Bunker Farm Plant List 2021 Scientific Name	Email bunkerfarmplants@gmail.com to be added to plant list email list, Link will be emailed for Pre-Order Form in April Description
Abutilon hybridum maximum, Giant	Indian mallow, deep cup dangling flowers in pastel shades, 3', annual
Flowering Mixed Achillea filipendulina 'Parker's Varietät'	Fern-leaf Yarrow, this is a cool plant! Tall very rigid stems with tightly dense bright yellow flat topped flowers, extremely vibrant, unusual look for a yarrow, loves good drainage and
Achillea millefolium 'Cerise Queen'	average soils, very tough, nice cut too, height 3'+, perennial zone 3-8 Yarrow, colorful and long lasting pink magenta flat topped flowers, 24" tall, perennial zone 3-8
Acmella oleracea f. purpurea Aethionema schistosum	Toothache plant, yellow button flowers against dark leaves, annual, low growing, long blooming
Agapanthus 'Headbourne hybrids'	Persian Stonecress, wonderful rock garden perennial, pale pink flowers atop small leaved bluish foliage, full sun, 10", zone 4-8 if in excellent drainage Vigorous agapathnus, good in a pot, needs to winter indoors (in a basement), these are four year plants grown from seed
Agastache 'Rose Mint' Agastache cana 'Heather Queen'	Rose mint, half hardy annual (perennial zone 7-9), rosy flowers on gray foliage, Full sun, well drained soils required, 20" tall Perennial with gray green leaves and bright pink flowers, blooms first year from seed, 30", sun, butterflies, zone 6-10
Agastache hybrida 'Globetrotter'	Perennial, Beautiful bright pink/purple flowers, sun/pt shade, blooms first year from seed, zone (5?)6-9, 24-36"
Agastache nepetoides Agastache rugosa 'Liquorice Blue'	I loved this giant green/yellow flowering Agastache when I saw it a few summers ago, it is a total stunner, very tall, 4-6', annual, great pollinator plant and holds interest late into the fall Korean Mint, tall blue purple spiked flowers, 30" tall, aromatic foliage, full sun, butterfly plant, short lived perennial or annual
Agastache rupestris 'Apache Sunset'	Silver-gray leaf, spidery orange flowers, hummingbird plant, marginally hardy zone 5, grow in rock, sandy soil, mulch with gravel to avoid rot, 1-2'
Ageratum houstonianum 'Red Sea' Agrimonia epatoria	Floss Flower, Mauve purple flowers, continual bloomer, bushy plant, great for the front of the border and blends well with other plants, 24" tall and wide, annual White flowering spikes, flowers attractive to bees, clump forming perennial, zone 3-8, 2-3' tall
Alonsoa 'The Rebel'	Bright scarlet flowers on bushy plants, foliage is attractive, with small, serrated round leaves, in dark green semi-gloss leaves, blooms till frost, annual 15"
Alternanthera 'Purple Knight' Althaea officinalis	Striking dark purple-black foliage, cascading plant, spreads 30", for large pots or beds, sun to light shade, heat tolerant Marsh Mallow plant, pale pink hollyhock-like blooms on a shrubby plant, heigh 3', hardy perennial zone 3-7
Amaranthus cruentus 'Hopi Red Dye'	Dark burgundy foliage with deep magenta red plumes, upright habit, well branched, 4', annual, re-seeds
Amaranthus cruentus 'Oeschberg' Ammi visnaga 'Casablanca'	Amaranth, 3-4' tall, dark leaves with upright, snaking deep maroon flowers, annual Queen Anne's Lace, earlier to flower than 'Green Mist' with more uniform, more white, and more domed flower heads, 4', annual, sun/part shade
Ammi visnaga 'Green Mist'	Refined Queen anne's lace with green tinted white flowers in tight umbels on ferny foliage, multi branching, 30-40" tall, blooms july-oct, great cut, great seed heads Winged Everlegting, great out flowers small button white flowers with vellow centers on very straight storms, staticallike, full sup, poor soil, 18, 24"
Ammobium alatum Amorpha canescens	Winged Everlasting, great cut flower, small button white flowers with yellow centers on very straight stems, statice like, full sun, poor soil, 18-24" Lead plant, US native shrub with purple flower spires, bushy, 2-3' tall, good for naturalizing, in pea family, hardy zone 2-9, nectar plant
Anchusa italica 'Dropmore'	Good things come to those who wait! Coarse basal leaves in its first year, but in the second (or third) year, this plant puts on a fantastic show, with hairy branching stems covered in tiny cobalt blue, star shaped flowers, butterfly magnet, biennial/short lived perennial, 3-4' tall, sun
Angelica archangelica	Large biennial with thick spring green stalks that give rise to large flowering whitish-green umbel flowers, great for pollinators, dies after flowering and setting seed, 5' tall and wide,
Anoda cristata alba 'Snow cup'	zone 5-9 Climbing plant that needs support since it does not have tendrils, white cups resembling mallow, very striking and unusual, annual, 5-7'
Anthriscus cerefolium	Chervil, edible leaves, great in salads, fine, ferny foliage good for the flower border too, will have white umbel flower in first or second year, can be grown as an annual, tolerates most soil and light conditions, hardy Zone 6
Antirrhinum 'Applebloosom' Antirrhinum 'Tetra Mix'	Snapdragon, Large blooms in creamy pinky peach, 36" Bright mix, 30", continual bloomers, good garden performer
Antirrhinum majus 'Brighton Rock'	Multi color flowers, with marbling, stripes, and specks, unusual tones, 18"
Antirrhinum majus 'Lucky Lips' Antirrhinum majus 'Orange Wonder'	Flowers edged in white with deep red/pink throats, 24" Pink- orange vibrant snap dragon
Antirrhinum majus 'Snowflake'	Densely packed bright white spikes, old fashioned snap, 30", long bloom time if deadheaded
Antirrhinum majus nanum 'Black Prince' Aquilegia chrysantha 'Yellow Queen'	18" tall, deep red flowers with dark foliage, old fashioned variety hard to find, annual Yellow Columbine with dramatic spurs, likes moisture and good drainage, perennial zone 3-8, 15" tall
Arctotis fastuosa 'Zulu Prince'	Cape Daisies, White petals surround black center with orange rings, dusty gray leaves, 2' tall and wide, long and prolific blooming, annual
Arctotis grandis Argyranthemum 'Snow White'	Blue Eyed African Daisy, pearly white flowers with blue centers, grown as an annual in zone 4-6, 18-24", sun, good drainage, fast grower Beautiful finely dissected blue green foliage, with upright white daisies, blooms early summer and into fall, taking a break in heat of summer, annual, 20", a favorite!
Asarina 'Shooting Stars Blue'	Climbing snap dragon vine, dainty arrow shaped leaves, deep purple flowers
Asarina procumbens Asarina purpusii 'Victoria Falls'	Trailing gray leaved vine with pale lemon flowers in fall, great in a pot and will winter over indoors, 10", trailing Cascading tubular pink flowers, trailing habit good in containers, grown as an annual
Asarina scandens 'Joan Lorraine'	Lovely climbing annual vine with purple snapdragon-esque flowers against bright green ivy leaves, blooms all summer and into late autumn, 3-6' seasonal growth
Asclepias incarnata	Swamp Milkweed, great Monarch caterpillar food plant and very decorative and sweetly fragrant too, hardy perennial that re-seeds around, 4-5' tall with domed, pink flowers, blooms summer-fall, tolerant of most soils, sun/part shade
Asclepias tuberosa	Perennial butterfly weed, prairie plant with clusters of bright orange flowers, 24" tall
Asperula orientalis Aster alpinus 'Pinkie'	Blue Woodruff, masses of charming fragrant lavender blue flowers, early bloomer, 15" sun or part shade, annual Low growing, mat forming aster with pink flowers, good for dry, well drained, sunny spots, hardy zone 3-9, 12" tall
Berkheya purpurea 'Zulu Warrior' Berlandiera lyrata	Large purple flowers over gray spiky foliage, blooms first year from seed, great cut flowers, 3', sun and drought tolerant, perennial zone 6-9 Chocolate Daisy, yellow daisy flower with dark brown centers with a fragrance resembling chocolate, likes dry, sandy soils, full sun and drought tolerant, can be subject to root rot in
•	rich, moist soils, hardy zone 4-8. 15-24" tall, perennial Papaver dubium ssp. lecoquii var. albiflorum
Beth's poppy	Single clear pink flowers on straight stems, each flower only last a day, but it is absolutely special, early spring, 12" tall, annual
Bigelowia nuttallii	Rock garden plant, US southeastern native plant, pollinator food source, wiry stems with a flush of airy golden yellow flowers above a mass of grass like foliage, 12-15" tall, perennial zone 4-10
Borage (Borago officinalis)	Bright blue flowers on large leafy plant, leaves are edible, flowers attracts insects and bees, 3-4', sun, re-seeds easily Greater Overlying Great, appeal great with years large arrests blooms, like benging pendents, 1.2' tell, symmer blooms, sym/part shade
Briza maxima Briza media	Greater Quacking Grass, annual grass with very large ornate blooms, like hanging pendants, 1-2' tall, summer blooms, sun/part shade Common quaking grass, short lived perennial, usually blooms second year with the most beautiful dew drop flowers that shimmer and glimmer in the breeze, flowers are bright green and
Browallia americana	fade to tawny silver, heart shaped seed heads, zone 4-7, 16" Lovely flowers in pale blue with white centers, plants are bushy and covered with flowers mid summer through frost, great at the front of the border, can intermingle well with other
Calamintha grandiflora	plants, great filler, 18", annual, sun/part shade Short front of the border minty perennial with bright pink flowers, hardy zone 4-7, 8-10" tall, perennial
Calamintha nepeta 'Blue Cloud'	Dwarf catmint, perennial zone 4-8, dainty blue flowers on fragrant, minty gray leaved foliage, 10-12" tall
Calamintha nepeta 'Marvelette Blue & White'	Dwarf catmint, perennial zone 4-8, dainty blue whote flowers on fragrant, minty gray leaved foliage, 8-10" tall
Calendula officinalis 'Geisha Girl'	Pot marigold, semi double brilliant orange flowers with recurved petals, attractive to pollinators and blooms all summer, height 20 ", annual
Calendula officinalis 'Indian Prince' Canna 'Bonze Scarlet'	Burnt orange flowers, edible, great cut, sweetly scented, deadhead for continual bloom, annual, 15", sun Great architecture and color for the garden, tropical plant, grow as an annual, great in container or in the garden, lovely bronze foliage, full sun
Cardiospermum halicacabum	Love-in-a-Puff, climbing vine with dainty white flowers followed by green globe seed heads, annual
Carex 'Frosted Curls' Catananche caerulea	Tidy, clumping woodland grass, prefers good drainage and acidic soils, full to part sun, bright yellow-y green foliage, 12" tall perennial zone 5-9 Cupids Dart, grassland perennial that prefers lean, dry soils, zone 4-7, 1-2' tall, purpley strawflower-like flowers on thin stems, beware of rich soils and winter rot
Celosia 'Cramers Amazon'	A very unique celosia, 40", multi branching especially when cut, each stem has a multicolored plume from white to deep pink, variegated foliage in burgundy and green tones
Celosia 'Flamingo Purple' Celosia picata 'Celway Lemon'	Tall, shrubby Celosia with pink to white spiked flowers, reddish tinge to foliage, 3-4' tall, annual Upright, tall Celosia with spiked flowers, branching habit and prolific bloomed, bred for cut flower production, but its height makes a good garden contender, 40-48" tall, annual, likes
Centaurea americana 'Aloha Rosa'	heat Large showy pink flowers, annual, 4' tall
Centaurea cyanus Centaurea macrocephala	Annual Bachelor Button or Cornflower, clear blue flowers on tall bushy plants, 3-4' tall, prefers cool conditions, sun, flowers/petals edible Golden yellow bold and rounded flowers on robust stems and foliage, beautiful in bud and seedhead, tough perennial, 3-5' tall, full sun/pt shade, zone 4
Centaurea ruthenica	Russian Knapweed, Star Thistle, Perennial with glossy green foliage and straight stems bringing bright yellow flowers, unusual, hardy to zone 5, limited
Centranthus ruber 'Coccineus'	Red Valerian or Jupiter's Beard, dense scarlet red flower clusters on bushy plants, prefers poor soil and a sunny sight, does well vertically in a wall for example, 1-3' tall, hardy zone 5-8, perennial with excellent drainage
Centratherum intermedium 'Pineapple Sangria'	Bright purple disc flowers with yellow centers, annual, 20-24", heat and drought tolerant, full sun
Cephalaria radiata	Small yellow scabiosa like flowers on wiry stems, plant reaches 3-4 feet, perennial, good seed head, full sun
Ceratotheca triloba Cerinthe major 'Kiwi Blue'	African foxglove, annual with very long stems and lavender foxglove- like flowers, Good cut, bee magnet Shrimp plant, bicolor blue and purple flowers, that hang on lanky stems, can make a bushy plant, 20"
Cerinthe major purpurescens	Shrimp plant, bicolor blue and purple flowers, that hang on lanky stems, can make a bushy plant, 20"
Chamomilla recutita 'Bodegold' Cheiranthus allionii	Chamomile, large flowering, uniform white flowers with yellow button centers, medicinal plant with high yield, excellent pollinator food plant, annual, will se-seed Siberian Wallflower, fragrant bright orange flowers in early spring, 16" tall, if sown early enough it will bloom first year, otherwise give it a sunny spot with great drainage and it will be
	a substantial and profuse plant the following spring, i love this plant!
Chocolate Mint Cirsium heterophyllum	Vigorous ground cover, mint Melancholy thistle, native to Great Britian, large open pink thistle flowers with gray prickly basal leaves, meadow plant, 36-48" tall, zone 5-8, sun/part shade, mid summer bloom, seed
Cisanthe grandiflora 'Brightness'	head attractive to birds Succulent with bright pink flowers and yellow stamens, blooms first year, rocky soils, hot and dry, 20", grown as an annual in zone 5
Clarkia elegans 'Mix'	Mountain Garland, native wildflower in California, bright pinks, purples and white on long stems, blooms early summer, interesting foliage too, annual, sun/part shade, 24"
Cleome 'Violet Queen'	Spider flower, annual, 40", electric purple

Claama hagalariana Miy Dinka	Spider flower appeal lilred heat 40" collected goods mix of ninks
Cleome hassleriana Mix Pinks Cobea scandens Purple	Spider flower, annual, likes heat, 40", , collected seeds, mix of pinks Cup and Saucer Vine, dark purple tendrils, will climb anything, vigorous, though late to bloom, likes heat, annual
Consolida ajacis 'Giant Imperial Mix'	Giant annual larksprur, bold color mix from salmon pinks, to rose, violet, lavender and blue, 3-4', blooms June-July, annual
Convolvulus tricolor 'Royal Ensign'	Dwarf Morning Glory, Trailing annual with deep blue cups with golden centers, long bloom time, annual tolerates poor soil, full sun and drought
Cosmos 'Apricot Lemonade'	New variety of cosmos, 20-30" with apricot and lavender rays
Cosmos 'Velouette'	Deep red pink flowers with thin white stripes, 36"+ tall, free flowering and gorgeous summer through fall
Cosmos bipinnatus 'Antiquity' Cosmos bipinnatus 'Gloria'	Very nice antique shades of pink, starting dark and fading to pale pink, 15" Tall, showy pink blooms with yellow centers, 3-4' tall
Cosmos bipinnatus 'Rubenza'	Dwarf, deep red/purple, 30"
Cosmos bipinnatus 'Versailles Mix'	Nice mix from deep pink/red to white, tall, easy, strong stems, 3'
Cosmos bipinnatus 'Xanthos'	Newish variety of pale yellow cosmos, 24"
Crambe cordifolia	Flowering sea kale, in the Brassica family, with large cabbagey course and prickly leaves, in late early summer multiple, long stems are covered in a cloud of tiny white fragrant flowers,
Cuphea blepharophylla	needs excellent drainage, preferably gravel surrounding its crown, full sun and a warm, dry position, hardy zone 5-8 Eyelash cuphea, Tubular red-pink flowers with purpley centers on sturdy foliage, bushy, long flowering and great for insects, 12-18", annual
Cuphea ignea	Cigar Plant, Firecracker plant, long, narrow red tubular hanging flowers cover this shrubby annual, grows 20-30" tall, free flowering and attractive to pollinators
Cuphea lanceolata 'Purple Passion'	Long flowering plant, deep purple bat face flowers on long stems, bushy, fills space well, good cut, annual, 24"
Cuphea llavea 'Sriracha Rose'	Long bloom time, june through fall, bright pink flowers with purple stamens, annual 24"
Cynoglossum amabile	Chinese forget-me-not, blue flowers mid summer, annual, 2-3'
Cyperus papyrus	Reed grass, Aquatic plant grown as annual, graceful grass like plant, with a wiry flower burst atop tall stems, good at water's edge, annual, 3-4' tall
Dahlia merkii	Species Dahlia with pale lavender blooms, small but numerous, covering the 3' tall and wide plant, annual in cooler climates Manya 2. 2" dama shaped flavors, long sturdy stem, for country garden or out, good filler in bouquet, annual 2. 2' tall
Daucus carota 'Black Knight' Delphinium consolida 'Exquisite' Series,	Mauve 2-3" dome shaped flowers, long sturdy stem, for country garden or cut, good filler in bouquet, annual 2-3' tall Cottage garden annual, old variety, long spires of dark purple, 4' tall
'Blue Spire'	counge gurant annual, ora variety, rong sprints or annu purpre, vi ann
Delphinium elatum hyb. 'Cobalt Dreams'	Bred for strong stems and heat and humidity tolerance, brilliant blue flowers, 5-6' tall, perennial zone 3-9, full sun, part shade, bees love them
Delphinium nudicaule 'Fox'	Red blooming delphinium, compact 10" tall, blooms first year from seed, use as an annual in zone 5-6, attracts hummingbirds and pollinators, good for low maintenance and dry gardens,
Delphinium semibarbatum	mountain native to Western US, perennial zone 6-10 Yellow flowering perennial Delphinium, 3' tall, clear lemon yellow flowers, blooms in July, hardy zone 5-9
Dianthus carthusianorum	Perennial dianthus with deep pink blooms atop very wiry strong stems, Hardy zone 5
Dianthus caryophyllus 'Chabaud La France'	Vintage carnations with sweet and spicy clove scent, old fashioned annual, frilly light pink flowers on long stems, 34-30", flowers edible
Dianthus chinensis heddewigii 'Black and	Fully double china pink flowers, deep purple, almost black, fringed with white, 14" tall, compact and free flowering, short lived perennial, hardy zone 2-11
White Minstrels'	China Dinka hiannial to short lived parannial moods evaluant drainage and good sup suffled alove scented whitish flowers added with door margen, blooms first year from good, height
Dianthus chinensis heddewigii 'Black Velvet and Lace'	China Pinks, biennial to short lived perennial, needs excellent drainage and good sun, ruffled clove scented whitish flowers edged with deep maroon, blooms first year from seed, height 14"
Dianthus knappii 'Yellow Harmony'	Glaucus foliage, bright yellow flowers on upright stems, 8", Hardy zone 5
Dianthus superbus	Fringed flowers in pale lavender, 8-12" tall, sweetly scented, zone 3-8 perennial
Diascia barbare 'Pink Queen'	Small pink flowers
Diascia fetcaniensis 'African Queen'	Twinspur, small rose pink flowers cover this plant, slightly creeping habit, grown as annual in cold climates, 8-12" tall, sun/part shade
Dicentra scandens 'Golden Tears'	Climbing vine with golden dangling flowers resembling bleeding hearts, annual, limited
Didiscus caerulea 'Blue Lace' Dierama 'Blackberry Bells'	Pale blue lacey umbel flowers, annual, 20", sun
Digitalis 'Pam's Choice'	Foxglove with large white bells and dark maroon spots and throats, 3-5' tall, sun part shade, biennial
Digitalis ferruginea 'Gelber Herold'	Rusty foxglove, biennial, second year it will produce tall slender stalks with rusty-yellow flowers, 3-4' tall, zone 4-8
Digitalis grandiflora	syn. D. ambigua, Large Yellow foxglove, perennial with large creamy yellow flowers with brown veins, 30" tall, zone 3-8
Digitalis laevigata (Grecian Foxglove)	Hardy biennial/short lived perennial, orangey pink bell-shaped flowers, long blooming, drought tolerant, sun and part shade
Digitalis lutea	Small flowered, pale yellow, short lived perennial, spikes up to 3' tall, semi shade, zone 4-9
Digitalis purpurea 'Excelsior Hybrids' Digitalis purpurea 'Sutton's Apricot'	Tall spikes of large bells in summer, flowers all around the stem, sun or shade, pinks through white
Digitalis purpurea 'Sutton's Apricot' Digitalis trojana	Pastel apricot foxglove, part shade in hot climates, 4', biennial Helen of Troy Foxglove, dark, glossy evergreen rosette, flower stalks 2-3', burnt yellow-orange flowers with large white lip, long blooming and more drought tolerant than other
	foxgloves, zone 5/6
Dimorphotheca sinuata	African Daisy, bright orange daisy flowers, annual, 12"
Dolichos lablab 'Ruby Monn' (Hyacinth	Purple leaves with bright pink flowers, large bean pods, vigorous climber, annual
Bean)	Dala numla agna flavvar 2! tall gun/nort shada daligata davenyyard faging natala drayaht talarant anga agtahlighad narannial gana 2.9
Echinacea pallida Echinacea paradoxa	Pale purple cone flower, 3' tall, sun/part shade, delicate downward facing petals, drought tolerant once established, perennial zone 3-8 Yellow Cone flower, native to midwest US, 2-3' tall, perennial zone 5-8, blooms june-july, great seed heads and erect habit
Echinacea tennesseensis	Tennessee Coneflower, long purple upturned petals with coppery center cones, great perennial for gravely full sun/part shade sites, flowers appear on long, stiff hairy stems, wonderful
	plant, endangered US native, perennial zone 5-9
Echinops bannaticus 'Star Frost'	Silvery white Globe Thistle, with spiky golf ball sized flowers on straight stems, 3-4', zone 4-9, sun
Echium amoenum 'Red Feathers'	Rock garden Echium, thrives on neglect, loves heat and dry conditions, great for pollinators, red spike flowers, perennial zone 3-9
Echium plantagineum 'Blue Bedder' Emilia 'Scarlet Magic'	Bright blue flowers, early bloomer, bushy plant, 20", bee magnet, annual Tassel flowers, bright orange/red dots dance at the front of the border, annual, re-seeds, likes lean soils, 15"
Erigeron glaucus	Seaside Fleabane or Beach Aster, pinky daisy flower that prefers growing out of the cracks of a wall, West coast US native, perennial zone 5-8, 10-12" tall
Erigeron karvinskianus 'Profusion'	Dainty little fleabane with little daisy flowers, pink buds open to soft fluffy white flowers, profuse bloom in mid summer, likes hot and dry, grow as annual in zone 5 or colder, 6", sun
Erodium pelargoniflorum	Tender plant with scented leaves and five petaled white flowers with purple veining, the top two petals have pinky splotches on them, long bloom time with attractive foliage, can be
	brought indoors to survive the winters, otherwise an annual, 10-15" tall, bushy
Eschscholzia californica 'Ballerina mix' Eschscholzia californica 'Mikado'	California poppy, double-semi double flowers in shade of orange, red, white, and pink, 10", annual, re-seeds This california poppy bloomed in deep orange tones through till frost, such a good plant!
Eschscholzia californica 'Purple Gleam'	This california poppy bloomed in deep orange tones through till frost, such a good plant! California poppy, Lavender rose colored petals, kind of glossy, annual, should self sow, 14", dead head to prolong bloom time
Eschscholzia californica 'Thai Silk Apricot	California poppy, Creamsicle orange flowers with salmony edges, petals like crinkled silk, looks like a stunner
Chiffon'	
Eucalyptus citriodora	syn. Corymbia citriodora Lemon scented leaves, grown as a tender plant in cold climates, use in the garden or container for interesting texture and fragrance
Eucalyptus gunnii	Cider gum, this would be a great tree if not for our cold winters, in the meantime it does well from seed in one year growing into a nice stemy plant with silver dollar gray green leaves with the wonderful eucalyptus scent, great in a container or in the garden bed
Eucalyptus polyanthemos	Red Box Eucalyptus, smooth gray bark and silver dollar leaves, grown as an annual for its colorful, textural and fragrant leaves
Eupatorium cannabinum	Hemp Agrimony, Joe Pye Weed, robust perennial, with pink fluffy flat topped flowers, 5' tall, zone 4-8, prefers moist soil and full sun
Euphorbia characins 'Wulfenii'	Another plant that does not survive the zone 5 winters, but does well from seed in one year filling out a container beautifully by mid summer, with whorled foliage in silvery gray with
Eunharhia agralla: 1	multiple lush and sturdy stems, can be brought into the house for winter and will bloom by early spring
Euphorbia coralloides Euphorbia corollata	Spurge, 18" tall, perennial zone 4-8 Flowering spurge with dainty white flower sprays on top of the typical whorled stems, 3' tall and hardy zone 3-9, North American Native
Euphorbia donii	Lovely spurge with red stems and bright chartreuse flowers in summer, 30' tall, usually hardy in zone 5 especially in gravel/good drainage, re-seeds
Euphorbia griffithii	\$12- Spreading perennial euphorbia in firey red stems and whorled leaves tinged in red and green, beautiful large bracts, the plant does wander and needs to be tamed, hardy to zone 5,
	24-30"
Euphorbia hypercifolia 'Glitz'	Mounding habit with dainty white ever blooming flowers, annual, 18", good for container plantings
Euphorbia marginata 'Mountain Snow'	18" tall, full sun/pt shade, variegated leaves, white and green, unusual flower, annual, self-seeds Vellow flowers on lime-green bracts 20-24" tall, light shade, dry sandy soil, short lived but reseeding perennial, hardy zone 5, needs full sun and good drainage, great cut flower.
Euphorbia oblongata Felicia heterophylla 'The Blues'	Yellow flowers on lime-green bracts, 20-24" tall, light shade, dry sandy soil, short lived but reseeding perennial, hardy zone 5, needs full sun and good drainage, great cut flower Truly blue flower, both petals and center, early flowering, bushy plants support an array of upright stems covered in blue flowers, annual, 12", very drought tolerant, early flowering and
ileverophyna i ne Diace	prefers cool conditions
Foeniculum vulgare 'Smokey'	Bronze Fennel, feathery purplish foliage with yellow dill-like flowers, 4' tall, branching, edible, re-seeds, sometimes perennial zone 5
Gaura lindheimeri 'The Bride'	Long racemes of white star shaped flowers, becomes full and bushy when cut back, 2-3', perennial zone 3-10 Traceure Flower, best leving appeal with falty gray leaves and big daigy like, door red flowers that along in shade or night, beight 15", prefers leap really sails and can semestimes ret with
Gazania 'Talent Red Shades'	Treasure Flower, heat loving annual with felty gray leaves and big daisy-like, deep red flowers that close in shade or night, height 15", prefers lean rocky soils and can sometimes rot with too much moisture or rich soil, loves heat and full sun
	Treasure Flower, heat loving annual with felty gray leaves and big daisy-like, dutsy pink flowers that close in shade or night, height 15", prefers lean rocky soils and can sometimes rot
Gazania 'Talent Rose Shade'	Treasure riower, near loving aimular with letty gray leaves and org daisy-like, dutsy plink howers that close in shade or highly heart sometimes for
	with too much moisture or rich soil, loves heat and full sun
Gladiolus murielae (syn Acidanthera)	with too much moisture or rich soil, loves heat and full sun Mid summer- late summer blooming bulb with dangling, clustered white star shaped flowers, tender so must be dug and stored in dry, cool basement in winter, 3' tall, sun/ part shade
	with too much moisture or rich soil, loves heat and full sun Mid summer- late summer blooming bulb with dangling, clustered white star shaped flowers, tender so must be dug and stored in dry, cool basement in winter, 3' tall, sun/ part shade This plant is in the milkweed family, with white waxy blooms with pale purple stamens, but the plant is better known for its seed heads which resemble hairy balloons, good for
Gladiolus murielae (syn Acidanthera) Gomphocarpus physocarpus	with too much moisture or rich soil, loves heat and full sun Mid summer- late summer blooming bulb with dangling, clustered white star shaped flowers, tender so must be dug and stored in dry, cool basement in winter, 3' tall, sun/ part shade This plant is in the milkweed family, with white waxy blooms with pale purple stamens, but the plant is better known for its seed heads which resemble hairy balloons, good for monarchs, annual, 3-4' tall
Gladiolus murielae (syn Acidanthera)	with too much moisture or rich soil, loves heat and full sun Mid summer- late summer blooming bulb with dangling, clustered white star shaped flowers, tender so must be dug and stored in dry, cool basement in winter, 3' tall, sun/ part shade This plant is in the milkweed family, with white waxy blooms with pale purple stamens, but the plant is better known for its seed heads which resemble hairy balloons, good for
Gladiolus murielae (syn Acidanthera) Gomphocarpus physocarpus Gomphrena 'All Around Purple'	with too much moisture or rich soil, loves heat and full sun Mid summer- late summer blooming bulb with dangling, clustered white star shaped flowers, tender so must be dug and stored in dry, cool basement in winter, 3' tall, sun/ part shade This plant is in the milkweed family, with white waxy blooms with pale purple stamens, but the plant is better known for its seed heads which resemble hairy balloons, good for monarchs, annual, 3-4' tall A favorite annual with bright magenta purple globes, plants are bushy and the flowers last forever, very bright and a good cut, 15-20"
Gladiolus murielae (syn Acidanthera) Gomphocarpus physocarpus Gomphrena 'All Around Purple' Gomphrena 'Fireworks' Gomphrena dispersa 'Pink Pinheads' Hibiscus 'Mahogany Splendor'	with too much moisture or rich soil, loves heat and full sun Mid summer- late summer blooming bulb with dangling, clustered white star shaped flowers, tender so must be dug and stored in dry, cool basement in winter, 3' tall, sun/ part shade This plant is in the milkweed family, with white waxy blooms with pale purple stamens, but the plant is better known for its seed heads which resemble hairy balloons, good for monarchs, annual, 3-4' tall A favorite annual with bright magenta purple globes, plants are bushy and the flowers last forever, very bright and a good cut, 15-20" Bright pink globes atop long stems, 36" tall, annual Heat loving annual, low and compact covered in pink pin flowers, perhaps good in baskets?, 12" Large deep red foliage that resembles a Japanese maple, will grow 5' x 3' in good rich soil also great in a container, lasts till frost, show stopper, annual
Gladiolus murielae (syn Acidanthera) Gomphocarpus physocarpus Gomphrena 'All Around Purple' Gomphrena 'Fireworks' Gomphrena dispersa 'Pink Pinheads'	with too much moisture or rich soil, loves heat and full sun Mid summer- late summer blooming bulb with dangling, clustered white star shaped flowers, tender so must be dug and stored in dry, cool basement in winter, 3' tall, sun/ part shade This plant is in the milkweed family, with white waxy blooms with pale purple stamens, but the plant is better known for its seed heads which resemble hairy balloons, good for monarchs, annual, 3-4' tall A favorite annual with bright magenta purple globes, plants are bushy and the flowers last forever, very bright and a good cut, 15-20" Bright pink globes atop long stems, 36" tall, annual Heat loving annual, low and compact covered in pink pin flowers, perhaps good in baskets?, 12"

Incarvillea sinensis 'Cheron white'	Summer Gloxinia, large white trumpet flowers bloom all summer on upright stems atop ferny basal foliage, 10", full sun/part sun, prefers good drainage, tender perennial, possibly hard zone 5-7
Ipomoea alba	Moon Flower vine, tolerates heat and humidity, plant out two weeks after last frost date, vigorous climber, fragrant white flowers bloom at night, annual
Ipomoea coccinea 'Orange Noah'	Small red orange trumpet flowers with yellow throats, attracts hummingbirds, twining vine, annual, tolerates heat
Ipomoea hederifolia var lutea	Yellow Morning Glory Vine, tubular yellow flowers, traditional heart shaped leaf, annual, climber, like heat and regular water
Ipomoea lobata	Spanish Flag or Firecracker Vine, vining plant with gorgeous tri-color blooms, likes heat and sun, 6', grown as an annual in colder climates
Ipomoea pennata 'Cypress Vine Red' Ipomoea x sloteri 'Cardinal Climber'	Annual tropical vine, 4-6', scarlet star shaped trumpets on delicate foliage Cross between I. quamoclit and I. coccinea, similar to the cypress vine, but less star shaped and less refined
Iris domestica (formally Belamcanda	Blackberry Lily, iris like foliage give rise to slender stems with delicate orange lily-like flowers, shiny black seed pods resemble blackberries, 24", bloom mid summer, full sun, zone
chinensis)	5-10
Kathryn's Larkspur	Annual Larkspur, Consolida ambigua, seeds collected from Kathryn's excellent specimen with brilliant blue flowers and standing nearly 5' tall, annual
Kniphofia hirsuta 'Fire Dance'	Red Hot Poker Plant, thick aloe like leaves with spikes of red orange flowers, likes hot and dry conditions, perennial, hardy zone 5B-9
Lagurus ovatus	Bunny Tail grass, soft, fuzzy flowers on long stems, 12-24"
Lathyrus 'Matucana'	Old fashioned sweet pea, very fragrant, deep two tone pink and purple, annual vine
Laurentia 'Avant Gaurde Blue' Lavetera trimestris 'Pink Blush'	Bushy plants with long flowering star shaped blooms, great habit, 12", annual, an all time favorite Large open faced pale pink flowers, cottage garden annual, bushy and floriferous, likes good drainage and moisture, try it in a container!, 3' tall, sun to part shade, would prefer afternoon.
Lavetera trifficstris Tilik Blush	shade to protect from heat
Leonotis leonurus	Lion's ear flower, orange whorled flowers surround the square stems and rise one over the other, much like a bee balm, plant can grow between 3-6' in one season, likes full sun and heat
	blooms summer through fall, grown as an annual in colder zones
Leonurus sibiricus	Sometimes referred to as the Siberian Motherwort, pink flowers surround the stems, 10-30" tall, zone 5-9
Liatris ligulistylis	Rocky Mountain Gayfeather, great prairie and pollinator plant, perennial, zone 3-7, height 5'
Liatris pycnostachya	Prairie Blazing Star, very tall and slender flower spikes, slight arching habit, fine grassy foliage, soft mauve pink blooms 8" long, zone 3-9, perennial, full sun, dry to medium water requirements, blooms midsummer- fall
Liatris scariosa	Blazing Star, zone 3-9, height 2-4' tall, full sun and good drainage, tough, summer blooming to fall, fluffy pink flowers
Ligularia stenocephala, hybr.	Leopards Plant, attractive traingular foliage with serrated edges in glossy green, tall pickes of yellow appear mid summer, likes moist soils and regualr watering, perennial zone 4-8, 3-4'
	tall
Linaria maroccana 'Licilia Azure'	Two toned blue and white annual toad flax, snapdragon like blooms with long spurs, bright and easy, re-seeds, 18" tall
Linaria maroccana 'Licilia Violet'	Annual toad flax, deep violet snapdragon like blooms with long spurs and dainty yellow throats, bright and easy, re-seeds, 18" tall, full sun
Linaria purpurea 'Canan I Want'	Purple Toadflax, lovely wildflower, tall airy stems with beautiful spires of purple and pink, pollinators love it, it seeds nicely around, prefers dry, poor soil, annual
Linaria purpurea 'Canon J Went' Linaria triornithophora	Pretty pale pink toad flax over bluish foliage, 30", will grow in almost any condition, zone 5 Large flowering toadflax with pink capped flowers with yellow throats and long spurs, nice blue green foliage, perennial in zones 6-10, annual in zones 5 and below, requires rich moist
	soil, sun/part shade, 2-3' tall
Linaria tristis	Large cupped bi-color yellow-maroon flowers with brown veining and little yellow tail spur, foliage is blue-green, plant grows wider than tall, annual in cooler climates, sun, rocky soils
	and quick draining, drought tolerant
Lunaria annua 'Rosemary Verey'	Money Plant, dark purple leaves with bright pink flowers, originally from Barnsely House, of the famous garden designer and author Rosemary Verey, gorgeous silver dollar seed heads give it its common name, bardy zone 4.10, 2' tall, not fussy once established, re-seeds
I uninus narannis	give it its common name, hardy zone 4-10, 2' tall, not fussy once established, re-seeds Wild Lupine, requires sandy, dry conditions, free draining and supply blooms in early summer with attractive palmate dark green leaves, this one is a perennial lupine, 2' tall, hardy zone
Lupinus perennis	Wild Lupine, requires sandy, dry conditions, free draining and sunny, blooms in early summer with attractive palmate dark green leaves, this one is a perennial lupine, 2' tall, hardy zone 4-8
Lychnis chalcedonica	Maltese Cross, perennial with bright red orange flowers in early summer, flowers the shape of a cross, 30" tall
Lychnis viscaria atropurpurea	Dainty perennial plant, 15", deep magenta hanging flowers on wiry stems, dark basal foliage, tolerates poor soil and good drainage is a must, Hardy to zone 3-8, rare
Lychnis x arkwrightii 'Orange Zwerg'	Compact plant with dark foliage and bright orange blooms followed by great upright seed pods, likes well drained and moderately moist soils, perennial (sometimes short lived)but is
	somewhat ephemeral disappearing mid summer, zone 3-9, 12-15"
Lysmachia ephemerum	Non-Invasive, clump forming perennial (zone 5-6), with silver white spike flowers and grayish green leaves, 3-4 tall
Malope trifida 'Vulcan'	Bright pink mallow-like flowers born on upright branching plants, annual, early blooming, 2-3'
Maurandya wislizensis 'Red Dragon'	Creeping Gloxinia, vining and vigorous with foxglove like deep pink flowers, great in container or hanging basket as it spills over the side, but it will also be trained to climb, blooms til frost, use as annual, full sun, plant forms tubers and can be dug and stored for the following year
Melica altissima var. atropurpurea	Siberian Melic Grass, purple blooms, plant 4-6' tall, cool seed head too, perennial zone 5-9, sun
Melinis nerviglumis 'Savannah'	Syn. Rhynchelytrum, annual in zone 4-5, tidy clumps of gray-green grass, blooms of fluffy pink in late summer and fall, absolutely gorgeous and surprising
Melothria scabra	Mexican Sour Gherkin or Mouse Melon, vigorous vine with fruits resembling a small green marbled melon, tart and bright the fruit makes you pucker, kids love them and they are good
	for cooking and salads, annual, climbs 5+ feet
Millium effusum 'Aureum'	Golden low growing grass in bright yellow, sweet droplet blooms in late summer, hardy zone 5 in protected zones, 12"
Mimulus maximus mix	Monkey flower, very large blooms in a mix of colors, orange, red, yellow and some with spots, best in part sun, 10-12", early season annual, blooms with shorter days and cooler temps,
Mirabilis jalapa 'Alba'	Four O'Clocks, so named as they open at sundown with bright white trumpet flowers with pale green throats, citrus scent, 2-3' tall, annual, blooms all summer into fall, does best with good soil, regular water, and sun/part sun
Mirabilis jalapa 'Limelight'	Four O'Clocks, Bright chartreuse foliage, with flecks of dark green, bright pink flowers open in evening, bushy, grows best in part shade, 24" tall
Mirabilis jalapa 'Salmon Sunset'	Four O'Clocks, bright salmon pink flowers open in the evening, early morning, and cloudy days, bushy and long flowering, annual, 24-30" tall
Monarda hyb. 'Lambada'	Flowering first year from seed, a generous bloomer in pink-purple stacked whorls, 3' tall, best grown as an annual as it is not reliably perennial, sounds worth it!, sun
Monarda punctata	Native to the eastern US, this monarda has yellow/white blooms, spotted in purple, the flowers, leaves, and bracts are all interesting and are tiered, 2' tall, clumping perennial, zone 3-8,
Manandalla ahaltanii	sun/part shade Coverte Mint, notive to the magneting of Coifernia, 12, 19" tell, needs good draineds, full sun/next shade, hardiness not found?
Monardella sheltonii Nemesia cheiranthus 'Masquerade'	Coyote Mint, native to the mountains of Caifornia, 12-18" tall, needs good drainage, full sun/part shade, hardiness not found? This nemesia has an understated, but quirky flower, with two lower petals in yellow-orange, with 3-4 spiky white petals shooting straight up, 12" tall, early season stunner, full/part sun
Nemophila menziesii var. atomaria	Shade loving annual, small 1" white flowers with small dark freckled dots, ground covering, good for containers or front of the border, early season, likes cool temps 6-10"
'Snowstorm'	same is this man, sham i white its were with sham and its feeling, good is remained of the sound, sham is the sound of the
-	Shade loving annual with 1" black flowers ringed in silver, ground hugging and slightly trailing, 6"
Black'	
Nepeta govaniana	Yellow Catmint, 36-48", perennial zone 5-9, unlike other catmints, this one prefers cool, semi-shady, moist areas
Nicandra physalodes 'Splash of Cream' Nicotiana alata	Shoo-fly plant, deep purple funnel shaped flowers on dramatic foliage splashed with yellow, annual, 2-3' tall and wide Tobacco plant, long white star shaped trumpet flowers dangle along tall branching stems, with big wide spring green leaves, heady scent comes out at night to attract all those night
rnootiana alata	pollinators,
	statuesque plant, 3-5' tall, annual, sun/part shade, rich soil
Nicotiana knightiana	Tobacco Plant, this is a massive Nicotiana, growing 5' tall and 3' wide, with very large and slightly heart shaped leaves in silvery gray green with multi stems bearing small dangling
T. T. T. 1. 1. 1. 1. 1. 1. 1. 1. 1. 1. 1. 1. 1.	greenish-white flowers, looks best if deadheaded, self seeds, unusual, annual
Nicotiana mutabilis	Airy clouds of pink to white flowers, 4-5', annual, unusual, long blooming This is an unusual one, very fragrant white to pale pink tubular flowers, attractive glossy green foliage, long bloom time, 18-24" tall, annual
Nicotiana suaveolens Nicotiana sylvestris	This is an unusual one, very fragrant white to pale pink tubular flowers, attractive glossy green foliage, long bloom time, 18-24" tall, annual Only-the-Lonely, large explosive clusters of bright white tubular flowers, fragrant, massive annual, good in part sun, 5' tall, annual
Nigella bucharica 'Blue Stars'	An unusual nigella with thin foliage and starry pale blue flowers in late spring/early summer, annual, 12-18" tall, part sun/shade
Nigella damascena (Blue)	Love-in-the-mist, open, spidery blue flowers with incredible pod structure, re-seeds, annual, 12"
Nigella orientalis 'Transformer'	Yellowy- Green ornate flowers, with slightly red brushed petals, followed by wild spiky seed pod, early season annual, 1.5-2' tall
Nolana paradoxa 'Bluebird'	Chilean Bell Flower, blue trumpet flowers with yellow throats, interesting alternative to petunias, creeping plants, 6-10", full sun/pt shade, drought tolerant
Nolana paradoxa 'Snowbird'	Chilean Bell Flower, Creamy white trumpet flowers with yellow throats, interesting alternative to petunias, creeping plants, 6-10", full sun/pt shade, drought tolerant
Notalia paradoxa Showolid	
Oenothera odorata	Perennial Evening primrose that blooms in daytime, with large yellow cup fragrant flowers, sun, dry, good draining soils required, zone 6-10
Oenothera odorata	Sundrops, flowers open in morning rather than the evening like evening primrose, this selection blooms in reds, oranges, and yellows, 14-18" tall, perennial zone 7-9, grow as annual in
Oenothera odorata Oenothera versicolor 'Sunset Boulevard'	Sundrops, flowers open in morning rather than the evening like evening primrose, this selection blooms in reds, oranges, and yellows, 14-18" tall, perennial zone 7-9, grow as annual in cooler climates
Oenothera odorata Oenothera versicolor 'Sunset Boulevard' Omphalodes linifolia	Sundrops, flowers open in morning rather than the evening like evening primrose, this selection blooms in reds, oranges, and yellows, 14-18" tall, perennial zone 7-9, grow as annual in cooler climates Bushy compact plants covered in tiny white star shaped flowers, blue-green leaves, annual, blooms early summer, 12-15"
Oenothera odorata Oenothera versicolor 'Sunset Boulevard' Omphalodes linifolia	Sundrops, flowers open in morning rather than the evening like evening primrose, this selection blooms in reds, oranges, and yellows, 14-18" tall, perennial zone 7-9, grow as annual in cooler climates
Oenothera odorata Oenothera versicolor 'Sunset Boulevard' Omphalodes linifolia Origanum rotundiflora 'Paula's Pink'	Sundrops, flowers open in morning rather than the evening like evening primrose, this selection blooms in reds, oranges, and yellows, 14-18" tall, perennial zone 7-9, grow as annual in cooler climates Bushy compact plants covered in tiny white star shaped flowers, blue-green leaves, annual, blooms early summer, 12-15" Ornamental pink flowers hang in bracts against blue-green foliage, oregano fragrance, unlike any culinary oregano, great for containers, likes hot and dry and good drainage, tender
Oenothera odorata Oenothera versicolor 'Sunset Boulevard' Omphalodes linifolia Origanum rotundiflora 'Paula's Pink' Orlaya grandiflora Osteospermum ecklonis 'Sky and Ice'	Sundrops, flowers open in morning rather than the evening like evening primrose, this selection blooms in reds, oranges, and yellows, 14-18" tall, perennial zone 7-9, grow as annual in cooler climates Bushy compact plants covered in tiny white star shaped flowers, blue-green leaves, annual, blooms early summer, 12-15" Ornamental pink flowers hang in bracts against blue-green foliage, oregano fragrance, unlike any culinary oregano, great for containers, likes hot and dry and good drainage, tender perennial White lacy umbel flower, 18", lacy, multi stems, blooms june-july, annual African Daisy, white flowers with dark blue center, 12-18" tall, annual, full sun
Oenothera odorata Oenothera versicolor 'Sunset Boulevard' Omphalodes linifolia Origanum rotundiflora 'Paula's Pink' Orlaya grandiflora Osteospermum ecklonis 'Sky and Ice' Oxypetulum caeruleum 'Heavenborn'	Sundrops, flowers open in morning rather than the evening like evening primrose, this selection blooms in reds, oranges, and yellows, 14-18" tall, perennial zone 7-9, grow as annual in cooler climates Bushy compact plants covered in tiny white star shaped flowers, blue-green leaves, annual, blooms early summer, 12-15" Ornamental pink flowers hang in bracts against blue-green foliage, oregano fragrance, unlike any culinary oregano, great for containers, likes hot and dry and good drainage, tender perennial White lacy umbel flower, 18", lacy, multi stems, blooms june-july, annual African Daisy, white flowers with dark blue center, 12-18" tall, annual, full sun Tweedia, pale blue star shaped flowers mid summer through frost, scrambling/climbing plant in the milkweed family, great seed pods, 3' tall, sun
Oenothera odorata Oenothera versicolor 'Sunset Boulevard' Omphalodes linifolia Origanum rotundiflora 'Paula's Pink' Orlaya grandiflora Osteospermum ecklonis 'Sky and Ice' Oxypetulum caeruleum 'Heavenborn' Papaver commutatum 'Ladybird'	Sundrops, flowers open in morning rather than the evening like evening primrose, this selection blooms in reds, oranges, and yellows, 14-18" tall, perennial zone 7-9, grow as annual in cooler climates Bushy compact plants covered in tiny white star shaped flowers, blue-green leaves, annual, blooms early summer, 12-15" Ornamental pink flowers hang in bracts against blue-green foliage, oregano fragrance, unlike any culinary oregano, great for containers, likes hot and dry and good drainage, tender perennial White lacy umbel flower, 18", lacy, multi stems, blooms june-july, annual African Daisy, white flowers with dark blue center, 12-18" tall, annual, full sun Tweedia, pale blue star shaped flowers mid summer through frost, scrambling/climbing plant in the milkweed family, great seed pods, 3' tall, sun Flowers look like lady bugs, shiny red petals with black dots, annual, 15"
Oenothera odorata Oenothera versicolor 'Sunset Boulevard' Omphalodes linifolia Origanum rotundiflora 'Paula's Pink' Orlaya grandiflora Osteospermum ecklonis 'Sky and Ice' Oxypetulum caeruleum 'Heavenborn' Papaver commutatum 'Ladybird' Papaver rhoeas 'American Legion'	Sundrops, flowers open in morning rather than the evening like evening primrose, this selection blooms in reds, oranges, and yellows, 14-18" tall, perennial zone 7-9, grow as annual in cooler climates Bushy compact plants covered in tiny white star shaped flowers, blue-green leaves, annual, blooms early summer, 12-15" Ornamental pink flowers hang in bracts against blue-green foliage, oregano fragrance, unlike any culinary oregano, great for containers, likes hot and dry and good drainage, tender perennial White lacy umbel flower, 18", lacy, multi stems, blooms june-july, annual African Daisy, white flowers with dark blue center, 12-18" tall, annual, full sun Tweedia, pale blue star shaped flowers mid summer through frost, scrambling/climbing plant in the milkweed family, great seed pods, 3' tall, sun Flowers look like lady bugs, shiny red petals with black dots, annual, 15" Corn Poppy, Bright red-orange blooms with yellow center and white cross, re-seeding annual, sun, poor soil
Oenothera odorata Oenothera versicolor 'Sunset Boulevard' Omphalodes linifolia Origanum rotundiflora 'Paula's Pink' Orlaya grandiflora Osteospermum ecklonis 'Sky and Ice' Oxypetulum caeruleum 'Heavenborn' Papaver commutatum 'Ladybird' Papaver rhoeas 'American Legion' Papaver rhoeas 'Pandora'	Sundrops, flowers open in morning rather than the evening like evening primrose, this selection blooms in reds, oranges, and yellows, 14-18" tall, perennial zone 7-9, grow as annual in cooler climates Bushy compact plants covered in tiny white star shaped flowers, blue-green leaves, annual, blooms early summer, 12-15" Ornamental pink flowers hang in bracts against blue-green foliage, oregano fragrance, unlike any culinary oregano, great for containers, likes hot and dry and good drainage, tender perennial White lacy umbel flower, 18", lacy, multi stems, blooms june-july, annual African Daisy, white flowers with dark blue center, 12-18" tall, annual, full sun Tweedia, pale blue star shaped flowers mid summer through frost, scrambling/climbing plant in the milkweed family, great seed pods, 3' tall, sun Flowers look like lady bugs, shiny red petals with black dots, annual, 15" Corn Poppy, Bright red-orange blooms with yellow center and white cross, re-seeding annual, sun, poor soil Shirley poppy in red pink and burgundy with silver strips, 2' tall, annual
Oenothera odorata Oenothera versicolor 'Sunset Boulevard' Omphalodes linifolia Origanum rotundiflora 'Paula's Pink' Orlaya grandiflora Osteospermum ecklonis 'Sky and Ice' Oxypetulum caeruleum 'Heavenborn' Papaver commutatum 'Ladybird' Papaver rhoeas 'American Legion' Papaver rhoeas 'Pandora' Papaver ruprifragrum	Sundrops, flowers open in morning rather than the evening like evening primrose, this selection blooms in reds, oranges, and yellows, 14-18" tall, perennial zone 7-9, grow as annual in cooler climates Bushy compact plants covered in tiny white star shaped flowers, blue-green leaves, annual, blooms early summer, 12-15" Ornamental pink flowers hang in bracts against blue-green foliage, oregano fragrance, unlike any culinary oregano, great for containers, likes hot and dry and good drainage, tender perennial White lacy umbel flower, 18", lacy, multi stems, blooms june-july, annual African Daisy, white flowers with dark blue center, 12-18" tall, annual, full sun Tweedia, pale blue star shaped flowers mid summer through frost, scrambling/climbing plant in the milkweed family, great seed pods, 3' tall, sun Flowers look like lady bugs, shiny red petals with black dots, annual, 15" Corn Poppy, Bright red-orange blooms with yellow center and white cross, re-seeding annual, sun, poor soil Shirley poppy in red pink and burgundy with silver strips, 2' tall, annual Spanish Poppy, perennial in zone 5, orange papery blooms on wiry stems, prefers good drainage and full sun, 20"
Oenothera odorata Oenothera versicolor 'Sunset Boulevard' Omphalodes linifolia Origanum rotundiflora 'Paula's Pink' Orlaya grandiflora Osteospermum ecklonis 'Sky and Ice' Oxypetulum caeruleum 'Heavenborn' Papaver commutatum 'Ladybird' Papaver rhoeas 'American Legion' Papaver rhoeas 'Pandora'	Sundrops, flowers open in morning rather than the evening like evening primrose, this selection blooms in reds, oranges, and yellows, 14-18" tall, perennial zone 7-9, grow as annual in cooler climates Bushy compact plants covered in tiny white star shaped flowers, blue-green leaves, annual, blooms early summer, 12-15" Ornamental pink flowers hang in bracts against blue-green foliage, oregano fragrance, unlike any culinary oregano, great for containers, likes hot and dry and good drainage, tender perennial White lacy umbel flower, 18", lacy, multi stems, blooms june-july, annual African Daisy, white flowers with dark blue center, 12-18" tall, annual, full sun Tweedia, pale blue star shaped flowers mid summer through frost, scrambling/climbing plant in the milkweed family, great seed pods, 3' tall, sun Flowers look like lady bugs, shiny red petals with black dots, annual, 15" Corn Poppy, Bright red-orange blooms with yellow center and white cross, re-seeding annual, sun, poor soil Shirley poppy in red pink and burgundy with silver strips, 2' tall, annual
Oenothera odorata Oenothera versicolor 'Sunset Boulevard' Omphalodes linifolia Origanum rotundiflora 'Paula's Pink' Orlaya grandiflora Osteospermum ecklonis 'Sky and Ice' Oxypetulum caeruleum 'Heavenborn' Papaver commutatum 'Ladybird' Papaver rhoeas 'American Legion' Papaver rhoeas 'Pandora' Papaver ruprifragrum Papaver ruprifragrum 'Double Tangerine	Sundrops, flowers open in morning rather than the evening like evening primrose, this selection blooms in reds, oranges, and yellows, 14-18" tall, perennial zone 7-9, grow as annual in cooler climates Bushy compact plants covered in tiny white star shaped flowers, blue-green leaves, annual, blooms early summer, 12-15" Ornamental pink flowers hang in bracts against blue-green foliage, oregano fragrance, unlike any culinary oregano, great for containers, likes hot and dry and good drainage, tender perennial White lacy umbel flower, 18", lacy, multi stems, blooms june-july, annual African Daisy, white flowers with dark blue center, 12-18" tall, annual, full sun Tweedia, pale blue star shaped flowers mid summer through frost, scrambling/climbing plant in the milkweed family, great seed pods, 3' tall, sun Flowers look like lady bugs, shiny red petals with black dots, annual, 15" Corn Poppy, Bright red-orange blooms with yellow center and white cross, re-seeding annual, sun, poor soil Shirley poppy in red pink and burgundy with silver strips, 2' tall, annual Spanish Poppy, perennial in zone 5, orange papery blooms on wiry stems, prefers good drainage and full sun, 20"
Oenothera odorata Oenothera versicolor 'Sunset Boulevard' Omphalodes linifolia Origanum rotundiflora 'Paula's Pink' Orlaya grandiflora Osteospermum ecklonis 'Sky and Ice' Oxypetulum caeruleum 'Heavenborn' Papaver commutatum 'Ladybird' Papaver rhoeas 'American Legion' Papaver rhoeas 'Pandora' Papaver ruprifragrum Papaver ruprifragrum 'Double Tangerine Gem'	Sundrops, flowers open in morning rather than the evening like evening primrose, this selection blooms in reds, oranges, and yellows, 14-18" tall, perennial zone 7-9, grow as annual in cooler climates Bushy compact plants covered in tiny white star shaped flowers, blue-green leaves, annual, blooms early summer, 12-15" Ornamental pink flowers hang in bracts against blue-green foliage, oregano fragrance, unlike any culinary oregano, great for containers, likes hot and dry and good drainage, tender perennial White lacy umbel flower, 18", lacy, multi stems, blooms june-july, annual African Daisy, white flowers with dark blue center, 12-18" tall, annual, full sun Tweedia, pale blue star shaped flowers mid summer through frost, scrambling/climbing plant in the milkweed family, great seed pods, 3' tall, sun Flowers look like lady bugs, shiny red petals with black dots, annual, 15" Corn Poppy, Bright red-orange blooms with yellow center and white cross, re-seeding annual, sun, poor soil Shirley poppy in red pink and burgundy with silver strips, 2' tall, annual Spanish Poppy, perennial in zone 5, orange papery blooms on wiry stems, prefers good drainage and full sun, 20" Fully double, ruffled orange papery poppy flowers on wiry stems, over a sturdy clump of gray foliage, perennial, does best in gravely, dry conditions, hardy zone 5-9, 20" tall Bright purple opium poppy, 30", gray green foliage with glorious seed heads, annual, re-seeds, sun Biennial plant with ornate basal leaves, in second year strong stems rise up and flower in a pale limy yellow, flowers are a soft haze but give way to excellent shimmery seed heads that

Panetaman striatus	Poelty Mounties Poerdtongue, perenniel zone 4.0, 20" tell, violet blue flowers in June
Penstemon strictus Penstemon x mexicali 'Carillo Red'	Rocky Mountian Beardtongue, perennial zone 4-9, 30" tall, violet blue flowers in June Beardtongue flower, showy pink red tubular flowers on bushy plants, attractive glossy fine toothed foliage, likes heat and good drainage, zone 5-9, 18"
Penstemon x mexicali 'Sunburst Ruby'	Bright red tubular flowers with a long bloom time, hummingbird plant, 18" tall, possibly hardy with good drainage, zone 5-9
Persicaria orientalis	Kiss-Me-Over-The-Garden-Gate, very tall form of this plant, 6-7' tall, arching stems loaded with deep pink bead like flowers that dangle over a gate or fence beautifully, best in the back
Fersicaria orientaris	of the garden, annual, like sun and moisture
Petunia exserta	Bright red star shaped flowers, long flowering, long bloom time, rare species petunia, trailing habit, 8-10" tall
Petunia integrifolia	Wild Petunia, trailing habit, robust, smallish electric magenta cups with deep purple eye, continuously blooming, not needing deadheading, wild flower effect, annual, sun/part shade,
	unfortunately not fragrant
Phacelia campanularia	California bluebells, annual, brilliant blue flowers, early blooming, 10", drought tolerant, likes sun and good drainage
Phlox drummondii 'Beauty Blue'	Annual phlox, rare variety with violet blue flowers on compact plants, 10", annual, part sun
Phlox drummondii 'Cherry Caramel'	Annual phlox, desirable cut, antique shades of peachy pink, 16-20"
Pimpinella major 'Rosea'	This has been fairly successful in a few on my gardens here in Vermont, with its sweet pink umbels on stiff multi branching stems, with glossy, attractive basal foliage; a biennial, blooms
	second year and dies after setting seed, good pollinator plant, blooms midsummer, likes sun, rich, moist, well drained soils, 2-3' tall, zone 5-8
Platycodon grandiflorus 'Fuji Pink'	Balloon flower, creamy buds resembling balloons open into soft pink bell flowers, interior petals are slightly veined in darker pink, blooms summer to fall and will continue if
	deadheaded, zone 3-8, 2-3', sun/part shade, perennial
Plectranthus 'Silver Shield'	Felty gray leaves and purple stems support pale lavender spike flowers in late summer, can grow up to 2-3' tall and wide, tender perennial (annual zone 5)
Plectritis congesta	Pacific Northwest native annual wildflower with two tiered pink globular flowers atop wirey stems, good bulb covering annual, early blooming then disappears by summer to re-seed
	again next spring, 10", cool season annual, full sun/part shade
Polemonium pauciflorum	Jacob's Ladder, Sulfur Trumpets, an unusual Jacob's ladder with the ferny foliage with yellowy-orange hanging trumpet flowers, blooms first year from seed so treat as an annual in zone
Dolygonym conitatym 'Dink Dinkooda'	5, hardy zone 6-9, needs dry, well draining soils, compact 15" tall, blooms mid summer
Polygonum capitatum 'Pink Pinheads'	syn Persicaria, dense low growing pink pinheads on burgundy foliage, good for containers or a groundcover, 6" tall, zone 7, grown as annual in colder zones
Pycnanthemum muticum	Mountain Mint, beautiful and very fragrant, the plant produces multiple flowering stems with whitish green button like flowers with subtle pink petals, from a distance it creates a limey green haze covered in insects, not as aggressive as other mints, but it does spread by rhizomes, so dig and divide to keep it in line, zone 3-8, 1-3 ' tall
Ratibida pinnata	Yellow Coneflower, US native, tall brown cone centers and drooping yellow petal, 4' tall, perennial zone 3-9, blooms in summer
Rehmannia angulata (syn. elata)	Chinese foxglove, large showy pink foxglove flowers, blooms first year, 2-3' tall, grown as annual in cooler climates, perennial zone 7-10, sun/part shade
Reseda luteola	Dyers Weld, long snaking yellow spike flowers, biennial and blooms second year, re-seeds, hardy zone 5, 36-48" tall
Rhodochiton atrosanguineum	Purple Bell Vine, twining vine on fine foliage, very unusual flowers with pink calyx that sits like a hat above the deep purple black dangling tubular flower, annual, part shade/shade
Ricinis 'Carmencita'	
	Large very showy red palmate leaves with bring pink spiky flower clusters, 4-5', annual, likes heat and humidity, gives tropical feeling to the garden Makes a bugg plant in one growing season, 7, 10' tall with large palmete leaves, tropical leaking appeals all parts of plant are paisanous.
Ricinus communis 'Zanzi Palm' Rudbeckia 'Goldilocks'	Makes a huge plant in one growing season, 7-10' tall with large palmate leaves, tropical looking annual, all parts of plant are poisonous Golden semi-double to double flowers with dark brown centers, flowers up to 4" across on strong, well branched stems and plants standing 24-30" tall, annual, tolerant of lots of soil and
RUGUECKIA GUIGHUCKS	Golden semi-double to double flowers with dark brown centers, flowers up to 4" across on strong, well branched stems and plants standing 24-30" tall, annual, tolerant of lots of soil and growing conditions
Rudbeckia hirta 'Chocolate Orange'	Black-Eye Susan, grown as annual, biennial or short lived perennial, large orange flowers with brown centers, showy from midsummer to frost, easy to grow, drought tolerant, deer
- Indeposit in the Chocolute Offilige	resistant, and a great pollinator plant, 2-3' tall, hardy zone 5-9
Rudbeckia subtomentosa	This is a tall and stately Black Eyed Susan perennial, 4-5' tall, with golden yellow flowers with deep brown centers, blooms late summer through to October, long lived perennial,
	tolerates most soil conditions, zone 3-8, deer resistant
Rudbeckia triloba	Brown Eyed Susan, deeply lobed leaves bearing multiple wiry stems covered in numerous small brown eyed orange/yellow flowers, plants do best in full sun in rich soil, can grown 4-6'
	tall, biennial or short lived perennial, freely re-seeds and easy to establish in the garden, zone 4-8
Rudbeckia triloba 'Prairie Glow'	Brown eye susan with petals in a ray of orange to red, small airy bushes of flowers all summer long, likes full sun and rich soils, 3' tall, biennial/short lived perennial, zone 4-8
Salpiglossis sinuata 'Black Trumpets'	Painted Tongue flower, deep red/black velvety flowers, early to mid summer bloom, more tolerant of heat and humidity than most other Salpiglossis, 15-20" tall, part sun/part shade, likes
	moisture, annual
Salvia 'Big Blue'	Hybrid Salvia (longispicata x farinacea) with juicy big indigo blue flowers on dark stems, it is a very good plant, annual, blooms till frost, 24" tall, sun
Salvia argentea	This Salvia is grown mostly for its large, felty, silvery leaves, it is biennial and will bloom in the second year with large white flowers, re-seeds, zone 5-9, can be grown as an annual
Salvia coccinea	Hummingbird Sage, bright red flowers all summer, great pollinator annual, 15" tall
Salvia farinacea 'Blue Bedder'	Rather tall annual Salvia with deep blue flowers on slender spikes, 3' tall and 1' wide, amazing deep blue/purple color in summer till frost
Salvia lyrata 'Purple Volcano'	Grown for its dark red mahogany basal leaves, perennial zones 6-9, but might be useful grown as an annual in cooler climates
Salvia nemorosa 'Rosenwein'	Rose pink flowers on longish spikes, summer blooming perennial, pollinator plant, 1-2' tall and wide, bushy habit and nice flower bracts, zone 4-8, full sun, tolerates dryish conditions
Salvia nutans	Nodding purple flower clusters sit atop tall sturdy 4' stems, hardy pollinator plant, zone 4-8 perennial, sun/part shade
Salvia officinalis	Culinary sage
Salvia patens 'Blue Angel'	Electric blue flowers, Hummingbirds love this plant, 2' tall, annual in zone 5-6
Salvia scabra 'Good Hope'	Dense long flowering salvia with light pink to salmon flowers, 1-1.5' tall, annual, sun/part shade, low maintenance
Salvia sclaerea var. turkestanica	Clary Sage, 3-4' biennial, with pink square stems, large hairy leaves, and beautiful flowers held in bracts of pink and white, re-seeds and blooms in zone 5
Salvia transslyvanica 'Blue Spires'	A showy plant with branching purple flower spires, perennial, hardy zone 4-9, 30" tall
Sanguisorba officinalis	Glossy green serrated basal leaves with tall wiry stems supporting tiny ball maroon flowers, excellent cut and seed head, perennial zone 4-8, 3'
Santolina rosmarinifolia	Green Lavender Cotton, Mediterranean plant, drought tolerant with little leaves like rosemary and bright yellow button flowers, full sun with excellent drainage, hardy in zone 6-9
Saponaria ocymoides	Rock Soapwort, small pink flowers cover this semi-evergreen groundcovering plant,
Scabiosa 'Black Knight'	Black pincushion flowers on long stems, great cut or garden filler, 18-24", annual
Scabiosa atropurpurea 'Tall Double Red'	Tallest and longest flowering scabiosas, burgundy red domes ringed in red petals, great cut, 18-24"
Scabiosa ochroleuca	Pale yellow perennial scabiosa with gray felty leaves, self sows, long bloom time, great for wild dry areas, 18"
Seseli Mystery (Possibly S. elatum subsp.	Very blue ferny foliage, blooms second year in a profuse cloud of airy white umbels, blooms for a very long time and is covered in insects, biennial and/or perennial, really prefers
Osseum?)	excellent drainage and full sun, hardy to zone 5/6 in gravel
Sidalcea malviflora-hybr. 'Rosaly'	Prairie Mallow, pink cupped flowers along tall branching stems, blooms July-Sept, sun/part shade, perennial zone 4-8
Silene pendula 'Sibella Carmine'	Cascading, bushy annual campion with intense hot pink flowers that cover the plant in spring and summer, part shade, good draining soil, 6-12" tall and 1-2' wide
Silene pendula 'Triumph Rose'	Nodding catchfly, cascading, bushy annual campion with carmine rose flowers that cover the plant in spring and summer, part shade, good draining soil, 8" tall and 1-2' wide
Silene regia	Royal Catchfly, bright red flowers, clumping perennial, zone 5-8, 3-4' tall, midsummer blooms, US native
Stipa tenuissima 'Pony Tails'	Mexican Feather Grass, 18-24", annual zone 5, beautiful silky golden blooms
Symphyotrichum oolentangiense (Aster	Skyblue aster, good prairie plant for a sunny border, 2-3' tall, perennial zone 3-8
azureus)	
Tagetes patula 'Cinnabar'	Tall marigold with burst orange flowers, cultivar selected by Christopher Lloyd at Great Dixter, 3-4', blooms july to frost, annual
Tagetes patula 'Naughty Marietta'	French marigold, bright gold flowers with maroon blotches, 12", full sun, annual
Tagetes tenuifolia 'Paprika'	Signet Marigold with dainty burnt orange flowers, 1' tall and wide, mounding habit with ferny, spicy fragrant leaves, a real front of the border plant, best in sun, planted in soil on the
Togetes togetifelia ITama i C	lean, dry side, otherwise interior can rot, annual Tiny grange marigald flavors, eyeallant scent, bushy, flariforous plants, 10, 12"
Tagetes tenuifolia 'Tangerine Gem'	Tiny orange marigold flowers, excellent scent, bushy, floriferous plants, 10-12"
Talinum limon	Wonderful plant for hot rocky areas, tiny deep pink buds open into bright pink flowers, atop wiry stems and bright fleshy chartreuse foliage, re-seeds and can be weedy, annual, drought tolerant unusual 12"
Tangcatum parthanium Magia Lima Crass	tolerant, unusual, 12" Matricaria Magic Lime Green lime green feverfew 28-36" tall short lived perennial that re-seeds sun/shade all soil types
Tanacetum parthenium Magic Lime Green Teuerium hyrcanicum 'Purple Tails'	Matricaria Magic Lime Green, lime green feverfew, 28-36" tall, short lived perennial that re-seeds, sun/shade, all soil types Germander, berb, purple spikes from july. Oct. perennial zone 5, 9, 2, 3' tall, sup. prefers alkaline soils.
Teucrium hyrcanicum 'Purple Tails' Thalictrum rochebrunianum	Germander, herb, purple spikes from july- Oct, perennial zone 5-9, 2-3' tall, sun, prefers alkaline soils Tall purple flowering meadow rue, shade/semi shade perennial, likes moist rich soils, 6' tall, hardy
Thalictrum rochebrunianum Thunbergia alata 'Alba'	Tall purple flowering meadow rue, shade/semi shade perennial, likes moist rich soils, 6' tall, hardy Black-eved Susan vine, five petaled white flowers with black centers, vining plant with tidy habit, likes heat and humidity, blooms summer to fall, annual
Thunbergia alata 'Alba'	Black-eyed Susan vine, five petaled white flowers with black centers, vining plant with tidy habit, likes heat and humidity, blooms summer to fall, annual
Thymus yulgaris	Creeping thyme with brilliant pink flowers, zone 4-9 German winter thyme, very robust and hardy, likes good drainage and full sun, perennial, 6"
Thymus vulgaris Transaclum mains 'Snitfire'	German winter thyme, very robust and hardy, likes good drainage and full sun, perennial, 6" Something about this Nesturaium made me buy the goods twice this year, the description of its old feshioned griev scent, vigorous trailing hebit, searlet grange color, and it is an
Tropaeolum majus 'Spitfire'	Something about this Nastursium made me buy the seeds twice this year the description of its old fashioned spicy scent, vigorous trailing habit, scarlet orange color and it is an heirloom variety, annual, trailing
Tropaeolum minus 'Alaska mix'	Variegated foliage in green and white, bright orange, yellow, red blooms, compact plant 10-15"
Tropaeolum minus Alaska mix Tropaeolum peregrinum 'Canary Bird Vine'	Climbing nastursium vine, bright yellow flowers with delicate, fine foliage, annual
Uncinia rubra	Red Sedge, deep red leaves on the tidy clumping ornamental grass, fun in a container, native to New Zealand, likes moisture, 12-15" tall, annual
Verbascum bombyciferum 'Polar Summer'	White silver felty leaves, wide at the base, sending spikes of bright yellow flowers, biennial, up to 8', Hardy zone 4
Verbascum chaixii 'Sixteen Candles'	
verbaseum chaixii sixteen Candles	Nettle leaved Mullein, This is a terrific perennial verbascum with multiple slender flower spikes, flowers are in tight clusters, vibrant yellow petals with purple/red centers, zone 5-8, 3' tall
Verbascum hybrida 'Snow Maiden' (syn.	Very beautiful mullein, with spikes of creamy white flowers, short lived perennial, but will re-seed, blooms June- September, zone 3-8, 3-4'
'Spica')	
Verbascum phoentceum 'Violetta'	Strong deep purple flowers, makes a strong vertical accent, bee magnet, June flowering, perennial, zone 4-8, 24-30"
Verbascum roripifolium	Ruffled basal foliage, open airy bright yellow blooms, one of my favorite plants, annual/biennial zone 5-9,
Verbena bonariensis	Popular annual with purple flowers in tight clusters, multi branching plant, continual bloom, great cut, great filler, re-seeds, weedy habit in warmer climates, 3-4'
Verbena hastata	Blue Vervain, Northeast US native wildflower, perennial zone 3-8, 3-4', likes growing in wet areas, full sun
Verbena rigida 'Polaris'	Long blooming vervain with lavender clustered flowers, front of the border, 1.5' tall, sun, annual
Viola 'Tiger Eyes'	Pansy with burnt orange-yellow colors with dark black striped veins, very cute and cool
Viscaria oculata 'Blue Angel'	Annual, 10", masses of four petal blue flowers, cool season annual
Wangenheimia lima 'Vulcan'	Grass with cool seed head flower that is flat and resembles a fish skeleton, cool cut flower, annual or short perennial plant, sun, 2' tall
Zaluzianskya capensis 'Midnight Candy'	Night phlox, intensely fragrant at night, starry white flowers with pink undersides, annual, blooms summer to fall, 1' tall
Zinnia elegans 'Queen Red Lime'	Crazy beautiful flower in deep burgundy and lime, 40"
Zinnia elegans 'Queeny Lime Orange'	Mostly orange with a blush of lime and rose, 3-4', annual, sun
Zinnias, Benary's Giants, Orange, Lime,	Tall and floriferous in very bright colors, excellent garden plant and cut, 36-48"
