WITH THE SUN PARASOL family launch, Suntory Flowers revolutionized the Mandevilla market for growers and gardeners.

These plants are the perfect solution to create a lush tropical paradise summer after summer.

Suntory Flowers has developed many categories in the Sun Parasol lineup, including unique shrub forms perfect for container gardens and landscape plantings, large traditional climbing varieties that will cover trellises in the garden, and fun trailing varieties, perfect for hanging baskets.

Sunbeam Sunpa 0931

Sunbeam is a true breakthrough and a highlight to the Original collection.

This variety displays the richest sunny yellow color available in a Mandevilla while maintaining the exceptionally branched and highly floriferous plant habits that the Original series is known for.
