## Suntory Leads the Way!

**S**UNTORY FLOWERS revolutionized our industry by creating new markets and premium product categories. For bedding plants, this defining moment was the introduction of Surfinia in 1989. While naysayers scoffed at paying more for lowly petunias, customers were indeed happy to after witnessing superior garden performance, beauty and vigor in their hanging baskets, window boxes and balcony planters. Surfinia elevated petunias out of the seed commodity class and led the revolution in vegetative annuals. Next came calibrachos, verbenas, torenias, the birth of Proven Winners and so much more. You really can view our industry as before and after Surfinia. The shift was that momentous! While Surfinia remains the flagship series for Suntory in annuals, Senetti pericallis, Soiree catharanthus and Surdiva scaevolae are coming on strong! Sun Parasol mandevillas are in a class by themselves. Stay tuned for the next game-changing varieties! And please join us in celebrating 30 years of Surfinia petunias!

### Exciting NEW Varieties for 2020

#### Grandaisy Dark Pink and Red Improved Page 5

Two gorgeous, rich colors join this stunning series. Grandaisy is an intergeneric hybrid and truly different than a standard argy.

#### Madeira argyranthemums Page 6

This leading series is now available to the entire market through all brokers.

#### Sun Parasol Garden White Page 22

Garden Crimson now has a partner in contrast, Garden White. Versatile and beautiful in landscapes, containers and hanging baskets.

#### Sun Parasol Mitebuster Red Page 26

This upright beauty is a game changer with its natural resistance to mites and leaf spot, which commonly plague mandevillas and dipladenias.

#### Senetti White Page 28

Pure white flowers with navy blue centers bring a striking contrast to the Senetti assortment.

#### Surfinia Purple Starshine See next page

#### Sunrosa Yellow Delight Page 38

New color brings rich yellow sunshine to the Sunrosa compact shrub line.

# THE REVOLUTIONARY PETUNIA! Celebrating 30 Years of Surfinia

1989

Suntory introduces Surfinia petunias. Suntory Flowers is born.

1992

Surfinia petunias are introduced in North America.

1994

- 🏆 2015 Best of Species, (Top 10%) Superior Plant Penn State University

**WHAT IS KAWAII?**

**Kawaii means cute in Japanese!** Each plant is loaded with tiny flowers that produce tidy mounds of color from late spring until frost. Kawaii thrives in the heat, providing carefree color all summer! Plants retain their compact habit, finish nicely in small pots, but also fill out larger pots with superior branching ability. Soiree Kawaii puts on a show when many other plants are on their last leg. They are tiny but terrific!

catharanthus

# SOIREE® *Crown* catharanthus

# Brindabella Roses™

- ✓ Large, double, fragrant flowers
- ✓ Densely foliated, bushy growth habit
- ✓ Excellent resistance to black spot and powdery mildew
- ✓ Well-suited to home gardens and commercial landscapes

FORM. FUNCTION. FRAGRANCE.

Introducing Brindabella Roses™, a collection of tough shrub roses selected for superior garden performance and show stopping flowers: bushy growth habits, excellent disease resistance, and fragrant doubled flowers in an array of traditional and modern colors.

These low-maintenance roses are vigorous yet grow to only 4 feet tall and wide in 2 years' time. Very well suited to home gardens and commercial landscapes alike, the foliage is among the cleanest to be found in any shrub rose and the fragrance will stop any passerby in their tracks.

## BRINDABELLA PURPLE PRINCE™

Large, well-formed purple flowers with the most perfume you could ever expect in a rose, in the truest sense. *Rosa 'GRAppl' PP26,364*
