

HIGHLAND MEADOW  
NURSERY

PRODUCT CATALOG

Welcome to Highland Meadow Nursery!

It is with pleasure that we offer our product catalog.

Highland Meadow Nursery is a privately owned and operated nursery located in the heart of Oregon's Willamette Valley. Our focus is to develop the optimum business to business relationship facilitating prosperity for our customers. Consistency and quality are ongoing characteristics pervasive in our past successes. Our team has a demonstrated history of consistently providing high quality product at very reasonable prices. Moreover, our team is adaptable, dependable, and responsive to the daily challenges commonplace in business today.

We express our sincerest gratitude for those we have had the good fortune of serving. Equally important is our continued pledge to be an integral partner in your future growth and success.

Additionally, we extend a personal invitation to discuss unique growing needs to those of you who have yet to consider the benefits of HMN. HMN takes great pride in collaboratively tailoring individualized growing programs to meet our customer needs.

HMN remains committed to quality and will strive to further fortify our assets as a business partner through streamlining and analysis of our current efforts.

On behalf of the entire HMN team, I wish you all the best in the year ahead.

A handwritten signature in dark ink, reading "Dan Staley". The signature is written in a cursive, flowing style with a long, sweeping tail on the final letter.

DAN STALEY - President

# CONDITIONS OF SALE

## ORDERING

Highland Meadow Nursery sells strictly to professionals who possess a valid Nursery License. We accept all orders subject to crop conditions and we reserve the right to cancel a portion of the order, or all thereof, should injury befall our stock from weather conditions, error in count, insect and disease injury, or other natural causes beyond our control. Growing contracts, and orders placed by July 1st will receive priority consideration as our allocations will be completed by October 1st. Orders received after that, while being recognized important, will be subject to open availability. At Highland Meadow Nursery we understand the importance of providing consistency in both our product and service, but we also place an emphasis on our ability to be flexible and open to additional opportunities of tailoring special programs that may provide a unique value. All of our efforts are underscored with the importance of developing long-term relationships with our customers. We encourage you to inquire about our volume discount program or contract growing. We support and adhere to the standards adopted by the American Nursery and Landscape Association.

## PRICING

Our prices listed are for the wholesale trade only. They are designed to be competitive and are based on current market conditions. Prices herein cancel all previous prices offered by us and continue to be subject to change without notice. Prices are in U.S. funds, F.O.B. our nursery.

## PAYMENT TERMS

To established customers with a record of timely payment, our normal terms are strictly net 30 days from the date of invoice. Otherwise we require cash in advance of shipment. We are happy to consider new accounts by completing a credit application and allowing sufficient time for processing. Accounts are considered past due 31 days from invoice and are subject to a 1½% interest charge per month (18% per annum), loss of discount, plus cost of collection fees.

## GUARANTEE

Highland Meadow Nursery takes pride in its quality stock and guarantees all stock to be healthy and in good condition when it leaves our nursery. We use the utmost care to keep all varieties and descriptions accurate but we make no guarantee, either expressed or implied, as to the variety or productivity of any nursery stock we sell, and at no time will we be responsible for more than the “net” purchase price.

## CLAIMS

Claims must be received within five (5) days of receipt of nursery stock. Please check counts and conditions of plants upon arrival. Claims for damage in transit are to be made directly with the carrier (on request we will assist where possible without assuming liability). Although we will make every effort to satisfy your claims, Highland Meadow Nursery reserves the right to use sole discretion to evaluate and issue any and all credit adjustments. Filing a claim does not release you from full payment of your order within the terms of your account.
