2020 NATIONAL PLANT OF THE YEAR PROGRAM

Building on the strong success of our National Plant of the Year program, we've expanded the campaign to highlight seven key categories. Our multimedia marketing campaign is guaranteed to build awareness and excitement for this year's award winners. Watch for promotions at consumer shows, through social media, organic and paid online coverage, on billboards and at **www.nationalplantoftheyear.com** this spring.

Classic Caladiums, the leading worldwide breeder and supplier of Caladiums, has joined the Proven Winners team to offer their most unique, exclusive and top performing varieties through our brand. The partnership is a natural fit as Classic Caladiums shares our vision of bringing only the very best genetics to market.

For two decades, Classic Caladiums has refined their production methods to guarantee a consistent supply of top-quality bulbs. Breakthroughs in breeding have resulted in new color patterns and shapes, increased disease resistance and sun tolerance, and season-long color. Proven Winners will now be the exclusive supplier of these improved selections.

As tropicals trend strongly in the market, there has never been a better time to bring Caladiums into your product lineup. They are the perfect solution for gardeners seeking bold "thrillers" for container recipes and to plant en masse in shade gardens.

The Spring 2020 selling season will be supported by extensive marketing efforts. To support such efforts, branded Proven Winners containers and labels will be required for all Caladium varieties.

NEW PROVEN WINNERS ANNUALS FOR 2020

CAMPFIRE® Flame Bidens

SUPERBELLS® DREAMSICLE® Improved Calibrachoa

GOLDILOCKS ROCKS® Improved *Bidens ferulifolia*

CAMPFIRE® Flame Bidens 'INBIDCAMEM' USPPAF CanPBRAF

A more compact, densely mounded habit and improved powdery mildew resistance makes this new bidens easier in production and more manageable in landscapes.

- Replaces Campfire[®] Fireburst
- Deep orange with radiant yellow eye
- Grow in 4.25 Grande[™] containers, monoculture hanging baskets, window boxes and landscapes
- 8-14" height; 10-16" spread
- Full sun
- Vigor 2

GOLDILOCKS ROCKS[®] Improved Bidens ferulifolia ^{'BID 16101' USPPAF CanPBBAF}

Brought down to a more manageable size, this improved bidens will mix much easier with other medium vigor varieties in recipes. Larger, sunfast, true yellow flowers appear from spring to fall.

- Heat and drought tolerant
- Grow in 4.25 Grande[™] containers, recipes, monocultures and landscapes
- 8-14" height; 10-20" spread
- Full sun
- Vigor 3

SUPERBELLS® DREAMSICLE® Improved

Calibrachoa 'INCALDRSIM' USPPAF CanPBRAF

SUPERBELLS® HONEYBERRY

Calibrachoa

Everything you loved about Dreamsicle, but better! Larger, vivid orange flowers bloom early on plants with a tighter, well-branched habit. An essential color for summer and fall recipes.

- Screened for Thielaviopsis resistance
- Grow in 4.25 Grande[®] containers, hanging baskets, recipes and monocultures
- 6-12" height; 12-24" spread
- Part sun to sun
- Vigor 2

SUPERBELLS[®] HONEYBERRY[™] Calibrachoa '**' USPPAF CanPBRAF

A vigorous, soft pink selection with a yellow throat and large flowers that appear early. Excellent consumer performance and a trending color for pastel or vintage style recipes.

- Replaces Superbells[®] Sweet Tart[™]
- Screened for Thielaviopsis resistance
- Grow in 4.25 Grande[™] containers, hanging baskets, recipes and monocultures
- 6-12" height; 12-24" spread
- Part sun to sun
- Vigor 2

SUPERBELLS® Compact Blue Calibrachoa "INCALCOBLU" USPPAF CampBRAF

Tightly branched, early blooming calibrachoa ideal for smaller containers that require less water. Trials demonstrate better longevity without deadheading compared to other compact varieties.

- Deep violet blue flowers
- Screened for Thielaviopsis resistance
- Grow in 4.25 Grande[™] containers, monoculture containers, color bowls and window boxes
- 4-8" height; 10-16" spread
- Part sun to sun
- Vigor 1

SUPERBELLS® Compact Red Calibrachoa "**' USPPAF CanPBRAF

Tightly branched, early blooming calibrachoa ideal for smaller containers that require less water. Trials demonstrate better longevity without deadheading compared to other compact varieties.

- Flaming red flowers
- Screened for Thielaviopsis resistance
- Grow in 4.25 Grande[™] containers, monoculture containers, color bowls and window boxes
- 4-8" height; 10-16" spread
- Part sun to sun
- Vigor 1

SUPERBELLS® Compact White Calibrachoa 'INCALCOWHI' USPPAF CanPBRAF

Tightly branched, early blooming calibrachoa ideal for smaller containers that require less water. Trials demonstrate better longevity without deadheading compared to other compact varieties.

- Sparkling white flowers
- Screened for Thielaviopsis resistance
- Grow in 4.25 Grande[™] containers, monoculture containers, color bowls and window boxes
- 4-8" height; 10-16" spread
- Part sun to sun
- Vigor 1

SUPERBELLS® Double Amber Calibrachoa '**' USPPAF CanPBRAF US Utility US7786342

Elegant gold blossoms with amber venation are fully double, produced on robust plants early in the season. This unique color represents a color expansion to the Superbells Double line.

- Screened for Thielaviopsis resistance
- Grow in 4.25 Grande[™] containers, hanging baskets, recipes and monocultures
- 6-12" height; 12-24" spread
- Part sun to sun
- Vigor 2

SUPERBELLS® Double Blue Calibrachoa 'INCALDOBLU' USPPAF CanPBRAF US Utility US7786342

Cool lilac blue, fully double blossoms are produced on robust, well-branched plants early in the season. An essential color expansion to the Superbells Double line.

- Screened for Thielaviopsis resistance
- Grow in 4.25 Grande[™] containers, hanging baskets, recipes and monocultures
- 6-12" height; 12-24" spread
- Part sun to sun
- Vigor 2

SUPERBELLS® Double Orange Calibrachoa *** USPPAF CanPBRAF US Utility US7786342

Sunset orange, fully double blossoms are produced on robust, well-branched plants early in the season. This zesty hue represents a color expansion to

- the Superbells Double line.Screened for Thielaviopsis resistance
- Screeneu for fineraviopsis resistance
 Grow in 4.25 Grande[™] containers, hanging baskets, recipes and monocultures
- 6-12" height; 12-24" spread
- Part sun to sun
- Vigor 2

SUPERBELLS® BLACKCURRANT PUNCH[™] Calibrachoa 'BBCALB1B01' USPPAF CanPBRAF

This outstanding new selection boasts excellent disease resistance, an early bloom time, large flowers that won't get buried, a dense habit and vivid coloration. A real knockout!

- Deep wine purple with a black eye
- Screened for Thielaviopsis resistance
- Grow in 4.25 Grande[™] containers, hanging baskets, recipes and monocultures
- 6-12" height; 12-24" spread
- Part sun to sun
- Vigor 2

SUPERBELLS[®] WATERMELON PUNCH[™] Calibrachoa [™] USPPAF CanPBRAF

This rock star performer is an easy swap for the discontinued Coralberry Punch[™] in recipes. It bears slightly larger, more brightly colored flowers midseason.

- Coral-watermelon flowers with black eye
- Screened for Thielaviopsis resistance
- Grow in 4.25 Grande[™] containers, hanging baskets, recipes and monocultures
- 6-12" height; 12-24" spread
- Part sun to sun
- Vigor 2

SILVER FALLS[™] Dichondra argentea

An essential spiller for hanging baskets and upright container recipes. Small, metallic silver leaves on long, silvery stems flow like a waterfall, glistening in the summer sun.

- Exceptionally tolerant of heat, humidity and drought
- Grow in 4.25 Grande[™] and 1.0 Royale[™] containers, baskets, recipes and landscapes
- 2-6" height; 18-36" spread
- Part sun to sun
- Vigor 3

DIAMOND SNOW[™] Euphorbia '**' USPPAF CanPBRAF

To make our double-flowered euphorbia easier for growers to use in recipes, we've replaced Diamond Delight[®] with this more vigorous selection whose habit and vigor match Diamond Frost.[®]

- Double, bright white flowers with greater visual impact
- Grow in 4.25 Grande[™] containers, recipes, monocultures and landscapes
- 12-18" height; 12-18" spread
- Part sun to sun
- Vigor 3

HEAT IT UP[™] Scarlet Gaillardia "**' USPPAF CanPBRAF

Produced vegetatively, Heat it Up[™] hybrid Gaillardia are more vigorous, uniform and earlier to flower. Trials have shown excellent resistance to white Gaillardia smut. Extremely long blooming.

- Orange-red with slight yellow tips
- Heat and humidity tolerant
- Grow in 4.25 Grande[™] and 1.0 Royale[™] containers, recipes, monocultures and landscapes.
- 12-24" height; 18-36" spread
- Full sun
- Vigor 3

HEAT IT UP[™] Yellow Gaillardia '**' USPPAF CanPBRAF

Produced vegetatively, Heat it Up[™] hybrid Gaillardia are more vigorous, uniform and earlier to flower. Trials have shown excellent resistance to white Gaillardia smut. Extremely long blooming.

- Solid sunshine yellow flowers
- Heat and humidity tolerant
- Grow in 4.25 Grande[™] and 1.0 Royale[™] containers, recipes, monocultures and landscapes.
- 12-24" height; 18-36" spread
- Full sun
- Vigor 3

This large, bushy, vegetative sunflower becomes covered in flowers, blooming continuously from summer through fall. Its fall flower production far outperforms its leading competitors.

- Uniform, well-branched habit
- Semi-indeterminate bloomer
- Grow in 4.25 Grande[™] and 1.0 Royale[™] containers, monocultures and landscapes
- 24-42" height; 20-32" spread
- Full sun
- Vigor 4

ROCKAPULCO® Orange Impatiens walleriana '**' USPPAF CanPBRAF

A color expansion to the Rockapulco[®] line. Flashy orange, double blossoms that resemble miniature roses appear prolifically from spring to frost without deadheading. A must-have for shade recipes.

- Well-branched, vigorous selection
- Lights up shade gardens
- Grow in 4.25 Grande[™] containers, hanging baskets, recipes, monocultures and landscapes
- 10-20" height; 12-24" spread
- Part shade to shade
- Vigor 2

Sweet Caroline RED HAWK[™] Ipomoea batatas '**' USPPAF CanPBRAF</sup>

Featuring richer red color, improved vigor and rooting, and a more mounding habit, this new cultivar replaces 'Sweet Caroline Red'. Boasts superior color retention in full sun and behaves well in recipes.

- A good match for the well-branched Sweet Caroline Kiwi[™] and Raven[™]
- Specifically screened for oedema
- Grow in 4.25 Grande[™] containers, baskets, recipes, monocultures and landscapes
- 6-16" height; 20-36" spread
- Part sun to sun
- Vigor 3

PATTI'S PINK[™] Isotoma axillaris '**' USPPAF CanPBRAF

Pairs perfectly with Beth's Blue[®]; get the same look but with slightly larger, pink flowers that don't require vernalization to bloom. Makes a unique accent plant or mass planting in landscapes.

- Heat and drought tolerant
- Mounded-shaped habit
- Grow in 4.25 Grande[™] containers, baskets, recipes, monocultures and landscapes
- 10-14" height; 10-14" spread
- Full sun

• Vigor 2

LUSCIOUS[®] GOLDENGATE[™] Lantana camara '**' USPPAF CanPBRAF

A large, densely branched, upright lantana that blooms all season with golden yellow flowers. Like all in the Luscious series, it has low to no seed set and doesn't need deadheading.

- Heat and drought tolerant
- Attracts pollinators but not deer
- Grow in 4.25 Grande[™] containers, recipes, monocultures and landscapes
- 20-30" height; 20-30" spread
- Full sun
- Vigor 3

AROMANCE[™] Pink Nemesia fruticans 'INNEMAROPI' USPPAF CanPBRAF

An improvement over Opal Innocence.[®] Larger, intensely fragrant, brighter pink flowers appear early and hold up through the summer heat and rains. A must-have for spring recipes.

- Increased heat tolerance over older Nemesia
- Strongly fragrant flowers = impulse sales
- Grow in 4.25 Grande[™] containers, recipes, monocultures and landscapes
- 10-18" height; 12-18" spread
- Part sun to sun
- Vigor 2

10

SUNSATIA® Cranberry Red Nemesia 'INNEMCRARE' USPPAF CanPBRAF

An excellent pansy replacement for spring and fall sales, and a good match for Sunsatia[®] Blood Orange[™] Greater flower coverage, neater habit and sunfast color are key improvements.

- Larger, rich cranberry red flowers
- Increased heat tolerance over older Nemesia
- Grow in 4.25 Grande[™] containers, recipes, monocultures and landscapes
- 6-10" height: 12-16" spread
- Part sun to sun
- Vigor 2

BRIGHT LIGHTS[™] Berry Rose Osteospermum '**' USPPAF CanPBRAF

The electric pink flowers of this new Osteospermum are essential for creating lively spring recipes and holiday promos. It displays both cold and heat tolerance.

- Bright pink daisies all season
- Grow in 4.25 Grande[™] containers, recipes and monocultures
- 8-12" height; 8-12" spread
- Part sun to sun
- Vigor 2

BRIGHT LIGHTS[™] Purple Osteospermum "INOSTBLPUR" USPPAF CamPBRAF Perfectly paired with Berry Rose, royal purple daisies bloom early and last long into the season due to increased heat tolerance. A must-have

- color for spring holiday promotions and recipes.
- Grow in 4.25 Grande[™] containers, recipes and monocultures
- 8-12" height; 8-12" spread
- Part sun to sun
- Vigor 2

BRIGHT LIGHTS[™] White Osteospermum '**' USPPAF CanPBRAF

Perfectly paired with Berry Rose and Purple, snow white daisies bloom early and last long into the season due to increased heat tolerance. A must-have for spring holiday promotions and recipes.

- Grow in 4.25 Grande[™] containers, recipes and monocultures
- 8-12" height; 8-12" spread
- Part sun to sun
- Vigor 2

SUNSTAR[™] Lavender Pentas lanceolata '**' USPPAF CanPBRAF

Breakthrough breeding; easy for both northern and southern growers to produce without supplemental lighting. Extra-large flower clusters top full plants that present beautifully in containers and landscapes.

- Durable in summer heat and humidity
- monocultures and landscapes
- 18-22" height; 16-24" spread
- Part sun to sun
- Vigor 2

SUNSTAR[™] Pink Pentas lanceolata '**' USPPAF CanPBRAF

Breakthrough breeding; easy for both northern and southern growers to produce without supplemental lighting. Extra-large flower clusters top full plants that present beautifully in containers and landscapes.

- Durable in summer heat and humidity
- Grow in 4.25 Grande[™] containers, upright recipes, monocultures and landscapes
- 18-22" height; 16-24" spread
- Part sun to sun
- Vigor 2

SUNSTAR[™] Red Pentas Ianceolata '**' USPPAF CanPBRAF

Breakthrough breeding; easy for both northern and southern growers to produce without supplemental lighting. Extra-large flower clusters top full plants that present beautifully in containers and landscapes.

- Durable in summer heat and humidity
- Grow in 4.25 Grande[™] containers, upright recipes, monocultures and landscapes
- 18-22" height; 16-24" spread
- Part sun to sun
- Vigor 2

SUNSTAR[™] Rose Pentas lanceolata 'PEZZ0003' USPP25942

Breakthrough breeding; easy for both northern and southern growers to produce without supplemental lighting. Extra-large flower clusters top full plants that present beautifully in containers and landscapes.

- Durable in summer heat and humidity
- Grow in 4.25 Grande[™] containers, upright recipes, monocultures and landscapes
- 18-22" height; 16-24" spread
- Part sun to sun
- Vigor 2

SUPERTUNIA[®] RASPBERRY RUSH[™] Petunia [™] USPPAF CanPBRAF

Destined to be a top seller, this dynamite Supertunia has major impulse appeal. Lush plants are covered in raspberry pink and white patterned flowers early and last all season without deadheading.

- Great heat and humidity tolerance
- Grow in 4.25 Grande[™] containers, recipes, hanging baskets, monocultures and landscapes
- 6-12" height; 18-24" spread
- Part sun to sun
- Vigor 3

SUPERTUNIA® Sharon Petunia "** USPPAF CanPBRAF

Best double flowered petunia we've trialed. Double, pink and white bicolor, star-patterned flowers are self-cleaning, avoiding botrytis issues. Delivers a phenomenal garden performance all season.

- Early to flower
- Great heat and humidity tolerance
- Grow in 4.25 Grande[™] containers, recipes, monocultures and landscapes
- 6-12" height; 18-24" spread
- Part sun to sun
- Vigor 3

SUPERTUNIA® Mini Vista Indigo Improved Petunia "** USPPAF CAMPBRAF

A rock solid performer in containers and landscapes with a dense, rounded habit. Blooms early with dark indigo purple flowers that transition through gradients of purple shades.

- Great heat and humidity tolerance
- Grow in 4.25 Grande[™] and 1.0 Royale[™] containers, recipes, baskets, monocultures and landscapes
- 6-12" height; 18-24" spread
- Part sun to sun
- Vigor 3

SUPERTUNIA VISTA[®] SNOWDRIFT[™] Petunia [™] USPPAF CamPBRAF

Everything you love about Bubblegum[®] but in snow white. Huge, vigorous, wide spreading plants are blanketed in self-cleaning flowers early in the season. Matches performance of other Supertunia Vistas.

- Vistas: outstanding petunias for landscapes
- Excellent heat and humidity tolerance
- Grow in 4.25 Grande[™] and 1.0 Royale[™] containers, recipes, baskets and landscapes
- 12-24" height; 24-36" spread
- Part sun to sun
- Vigor 4

MOJAVE[®] **Fuchsia Improved** *Portulaca umbraticola* '** USPPAF CanPBRAF Greatly improved with much larger, showier flowers produced above the

foliage for better color impact. A must-have plant for warm climates; perfect for areas with water restrictions.

- Brilliant fuchsia pink flowers
- Heat, humidity and drought tolerant
- Grow in 4.25 Grande[™] containers, recipes, monocultures and landscapes
- 4-8" height; 12-16" spread
- Full sun
- Vigor 2

$MOJAVE^{\circledast} \ Red \ Improved$

Portulaca umbraticola 'POR 16000' USPPAF CanPBRAF

Greatly improved with much larger, showier flowers produced above the foliage for better color impact. A must-have plant for warm climates; perfect for areas with water restrictions.

- Much closer to true red flowers
- Heat, humidity and drought tolerant
- Grow in 4.25 Grande[™] containers, recipes, monocultures and landscapes
- 4-8" height: 12-16" spread
- Full sun
- Vigor 2

ROCKIN'® BLUE SUEDE SHOES[™] Salvia[™] USPPAF CamPBRAF

UNPLUGGED[™] SO BLUE[™] *Salvia*

farinacea

Like our other *S. guaranitica* hybrids, this is a refined, well-branched plant with extraordinary crisp blue flowers that pop against black calyxes. A striking landscape plant and pollinator magnet.

- Grow in 4.25 Grande[™] for early season sales and in 1.0 Royale[™] containers for bigger impact
- Also grows well in upright recipes, monocultures and landscapes
- 30-40" height; 24-30" spread
- Part sun to sun
- Vigor 4

UNPLUGGED[™] SO BLUE[™] Salvia farinacea "**' USPPAF CanPBRAF

Smaller than Playin' The Blues[®] this cultivar is easier to include in upright container recipes. True blue flower spikes appear prolifically all season on well-proportioned plants. A pollinator magnet.

- Heat and humidity tolerant
- Grow in 4.25 Grande[™] and 1.0 Royale[™] containers, upright recipes, monocultures and landscapes
- 14-24" height; 12-16" spread
- Part sun to sun
- Vigor 2

ROCKIN'® BLUE SUEDE SHOES[™] Salvia

COLORBLAZE® WICKED HOT™ Solenostemon scutellarioides (Coleus)

WHIRLWIND[®] Blue Improved Scaevola aemula

WHIRLWIND® Blue Improved Scaevola aemula "**' USPPAF CanPBRAF

A new benchmark in Scaevola breeding. Retains its excellent vigor, but now with better branching and flower coverage very similar to Whirlwind White. A favorite of our trial managers.

- Heat, humidity and drought tolerant
- Grow in 4.25 Grande[™] and 1.0 Royale[™] containers, recipes, monocultures and landscapes
- 8-14" height; 18-24" spread
- Full sun
- Vigor 3

$\textbf{COLORBLAZE}^{\circledast} \textbf{ WICKED HOT}^{\texttt{M}} \textit{ Solenostemon scutellarioides}$

New frilled selection with rich sunset orange foliage, a full habit and good downy mildew resistance. Like all ColorBlaze,[®] it blooms very late or not at all, extending its garden performance.

- Versatile in sun or shade
- Grow in 4.25 Grande[™] and 1.0 Royale[™] containers, recipes, monocultures and landscapes
- 24-34" height; 12-16" spread
- Sun or shade
- Vigor 4

$\textbf{COLORBLAZE}^{\circledast} \textbf{ WICKED WITCH}^{\textsf{M}} \textit{ Solenostemon scutellarioides }$

Striking burgundy coleus with electric green, frilled edges, a full habit and good downy mildew resistance. Like all ColorBlaze,[®] it blooms very late or not at all, extending its garden performance.

- Versatile in sun or shade
- Grow in 4.25 Grande[™] and 1.0 Royale[™] containers, recipes, monocultures and landscapes
- 24-34" height; 12-16" spread
- Sun or shade
- Vigor 4

SNOWSTORM® Blue Improved Sutera cordata "**' USPPAF CanPBRAF

Key improvements include an upgraded spring and summer flowering performance and larger, lavender blue flowers. This plant displays noticeably improved vigor and a fully rounded habit.

- Essential component in recipes
- Grow in 4.25 Grande[™] and 1.0 Royale[™] containers, hanging baskets, recipes, monocultures and landscapes
- 4-10" height; 12-24" spread
- Part sun to sun
- Vigor 2

SNOWSTORM[®] GLACIER BLUE[™] Sutera cordata [™] USPPAF CanPBRAF

Ideal for mixing with other pastel colors in recipes, this light blue, large-flowered selection creates a snowstorm of color all summer long. Displays good heat tolerance and vigor.

- Essential component in recipes
- Grow in 4.25 Grande[™] and 1.0 Royale[™] containers, hanging baskets, recipes, monocultures and landscapes
- 4-10" height; 12-24" spread
- Part sun to sun
- Vigor 2

SNOWSTORM® Pink Improved Sutera cordata 'INSUTSNPIM' USPPAF CanPBRAF

Ideal for mixing with other pastel colors in recipes, this light pink, large-flowered selection creates a snowstorm of color all summer long. Noticeably improved vigor with a fully rounded habit.

- Essential component in recipes
- Grow in 4.25 Grande[™] and 1.0 Royale[™] containers, hanging baskets, recipes, monocultures and landscapes
- 4-10" height; 12-24" spread
- Part sun to sun
- Vigor 2

SNOWSTORM[®] Rose Sutera cordata '**' USPPAF CanPBRAF

A unique color for Sutera; easy to mix in recipes. Large, bright rose pink flowers create a snowstorm of color all summer long. Displays good heat tolerance and vigor.

- Essential component in recipes
- Grow in 4.25 Grande[™] and 1.0 Royale[™] containers, hanging baskets, recipes, monocultures and landscapes
- 4-10" height; 12-24" spread
- Part sun to sun
- Vigor 2

SNOWSTORM® SNOW GLOBE® Improved

Sutera cordata '**' USPPAF CanPBRAF

Key improvements include an upgraded spring and summer flowering performance and larger, snow white flowers. This plant displays noticeably improved vigor and a fully rounded habit.

- Essential component in recipes
- Grow in 4.25 Grande[™] and 1.0 Royale[™] containers, hanging baskets, recipes, monocultures and landscapes
- 4-10" height; 12-24" spread
- Part sun to sun
- Vigor 2

SUPERBENA SPARKLING® Amethyst Improved Verbena "** USPPAF CamPBRAF

A trial manager favorite. Large clusters of bicolor amethyst and white flowers appear early and continue all season. Screened and selected for exceptional resistance to powdery mildew.

- Enduring garden performance
- Grow in 4.25 Grande[™] containers, recipes, hanging baskets, monocultures and landscapes
- 6-12" height; 18-30" spread
- Part sun to sun
- Vigor 3

SUPERBENA SPARKLING® Rosé Verbena "**' USPPAF CamPBRAF

Large clusters of bicolor soft and dark pink flowers similar in size to Violet Ice appear early and continue all season. Screened and selected for exceptional resistance to powdery mildew.

- Enduring garden performance
- Grow in 4.25 Grande[™] containers, recipes, hanging baskets, monocultures and landscapes
- 6-12" height; 18-30" spread
- Part sun to sun
- Vigor 3

PROVEN HARVEST

PROVEN HARVEST COLLECTION EXPANDS FOR 2020

When we entered into the food market last year with the launch of the Proven Harvest[™] Collection, our goal was simple. We wanted to offer incredibly flavorful, high yielding, disease resistant food crops to a new generation of gardeners that is eager to grow and share healthy food with the ones they love.

This year, a new hot pepper and cocktail tomato join our first four introductions whose popularity has delightfully exceeded our expectations. We're predicting exceptional sales for these newcomers, too.

FIRE AWAY[™] Hot and Heavy Capsicum annuum

This compact hot pepper packs a sweet and spicy punch into 2 1/2-3 1/2" long fruits that start green, then mature through yellow, orange and red shades. Shows good resistance to Blossom End Rot.

- Proven Winners NA Exclusive
- Vigorous with prolific fruiting
- Heat: a bit hotter than ialapeño Early fruits are larger and longer: later fruits
- are smaller and rounder
- Crop time from transplant to red fruit: 65-72 days • Grow in 4.25 Grande[™] and 1.0 Royale[™]
- containers, monocultures and landscapes
- 16-24" height; 12-18" spread
- Full sun
- Vigor 2

GOODHEARTED[™] Lycopersicon esculentum

A compact. flavorful cocktail tomato best suited to arowing in upright containers and hanging baskets. Heart- to pear-shaped fruits appear abundantly on sturdy plants. Juicy fruits have a Brix value of 9. twice that of 'Garden Treasure', a perfect blend of sweet and acidic flavors.

- Semi-determinate in the north, determinate in the south
- Crop time from young plant to red fruit: 65-72 days
- Grow in 4.25 Grande[™] and 1.0 Royale[™] containers, hanging baskets, monocultures and landscapes
- 8-12" height; 12-18" spread
- Full sun
- Vigor 2

BERRIED TREASURE[™] Red Fragaria ananassa

'Garden Gem' Lycopersicon esculentum

'Garden Gem'

BERRIED TREASURE[™] Red

- Everbearing patio strawberry
- Perfect for containers; reduced runners
- davlength neutral

- monocultures and landscapes
- Full sun; zones 4-9
- Vigor 2

snack-size fruit • Firm, juicy fruit with smooth flavor • Thrives in heat and humidity

resistance and high vields

- Royale[™] containers, monocultures and landscapes

- Vigor 4

Proven Harvest Branded Containers

Attractive variety specific branded containers tell the story of each Proven Harvest item to motivate consumers to buy. Co-ex containers are available through East Jordan Plastics. (not shown)

NEW PROVEN WINNERS PERENNIALS FOR 2020

'Firefly Amethyst' Achillea USPPAF CanPBRAF (Yarrow)

Bright lavender pink flowers age to light pink on tall, sturdy stems that won't lodge like some varrows. Forms a billowy mound of broad textured foliage.

- Blooms early summer-late summer; good rebloom when cut back
- Deer and rabbit resistant

- Attracts pollinators
- Zones 3-8
- 18-22" height; 32-36" spread
- Full sun

'Firefly Diamond' Achillea USPPAF CanPBRAF (Yarrow)

lvory white flowers are produced on tall, sturdy stems that won't lodge like some varrows. Forms an upright, columnar mound of deep green, ferny textured foliage.

- Blooms early summer-late summer: good rebloom when cut back
- Deer and rabbit resistant
- Attracts pollinators
- Zones 3-8
- 24-28" height; 32-40" spread
- Full sun

'Firefly Sunshine' Achillea USPPAF CanPBRAF (Yarrow)

One of the very best varrows for summerlong color. Bright vellow flowers top the tall, sturdy stems that won't lodge like some varrows. Beautifully contrasting, deep gray-green foliage.

- Blooms early summer-late summer: good rebloom when cut back
- Deer and rabbit resistant
- Attracts pollinators
- Zones 3-8
- 28-30" height; 24-28" spread
- Full sun

'Serendipity' Allium USPPAF CanPBRAF (Ornamental Onion)

A sport of the popular 'Millenium' with blue-green foliage and rosy purple flowers. Easy to produce with no PGRs needed and quick to bloom from bare root in spring.

- Blooms midsummer late summer
- Deer and rabbit resistant
- Attracts pollinators
- Low water needs
- Zones 4-8
- 15-20" height; 10-15" spread
- Part sun to sun

'Firefly Peach Sky' Achillea USPPAF CanPBRAF (Yarrow)

Like a fresh peach, the flowers of this varrow are a blend of light peachy orange and soft yellow tones. They are produced on tall, sturdy stems that won't lodge like some varrows.

- Blooms early summer-late summer; good rebloom when cut back
- Deer and rabbit resistant
- Attracts pollinators
- Zones 3-8
- 32-36" height; 28-32" spread
- Full sun

Athyrium niponicum USPPAF CanPBRAF (Crested Japanese Painted Fern) A beautiful shade loving addition to the Proven Winners Perennials lineup. Similar to Japanese painted fern, but taller and much more vigorous with double crested frond tips.

- Fantastic foliage element for the
- landscape or containers
- Rabbit resistant
- · Best in moist, shaded conditions
- Zones 3-8
- 20-22" height; 28-30" spread
- Part shade to shade

'Jack of Diamonds' Brunnera *macrophvlla* USPPAF CanPBRAF (Heartleaf Brunnera) Similar to 'Jack Frost' but more resistant to anthracnose with larger leaves that overlap dramatically at the base like 'Escargot' Begonia. Finishes from small plugs the same season.

- Blooms mid-spring late spring
- Deer resistant, bee-friendly
- Average to consistent moisture
- Zones 3-8
- 14-16" foliage height: 30" flower height: 28-32" spread
- Part shade to shade

COLOR CODED[™] 'Orange You Awesome' COLOR CODED[™] 'Yellow My Darling' Echinacea USPPAF CanPBRAF (Coneflower)

Selected for its excellent basal branching, longlasting bloom performance and large, full flowers. Produced from tissue culture to ensure uniformity in color and habit.

- Tangerine orange flowers with faint red halo remain attractive as they age
- Earlier to bloom, midsummer late summer
- Deer resistant: attracts pollinators
- Zones 4-8
- 18-22" height; 16-20" spread
- Part sun to sun

• 7ones 3-8

28-36" spread

Echinacea USPPAF CanPBRAF (Coneflower)

in color and habit. • Fully petaled, rich to creamy yellow

- flowers remain attractive as they age
- Blooms midsummer late summer
- Deer resistant; attracts pollinators
- Zones 4-8
- 18-24" height: 16-20" spread
- Part sun to sun

24

'Queen of Hearts' Brunnera *macrophvlla* USPPAF CanPBRAF (Heartleaf Brunnera) Large, heart-shaped leaves with a pronounced silver overlay and dark green veining are more resistant to anthracnose. Forms a full mound that fills out the pot fully for spring sales. • Blooms mid-spring – late spring • Deer resistant, bee-friendly Average to consistent moisture

• 16-18" foliage height; 30" flower height;

Selected for its excellent basal branching, longlasting bloom performance and large, full flowers. Produced from tissue culture to ensure uniformity

'Pink Diamonds' Dicentra USPPAF CanPBRAF (Fern-leaved Bleeding Heart) Not for shade! This alpine variety thrives in sun, producing masses of fragrant, two-toned pink flowers above the ferny, blue-green foliage.

Good grower; large plugs finish the same season.

- Blooms late spring early summer; reblooms until fall
- Deer resistant
- Attracts pollinators
- · Requires well-drained soil
- Zones 3-9
- 12-16" height; 16-18" spread
- Part sun to sun

SHADOWLAND® 'Sound of My Heart' Hemerocallis USPPAF CanPBRAF (Davlily)

From the breeder of 'Going Bananas', Chris Meyer, comes this outstanding reblooming, fragrant, pastel pink daylily with a knockout purple eve and picotee edge.

- Blooms midsummer late summer: reblooms in early fall
- 5" wide flowers open flat for best display
- Dormant tetraploid
- Zones 3-9
- 28" height; 18-24" spread
- Part sun to sun

NEW PROVEN WINNERS PERENNIALS FOR 2020

SUMMERIFIC[®] 'Candy Crush' Hibiscus USPPAF CanPBRAF (Rose Mallow) Similar to 'Cranberry Crush' in its upright, columnar habit, this heavy bloomer produces loads of huge 8", bright bubblegum pink flowers with a dark red eye in summer.

- Blooms from top to bottom of plant in midsummer - late summer
- Forms a shrub-like clump of bright green, dissected foliage
- Zones 4-9
- 4-4 ½' height; 4-4 ½' spread

'Opening Act Ultrapink'

Phlox USPPAF CanPBRAF (Hybrid Phlox)

A color expansion for the series, this early

blooming hybrid phlox bears masses of

disease resistant; reblooms if cut back.

Blooms early summer – midsummer:

• Narrow, dark green, glossy foliage

reblooms into early fall

• 22-28" height; 32-36" spread

Stoloniferous habit

Zones 4-8

Full sun

fluorescent pink flowers. Mildew and

• Part sun to sun

SUMMERIFIC[®] 'Evening Rose' Hibiscus USPPAF CanPBRAF (Rose Mallow)

A must-have for impulse sales, this cultivar with near-black foliage is covered top to bottom with huge 8", hot pink flowers with puckered textured petals in summer.

- Blooms midsummer late summer
- Dense, rounded habit
- Dark, dissected foliage; requires UV light to develop deep coloration
- Zones 4-9
- 4' height; 4 ½-5' spread
- Part sun to sun

'White Profusion' Salvia nemorosa USPPAF CanPBRAF (Perennial Salvia)

A color expansion for the series, this prolific salvia is covered in white flowers in spring. It has excellent rebloom throughout the summer if cut back, resulting in a long sales season.

- Neatly rounded, mounding foliage
- Easy to grow in production
- Zones 3-8
- 16-20" height; 16-20" spread
- Full sun

'Opening Act Pink-a-Dot' *Phlox* USPPAF CanPBRAF (Hybrid Phlox) A color expansion for the series, this early

blooming hybrid phlox is near-white with a dark pink, star-patterned eye. Mildew and disease resistant; reblooms if cut back.

- Blooms early summer midsummer; reblooms into early fall
- Narrow, dark green, glossy foliage
- Stoloniferous habit
- Zones 4-8
- 22-26" height; 30-36" spread

ROCK 'N GROW[®] 'Boogie Woogie' Sedum USPPAF CanPBRAF (Stonecrop)

An exciting new summer blooming sedum with stable variegated, green and creamy yellow foliage. Forms a full, low mound topped with bright yellow flowers that attract pollinators.

- Blooms early summer to midsummer
- Great for rock gardens and troughs
- Rabbit resistant
- Zones 3-9
 - 6-8" height; 16-18" spread
- Full sun

ROCK 'N GROW[®] 'Pride and Joy' Sedum USPPAF CanPBRAF (Stonecrop)

A sport of 'Pure Joy' with the same impeccable low mounded habit but darker green, serrated foliage and a stronger pink flower color. Fantastic presentation in containers.

- Blooms late summer fall
- Attractive seed heads extend the
- season of interest through fall • Rabbit resistant; attracts pollinators
- Zones 3-9
- 10-12" height; 16-20" spread • Full sun

Sedum USPPAF CanPBRAF (Stonecrop)

to late summer bloom time. Glowing yellow

- Dark green leaves with red stems
- Tight habit; no lodging
- Great for landscapes and containers
- Rabbit resistant; attracts pollinators
- Zones 3-9
- 6-8" height; 22-24" spread
- Full sun

26

• Blooms late spring – early summer; rebloomer

- This new groundcover sedum bridges the gap between summer and fall sales with its midsummer
- flowers blanket the low mounded foliage.

MAGIC SHOW[®] 'Purple Illusion' Veronica USPPAF CanPBRAF (Spike Speedwell)

Color expansion for the series. Matches the sturdy habit and large flower size of 'Enchanted Indigo' but in rosy purple. Quick to finish with good vigor and mildew resistant foliage.

- Blooms early summer midsummer
- Bequires vernalization to bloom bulks up quickly in production
- Deer resistant; attracts pollinators
- Zones 4-8
- 16-18" height; 16-18" spread
- Part sun to sun

'Crested Surf' Athvrium niponicum

PROVEN WINNERS DELIVERS 2 BILLION IMPRESSIONS

Every single day, we're reaching out to consumers to communicate our brand promise and build the exposure that is so critical in our customers' success. Our broad reaching marketing campaign delivered over 2,000,000 impressions last year by harnessing the power of all the efforts you see below.

These impressions serve as reminders and motivation for consumers who have never been exposed to the brand in addition to the loyal following we've worked to build. Though the campaign runs all year, it is most heavily weighted during peak selling seasons to help move product when store traffic is high.

Digital Ads – Google advertising is a powerful tool for large scale reach out to the masses. Over one billion impressions were made last year through Google Display Retargeting. We strategically placed ads as consumers browsed Google or its partner websites, creating well-timed placements throughout the buying season.

Print – Print advertisements in U.S. and Canadian gardening and lifestyle magazines run from early spring to fall. In addition, a half million copies of our popular Gardener's Idea Book and 120,000 copies of Gardening Simplified are distributed by request each year.

Radio – Broadcast radio ads featuring Proven Winners ColorChoice shrubs run from Mother's Day to mid-June, targeting 80 million listeners.

Pandora – Pandora internet radio ad campaigns run from May through mid-July targeting 85% female and 15% male listeners, ages 35-64

Websites - 18 million impressions were made in 2018 on provenwinners.com, nationalplantoftheyear.com and beauty.provenwinners.com.

Containers + Tags – Consumers seek out our signature white branded container to know they are buying authentic Proven Winners annuals, perennials and shrubs at retail.

Social Media – We're engaging with consumers every day in the dynamic online communities we've built on social channels including Facebook, Instagram, Twitter, Pinterest and YouTube. In addition, spokeswoman Laura of @Garden Answer does a phenomenal job of highlighting our products while reaching her millions of fans daily.

Billboards – 60 U.S. and 40 Canadian billboard messages are displayed each spring along North America's busiest roadways remind consumers that it's time to shop for Proven Winners.

Sponsorships – Our GardenSmart PBS sponsorship reaches 92% of the country, hitting 96% of the top 25 markets with ads aired on 424 stations. That adds up to 2 million viewers per month, 81% of which are homeowners.
