# 2022 Inventory of Living Collection

These data represent all active accession-items (n=3566) at Polly Hill Arboretum, current as of January 31, 2023.

## ***How to read this table:***

**Taxon:** Botanical name

**Item No.:** Complete "accession-item number," an individual identifier, formatted as [accession year]-[accession number]\*[item identifier]

**Location:** Physical plant or seed location. See: Map of Garden Location & Table

**Source:** Original source of accessioned plant material

**Material:** Material type on arrival

## **P(provenance):**

G – Garden (cultivated origin)

W – Direct wild origin

Z – Indirect wild origin

U – Unknown origin
