# Our experience is your result!

Straathof Young Plants is an export business that has developed through many years of specialisation in chrysanthemum growing. And we increase possibilities everyday. The excellent quality of our products is the result of extensive know-how in the fields of breeding, propagation and innovation. Carefree and personal trade in Dutch young plants; that's what we stand for.

## Typically Dutch

Our production centres in the Netherlands, Kenya, Tanzania, South Africa, Uganda, Ethiopia and other countries are all highly efficient and equipped to the latest standards of technology. They are managed by experts from the Netherlands, the world's leading country in terms of floriculture and cultivation technology. The first class end products promise optimal returns in terms of cropping and profitability. We are valued by our customers because of our Dutch way of doing business: we offer solutions thinking, our deeds reflect our words and we make more possible for our customers.

## One-stop-shop for flourishing trade

We offer an innovative and market-oriented assortment of high quality, virus and disease free cuttings, which is subject to continuous upgrading. Straathof Young Plants acts as a one-stop-shop for European growers who want easy and quick access to high quality Dutch young plants. Our family business, originated in 1960, is strong on personal contact with our customers. We strive for short lines and long-term relationships. That paves the way to an optimal transfer of technical support and knowledge about production, innovation and development.

## Network of knowledge

We traditionally maintain close links with the Dümme Orange Group, global market leader in the sale, breeding, marketing and licensing management of an extensive range of potted and cut chrysanthemums and other ornamental plants. During the years, we have also built deep relationships with other suppliers, such as Florensis Cut Flowers, Schneider Youngplants, Dekker Chrysanten, Floritec and Royal van Zanten. Straathof Young Plants is also the European distributor for outdoors

Fiduga, Uganda

chrysanthemums and summer flowers produced by respected Dutch growers, who belong to a carefully constructed network.

## Trusted partner

In 2005, Straathof Young Plants acquired Greneth Plants, specialized in the export of young plants to Greece, Eastern Europe and the Middle East. This implied a valuable extension of our network and knowledge. In 2019 the two companies merged into Straathof Young Plants. Together we solve your logistic challenges throughout Europe and far beyond. With our personal approach Straathof Young Plants gives a face to the Dutch market of high quality young plants. Our tradition of maximum exchange of knowledge makes us both ready and able to be your trusted partner and to improve and increase your profits.

We look forward to doing business with you.

Eso allana el camino para una transferencia óptima de apoyo técnico y de conocimientos sobre producción, innovación y desarrollo.

## Red de conocimientos

Tradicionalmente mantenemos vínculos estrechos con el Grupo Dümmer Orange, líder mundial del mercado en la venta, la mejora genética, la comercialización y la gestión de licencias de una amplia gama de crisantemos de macetas y de flor cortada y otras plantas ornamentales. En el transcurso de los años, también hemos establecido relaciones profundas con otros proveedores, como Florensis Cut Flowers, Schneider Youngplants, Dekker Chrysanten, Floritec y Royal van Zanten. Straathof Young Plants es también el distribuidor europeo de crisantemos para cultivo al aire libre y flores de verano producidos por prestigiosos productores holandeses, que pertenecen a una red cuidadosamente concebida.

## Socio de confianza

En 2005, Straathof Young Plants adquirió Greneth Plants, especializada en la exportación de plantales a Grecia, Europa del Este y Oriente Medio. Esto implicaba una ampliación apreciable de nuestra red y conocimientos.

En 2019, las dos compañías se fusionaron en Straathof Young Plants. Juntos resolvemos sus desafíos logísticos en toda Europa y más allá. Con nuestro enfoque personal, Straathof Young Plants ofrece la imagen del mercado holandés de plantales de alta calidad. Nuestra tradición de máximo intercambio de conocimientos nos lleva a ser su socio de confianza, dispuesto y capaz de mejorar y aumentar sus ganancias.

Esperamos hacer negocios con usted.
