Velkommen til FIFe World Show 2003 i Bella Center

Det er med stor glæde og ikke så lidt stolthed, at jeg på Felis Danicas vegne kan byde velkommen til dette års Verdensudstilling.

For 10 år siden, da der sidst var Verdensudstilling i Danmark, var det den hidtil største Verdensudstilling: Det er denne også! Vi kan her på udstillingen præsentere ca. 1400 af de bedste og smukkeste katte i FIFe, som gennem mange udstillinger har kvalificeret sig til denne Verdensudstilling.

Jeg håber at alle, både udstillere og besøgende vil værdsætte det store forarbejde, der er gjort af opdrætterne for at kunne deltage. Jeg ved at man som besøgende vil fornemme den spænding og forventning, der er til kattens resultater.

Kattene bliver bedømt af 22 dommere fra lande uden for Danmark, og der skal lyde en særlig velkomst til dem. Det er et stort ansvar, der er lagt på dommernes skuldre; men jeg er overbevist om, at vi ved udstillingens afslutning kan præsentere de ypperligste katte som Verdensvindere 2003.

Udstillingen er arrangeret af Felis Danicas fire hovedklubber i fællesskab, og det har været en fornøjelse at opleve samarbejdet omkring dette store arrangement. Der vil jeg gerne takke alle de, der har hjulpet til med at arrangere denne udstilling: Hvad enten man har arbejdet i døgndrift op til udstillingen eller har hjulpet med et par timer. Al hjælp har været værdsat.

Som en utrolig vigtig samarbejdspartner vil jeg takke vores hovedsponsor ROYAL CANIN, uden hvis engagement og hjælp vi ikke kunne have arrangeret denne store udstilling, ligesom jeg gerne vil takke vore medsponsorer Hills, Oliver's Petfood ApS, Iwersen Pet Products og Premium Pet Products (IAMS) for deres engagement.

Til slut vil jeg ønske alle udstillere held og lykke på udstillingen, og ønske alle besøgende en rigtig god oplevelse her på Verdensudstillingen.

Med ønsket om en oplevelsesrig Verdensudstilling.

Ole Amstrup, Formand Felis Danica

Welcome to the FIFe World Show 2003 in Copenhagen

On behalf of Felis Danica it is with great pride and pleasure I welcome you all to the World Show 2003 in Copenhagen.

10 years ago, at the last World Show in Denmark, that World Show was the largest one FIFe had ever held. This year we repeat the feat: You will find 1.398 cats in this catalogue. These cats are amongst the most beautiful in all of FIFe, and the cats have qualified for this World Show through a number of shows.

It is my hope that you all will appreciate the work the exhibitors have done to participate at this show. I know that the visitors will sense the excitement and anticipation that surrounds the results of the cats at this show.

The cats will be judged by 22 FIFe judges coming from different countries outside Denmark and I would like to take this opportunity to give the judges a warm welcome. We have placed a great responsibility upon you but I am confident that we will be able to present the very best cats as World Winners 2003.

The exhibition is arranged by the 4 clubs organized under Felis Danica. It has been a pleasure to experience the cooperation leading up to this special occasion. I would like to thank all those who have helped in arranging this show regardless if you have worked around the clock prior to the show or have helped out for a few hours. All help have been most appreciated.

I would like to thank our main sponsor: ROYAL CANIN. Without your help and dedication we would not have been able to arrange this huge show. I would also like to thank our co-sponsors: Hill's, Oliver's Petfood ApS, Iwersen Pet Products and Premium Pet Products (IAMS) for their dedication.

Finally I want to wish all exhibitors good luck at the show and wish all visitors a really great time at this second World Show held in Copenhagen.

Pjevs, norsk skovkat, 6 år, Århus

Zonta, norsk skovkat, 4 år, København

Så ens, men alligevel så forskellige...

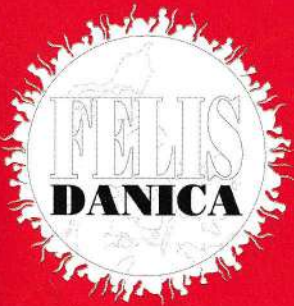

Pjevs er sprængfyldt af livskraft, tilbringer det meste af sin tid med at jage udenfor og taber pelsen. Zonta lever indendørs, er ikke særlig aktiv og tilbringer det meste af sin tid med at pleje pelsen... To katte, der ligner hinanden, har ikke nødvendigvis den samme profil.

Livet i en lejlighed eller hyppige ture udendørs. Følsomt fordøjelsessystem eller følsom hud. Aktiv livsstil eller tendens til overvægt. Begyndelsen eller slutningen af vækststadiet. Moden eller voksen... Royal Canins diætiske veterinærer ved meget om disse forskelle. Derfor har de udviklet **Feline Nutrition**-serien, som består af 11 forskellige typer foder, der dækker de specifikke ernæringsbehov hos alle katte i alle livets stadier.

At respektere kattene er at respektere alle deres forskelligheder.

OLIVER'S

gør mere for kunderne

OLIVER'S er et helt unikt foderfirma. Vores filosofi er at det ultimative foder starter med valget af de ultimative råvarer og at den service vi tilbyder skal matche foderet. Det betyder bl.a. gratis levering i hele landet. Dette vil normalt blive temmelig bekosteligt, men OLIVER'S kommer direkte fra vores egen produktion i Canada. Det giver en pris for vores kunder der ligger ca. 100 kr. lavere per pose, end hvis OLIVER'S var et traditionelt firma, og du tilmed selv skulle hente posen!

OLIVER'S er Danmarks største direkte foderleverandør, og vi leverer idag foder til over 50 katterier og mange tusinde familiekatte landet rundt. Hovedårsagen til denne anerkendelse, er vores enestående kvalitet og service.

Tiltalende for mange er at OLIVER'S udelukkende bruger ingredienser godkendt til menneskefødevarer, et faktum man både kan se og dufte, når man står med en portion i hånden. At bruge så gode ingredienser, giver et meget lækkert og appetitligt måltid, så det er meget sjældent at man hører om katte, der ikke kan lide eller tåle OLIVER'S.

Som kunde hos OLIVER'S er du altid sikker på gratis levering, en virkelig god service & rådgivning, samt vores unikke TRIBEL GARANTI, hvor du altid kan returnere resten af posen, skulle du opleve problemer med smagen, maven eller allergi.

For hende er det bare en bevægelse. For Eukanuba er det et komplekst samspil af seks vitale krogsfunktioner.

For at være klar til at stå på spring hvert øjeblik, har en kat brug for et godt helbred. En forudsætning for det er, at de seks vigtigste krogsfunktioner får den helt rigtige ernæring.

- 1 **Knogler og muskler**
- 2 **Vitale organer**
- 3 **Pels og hud**
- 4 **Fordøjelsessystemet**
- 5 **Munden**
- 6 **Sanse- og nervesystemet**

Det unikke Vital Health System i Eukanuba indeholder målrettede ernæringskomponenter, der forsyner alle de vitale krogsfunktioner – hver dag. Så Eukanuba katte kan leve op til deres fulde potentiale.

**Vital Health System findes
i alle vores produkter**

Ernæring som forstår din kat

Sådan foregår en katteudstilling ...

Hver kat bliver bedømt af 1 dommer på udstillingen. Kattene bliver bedømt i den kategori og race som de tilhører. De bliver bedømt på baggrund af en skreven standard for findes for hver race. Kattene dømmes i "dommerringe", hvor der kun er adgang for dommere, udstillere og stewarder (dommernes hjælpere).

Kattene er delt op i forskellige klasser: Killinger fra 3 til 6 måneder (klasse 12), ungdyr mellem 6 og 10 måneder (klasse 11), voksne hanner (over 10 måneder), voksne hunner (over 10 måneder), hankastrater (over 10 måneder) og hunkastrater (over 10 måneder). Hos de voksne og kastraterne er der igen forskellige klasser, som kattene deles op i, afhængig af hvor mange gange de har været udstillet.

Når dommeren er færdig med at dømme en farve i en race, så udtages der BIV (Bedst i Varietet) Dvs. den bedste i farven kåres - det kræver dog, at der er mindst 3 katte til stede i farven (kastraterne har deres eget BIV, hvortil der også kræves at mindst 3 katte er tilstede)

Når dommeren har dømt alle kattene i kategorien - der er 4: Langhår, semilanghår, korthår og siameser/orientaler, udtager dommeren sine bedste katte, henholdsvis han, hun, ungdyr, killing, hankastrat og hunkastrat.

Disse 6 katte går op og kæmper mod de andre dommers bedste katte i Best in Show-panelet: Hanner mod hanner, hunner mod hunner etc. Først udtages bedste han - denne kæmper bagefter mod bedste hun. Den af de 2 der får flest stemmer bliver Best In Show (BIS), den anden bliver Best Opposite Sex (BOX).

Hos ungdyr og killinger udtages der kun 1 Best In Show, i disse paneler skelnes der ikke på køn, kun på alder (3 til 6 måneder) og (6 til 10 måneder)

På denne verdensudstilling vil alle BIS og BOX kattene få titlen WorldWinner (WW'03) som de fremover må smykke sig med.

Huskattene bliver dømt efter køn. Den bedste han og den bedste hun kæmper på scenen om at blive henholdsvis BIS og BOX. Huskattene må også bruge deres WW-titel fremover foran deres navn.

Bemærk venligst, at kattene i burene ikke må berøres uden ejerens tilladelse.

KOM OG HØR MERE PÅ VORES STAND

Program Vet (lufenuron). Indikationer: Kontrol af lopper hos hund og kat (påvirker lopper i larvestadiet). Anvendes i kombination med et insekticid med virkning på de udviklede stadier. Alle hunde og katte i husstanden/på ejendommen skal behandles. Dosering: Katte, miksture: 30 mg pr. kg legemsvægt. Hunde, tabletter: 10 mg pr. kg legemsvægt. Se i øvrigt brugsanvisningen. Pakningsstørrelse: 1x6 miksturer à 133 mg til kat og til 4,5 kg legemsvægt. 1x6 tabletter à 67,8 mg til hund og til 4,5 kg legemsvægt. 1x6 tabletter à 204,9 mg til hund fra 7 til 20 kg legemsvægt. 1x6 tabletter à 409,8 mg til hund fra 20 til 40 kg legemsvægt. Udlevering V. Novartis Healthcare A/S, Animal Health, Lyngbyvej 172, 2100 København Ø, Tlf.: 39 16 84 00

Capstar Vet (nitenpyram). Indikationer: Behandling af loppeangreb hos katte og hunde. Dosering: Mindst 1 mg/kg. En Capstar 11,4 mg tablet gives til katte og små hunde mellem 1 og 11 kg. Hunde over 11 kg gives en Capstar 57 mg tablet. Må ikke anvendes til dyr under 4 uger eller som vejer mindre end 1 kg. Drægtighed og diegivning: Kan anvendes. Virkning: Det aktive stof, nitenpyram griber ind i nerveoverførelsen og fører til voksne loppers død. Effekten på lopper kan ses allerede efter 15-30 minutter. Mellem 95% og 100% effektivitet ses indenfor de første 6 timer og 100% effektivitet nås indenfor 24 timer. Bivirkninger: I den første time efter administrationen kan dyret klø sig mere end normalt. Dette skyldes loppernes reaktion på produktet. Læs i øvrigt indlægssedlen i pakningen. Pakningsstørrelse: 1x6 tabletter à 11,4 mg, 1x6 tabletter à 57 mg. Udlevering V. Novartis Healthcare A/S, Animal Health, Lyngbyvej 172, 2100 København Ø, Tlf.: 39 16 84 00

En dobbeltløsning der giver pote, når loppekrisen kradser

Det er ret enkelt: Hvis man fjerner lopperne men ikke loppernes æg, så har man kun fjernet 5% af problemet. Derfor vil en dobbeltløsning spare din kat for en masse klø. Med Capstar® Vet fjerner du effektivt alle de voksne lopper i løbet af et døgn. Med Program® Vet forhindrer du æg og larver i fremover at udvikle sig

til voksne lopper. Sværere er det faktisk ikke...
MODELKONKURRENCE: Indsend et foto af din kat og deltag i konkurrencen om 10 hundedyre digitalkameraer. Tag en folder hos dyrlægen, apoteket eller Matas. Eller gå ind på: www.loppestop.dk

PROGRAM VET + **CAPSTAR VET** = **ÆG + LOPPER FJERNES**
(LUFENURON) (NITENPYRAM)

Dear exhibitors, visitors, cat friends

Welcome to this 14th FIFe World Cat show in the Bella Centre in beautiful Copenhagen!

First of all, I would like to inform you a bit about our Federation: FIFe stands for „Federation International Feline“, was founded in 1949 and has its official seat in Luxemburg. The three official languages of the FIFe are English, French and German.

Though FIFe's main basis is in Europe, where we are represented in all EEC countries and in all future EEC member states, we also have members in South America and Asia and solid contacts with Cat Associations in the USA, Australia and New Zealand.

Currently, FIFe has 37 Feline Federations and Clubs as full members in 35 countries and two members under patronage.

In short, the name FIFe is synonymous with quality and unity and it represents the interests, welfare and well being of cats on a global basis.

This is the second time this World Show takes place in Copenhagen; the first time was in 1993. Besides in Denmark, the FIFe World Cat Shows have been held in Austria, Luxemburg, Switzerland, Portugal, the Netherlands, Hungary, Poland, Italy, the Czech Republic, Finland and twice in Germany.

One of the things that make this World Show so special is not just that it only takes place once a year but also that FIFe members from all over the whole World meet and can communicate. Speaking as a judge, it is always so nice to meet in one place, cat friends you are used to see in specific countries!

For those of you who are not aware, not every cat can be entered on this prestigious show. Only the most beautiful and most successful cats are allowed to compete; cats that are at least International Champions or cats that have achieved a Best in Show or a Best in Variety.

This year's World Show is indeed a very special one; almost 1400 cats are entered and this makes this FIFe World Show in Copenhagen the largest one so far!

On this show you will be able to admire almost every breed accepted in FIFe in hundreds of colour varieties. All these breeds are judged according to a fixed standard by an international group of FIFe judges who have passed an extensive and long training programme in order to qualify.

But besides all pedigree cats you will also see beautiful, normal housecats, cats that also had to qualify for this show. For most of us these housecats were the beginning of our love for cats and indeed many of us also share our homes with these cats as well as pedigree cats.

It is well to remember that every cat is a beautiful creature in itself, no matter to what extent they conform to any written standard. Their graciousness, cleverness, sensitivity and beauty and their loving tempers are precious gifts, which should be appreciated, and we owe it to them to provide loving and warm homes to all of them and to care for them to the very best of our abilities. For obvious reasons the cats you see here are in show-cages for the duration of the show but at home they are full family members that share our houses, furniture and beds.

I sincerely hope that you visitors will enjoy your acquaintance with the wide range of pedigree cats that you can admire on this show and I would like to wish all FIFe exhibitors the best of luck on this most prestigious show in FIFe.

Finally I would like to thank Felis Danica and all their members who have worked so hard for such a long time for arranging this World Show; I am convinced it will be a successful and memorable show!

Yours sincerely, Eric Reijers – FIFe President

"June's Original"

House of An-Ju

Grooming Products

Simply the Best !!

The most popular grooming products in the world since 1978 !

"June's Original" HOUSE OF AN-JU™ (Cat's Pause & Doggie Daydreams™)

is the only company in the world that produces House of An-Ju™ products according to its founder's, June Douchis, original formulas. It was June's high quality House of An-Ju™ products we all fell in love with when she started marketing them in 1978. All other House of An-Ju products on the market are copies. The U.S. Trademark Court in Washington, D.C. ruled in February 2003, after over two years of processing, that Aleda Kellgren, Cat's Pause & Doggie Daydreams™ was the legal owner of House of An-Ju™ at the time of June's death in 1999 and no one else has the right to use the name. We have added "June's Original" to the name, both to honor June and to separate us from those that infringe on our trademark.

Do remember that if it doesn't say "June's Original" on the label the product is not ours!

WE WILL BE AT THE SHOW THIS WEEKEND, "RE-INTRODUCING" THE PRODUCTS IN EUROPE AND WE ARE VERY MUCH LOOKING FORWARD TO MEETING YOU!

- med katten i fokus -

Det ernæringsrigtige foder til racekatte

ROYAL CANIN var den første foderproducent, der interesserede sig for de forskellige katteracers specifikke ernæringsbehov, og nu fortsætter vi vor forskning med at fremstille specialtilpasset næringsrigt foder til andre katteracer.

Efter flere års intensiv udvikling kan vi i dag præsentere resultatet af vore seneste tre forskningsprojekter.

ROYAL CANIN har skabt en ny serie, Feline Breed Nutrition, som modsvarer de forventninger, opdrættere og racekatteelskere har til et foder, der tilfredsstiller deres kattes behov.
