### Concerned about Neonicotinoids?

The plants grown by Denver Botanic Gardens for sale at Spring Plant Sale have not been treated with neonicotinoids. A list of vendors who have voluntarily stated that they do not use this class of chemical is available at each individual division. We continue to closely monitor scientific research surrounding this and all other chemicals that may be applied to plants sold or displayed at the Gardens.

## FOOD & BEVERAGE

# CONTAINER GARDEN IN A BAG

**PRICE RANGE: \$35-55** | Sometimes the hardest part of gardening can be choosing a design, but we've taken care of that for you! Our horticulturists have created six grab-and-go collections of plants specifically selected to create stunning container displays.

Below, find the color palettes and light requirements of the six different collections offered at this year's sale. Specific plants in each collection will be finalized the week of the sale based on current availability. Each collection will include planting and care instructions.

## Cabaret Dancer

 **FULL SUN**

Adorned with feathery flower heads and glitzy leaves, this design will dance on the breeze. Variegated purple fountain grass takes center stage, giving the design its energy, while a chorus of four annual varieties add razzle-dazzle.

## Canna Bonanza

 **FULL SUN**

The perfect combination for a full-sun location in the garden or around the home. This design will put on a show late spring through fall and will also attract pollinators and hummingbirds.

## Chasing Rainbows

 **FULL SUN**

Why wait for a drizzly day to see a rainbow? This design is charged with color and includes treasure that even a mischievous leprechaun can't hide. All but the canna are self-cleaning and, unlike a rainbow, the colors on these flowers won't fade away in the sun.

## Dappled Delight

 **FULL SHADE**  **PART SHADE**

This design will thrive in full-shade to part-shade and will provide interest spring through fall. As an added perk, the hosta and heuchera can be planted at the end of the season or left in the container to enjoy for many years to come! Pollinator friendly.

## Good Day Sunshine

 **FULL SUN**

Nothing makes dahlia flowers pop like dark foliage. This design is the perfect pick-me-up for a porch and an easy-breezy design to care for, with only the dahlia needing deadheading.

## Solar Gain

 **FULL SUN**

This sun-loving design will thrive in the Colorado summer heat! Watch as these plants take on magnificent colors and textures that will be sure to catch the attention of people and pollinators alike.

# FRUITS, BERRIES AND VEGETABLES

**PRICE RANGE: \$1-120** | Whether it's on several acres in the country or the sunny corner of an apartment balcony, growing a portion of your own food is rewarding and delicious. The sale will feature a wide variety of seedlings, fruit trees, berry bushes and seeds perfect for culinary gardeners of every skill level.
