Ottawa, Canada K1A 0C5

Congratulations to Flowers Canada Growers on the 2019 Canadian Greenhouse Growers' Directory and Buyers' Guide. For over two decades, this guide has been instrumental in promoting our beautiful Canadian-grown flowers and potted plants to customers here at home and internationally. We are proud to support this invaluable sales tool, giving buyers the information they need to make those critical purchasing decisions.

I also thank FCG for your great work in supporting the sector through training and marketing initiatives. Flowers play a major part in life's big celebrations and major events, as well as in beautifying our homes and communities. You are leading an industry that drives Canada's economy, with sales totalling over \$1.5 billion and thousands of jobs across the nation.

A top priority of the Government of Canada is to help the sector compete and succeed, sustainably. That is why we've invested \$4.7 million in the new Ornamental Horticulture Research and Innovation Cluster, partnering with FCG and other industry leaders to deliver maximum results for growers, while helping to protect and improve the environment. I am proud of our on-going partnership to keep the sector strong and growing.

Thanks again for all that you do for the sector, and best wishes to our growers for another successful year.

Hon. Lawrence MacAulay, PC, MP,
Minister of Agriculture and Agri-Food

CANADIAN GREENHOUSE GROWERS' DIRECTORY AND BUYERS' GUIDE

Flowers Canada Growers Inc. is pleased to present the 2019 edition of the Canadian Greenhouse Growers' Directory & Buyers' Guide. This Directory is designed to help you source Canadian flowers, plants, services, and products from a wide array of flower growers, wholesalers, wholesale distribution centres, and service companies located across Canada.

In this 26th edition of the Directory, the tools listed below will help you to find the right service you need faster than ever:

- **Regional Listings** Canadian growers and wholesalers are listed in geographical sections: British Columbia, Alberta, Ontario, and the Maritimes.

Export Logo – Companies exporting to the USA are clearly identified with the dual flag logo.

- **Alphabetical Indexes** – Preceding the listings, indexes will help you quickly find company names listed in alphabetical order along with the page numbers of their listing location.
- **Visual Product Indexes** – We've done our best to improve the Product Index by cross-referencing all floral products, supplies and services listed by each company in the back of the Directory. For your convenience, each category contains the name of the company supplying that product or service, their province, and the page number of their listing.
- **Tagged Maps** - Beginning on page 46, you will find nine pages of maps showing the geographical location of each of the Canadian growers listed in the directory. *The maps are intended to be used as a guide in locating these listings, and are not claimed to be absolute in their accuracy.*

Flowers Canada Growers Inc. gratefully acknowledges the funding support of Agriculture and Agri-Food Canada through the Canadian Agricultural Partnerships and the participants in this directory.

YEAR ESTABLISHED: 2009
GREENHOUSE SIZE: 75,000 sq.ft., 6,968 sq. meters
PRODUCT/SERVICE: Orchid Greens is most well known for our premium grade Phalaenopsis Orchids. We stand out with regards to larger bloom sizes, larger bloom counts, as well as the always changing unique variety of colours made available. Our top two best sellers are the Waterfall Orchids and the 4" Delight Orchids. Only the biggest and best plants are selected for the hand crafted bending procedure to create the Waterfall masterpiece. They come in all different natural, non-dyed colours, thus returning in bloom the same beautiful colour year after year! The 4" Delight Orchids on the other hand, are the perfect grab-and-go item for impulse purchases in your stores. Another special service we offer is our Orchid Arrangements and Orchid Dish Gardens, please feel free to visit our website for all the different planters we offer. Aside from the Phalaenopsis Orchids, we also grow species orchids such as Oncidiums, Dendrobiums, Epidendrums, etc. that are more seasonal. Our products are readily available to be shipped into the United States as well.

PRODUCT/SERVICE: Now Concise - Fine Americas' powerful uniconazole PGR - is registered for Canada. Concise is an effective growth retardant for use on a wide variety of ornamental crops. It reduces plant height by limiting internode elongation, resulting in more desirable, compact and marketable plants. In fact, Concise has been shown to increase the quality of plants even in the absence of noticeable growth reductions. These desirable qualities include darker colours, higher chlorophyll content, greater leaf thickness, stronger stems, increased water retention and, at times, increased flower number and size. At Fine Americas, we never stop maximizing your productivity.

OFG Market Place is the shopping centre where florists, wedding and event planners will find product of choice in smaller quantities. OFG Market Place supplies a variety of local and imported quality cut flowers and potted plants by the bunch or by the pot, including a selection of florist supplies.

Ontario Flower Growers Co-Operative Ltd.

Gateway to the highest quality cut flowers and potted plants since 1972.

The screenshot displays two auction desks side-by-side. The left desk (B) is for Gerbera Mai (B) with a price of 1.25 and 3 lots. The right desk (C) is for Violet African (C) with a price of 2.30 and 32 lots. Both desks include fields for grower, product, and various controls. Below the desks is a table of transactions and a list of products.
