Botanic Garden

Snowdrops Trail

There are 44 different species, varieties, cultivars and hybrids of snowdrop (*Galanthus*) to see here at the Garden. Most are planted outside permanently, but some are also displayed on rotation within the Mountains House in our Glasshouse Range.

The red dots on the map indicate 'Snowdrop hotspot walking routes' where you can see our snowdrops growing and find panels which explain more about snowdrop science, history, folklore and cultivation.

Snowdrops

The red dots on the map indicate 'Snowdrop hotspot walking routes'.

Snowdrop list

We have the following *Galanthus* in the Garden:

- *G. × valentinei* subsp. *valentinei*
- *G. alpinus* × *G. nivalis* 'Flore Pleno'
- *G. alpinus* var. *alpinus*
- *G.* 'James Backhouse'
- *G. elwesii*
- *G. elwesii* 'Edward Whittall Group'
- *G. elwesii* 'Ivy Cottage Greentip'
- *G. elwesii* var. *elwesii*
- *G. elwesii* var. *monostictus*
- *G. gracilis*
- *G.* 'Comet'
- *G.* 'Curly'
- *G.* 'Hobson's Choice'
- *G.* 'Lady Beatrix Stanley'
- *G.* 'Limetree'
- *G.* 'Kite'
- *G.* 'Magnet'
- *G.* 'Melanie Broughton'
- *G.* 'Merlin'
- *G.* 'Mrs Backhouse No.12'
- *G.* 'Mrs Wrightson's Double'
- *G. nivalis*
- *G. nivalis* 'Anglesey Abbey'
- *G. nivalis* 'Elfin'
- *G. nivalis* 'Flore Pleno'
- *G. nivalis* 'Flore Pleno' × *G. plicatus*
- *G. nivalis* 'Marjorie Fish'
- *G. nivalis* 'Ray Cobb'
- *G. nivalis* 'Sandersii'
- *G. nivalis* 'Scharlockii'
- *G. nivalis* 'Viridapice'
- *G. nivalis* 'Warei'
- *G.* 'Ophelia'
- *G. plicatus*
- *G. plicatus* subsp. *byzantinus*
- *G. plicatus* subsp. *plicatus*
- *G. plicatus* 'Three Ships'
- *G. plicatus* 'Wendy's Gold'
