JANE'S TIMELY GARDENING TIPS

Hi there, I'm Jane the gardening person. I've been in the gardening arena for many years, on TV, radio, writing in magazines and taking garden tours. The big thing I love is plants of all shapes and sizes, edibles, indoor, fruiting, ornamentals... they are all so fascinating. They keep me involved, because without them, where would our world be?

Every so often I will give you my impression of some plants that my friend Di has in her catalogue. Enjoy.

- Jane Edmanson

SALVIA—TOUGH AND RELIABLE!

***Salvia leucantha* – Mexican Sage**

From Mexico & Central America

Grows 1m x 1m

Although many salvias are considered perennials, this reliable variety is classified as an evergreen shrub. It has velvety purple flowers for most of the year, with the main flush in autumn and winter. The flower spikes form at the tips of new growths which arise from the base of the plant in spring. Attractive sage-green foliage clothes the upright stems. Di has leucantha, 'Red Harry' and 'Velour White' looking good and ready to plant now.

Salvia muiirii

From South Africa

Grows 1m x 1m

This hardy, long flowering neat dwarf shrub smothers itself in small lavender blue flowers over a long period in winter and spring, with some repeat flowering for the rest of the year. Each flower has a white marking on the lower lip.

Check out Di's Delightful Plants' March list for many more interesting salvias which have been good performers in dry time.

Dis Delightful Plants ordering details, terms & conditions

Our goal is to provide you with relevant and useful information to assist you in the selection and purchase of our products. We include flower colour and season, type of plant, size guide and preferred growing conditions. However, if you still feel uncertain whether a plant is suitable for your location or requirements please contact us or conduct further research online.

We guarantee our plants to arrive at your door in premium, ready-to-plant condition. If they're not, we offer a money-back guarantee if you contact us within 48 hours.

When your plants arrive we recommend soaking them in a seaweed solution such as Seasol to help them recover from any stress incurred during transport. (Apply at packaging recommended rates.)

All orders are to be paid in full prior to dispatch.

Unless otherwise stated, we have a minimum order of ten plants. This can comprise of any assortment of sizes and

varieties from our current stock list. If the unexpected unavailability of one or more ordered varieties results in your order falling below the minimum required order value we will contact you to authorise a substitute.

If contact cannot be made and less than 15% of your order is affected we will select the most suitable substitute. If it is over 15% we will hold off sending the order until contact can be made.

We hope you enjoy browsing through our huge variety of plants.

We welcome feedback on how we can improve; please email di@disdelights.com.au.

We'd love to hear how Di's Delightful Plants is helping your garden grow; join our Facebook and Instagram communities to share your stories, or come and say hello to us at an event near you.

Here's to gorgeous gardens!
