

**Big Burly®** and **Junior 72** – There is a \$2.00 per tray charge. For pallet shipping, please order a minimum of 30 flats.

Orders shipped to Arizona, California, Oregon, and Washington **will be charged \$25.00** per order for inspection fee and phytosanitary certificate **when applicable**.

## Shipping

FOB Chalfont, PA. All orders are shipped **FedEx** or **UPS** or **grower truck** where available. Indicate your preference. We will ship the best way, weather permitting. All shipping costs are added to invoice, passing our volume discount on to you. If your receiving address is different from your mailing address, provide **your correct street address and phone number**.

## Shipping Claims

Any risk associated with the shipment of live plants is the customer's responsibility. We accept no liability for damage or delays after delivery to the carrier, but we will assist you to secure necessary adjustments if the following steps are taken:

1. **Do Not Refuse** the shipment.
2. **Inspect** the shipment in the carrier's presence. Note all damages on the shipping papers, and have the carrier's agent sign the papers.
3. **Photographs** of all damages are required, including the production label on the end of the tray, and the color dot on the packing list. Email photo(s) to: [claims@gro-n-sell.com](mailto:claims@gro-n-sell.com).
4. **Photographs** of any damage to the boxes are required. Save cartons, packing material and product.
5. **Notify** your broker **and** our office within 48 hours. For consideration of claims for shortages or material quality, requests **must be made within 5 days after delivery; no claims accepted after 5 days.**  
**WE ACCEPT NO RETURNS.**
6. **Please** call our office for complete policy details.

## Tag Claims

1. **Minimum return quantity**=2000 inventoried tags within 60 days of receipt.
2. **All returns**-full bundles only in clean reuseable condition, no loose tags accepted.
3. **Returns** are sent directly to MasterTag and must have an approved return authorization number. 25% restocking fee applies.

### PATENTED PLANTS

Royalties on all PP, PPAF and COPF material are included in prices, with the exception of Perennials and Herbs. Perennial and Herb royalties are listed separately; they will be billed as a separate line item. Propagation is illegal on any patented or PPAF plant varieties.
