CORDYLINE PROGRAM

2020-2021

CORDYLINE PROGRAM

A TASTE OF TROPICAL ALL YEAR LONG

From trunking or clumping to variegated or solid colors, the Cordyline program at Pacific Plug & Liner has a variety to fit every need. Because Cordyline are grown from tissue culture and inputs can take 6-12 months to source, we grow on an annual speculation schedule with availability spread throughout the year. This ensures the availability is there when you need it.

If you do not see availability on varieties for your program during the time needed, please contact us. We will happily look into the possibility of a custom grown order. We also offer larger sizes by request.

INTRODUCING
LINER-BILITY®
72 WEEKS FORECASTED

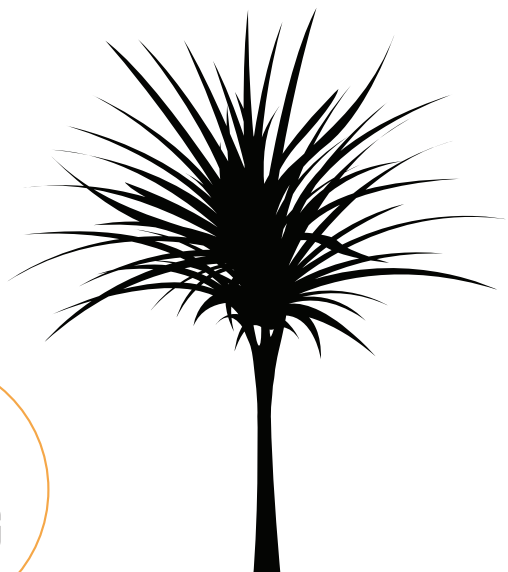

PP&L IS PROUD TO OFFER **LINER-BILITY®**, ONE OF THE MOST ACCURATE AVAILABILITY TOOLS ON THE MARKET, WHICH MAKES IT EASIER THAN EVER TO CHECK FUTURE PLANT AVAILABILITY WITH OUR LIVE 72-WEEK SCHEDULE.

—

TRUNKING		CLUMPING
CHERRY SENSATION	PINK PASSION	
CORAL	RED SENSATION	
DANCE™ JIVE	RED STAR	DANCE™ CAN CAN*
DANCE™ PASO DOBLE	SOUTHERN SPLENDOUR	DANCE™ CHA CHA
DANCE™ SALSA	SUPERSTAR	DESIGN-A-LINE BURGUNDY
DANCE™ ZUMBA	TORBAY DAZZLER	
LIME PASSION		

**Clumping is seen with age in a landscape setting and may not be seen while growing in a nursery setting.*

TRUNKING
vs
CLUMPING

TRUNKING: Forms a single trunk with tufts at the top that can be single or multi-branched, varieties can reach upwards of 30' with age.

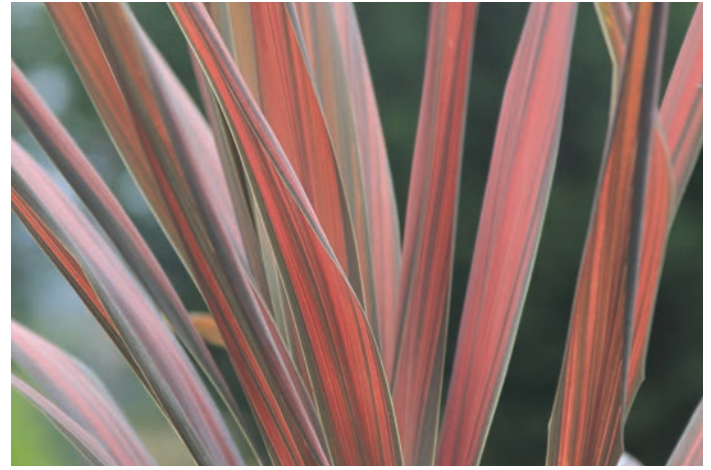

CLUMPING: Multiple growing points produce a trunk-less, shrub-like, low-growing habit. Great for landscape use.

CORDYLINE CHERRY SENSATION

Our best-selling pink variegated Cordyline. With bright pink on red variegation and an upright habit, it is easy to see why. Cherry Sensation has a slow rate of growth and is great for both containers and landscape plantings.

48" x 36"

CORDYLINE CORAL | PP# 19,964

A cross between Albertii and Purple Tower, Coral is a great variety to use when less loud colors are required. With pastel-pink on brown variegation, Coral is also a stronger variety and is less likely to burn compared to more brightly variegated varieties.

48" x 36"

CORDYLINE DANCE™ CAN CAN PP# 24,029

A clumping Cordyline with a slightly weeping habit and stunning foliage color that set it apart from all other Cordyline. The new foliage comes through with bright variegation of pink on red. As the foliage matures, the variegation changes to cream on green. Both Can Can and Cha Cha are the only Cordyline on the market bred with foliage that changes as it matures.

40" x 36"

CORDYLINE DANCE™ CHA CHA PP# 24,028

A clumping Cordyline with foliage color that sets it apart from all other Cordyline. The new foliage comes through with a nice variegation of apricot on bronze. As the foliage matures, the variegation changes to yellow on green.

36" x 36"

CORDYLINE DANCE™ JIVE PP# 25,123

A trunking Cordyline with a very upright growth habit and a variegated foliage color of yellow on lime green. Jive has a fast rate of growth with long, broad foliage.

100" x 36"

CORDYLINE DANCE™ PASO DOBLE PP# 29,714

A new trunking Cordyline with stunning variegated foliage color of burgundy red with a brilliant pink leaf margin. Paso Doble has a very upright growth habit with wide, stiff, upward-facing leaves.

110-120" x 30-40"

CORDYLINE DANCE™ SALSA PP# 26,154

A trunking Cordyline with an upright habit. The foliage color is a bright variegated pink on red and the leaves are long, giving them an almost weeping appearance.

100" x 36"

CORDYLINE DESIGN-A-LINE BURGUNDY PP# 24,764

A hybrid of *C. australis* x *C. banksii* with long, arching, glossy burgundy-red foliage.

24-36" x 24-36"

**All Cordyline are grown in a 102 cell and are USDA Zones 9-10.*

CORDYLINE LIME PASSION | *NEW* | PPAF

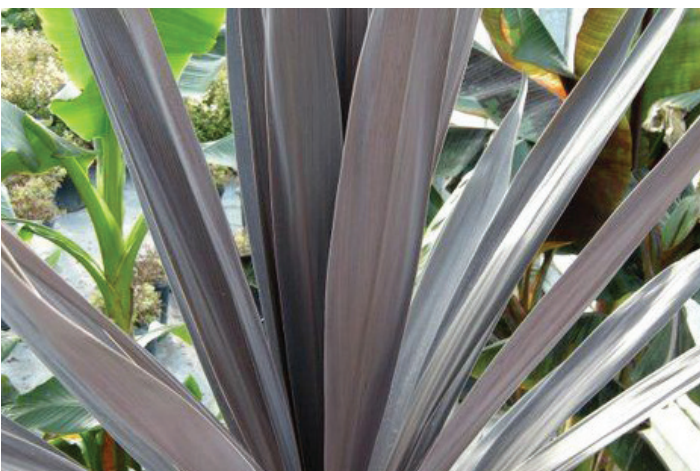

Striking and architectural, Lime Passion is one of the brightest variegations you will see in Cordyline providing an exotic and tropical touch to your garden all year round. Long and slender sword-shaped leaves with bright clean lines of cream and lime green variegation will make the perfect addition to coastal gardens, courtyard gardens and container plantings. Mature plants will display intensely fragrant flowers. Drought and deer resistant. Prefers well-drained soil in sun or part shade.

144-200" x 60-120"

CORDYLINE PINK PASSION | *NEW* | PP# 19,927

A striking bright red with pink variegated variety with an upright growth habit. Pink Passion has a great architectural form and makes a very impressive patio container. Prefers well-drained soil in sun or part shade.

144-200" x 60-120"

CORDYLINE RED SENSATION

A popular variety of Cordyline with wide, purple foliage and a trunking habit.

120-144" x 60-120"

CORDYLINE RED STAR

Also a very popular variety of Cordyline that is very similar to Red Sensation. Compared to Red Sensation, Red Star has a more reddish-colored foliage and the leaves are more narrow.

120-144" x 60-120"

CORDYLIN SOUTHERN SPLENDOUR | PP# 19,102

An upright trunking variety with pale pink on purple variegation. Southern Splendour is a sport of Red Star so it has the same growth habit.

120-144" x 60-120"

CORDYLIN SUPERSTAR | PP# 23,715

A variety with wide, red-purple glossy leaves giving it a tropical look. This is a trunking variety that is fast growing and is great as a specimen or in mixed containers.

36-48" x 36"

CORDYLIN TORBAY DAZZLER

An upright trunking variety with bright creamy-white on green variegation. Torbay Dazzler is one of the brightest Cordylines on the market and is great as a landscape or container specimen.

120-144" x 60-120"
