Bewitched Lavender Begonia

Bewitched Pink Begonia

## ANGELONIA

### Alonia Dark Lavender

Early-blooming series with an upright/ mounded growth habit continues to grow and gain size in the garden. Dark Lavender features a controlled habit and blooms the full length of the stems.

Danziger

### Alonia BIG Series

Early-blooming series like Alonia, with a larger habit.

- Bicolor Pink
- Bicolor Purple

Danziger

## ARGYRANTHEMUM

### Daisini Compact White

Early-flowering series with compact growth and small blooms.

Cohen

### Go Daisy Spring Time

Early-flowering series has a wide variety of colors.

Cohen

### Grandaisy White Improved

A cross between argyranthemum and ismelia, commonly known as tricolor chrysanthemum or tricolor daisy. Features big, bright blooms on full, vigorous plants that are perfect for patio pots.

Suntory

## BACOPA

### Scopia Gulliver Compact Purple

New addition features a large flower size with good branching, a compact habit and early flowering. Great for combos.

Danziger

### Scopia Double Pink

Large, pink, double flowers on a semi-upright habit that is good in combos.

Danziger

## BEGONIA

### Bewitched™ Series

Quick-to-finish series features dissected (cut) leaf selections for excellent retail appeal. A true series, so all colors finish on the same schedule.

- Cherry
- Lavender
- Pink
- Silver

Green Fuse

### Compact Double Apricot

Compact, upright boliviensis provides dependable production and strong performance in small pots. Attractive, well-branched plants feature lots of two-toned blooms and dark, serrated foliage.

Selecta One®

### Curly™ Series

All-new series of high-vigor rex begonias features traditional "escargot" type leaf curls.

- Chocolate
- Peppermint
- White

Green Fuse

### Dibs™ Thin Mint

The impressively large Dibs Series delivers vigor and height not traditionally associated with rex begonias. Delivers fantastic colors and patterns on an accelerated crop schedule with big results.

Green Fuse

Bewitched Cherry Begonia

Bewitched Silver Begonia

Compact Double Apricot Begonia

Dibs Thin Mint Begonia

Double Delight Blush Rose

Double Delight Primrose

Grace Dark Red

Grace Orange

Grace Pink

Florencio Orange

BEGONIA continued

**Double Delight™ Series**

Excellent vigor, branching, flower count and sun tolerance. Sweet, citrus-like fragrance from large, abundant, soft pink blossoms on cascading stems. Resistant to botrytis.

- Blush Rose
- Primrose

Proven Winners

**Double Up™ Series**

Wax begonia makes an outstanding 4-in. (10-cm) crop in production; blooms early and goes long. Plants have excellent vigor with a dense habit and double flowers. Resistant to botrytis.

- Pink
- Red
- White

Proven Winners

**Florencio™ Series**

A striking range of vibrant colors paired with an upright, grower-friendly habit makes Florencio the go-to hybrida begonia. Medium vigor and well-branched for mid-to-large sized containers.

- Orange
- Pink
- Red
- White
- Yellow

Syngenta

**Grace™ Series**

Unique, pendulous, double flowers give a high-end look to containers and baskets. Versatile habits are densely branched and work across a range of container sizes.

- Dark Red
- Orange

Florencio Yellow

Sun Drop Double Yellow Bidens

Sun Drop Compact Double Yellow Bidens

Brasco Violet Brachyscome

**BIDENS**

**Sun Drop Compact Double Yellow**

Smaller version of Sun Drop Double Yellow. Perfect for small pot production and plays nice in mixed containers. Also, best for the southern region. Produces double flowers with a better habit and a more saturated yellow than other compact double bidens on the market.

Ball FloraPlant®

**Sun Drop Double Yellow**

Bidens features very large, double flowers on a mounding habit. Large, eye-catching blooms work well in mixed baskets and patio containers. This yellow bidens forms a tidy mound in the garden.

Ball FloraPlant®

**BRACHYSCOME**

**Brasco™ Violet**

Attractive, lavender-blue, daisy-like blooms are perfect for early-Spring sales. A great choice for hanging baskets and containers.

Ball FloraPlant®

**Fresco™ Purple**

Finely textured foliage and small blue flowers last all season long. Compact and upright-mounded plants prefer cooler temperatures. High light will produce the best habit for brighter, larger blooms.

Ball FloraPlant®

Fresco Purple Brachyscome

Order all the products in this catalog using **WebTrack®**.

Cha-Cha Deep Blue Calibrachoa

Cha-Cha Diva Apricot Calibrachoa

Cha-Cha Frosty Lemon Calibrachoa

Cha-Cha Tangerine Calibrachoa

**BRACTEANTHA**

**Granvia Gold**

Large, long-lasting flowers have an intensely bright yellow color and a heart that turns orange when blooms mature. The unique structure of the paperlike petals will grab attention right away.

Cohen

**CALENDULA**

**Cheers Tangerine**

Offers a vivid orange color and mildew resistance, with a compact habit and good heat and cold tolerance.

Danziger

**CALIBRACHOA**

**Bumble Bee Orange**

Features a vibrant, unique bicolor pattern with large flowers and excellent heat performance.

Ball FloraPlant®

**Calipetite Yellow Improved**

Naturally compact mound of color grows into a dense ball without any need for growth regulators or supplemental lighting. This colorful series is ideal for color bowls and mixes.

Sakata

**Calitastic Series**

A unique mix of boldly colored flowers that bloom all season long on early-flowering plants with a uniform, trailing habit.

- Aubergine Star
- Blood Orange
- Golden Sun
- Orange Improved
- Raspberry

Cohen

**Callie® Purple Improved**

Big vigor, bold colors and continuous blooms from Spring to Fall. The perfect mixer and a prime component in Kwik Kombos.

Syngenta

**Candy Shop Series**

Features bright, fluorescent colors with a popping starburst in the center of each flower. Fast-growing, heavy bloomer with a semi-trailing habit. Produces an abundance of small, petunia-like flowers Spring to Fall.

- Chocolate
- Double Bubble Gum
- Grape Splash Improved

Cohen

**Celebration Double Blue Improved**

Friilly, fully double flowers make stunning baskets at retail with a semi-trailing habit and excellent branching.

Cohen

**Chameleon Series**

Perfect for hanging baskets, these calibrachos feature ever-changing colors throughout the season based on light levels, daylength and other factors.

- Blackberry Pie
- Double Desert Rose
- Frozen Ice
- Milky Pink

Cohen

**Cha-Cha™ Series**

25% more vigorous than the Cabaret series with large, cascading blooms. Easy-to-produce series is uniform in size with an early flowering time. Perfect for large containers, hanging baskets and mixes, and features two color-shifting types!

- Deep Blue
- Diva Apricot
- Diva Hot Pink
- Frosty Lemon
- Tangerine

Dümmen Orange®

Dragon Heart Coleus

FlameThrower Cajun Spice Coleus

FlameThrower Sriracha Coleus

**CAMELLIA**

**Brew-Tea-Ful**

Consumers can grow their own tea leaves at home! This is a great patio/container plant that thrives in full sun.

Ball Ingenuity™

**Dragon Heart**

This full-bodied plant is great for the landscape or large pots, and performs well in both sun and shade. It features bright, exciting colors and a unique foliage pattern!

Ball FloraPlant®

**CATHARANTHUS**

**Soiree Kawaii Series**

Compact, upright habit with mini flowers creates a mound of color. Outstanding garden performance and heat tolerance all Summer long.

- 'Blueberry Kiss'
- 'Coral Reef'

Suntory

**FlameThrower™ Series**

Compact-to-medium coleus is perfect for quarts and mixed containers. Its uniquely colored and shaped leaves add texture in the garden and containers.

- Cajun Spice
- Sriracha

Ball FloraPlant®

**COLEUS**

**ColorBlaze® Royale Pineapple Brandy™**

Compact, tightly branched coleus offers a tidier look in combinations and smaller containers without pinching or PGRs. Forms a bushy, upright clump of radiant golden yellow leaves with a razor thin, red edge.

Proven Winners

Brew-Tea-Ful Camellia

Le Freak Coleus

Coffee Cups Colocasia

Heart of the Jungle Colocasia

### Le Freak

A chic sun coleus addition has funky foliage and creates volume while adding texture to beds and containers. Selected for outstanding performance. Won't bleach and performs well Spring through Summer.

Dümmen Orange®

---

### COLOCASIA

#### Coffee Cups

Dynamic thriller in large container recipes. Cupped foliage will collect rainwater until it gets heavy enough to bend the stem and pour the water out.

Proven Winners

#### Heart of the Jungle

Features fantastic foliage and a great water plant. Brings a tropical vibe to small and medium-sized container combinations. Heat tolerant and no deadheading is necessary.

Proven Winners

Dalaya Fireball

Dalaya Raspberry

**DAHLIA**

**Dahlegria™ Series**

With a more upright habit, this series is great in landscape and container applications. Large, colorful, single-flowers stand out on the almost-black foliage. Great mildew resistance.

- Magenta Bicolor
- Red Improved
- Sunrise

Syngenta

**Dahlietta® Candy**

Features orange, double blooms with a deep red center. Perfect match to series; excellent garden performance. Flowers in as little as 7 weeks for quick turns.

Selecta One®

**Dalaya® Series**

Garden dahlia features big blooms and exotic bicolors that charm with awesome retail appeal. This series is early to flower, slow to fade and has excellent garden performance.

- Fireball
- Raspberry

Selecta One®

**Happy Days™ Series**

Nearly black, dissected foliage makes the bright flowers really pop! With a well-branched habit, Happy Days is ideal for containers and landscape applications.

- Fuchsia Halo
- Purple Improved

Syngenta

Dahlietta Candy

Dahlegria Magenta Bicolor

Dahlegria Red Improved

Dahlegria Sunrise

Diamantina Opal Yellow Improved Dipladenia

Megaboom Berry Blast Dahlia

Diamantina Coral Orange Sunrise Dipladenia

### Megaboom Berry Blast

Designed for their massive, oversized blooms on tidy, well-branched plants. The short peduncle holds the flowers right above the foliage, for a dense display of color. They also have outstanding disease resistance for landscapes and large containers.

Dümmen Orange®

### VINING DIPLADENIA

#### Diamantina™ Coral Orange Sunrise

In a class by itself! This orange bloom color is the only one of its kind on the market in mandevilla/dipladenia. Requires hand-training to a trellis. *Winner of the IPM Essen 2016 Innovation Award.*

Ball Ingenuity™

#### Diamantina™ Opal Yellow Improved

The world's first and only yellow dipladenia on the market! Habit improved for uniformity with the series. Hand-training no longer required; blooms are upward facing.

Ball Ingenuity™

### EURYOPS

#### High Noon™

Easy-to-grow, heat-loving plant has large, colorful blooms and a compact habit. Bred to be easier to flower in Spring in the North.

Proven Winners

Cohen

**Fuchsita Special Series**

Uniform in early flowering without daylength-extension. Produces abundant smaller flowers on a stable, upright habit with good basal branching.

- Magenta Purple
- Red Lavender

Cohen

**Fuchsita XL Series**

Early-flowering, upright series features lots of medium-sized flowers above the foliage. Very well-branched for premium containers.

- Deep Rose White
- Flamingo Blue

Cohen

**INTERSPECIFIC GERANIUM**

**Caldera™ Series**

Features flower intensity and exceptional heat tolerance like Caliente geraniums, but with a spreading habit. Stands out all Summer long with a striking combination of dark foliage paired with vibrant blooms.

- Pink
- Red
- Salmon

Syngenta

**Calliope® Medium Cherry**

All the benefits of Calliope Large in a more space-efficient package. Ideal for 1.25-qt. to 2.5-qt. pots. Wide range of colors that includes unique novelties.

Syngenta

**Marcada™ Series**

This strong geranium series looks like an ivy geranium but is more heat tolerant, has better flower retention and is less sensitive to oedema. Works best in medium baskets.

- Deep Coral
- White

Selecta One®

**Mojo™ Series**

Brilliant colors and large flower heads set against dark green foliage deliver a striking combination. Medium vigor and a mounded, very well-branched habit make Mojo the ideal choice for 1.25-qt. to 2.5-qt. pots.

- Cranberry Splash
- Orange
- Salmon
- White

Syngenta

**Moxie!™ Series**

Excellent branching, heat tolerance and a compact-to-medium vigor make Moxie! the ideal series for small-to-medium-sized containers. Offers superior flowering all season long.

Marcada Deep Coral Geranium

Balcon Ice Dance Pink

Royal Pink Ice

Royal Dark Red 21

Balcon Shocking Pink

**IVY GERANIUM**

**Balcon Series**

Now available from Ball Seed. A sea of colorful, large, single flowers cascades over the edge of large hanging baskets and window boxes on this heat-tolerant, trailing ivy. It is naturally self-cleaning to keep gardens looking fresh long into the Summer.

- Ice Dance Pink
- Light Purple
- Pink
- Red
- Shocking Pink

Selecta One®

**Decora Series**

Now available from Ball Seed. Cascades of vibrantly colored, large, single blooms spill out of large hanging baskets and window boxes. Heat-tolerant, trailing ivy features unique variegated foliage. Plus, it is naturally self-cleaning, so it keeps plants looking fresh all Summer long.

- Light Purple
- Pink
- Red
- Shocking Pink

Selecta One®

**Ivy League™ Cherry Blossom**

Series with exceptional heat tolerance raises the bar for ivy geraniums. Strong branching and pot fill builds better baskets. Features a broad range of core and novelty colors.

Syngenta

**Royal™ Series**

Early flowering makes for quick turns, and excellent oedema resistance results in clean foliage at retail. This double-flowered ivy geranium with a medium-vigor, well-branched, trailing habit is terrific in baskets.

ZONAL GERANIUM

**Americana® Scarlet Fire**

The go-to series for medium-sized pots, mixed combos and baskets. Medium vigor and series uniformity make it a great choice for 2.5-qt. geranium programs where growers need versatility and a wide range of color options.

Syngenta

**Rosalie™ Antique Salmon**

Soft pink, rosebud-like flowers make Rosalie a unique variety that stands out at retail and in the garden. Controlled habits work well across a range of small-to-medium-sized containers.

Syngenta

**Dynamo™ Series**

The powerhouse among zonal geraniums: all the key colors you need in a uniform series. Matches for habit, flower timing and branching to ship all at once.

- Dark Red Improved
- Salmon Improved

Ball FloraPlant®

**Moonlight™ Orange**

True orange color without a hint of coral or scarlet. Dark foliage, compact and uniform series for the grower is the solution for pot-tight production and bench runs. Early flowering, with three to four large flowers at first flush.

Selecta One®

**Presto™ Series**

The most uniform, compact, dark-leaved zonal geranium series produces a strong first flush of flowers – 3 to 4 blooms. Naturally compact habit needs no PGRs.

- Brilliant Red Improved
- Orange
- Rose Flare
- Violet Improved

Ball FloraPlant®

**Sunrise™ Rose+Big Eye**

Terrific bicolor pattern with large flowers and great heat performance. Large-flowered series features early blooms on a green-leaf, medium-vigor plant.

**Moonlight Knight™**

Soft yellow blossoms completely blanket the well-branched plants all season, powering through the heat of Summer. Highly attractive to pollinators.

Proven Winners

**BUSH MANDEVILLA**

**Diamantina™ Tourmaline Fuchsia**

The only true fuchsia bloom color of mandevilla on the market! Trellis support is needed in larger pot sizes of 10 in. (25 cm) and up.

Ball Ingenuity™

**MUEHLENBECKIA**

Now available from Ball Seed. Spiller foliage plant features glossy, dark green, round leaves and dark stems. Works great in mixed combos, as an accent plant or as a groundcover.

Selecta One®

**NEMESIA**

**Nesia Series**

More heat-tolerant than other nemesia and covered in multicolored blooms from early Spring through Summer.

- **Bananaberry**
- **Tutti Frutti**

Danziger

**OSTEOSPERMUM**

**4D™ Yellow**

Highly stable double with large, deep yellow blooms. This variety is more controlled than other 4D varieties due to its smaller plant habit and slimmer body. Blooms stay open 24/7.

Selecta One®

**Bright Lights® Red**

Selected for its nestled branching, fuller, uniform habit and season-long flowering, this brick red selection represents an advancement in heat-tolerant osteospermum breeding.

Proven Winners

**FlowerPower™ Compact Violet+Eye**

Features big, violet and white bicolor blooms with excellent garden performance. Early-to-flower and features medium, easy-to-control vigor and excellent branching.

Selecta One®

**Osticade Yellow**

Controlled, trailing habit is perfect for baskets. No need for cold treatment; it can be grown in a warm greenhouse along with other annuals.

Danziger

**'Sunshine Beauty'**

Features vibrant orange edges that fade into a yellow center. New blooms emerge in brighter, more vibrant hues that lead to three shades of blooms at one time.

Ball FloraPlant®

**Tradewinds® Sunset**

Bright and bold, daisy-like flowers are ideal for early shoulder impulse sales. Controlled upright habit works well in small- and medium-sized containers.

Syngenta

**PERICALLIS**

**Senetti® Series**

Low-maintenance series is a great addition to early-Spring assortments, thriving in cool temperatures. This durable pericallis will hold up at retail and offers fast sell-through.

'Blue Brilliance' Scaevola

'White Flame' Salvia

Shindig Improved featuring 'Blue Brilliance'

**PORTULACA****Mega Pazzaz Series**

Brightly colored series features big flowers on a moderate, controlled, semi-trailing habit. A strong option for heat and drought-tolerant programs.

- Dark Pink
- Gold
- Orange
- Purple

Danziger

**Pazzaz Nano Purple**

Heat and drought-tolerant, early-flowering variety has a naturally compact habit and big flowers that stay open longer.

Danziger

**RUELLIA****Machu™ Morado**

A sterile, non-running selection that is a denser, more compact plant that won't flop or split, even in hot, humid climates where this plant grows as an evergreen perennial in Zones 9-11.

Proven Winners

**SALVIA****Sallyfun Series**

Easy-to-grow *Salvia farinacea* is good for combos and continues flowering into Summer.

- Blue Ice
- XL Blue

Danziger

**'White Flame'**

Covered in white blooms with excellent heat performance. Perfect for landscapes and mixed containers. One of the most heat-tolerant plants available, with vigorous in-ground performance.

Ball FloraPlant®

**SANVITALIA****Sunbini® Improved**

This low-maintenance, heat and drought-loving annual features improved Summer garden performance, greater color coverage and 30% larger flowers than its predecessor.

Proven Winners

**SEDUM****Gold Mound**

Now available from Ball Seed. Chartreuse plant produces small, yellow flowers from late Spring through Summer. Low-maintenance, drought-tolerant sedum works well in containers, as groundcover or in rock gardens.

Selecta One®

**SCAEVOLA****'Blue Brilliance'**

Vigorous, but still tidy in the garden. This scaevola offers a darker blue than Brilliant with better branching.

Ball FloraPlant®

**Bombay® Series**

Strong trailing habits are the ideal choice for Summer baskets and combos. The ultimate Summer mixers and the foundation of many heat-loving Kwik Kombos.

- Compact Dark Blue
- Yellow

Syngenta

**Surdiva Purple**

Compact, well-branched scaevola is earlier-flowering than competitors by two weeks, with exceptional heat tolerance. Finishes well in small pots.

Suntory

**Whirlwind® Starlight™**

This novel bicolor fan flower features blue and white striped flowers on densely branched plants with short internodes for a concentrated show of color.

Proven Winners

**SNAPDRAGON****Fruit Salad Series**

New series of basic clear colors in a good color range features medium-sized flowers and upstanding growth with a compact habit for small pots and container production.

Serenita Lavender Angelonia

Serena Blue Improved Angelonia

## ALLIUM

### Quattro F1

Beautiful and delicious patio or garden perennial flowers beautifully in July for about 7 weeks. Ball-shaped purple flowers have a vase life of up to 3 weeks.

## ALLYSUM

### North Face White

Mounded, cascading habit is ideal for hanging baskets and as container fillers. The larger, pure white flowers and improved vigor show better at retail and in the garden.

## ANEMONE

### Harmony Double Pink

Sister series to Harmony offers compact plants topped with unique double flowers for lots of color. Good early-Spring sales opportunity. Great in gardens and containers.

## ANGELONIA

### Serena® F1 Series

No-pinch, low-hassle; Serena and companion Serenita are the only seed angelonias on the market. Fills gardens, landscapes and containers with dimensional color. Carefree, continuous bloomer; durable; water wise and heat loving.

- Blue Improved
- Purple Improved

## ANGELONIA

### Serenita® Lavender F1

No-pinch, low-hassle; Serena and companion Serenita are the only seed angelonias on the market. Same benefits as Serena, but Serenita is great for high-density production where shorter, more manageable materials are needed.

## ASPARAGUS

### A. densiflora 'Mazeppa'

(Foxtail Fern) Evergreen tuberous plant with linear feathery leaves on long arching stems. During Summer, small white flowers are produced followed by bright red berries.

### A. falcatus

(Asparagus Fern) Produces long, sickle-like, shiny green leaves on a robust, vigorous climber with thorns on older, woody stems. Extremely easy to look after and fast growing.

**FOLIAGE CELOSIA****Sol™ Collection**

An attractive new foliage celosia collection for the market! Two distinct bicolor foliage patterns are featured in the collection. Offers relatively fast production time and no downy mildew issues.

- Gekko Green
- Lizzard Leaf

**CUPHEA****Sriracha Lavender Bicolor**

The first cuphea from seed in separate colors has large flowers on a mid-size plant. Heat and drought-tolerant for larger pots; ships well and has a long shelf life.

**DELPHINIUM****Cheer Blue**

A dwarf version of the popular cut flower that is ideal for garden beds and containers. Fleuroselect Gold Medal winner has a striking mid-blue color.

**DIANTHUS****Diana F1 Series**

Early, compact series offers an unmatched color range for pack/pot programs. Produces many large, single flowers on low-growing plants.

- Crimson Improved
- White Red Eye Improved

**Venti Parfait Series**

Big, 2-in. (5-cm), "ruffled" blooms offer huge retail appeal! Performs just like companion Super Parfait. Ideal for small containers, color bowls and garden beds.

- Blueberry Eye
- Strawberry Shades

Beacon Impatiens

Beacon Rose Impatiens

**DUSTY MILLER**

**Cineraria maritima candicans**

The young leaves are slightly lobed, but as the plants mature, they become deeply cut, much paler in color and are covered in a silvery gray fleece.

**GERANIUM**

**Pinto Premium Deep Rose Improved**

Bright, best-selling geranium colors combine improved earliness with more uniform flowering to give growers a great choice for bench-run Jumbo pack and 4-in. (10-cm) pot programs.

**GOMPHRENA**

**Ping Pong Purple Improved**

Ping Pong bursts with color in containers and mass plantings! Its height and dimension also make it a great garden cut flower. Easy to produce on the bench, drought tolerant and low maintenance for consumers.

**IMPATIENS**

**Beacon Rose**

This new series exhibits high resistance to the currently known and widely prevalent populations of *Plasmopara obducens*, which cause Impatiens downy mildew. With a plant structure, flowering time, flower size and crop culture that is similar to Super Elfin, Beacon is easy to incorporate into production planning and offers fast-filling, season-long color for the shade.

**Imara™ XDR Series**

This new series of *Impatiens walleriana* has a high degree of resistance to downy mildew. It also features proven landscape performance that fights back with reliable flowering all season long. Ideal for high-density growing in packs and pots.

## NASTURTIUM

### Tip Top Rose

2020 All-America Selections Regional Winner (West/Northwest, Mountain/Southwest) is a strong yet compact nasturtium with unique and showy rose-colored flowers showcased above medium green foliage.

## PANSY

### Cool Wave® Sunshine 'N Wine Improved F<sub>1</sub>

Delivers easy spreading color for Spring and Fall. More vigorous with the most prostrate habit of any spreading pansy – great in combos and as groundcover. Superior overwintering hardiness – Cool Wave is the earliest pansy to return in the Spring.

### Delta Speedy Violet and White

Series offers reliable and programmable production with near day-neutral flowering. Ideal for Winter flowering in the South and West and early-Spring flowering in the North.

### Freefall True Blue

Versatile trailing series is ideal for baskets and also works well in color bowls and the landscape. Early-flowering Freefall starts low and mounding, then the plants develop a vigorous, cascading and spreading habit that covers an area with color using fewer plants.

## Grandio Series

Large-flowered Grandio offers reliable production for Fall, Winter and Spring. Uniform across all colors, with shorter flower stems and less stretching in high heat. Improved replacement for the popular Dynamite series.

- Beacon Rose
- Deep Blue With Blotch Improved

## Majestic Giants II Series

Blooms show a contrasting dark “face.”

- Clear White Improved
- White With Blotch Improved

## Matrix® Red Wing Improved F<sub>1</sub>

Less handling, less waste and exceptional holding power for higher profitability; 7-day bloom window across all colors. Extra-large flowers hold up to the heat and PGR stress in Summer/Fall production. Low-maintenance.

## Spring Grandio Series

Specifically bred for early-Spring production, this new series offers early blooming across all varieties with incredible plant uniformity and matched bloom time.

- Beacon Rose
- Deep Blue With Blotch Improved
- Star Spangled Mix

## PENTAS

### Glitterati™ Red Star F<sub>1</sub>

Unique look for pentas, while still offering the heat/humidity performance this class is known for. Distinctive star pattern combines easily with other varieties, adding an exciting component for warm/hot season combinations. Finishes fast.

Shock Wave Purple Tie Dye Petunia

**PETUNIA**

**Easy Wave® Rose Fusion F1**

Exceptional uniformity; more mounded with more controlled spread than Wave® varieties. Available in a wide array of decorator colors. Versatile – perfect for solo and mixed planters and baskets, gardens and landscapes. Great for specialty mixes, too!

**Shock Wave® Purple Tie Dye F1**

The best for baskets, each Shock Wave plant is blanketed with masses of colorful, petite, high-impact flowers. Mounded, spreading and easy to manage. Blooms in a 4 to 6-day window.

**FotoFinish Series**

Extremely uniform spreading petunia series with perfectly matched plant habits and flower timing.

**Trilogy Pink Lips**

Multiflora series produces abundant blooms on a compact plant with novel, tightly domed shape. Long shelf life. PGRs are not required, but Trilogy will fit into any PGR program. Less sensitive to daylength than other spreading petunias.

**Damask White Improved**

Uniform, genetically compact multiflora series needs little to no PGRs – suited to high-density programs. Vigorous plants fill in fast.

**Limbo GP Series**

Next generation of the Limbo series offers greater performance (GP) from grower to consumer. Naturally compact, stretch-resistant plants have bright blooms.

- Blue Picotee
- Sky Blue Improved

**Mambo GP Blue Improved**

Next generation of the Mambo series offers greater performance (GP) from grower to consumer. Early, dwarf plants do not need PGRs. Compact, non-stretching plants produce blooms larger than typical multifloras.

**Success HD Light Pink**

Genetically compact series has large, vivid flowers; perfect for high-density production.

**FlashForward Series**

A miniature-flowering, spreading petunia perfectly suited for basket, mixed container and premium pack programs.

Tattoo Blueberry Vinca

Tattoo American Pie Mix Vinca

Cora XDR Apricot Vinca

**SALVIA****Lancelot**

Unique plant for the border; produces silvery-white, felted leaves plus lavender flowers in July, with rosy-lavender bracts and a pleasant sage fragrance. Water-wise and a great pollinator plant.

**VERBENA****Obsession White Improved**

Compact performers in pack and garden. Excellent germination.

**Tuscany Twister Purple Shades**

Naturally compact, well-branched and bushy plants fill in quickly and uniformly for good retail displays.

**VINCA****Cora XDR Apricot F<sub>1</sub>**

This vinca series offers season-long flowering and excellent survival in landscape plantings. It provides high resistance to 10 of the most virulent isolates of *Phytophthora nicotianae*, the cause of *Phytophthora* blight in annual vinca.

**Tattoo™ Series**

Bold, fun, head-turning series. Each petal looks like it is inked or airbrushed with soft brush strokes of dark purple. Very floriferous and well-branched; 3 to 5-day flowering window.

**Cora Cascade Bright Rose F1**

Vigorous, trailing series fills landscapes and baskets well, with large, long-lasting flowers covering the entire plant. Uniform habit and flowering time. Thrives in heat and humidity, and resists aerial Phytophthora.

**VIOLA**

**Admire Orchid**

Early-flowering series delivers consistent pack performance, with uniform habit and timing across all colors. Well-suited to both Spring and Fall programs for containers and landscapes.

**Penny F1 Series**

Early-flowering violas display 1-in. (2.5-cm) blooms. Uniform in habit and flowering, with excellent cool weather tolerance.

- Orange Jump Up Improved
- Violet Improved

**Quicktime™ F1 Series**

Shorter production time for cost savings. Flowers two weeks faster than competition. Early-blooming, free-flowering plants provide bright color in early Spring and Fall gardens.

- Blue
- Yellow Blotch

**ZINNIA**

**Double Zahara™ Yellow Improved**

The only fully double, disease-resistant zinnia series on the market. Provides award-winning, all-season performance and durability in landscapes and containers, especially in sunny, hot and dry conditions.

**Preciosa Orange**

Series is more compact than competing zinnias, with more branching and a higher amount of double flowers in a flower size that is slightly smaller.

## CYCLAMEN

### Metalis® Light Pink With Eye

Silverleaf, midi type ideal for 4 to 6-in. (10 to 15-cm) pots. Uniform series features a round, vigorous habit.

Available exclusively through Ball Seed.

### Metis® Select Series

"Fancy" varieties offer the same outstanding Metis performance. Fantasia varieties offer extra long-lasting, bicolor white-rimmed flowers that have thick, curved petals. Best for 3.5 to 5-in. (9 to 13-cm) pots.

- Fantasia Artic Red
- Lilibelle Bright Purple
- Lilibelle Magenta

Available exclusively through Ball Seed.

### Smartiz® Red

Best for 2.5 to 4-in. (6 to 10-cm) pots.

Available exclusively through Ball Seed.

**FOLIAGE POTTED PLANTS**

**Chamaedorea elegans**

A palm out of Mexico that is suitable for smaller 3.5-in. (9-cm) to 6.5-in (17-cm) pots.

**Coffea arabica**

An attractive variety with shiny leaves that is suitable for 2.5-in. (6-cm) to 4.5-in. (11-cm) pots.

**Dypsis lutescens**

Known as the golden can palm, *Dypsis lutescens* is suitable for 3.5-in. (9-cm) to 7.5-in. (19-cm) pots.

**Pachypodium lamerei**

Pachypodium has its origin in one of the driest areas of Madagascar, where it survived and thrived. Suitable for 2-in. (5.5-cm) to 5.5-in. (14-cm) pots.

**Philodendron selloum**

Belongs to the Aracea family. Leaves have small openings when the plants are young, and larger openings as the plants mature. Suitable for 6.5-in. (17-cm) to 9.5-in. (24-cm) pots.

**Schefflera arboricola**

Suitable for 5-in. (12-cm) to 6.5-in. (17-cm) pots.

## GERBERA

**ColorBloom™ F1 Series**

Stays compact – won't get too full or leafy, allowing the colorful blooms to show through in quarts (11-cm) pots. Faster to flower by around 10 days, ColorBloom beats the competition to market.

- Red with Dark Eye
- White with Dark Eye
- Mix Improved

**Jaguar White Light Eye**

Very uniform series flowers up to 10 days faster than comparable varieties, producing 3 to 4-in. (8 to 10-cm) blooms over short, thick stems and a compact rosette of leaves. Well-suited to 4.5 to 5-in. (11 to 13-cm) pots.

**Majorette F1 Series**

Extremely uniform series is well-suited to quarts and larger containers with multiple plants.

- Pink Halo Improved
- Yellow Dark Eye Improved

**Mega Revolution™ F1 Series**

Produces manageable, larger-sized plants with very large flowers – beats competing series for color range, bloom size and seed quality. Ideal for larger container programs. Supplied with industry-leading seed quality.

- Scarlet Red with Light Eye Improved
- Select Mix Improved

**Revolution™ Deep Orange with Dark Eye F1**

Revolution is the leading standard-size pot gerbera in uniformity across a complete color range. Offers a better second flush of flowers than the competition for a longer bloom time. Industry-leading seed quality.

SuperNova Orange Primula

Maché Lemon Rose Bicolor Ranunculus

**PRIMULA**

**Danessa Yellow F1**

Well-matched in flowering time and habit. Early to mid-season type, with 1 to 1.5-in. (3 to 4-cm) blooms held close to the foliage on compact plants.

**Princessa F1 Series**

Early blooming acaulis is ideal for mass color plantings in large containers, baskets, mixed containers and landscapes. No cold treatment required for flower initiation.

- Blue
- Golden
- Pink
- Rose
- Scarlet
- White
- Mix

**SuperNova Orange F1**

F1 hybrid vigor combines with disease resistance and tolerance to a wide range of temperatures. Early-blooming plants flower up to 3 weeks earlier than other F1 varieties; up to 4 weeks faster than O.P. types.

**RANUNCULUS**

**Maché Lemon Rose Bicolor**

Vigorous, strong-stemmed series produces large-flowered, dark green-leaved plants that respond well to PGRs and ship well.

**Magic Purple**

Compact, well-branched plants finish uniformly between colors. The 2 to 3-in. (5 to 8-cm) blooms are held close to the plant.

## GRASS PANICUM

### Frosted Explosion

This easy-to-grow grass adds a delicate texture to any bouquet. Facultative short-day flowering response; daylength extension is recommended where appropriate to ensure good stem length. Harvest stems when seed heads are green all the way to bronze tinged. Stems last 10 to 14 days in a vase.

## LISIANTHUS

### Can Can Purple F1

A later-flowering, spray-type lisianthus with a highly filled flower in a deep purple-blue color. Produces a spray of flowers on the top of each stem that opens within a short window, giving a bouquet effect to every stem.

### Echo Pure White Improved

Series offers fully double blooms. Improved for a better habit.

### Flare F1 Series

Spray-type Flare produces more flowers on the top of each stem that open within a short window. No pinching is needed to deliver top-quality stems with multiple blooms on top, each resembling a bouquet.

- Jade
- Yellow

### Voyage 2 White Improved F1

Large, double flowers filled with lightly fringed petals in delicate colors with sturdy stems. Improved for longer, more sturdy stems.

Outlaw Bean

Valentino Bean

## ARUGULA

### Astro

Medium-green leaves have a cut-leaf shape and a nutty flavor, which gets stronger in warmer weather. It can be utilized year-round for clipping and bunching.

## BEAN

### Outlaw

An upright, bush-style variety for the fresh market, Outlaw produces concentrated sets of dark, glossy, straight pods and is widely adapted to many growing regions. High Resistance to Bean mosaic virus.

### Valentino

Notable for its ability to set pods under heat and drought stress, making it an excellent choice for growers planning to harvest in mid-Summer. High Resistance to Bean mosaic virus.

## BEET

### Merlin

Higher sugar content (12-15%) in comparison to standard beet varieties, making it a perfect choice for processors, fresh market growers or home gardeners. Smooth, red, globe-shaped roots with small-medium crowns and tap roots.

### Touchstone Gold

Vibrant yellow-to-golden, smooth, globe-shaped roots with medium-sized crowns and tap roots. This variety is mid to late maturing. Intermediate Resistance to Cercospora Leaf spot.

Merlin Beet

Touchstone Gold Beet

Multi Head White Cauliflower

**CABBAGE****Sweet Slaw**

This sweet, green cabbage has a smooth, dense, cone-shaped head perfect for slicing and shredding. With a long harvest window, you'll get to enjoy more of this sweet, green cabbage. It is resistant to cracking, and is great for sauerkraut and cole slaw.

Available exclusively through Ball Seed.

**Sweet Thang**

This non-heading cabbage offers thick, sweet-tasting white veins with attractive dark green leaves. Features a uniform habit and short core. Better tasting than collards or kale.

Available exclusively through Ball Seed.

Minuteman Cauliflower

Sweet Slaw Cabbage

**CARROT****Orangeblaze F<sub>1</sub>**

Good quality Cello/Jumbo carrot for the Northeast and Canada. Also makes a smooth, cylindrical, high-quality root in a variety of soil types in the Midwest.

**CAULIFLOWER****Minuteman F<sub>1</sub>**

Widely adaptable with the ability to perform well in heat, this early hybrid for Summer and Fall harvest has a large, dense, uniform head with good color.

**Multi Head White F<sub>1</sub>**

Easily branches with multiple heads per plant. Small leaves. Never turns bitter in the sun.

Sweet Thang Cabbage

Asian Delite Eggplant

Everleaf Genovese Basil

Obsession Corn

**SWEET CORN****Obsession F<sub>1</sub>**

One of the most tender and delicious bicolor varieties you can grow.

**SPECIALTY CUCUMBER****Green Light F<sub>1</sub>**

*2020 All-America Selections National Winner* is an excellent mini cucumber with high yields of attractive fruit, earlier maturity and superior eating quality. Grow on stakes or poles for a productive, easy-to-harvest vertical garden that will yield 40 or more spineless fruits per plant.

**EGGPLANT****Asian Delite F<sub>1</sub>**

Slender, elongated eggplants are glossy with bright purple skin and white, tender, non-bitter flesh. Fruit can be sliced lengthwise for grilling or lightly frying, and tender skin does not need to be peeled. Plants are upright and semi-spineless.

**HERB BASIL****Everleaf™ Genovese**

Flowers up to 8 weeks later than standard basil. First basil bred for season-long performance and continual harvesting. Compact variety has short internodes and excellent branching, perfect for in-ground or container gardens. Intermediate Resistance to downy mildew and standard resistance to Fusarium.

**Purple Ball**

Has a unique dwarf, ball-shaped plant habit. This very aromatic annual has tiny, deepest purple leaves that are born densely on ball-shaped plants. No need to pinch. The tubular flowers are late to appear and add extra color to the plant.

**KALE****Blue Ridge F<sub>1</sub>**

This hybrid features dark, blue-green foliage with an attractive, triple curl on all leaves. Semi-tall plant type, mid-season maturity and an extended yield. Slow to bolt or stretch, and suitable for hand stripping or cutting for fresh market, mechanical harvesting and processing.

**ONION****Red Duke F<sub>1</sub>**

A main season short-day red onion. Granex shape with early maturity. A deep attractive red color that is semi-resistant to sunburn. Vigorous disease-resistant tops with a strong root system. A consistently good performer with pink root resistance and low pungency.

**Red Hunter F<sub>1</sub>**

Short-day red, with strong pink root bolt tolerance. Excellent mild sweet flavor with consistent low pyruvates.

**Red Nugent F<sub>1</sub>**

Red Nugent is a red hybrid with high yield potential that is highly adaptable for diverse soil types. It is larger in size and performs better than many other 105-day varieties. Early-maturity, long-day onion bred to perform in the sandy and clay loam soils of the pacific northwest United States. Good yield potential. Intermediate Resistance to basal rot and pink root.

**Ruby Red**

Beautiful burgundy skin gives this onion its name, Ruby Red. A good storage onion, Ruby Red is a large, firm, red onion that lasts 5 to 6 months. A long-day onion with a medium-large sized globe. Crunchy and aromatic, plants are very reliable and heavy yielding.

Ninja S10

Dragonfly

Jalapeño Sweet Poppers

**SWEET BELL PEPPER****Dragonfly**

Thick-walled, juicy purple bell has better eating qualities than others on the market. Holds purple stage for a long time, so it has a good harvest window when purple which continues on through ripening to red.

**Ninja S10 F1**

Fights off bacterial leaf spot while producing extra large-to-jumbo fruit. The plants are widely adapted with very high yields of high-quality, firm, glossy fruit that hold well before and after harvest. The plants are strong and vigorous with good fruit setting ability. High Resistance to Tobacco mosaic virus and Intermediate Resistance to Bacterial leaf spot.

**SWEET NON-BELL PEPPER****Jalapeño Sweet Poppers**

No-heat jalapeños give you all the flavor without the burn! These peppers are earlier to fruit and produce high yields with well-drained, nutrient-rich soil.

Exclusively Burpee!

**Pillar Series F1**

Series of sweet table-top pepper plants that produce large, crisp, thick-walled fruit. Pinching or pruning is not necessary, and fruit grows close to the central stem to keep the plant in perfect balance. Drought tolerant.

- Sweet Red
- Sweet Yellow

**ANAHEIM PEPPER****Spitfire**

Spitfire is a slightly spicy anaheim pepper with a vigorous plant that has the potential to produce an abundance of large, high-quality fruit. 90-130 Scoville units.

Spitfire

Armageddon Pepper

Large Marge Pumpkin

Crunchy Red Radish

Atlas Squash

Autumn Frost Squash

**CHILI PEPPER****Armageddon F<sub>1</sub>**

The world's first F<sub>1</sub> hybrid super-hot chili measuring at 1.2 million scovilles. This gives a fantastic grower advantage in terms of improved plant vigor and fruit uniformity. It is the earliest maturing super-hot variety, at least 14 days earlier than the competition.

Exclusively Burpee!

**SPECIALTY HOT PEPPER****Rocket Mamba Red F<sub>1</sub>**

Upright-growing pepper plant with mild, spicy fruit. The glossy fruit turns from a trendy black to a luscious red when ripening. The plant itself has an upright growth habit with a strong central stem and is drought tolerant.

**PUMPKIN****Large Marge F<sub>1</sub>**

Extremely large variety has a deep orange, glossy exterior with a strong, dark green, large, embedded handle to match the fruit size. Plants are full-vined and can set multiple fruits per plant and maintain size. Traditional blocky, round shape is perfect for carving or decorating.

**RADISH****Crunchy Red**

Produces large tops and very uniform dark red, round roots. This variety is very slow to develop pith. It performs well under cool conditions. It's usually a few days earlier than standard O.P. varieties.

**Starburst**

Watermelon-type radish characterized by a bright red interior and a white/green exterior. Performance will be best in most areas if seeds are planted in early Spring or Fall. Mature roots are tangerine-sized with upright, bright green foliage.

**WINTER SQUASH****Atlas F<sub>1</sub>**

High yields of uniformly sized and shaped fruits with long, cylindrical necks and slight bulb ends. A mid-maturing variety with light cream skin and dark orange flesh.

**Autumn Frost F<sub>1</sub>**

Uniquely ribbed, round fruit ripens to dark tan with a frosted overlay. Fruit is similar in taste to a butternut squash, with superior quality, rich flavor and a shelf life of up to 4 months after maturity, allowing for a supply of high-quality fruit throughout the Winter season.

Galahad Tomato

**STRAWBERRY****Summer Breeze Snow**

Rose-shaped double flowers are real eye-catchers! Rose gets a companion in Snow, with double white flowers that resemble a snow shower in Summer and don't stop blooming until Fall. Aromatic, medium-sized, conical bright red fruit is produced on both all season long.

Summer Breeze Snow Strawberry

**BEEFSTEAK TOMATO****Beefsteak**

The classic variety grown for their flavor and size. Large red fruits are perfect for tomato sandwiches or any tomato recipe where you need a rich, full-flavored tomato.

**Buffalosun F1**

2020 All-America Selections Regional Winner (Northeast, Southeast) is high yielding and has less cracking. Unique yellow and red/orange flame coloration on the outside results in a nicely marbled, heirloom-look interior. Meaty flesh has few seeds.

**Galahad F1**

2020 All-America Selections Regional Winner (Heartland, West/Northwest) is a high-yielding, great-tasting tomato that grows on a strong sturdy plant. Produces excellent sweet, meaty fruit that are crack resistant.

**Jamestown F1**

A robust tomato plant with good heat set ability. High yield potential. Fruit displays deep red flesh and gel color due to crimson gene.

Buffalosun Tomato

Jamestown Tomato

BOOST Tasti-Wee Tomato

Gold Spark Tomato

Venti Salad Tomato

Mambo Watermelon

Early Resilience Tomato

**SALADETTE/SAUCE TOMATO****Early Resilience F<sub>1</sub>**

2020 All-America Selections National Winner is a rounded Roma with a deep red interior color, uniform maturity and good quality interior for canning and cooking. Bushy plants can be staked but it is not necessary.

**Venti Salad F<sub>1</sub>**

Extra-large fruited plant with good fruit quality. Mid-early maturity. Fruit is blocky, oval in shape, uniform and very firm with good color. The plant is compact but productive.

Available exclusively through Ball Seed.

**SLICER TOMATO****Wisconsin 55**

Large deep red fruits resist shoulder cracks and blossom end rot, ripen evenly and have strong skin and solid flesh.

**SMALL-FRUITED TOMATO****Celano F<sub>1</sub>**

2020 All-America Selections National Winner is a patio-type grape tomato with a strong, bushy habit. It is best grown with some support, such as a tomato cage.

**Crokin F<sub>1</sub>**

2020 All-America Selections Regional Winner (Southeast) has a very sweet (Brix of 8.5), light-acidic taste, giving it the perfect sweet/acid balance. Fruits do not crack on the vines that yield up to 10-12 fruits per cluster.

**Gold Spark F<sub>1</sub>**

Grape tomato has eye-catching color, sweet flavor, steady yields and crack resistance. Offers high yield potential and consistent sweetness (brix) throughout the season. The well-adapted plants have strong vigor with medium height.

**Heartbreakers Valley F<sub>1</sub>**

Compact, heart-shaped, cocktail tomato plants produce fruit that when cut presents a lovely heart shape. Features excellent vigor and shows an abundance of fruit. Plant has a trailing growth habit, so it's ideal for large containers and hanging baskets. The juicy fruit has a tender skin and the perfect sweet/sour balance with a brix of about 9.

**Pillar Catch Red F<sub>1</sub>**

Uniquely performing, sweet, cocktail, table-top tomato plant. The plant has an upright growth habit with a sturdy stem and few branches. It clearly exposes its fruit, without the need for pruning or trimming. Ideal as a table-top plant in a kitchen and drought tolerant. The fruit is deliciously sweet with a brix of about 6.

**BOOST™ Tasti-Wee®**

This crack-resistant tomato contains up to 40% more lycopene than similar types.\* Manageable on a 72-in. (183-cm) stake with a good disease resistance package. \*Based on vegetables grown under our trial conditions and harvested when ripe. Actual harvest results may vary. TASTI-WEE is a registered trademark of Florida Foundation Seed Producers, Inc.

Exclusively Burpee!

**Tutti Frutti Series F<sub>1</sub>**

Upright growth habit with sweet fruit (Brix ± 10).

- Cherry
- Mandarin
- Melon

**WATERMELON****Mambo F<sub>1</sub>**

2020 All-America Selections National Winner has the appearance of a seedless watermelon but the better taste of a seeded type due to its extremely small seed cavity. Grows and yields well, even in cool, cloudy conditions. Crisp, extra-sweet, deep red flesh is remarkably flavorful and holds well on the vine. Each plant produces 3 to 4 fruits with dark green skin and blackish-green stripes.

# terms and conditions of sale

## VISIT [BALLSEED.COM](http://BALLSEED.COM) FOR CURRENT TERMS AND CONDITIONS OF SALE.

**Note:** Ball Terms & Conditions of Sale are country/region specific. The following Terms & Conditions of Sale apply to product sold within the United States and Canada.

### ACCEPTANCE OF TERMS

These terms and conditions shall govern orders for seeds, bulbs, plants, supplies and other materials (merchandise) placed with Seller. All negotiations with sales representatives or other agents of Seller are merged herein. No modification of these terms and conditions shall be effective unless in writing signed by Seller. Placement of the order shall constitute Purchaser's acceptance of these terms and conditions. All orders are subject to acceptance by Seller at our offices in West Chicago, Illinois.

### LIMITATION OF WARRANTY

Seller warrants, to the extent required by law, that merchandise conforms to the description appearing in Seller's catalog and on container labels, within recognized tolerances. SELLER MAKES NO OTHER OR FURTHER WARRANTY, EXPRESS OR IMPLIED. ALL OTHER OR FURTHER WARRANTIES, INCLUDING ANY WARRANTIES OF MERCHANTABILITY, TITLE, NON-INFRINGEMENT AND FITNESS FOR A PARTICULAR PURPOSE, ARE EXCLUDED. Certain merchandise may be separately warranted by the manufacturer. Seller does not adopt or ratify any manufacturer warranties, express or implied, and Seller shall have no liability thereunder. Seller does not adopt or ratify any manufacturer warranties, express or implied, made by Purchaser upon resale of the merchandise, and Seller shall have no liability thereunder.

### LIMITATION OF REMEDY

PURCHASER'S SOLE AND EXCLUSIVE REMEDY SHALL BE REFUND OF THE PURCHASE PRICE. SELLER'S LIABILITY, WHETHER FOR BREACH OF CONTRACT, BREACH OF WARRANTY, NEGLIGENCE, PRODUCTS LIABILITY OR ANY OTHER THEORY OF LIABILITY, IS LIMITED TO THE AMOUNT OF THE PURCHASE PRICE. UNDER NO CIRCUMSTANCES SHALL SELLER BE LIABLE FOR DAMAGES IN EXCESS OF THE PURCHASE PRICE, OR FOR ANY SPECIAL, INCIDENTAL, INDIRECT OR CONSEQUENTIAL DAMAGES.

### USE RESTRICTION

**Merchandise is not intended for sale to large-scale commercial growers of herbs or vegetables. Use, transfer and/or acquisition of merchandise constitutes acceptance of a limited right to use the merchandise solely to grow a single crop for food, feed, processing or ornamental purposes. No other use is permitted. Any transfer of merchandise must be accompanied by this use restriction.**

### MANDATORY ARBITRATION

ANY CLAIM WHICH PURCHASER MAY HAVE AGAINST SELLER ARISING OUT OF OR RELATING TO THE SALE OF THE MERCHANDISE SHALL BE SETTLED BY BINDING ARBITRATION IN ACCORDANCE WITH THE COMMERCIAL ARBITRATION RULES OF THE AMERICAN ARBITRATION ASSOCIATION, SAID ARBITRATION TO BE VENUED IN COOK OR DUPAGE COUNTIES, ILLINOIS. The laws of several states require arbitration, conciliation or mediation of disputes involving allegedly defective seed before legal action may be taken. Purchaser should contact the State Department of Agriculture for information. Such laws typically require that a complaint be filed with the State Department of Agriculture in time to permit inspection of the seed, crops or plants. If such a complaint is filed, a copy must be sent to Seller by registered or certified mail.

### GOVERNING LAW, JURISDICTION & VENUE

The laws of the State of Illinois, including but not limited to the Uniform Commercial Code as adopted therein, shall govern all matters arising out of or relating to Seller's sale of merchandise. ANY DISPUTE NOT SUBJECT TO ARBITRATION AND ANY ACTION TO ENFORCE AN ARBITRATION AWARD ARISING OUT OF OR RELATING TO THE SALE OF MERCHANDISE HEREUNDER SHALL BE MAINTAINED IN THE STATE OR FEDERAL COURTS LOCATED IN DUPAGE OR COOK COUNTIES, ILLINOIS, AND PURCHASER SUBMITS TO THE JURISDICTION OF AND VENUE IN SAID COURTS.

### INDEMNITY

By accepting merchandise, Purchaser agrees to defend Seller, to hold it harmless and indemnify it from and against any claim or loss asserted by any or all transferees of such merchandise or users of the products of such merchandise who are not notified by Purchaser in writing of Limitation of Warranty, Limitation of Remedy, Mandatory Arbitration, Governing Law Jurisdiction and Venue, and Notice Regarding Seed-Borne Diseases in language substantially equivalent to that contained in these Terms & Conditions of Sale.

### PRICES

All prices are subject to change without notice. The price in effect at time of shipment will prevail. Prices do not include installation; Seller takes no responsibility, and shall have no liability for installation. Requests to package seed in unlisted sizes will incur a charge of \$0.75 per packet. Additional processing and handling charges may be added.

### PAYMENT

Payment is due in invoiced currency and in accordance with the terms specified on invoice. In the event of default in the payment of any amount when due, and in addition to all other rights and remedies available to Seller, SELLER SHALL BE ENTITLED TO COLLECT A LATE CHARGE OF 2% PER MONTH (24% PER YEAR) OR THE MAXIMUM RATE ALLOWED BY LAW, WHICHEVER

IS LESS, ON ALL AMOUNTS PAST DUE FROM THE DATE DUE UNTIL THE DATE PAID. A FEE OF \$25.00 WILL BE CHARGED FOR ANY RETURNED CHECK, DECLINED EFT TRANSACTION OR DECLINED BANKCARD TRANSACTION.

### FREIGHT & HANDLING CHARGES, INSPECTION, DAMAGED GOODS

The freight and handling charge on Purchaser's invoice covers shipment of the merchandise to Purchaser's destination, and replacement or credit for damaged merchandise if the steps listed here are followed. PURCHASER WILL NOT REFUSE OR RETURN GOODS, OR THE RIGHT TO FILE A CLAIM IS LOST AND PURCHASER WILL STILL BE LIABLE FOR THE MATERIAL AND THE FREIGHT. When Purchaser receives shipment: 1) Count all cartons. 2) Inspect all cartons for external damage. 3) Check for open or resealed cartons. 4) Note any damages, shortages, open or resealed cartons on the delivery receipt; the carrier's representative must also sign the receipt. 5) Open all boxes immediately and inspect for damage due to weather-related issues, such as scorched, frozen or broken plants; material shortages; etc. NOTIFY SELLER IMMEDIATELY IF A SHIPMENT IS DAMAGED. Call the Ball Traffic Department at **800 879-BALL** to report the damage and receive details on what is needed to file a claim.

### CANCELLATION POLICY

Cancellations for unrooted cuttings must be received at least thirty (30) days prior to scheduled ship date. Cancellations for liners or seed—raised plugs must be received prior to stick or sow date.

### NOTICE & RETURN

Seller shall have no liability for any defect unless notice is given promptly, not to exceed thirty (30) days after such a defect is or should have been discovered. The buyer is limited to six months from the ship date. Issues that arise past six months will not be considered for credit. No merchandise may be returned without the Seller's prior written authorization. Requests to return merchandise must be made within ten (10) days after delivery. All returns must be in accordance with Seller's shipping instructions with freight paid by Purchaser. All requestsss for return of merchandise must be made to Ball at **800 879-BALL**. The Purchaser will also be asked to provide a letter stating the reason for the return.

The order number or invoice number must accompany the return in order to expedite the credit. NOTE: No seed will be accepted without prior notification to Ball at **800 879-BALL**. Effective immediately, seed that is returned without authorization will not be accepted and credit will not be issued. For all Purchasers in the United States, a FedEx call tag will be issued upon authorization of return. There is a \$10.00 freight charge for the FedEx return. Seed must be returned in the original condition within thirty (30) days of the ship date for full credit. No open packages will be accepted. If seed is returned within thirty-one (31) to sixty (60) days after ship date, full credit will be given but a 15% restocking charge will be assessed.

No credit or replacement will be given for seed returned after sixty-one (61) days from our ship date. Because Ball® Controlled Growth seed is perishable and has a shorter shelf life, no returns of these products will be accepted.

### DELAYS, SHORTAGES & SUBSTITUTIONS

Seller shall not be responsible for delays in delivery or for losses resulting from such delays. Seller reserves the right to make partial shipment. In the event of shortages, Seller may substitute such other, similar merchandise as is available.

### PLANT PROTECTION

Varieties described herein may be protected by United States Plant Variety Protection, United States Plant Patents, Utility Patents, and/or Plant Breeders' Rights. Many of the varieties are also protected by the Flowering-Only License Agreement as well as registered with the Canadian Ornamental Plant Foundation. These varieties may not be reproduced without authorization. The breeder or authorized representative has the right to inspect Purchasers' nurseries during normal business hours to assess compliance with the restrictions on use of protected varieties.

### TRADEMARKS

Trademarks are the property of Ball Horticultural Company, unless otherwise indicated.

### SALES LIMITATIONS

EXPORT CONTROL. THE COMPANY'S PRODUCTS MAY NOT BE SOLD, DIVERTED, TRANSFERRED OR RE-EXPORTED, DIRECTLY OR INDIRECTLY, TO ANY INDIVIDUAL, ENTITY, OR DESTINATION THAT IS SUBJECT TO UNITED STATES OR UNITED NATIONS SANCTIONS PROGRAMS OR EMBARGOES (INCLUDING BUT NOT LIMITED TO OFAC SANCTIONS PROGRAMS AND THOSE LISTED ON OFAC'S "SPECIALLY DESIGNATED NATIONALS" LIST) WITHOUT AN APPROPRIATE EXPORT LICENSE.

FOREIGN CORRUPT PRACTICES ACT. EACH PARTY REPRESENTS AND WARRANTS TO THE OTHER PARTY THAT IT WILL TAKE NO ACTION IN RELATION TO THIS TRANSACTION THAT WOULD BE IN VIOLATION OF THE APPLICABLE LAWS AND REGULATIONS OF ANY COUNTRY AND THE UNITED STATES OF AMERICA. NO PAYMENTS OF MONEY OR ANYTHING OF VALUE WILL BE OFFERED, PROMISED OR PAID, DIRECTLY OR INDIRECTLY, TO ANY OFFICIALS TO INFLUENCE THE ACTS OF SUCH OFFICIALS TO INDUCE THEM TO USE THEIR INFLUENCE WITH A GOVERNMENT OR AN INSTRUMENTALITY THEREOF, OR TO OBTAIN AN IMPROPER ADVANTAGE.

### NOTICE REGARDING SEED-BORNE DISEASES

Seller makes no representation regarding the freedom from seed-borne diseases of the seed sold and disclaims any liability relating to such diseases, whether previously known to exist or not identified until this seed is grown.
