

A-Z Listing

Perennials

As the nation's leading wholesale perennial grower, we are excited to offer you a vast selection of over 1,000 new and classic perennials of the finest quality. In this section, you will find an abundance of daylilies, hostas, ground covers, ornamental grasses, vines, and many other perennials. We have something to fill every need from drought tolerant varieties to those that bloom all summer.

Extensive research has been put into the following plant descriptions. While every effort has been made to portray them accurately, please keep in mind that the height, bloom time, and color may differ slightly in various climates throughout North America. Our listings typically describe the characteristics of a three year old plant. They are based on our own experience growing these plants in Michigan as well as numerous other resources.

Achillea Seduction Series

Achillea millefolium
'Saucy Seduction' PP20782

Achillea millefolium
'Strawberry Seduction' PP18401

Achillea millefolium
'Sunny Seduction' PP20808

(Yarrow) This impressive Achillea series is the best we've seen! Unlike older cultivars with a weaker, open habit, these plants have a compact, sturdy and robust habit. Beautiful cultivated looking varieties; great in containers at retail and admirable performers in the landscape. Bred by Sahin.

Asexual propagation prohibited.

rozanne AND FRIENDS

Achillea millefolium 'Saucy Seduction' PP20782

ACHSAG1, ACHSA72 Flowers open intense fuchsia pink, lightening to medium pink. New flowers are produced all summer, providing an array of color over an extended period.

Achillea millefolium 'Strawberry Seduction' PP18401

ACHSSG1, ACHSS72 Large clusters of strawberry red flowers with a gold center form a domed canopy atop a robust, compact, upright clump of grey-green foliage. Mature flowers turn buff yellow, extending the interest late into the season.

Achillea millefolium 'Sunny Seduction' PP20808

ACHSUG1, ACHSU72 Flowers open intense lemon yellow, lightening to pastel yellow. New flowers are produced all summer. A tremendous improvement over 'Moonshine'.

Achillea 'Moonshine'

Achillea 'Moonshine'

ACHMOG1, ACHMO72 (Yarrow) Flat-topped, canary yellow flower clusters and bright silver, ferny foliage. This is a clump-forming selection that blooms over a long period. Plants will rebloom if they are cut back.

18-24in/ESu-MSu/Z3-8/G1, 72ct ©

Aconitum fischeri

Aconitum fischeri

ACOFIG1 (Azure Monkshood) Produces upright spikes of lavender-blue flowers. This species has particularly strong stems that will not require staking. Deeply divided, dark green, glossy foliage.

18-24in/LSu-EFa/Z4-8/G1 ©

Aconitum napellus

Aconitum napellus

ACONAG1 (Common Monkshood) Striking, upright spikes of violet-blue flowers. The deeply divided, dark green, glossy foliage makes this selection attractive even when it is not in bloom. Rarely bothered by pests or diseases.

3ft/MSu-LSu/Z4-8/G1 ©

Agastache
'Blue Fortune'

Agastache 'Blue Fortune'

AGABFG1 (Anise Hyssop) This drought tolerant perennial is very easy to grow and very long blooming. It forms a sizable upright clump of aromatic, green foliage topped with lavender blue flower spikes. Strong stems do not require staking.

24-36in/MSu-EFa/Z4-9/G1 ©

Agastache 'Bolero'

Agastache 'Mango Tango' PPAF

Agastache 'Peachie Keen' PP25886

Agastache 'Rosie Posie' PP25857

Agastache 'Bolero'

AGABO30, AGABO72 (Hyssop)
One of the longest blooming perennials in our gardens. Vivid rose purple flower spikes rise above the bronzy green foliage. Forms a compact, branched clump of aromatic, slug and deer resistant foliage. Well-adapted to dry soils. From Jelitto.

16in/MSu-EFa/Z5-10/30 & 72ct **S**

NC

Agastache 'Mango Tango' PPAF

WGI Introduction
AGAMT30, AGAMT72 (Anise Hyssop) Selected for its compact habit and vibrant flower color. Overall, the plant has a rich, mango-orange color. Individual flowers have dusky rose calyxes and light peach to dusky orange flowers. A deeper shade of orange than 'Peachie Keen'. Flowers cover the top 3/4 of the plant. 16-18in/MSu-EFa/Z6-9/30 & 72ct **C**
Asexual propagation prohibited.

Agastache 'Peachie Keen' PP25886

WGI Introduction
AGAPK30, AGAPK72 (Anise Hyssop) Densely compact, rounded clump of aromatic, bright green foliage is topped with loads of apricot peach flowers with complementary purplish pink calyxes for many months beginning in midsummer (earlier in warmer zones). Easy to grow. 20-24in/MSu-EFa/Z6-9/30 & 72ct **C**
Asexual propagation prohibited.

Agastache 'Rosie Posie' PP25857

WGI Introduction
AGARP30, AGARP72 (Anise Hyssop) Densely compact, rounded clump of aromatic, bright green foliage is topped with loads of hot pink flowers with magenta purple calyxes for many months beginning in midsummer (earlier in warmer zones). Easy to grow. 18-22in/MSu-EFa/Z6-9/30 & 72ct **C**
Asexual propagation prohibited.

Ajuga reptans
'Black Scallop' PP15815

Ajuga reptans
'Burgundy Glow'

Ajuga reptans

'Black Scallop' PP15815

AJUBS30, AJUBS128 (Bugleweed) Attractive smaller-scale groundcover with glossy, near-black, scalloped leaves. Shocking violet blue flowers appear on short spikes in spring. Stays compact without growth regulators.

3-6in/MSp-LSp/Z4-10/30 & 128ct © Asexual propagation prohibited.

PLANT HAVEN, INC

Alcea 'Las Vegas'

ALCLV30 (Fig Leaf Hollyhock) A hardy, longer lived species with fig-shaped leaves borne all the way up the stems. Large, saucer-shaped flowers in flashy shades of red, copper, chestnut brown, yellow, pink, and white appear over a long period. Perennial.

5-6ft/ESu/Z3-9/30ct ©

Alcea rosea 'Fiesta Time'

ALCFT30, ALCFT72 (Hollyhock) This vibrant seed selection produces relatively short spikes of double, cerise pink, fringed blossoms beginning in midsummer. The shorter height makes it more suitable to courtyard gardens and containers than its taller cousins. First year flowering.

**Allium 'Millenium'**

Perennial
Plant of the
Year 2018

**Allium senescens 'Blue Eddy'****Alstroemeria INCA ICE™ ('Koice')****Allium 'Millenium'**
2018 Perennial Plant of the Year™

ALLMIG1, ALLMIG2 (Ornamental Onion) The best perennial Allium we've seen in years! A profusion of large 2in round, bright rosy purple flower clusters appear on strong stems. Forms a picture perfect, compact, upright clump of glossy green, thick and strappy leaves.

15-20in/MSu-LSu/Z5-8/G1 & G2 ⓓ

**Allium senescens 'Blue Eddy'**

ALLBEG1, ALLBEG2 (Ornamental Onion) Named for its attractive, pinwheel-like rosettes of blue-grey to grey-green foliage which resemble "small swirling eddies of water" according to breeder Mark McDonough. 1½in round clusters of light lilac pink flowers appear atop naked stems. Does not reseed.

8-12in/LSu-EFa/Z4-8/G1 & G2 ⓓ

**Alstroemeria INCA ICE™ ('Koice')**

ALSII20, ALSII72 (Peruvian Lily) The Inca Collection®. Forms a bushy, upright clump of linear green leaves which are covered in flowers in summer. Soft apricot pink and creamy yellow flowers are produced in clusters of 20 or more. Bred for garden use. Hardier than most; Overwinters here in zone 6 well.

2-3ft/MSu-LSu/Z5-9/20 & 72ct ⓓ

Alstroemeria INCA JOLI™
('Koncajoli' PP22267)

ALSIJ20, ALSIJ72 (Peruvian Lily)
The Inca Collection®. Bred to be the perfect pot plant. Compact, bushy, green foliage is topped with vibrant orange-red flowers with a splash of gold in the center. Very long blooming; long sales window and season of interest. Has overwintered in Z6 successfully with snow cover.

16-20in/ESu-EFa/Z(5)6-9/20 & 72ct ①

Anemone 'Curtain Call Deep Rose' PPAF

New!

Anemone 'Curtain Call Pink' PPAF

Anemone 'Honorine Jobert'

Anemone *hupehensis* var. *japonica* 'Pamina'

This Anemone will be one of the final performers in your fall garden.

14-18in/LSu-EFa/Z4-8/20 & 72ct ①

Asexual propagation prohibited.

Anemone 'Honorine Jobert'

ANEHJ20, ANEHJ72 (Japanese Anemone) A classic cottage garden perennial; one of the best for late season interest. Single, 2-3in, pure white flowers with yellow centers are produced atop tall, wiry stems over attractive dark green foliage.

3-4ft/LSu-EFa/Z4-9/20 & 72ct ①

Anemone *hupehensis* var. *japonica* 'Pamina'

ANEP20, ANEP72 (Japanese Anemone) A great perennial for late season interest. Deep rosy pink 2½in double flowers top tall, graceful stems which sway beautifully in the wind. Individual petals are elongated and daisy-like.

2½-3ft/LSu-MFa/Z4-8/20 & 72ct ①

Anemone *sylvestris* 'Madonna'

ANEMD30 (Snowdrop Anemone) Improvement over the species; bears larger 2-3in single, pure white, lightly fragrant flowers in spring with some rebloom in fall. More uniform than the species. Makes an excellent groundcover with attractive, dark green foliage.

9-12in/LSp-ESu, EFa/Z3-8/30ct ⑤

Anemone *sylvestris* 'Madonna'

NEW! Anemone 'Curtain Call Deep Rose' PPAF WGI Introduction!

ANECC20, ANECC72 (Japanese Anemone) This perennial produces dark rose pink flowers above a small mound of green foliage. Each flower is lined with a double row of petals. This Anemone will be one of the final performers in your fall garden.

14-18in/LSu-EFa/Z4-8/20 & 72ct ①

Asexual propagation prohibited.

NEW! Anemone 'Curtain Call Pink' PPAF WGI Introduction!

ANEC20, ANEC72 (Japanese Anemone) This perennial produces bright rose pink flowers above a small mound of green foliage. Each flower is lined with a double row of petals.

Anemone 'Whirlwind'
ANEWH20, ANEWH72 (Japanese Anemone) A classic cottage garden perennial; one of the best for late season interest. Produces pure white, 2-3in, semi-double flowers with ruffled petals atop tall, wiry stems above an attractive clump of deep green foliage.
3-4ft/LSu-EFa/Z4-8/20 & 72ct ①

Anthemis tinctoria 'Charme' PP15200
ANTCH30 (Dwarf Golden Marguerite) Selected by Inspiration Plants for its dwarf, compact habit and abundance of golden yellow flowers which bloom for several months beginning in early summer. Does not set viable seed. Drought tolerant.
12-16in/ESu-EFa/Z3-9/30ct ②
Asexual propagation prohibited.

Aquilegia x caerulea 'Origami Mix'
AQUOM30, AQUOM72 (Columbine) This relatively compact, highly floriferous mix includes large 3in, long-spurred, upward facing flowers in a range of colors including blue, pink, red, white, and yellow. It is prized for its uniform, proportional habit and free-flowering ability.
14-18in/LSp-ESu/Z3-9/30 & 72ct ③

Arabis caucasica 'Lotti Deep Rose'
ARALR30 (Rock Cress) A more attractive pot plant than older Arabis. Forms a very uniform, tightly mounded cushion of bright green foliage that becomes blanketed by vibrant magenta pink, non-fading blossoms. Slowly spreading, alpine perennial. From Kieft Seed.
4-6in/MSp/Z4-8/30ct ④

Michigan Grown Astilbe

All of the Astilbes we offer are from our own field grown stock here in Michigan. These plants are not bought in from Europe so they have not gone through the mandatory hot water dip which can affect flowering performance. Our Astilbes deliver a superior performance in containers and the landscape.

Astilbe 'Amber Moon' PP26028 WGI Exclusive

ASBAB20, ASBAB72 Emerges radiant chartreuse yellow with a tinge of red in spring; in summer, the foliage turns to chartreuse green. Tall, strong, blush red stems topped with rose pink flowers are excellent for cutting. *Chinensis* hybrid; exhibits good heat tolerance but is best in shade. Discovered by Darrell Probst.

34-38in/MSu/Z4-9/20 & 72ct ⓘ
Asexual propagation prohibited.

Astilbe 'August Light'

ASBAUG1 ('Augustleuchten')
One of the latest red Astilbes to bloom beginning in midsum-

mer. Long, scarlet red, feathery plumes dance above the bushy clump of dissected, green foliage which emerges deep red in spring. Excellent cut flower. *Arendsii* group.

28in/MSu-LSu/Z4-9/G1 ⓘ

Astilbe 'Bressingham Beauty'

ASBBBG1 This tall selection bears long, gracefully arching plumes of dusty salmon rose flowers beginning in early summer. The attractively dissected, green foliage forms a bushy clump. Introduced through Blooms of Bressingham®. *Arendsii* group.

36in/ESu-MSu/Z4-9/G1 ⓘ

Astilbe 'August Light'

Astilbe 'Bressingham Beauty'

Astilbe 'Bridal Veil'

Astilbe 'Bridal Veil'

ASBBVG1 ('Brautschleier') The classic white Astilbe. Lacy white panicles gently droop at the tips, lending a frothy look to the clump. Deep green, glossy foliage. Makes a good cut flower. *Arendsii* group.

28in/ESu/Z4-9/G1

Astilbe 'Burgundy Red'

ASBBRG1 Dark red scapes carry raspberry colored buds which open to rich burgundy red, triangular flower plumes. As the flowers age, they turn a vibrant shade of fuchsia. Glossy, deep green, finely dissected foliage. *Arendsii* group.

18-20in/ESu-MSu/Z4-9/G1

Astilbe chinensis

'Little Vision in Pink' PP21886

ASBLPG1 (Chinese Astilbe) Offers the same great traits as the original but in a smaller package. Perfectly sized for containers or the border's edge. Fuzzy, pyramidal shaped, rose pink plumes are presented atop the clump of dark green foliage.

14-16in/MSu/Z4-9/G1

Asexual propagation prohibited.

Astilbe chinensis

'Little Vision in Purple' PP21855

ASBLVG1 (Chinese Astilbe) A more compact version of 'Visions', this Astilbe has more finely dissected leaves and darker colored flowers. Forms a dense block of fuzzy, pyramidal shaped, lavender plumes just above the dark green foliage.

12-15in/MSu/Z4-9/G1

Asexual propagation prohibited.

Astilbe chinensis 'Maggie Daley'

ASBMDG1 (Chinese Astilbe) Bright lavender-purple plumes are dense and fuzzy. The shiny, dark green foliage is attractive even when the plant is not in bloom.

28in/MSu-LSu/Z4-9/G1

Astilbe chinensis 'Milk and Honey'

ASBMHG1 (Chinese Astilbe) A white Astilbe that holds up under sun and mild drought! Creamy white plumes turn light pink as they age. Bushy foliage is somewhat marbled with green & silver when young. Vigorous; prolific bloomer.

Astilbe chinensis 'Maggie Daley'

Astilbe chinensis 'Milk and Honey'

Astilbe chinensis 'Pumila'

ASBPUG1 (Dwarf Chinese Astilbe) Lilac-pink flowers on fuzzy, stiff plumes. One of the last Astilbes to bloom. Mid-green leaves form a low carpet of foliage. A popular dwarf, groundcover-type.

10in/LSu-EFa/Z4-9/G1 Ⓢ

Astilbe chinensis 'Purple Candles'

ASBPCG1 ('Purpurkerze') (Chinese Astilbe) Dense, poker-like plumes emerge rich violet-red, then lighten up as they age. Bold, dark green foliage with a coarse texture. Has a unique look; makes a strong color statement in the garden.

42in/MSu/Z4-9/G1 Ⓢ

Astilbe chinensis 'Vision in Red' PP11965

ASBVRG1 (Chinese Astilbe) Deep red buds open to pinkish-red flowers on dense, fuzzy plumes. Red stems and bronze-green foliage enhance the vibrant blossoms. Forms a robust clump.

15in/MSu/Z4-9/G1 Ⓢ

Asexual propagation prohibited.

Astilbe chinensis 'Visions'

ASBVIG1 (Chinese Astilbe) Raspberry pink plumes are sweetly fragrant with a dense, pyramidal shape. Large, clear green leaves with a coarse texture form a robust clump.

14-16in/MSu/Z4-9/G1 Ⓢ

Astilbe 'Delft Lace' PP19839

ASBDLG1 Red stems carry panicles of deep salmon pink buds which open to soft apricot pink flowers. Forms a robust clump of lacy, deep blue-green, waxy foliage. Foliage displays some burgundy fall color. An improvement over 'Peach Blossom'. From AB Cultivars. Japonica group.

24-36in/ESu/Z4-9/G1 Ⓢ

Asexual propagation prohibited.

Astilbe 'Deutschland'

ASBDEG1 Pure white, open, lacy panicles dance above the glossy, deep green foliage. Attractive even when the plant is not in bloom. Great for brightening up shady gardens. Japonica group.

24-30in/ESu/Z4-9/G1 Ⓢ

Astilbe chinensis 'Pumila'

Astilbe 'Delft Lace' PP19839

Astilbe 'Deutschland'

Astilbe 'Fanal'

Astilbe 'Fanal'

ASBFAG1 Blood red flowers are presented in upright spires. One of the earliest reds to bloom. Foliage is mahogany red in spring, turning green by summer. A very popular red variety. Vigorous grower. *Arendsii* group.

20in/ESu/Z4-9/G1 

**Astilbe 'Montgomery'**

ASBMOG1 Dark magenta red, triangular-shaped plumes are borne on darker red stems. Leaves emerge with a bronze-red tint in spring, then turn dark green. *Japonica* group.

20-24in/MSu/Z4-9/G1 

Astilbe 'Montgomery'

Astilbe 'Peach Blossom'

Astilbe 'Peach Blossom'

ASBPBG1 Delicate peach flowers with a hint of pink. Full plumes lend a frothy appearance to the clump. Glossy, green foliage. *Japonica* group.

24in/ESu/Z4-9/G1 

Astilbe 'Red Sentinel'

ASBRSG1 Vibrant scarlet-red flowers are held in open, lacy panicles. Forest green foliage and mahogany-red stems. One of the best reds. *Japonica* group.

20-24in/ESu-MSu/Z4-9/G1 

Astilbe 'Rheinland'

ASBRHG1 Clear rose-pink flowers are held in large, diamond-shaped panicles. Very floriferous and vigorous. Large, mid-green leaves. One of the best early pink Astilbes. *Japonica* group.

24in/ESu/Z4-9/G1 

Astilbe 'Red Sentinel'

Astilbe 'Rheinland'

Astilbe 'Rise and Shine'

Astilbe 'Snowdrift'

Astilbe 'Rise and Shine'

ASBRAG1 Large 8in, hot pink, pyramidal plumes on strong stems. Superior genetics result in a more solid root structure and vibrant flower color. *Chinensis* hybrid; exhibits increased sun and drought tolerance.

27in/MSu/Z4-9/G1 

Astilbe 'Snowdrift'

ASBSNG1 A classic white Astilbe with wide, diamond-shaped plumes. The shiny, green leaves remain attractive even when the plant is not in bloom. Introduced through Blooms of Bressingham®. *Arendsii* group.

24in/ESu-MSu/Z4-9/G1

Baptisia DECADENCE® 'Lemon Meringue' PP24280

Baptisia DECADENCE® 'Blueberry Sundae' PP23891

WGI Introduction
BAPBSG1, BAPBS72 (False Indigo) More vibrant, indigo blue flowers and a shorter, well-branched habit set this variety apart from *B. australis*. Deep blue-green foliage forms a compact, upright mound topped with an excellent floral display. Decorative seed pods in fall.
3ft/LSp-ESu/Z4-9/G1, 72ct ©
All propagation prohibited.

Baptisia DECADENCE® 'Cherries Jubilee' PP23907 WGI Introduction

BAPCG1, BAPCJ72 (False Indigo) Uniquely beautiful maroon and yellow flowers are held on strong scapes above the densely branched, blue-green foliage. Flowers age to gold. Secondary branching on flower stems makes this variety especially floriferous. Decorative seed pods follow in fall.
2½-3ft/LSp-ESu/Z4-9/G1, 72ct ©
All propagation prohibited.

Baptisia DECADENCE® 'Dutch Chocolate' PP23872 WGI Introduction

BAPDCG1 (False Indigo) Rich velvety chocolate purple flowers are held on upright stems above the densely compact, deep blue-green foliage. Decorative seed pods follow in fall. Foliage starts lower on the stems, covering the base. Vigorous grower.
2½-3ft/LSp-ESu/Z4-9/G1 ©
All propagation prohibited.

Baptisia DECADENCE® 'Lemon Meringue' PP24280 WGI Introduction

BAPLMG1, BAPLM72 (False Indigo) Impressive vigor compared to other yellow Baptisias. Forms an upright, vase-shaped mound of attractive blue-green foliage topped with long, charcoal stems carrying charcoal buds and lemon yellow flowers. Seed pods in fall.
3ft/LSp-ESu/Z4-9/G1, 72ct ©
All propagation prohibited.

Baptisia DECADENCE® 'Sparkling Sapphires' PP27904

Baptisia DECADENCE® 'Sparkling Sapphires' PP27904

WGI Introduction

BAPSSG1, BAPSS72 (False Indigo) Intensely vibrant color will stop you in your tracks! Vivid violet blue blossoms with a pale yellow keel are produced on eight inch long spikes over grey-green leaves. Its compact habit makes it easy to fit into any garden. Decorative seed pods follow in fall.

2½-3ft/LSp-ESu/Z4-9/G1, 72ct ☉

All propagation prohibited.

Baptisia DECADENCE® 'Vanilla Cream' PP25663

Baptisia DECADENCE® 'Vanilla Cream' PP25663

WGI Introduction

BAPVCG1, BAPVC72 (False Indigo) Forms a very well-branched clump of grey-green foliage which emerges a beautiful shade of bronze in spring. 10in spikes of pastel yellow buds open to creamy vanilla flowers followed by seed pods in fall.

2½-3ft/LSp-ESu/Z4-9/G1, 72ct ☉

All propagation prohibited.

Correctly Potting Your Bare Root Baptisias

In order to properly grow out Baptisias the most important step is potting. Premium 1-gallon pots are a good size, especially if you are planting in early spring.

Plant one plant per pot, sifting soil to fill in all gaps below the root structure. If air pockets remain and the soil settles too much of the root can be exposed. If the roots do not fit neatly in the container, you can trim them again right before potting. Avoid leaving any root exposed, else the roots risk drying out and the plant will perform poorly.

Notice how the pot on the left has the eyes barely visible while in the pot on the right they are completely exposed. The difference is seemingly slight but very crucial for the successful growing of baptisia from bare root.

Correctly Potted

Incorrectly Potted

B**New!****Baptisia australis****Baptisia 'American Goldfinch' PPAF****Baptisia 'Brownie Points' PP26624****Baptisia 'Grape Taffy' PP26587****Baptisia 'Indigo Spires' PP26750****Baptisia australis**

BAPAUG1 (Blue False Indigo) Showy indigo-blue flowers carried on tapering spikes up to 1ft long. They are held just above the dense, bushy mounds of soft blue-green leaves. Black seed pods are present from fall into winter. 4ft/MSp-LSp/Z3-9/G1 

**NEW! Baptisia 'American Goldfinch' PPAF**
WGI Introduction

BAPAGG1, BAPAG72 (False Indigo) Golden yellow flower spikes rise up above its wide habit. One of the most floriferous Baptisia we offer. Attractive round seed pods in the fall. The perfect specimen for filling large spaces in your garden or for mass plantings. 3-3½ft/LSp-ESu/Z4-9/G1, 72ct 
Asexual propagation prohibited.

**Baptisia 'Brownie Points' PP26624**
WGI Introduction

BAPBPG1 (False Indigo) This one is sure to win performance points in your garden! Caramel brown flowers with yellow keels are borne on 10in spikes. Intense brown color does not fade to yellow like some bicolors do. Remains in bloom long after other varieties are past peak. 3-3½ft/ESu/Z4-9/G1 
Asexual propagation prohibited.

**Baptisia 'Grape Taffy' PP26587**
WGI Introduction

BAPGRG1, BAPGR72 (False Indigo) One of the most compact Baptisia to date. The flowers look like grapes on a vine, each flower accented by a buff yellow keel. Color break for Baptisia: reddish-purple

instead of the typical deep blue. Green foliage looks attractive even when the flowers are not in bloom.

2-2½ft/LSp-ESu/Z4-9/G1, 72ct 
Asexual propagation prohibited.

**Baptisia 'Indigo Spires' PP26750**
WGI Introduction

BAPISG1, BAPIS72 (Blue False Indigo) Very impressive, floriferous selection with a perfect habit. Glaucous green foliage forms a densely branched, fully rounded clump with little bare stem at the base. 12-15in spikes of deep violet purple flowers with a yellow keel are borne prolifically. 3½-4ft/ESu/Z4-9/G1, 72ct 
Asexual propagation prohibited.

Belamcanda chinensis 'Freckle Face'

**Belamcanda chinensis
'Hello Yellow'**

**Bergenia cordifolia
'Winter Glow'**

Bergenia 'Sakura'

Baptisia 'Lavender Stardust' PPAF
WGI Introduction

BAPLSG1, BAPLS72 (False Indigo) Extremely long, 18in lilac purple flower spikes with pale yellow keels rise above the full, wide clump of foliage. Flowers lighten to dusty lavender purple with age. Great upright selection.

3-3½ft/LSu-ESu/Z4-9/G1, 72ct ④

Asexual propagation prohibited.

Belamcanda chinensis

BELCHG1 (Blackberry Lily) Star-shaped flowers about 2in wide vary in color from bright yellow-orange to near red, and are heavily spotted with red. Tan, pear-shaped seed pods burst open to reveal clusters of black seeds in fall.

24-36in/LSu/Z4-10/G1 ⑤

Belamcanda chinensis 'Freckle Face'

BELFFG1 (Blackberry Lily) A profusion of 2in wide, showy orange blossoms with heavy red speckling and shading are produced atop a clump of green, sword-shaped foliage. Tan, pear-shaped seed pods burst open to reveal clusters of black seeds in fall. Resistant to leaf spot.

18-24in/LSu/Z4-10/G1 ⑤

Belamcanda chinensis 'Hello Yellow'

BELHYG1 (Blackberry Lily) A profusion of bright yellow, unspotted, star-shaped flowers are produced above a compact clump of green, sword-shaped leaves. Interesting tan, pear-shaped seed pods burst open to reveal clusters of black seeds in fall.

18-24in/LSu/Z4-10/G1 ⑤

Bergenia cordifolia 'Winter Glow'

BERWI30, BERWI72 ('Winterglut') (Heartleaf Bergenia, Pigsqueak) Shiny, evergreen, cabbage-like leaves with a unique leathery appearance. Turns reddish-bronze in fall and winter. Bright pinkish red flowers in clusters on thick stems. A durable groundcover.

12-15in/ESp-LSp/Z3-8/30 & 72ct ⑤

Bergenia 'Sakura'

BERSA20, BERSA72 (Heartleaf Bergenia, Pigsqueak) Flowers have a beautiful, bold color that is easily spotted from a distance. Flowers open light pink and mature to medium pink with dramatic dark pink veining. Flowers are nearly four times as big as *B. purpurea*. Oval-shaped, thick green leaves.

16in/ESp-LSp/Z4-9/20 & 72ct ①
