AmeriSeed

A Leading international flower seed breeding, production and distribution company serving the professional and home garden markets worldwide. The Group was established in 1982, focusing on breeding & producing heat & disease tolerant flower seed varieties.

Cultivar trials conducted to observe the performance of new and recently introduced plant varieties under summer conditions in Central Ohio.

An independent seed testing organization pooling seed science and technology to help members develop the highest quality seeds to sell world wide.

NON-GMO Statement

All flower seed varieties bred by AmeriSeed and listed in this catalog have been created by using traditional breeding methods without the use of genetic modification.

MAR352 Little Duck Orange

Marigold F1

Tagetes erecta

Little Duck®

The most compact, naturally dwarf Marigolds available. Tidy, compact plants with outstanding fully double, bright flowers. Flowers sit atop dark green foliage. Plants are highly uniform with strong peduncles enabling easy transportation.

Little Ducks have tube shaped, tightly clustered petals and are suitable for pots, beds and mass plantings. Extremely heat tolerant.

MAR351 Little Duck Yellow

Zinnia F1

Zinnia elegans

HoliTM
Zinnia elegans

- Our "AmeriSeed" special Zinnia breeding program developed "Holi" with exceptional heat & disease tolerant.
- "Holi" has fully double flowers and is outstanding as a container or bedding plant. A must grow variety!

ZIN305 Holi Scarlet

Expert's Comments:

"Vibrant red bloom, double flower, and uniform dwarf compact habit make it a great addition to the landscape"

"It was in good bloom even after the extreme heat wave we had and held up well all season"

"The color and longevity of the bloom make it perfect for cut flowers"

"Loved this plant, color is gorgeous and perfect compact form for mass planting"

PEP000 Demon Red

Chilli Pepper

Capsicum annuum

Demon Red

"Demon Red" is a superb, prolific, high yielding ornamental edible pepper with excellent uniformity. Fruit color is initially green turning to deep red at maturity. Little out strong flavour.

PEP100 Chaw Red

Chilli Pepper Chaw

Capsicum annuum

Vigorous plant with very high yields. Chaw is compact and excellent for home garden use. Fresh fruits are green turning to red when mature.

Seed Technology

Natural Seed
High quality non treated seed.

Chemical Treated Seed
Seed treated with a fungicide for helps increase germination & seedling survival.

De-Tailed Seed
Seed with tails removed for improved handling and sowing.

Coated Seed
Polymer coated seed for easy handling sowing and enhanced visibility.

Pelleted Seed
Small seeds covered with a pelleted shell to provide easy sowing & enhanced visibility.

Multipelleted Seed
3-6 seeds within a pelleted shell.

Primed Seed
Seed with higher, and faster germination producing more even emergence & uniform seedlings.

Rubbed Seed
Natural seeds passed through a rubbing process to remove seed coat & hair to improve germination and reduce disease.

"AmeriSeed" Terms & Conditions of Business

All seed sold by AmeriSeed is sold with the following terms and conditions

- All prices are in US dollars and are subject to change without notice. The prices are exclusive of costs including shipping, phytosanitary certificates, certificates of origin, insurance or any other costs associated with the delivery of seed.
- We offer discounts based on previous calendar years purchasing as per the table below:

Previous years purchase value	Current year Discount
\$4,500 - \$14,999	5%
\$15,000 - \$29,999	10%
\$30,000 - \$59,999	15%
\$60,000 - \$149,999	20%
Greater than \$150,000	25%

Packing :

All orders are packed in bulk and/or 1,000 seeds per packet. If special packaging is required, a packing fee of \$ 0.30 will apply to each packet.

Minimum Order :

Minimum order value \$ 200
If order value is below \$ 200 an additional administration charge will be made of \$ 25.

Documents and Shipping :

In addition to the charges mentioned above, documentary and shipping costs will be charged.

Returns :

All claims must be made in writing within thirty (30) days of invoice date. If a claim is received outside this period, all rights shall be deemed to have been waived. Seed must be returned in unopened original packets.

- Payment is due in accordance with terms specified on invoice or proforma invoice.
- Financial Charges 2% of late payment.
- All cultural and descriptive information provided by "AmeriSeed" is for the use as a guide only. All information in catalogs or pamphlets is based on "AmeriSeed's" experiences and trials in Asia. "AmeriSeed" will not accept any liability for results that may vary due to different climates, growing conditions or any other factors.
