I. GENERAL INFORMATION

I.A PLANT VARIETY RIGHTS VALID IN NEW ZEALAND AS AT 31 DECEMBER 2012

With the release of the case management facility for plant variety rights, the way the Office provides the list of all plant variety rights valid in New Zealand as at 31 December has changed.

From December 2012 this information is provided online. To find a list of all plant variety rights currently at Granted status:

1. Go to the **Search Plant Variety Right(s)** screen
2. Select **Advanced Search**. The advance search fields display
3. Select **Case Status**. The **Select case status** window displays.
4. Tick the **Granted** status description then **Select**. You will return to the **Search Plant Variety Right(s)** screen and the Granted status will show as your search criteria.
5. Select the **Search** button at the bottom of the screen. A list of cases that match your criteria displays.

You can choose to select some, none or all search results to be emailed to you. Enter your email address and the select either the Excel or PDF report. The PDF report will give you a full summary of each IP in your search results.

I.B CLOSING DATES – NOTICE TO BREEDERS ENTERING VARIETIES IN CENTRAL DUS TRIALS CONDUCTED BY THE PVR OFFICE

You will need to meet the following deadlines in order to have your variety included in the central trials to be established in 2013.

Grasses - Make application by 1 February 2013.

Roses - Make application by 31 March 2013.

Winter cereals - Make application by 15 April 2013.

I.C CHANGES TO THE PURCHASE COST OF NZ OFFICIAL DUS TEST REPORTS

The Plant Variety Rights Office will continue to provide DUS test reports to overseas authorities for granted varieties as requested, under the general provisions of the Convention but will no longer charge the purchasing authority or the authority designated payee the NZ\$ equivalent of the standard fee of 350 Swiss Francs. The introduction of the new case management system for PVR has improved the ability to draft and organise test reports and the removal of the purchase fee is one way to pass on these benefits to purchasers of NZ test reports. Please note that an authority can continue to request a test report in the usual way and the report will be supplied to the authority as soon as the report is available.

I.D NEW UPOV MEMBER STATE

Serbia became the seventy-first member of UPOV on 5 January 2013

I.E TECHNICAL QUESTIONNAIRES ON THE WEBSITE

Technical questionnaires on the website have been revised and improved as part of the introduction of the new case management system and on line applications. The technical questionnaires on the website can now be completed on screen and then uploaded into the system for application. The number of technical questionnaires and the corresponding genera coverage is planned to be progressively expanded in 2013. If the website does not have the genus specific technical questionnaire you need, please contact PVRO. We remind you that all applications must be made using the new version for each species specific technical questionnaire.

I.F PLANT VARIETY RIGHTS JOURNAL NO. 132

This Plant Variety Rights Journal No. 132 covers events from October to December 2012 and includes events that have occurred from 8 December 2012 in the new case management facility. Events on or after this date are published online.

For this publication period the online events have also been included in the PDF journal document. Future journals will only have the General Information section published as a PDF, all information about applications and grants will be solely online.

Events from 1 October 2012 to 7 December 2012

II. APPLICATIONS FOR PROTECTION 1 October – 7 December 2012

Application Number	a. Owner b. Breeder (if different from a) c. Address for Service (address code in brackets)	Proposed Denomination
