

Orange County Orchid Society

July 2021

COVER: *Cym.* **Devon Railway 'New Horizon' 4n** (editor's choice), grown by Susan Scheffler.
INSIDE COVER: *Vanda* Nonthaburi, grown by Janet Roberson.

Speaker, continued from p. 1

For your meeting, I'll be sharing a presentation on Encyclias of Mexico and Beyond. These spectacular cattleya relatives grow well outside in Southern California, and with their compact habit, great fragrance, and ease of growth, these are delightful plants for every collection. By extending the traditional definition of encyclias to include recently separated groups like anacheilum, panarica, prosthechea, euchile, and others that I and many of you grew up calling encyclia, we end up with a diverse, beautiful, fragrant, exciting group of plants and flowers; if we add those to the wonderful flora of Mexico and Central America, we have a group that every collector should grow. By the end of this presentation, you will have a new appreciation of the range of plant habits, floral forms, and fragrances of encyclia broadly, as well as an appreciation of their lovely flowers and ease-of-growth. I will be providing a plant table of seedling encyclia species from Central and South America, suitable for culture outdoors in Southern California.

**In-Person Meeting in July at New Location:
Yorba Linda Community Center**

Come join us as we return to an in-person meeting for July! Please look for our new location at

**Yorba Linda Community Center
Room C
4501 Casa Loma Ave
Yorba Linda CA 92886**

If you show up at the old location, you will find an empty lot with a partially built In-N-Out Burger where the old library once stood. Our new location is just about 1 mile northwest on Imperial Highway, as the map shows.

Please note the following:

- **Masks are required** until further notice.
- The **Opportunity Table** will be in action.
- There will be **no in-person judging this month**—we plan to resume in September, when we are sure of added space at the Community Center.
- There will be **no Member Plant Sales**—we plan to resume in October unless someone volunteers for September.
- The **Beginners' Table** will not be in action.
