

## 2015 PASSIFLORA CULTIVAR SUPPLEMENTARY NOTES:

---

These notes reflect publicly available information about *Passiflora* hybrids/cultivars (as of October 2015) that have not been formally registered or appeared in prior supplementary notes. Inclusion here does not preclude future registration. Meanwhile, the inclusion of a name in this list does not imply that it is an acceptable name under the provisions of the International Code of Nomenclature for Cultivated Plants (ICNCP). All hybrids are presented in the format: A x B = Maternal x Paternal.

This is not meant to be a comprehensive list, and many hybrids/cultivars with informal names are certainly omitted herein (not intentionally). If you have information on such hybrids or further information on hybrids herein, please contact the current registrar.

-Shawn Mattison, MD, MSPH, MSc.

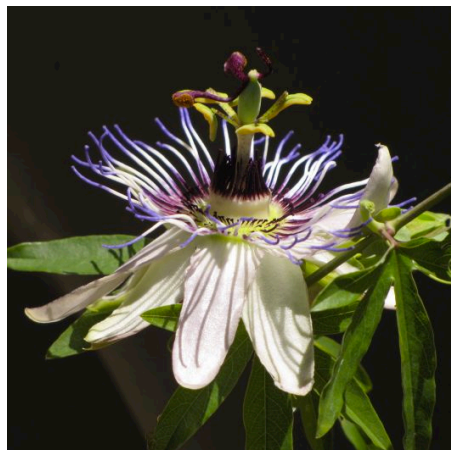

*International Registrar of Passiflora Cultivars, under the ICRA of the Passiflora Society International, 2013-2015*
