

Hanover County, Virginia

38 years and growing strong!

A wide-angle photograph of a farm landscape. In the foreground, there are neat rows of green groundcover plants growing in a field. A dirt path runs through the middle of the rows. In the background, there is a long, low structure covered with a white or light-colored material, likely a covered walkway or a series of small greenhouses. To the left, a small red brick building is visible. The sky is a clear, pale blue with a soft, warm glow, suggesting a sunrise or sunset. The overall scene is peaceful and well-maintained.

**2023 Wholesale Groundcover &
Perennial Catalog**

Welcome!

Welcome to Hanover Farms - growing the finest ground cover and perennials in the Mid-Atlantic for wholesale trade – garden centers, landscape contractors, and re-wholesale distributors.

Founded in 1984 by Jim and Marguerite Bruce, we have now grown to 105 greenhouses (over 210,000 square feet total), approximately 15 acres of stock in both ground beds and field stock plus another two acres of container stock. Jim & Marguerite retired in 2019 and Hanover Farms became part of the Cross Creek Family, begun in 1974 by Gene and Diane McAuliffe and now led by the next generation McAuliffe Family. We pride ourselves on quality and service as confirmed by our customer loyalty year after year. We offer all the tried and true ground cover varieties in multiple sizes from peat pots up to 3 quart. We are continuing to expand our line of perennials and ornamental grasses in 3 & 4 Qt containers.

We proudly support the following industry associations:

AmericanHort

Virginia Nursery and Landscape Association

Central Virginia Nursery and Landscape Association

Maryland Nursery, Landscape and Greenhouse Association

International Plant Propagators Society

We sell wholesale to the Nursery and Landscape trades only. Possession of this price list does not by itself qualify a person as a wholesale customer. Prices are FOB at our farm in Hanover County, Virginia.

OFFICE HOURS

Monday - Friday, 7:30 AM - 4:30 PM

AVAILABILITY

Our current **Availability** is updated every Sunday and available 24/7 at **Hanoverfarms.com**. Call us to add your Email to our weekly availability. For categories showing a **price range**, refer to current availability for individual prices.

HOW TO ORDER

Email: info@hanoverfarms.com **Call:** 804-749-4304

MINIMUM ORDER

\$600 minimum for delivery by our truck; no minimum for UPS delivery or for pick up at the Nursery. Please call in advance to allow us time to pull your order.

Flats are sold in whole tray units only; three & four quart pots are sold individually. All are tagged with plant name and cultivar.

ORDER DEADLINES

New orders and changes and/or additions will be accepted until 10:00am the day prior to delivery.

CONTRACT GROWING is available, please call with your requests.

CLAIMS

Our plants are guaranteed to be true to name and in healthy condition when shipped. Plants travel at the expense and risk of the purchaser. All claims must be reported to us within 48 hours of

TERMS AND CONDITIONS

PAYMENT - Our terms are cash, check or major credit card at the time of sale. All accounts are COD until a credit application has been received and approved. For those who have established credit and maintained a record of prompt payment, our terms are due 30 days from invoice date. Past due accounts (over 30 days) will be charged a service charge of 1.5% per month plus collection costs. Accounts past 60 days are cash only. Those wishing to establish credit should complete three cash sales and request a credit application. **If a credit card is used to pay a net 30 account after the date of the sale, a fee of 5% will be charged.** There will be a \$40.00 added charge for returned checks.

CUSTOMER PICK UP

Pick-ups must arrive by 3:00 pm. Please allow a half day advance notice to pull your order.

Directions:

From **Richmond**, take I-64 west about 20 miles to Exit 167, Oilville exit, (VA 617). Go north (right) 0.6 mile, turn left, just past Oilville Business Park onto Oilville Rd. (VA 617). Go 2.8 miles to stop sign, turn right onto Vontay Rd.(VA 611). Go about 0.5 mile to another stop sign (at Rockville Market Cafe), bear left onto Spring Rd.(VA 617). Go about 1 mile, sign for Hanover Farms on right just before bridge.

From **Washington**, take I-95 south to Ashland and exit onto VA 54 west. Go through Ashland to Montpelier (about 20 miles). Turn right onto US 33 west into town of Montpelier and turn left on Clazemont Rd.(VA 715) just past the Montpelier Center for Arts & Education. Go about 4 miles to stop sign, turn right on Taylors Creek Rd.(VA 610). Go about 0.6 mile and turn left on Spring Rd.(VA 617). Go about 1 mile, cross bridge. Our sign is on the left, second driveway, about 200 yards from bridge. Large trucks over 10 tons should use I-295 west to I-64 and then the Richmond Directions.

SHIPPING METHODS

BOXED SHIPMENTS - Shipment by UPS is available for orders less than a truck minimum. The boxing and handling charge is \$2.00 per flat and we bill UPS charges at cost. We have boxes and inserts to ship all flats in boxes of 1 to 4 flats, depending on size. We do not ship 3 & 4 Quart material by UPS. We suggest shipping Monday through Wednesday to assure delivery before the weekend.

For large shipments outside of our truck delivery area, we can ship palletized by UPS or FedEx. You must have a forklift or loading dock. Please call for a quote.

HANOVER FARMS TRUCK

Our minimum order is \$600 with a minimum delivery charge of \$75 local and \$100 beyond 50 miles -

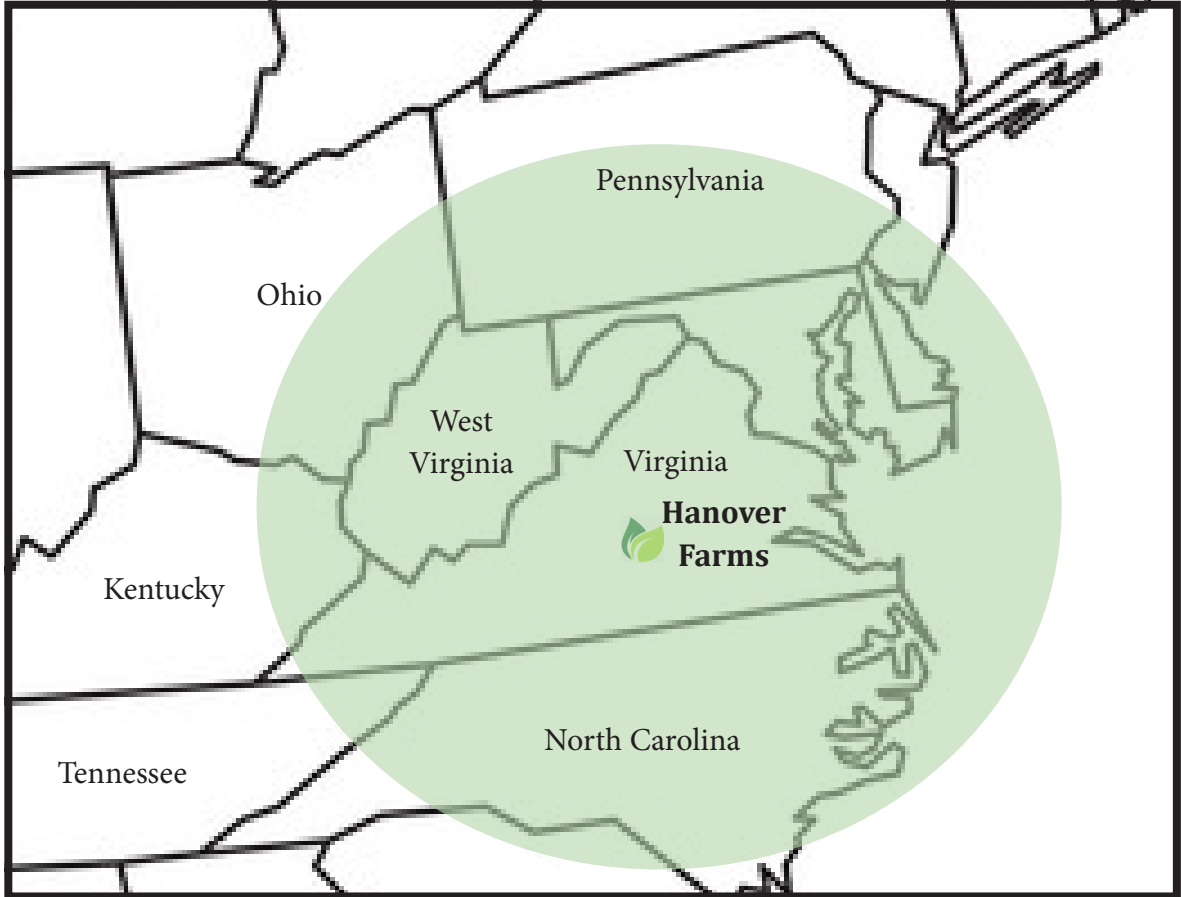

Our delivery fee is 10% of order cost up to 50 miles (by road), and 17% beyond 50 miles

For orders less than a truckload (640 flats) we reserve the right to combine orders to make delivery more efficient. We ship on rolling carts and **help is appreciated unloading your order.**

Perennials

Achillea
'Little Moonshine'

ACHILLEA

Yarrow

Adaptable plants with ferny aromatic foliage. Long blooming, deer resistant, tolerant of heat and drought.

millefolium 'Little Moonshine' Yellow blooms summer through fall, 14"

millefolium 'Saucy Seduction' Pink blooms summer through fall, 25"

millefolium 'New Vintage Red' Red blooms summer through fall, 25"

4 Qt/each \$4.75

Achillea
'Saucy Seduction'

ASCLEPIAS

Milkweed, Butterflyweed

A native wildflower very attractive to pollinators including butterflies, birds and bees. Long blooming, can tolerate hot, dry clay soil conditions, Zones 3-9, full sun.

tuberosa Butterfly weed, **native**, bright orange flowers, 18"-24"

incarnata Swamp milkweed, **native**, rose purple flowers, 24"-48", part shade, moist to wet soil

syriaca Common milkweed, **native**, pinkish purple flowers, 36" - 60", sun

3 Qt/each \$4.50

Asclepias tuberosa

ASTER

symphyothrichum novae-angliae

Purple Dome Daisy-like bright purple flowers in September & October on compact plants. 18-24" Sun, Zone 3-8

4 Qt/each \$4.50

Asclepias incarnata

ASTILBE

False Spirea, False Goat's Beard

Fern like foliage & feathery plumes of flowers in May to August, needs some shade, more water in sun, Zone 3-8

arendsii 'Bridal Veil' Long, pure white airy plumes over green foliage, fragrant, blooms late May - June

arendsii 'Fanal' Dark red flowers, bronze foliage 9-12", compact, early

japonica 'Deutschland' Pure white blooms, grows to 24"+

japonica 'Montgomery' Red blooms, bronze foliage 24-28", mid bloomer

Asclepias syriaca

Aster s. 'Purple Dome'

Astilbe 'Fanal'

Astilbe j. 'Montgomery'

chinensis 'Black Pearl' Bright purple spikes, blooms later in season compared to most astilbes, grows to 24"

chinensis 'Lowlands White' Pure white, one of the earliest blooming astilbes, to 24"

chinensis 'Visions in Red' Reddish purple blooms, bronze green foliage, 24" tall

chinensis 'Visions Lilac' purple blooms, bronze green foliage, 15-24", late bloomer

4 Qt/each \$ 4.95

CERATOSTIGMA plumbaginoides

Plumbago, Leadwort

A semi-evergreen ground cover that grows rapidly after the first growing season. Bright blue flowers from Summer to Fall. Burgundy Fall leaf color, will adapt to dry conditions and live under large shade trees, grows 8-12".

3 Qt/each \$4.50

CHRYSOGONUM virginianum

Green & Gold

Native, bright green foliage. Long blooming yellow-gold flowers will succeed in dense shade. Can adapt to dry conditions once established and attractive to butterflies. 3-6", shade

4 Qt/each \$3.99

COREOPSIS

Tickseed

Clump forming for mass planting or borders with long blooming daisy-like flowers in late summer into fall. Adaptable to poor soils, heat and sun to some shade.

'Cosmic Eye' Yellow blossom with wine-red heart & orange button. Compact 18"x18" mature size

'Creme Brulee' Buttery yellow, large flowers, cut back for second bloom 18"x 24"

'Double the Sun' Semi double solid yellow, early bloomer grows to 15"x15"

'Early Sunrise' Semi-double double, 18"x12"

'Enchanted Eve' Li'l Bang series Large single dark yellow blooms with reddish orange centers. 12", mounding, long blooming

Astilbe 'Lowlands White'

Astilbe c 'Black Pearl'

Coreopsis
'Mercury Rising'

Coreopsis 'Zagreb'

Coreopsis 'Red Elf'

'Daybreak' Li'l Bang Series Bright red petals trimmed in golden yellow with deep yellow centers. 12", super compact, long blooming
'Mercury Rising' pp Big Bang series Deep red with bright yellow centers 15-18", blooms June to frost
'Red Elf' Li'l Bang series Satiny red blooms with golden centers. 12", compact, blooms summer to fall
verticillata 'Moonbeam' Small yellow flowers, fern like foliage 18-24", blooms June to October
verticillata 'Zagreb' Golden yellow flowers, 12-18", flowers June to October

4 Qt/each \$4.75 - \$5.25

DELOSPERMA cooperi

Ice Plant

Succulent full sun groundcover ideal for dry locations, quick spreader in a well drained location. New varieties are bred for Winter survival.

'Copperi' Magenta Flowers June until frost

'Fire Spinner' Orange, red and lavender shades on the same flower, late spring bloomer

4 Qt/each \$3.99

DIANTHUS

Pinks

Carnation like flowers from Spring to Summer, needs a well drained location in winter, sun, Zone 3-9

'Coral Reef' Deep coral, double flowers and blue-gray foliage 7"

'Firewitch' Fragrant magenta blooms, gray foliage 6"

'Frosty Fire' Red, fragrant flowers, blue-gray foliage 7"

'Memories' Elegant pure white double blooms 10"

'Neon Star' pp Fluorescent pink flowers with blue-gray foliage 7"

4 Qt/each \$4.50 - \$4.99

ECHINACEA

Coneflower

Clump forming for mass planting or borders with long blooming daisy-like flowers in late summer into fall. Adaptable to poor soils, heat and sun to some shade

'Artisan Red Ombre' Red flowers, blooming early to late summer 2'x2'

'Artisan Soft Orange' Deep orange blooms 2'x2'

'PowWow White' Well branched plants with 3 - 4" pure white blooms, 18", blooms Spring through Summer

'PowWow Wild Berry' Rose -purple flowers, 18"-24"

'Cheyenne Spirit' Cream, red, pink, orange and yellow flowers on same plant

'Sombrero Adobe Orange' Bright orange petals and matching orange cone 2'x2' Proven Winner selection

'Sombrero Blanco' White petals, golden yellow cone 2' x 18" Proven Winner

'Sombrero Lemon Yellow' Bright golden yellow blooms with a copper cone, compact, early bloomer 2'x2' Proven Winner

'Sombrero Rosada' Rose pink flowers, dark eyes and dark purple stems. 2'x2' Proven Winner

'Sombrero Sangrita' Blooms emerge orange and transition to soft red with dark cone, 2'x2' Proven Winner

4 Qt/each \$4.50-\$6.99

FERNS

Shade and moisture are required for this perennial group. While non evergreen varieties will die back in late fall, cut back evergreen varieties just before the new spring growth begins to emerge, not in the Winter.

Adiantum pedatum -Five Finger/Northern Maidenhair - Native, Spreading to a table top of light green fronds, 15-24", damp but not wet shade, deciduous

Athyrium niponicum 'Pictum' - Japanese Painted - Lacy, variegated foliage, spreading to 12" high, moist to semi-moist shade, deciduous

Athyrium filix-femina- Lady - Native, Light green, medium size slowly spreading, erect fronds, 24-36", damp shade to damp sun, deciduous

Cyrtomium fortunei - Fortune's Holly - Prefers moist shade, 18" - 30"

Athyrium filix-femina- Lady - Native, Light green, medium size slowly spreading, erect fronds, 24-36", damp shade to damp sun, deciduous

Cyrtomium fortunei - Fortune's Holly - Prefers moist shade, 18" - 30"

Dryopteris erythrosora 'Brilliance' - Autumn - Medium size, 24-30" rosette, new foliage has orange/ bronze cast, damp to dry shade, evergreen

Matteuccia struthiopteris- Ostrich -Native, Large rosettes 24-36", large erect fronds, damp shade to damp sun, deciduous

Onoclea sensibilis - Sensitive - Native, 12-18", Light green, spreads

Echinacea 'Artisan Soft Orange'

Echinacea 'Sombrero Rosada'

Echinacea 'Sombrero Sangrita'

Fern Maidenhair

Fern 'Autumn Brilliance'

Fern Ostrich

Fern Lady

Fern Japanese Painted

Fern Christmas

Osmunda cinnamomea- Cinnamon - *Native*, Medium green, large 36-48" rosette, cinnamon-colored fertile fronds form in spring, deciduous

Polystichum acrostichoides- Christmas - *Native*, Dark green, medium size, 24-30" rosette, damp to dry shade, evergreen

Polystichum polyblepharum- Tassel - Dark green, glossy fronds, 12-18" rosette, damp to dry shade, evergreen

3 Qt/each \$4.99

HEMEROCALLIS

Daylily

Produce masses of flowers in full sun hot & dry conditions. While the individual flowers live only one day, many are classified as re-bloomers with some flowering activity throughout the growing season

'Happy Returns' Light yellow repeat bloomer with, 3" flowers. Excellent dwarf variety growing to 18" tall, adapts to dry conditions

'Ruby Stella' Ruby red rebloomer growing to 18"

'Stella d'Oro' Fragrant golden yellow repeat bloomer. Very prolific dwarf selection only growing to 15"

3 Qt /each \$3.99

Fern Cinnamon

HEUCHERA

Coral Bells

Dense mounded plants with lobed foliage succeed best in morning sun with midday and afternoon shade. Long blooming flowers on wiry stems above the plant. Evergreen foliage, plant in well drained soil.

micrantha 'Palace Purple' Deep purple leaves fading to bronze in Summer heat. thrives in partial shade, clumping

villosa 'Caramel' pp Butterscotch leaves with purple toned undersides. exhibits good tolerance of hot & humid summer weather. Pink to white blooms appear in July. Height only 12"

villosa 'Champagne' pp 12-18" pink leaves in the spring, turning golden green during summer

villosa 'Citronelle' pp Light yellow green leaves with silver undersides, 12", creamy white flowers

'Floral Sea' Frosted plum colored foliage with hot pink flowers Spring to Summer. 24"H 12"W . Clump will spread in shady location

Fern 'Tassel'

Heuchera 'Caramel'

Heuchera 'Palace Purple'

Hemerocallis 'Ruby Stella'

Hemerocallis 'Stella d'Oro'

Hemerocallis 'Happy Returns'

'Frosted Violet' Pink-purple leaves mature to a silvery purple shade. Fine hairs on the leaves gives a frosted appearance.

'Green Spice' Silver leaves with burgundy veins, creamy white flowers. Drought, heat & humidity tolerant. Size 2'x2'

'Guacamole' Lime green wavy leaves, creamy white flowers in spring/summer. A bright selection for the full shade garden.

'Magma' Bright pink foliage turns to vibrant red. Pink blooms spring through summer 24"

'Midnight Rose' pp Dark purple to nearly black foliage with bright pink streaks and spots 10"

'Plum Pudding' Shimmering plum purple foliage with silver veining. Greenish white blooms spring through summer, 8" - 24"

'Silver Scrolls' pp Dark purple leaves with silver overlay and dark veining, 12"

4 Qt/each \$5.99-\$7.50

HEUCHERELLA

Foamy Bells

Cross between Heuchera and Tiarella. Long blooming, deer resistant.

'Golden Zebra' Bright yellow leaves with burgundy streaks. Dense habit, white blooms in early spring, 10"

'Pink Revolution' Bright pink flowers sit high above green foliage. Profuse bloomer, 15"

4 Qt/each \$5.99

HOSTA

Plantain Lily

Hostas are well suited for our Zone 5-7 climates and thrive in lightly shaded locations. Prefer moisture but can survive dry periods.

undulata 'Albo Marginata' Medium green leaves with white edges 18", pale lavender flower, may lose variegation in summer

'Blue Angel' Biggest of the blue varieties, heart shaped blue-gray leaves, white flowers, 36" spread almost 4'

sieboldiana 'Elegans' Large corrugated blue gray leaves, white flowers, 30", needs good shade

'Empress Wu' pp Largest hosta known, dark green leaves, reddish violet flowers, 48"

'Francee' Dark green leaves with narrow white margins, 24", pale lavender flowers, good sun tolerance

'Frances Williams' Blue green wide heart shaped leaves with yellow margins, growing to 24", white flowers

'Guacamole' Chartreuse green leaves, fragrant white flowers, 22"

'Halycon' Great choice for a compact blue variety. Heavily textured leaves, pale blue late summer spikes. 18" medium height.

'Hoosier Harmony' Shiny chartreuse leaves with dark green margins. 24" H forming a 3' clump. White late summer spikes.

'June' Gold leaves bordered by a blue green shade margin. Slug resistant, pale lavender flowers in August, 16"

'Krossa Regal' Silvery blue pointed leaves, pale lilac flowers, 18", holds blue color well

'Liberty' Thick leaves with blue green centers and neon yellow margins. Slug resistant, purple blooms in July, 24"

'Loyalist' blooms in Pure white centers with deep green margins. 20" high with pale lavender spikes in August.

undulata 'Medio Variegata' Medium green wavy leaves with white centers, 18", lavender flowers

'Minuteman' White margins surround dark green leaves . Grows to 20" tall lavender spikes in late Summer.

'Patriot' Green leaves with white margins, lavender blooms, 22", excellent sun tolerance

'Paul's Glory' Chartreuse heart-shaped leaves bordered by blue green margins. Lavender flowers in July, 24"

'Stained Glass' Bright golden green leaves with dark green margins, 24", pale lavender flowers

'Sum & Substance' Large yellow green leaves, 30", lavender flowers

4 Qt/each \$4.99-\$7.50

HYPERICUM calycinum

St. John's Wort, Aaron's Beard

Green leaves with 3" bright yellow flowers, sun to part shade grows 15-18" high. Spreading by rhizomes, it will form a dense colony over time, attracting butterflies and has little interest to deer.

4"/18 per tray \$18.99

4 Qt/each \$4.50

Hypericum calycinum

LAVANDULA

Lavender

Best in full sun and well-drained soil. Grey-green to silver foliage, lavender to purple fragrant flowers. Tolerates heat and humidity well. Zones 5-9

angustifolia 'Hidcote' Deep violet-blue flowers, compact silver-grey foliage

intermedia 'Phenomenal' pp Compact, silvery foliage, purple flowers

intermedia 'Sensational' pp Broad, thick bright silver leaves, intense purple, strong stems, good for cut flowers

4 Qt/each \$4.25-\$5.99

Hypericum calycinum

LEUCANTHEMUM

Shasta Daisy

White single daisy blooms last long and will produce more once removed. Glossy green foliage, needs good drainage.

'Becky' Grows to 36", blooms by June and again in late Summer

'Snowcap' Dwarf, topping at 15". Give some afternoon shade in hot areas.

4 Qt/each \$4.25

Lavendula a. 'Hidcote'

LYSIMACHIA numularia

Creeping Jenny, Golden Moneywort, Loosestrife

'Goldilocks' Fast growing bright yellow ground cover for full sun or some shade. Will invade if allowed, also good for edges in container gardens. Happiest in a moist location.

4 Qt/each \$3.99

Lavendula i. 'Phenomenal'

Leucanthemum 'Snowcap'

Leucanthemum 'Becky'

Lysimachia n. 'Aurea'

Lavendula 'Sensational'

Monard 'Fireball'

MONARDA

Bee Balm

Prefers full sun, with a long blooming season, easily over-winters, attracts bees, butterflies and hummingbirds.

'Balmy Rose' Vivid rosy-pink flowers from late Spring through Summer

'Fireball' Bright scarlet -red flowers, compact growth habit, mid-summer blooms

4 Qt/ each \$4.25

NEPETA x faassenii

Cat Mint

Gray green fragrant foliage with blue-purple flowers, for full sun including hot & dry areas once established. A great choice for mass planting for a wave of blue. Cut back when blooms begin to fade to extend bloom season

'Dropmore' 12-18" most cold tolerant

'Junior Walker' Gray green finely textured foliage. lavender blooms, low spreading habit, 14"

'Walker's Low' 18-30" good deer resistance

4 Qt/each \$3.99

Nepeta 'Walker's Low'

PEROVSKIA

Russian Sage

Will develop a woody "shrub like" appearance over time when cut back. New growth appears from all the buds so don't cut too low.

'Blue Steel' Aromatic, silvery foliage Airy blue blooms in summer, 24"

'Lacey Blue' Densely branched shorter version of 'Little Spire'. Large purple-blue blooms in summer, 16"

'Little Spire' pp 12-24". Aromatic foliage, blue spikes on gray foliage, great choice for hot & dry locations

3 Qt/each \$4.50

Perovskia 'Little Spire'

PHLOX

Creeping Moss Phlox

A low spreading ground cover 4-6" for full and part sun locations. Produces

a carpet of color in early Spring that lasts for weeks. Good choice for sunny slopes.

Native

subulata 'Crimson Beauty' rosey red flowers

subulata 'Drummonds Pink' large rose colored flowers, fragrant

subulata 'Emerald Blue' light blue flowers, dark green foliage

Phlox s. 'Crimson Beauty'

Phlox s. 'Purple Beauty'

Phlox s. 'Snowflake'

Phlox s. 'Emerald Blue'

Phlox s. 'Fort Hill'

subulata 'Fort Hill' deep pink flowers
subulata 'Scarlet Flame' Magenta-pink blooms in early Spring
subulata 'Spring White' white flower, early bloomer
4 Qt/each \$3.99

POLYGONATUM

Variegated Solomon's Seal

odoratum 'variegatum' Rhizomatous, shade loving, grows 18-24" with tall unbranched stem, green and white leaves. Does best in moist to very moist areas, zones 3-8

4 Qt/each \$5.25

PYCNANTHEMUM virginianum

Mountain Mint

Native, Pollinator friendly ground cover with white flowers, 2'-3'. Grows in sun or shade; good for wood edges and open areas near ponds or streams.

4 Qt/each \$3.99

RUDBECKIA

Black-Eyed Susan

'American Goldrush' Thrives in wet, humid climates. Masses of gold and black blooms summer to frost, 26"

fulgida 'Goldstrum' - **Native**, Deep yellow-gold flowers with black eyes, growing to 24" in full sun. Will spread by rhizomes forming a large colony over time.

'Little Suzy' Small yellow daisies with dark brown centers, 26"

4 Qt/each \$3.99-\$5.25

SALVIA

Meadow Sage

Perennial "workhorse" with long blooming period when cut back. Will tolerate "hot & dry" once roots are established.

nemorosa 'Blue Hill' 24" blue flowers, heat and humidity tolerant

nemorosa 'May Night' Indigo blue /purple flower spikes to 18",

nemorosa 'Rose Marvel' pp 12", bright rose colored flowers

silvestris 'Snow Hill' 18" white flowers

4 Qt/each \$3.99

SARCOCOCCA hookeriana humilis

Sweet Box

Glossy, evergreen foliage, fragrant white flowers in spring, 12", shade

4"/18 per tray \$34.99

3Qt/each \$7.99

Phlox stolonifera

Polygonatum 'Variegatum'

Pycnanthemum virginianum

Rudbeckia f. 'Goldrush'

Salvia s. 'Snow Hill'

Salvia n. 'May Night'

Salvia n. 'Rose Marvel'

Rudbeckia f. 'Goldstrum'

SCABIOSA

Pincushion Flower

Long summer blooming, compact, clump forming in pink and blue shades

'Blue Butterfly' Rich blue flower color, compact clump (15"), long Summer blooming period

'Pink Mist' Soft pastel pink flowers, with similar growth & cultural habits as Blue Butterfly

4 Qt/each \$4.50

SEDUM

Stone Crop

A full sun family that includes upright and low spreading cultivars. Leaves are "fleshy", water filled to sustain dry periods
