# Greencare

PHYTO POLICY

*Strict phytosanitary standards that protect your investment*

**START CLEAN,  
STAY CLEAN.**

*Greencare is the phytosanitary standard of Dümmen Orange® to deliver healthy and clean starting material to growers worldwide. It guides us to prevent, control and minimize phytosanitary risks from breeding to production for you.*

*Greencare ist der phytosanitäre Standard von Dümmen Orange®, um unseren Kunden weltweit gesundes und sauberes Ausgangsmaterial zu liefern. Es soll helfen phytosanitäre Risiken im gesamten Prozess, von der Züchtung bis zur Produktion zu verhindern, zu kontrollieren und zu minimieren.*

*Greencare is het fyto-sanitaire beleid van Dümmen Orange® om schone en gezonde stekken af te leveren aan telers wereldwijd. Greencare helpt fyto-sanitaire risico's van veredeling tot productie te voorkomen, beheersen en beperken.*

## *Begonia elatior*

**MEET OUR  
BEGONIA ELATIOR SERIES**

---

*Dümmen Orange's Begonia elatior collection is full of energy. In 2015 we started a new way of breeding, marketing and sales to create a fresh movement.*

*Starting with great branching ability, a dynamic flower shape and an outshining color pallet. Be surprised by the flower presentation and the number of flowers that this new collection offers you!*

*Allow Begonia elatior Move2 collection to bring fun and enjoyment to your life!*

---

Strong flower quality, good branching structure for round plant habit, fast response time

*Beste Blütenqualität, gute Verzweigung, runder Pflanzenaufbau, kurze Reaktionszeit*

Sterke bloeikwaliteit, sterke vertakkende opbouw voor een ronde plant opbouw, snelle reactietijd

# PRODUCTION EXPERIENCE

Elatior begonia is from the beginning a crop for specialists. Optimal climate conditions and experience in the Motherplant production in El Salvador are the basis. Combined with the long experience Willem Kuipers is bringing into the rooting process an uniform and reliable youngplant is produced.

*Elatior Begonien sind von Beginn an ein Produkt für Spezialisten. Beste klimatische Bedingungen und Erfahrung im Mutterpflanzenbetrieb in El Salvador sind die Basis. In Kombination mit der langjährigen Bewurzelungs-Erfahrung von Willem Kuipers entsteht ein einheitliches und zuverlässiges Ausgangsprodukt.*

Elatior begonia is vanaf het begin een product voor specialisten. Optimale klimaat condities en ervaring in de moederplant productie in El Salvador vormen de basis. In combinatie met de jarenlange ervaring van Willem Kuipers in het bewortelen van begonia resulteert dit voor u in uniform en betrouwbaar uitgangsmateriaal.
