# Edibles

Edibles continue to be the “hot” garden trend of our times. To help you satisfy this increasing demand, we have developed a nice selection of popular varieties grown in a wide range of sizes. From our recipe-ready herbs to our landscape-ready fruit plants, all are grown to be naturally delicious and good for our environment. That’s why they are **Veriflora® Sustainably Grown** certified.

Better still, our Edibles are grown and packaged in a biodegradable pot that meets the high expectations of young gardeners while reassuring the healthy-eating preferences of current customers. This allows you to offer your customers fruit, herbs, and vegetable plants that are perfect for the **Next Generation of Gardening™**.

# Perennials & Ornamental Grasses

The popularity of colorful perennials goes on and on. Now you can have all the latest varieties and sizes that your customers want – all from one convenient source. Our “Lil’ Cutie” lineup provides the ultimate in economy while utilizing a 4 1/2” pot. With our #1.5 container “Promo” program you can offer your customers the perfect balance between economy and effect. Next up is our #2C, #2.5C, and #3C “Impact” program that provides the “wow” factor - with big and beautiful plants.

For added sales appeal, take a look at our comprehensive collection of ornamental grasses. Outstanding varieties provide a range of foliage interest and intriguing plume shapes. These are likewise offered in a range of sizes from “Lil’ Cutie” and “Promo” up to our “Jumbo” grade (which is grown in a full-sized #3 container for added “stand up” capability). For smaller varieties we limit the size to our “Impact” grade, which is grown in a #2 container.

# Patio-Sensations

Outdoor living has fast become a significant part of the American lifestyle. With it has come a burgeoning need for beautiful, low-maintenance plants to decorate decks, porches, and patios everywhere. You can meet that demand with our collection of unique & colorful annuals and outstanding rose varieties.

Decorative containers add to the beauty while providing portability for easy movement of the "plant furniture". At the end of the season, should the homeowner want to overwinter their plant indoors, appropriate care instructions are provided with the plant tag.

# Pollinators

Is there a bigger buzz word (pun intended) in our industry than “pollinator”? And with good reason: according to the National Pollinator Garden Network, 1 out of every 3 bites we take is dependent on pollinators – how’s that for pollinator power! This cultivated collection of pollinator favorites takes the guess work out of selecting plants and makes it easy for your customers to

join in on the Million Pollinator Garden Challenge launched by The National Pollinator Garden Network. Offered in our economical Lil’ Cutie pots, this lineup is project perfect whether it is a community garden, window box, or patio planter. As with everything we grow, these plants offer consumers the peace of mind of being certified as *Veriflora® Sustainably Grown*.

# Combo Starters

Mixed perennial and grass combos are the talk of the trade but they battle pricing pressure at retail when compared with annual containers. Our practical Lil' Cutie size is just the right size for mixing and matching in patio containers. Whether it be for the DIY or DIFM customer, the varieties in this section are

specifically selected to help you – or your customers – create colorful combos that are not only beautiful, but low maintenance. Send us pics of your combo creations – we'd love to see where your imagination goes!
