'Amy Cotta' Rhododendron

DANDY MAN™ Pink Rhododendron

DANDY MAN™ Purple Rhododendron

Rhamnus • Buckthorn

Family: Rhamnaceae (Rham-nus: ancient Greek name for spiny plants)

'Argenteovariegata' (*R. alaternus*)

This handsome Mediterranean native, known as variegated Italian buckthorn, is a versatile plant for warm-climate landscapes that is readily shaped for topiary or hedging. Foliage appears silver but is actually blue-green with an ivory margin. Orange flowers in early summer are followed by red fruit.

USDA 7, AHS 9, 12-14', gr 0.5, foliage interest ☀️🌧️🌿🍂

Item #: 61982 - 2 ¼" • 61984 - 4"

FINE LINE® (*R. frangula*: syn. *Frangula alnus* 'Ron Williams' pp#14,791)

This plant combines the fantastic, fern-like foliage of 'Asplenifolia' with the narrow upright habit of 'Columnaris'. The landscape applications for this plant are endless: narrow hedges, screens, or accent specimen. It's a great choice for the perennial garden, and the narrow habit is well suited to entrances and patio gardens, including container gardens. This non-invasive cultivar produces very little fruit and is an excellent, responsible replacement for older weedy varieties. A university study showed a meager 3% germination rate compared to the species which germinated at 98%. Developed by Ron Williams of Scenic View Nursery in Green Bay, Wisconsin. Awards: Silver Medal Royal Horticulture Society, MOBOT Tried and True.

Rhododendron • Rhododendron

Family: Ericaceae (Rhododendron: From the Greek words for rose, rhodo, and tree, dendron)

'Amy Cotta' (*R. 'Amy Cotta'* pp#11,311)

A heavy-blooming form of 'PJM' rhododendron, 'Amy Cotta' is a slow growing semi-dwarf plant, perfect for sites which call for a compact flowering evergreen. Dense, azalea-like foliage is smaller and darker than that of 'PJM'; plentiful ruffled blooms cover the plant in early spring. Selected by Steve Cotta of Portsmouth Nursery.

USDA 4, AHS 8, 2-3', gr 1.5, spring bloom ☀️🌧️🌸

Item #: 62282 - 2 ¼" • 62284 - 4" • 62285 - Quick Turn

DANDY MAN™ Pink (*R. 'PKT2011'*)

A unique combination of hardiness, heat tolerance and root rot resistance makes this *R. hyperythrum* hybrid a garden workhorse. Pink flowers adorn this attractive, well-branched evergreen during its early/mid-season bloom time. Developed by ARS past president Dr. Leonard Miller of Oklahoma.

USDA 5, AHS 9, 4-8', gr 1, spring bloom ☀️🌧️🌸

Item #: 62465 - Quick Turn

DANDY MAN™ Purple (*R. 'LAVJ2011'* pp#26,976)

This super hardy hybrid from the late Joe Parks has proven to withstand winters in Maine and New Hampshire. You'll love the rich purple blooms and healthy disposition. Pretty and tough, it's a superior evergreen for landscaping.

Sambucus • Elderberry

Family: Adoxaceae (Sambuc-us: from the Latin word for elder tree)

Word is getting out that *Sambucus* can be a fantastic ornamental garden plant. Recent introductions provide a dazzling array of foliage colors such as yellow, copper, white and even black. This is a bold plant with vigorous growth. Most people find that treating it as a perennial, cutting it back hard each fall, makes for a neat and beautiful plant. Adaptable to almost all soils and easy to grow. NOTE: Plants bloom on old wood.

BLACK BEAUTY™ (*S. nigra* 'Gerda' pp#12,305)

Its intriguing dark black foliage will completely change your perception of sambucus. Large pink flowers in summer offer chic contrast with the foliage; black fruit is produced in fall if a pollinator is present. Grow it as a shrub, or cut it back each year and use it as a bold perennial. Developed by Ken Tobutt and Jacqui Prevette of the East Malling Research Station in England. Award: Bronze Medal, Royal Boskoop Horticulture Society; AGM.

LEMONY LACE® Sambucus

LACED UP™ (*S. n.* 'SNR1292' ppaf, cbraf)

If Dr. Seuss were a plant breeder, this is what he'd create. Deeply cut foliage is jet-black, with large pink inflorescences on a narrow, upright plant that curves this way and that. Unlike others, this elderberry holds its dark foliage color all season long, even under poly. A superb container plant that requires no pruning and little spacing. Developed by Ken Tobutt and Fiona Wilson of the UK; formerly known as Strait-Laced®. Plant with another *Sambucus nigra* to get fruit.

DOUBLE PLAY® CANDY CORN™ (S. j. 'NCSX1' ppaf, cbr#)

So colorful, you won't believe your eyes: candy apple red foliage starts the show in early spring. As the season progresses, older foliage transforms to pineapple yellow, creating a unique contrast with the orangy-red new growth. Dark purple blooms in late spring make this one of the most eye-popping spiraea yet!

USDA 4, AHS 7, 1.5-2', gr 1, late spring bloom

Item #: 76902 - 2 1/4" • 76904 - 4" • 76905 - Quick Turn

DOUBLE PLAY DOOZIE™ (S. x 'NCSX2' ppaf, cbr#)

The first-ever sterile, reblooming spirea! Like all of the Double Play® varieties, spring foliage is the opening act. This selection starts the season with vibrant red and lime leaves that darken as the season progresses. The next act is the hot pink-red flowers that open in June and continue on until frost. All of its energy goes into flowering! Developed by Dr. Thomas Ranney and his crew at NCSU.

USDA 3, AHS 8, 2-3', gr 0.5, spring rebloomer

CARDINAL CANDY™ (*V. dilatatum* 'Henneke' pp#12,870)

A special plant with improved hardiness and persistent shiny scarlet red fruit. Fruiting appears strong, even without another pollinator in the area. Discovered in a batch of seed-grown plants after a -30° cold spell killed off all except Cardinal Candy™. Tons of creamy white flowers cover this well-branched, rounded plant in spring. May be easily maintained at a lower height with pruning. Selected by Rod Henneke.

USDA 5, AHS 8, 6-8', gr 1, late spring bloom, fall fruit

Item #: 87232 - 2 ¼" • 87234 - 4" • 87235 - Quick Turn

TANDOORI ORANGE™ (*V. d.* 'SMNVDMDO' ppaf, cbr#f)

The first-ever orange fruited *V. dilatatum* comes from a cross between red fruited Cardinal Candy™ and yellow fruited 'Michael Dodge'. A good production plant that makes an attractive, blooming container. Orange-red autumn foliage adds to its interest. Use Cardinal Candy™ viburnum as a pollinator to ensure abundant fruit set.

USDA 5, AHS 8, 6-8', gr 1, late spring bloom, fall fruit

Item #: 87344 - 4" • 87345 - Quick Turn

Southern witherod viburnum

BRANDYWINE™ (*V. nudum* 'Bulk')

Experience the most beautiful berry display in the plant kingdom with this viburnum from noted plantsman Mark Bulk. It delivers breathtaking color, with berries that transform from green to ivory to vivid pink and blue. This selection sets fruit without a pollinator, but when planted near 'Winterthur' viburnum, both develop abundant berries. Showy glossy leaves change to incredible dark maroon-red in autumn. Native.

USDA 5, AHS 9, 5-6', gr 1, spring bloom, fall color

Item #: 87742 - 2 ¼" • 87744 - 4" • 87745 - Quick Turn

Item #: 89852 - 2 1/4" • 89854 - 4"

Hybrid varieties

HANDSOME DEVIL® (V. 'Le Bois Marquis' pp#21,686)

This elegant, glossy evergreen viburnum was selected for its green, burgundy, and orange-bronze hues in the new growth and in autumn. Lush, dense habit makes an excellent hedge or specimen. Pure white June flowers are followed by red fruit which mature to black. A cross between V. *awabuki* and V. *hillieri* 'Winton', it is a good production plant developed by Minier Nursery. For best fruiting, use V. *odoratissimum* as a pollinator.

USDA 7, AHS 9, 6-8', gr 1, early summer bloom
Item #: 87222 - 2 1/4" • 87224 - 4" • 87225 - Quick Turn

RED BALLOON® Viburnum

HANDSOME DEVIL® Viburnum

SHINY DANCER® (V. 'NCVX1' pp#28,095)

An extraordinary compact viburnum, noted for its surreal waxy leaves that are tinged with an attractive red margin. Abundant ivory flowers adorn this shrub in spring. The dark green, heavily textured, semi-evergreen foliage turns burgundy-red in late autumn. This easy to grow, adaptable landscape plant was developed by Dr. Tom Ranney of NCSU by crossing V. 'Huron' with V. 'Chippewa'. Use either parent as a pollinator for a crop of persistent dark red fruit.

USDA 6, AHS 8, 3-5', gr 1, late spring bloom
Item #: 92204 - 4" • 92205 - Quick Turn

Vitex • Chaste tree

Lamiaceae (Vit-ex: Ancient Greek name used for the plant)

BLUE DIDDLEY® (V. *agnus-castus* 'SMVACBD' pp#26,614)

This dwarf chaste tree is a fun little ball of lavender-blue flower spikes in mid-summer. Its compact size gives it better container presentation than other varieties.

USDA 6(5b), AHS 9, 3-6', gr 1, summer bloom
Item #: 94012 - 2 1/4" • 94014 - 4" • 94015 - Quick Turn

Weigela florida • Weigela

Family: Caprifoliaceae (Weigel-a: Named for C.F. Weigel, 1748-1831, German Professor; florid-a, free-flowering)

CZECHMARK™ Series

Bred and selected for hardiness, extra large flowers and a range of vivid colors, these weigela represent some of the best Czech breeding we've found. The floral display gives them irresistible appeal at retail and in the landscape.

CZECHMARK SUNNY SIDE UP™ (W. f. 'VUKOZ041323' ppaf, cbraf)

A unique and showy weigela with crisp white and yellow flowers that contrast boldly against its dark green leaves.

USDA 4, AHS 8, 3-4.5', gr 1, spring bloom
Item #: 97682 - 2 1/4" • 97684 - 4" • 97685 - Quick Turn

CZECHMARK TRILOGY™ (W. f. 'VUKOZGemini' ppaf, cbraf)

Think of Czechmark Trilogy™ weigela as an improved, more compact 'Carnaval' with larger flowers and more vivid flower hues of white, pink and red appearing at once above the glossy foliage.

USDA 4, AHS 8, height 3-3.5', gr 1, spring bloom
Item #: 97672 - 2 1/4" • 97674 - 4" • 97675 - Quick Turn

CZECHMARK TWOPINK™ (W. f. 'VUKOZ90345' ppaf, cbraf)

A standout in our trial garden, this weigela displays an abundance of large pink flowers, some dark pink and some light pink.

MY MONET® 'Sunset' (W. f. 'Sunset' pp#23,212, cbr#4691)

This unique dwarf weigela has very attractive gold foliage and extraordinary, sunset-hued fall color. Grown primarily for its foliage, it occasionally produces soft, rosy pink flowers. Add it to the front of beds and borders for multi-season color.

USDA 5, AHS 7, 1-1.5', gr 1, foliage interest    

Item #: 94832 - 2 1/4" • 94834 - 4" • 94835 - Quick Turn

SNIPPET™ Series

Snippet™ weigela are the perfect package of this old fashioned favorite: reblooming with a useful rounded dwarf habit.

SNIPPET™ Dark Pink (W. f. 'VUKOZLyra' ppaf, cbr#f)

A hardy dwarf weigela from the Czech Republic with richer, dark pink flower color than 'Pink Poppet' or 'Minuet.' It reblooms quite nicely and can be cycle-pruned to deliver a flowering crop to garden centers through the season.

USDA 4, AHS 8, 1-2', gr 1, spring rebloomer   

Item #: 97802 - 2 1/4" • 97804 - 4" • 97805 - Quick Turn

SNIPPET LIME™ (W. f. 'VUKOZ047213' ppaf, cbr#f)

A hardy dwarf weigela from the Czech Republic with fresh, lime green foliage and pure pink blooms. It also reblooms quite nicely and can be cycle-pruned to deliver a flowering crop to garden centers through the season.

USDA 4, AHS 8, 1-2', gr 1, spring rebloomer   

Item #: 97692 - 2 1/4" • 97694 - 4" • 97695 - Quick Turn

SONIC BLOOM® Series

The Sonic Bloom® series boasts the strongest reblooming ever seen in weigela, with loads of flowers in late spring, followed by waves of flowers until frost. Pruning is not required to get repeat blooms. These beautiful plants extend your garden show and the sales season. Grow all three colors to get the full effect of a Sonic Bloom® weigela!

SONIC BLOOM® Pearl (W. f. 'Bokrasopea' pp#24,585, cbr#4598)

The flowers open pure white with a yellow throat then change to pink, with multiple colors appearing on a single plant. The flowers really pop against the bright green foliage.

USDA 4, AHS 8, 4-5', gr 1, spring rebloomer   

Item #: 96372 - 2 1/4" • 96374 - 4" • 96375 - Quick Turn

SONIC BLOOM® Pink (W. f. 'Bokrasopin' pp#24,572, cbr#4597)

Hot pink buds open to deep pink flowers. A very potent rebloomer.

USDA 4, AHS 8, 4-5', gr 1, spring rebloomer   

Item #: 96142 - 2 1/4" • 96144 - 4" • 96145 - Quick Turn

SONIC BLOOM® Pure Pink (W. f. 'SMNWFRP' ppaf, cbr#f)

A new addition to the Sonic Bloom® series of reblooming weigela. This upright, heavy flowering selection has loads of bright, pure pink blooms and is noted for its exceptional propensity to rebloom.

USDA 4, AHS 8, 3-5', gr 1, spring rebloomer   

Item #: 95502 - 2 1/4" • 95504 - 4" • 95505 - Quick Turn

SONIC BLOOM® Red (W. f. 'Verweig 6' pp#25,132, cbr#4716)

The lipstick-red flowers are remarkable enough to make this a choice selection, but a burst of flowers in May followed by waves of rebloom make it a must-have garden plant.

USDA 4, AHS 8, 4-5', gr 1, spring rebloomer   

Item #: 96242 - 2 1/4" • 96244 - 4" • 96245 - Quick Turn

* Sonic Bloom® is a registered trademark of the Syngenta Group Company.

SPILLED WINE® (W. f. 'Bokraspiwi' pp#23,781, cbr#4655)

Spilled Wine® weigela has dark red, wavy leaves and a spreading habit. Its hot pink-magenta flowers are similar to those of Wine & Roses® weigela, but this is a smaller plant that is wider than it is tall. Perfect for edging or filling in spaces in a sunny border.

USDA 4, AHS 8, 2-3' tall and 3' wide, gr 1, spring bloom ☀️ 🌿 🌸

Item #: 96132 - 2 ¼" • 96134 - 4" • 96135 - Quick Turn

WINE & ROSES® (W. f. 'Alexandra' pp#10,772, cbr#2642)

Now a landscape standard, thanks to its dark burgundy-purple foliage and intense rosy-pink colored flowers. Full sun for darkest color. A "knock your socks off" shrub developed by Herman Geers of the Netherlands. Awards: GMPA; AGM; Silver Medal Boskoop Royal Horticulture Society.

USDA 4, AHS 8, 4-5', gr 1, spring bloom ☀️ 🌿 🌸

Item #: 99002 - 2 ¼" • 99004 - 4" • 99005 - Quick Turn

NEW

SONIC BLOOM® Pure Pink Weigela

"On our clay-laden, new construction lot, I was worried about our landscaping. Of everything we've planted, our Proven Winners Wine & Roses has performed best and most beautifully. It's been a quick grower. It gets lots of hot direct sunlight in the summer months and has thrived—and it flowers phenomenally. It also survived a very harsh southern Michigan winter. We get so many compliments on this shrub, and we love it. I'm going to plant more of these!"

OVER 170 AWARDS – AND COUNTING

When a plant wins an award, it shows the public that the variety has earned a third-party endorsement. This, in turn, helps consumers make buying decisions in an otherwise crowded display of plants at a busy garden center. We include “Award Winner” as the main call-out on our plant tags where appropriate and include this information on our website and the Proven Winners website as well. Here’s a look at some recent award winners:

Spring Meadow Nursery, Inc. Standard Terms and Conditions

1. **BINDING CONTRACT.** These terms and conditions set forth the sole terms for the sale of goods and services by Spring Meadow Nursery, Inc., a Michigan corporation ("Spring Meadow"), and any contract made for the sales of goods and services by Spring Meadow is expressly conditional on Buyer's assent to the terms stated herein. Spring Meadow disclaims, objects and rejects any Buyer document, including a purchase order or confirming order that in any way adds to, varies, conflicts with or attempts to alter these terms. In the event of any dispute between these terms and any document of Buyer, these terms shall control.
2. **PRICES AND TAXES.** All prices are FOB Spring Meadow's place of business. All future orders will be confirmed immediately but are subject to applicable prices at the time of shipment. All prices are subject to change without notice. The amount of any local, state or federal tax levied on the goods is not charged by Spring Meadow due to its agricultural designation and shall remain the sole responsibility of Buyer. Packing and shipping charges are not included in the prices and will be added to the invoice at the time of shipment. Cash in advance accounts will prepay the packing/shipping charge. If actual shipping charges exceed our estimate, Buyer will be responsible for all additional charges incurred. Effective 7/1/2012 Buyer agrees that Buyer will not sell wholesale any Proven Winners® ColorChoice® finished plants at prices less than the Quality Standard Pricing that Spring Meadow assigns to its products from time to time. Quality Standard Pricing is subject to change on an annual basis without notice. Spring Meadow will publish an annual Quality Standard Pricing standard. Please contact the sales department for a copy.
3. **MINIMUM ORDER.** Spring Meadow's minimum order is 1 tray of a cultivar and a total order of not less than 20 trays.
4. **CREDIT ACCOUNTS.** Orders will be accepted on a CASH IN ADVANCE basis only unless a written confidential credit application has been submitted to and approved by Spring Meadow. Processing time is approximately 6 weeks; we encourage customers to apply for terms during the off season, as processing times may be longer during the shipping season. If buyer has established credit in the manner described above, the payment terms are 2% 10 NET 30. Any portion of the order cost not paid in accordance with these payment terms shall bear interest from the due date in the amount of 1.5% per month or at a rate not to exceed lawful limits, until paid. Payment on delinquent accounts is applied first to accrued interest. The early payment discount does not apply when credit cards are used for payment on credit accounts. Buyer shall reimburse Spring Meadow for all actual costs and attorneys' fees incurred in enforcing any term of this agreement. A \$25.00 charge will be assessed for all payments returned for insufficient funds.
5. **CASH IN ADVANCE ACCOUNTS; VISA AND MASTERCARD ACCOUNTS.** A 25% deposit is encouraged for all credit card (Visa, Master Card) and cash in advance orders. Although the deposit is not required, inventory will be allocated first to customers who have set up 2% 10 NET 30 terms, then to orders with a deposit in place. Payment in full must be received 30 days prior to shipping date; credit cards will be charged in full 30 days prior to shipping. Cancelled orders may be charged a processing and/or restocking fee. Freight and packaging for credit card orders will be charged upon shipment.
6. **SHIPPING AND DELIVERY.** All shipments are FOB Spring Meadow's place of business, and all risk of loss and damage to the goods passes to Buyer upon delivery of goods to the common carrier. Any dates or schedules that are specified for delivery of services or goods are stated only approximately, calculated from the date of receipt of Buyer's order. All plant varieties are not available for fall or dormant winter/spring shipment. Spring Meadow will attempt to deliver plants as close as possible to a requested ship date, but reserves the right to adjust the shipping date based on the quality and readiness of the plants. Each tray of plants is boxed, stacked on pallets or racked, and then stretch-wrapped, or netted together as one shipping unit. Palletized or racked shipments are normally a better value than FedEx if Buyer's order exceeds 15 trays. Buyer must notify us in advance if unable to accept a pallet shipment. Spring Meadow ships FedEx in custom designed boxes. Four trays per box, specially packed in an upright position travel to Buyer's door.
7. **SHIPPING DAMAGES CLAIMS.** All shipping damages must be noted at the time of receipt of goods from the carrier. Any box breakage or other obvious damages must be noted in writing on the carrier's bills of lading. Claim forms are available from the carrier.
8. **FORCE MAJEURE.** Spring Meadow shall not be responsible or liable for any delays in service completion due to any cause or condition beyond its control, including, without limitation, fire, flood, earthquake, labor dispute, shortage of materials or supplies, riot or other civil disturbance, war, acts of God or nature, accident, or any acts of any government.
9. **PROVEN WINNERS® COLORCHOICE® FEES.** Proven Winners® ColorChoice® fees are collected to cover patent, trademark, breeder, brand and marketing costs in addition to the listed plant price. Proven Winners® ColorChoice® fees are subject to change without notice.
10. **PROVEN WINNERS BRAND.** Upon the purchase of any patented or trademarked plants from Spring Meadow, Buyer agrees to the following: (a) To purchase and affix the trademark and/or patent tag, which properly identifies the plant, to each plant sold. (b) To clearly identify proper plant names including plant patent numbers and trademark names in all sales literature. (c) To feature the Proven Winners® ColorChoice® branded product line and not affix other branded tags or co-brand with any other brand. (d) To not propagate or aid in the illegal propagation of any Proven Winners® ColorChoice® plant without a license. (e) To sell Proven Winners® ColorChoice® plants in approved Proven Winners® ColorChoice® branded containers. **NOTE: FEDERAL LAW STRICTLY PROHIBITS THE ASEQUAL PROPAGATION OF PATENTED PLANTS, WITHOUT A LICENSE. STATE AND/OR FEDERAL LAW PROHIBITS THE UNAUTHORIZED USE OF TRADEMARKS.**
11. **LIMITED WARRANTY.** Spring Meadow warrants its plants to be true to name, to be inspected by the Michigan Department of Agriculture and certified to be apparently free of dangerous insects and dangerously contagious plant diseases, and to be in good living condition at the time of delivery to the common carrier. Buyer's remedy is limited, in the sole discretion of Spring Meadow, to replacement of any plants determined to be defective and covered by this limited warranty. Replacement plant material will be provided as soon as production plans permit and will be shipped by Spring Meadow at no cost to Buyer.
12. **EXCLUSION OF OTHER WARRANTIES. THE LIMITED WARRANTY STATED ABOVE IS IN LIEU OF ALL OTHER WARRANTIES, EXPRESS OR IMPLIED, AND SPRING MEADOW HEREBY EXPRESSLY DISCLAIMS ANY AND ALL OTHER WARRANTIES OF ANY KIND OR NATURE, INCLUDING WITHOUT LIMITATION ANY IMPLIED WARRANTIES OF MERCHANTABILITY, FITNESS FOR ANY PARTICULAR PURPOSE, OR FUTURE GROWTH. NO WARRANTIES OR REPRESENTATIONS MADE AT ANY TIME BY ANY REPRESENTATIVE OF SPRING MEADOW SHALL BE EFFECTIVE TO VARY OR EXTEND THE LIMITED WARRANTY OR OTHER TERMS.**
13. **LIMITATION OF CLAIMS FOR DEFECTIVE PLANTS.** No plant claims covered by the limited warranty may be brought against Spring Meadow more than ten (10) days after shipment. Claim notification must be in writing. No claims will be paid on plants shipped while dormant.
14. **LIMITATION ON LIABILITY:** Under no circumstance shall Spring Meadow's liability to Buyer exceed the value of this agreement. Under no circumstances, whether arising in contract, tort, equity or otherwise, shall Spring Meadow be liable for consequential, incidental or special damages (including loss of use, lost profits, increased operating or maintenance expense), related to the provision of services or goods.
15. **APPLICABLE LAW:** This agreement shall be deemed made in Ottawa County, Michigan and shall be governed by Michigan law without regard to its conflict of laws principles.
16. **DISPUTE RESOLUTION:** Any action arising out of it shall be governed by Michigan law and shall be brought in the District or Circuit Court for Ottawa County or in the U.S. District Court for the Western District of Michigan. Buyer consents that such courts shall have personal jurisdiction over Buyer as to any such action and that the mailing of any process to Buyer's last known address by registered mail shall constitute lawful and valid service of process.
17. **MISCELLANEOUS:** All notices shall be provided to the addresses set forth in this agreement and if none is provided, to the party's resident. Wherever possible, all terms shall be interpreted consistently. If a conflict arises as to price, payment or delivery, the typed terms on the front page shall control over printed provisions on this side. For any other conflict, these Terms and Conditions shall control. No usage in trade shall create a conflict with these terms. Spring Meadow reserves the right to correct any typographical error in this Agreement. If any provision is determined to be unenforceable, the remainder of this agreement shall remain in full force and effect.
18. **ENTIRE AGREEMENT AND AMENDMENT:** This agreement contains all of the terms of the agreement between Spring Meadow and Buyer as to its subject matter and supersedes all prior oral or written representations, agreements, and other communications between Spring Meadow and Buyer. This agreement may be amended only by a writing signed by Spring Meadow and an officer of Buyer.

STEWARDSHIP

The Depe family believes that giving is a responsibility that accompanies success and is proud to personally support a variety of organizations in their West Michigan community. Their charitable nature extends to Spring Meadow

as well, and our company gives to organizations that embody the spirit of innovation and positive change and that further growth for all of us.

SPRING MEADOW – PROVEN WINNERS SCHOLARSHIP

Because bright, well-trained, qualified people are essential to the nursery industry, we have offered a scholarship to students across the country who are earning their degree in horticulture. We are proud that what started out as a modest offering to one student in 1999 has grown to \$3,500 offered to three students at present. The 2017 recipients were:

Brandon Miller

A graduate student at Iowa State University, Mr. Miller's studies have focused on woody ornamentals and their production. His current research into the root systems of native species of *Carya* aims to make them more production-friendly.

Justin Schulze

After earning his bachelor's in biology, Mr. Schulze made a career change and studied ornamental plant breeding at Oregon State for his master's degree. He is particularly interested in woody evergreens, disease resistance, and developing sterility in invasive landscape plants.

Nicolas Robinson

Mr. Robinson is an undergraduate at the University of Connecticut, where he is exploring his interest in propagation and greenhouse management.

The AmericanHort Foundation

Since 1962, HRI has worked to increase the quality and value of plants, improve the productivity and profitability of the nursery and landscape industry, and protect and enhance the environment. Every time you make a purchase from Spring Meadow, we add ¼ of 1% of your purchase total on to your invoice as a contribution to HRI. Spring Meadow then triples your donation, and these funds are used to support the Spring Meadow Nursery New Plants Fund and the HRI Endowment Fund. These funds foster ground-breaking research that benefits everyone in the ornamental horticulture industry.

HRI's latest initiatives include bee health, boxwood blight, and irrigation run off. We encourage you to learn more about what they are funding and how it can benefit your business at HRIResearch.org.

Spring Meadow Nursery is a long-standing member of IPPS, the International Plant Propagators Society. IPPS is a rich resource for anyone involved in horticulture, and we encourage you and your employees to participate in regional meetings and their informative publications. Visit www.ipps.org for more information.

Thanks to sales of Invincibelle® Spirit and Invincibelle® Spirit II hydrangeas and Pink Day events at garden centers, nearly \$1 million has been raised to support BCRF. One of the most effective cancer charities in North America, 91 cents of every dollar they receive funds life-saving research. Look for the big announcement that our million dollar goal has been met in 2018.

FULL SIZED FLOWERS ON A PINT SIZED PLANT

Introducing Pugster® Amethyst buddleia, the newest addition to the award-winning Pugster® series. Big, full flowers are the color of an amethyst gemstone held to the light, and they emit the sweetest honey fragrance. Pugster® buddleia derive their name from their resemblance to a pug dog – short, stocky, and irresistibly cute. The benefits go beyond their dwarf size: they also have very thick, sturdy stems that not only make the plant less brittle but also give it much-improved resistance to winter damage in cold climates.

Pugster® Amethyst buddleia joins four other luscious colors in the series – blue, periwinkle, pink, and white. All are deliciously fragrant and bloom continuously through summer without deadheading. Coupled with their super-fast growth rate, the Pugster® series ensures easy production and rapid sell-through for maximum profitability.
