

The brightly colored flowers of Tall Garden Phlox are a staple item for the perennial garden. Butterflies and hummingbirds adore their sweetly fragrant blossoms. A range of short to tall varieties is offered here.

Tall Garden Phlox

CULTURE:

Tall Garden Phlox prefers a dry start after potting up, but once the shoots begin to appear it is very important to keep plants consistently moist and well-fertilized. Overhead watering should be avoided and the plants should be well-spaced to allow for good air circulation. This will help to prevent powdery mildew and other disease issues. Visit www.WaltersGardens.com for additional growing information.

NEW Phlox 'Chattahoochee'

PHLCHG1, PHLCH72 (Hybrid Phlox) Prized for its fantastic spring bloom. Fragrant, soft lavender blue flowers with a purple eye are produced in loose clusters. Bright green, semi-evergreen, low growing foliage. Short-lived perennial. Best in part shade. 10-12in/LSp/Z4-9/#1 Grade, 72ct ©

Phlox 'Minnie Pearl'
PHLMPG1, PHLMP72 (Tall Garden Phlox) An especially early bloom time, incredible disease resistance, and a slowly spreading habit sets this variety apart. Clusters of large, pure white flowers completely cover the glossy, green foliage over a long period. 15-20in/ESu-LSu/Z3-8/#1 Grade, 72ct ©

Phlox *paniculata* 'Blue Paradise'
PHLBPG1 (Tall Garden Phlox) Lavender blue blossoms with white centers and tiny red eyes are deliciously fragrant. Standing over 3 feet tall, this is a good selection for the back of the border. 40in/MSu-LSu/Z4-8/#1 Grade RC

Phlox *paniculata* 'Bright Eyes'
PHLBEG1 (Tall Garden Phlox) Pale pink flowers with a prominent, hot-pink eye zone. A reliable bloomer. Fragrant blossoms attract butterflies and hummingbirds. This selection has demonstrated a high degree of mildew resistance. 36in/MSu-LSu/Z4-8/#1 Grade RC

Phlox *paniculata* 'David'
PHLDAG1, PHLDA72 (Tall Garden Phlox) Large heads of fragrant, white flowers. Bright green foliage and upright habit. One of the most powdery mildew resistant varieties. 42in/MSu-LSu/Z4-8/#1 Grade, 72ct RC

Phlox *paniculata* 'David's Lavender' PP17793
PHLDLG1 (Tall Garden Phlox) From ItSaul Plants comes this lavender pink selection from the award winning 'David'. We are offering virus-indexed clean stock. 42in/MSu-LSu/Z4-8/#1 Grade ©

FLAME™ Series

(Tall Garden Phlox) This new series of naturally dwarf, compact cultivars is perfectly suited for containers, courtyard gardens, and the middle of the border. All members of this series offer good disease resistance, a bushy habit, and large, fragrant flowers. From Bartels Breeding of The Netherlands.

15-18in/MSu/Z3-8/#1 Grade, 72ct ©

Asexual propagation prohibited.

Coral ('Barsixtytwo' PP22234)

PHLCOG1, PHLCO72 Vibrant coral red.

Phlox paniculata 'Pixie Twinkle' PPAF

(Tall Garden Phlox) Like the Junior Series, these knee high plants exhibit a nicely compact habit, increased mildew resistance, and a very long bloom time. Vibrant flowers are produced on dark, well-branched stems. 15-20in/MSu-EFa/Z4-8/#1 Grade **RC**
Asexual propagation prohibited.

Phlox paniculata 'Pixie Miracle Grace' PPAF

PHLPMG1 Fragrant, lavender purple flowers with a white eye.

Phlox paniculata 'Pixie Twinkle' PPAF

PHLPTG1 Fragrant, baby pink flowers with a darker pink eye.

Phlox paniculata 'Laura'

PHLLRG1, PHLLR72 (Tall Garden Phlox) Rated a top performer! Fuchsia-purple flowers with starry, white centers and dark eyes. Has demonstrated very good mildew resistance. Fragrant blossoms. 24-30in/MSu-LSu/Z4-8/#1 Grade, 72ct **RC**

Phlox paniculata 'Nicky'

PHLNIG1, PHLNI72 (Tall Garden Phlox) Magenta flowers, the darkest of all tall garden phlox, are produced all summer long. Sweetly fragrant. Has demonstrated good mildew resistance in trials. 30-36in/MSu-LSu/Z4-8/#1 Grade, 72ct **RC**

Phlox paniculata 'Orange Perfection'

PHLOPG1 (Tall Garden Phlox) Giant 5-6 in. long panicles of flaming salmon-orange flowers on strong stems. Dense, deep green foliage forms a compact clump. They also make terrific sweetly scented cut flowers. 36in/MSu-LSu/Z4-8/#1 Grade **RC**

Award: RHS

Phlox paniculata 'Red Riding Hood'

PHLRRG1 (Tall Garden Phlox) Vivid clusters of fragrant, cherry-red flowers sit atop strong stems nearly all summer long. A compact variety which attracts butterflies and hummingbirds. Makes a bold color statement. 22in/MSu-LSu/Z4-8/#1 Grade **RC**

Phlox paniculata 'Shockwave' PPAF

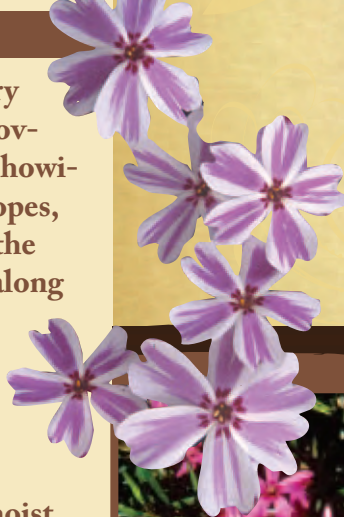

WGI Exclusive Introduction

PHLSKG1, PHLSK72 (Tall Garden Phlox) This fabulous stable variegated sport of 'David's Lavender' offers great impulse appeal. Shocking yellow and green foliage will brighten up any garden or combination container. In summer, the margins lighten to creamy yellow and large clusters of lavender pink flowers with a white starburst center are produced. 12-18in/LSu-EFa/Z4-8/#1 Grade, 72ct **G**

All propagation prohibited. Proven Winners® label and container required.

Recommended Finish Size: Trade 1-GL

Creeping Phlox is a very low-growing, groundcover-type species that is showiest when planted on slopes, among rocks, towards the front of the border, or along pathways. Like most other Phlox, this one prefers full sun. However, it prefers gritty, slightly alkaline soil instead of the fertile, moist soil favored by other species.

Creeping Phlox

GROWING TIPS

- Use a 7 or 8 inch Mum Pan or Azalea Pot. Do not use a standard one gallon container. Wider pots allow more root/soil contact.
- Water thoroughly after potting for good root/soil contact.
- Water lightly until new growth appears.
- Grow plants either in a cool greenhouse (above freezing) with good light levels and air circulation or pot plants about April 1 and place directly outside under white, breathable row cover.
- Water plants through fabric as needed. Remove fabric when flower buds appear. It may be necessary to cover plants again in the event of a late, hard frost.

Phlox subulata 'Snowflake'
PHSSNG1, PHSSN72 (Creeping Phlox) Greatly improved cultivar. Forms a tight, compact, spreading clump of evergreen foliage that overwinters very well. Pure white, snowflake-shaped flowers blanket the foliage.
4-6in/LSp/Z2-9/#1 Grade, 72ct **D**

Phlox subulata 'White Delight'
PHSWDG1 (Creeping Phlox) Large, pure white flowers.
4-6in/LSp/Z2-9/#1 Grade **D**

Physostegia virginiana 'Pink Manners' PPAF
PHYPM20, PHYPM72 (Obedient Plant) Clump forming, pink flowered selection from Darrell Probst. Spikes of pale pink to white buds open to lavender pink flowers with a white throat. Strictly upright, strong-stemmed plant with

fresh green foliage; no staking required.

36in/MSu-LSu/Z3-9/20 & 72ct

Asexual propagation prohibited.

Platycodon 'Astra Double Blue'
PLAADG1, PLAAD72 (Balloon Flower) Interesting balloon-like buds burst open into fully double, bell-shaped flowers. Exceptional branching and thick flower petals make for long-lasting, periwinkle blue blossoms. Has a compact, uniform habit.
8-10in/MSu/Z3-8/#1 Grade, 72ct **S**

Platycodon 'Astra Pink'
PLAAPG1, PLAAP72 (Balloon Flower) Interesting balloon-like buds burst open into bell-shaped flowers. Exceptional branching and thick flower petals make for long-lasting, light pink blooms. Has a compact, uniform habit.
8-10in/MSu/Z3-8/#1 Grade, 72ct **S**

Platycodon grandiflorus 'Double Blue'
PLADBG1 (Balloon Flower) Long-lived and trouble-free

selection. Interesting balloon-like buds burst open into fully double, bell-shaped, violet-blue flowers with darker veining. A very reliable bloomer that is pest and disease-free.
24in/MSu/Z3-8/#1 Grade **S**

Platycodon grandiflorus 'Fuji Blue'

PLAFBG1 (Balloon Flower) Long-lived and trouble-free selection. Interesting balloon-like buds burst open into large 2-2½ inch, deep blue, bell-shaped flowers. A very reliable bloomer that is pest and disease-free.
20in/MSu/Z3-8/#1 Grade **S**

Platycodon grandiflorus 'Fuji Pink'

PLAFPG1 (Balloon Flower) Long-lived and trouble-free selection. Interesting balloon-like buds burst open into beautiful, soft pink, bell-shaped flowers. They keep their color best in semi-shade. A very reliable bloomer that is pest and disease-free.
24in/MSu/Z3-8/#1 Grade **S**

Platycodon 'Astra Pink'

Platycodon grandiflorus 'Double Blue'

Platycodon grandiflorus 'Fuji Blue'

Platycodon grandiflorus 'Fuji Pink'

Platycodon grandiflorus 'Fuji White'

Platycodon grandiflorus 'Sentimental Blue'

Platycodon grandiflorus
'Fuji White'

PLAFWG1 (Balloon Flower)
Long-lived and trouble-free selection. Interesting balloon-like buds burst open into beautiful pure white, bell-shaped flowers. A very reliable bloomer that is pest and disease-free.

12-24in/MSu/Z3-8/#1 Grade ⑤

Platycodon grandiflorus
'Sentimental Blue'

PLASBG1, PLASB72 (Balloon Flower)
Long-lived and trouble-free selection. Interesting balloon-like buds burst open into splendid blue, dwarf bell-shaped flowers. A prolific bloomer that is pest and disease-free. Excellent low-growing border or rock garden plant.

6-8in/MSu/Z3-8/#1 Grade, 72ct ⑤

Polemonium boreale
'Heavenly Habit'

POLHH30 (Jacob's Ladder)
Forms a neatly compact clump of glossy, ferny green foliage topped with fragrant, blue blossoms with a yellow halo and white eye. Larger flowers than the species. Creates wonderful texture in the garden especially when combined with hostas.

18-20in/ESu/Z3-7/30ct ⑤

Polemonium reptans
'Stairway to Heaven'

PP15187
POLSH20, POLSH72 (Variegated Jacob's Ladder)
Large, bushy, vigorous selection with green and white leaves tinged

pink in the spring. Pale lavender blue flowers. Very distinctive and showy.

1-2ft/ESu-MSu/Z3-7/20 & 72ct ①

Asexual propagation prohibited.

Award: PSM

Polemonium reptans
'Touch of Class' PP19768

POLTC20 (Variegated Jacob's Ladder)
A smaller sport of 'Stairway to Heaven'. Forms a low mound of fine lacy foliage; green leaves with a narrow, bright white edge. Pink buds open to pale blue flowers.

From Sunny Border Nurseries.

14in/ESu-MSu/Z3-7/20ct ①

Asexual propagation prohibited.

Polygonatum odoratum
'Variegatum'

POLVAG1 (Variegated Solomon's Seal)
Arching stems lined with variegated green leaves with white edges. This clean foliage turns gold in the fall. Unbranched stems support dangling white flowers. A natural companion to hosta and ferns.

18-24in/LSp/Z3-9/#1 Grade ①

Primula 'Pacific Hybrids'

Primula 'Pacific Hybrids'

PRIPH30, PRIPH72 (English Primrose) Large flower size and clear, vibrant colors. Flowers freely in a wide range of colors including yellow, maroon, lavender, white, pink, and blue-violet. Most have large eyes of contrasting colors.

6-8in/MSp/Z3-8/30 & 72ct ⑤

Primula pubescens Exhibition Series—Mixed

PRIEM30 (Garden Auricula) The most carefree, pest resistant type of Primula. Mixed strain with a broad array of blue, purple, red-violet, yellow, and cream flowers with a prominent yellow or white eye. Fragrant, rounded flower clusters stand above a flat rosette of unusually smooth, leathery, paddle-shaped leaves. From Jelitto. Possibly hardier than Z4.

6-8in/MSp/Z4-8/30ct ⑤

Primula pubescens Exhibition Series—Mixed

Pulmonaria longifolia 'Bertram Anderson'

PULBA30 (Lungwort, Bethlehem Sage) Gentian blue flowers emerge from fuchsia buds. Like other P. longifolia, this selection has long, narrow leaves heavily spotted with silver. It tends to bloom a couple of weeks later than the other varieties.

8-10in/LSp/Z3-9/30ct ①

Pulmonaria longifolia 'Bertram Anderson'

Pulmonaria longifolia 'Roy Davidson'

Pulmonaria longifolia 'Roy Davidson'

PULRD30 (Lungwort, Bethlehem Sage) Leaves are long, narrow, and heavily spotted with silver. They are smaller than many other varieties and stay nice all season. The young flowers are pink, changing to powder blue as they age.

8-12in/LSp/Z3-9/30ct ①

Pulmonaria 'Majeste'

Pulmonaria 'Raspberry Splash' PP12138

Pulmonaria saccharata 'Mrs. Moon'

Pulmonaria 'Majeste'

PULMA30 (Lungwort, Bethlehem Sage) Solid silvery-gray leaves with a very narrow green margin. In spring, light pink buds pop open to reveal darker, bluish-pink flower bells. Especially useful for lightening up shady spots in the garden.

8-12in/LSp/Z3-9/30ct ①

Pulmonaria 'Raspberry Splash' PP12138

PULSP30, PULSP72 (Lungwort, Bethlehem Sage) Top seller! Our most floriferous and robust selection. Produces sizeable clusters of large, bright raspberry pink flowers which age to lilac purple. Forms a large, upright clump of disease resistant, dark green, silver spotted foliage.

10-12in/LSp/Z3-9/30 & 72ct ①

Asexual propagation prohibited.

Pulmonaria saccharata 'Mrs. Moon'

PULMM30 (Lungwort, Bethlehem Sage) Silvery-gray dotted leaves form an attractive mound of foliage that is great for brightening up the shade garden. Magenta-pink buds open to bright blue bells. Excellent under-planting for taller shrubs.

10-12in/LSp/Z3-9/30ct ①

Rhubarb 'Victoria'

RHUVIG1 Huge leaves on thick, green stalks that are reddish towards the base. Use the stalks only to make delicious tart pies and sauces. Produces heavy yields.

2-3ft/MSp-ESu/Z3-9/#1 Grade ⑤

Rhubarb 'Victoria'

Rudbeckia fulgida 'City Garden'

RUDCG30 (Black-Eyed Susan)
Nicely sized for city gardens and containers, this sturdy, upright selection produces loads of golden yellow flowers with a brown cone. It is long blooming, providing a bright spot of color to sunny landscapes.
18-24in/MSu-EFa/Z4-10/30ct ①

Rudbeckia fulgida 'Goldsturm'

RUDGOG1, RUDGOG2, RUDGO30, RUDGO72, RUDGO128 (Black-Eyed Susan) Golden-yellow, daisy-like flowers have a distinct dark brown central cone. Sturdy, upright habit. Long blooming.
24-36in/MSu-EFa/Z4-10/#1 & #2
Grade, 30, 72, & 128ct ⑤

Awards: PPA, RHS
★ ⚙️ 🪴 🗑️ 🌿 🌱 🌿 🌱 🌿 🌱

Rudbeckia fulgida var. sullivantii 'Little Goldstar' PP22397

RUDLG20, RUDLG72 (Black-Eyed Susan) Much more compact, proportional selection compared to 'Goldsturm'. A dome of star-shaped, 2-2½", golden yellow blossoms are carried on very well-branched scapes just above the short, bushy clump of rich green foliage. Looks great in containers. The new standard in Rudbeckia. From Jelitto Perennial Seeds.

14-16in/MSu-EFa/Z4-10/20 & 72ct ①
Asexual propagation prohibited.

Sagina subulata

SAGSU30 (Irish Moss) A creeping, moss-like, evergreen groundcover that forms a tight green carpet. Tiny, white flowers. Nice between

stepping stones or as an underplanting for taller plants. Prefers a sunnier site than most mosses.

2-4in/LSp-MSu/Z4-7/30ct ⑤

Salvia 'Eveline' PP14905

SALEVG1 (Perennial Salvia) Selected by Piet Oudolf for its superior flowers and upright, bushy habit. Large, two-toned light pink and purple flowers are held on tall spikes above a low clump of green foliage.

25in/ESu/Z3-8/#1 Grade ③
Asexual propagation prohibited.

Salvia 'Madeline' PP20456

SALMDG1, SALMD72 (Perennial Salvia) Attractive bicolor with large, showy blossoms. Brilliant violet blue hooded flowers have a white lower lip edged in violet. Tends to rebloom if cut back. Selected by Piet Oudolf for its compact, upright habit, vigorous growth, and free flowering ability.

28-32in/ESu/Z4-8/#1 Grade, 72ct ③
Asexual propagation prohibited.

Salvia nemorosa 'Blue Hill'

SALBHG1 ('Blauhugel') (Perennial Salvia) The closest to true blue of all perennial salvias. Very long-flowering with a wonderful compact habit. Easy to grow in almost any climate. Use in containers or flower borders.

16-20in/ESu/Z3-8/#1 Grade ③
🪴 ⚙️ 🪴 🗑️ 🌿 🌱 🌿 🌱 🌿 🌱
