Cosmic Clouds™

Large Shrub/Climber • cv. WEKblufstow • PPAF

A brand new shrub rose that shows off a different color combination at every angle. With rich pink flowers offering up a cloud-white reverse, *Cosmic Clouds* Shrub rose adds intrigue as well as volume to the rose garden. *Cosmic Clouds* can be trained as a climber in zones 8-10, and in colder zones, it performs wonderfully as a large shrub. Flowers appear in medium or large clusters, grouped in sets of three to ten blooms. Extremely full, each rose blossom is packed with over 75 petals and opens up to three inches in size. *Cosmic Clouds* is a fragrance fan's dream, with a strong, fruity scent that lasts in the vase. This rose fights off powdery mildew, downy mildew, and rust with ease.

Flower Color: Magenta-purple fading deep purple with white reverse.

Height/Habit: Medium-tall sized plant with a bushy upright moderately spreading habit. Long stems covered with medium glossy green foliage.

Bloom/Size: Large clusters of full, globular, cuppy & very double, medium-sized flowers of 2½-3 inch diameter. 70 to 85 petals.

Re-Bloomer: Repeat blooms throughout season.

Fragrance: Strong fruity (Rating: 10/10).

Make Me Blush™

Hybrid Tea • cv. WEKmotonton • PPAF

You'll blush with pride when this easy-to-grow tea rose opens in mid-summer. *Make Me Blush* features large, true tea flowers that open 4 to 5 inches across, exuding a moderately fruity fragrance from clean, light-yellow blossoms blushed in cameo pink. From the lovely pointed buds in the early season to the large, recurring blooms all summer, you'll find *Make Me Blush* has shapely flowers at every stage. Stately plants grow to a mature height of up to five feet and are very vigorous. Hardy down to zone 5 and extremely resistant to mildew, rust, and rot.

Flower Color: Soft yellow with coral-pink blush.

Height/Habit: Tall in height with an upright moderately spreading habit. Long stems with medium glossy green foliage.

Bloom/Size: Single, classically pointed, elegant & double, medium-large sized flowers, around 3½ -5 inch diameter. 25 to 40 petals.

Miss Manners™

Grandiflora • cv. WEKamylcas • PPAF

It was once opined that the sign of good manners is the ability to put up with bad ones. *Miss Manners* Grandiflora can take your rudest winters and most impolite garden pests with grace and poise. This Grandiflora starts the season with shapely buds that open to flowers of up to 60 petals each. An attractive and compact rose, *Miss Manners* produces deep pink roses with an old-fashioned, English-style appearance and a moderate, fruity fragrance. Hardiness to at least Zone 6, along with excellent disease resistance to powdery mildew, downy mildew, and rust make this rose both strong and beautiful. You'll enjoy excellent color retention, too.

Flower Color: Medium pink.

Height/Habit: Medium-sized plant with an upright moderately spreading habit.

Bloom/Size: Mostly single, old-fashioned, cuppy & fully double flowers. Medium-large in size, around 3½-4½ inch diameter. 40 to 60 petals. Medium-long stems with dark, glossy green foliage.

Re-Bloomer: Repeat blooms throughout season.

Fragrance: Moderate fruity & spices (Rating: 5/10).

Pink Freedom™

Medium Shrub • cv. WEKpumpahor • Pat.#31,932

Beauty and versatility go hand in hand with this lovely rose. Depending on how it is pruned, *Pink Freedom* will easily adapt to borders, can create a wonderful focal point planting, or grow into a delightful flowering hedge. Plus, no matter how it is used, you'll be presented with an abundance of stunning 3½" blooms that are perfect for cut-flower arrangements. *Pink Freedom* roses open fully to exhibit an old-fashioned form and sunny yellow throats. They are very easy to grow and attract butterflies to the landscape for an extra touch of charm.

Flower Color: Medium pink.

Height/Habit: Compact, bushy plant with an upright somewhat spreading habit. Medium-sized stems with dark glossy foliage.

Bloom/Size: Small clusters of medium-sized, decorative & semi-double flowers of around 2½-3½ inch diameter. 10 to 15 petals.

Quest for Zest™

Grandiflora • cv. WEKsecjuc • PPAF

Large flowers, some single on a stem, others in cluster of 2 or 3 per stem, all perfect for bouquets to fill your home with delightful strong lemon-citrus/fruity fragrance! The large zesty yellow flowers will invite you to take a closer look, and the "off-the-charts" lemon fragrance will make you want to stay. Spiraled, double flowers add elegance in your yard or in your home as cut flowers. Upright, moderately spreading growth habit and very glossy, medium green leaves, combined with the large flower size, make this Grandiflora a fresh, new addition to our Grandiflora collection. *Quest for Zest* has excellent vigor, very strong zesty lemon fragrance, and disease tolerance - a seldom found combination for a Grandiflora rose. She just might be the new Grandiflora that you've been looking for!

- Flower Color:** Yellow with lighter outer petals.
- Height/Habit:** Medium-tall sized plant with an upright moderately spreading habit. Medium stems with very glossy medium green foliage.
- Bloom/Size:** Small clusters of spiraled, elegant & double large, around 4-5 inch diameter flowers. Sometimes borne singly, 30 to 40 petals.

Rose Awards & Information Descriptions

The world of roses is ever-changing. Each year rose lovers are blessed with dozens of new introductions of all classes & colors with an increasing selection of fragrant & disease-resistant roses. The Weeks Roses breeding program is very honored to have won prestigious awards all across the globe. Throughout our catalog you will see icons indicating awards our rose have won. Below you will find information on the organizations behind the awards.

Weeks Roses New for 2024

Wasco, CA

Each year Weeks Roses evaluates 175,000 seedlings from our breeding program. After 8 to 10 years of rigorous further evaluation, only 4 to 6 varieties are chosen for introduction. New varieties must be superior to other roses to be chosen as a Weeks New variety. These roses are denoted by this icon.

American Garden Rose Selections (AGRS)

Multiple Locations

Rose varieties credited with the AGRS award are those that have produced outstanding results in numerous growing environments across the United States. The vigorous testing provides credible insight and is a key indicator of the most reliable rose varieties in the country.

International Fragrant Rose Trials

Nagaoka, Japan

The International Fragrant Rose Trials were started to encourage the appreciation of the beauty of fragrant roses, and to further develop the fragrant rose garden at Echigo Hillside Park. All roses are planted and brought up for two years under exactly the same conditions in the snowy and cold region of Japan.

American Rose Society (ARS)

Schreveport, LA

The American Rose Society offers numerous awards for every rose variety. Entries are accepted from amateur and professional growers, and criteria vary across awards.

American Rose Trials for Sustainability (ARTS)

Portland, Maine

Two ARTS awards are offered annually. Regional winners are varieties that average better overall score than a local control rose planted in an ARTS trial garden. ARTS Master Roses are exceptional varieties that outperform a control rose across four different climate regions.

Royal Horticulture Society Award of Garden Merit

Wisely, United Kingdom

The RHS Award of Garden Merit helps gardeners in the United Kingdom chose not only the best roses for their gardens but the best plants. Awards are given after a trial period and a round table discussion to debate the characteristics and garden performance that the Society is unable to trial.

All-America Rose Selections (AARS)

Multiple Locations

For over 70 years, the AARS was the preeminent trialing and awards program. Rose varieties were evaluated over a two-year period on numerous characteristics, including hardiness, flower, & fragrance.

Biltmore International Rose Trials

Ashville, NC

Biltmore International Rose Trial were hosted in the rose gardens at Biltmore. A independent jury tested and scored planted varieties with the goal of providing baseline criteria to home gardeners about which roses produce the strongest results.

Portland's Best Rose

Portland, OR

For 115 years, the Portland Rose Society has maintained a high-quality and well sought-after awards program. This annual award is presented to rose varieties that demonstrate superior results when grown in the Pacific Northwest region. Every distinguished variety is honored with inclusion in the Gold Award Garden.

Full Sail

Hybrid Tea • Non-Patented

Seems that fragrance in white roses has somehow been an elusive combination. So when the wonderfully scented *New Zealand* produced a white color sport (mutation), it was a welcome surprise. Other than color, it's got all the great qualities of "Mom"—great glossy foliage, beautiful flower form, etc. But best of all, it's got that heady honeysuckle perfume that'll make you swoon with just one sniff. Opens best when temps are consistent. Best flower size when cool.

Fun in the Sun®

Grandiflora • cv. WEKpupmobalip • Pat.#33,325

This new Grandiflora maintains its color to the end and provides a delightfully intense, fruity scent, inviting butterflies and other pollinators to the garden. It's a true English-style rose that contains 60-85 petals in each of its 3-4" flower heads, appearing in clusters of 5 or 6 blooms per stem. True to its name, *Fun in the Sun* thrives in full sun with thorough watering early in the day. It's perfect for bringing a sophisticated ambiance to border gardens. We love it as an eye-catching focal point in bouquets and vases, too.

- Flower Color:** Gold suffused with pink
- Height/Habit:** Medium/Upright
- Bloom/Size:** Old-fashioned, cuppy & very double/
Medium-large, 3-4" diameter, in small clusters. (60 to 85 petals)

Heavenly Scented™

Hybrid Tea • cv. WEKvodomer • PPAF

Heavenly Scented Hybrid Tea Rose has everything you desire from a long stemmed rose, delivered in a beautiful conch pink. Hybrid teas are known to produce one large flower per stem, making them the quintessential cutting rose. The strong, sweet fragrance beloved by rose gardeners travels with each cut flower. In the garden, *Heavenly Scented* grows in an upright habit and has a strong resistance to downy mildew and rust. Good color retention means that these roses won't lose their bright prawn-pink hue in the sun.

Picture Perfect™

Hybrid Tea • cv. WEKmamoprela • PPAF

A classic Hybrid Tea with eye-catching hot pink petals, made more striking by solid cream color on the reverse of each petal. The cream reverse color really makes the hot pink “jump” out. Elegant flowers with shapely pointed, spiraling buds. A true Hybrid Tea with one long-stem per flower, makes *Picture Perfect* “perfect” for stunning bouquets. Re-blooms throughout the season, so you can bring the beauty inside for bouquets all summer long! Large double flowers hold their vivid color until the petals drop. As the petals drop, they will sprinkle hot pink petals on the ground for an extra visual attraction. Mature petals drop leaving a clean appearance, rather than turning brown and holding on the stem as many older varieties do.

- Flower Color:** Fuchsia pink with white reverse

Uptown Girl®

Grandiflora • cv. WEKabcima • PPAF

As sweet and fashionable as its namesake, *Uptown Girl* is a must-have for a showy backyard garden or set in front of a bay window. An old-fashioned style rose, *Uptown Girl* blooms with the "quartered" look typical of English roses. Its petals are tucked into a cup shape, in serried ranks with a scalloped appearance. Medium-sized, coral-pink flowers feature a darker reverse and outstanding color retention. If you haven't tried grandifloras, this is a great beginner's rose, thanks to its resistance to rust, powdery mildew, and downy mildew. Grandiflora roses are a combination of hybrid teas married with floribundas, and achieve the graceful blooms of a tea with the hardiness and zeal of the floribunda.

- Flower Color:** Warm coral pink with a deeper orange-toned interior
- Height/Habit:** Medium/Rounded & bushy
- Bloom/Size:** Old-fashioned, spiraled & fully double/Medium-large, around 3½-4½ inch diameter, mostly single (70 to 90 petals)

Arctic Blue™

Arctic Blue™

Floribunda • cv. WEKblufytirar • Pat.#30,951

The tons of lilac pink blossoms of the **Arctic Blue** rose are like a cold arctic breeze coming to your garden. The cool tones are chilled by the unique lavender blue finish and iced with cream on the reverse of the petals. The flowers hold up well, even in high heat. The very shapely flower buds open slowly, as if they were frozen in time at their most beautiful stage for longer enjoyment; the blooms are attractive to the very end when the opened flowers let go of their petals, showering the ground in iced lavender blue snow. The drought tolerant, vigorous plant is dressed with a glossy green winter jacket of leaves, isolating and protecting the upright bush from mother nature's diseases, allowing the plant to produce a nonstop flowery snow storm.

Frida Kahlo®

Floribunda • cv. WEKcifrabaun • PPAF

As an emblematic artist of Mexico, world-acclaimed painter Frida Kahlo needs no further introduction. She once said "I paint flowers so they will not die." Like the flowers she immortalized in her art, the rose *Frida Kahlo* is a lively & colorful reminder of her enduring spirit. Just as Frida is one of the most recognizable artists for her unique style, the scarlet red & gold striped flowers of *Frida Kahlo* are also one of a kind in the rose world. The swirl of colors intensifies as the flowers age, adding a red blush as the final touch. Like any painting needs a good stand, the flowers are set in small clusters on a healthy disease resistant plant with clean glossy leaves. If you are one of Frida's followers or simply a rose lover, join the Fridamania by adding a piece of art to your garden with the striking vibrant rounded flowers produced abundantly on the compact upright vigorous plants.

Intrigue

Floribunda

Extraordinary and truly intriguing! No other modern rose captures the deep purple-red bud and velvety plum flower color of this award winner. And it pleases the nose as well with a powerful perfume of citrus and rose. Dark green leaves enrobe the bushy rounded plant. Established plants give more blooms & best color.

Julia Child

Floribunda • cv. WEKvossutono • Pat.#18,473

Just before our wonderful American icon left us, she selected this exceptional rose to bear her name. Julia loved the even butter gold color & the licorice candy fragrance. The perfectly rounded habit, super glossy leaves & great disease resistance finish off the dish. Consistent, hardy and floriferous in all climates. Very disease resistant. During warm, humid conditions, Blackspot will cause some leaf defoliation, but *Julia Child* tolerates disease very well & continues to bloom in spite of leaf damage.

Jump for Joy™

Floribunda • cv. WEKnewchi • Pat.#26,819

Lusciously lovely, delectable peachy-pink color sets apart this sister seedling of *Sparkle & Shine*. They may have their differences (peach pink vs. deep yellow). But, like most sisters, they share some likenesses, too. Both are distinctive because of their large showy clusters, long-lived flowers with lovely color, round bushy super-flowerful habit, loads of glossy green leaves & consistent dark red new growth. Buy 'em both & let these sisters battle it out for who's the best in your garden.

Life of the Party™

Floribunda • cv. WEKjucistwe • Pat.#31,861 • Huntington's 100th

This rose is a party animal when it comes to flower production. The cuppy yellow old-fashioned flowers are kissed with a pink blush when the party is over, but not too early, keeping the coloration until the petals drop. If you are too shy to invite your neighbors for a garden party, don't worry as the strong fruity smell that EXUDES from its flowers will serve as a formal invitation & attract people from far away! The long lasting blossoms are enthusiastically produced in medium sized clusters on top of an upright & bushy plant. The clean dark glossy green leaves are feeding the flower production by generating the needed energy so the party can go on & on & on!

Flower Color: Yellow kissed with pink on finish

Morning Glow™

Floribunda • cv. WEKpiflaspas • PPAF

Wake up to a brand new morning with this fresh Floribunda. Our *Morning Glow* Floribunda rose combines dark green foliage, outstanding bud form, and large, nearly 4" across, old-fashioned blooms in a silky ginger-root yellow. That gorgeous contrast, along with its light tea fragrance, will set *Morning Glow* apart from all the other roses in your garden. Floribunda roses are defined by their large, full clusters of flowers and this new variety is no exception, with romantic sunrise colors in large, bowl-shaped blooms. Excellent color retention and strong disease resistance.

Queen of Elegance™

Floribunda • cv. WEKjusstokol • Pat.#32,810

How would you feel about adding a touch of royalty to your garden? Roses are already known as the queen of the flower world but with *Queen of Elegance* you are getting multi-petaled, old-fashioned-medium pink and large flowers worthy of a monarch! The blooms are certainly sophisticated and elegant but the strong rose perfume is what make this variety deserving of belonging to the aristocracy. Each long-lasting and non-fading blossom invites you to bury your nose to inhale the perfume of 'old time' roses of your dreams. Her eminence is also an excellent garden variety as the upright vigorous plant is robed with glossy dark green foliage, holding the refined blooms at the right height for your satisfaction.

Rosie the Riveter™

Floribunda • cv. WEKzazou • Pat.#31,190

Rosie the Riveter pays tribute to the women who worked in factories and shipyards during World War II. The old-fashioned unusual flowers of orangey-gold suffused with pink are surely reminiscent of that era. The exquisite pointy and shapely buds are proudly held on top of very glossy dark foliage as a feminine symbol of charm and strength. A flower representing a women's cultural icon without fragrance would not work. The moderate fruity & spice fragrance is the perfect complement. Like the tireless Rosies, the even rounded plants of *Rosie the Riveter* are the workhorse of the garden, producing an arsenal of flowers. Maximum flower power?

Sultry Night™

Shrub • cv. WEKswipufste • PPAF

Sultry Night features large flowers in magenta pink with \ hints of blue. Each petal has a lighter reverse, adding a mystical shine to this shrub rose and an unforgettable heat to the garden. While the flower size of this shrub rose is smaller than the bloom size of Floribunda roses, clusters of eight to fifteen large blooms open at once for a fairytale display of color. Resistant to powdery mildew and rust, this magical rose shrub will have you spellbound.

Cupid's Kisses®

Patio Climber • cv. WEKtriscala • ®

With a shorter and more compact habit than full size Climbers, *Cupid's Kisses* is just the right height to bring enjoyment to more confined areas of the landscape. *Cupid's Kisses*' flowers have a distinctive 'pink lipstick' that shows on the white petal base color. The pink coloration does not go deep in the flower leaving a 'white eye' effect. With the prolific number of flowers produced in medium sized clusters by this little climbing machine, the pink and white combo presents quite a show way until late in the fall!

- Flower Color:** Cerise pink with a large white eye
