A message from the President

As Horta-Craft prepares to celebrate its 50th year in business, it brings with it the opportunity to pause and reflect on both what's changed and what has remained consistent over the years. The technological changes over the past 50 years have been extensive and even with new varieties launched every year consumer trends continue to cycle, however, one thing that has remained consistent, is the joy and privilege of working in the horticultural industry, partnering with and supporting the wonderful people and company's, who's aim is to provide beautiful, high quality live goods to gardeners around the world. We want to take this opportunity to recognize that our part in this mission wouldn't be possible without you and we offer up our appreciation for your continued support and hope that we can continue to serve you for many years to come!

This year our team look to continue offering the most comprehensive listing of stock plant tags while ensuring that quality and efficiency, of both products and service, remain of utmost importance to us. In addition to our stock items, we offer a full range of custom printing solutions to fit your specific project or needs.

We look forward to being your source for horticultural marketing during the 2023/2024 season and serving you with Consistent. Humble. Excellence.

Sincerely,

A handwritten signature in black ink, appearing to read 'Paul Lofgren'.
