Your Trusted Daylily Source

Walters Gardens is committed to providing our customers with true to name plants. We are concerned about variability in daylilies from tissue culture, both in flowering performance and in overall characteristics. For this reason, all of the daylilies we offer are grown from field divisions. You can be confident that our true vegetative stock will deliver a consistent, uniform performance. All of our daylilies are pest resistant and free of daylily rust.

Abbreviation Codes

VE	Very early bloom; Late May - Early June
E	Early bloom; June
EM	Early midseason bloom; early July
M	Midseason bloom; July
ML	Late midseason bloom; late July
L	Late bloom; August
VL	Very late bloom; mid to late August
RE	Usually repeats bloom
EXT	Extended bloom: flowers remain open for at least 16 hrs.
NOC	Nocturnal; buds open in late afternoon and remain open through all or part of the next day
FR	Fragrant
D	Dormant foliage
SE	Semi-evergreen foliage
EV	Evergreen foliage
DIP	Diploid
TET	Tetraploid

Trimmed Roots

We trim the roots of all daylilies before they are shipped. In our trials, trimming the roots did not set the plants back at all and in some cases, trimming actually resulted in increased rooting. Trimmed roots are also faster for our customers to pot up, weigh less in shipping, and result in less waste.

Premium Daylilies

For customers looking for some guidance selecting the top daylilies of each color class, look no further than our premium varieties. Each of our premium daylilies is trialed, studied, and observed for an average 6-10 years before introduction by our experienced Daylily Growers. These are the very best daylilies we offer.

Asexual propagation prohibited.

**Hemerocallis 'Baby Moon Cafe'
Premium Daylily**

HMBMCG1, HMBMCG2 (Trimmer) Similar in appearance to the highly regarded 'Custard Candy' but with a higher bud count on more well-branched scapes, fragrant blossoms, and perfect flower form. Creamy butter yellow, diamond dusted flowers with a narrow, wine-purple eye. Strong, vigorous grower. Traits: 22in-EM-RE-FR-D-TET-3in- G1 & G2

**Hemerocallis 'Bela Lugosi'
Premium Daylily**

HMBELG1, HMBELG2 (Hanson) Widely regarded as one of the best purple daylilies on the market. Outstanding saturated true purple blooms with a lime green throat. Very sunfast for such a dark color. A strong grower, well-branched, and heavily budded. Out of this world!

Traits: 33in-M-SE-TET-6in- G1 & G2

**Hemerocallis 'Big Time Happy'
HAPPY EVER APPSTER® Daylilies**

HMBTHG1, HMBTHG2 (Apps) This reblooming daylily shares a similar canary yellow flower color to the popular 'Happy Returns', but boasts 4in wide flowers, nearly an inch wider. Slightly ruffled petals open flat to display the rich yellow color.

Traits: 18in-E-EXT-FR-D-DIP-4in-G1 & G2

**Hemerocallis 'Adorable Tiger'
Premium Daylily**

HMATDG1, HMATDG2 (Rasmussen) Displaying clear, vibrant colors, this daylily produces golden orange flowers with a very prominent, sienna red eye. The eye covers half of the petals and there's an extra wide, red picotee edge too. Makes quite a statement, even from a distance.

Traits: 26in-M-FR-D-TET-4-5in- G1 & G2

Hemerocallis 'Alabama Jubilee'

HMALJG1 (Webster) One of brightest colored daylilies we offer! Huge, fragrant, red-orange blossoms with a deeper red band and gold throat are presented on strong, well-branched scapes. The thick, ruffled petals hold up well in the hot summer sun. Outstanding pest resistant foliage. Grows well in the north and south. Traits: 30in-EM-FR-D-TET-7in-G1

Hemerocallis 'Black Eyed Susan'

HMBESG1 (Stevens) Rich yellow-orange tepals with a maroon eye and orange throat. Petals are lightly crimped, and have good substance. High bud count. Consistent rebloomer in northern regions.

BREEDER PROFILE

Chris Meyer

Walters Gardens, Inc. daylily hybridizer Chris Meyer became interested in hybridizing daylilies in the early 1990s when he made the initial cross that eventually resulted in the introduction of Hemerocallis 'Going Bananas' PP17164. According to Chris, only a few seedlings out of a thousand are unique enough to merit introduction. We are proud to offer you 'Elegant Explosion' (pg. 99), 'Orange Smoothie' (pg. 103) and 'Going Bananas' from Chris Meyer.

Hemerocallis 'Passion for Red'
Premium Daylily

HMPFRG1, HMPFRG2 (Stamile) An advancement in red daylily breeding. Very sunfast, extremely vibrant red flowers have a contrasting yellow eye/throat zone visible on all 6 tepals. Very large, fragrant blossoms are carried on thick, 3-4 way branched scapes atop vigorously growing plants.

Traits: 27in-EM-RE-FR-SE-TET-6¾in- G1 & G2

Hemerocallis 'Passion for Red'

BREEDER PROFILE *Darrel Apps*

Darrel Apps first developed his passion for breeding daylilies when he worked for the University of Kentucky and saw how well the plants performed in the hot summers there. He made his first cross in 1969 and continued for several decades. Much of Dr. Apps' work has been focused on developing varieties which thrive in northern climates.

Through Centerton Nursery, Dr. Apps and Denny Blew developed the Happy Ever Appster® and Jersey Earlybird™ Daylilies. All are very long blooming cultivars, some are early blooming. Look for (Apps) in our daylily descriptions to identify cultivars developed by this talented hybridizer.

BREEDER PROFILE

Karol Emmerich

After more than 20 years of sitting behind a desk as a corporate executive, Karol Emmerich of Springwood Gardens in Minnesota decided she needed a lot more color in her life! Ever since she "retired" in 1993, she has been creating beautiful gardens and the daylilies that grow in them. Her goal has been to create large, northern hardy, fancy daylilies with great color, good scapes, instant rebloom, and inspiring names. Since 2003, she has introduced more than 175 different cultivars, many of which have won awards from the garden judges of the American Hemerocallis Society.
