RESOLUTION NO. 67482

BE IT RESOLVED by the Council of the City of San Diego, as follows:

ALLEN H. WRIGHT - A MAN

No greater eulogy can be pronounced. A true friend, a devoted public servant for twenty-eight years as City Clerk, truly the warmth of the great central sun of human kindness has been lessened.

Appreciating and understanding that expressions of condolence wholly fail in compensation, yet the City Council of the City of San Diego desires to publicly express the heartfelt sympathy of a sincere community to his immediate family.

He was a public servant always, an official rarely. His interest in public affairs has never faltered and his understanding, affability and uniform courtesy to all his fellow men made him beloved and respected and a universal favorite.

It can truly be said that in his public duties and in his social circle he always did his part nobly and was a monumental ornament of A MAN.

And it is deemed eminently fitting and proper that this token of respect for his memory be made a matter of perpetual record by being spread upon the minutes of this body and that the Acting Clerk of the City Council transmit a copy hereof to his bereaved family as an expression of our sympathy for their loss.

WHEREAS, pursuant to an application heretofore made by The City of San Diego for a Federal grant to aid in financing the construction of extensions to the City's sanitary sewer system and sewage treatment plant, including the acquisition of necessary lands and rights of way therefor, the Federal Emergency Administration of Public Works did recently, to-wit, under date of June 24, 1938, offer a grant of forty-five per cent of the estimated cost of said work, to-wit, the sum of nine hundred thousand dollars (\$900,000.00), provided the City could and would provide fifty-five per cent of such cost, to-wit, the sum of one million one hundred thousand dollars (\$1,100,000.00) - (Docket No. Calif. 1291-F); and

WHEREAS, in order to provide the City's proportion of the cost of said project it would be necessary to call a special election and secure authorization by a two-thirds vote at such election to issue bonds in said amount of one million one hundred thousand dollars (\$1,100,000.00); and

WHEREAS, although the City administration is deeply appreciative of the Federal Government's offer to aid it in financing said vitally important and necessary improvement, and is extremely desirous of cooperating with the Federal Government in its program for the improvement and rehabilitation of the economic and financial condition of the country, nevertheless the conditions under which said Federal grant is offered, to-wit, that construction work on said project must be started not later than August 19, 1938, and completed not later than eighteen months after commencement of construction, render it impossible for The City of San Diego to secure required authorization from the electors to incur a bonded indebtedness for said improvement, without which authorization the City cannot finance its share of the cost thereof; NOW, THEREFORE,

BE IT RESOLVED by the Council of the City of San Diego, as follows:

That the offer of the Federal Emergency Administration of Public Works, dated June 24, 1938 (Docket No. Calif. 1291-F), to aid The City of San Diego in financing the construction of the above described project to the extent of forty-five per cent of the cost thereof, but not to exceed in any event the sum of nine hundred thousand dollars (\$900,000.00), be, and the same is, for the reasons set forth in the preamble to this resolution, rejected.

The Council of said City, and the Harbor Commission of said City, and the people of said City, hereby reserve the right and privilege to annul, change or modify this lease in such manner as may seem proper, upon the payment to said Lessee of reasonable compensation for damages occasioned by said annulment, change or modification. (7) In the event that the Lessee shall fail to fulfill in any manner the uses and purposes for which the said premises are leased, as above stated, or shall fail or refuse to perform the obligations by it under this lease undertaken, then and in that event this lease shall terminate, and said Lessee shall have no further rights thereunder, and the said Lessee shall remove from said demised premises and shall have no further right or claim thereto, and the said City shall immediately thereupon, without recourse to the Courts, have the right to take possession of said property, and said Lessee shall forfeit all rights and claims thereto and thereunder; and said Lessee, in accepting this lease, hereby acknowledges the right of said City to take possession of said premises immediately upon the neglect or refusal of said Lessee to comply with the terms and conditions hereinbefore mentioned.

(8) Reference is hereby made to all laws as now existing, and as hereafter amended or enacted applicable to the leasing of tidelands by the City of San Diego, and by such reference all restrictions or conditions imposed or reservations made thereby are made a part of this lease, with like effect as though the same were expressly set forth herein.

(9) It is hereby expressly understood and agreed by and between the parties hereto that upon the execution and going into effect of this lease, that that certain lease heretofore executed between The City of San Diego and Shell Oil Company, a California corporation, which said lease is dated February 1, 1935, and is on file in the office of the City Clerk of said City, bearing Document No. 292242, and recorded in Book 8, page 274, Records of said City Clerk, shall immediately terminate, and that all rights and obligations thereunder, both of the Lessor and of the Lessee, shall cease and determine.

R E S O L U T I O N NO. 68590

BE IT RESOLVED by the Council of the City of San Diego, as follows:

WHEREAS, it appears that the W.P.A. as established under the emergency relief act of 1938 is primarily organized to give employment to individuals in need of employment by conditions caused by the fact that they are in need due to and caused by unemployment and inasmuch as present administrative rulings of the W.P.A. tend to indicate that the W.P.A. is being operated as an efficiency program rather than to provide work for those in need due to and caused by unemployment; and

WHEREAS, this method of operation of the W.P.A. in San Diego County has resulted in the laying off by W.P.A. of a large number of the Class A and Class B workers by reason of the failure of W.P.A. to furnish necessary administrative and supervisory facilities for the employment of such men within a reasonable distance from their homes; and

WHEREAS, these same administrative regulations are not, according to good authority, applied in northern California; and

WHEREAS, there are now projects which have been approved by the local offices of the W.P.A. and in Washington, to provide employment for more than the number of people available for W.P.A. employment;

NOW, THEREFORE, the Council of the City of San Diego, California, hereby protest to the W.P.A. authorities that the rules recently promulgated by the W.P.A. in Washington and attempted to be put in force in San Diego County, have resulted in discrimination against many workers who are available for work under the W.P.A. and who are in great need of work by reason of unemployment conditions now existing in San Diego County, and respectfully request that the rules under which the W.P.A. is now operating in San Diego County be modified so as to prevent discrimination against W.P.A. workers now on the W.P.A. in San Diego County, and others who may hereafter become eligible for employment under W.P.A.

BE IT FURTHER RESOLVED that certified copies of this resolution be forwarded to Thomas H. Holmes, San Diego W.P.A. TO HAVE AND TO HOLD the said premises and each and every part thereof unto the said lessee for the period of ten (10) years beginning on the ____ day of December, 1938, and ending on the ____ day of November, 1948, unless sooner terminated as herein provided, at the following rentals:

A sum of money equal to two per cent (2%) of the total gross receipts resulting from the use of said premises by the said lessee, by its sublessees and concessionaires, payable monthly, and computed upon the preceding month's total gross receipts; provided, nevertheless, that in any event the lessee shall pay monthly, as a minimum guaranteed rental, a sum not less than two cents (2¢) per square foot per year for the first two years of said term; and a sum not less than three cents (3¢) per square foot per year for the third year of said term; and a sum not less than four cents (4¢) per square foot per year for the last two years of the first five-year period of said term; and that for the second five-year period of said term the lessee shall pay monthly a guaranteed minimum rental to be determined by the Harbor Commission, which minimum guaranteed rental shall be not less than four cents (4¢) per square foot per year, nor more than six cents (6¢) per square foot per year.

It is understood and agreed that no rentals shall become due or payable hereunder by the lessee until the month beginning May 1, 1939, unless the improvements to be erected upon the premises hereby leased shall be ready for occupancy by the lessee prior to said date, in which latter event the rental shall begin as of the date said improvements are ready for occupancy.

In this connection the lessee hereby covenants and agrees that it will at all times during the life of this lease keep true, accurate and complete records of its gross receipts derived by it from the use and occupancy of the leased premises; and will also require all of its subtenants or concessionaires likewise to keep true, accurate and complete records of all of their gross receipts; and that the lessee will each month during the term of this lease carefully check and audit such records, and will not later than the tenth of each month during the life of this lease render a statement to the lessor in such form and detail as may be required by the Harbor Department, or by the Auditor and Comptroller of said City, showing the total gross receipts of the lessee, together with the total gross receipts of each and every subtenant, sublessee or concessionaire, resulting from the use and occupancy of the leased premises, or any portion thereof, during the preceding month, and will accompany the same with a remittance of an amount equal to two per cent (2%) of all said total gross receipts; provided, however, that the lessor shall, through its duly authorized agents and representatives, have the right at all reasonable times to examine and audit said records for the purpose of determining the accuracy thereof and of the monthly statements hereinabove required to be made.

It is agreed and understood that portions of the leased premises may be used by subtenants, and that concessions may be granted by the lessee without further consent of the lessor; but it is further understood and agreed that neither the whole nor any part of this lease shall be assigned so as to relieve the lessee herein mentioned without the consent of the Harbor Commission evidenced by resolution duly adopted; and provided, further, that said lessee shall remain as fully obligated to the lessor as if this consent to sublease or to grant concessions did not exist.

The Council of said City and the Harbor Commission of said City and the people of said City hereby reserve the right and privilege to annul, change or modify this lease if and when the leased property shall be needed for public use, upon the payment to said lessee of reasonable compensation for damages occasioned by said annulment, change or modification. The reasonable compensation herein provided to be paid to the lessee shall be based upon and limited to compensation for the actual value of such buildings, structures and physical improvements placed upon the demised premises by the lessee as are required, authorized or permitted under the terms of this lease, and shall not be held to include compensation to said lessee for any damage to, interference with, or loss of business or franchise occasioned by any such amendment, change or modifications.

In addition to the foregoing provisions, it is hereby agreed by the parties to this lease that the same is granted and accepted upon the further terms and conditions hereinafter provided, to-wit:

(1) That the demised premises shall be used primarily for the purpose of erecting, constructing, conducting and maintaining thereon an ice skating rink, and such other incidental and subsidiary purposes and businesses, including the granting of concessions, ordinarily operated or carried on in connection with the maintenance and operation of skating rinks. The lessee is also authorized to permit, if it shall so desire, the occasional use of said premises for exhibitions, games, dances, entertainments, conventions and public gatherings, but shall not permit any boxing or wrestling matches or exhibitions thereon, without first having secured the written consent of the Harbor Commission so to do.

In this connection lessee hereby covenants and agrees that it will at no time during the life of this lease permit any wine, beer or intoxicating beverages of any character whatsoever to be sold, served or given away upon any part of said leased premises without first having secured the written consent of the Harbor Commission of the City of San Diego so to do; and also such permit or license as may be required by law.

(2) That all plans for buildings, structures and improvements to be erected or placed upon said leased premises shall comply with all the ordinances and regulations of The City of San Diego, and shall be subject to the approval of the Harbor Commission and the Planning Commission of said City.

(3) Prior to the expiration of the term of this lease the lessee may remove, and within thirty (30) days from the termination or cancellation of this lease shall remove, any and all structures and equipment, whether affixed to the soil or not, erected or placed by the lessee upon said premises, at its own cost and expense, but if the same are not so removed they shall become the property of the lessor without cost.

(4) At no time during the life of this lease shall The City of San Diego be required to make any improvement on or for the benefit of the said leased lands hereinabove described.

(5) In the event the lessee shall fail to fulfill in any manner the uses and purposes for which the said premises are leased, as above stated, or shall fail or refuse to perform the obligations by it under this lease undertaken, and shall persist in any such failure or refusal for a period of thirty (30) days after receiving notice from the lessor requiring it to comply with the provisions of this lease in any and all respects wherein the

lessee may be in default, then and in that event this lease shall terminate, and said lessee shall have no further rights hereunder, and the said lessee shall thereupon forthwith remove from said premises, and shall have no further right or claim thereto, and that the said City shall immediately thereupon, without recourse to the courts, have the right to take possession of said premises, and said lessee shall forfeit all rights and claims thereto and thereunder; and said lessee in accepting this lease, hereby acknowledges the right of said City to take possession of said premises immediately upon the neglect or refusal of said lessee to comply with the terms and conditions hereinbefore mentioned.

(6) That the lessee, upon the payment of the first installment of rent, as herein provided, and the execution of this lease, shall be placed in possession, and upon the faithful and timely performing and observing of all the covenants and conditions herein contained the lessee may peaceably hold and enjoy the said premises during the said term without any interruption by the lessor, subject to the terms of this lease.

(7) Reference is hereby made to all laws as now existing, and as hereafter amended or enacted, applicable to the leasing of tidelands by the City of San Diego, and by such reference all restrictions or conditions imposed or reservations made thereby are made a part of this lease with like effect as though the same were expressly set forth herein.

It is further understood and agreed that at the expiration of the term of this lease, if the lessee shall have faithfully performed all the terms, conditions and obligations of this lease, it shall be entitled to an extension of said term for an additional period of ten (10) years, upon the same terms and conditions as are herein contained. If the lessee shall desire and intend to avail itself of the right herein reserved to such extended term, it shall notify the City in writing thereof at least ninety (90) days prior to the expiration of the ten-year term of this lease. The failure of the lessee so to do shall relieve the City from any obligation to make such extension.

IN WITNESS WHEREOF, a majority of the members of the Harbor Commission of the City of San Diego have hereunto subscribed their names as and for the act of said City, and the said Corporation, lessee as aforesaid, has caused this instrument to be executed, and its corporate name and seal to be hereunto affixed by its proper officers, the day and year first hereinabove written.

This instrument is executed in duplicate,
both of which shall be deemed originals.

The lands hereinabove described being shown on the map or plat attached hereto, marked Exhibit "A", and made a part of this lease.

TO HAVE AND TO HOLD the said premises and each and every parcel thereof unto the said Lessee, for the period of five (5) years, beginning on the ____ day of _____, 193____, and ending on the ____ day of _____, 194____, unless sooner terminated as herein provided, at the following rentals:

A sum of money equal to one cent (1¢) per gallon upon all gasoline sold by the Lessee at the leased premises each month; provided, nevertheless, that in any event the Lessee shall pay monthly, as a minimum guaranteed rental, a sum not less than One Hundred Dollars (\$100.00).

In this connection the Lessee hereby covenants and agrees that it will at all times during the life of this lease keep true, accurate and complete records of all sales of gasoline made by it at the leased premises, and that not later than the tenth of each month during the life of this lease it will render a statement to the Lessor showing the exact number of gallons of gasoline sold by it during the preceding month, together with the amount, if any, payable to the Lessor as hereinabove provided, and will accompany the same with a remittance of the amount so shown to be due; provided, however, that the Lessor shall, through its duly authorized agents or representatives, have the right at any and all reasonable times to examine and audit said records for the purpose of determining the accuracy thereof, and of the monthly statements of gasoline sales hereinabove required to be made.

It is agreed and understood that portions of the leased premises are to be and may be used by sub-tenants without further consent of the Lessor; but it is further understood and agreed that neither the whole nor any part of this lease shall be assigned so as to relieve the Lessee herein mentioned, without the consent of the Harbor Commission, evidenced by resolution duly adopted; provided, further, that said Lessee will remain as fully obligated to the Lessor as if this consent to sublease did not exist.

The Council of said City and the Harbor Commission of said City and the people of said City hereby reserve the right and privilege to annul, change or modify this lease if and when the leased property shall become needed for public use, upon the payment to said Lessee of reasonable compensation for damages occasioned by said annulment, change or modification. The reasonable compensation herein provided to be paid to the Lessee shall be based upon and limited to compensation for the actual value of such buildings, structures and physical improvements placed upon the demised premises by the Lessee as are required, authorized or permitted under the terms of this lease, and shall not be held to include compensation to said Lessee for any damage to, interference with, or loss of business or franchise occasioned by any such amendment, change or modification.

In addition to the foregoing provisions, it is hereby agreed by the parties to this lease that the same is granted and accepted upon the further terms and conditions hereinafter provided, to-wit:

(1) That the demised premises shall be used only for the purpose of erecting, constructing, conducting and maintaining thereon what is commonly known as a "service station," for the servicing and repair of automobiles, the sale of automobile parts and accessories, gasoline and oil, tires, batteries, and other goods, wares and merchandise ordinarily handled by or in connection with the service stations of the Lessee; together with the right to construct such building or buildings as may be necessary or convenient for conducting and carrying on such business or businesses.

(2) That all plans for buildings, structures and improvements to be erected or placed upon said leased premises shall comply with all the ordinances and regulations of The City of San Diego, and shall be subject to the approval of the Harbor Commission and the Planning Commission of said City.

(3) Prior to the expiration of the term of this lease the Lessee may remove, and within thirty (30) days from the termination or cancellation of this lease shall remove, any and all structures and equipment, whether affixed to the soil or not, erected or placed by the Lessee upon said premises, at its own cost and expense, but if the same are not so removed they shall become the property of the Lessor without cost.

(4) At no time during the life of this lease shall The City of San Diego be required to make any improvement on or for the benefit of the said leased lands hereinabove described.

(5) In the event the Lessee shall fail to fulfill in any manner the uses and purposes for which the said premises are leased, as above stated, or shall fail or refuse to perform the obligations by it under this lease undertaken, and shall persist in any such failure or refusal for a period of thirty (30) days after receiving notice from the Lessor

requiring it to comply with the provisions of this lease in any and all respects wherein the Lessee may be in default, then and in that event this lease shall terminate, and said Lessee shall have no further rights hereunder, and the said Lessee shall thereupon forthwith remove from said premises, and shall have no further right or claim thereto, and that the said City shall immediately thereupon, without recourse to the courts, have the right to take possession of said premises, and said Lessee shall forfeit all rights and claims thereto and thereunder; and said Lessee, in accepting this lease, hereby acknowledged the right of said City to take possession of said premises immediately upon the neglect or refusal of said Lessee to comply with the terms and conditions hereinbefore mentioned.

(6) That the Lessee, upon the payment of the first installment of rent, as herein provided, and the execution of this lease, shall be placed in possession, and upon the faithful and timely performing and observing of all the covenants and conditions herein contained the Lessee may peaceably hold and enjoy the said premises during the said term without any interruption by the Lessor, subject to the terms of this lease.

(7) Reference is hereby made to all laws as now existing, and as hereafter amended or enacted, applicable to the leasing of tidelands by The City of San Diego, and by such reference all restrictions or conditions imposed or reservations made thereby are made a part of this lease, with like effect as though the same were expressly set forth herein.

It is further understood and agreed that at the expiration of the term of this lease, if the Lessee shall have faithfully performed all the terms, conditions and obligations of this lease, it shall be entitled to an extension of said term for an additional period of five (5) years, upon the same terms and conditions as are herein contained, save only that the amount of rental to be paid for such extended term of five (5) years shall be a sum of money equal to one cent (1¢) per gallon upon all gasoline sold by the Lessee at the leased premises each month; provided, nevertheless, that in any event the Lessee shall pay monthly, during said extended term, as a minimum guaranteed rental, a sum not less than One hundred fifty dollars (\$150.00). If the Lessee shall desire and intend to avail itself of the right herein reserved to such extended term, it shall notify the City in writing thereof at least ninety (90) days prior to the expiration of the five-year term of this lease. The failure of the Lessee so to do shall relieve the City from any obligation to make such extension.

IN WITNESS WHEREOF, A majority of the members of the Harbor Commission of the City of San Diego, acting for and on behalf of said City, have hereunto subscribed their names as and for the act of said City, and the said Corporation, Lessee as aforesaid, has caused this instrument to be executed, and its corporate name and seal to be hereunto affixed by its proper officers, the day and year first hereinabove written.

This instrument is executed in duplicate, both of which shall be deemed originals.

A sum of money equal to six cents (6¢) per square foot per year, payable in advance on the first day of each and every month during said term.

It is agreed and understood that portions of the leased premises may be used by subtenants, and that concessions may be granted by the Lessee, without further consent of the Lessor; but it is further understood and agreed that neither the whole nor any part of this lease shall be assigned so as to relieve the Lessee herein mentioned, without the consent of the Harbor Commission evidenced by resolution duly adopted; and provided, further, that said Lessee shall remain as fully obligated to the Lessor as if this consent to sublease or to grant concessions did not exist.

The Council of said City and the Harbor Commission of said City and the people of said City hereby reserve the right and privilege to annul, change or modify this lease if and when the leased property shall be needed for public use, upon the payment to said Lessee of reasonable compensation for damages occasioned by said annulment, change or modification. The reasonable compensation herein provided to be paid to the Lessee shall be based upon and limited to compensation for the actual value of such buildings, structures and physical improvements placed upon the demised premises by the lessee as are required, authorized or permitted under the terms of this lease, and shall not be held to include compensation to said Lessee for any damage to, interference with, or loss of business or franchise occasioned by any such amendment, change or modification.

In addition to the foregoing provisions, it is hereby agreed by the parties to this lease that the same is granted and accepted upon the further terms and conditions hereinafter provided, to-wit:

(1) That the demised premises shall be used only for the purpose of erecting, constructing, conducting and maintaining thereon a gasoline and oil service station, for the servicing and repair of automobiles, the sale of automobile parts and accessories, gasoline and oil, tires, batteries and other goods, wares and merchandise ordinarily handled by service stations; together with the right to construct such building or buildings as may be necessary or convenient for conducting and carrying on such business or businesses.

(2) That all plans for buildings, structures, and other improvements erected or placed upon said leased premises shall comply with all the ordinances and regulations of the City of San Diego, and shall be subject to the approval of the Harbor Commission and the Planning Commission of said City. That at no time during the life of this lease shall signs or billboards be erected or maintained on said leased property except for the purpose of advertising such products, goods, wares or merchandise as are hereby permitted to be handled or sold on the leased premises.

(3) Prior to the expiration of the term of this lease the Lessee may remove, and within thirty (30) days from the termination or cancellation of this lease shall remove, any and all structures and equipment, whether affixed to the soil or not, erected or placed by the Lessee upon said premises, at its own cost and expense, but if the same are not so removed they shall become the property of the Lessor without cost.

(4) At no time during the life of this lease shall The City of San Diego be required to make any improvement on or for the benefit of the said leased lands hereinabove described.

(5) In the event the Lessee shall fail to fulfill in any manner the uses and purposes for which the said premises are leased, as above stated, or shall fail or refuse to perform the obligations by it under this lease undertaken, and shall persist in any such failure or refusal for a period of thirty (30) days after receiving notice from the Lessor requiring it to comply with the provisions of this lease in any and all respects wherein the Lessee may be in default, then and in that event this lease shall terminate, and said Lessee shall have no further rights hereunder, and the said Lessee shall thereupon forthwith remove from said premises, and shall have no further right or claim thereto, and that the said City shall immediately thereupon, without recourse to the courts, have the right to take possession of said premises, and said Lessee shall forfeit all rights and claims thereto and thereunder; and said Lessee, in accepting this lease, hereby acknowledges the right of said City to take possession of said premises immediately upon the neglect or refusal of said Lessee to comply with the terms and conditions hereinbefore mentioned.

(6) That the Lessee, upon the payment of the first installment of rent, as herein provided, and the execution of this lease, shall be placed in possession, and upon the faithful and timely performing and observing of all the covenants and conditions herein contained the Lessee may peaceably hold and enjoy the said premises during the said term without any interruption by the Lessor, subject to the terms of this lease.

(7) Reference is hereby made to all laws as now existing, and as hereafter amended or enacted, applicable to the leasing of tidelands by the City of San Diego, and by such reference all restrictions or conditions imposed or reservations made thereby are made a part of this lease, with like effect as though the same were expressly set forth herein.

It is further understood and agreed that at the expiration of the term of this lease, if the Lessee shall have faithfully performed all the terms, conditions and obligations of this lease, it shall be entitled to an extension of said term for an additional period of five (5) years, upon the same terms and conditions as are herein contained, save only that the amount of rental to be paid for such extended term of five (5) years shall be a sum of

money equal to eight cents (8¢) per square foot per year, plus one cent (1¢) per gallon up on all gasoline over and above 5000 gallons, sold by the Lessee at the leased premises each month. If the Lessee shall desire and intend to avail itself of the right herein reserved to such extended term, it shall notify the City in writing thereof at least ninety (90) days prior to the expiration of the five-year term of this lease. The failure of the Lessee so to do shall relieve the City from any obligation to make such extension.

IN WITNESS WHEREOF, a majority of the members of the Harbor Commission of the City of San Diego, acting for and on behalf of said City, have hereunto subscribed their names as and for the act of said City, and the said Sunset Oil Company, Lessee as aforesaid, has caused this instrument to be executed, and its corporate name and seal to be hereunto affixed by its proper officers, the day and year first hereinabove written.

WHEREAS, by the provisions of paragraph 11, page 56, of said contract documents it is provided as follows:

"11. Failure to Complete the Work Within the Time Agreed Upon. - Should the Contractor fail to complete the work, or any part thereof, within the time agreed upon in the Contract, or within such extra time as may have been allowed for delays by extensions granted as provided in the Contract, a deduction of One Hundred Dollars (\$100.00) per day will be made for each and every day, including Sundays and holidays, that the Contract remains uncompleted after the date required for completion. Said amounts are hereby agreed upon as liquidated damages for loss to the City of San Diego, California, on account of the expense due to the employment of architects, engineers, inspectors and other employees after the expiration of the time for completion, and on account of the value of the use and occupation of the structure dependent thereon, and will be deducted from any money due the Contractor under his contract, and the Contractor and his sureties shall be liable for any excess."

and,

WHEREAS, the extension of time hereby requested is unavoidably required for the following reasons, to-wit:

That during the course of the construction work it became necessary from time to time for the City of San Diego to make certain change orders affecting the work, each of which said change orders were duly approved by the Public Works Administration, and were promptly complied with by the contractor, and that each of said change orders necessarily imposed upon the contractor additional work and involved delay in the construction of the project.

That the specification for general wall construction in the contract documents required a patented concrete wall unit to be used, the manufacture and sale of which said patented article is rigidly controlled, and that there is but one authorized source in this district from which the same can be procured; and notwithstanding the fact that prior to entering into said contract the said M.H. Golden had received commitments for the furnishing of said patented concrete blocks in sufficient quantities to meet his schedule of construction requirements from the company authorized to manufacture and sell the same in this district, the fact developed after construction work had started that this company was unable to furnish said blocks in sufficient quantity or as rapidly as had been agreed by it to meet said Golden's construction requirements, and that as a result thereof and through no fault of said contractor he suffered unavoidable delay; and

WHEREAS, it is provided in paragraph 53, page 77, of said contract documents as follows:

"53. Delays. - If the Contractor be delayed in the completion of the work by any act or neglect of the Owner or the Architect, or of any employee of either, or by any other Contractor employed by the Owner, or by changes ordered in the work, or by strikes, lockouts, fire, unusual delay by common carriers, unavoidable casualties or any causes beyond the Contractor's control, or by delay authorized by the Architect, or by any cause which the Architect shall decide to justify the delay, then the time of completion shall be extended for such reasonable time as the Architect may decide.

No such extension shall be made for delay occurring more than seven days before claim therefor is made in writing to the Architect. In the case of continuing cause of delay, only one claim is necessary."

and,

WHEREAS, said contractor M.H. Golden has made due written claims for extension of time for delays occasioned by changes ordered in the work by the City, and the Architects have recommended the granting of extensions of time totalling the extension herein requested; NOW, THEREFORE,

BE IT RESOLVED by the Council of the City of San Diego, as follows:

That the Federal Emergency Administration of Public Works be, and it is hereby requested to authorize a revised completion date of Federal Works Project Calif. 1596-F of Two Hundred & Seventy (270) calendar days from and after the date of commencement of construction, instead of the present required completion date of 180 calendar days from and after the date of commencement of construction.

BE IT FURTHER RESOLVED that by reason of the circumstances set forth in the preamble to this resolution, The City of San Diego, in event the extension of time herein requested be granted, will waive the provision of said contract imposing upon the contractor as liquidated damages the sum of One hundred dollars (\$100.00) per day for failure to complete the contract within the original construction period of 180 calendar days, and will not exact such penalty unless the contractor should fail to complete the work within such period of time as may be authorized by said Administration.

BE IT FURTHER RESOLVED that the City Manager of the City of San Diego be, and he is hereby authorized and directed to furnish to said Federal Emergency Administration of Public Works all detailed information, data and documents in support of this request for time extension that may be required by said Administration.

It is understood and agreed that a waiver by the Lessor of any default hereunder shall not be considered, not held to be, a waiver of any subsequent or other default, and also that consent to the subletting of said premises or any part thereof, or to the assignment of this lease, shall not be construed or considered as a consent to any other or subsequent subletting or assignment.

R E S O L U T I O N NO. 68736

IN THE MATTER OF THE PROPOSED TAX REFUND LEGISLATION.

WHEREAS, numerous tax levying bodies throughout this State have heretofore levied taxes for County, City and County, City, School and District purposes and for the payment of principal and interest on bonds, which levies have been attacked or are threatened with attack by well organized and financed groups of tax experts operating for profit; and

WHEREAS, these attacks and threats of attacks ~~and threats of attack~~ are based mainly upon highly technical errors alleged to have been committed by such budget making or rate fixing bodies in the preparation of their budgets and determination and fixing of their tax rates; and

WHEREAS, most, if not all, of these claims of illegality consist of alleged errors in computing, estimating and determining assessed valuations, surpluses, revenues and tax rates, and in those cases where such alleged errors may have occurred they are the result of following established administrative practice where the statutory rules of budget making and rate fixing were silent as to procedure, and furnished little guidance to the budget making and rate fixing bodies; and

WHEREAS, such claims and suits for refunds of taxes aggregating millions of dollars have already been filed in a number of the counties and cities, including San Diego County; and

WHEREAS, it has become apparent that such attacks will spread to the tax rolls of every county and city of this state; and

WHEREAS, in the event these suits and claims for refunds are sustained in the courts, the tax levying bodies involved will be obliged to make large levies in the future to raise funds with which to pay the judgments rendered, to the obvious profit of the tax experts and to the needless injury and extra expense of the taxpayers; and

WHEREAS, the sustaining of claims of such character is contrary to the best interests of this County and to the State of California, not only for the reasons above mentioned but for the further reason that such attacks upon the local tax rolls throughout the State may cast considerable doubt upon the validity of hundreds of thousands of tax deeds which have already been issued; and

WHEREAS, the District Attorney of San Diego County, in collaboration with the City Attorney of the City of San Diego, the County Counsel of Los Angeles County, and the City Attorney of the City of Los Angeles, has prepared three bills for introduction at the present session of the Legislature at Sacramento, copies of which said proposed bills have been submitted to this Council, and are now on file with the City Clerk; NOW, THEREFORE,

BE IT RESOLVED by the Council of the City of San Diego, as follows:

That the proposed legislation as prepared and submitted by the District Attorney of San Diego County and the City Attorney of the City of San Diego, respectively, to the Board of Supervisors and to this Council, which legislation seeks to validate, ratify and legalize immediately past tax levies in this state and to prohibit the use of Sections 3804 and 3804a of the Political Code of the State for tax refunds and cancellations based upon alleged errors in budget making and rate fixing, which affect tax levies in their entirety, be, and the same is hereby approved, sponsored and endorsed.

BE IT FURTHER RESOLVED, that the legislators of San Diego County, now in session in the State Legislature in Sacramento, be, and they are hereby requested to introduce said legislation immediately, and to exert their best efforts for the speedy passage and adoption of the same.

BE IT FURTHER RESOLVED, that the City Clerk is hereby directed to forward certified copies of this resolution to Senator Ed Fletcher, Assemblymen Charles W. Stream and Paul Richie, and Assemblywoman Jeanette Daley, in care of the State Legislature, Sacramento, California.

DECLARING AND DETERMINING THAT THE PUBLIC INTEREST AND NECESSITY OF THE CITY OF SAN DIEGO DEMAND THE ACQUISITION OF THE WATER SYSTEM AND WATER PROPERTIES OF THE SAN DIEGO WATER SUPPLY COMPANY ALONG THE SAN DIEGUITO RIVER, IN THE COUNTY OF SAN DIEGO, PURSUANT TO THE TERMS AND CONDITIONS CONTAINED IN THAT CERTAIN LEASE AND OPTION TO PURCHASE BETWEEN SAN DIEGUITO WATER COMPANY AND THE CITY OF SAN DIEGO, DATED OCTOBER 5, 1925, FILED IN THE OFFICE OF THE CITY CLERK UNDER DOCUMENT NO. 177947, AND RECORDED IN BOOK NO. 21, AT PAGE 369, ET SEQ., OF LEASES, RECORDS OF SAN DIEGO COUNTY, CALIFORNIA; AND THAT THE PURCHASE OF SAID WATER SYSTEM AND WATER PROPERTIES IS NECESSARY AND CONVENIENT TO CARRY OUT THE OBJECTS, PURPOSES AND POWERS OF THE MUNICIPALITY, AND THAT THE COST THEREOF WILL BE TOO GREAT TO BE PAID OUT OF THE ORDINARY ANNUAL INCOME AND REVENUE OF THE MUNICIPALITY, AND RECITING THE ESTIMATED COST OF SAID PURCHASE.

WHEREAS, heretofore, to-wit, under date of October 5, 1925, The City of San Diego entered into a lease and option to purchase with the San Dieguito Water Company, which said lease and option to purchase is filed in the office of the City Clerk of said City as Document No. 177947, and is recorded in Book No. 21, at page 369, et seq., of Leases, Records of San Diego County, California, wherein and whereby said City leased for a period of thirty (30) years from the San Dieguito Water Company certain properties located upon and along the San Dieguito River, in the County of San Diego, State of California, consisting of dams, reservoirs, reservoir sites, water-bearing lands, water rights, pipes and aqueducts and rights of way therefor, and certain other properties suitable and proper for supplying said City and its inhabitants with water; all of said properties aforesaid constituting what is sometimes known and will be hereafter designated and referred to as "San Dieguito Water System," all as more particularly and in detail described in said lease and option to purchase; and

WHEREAS, said City ever since said October 5, 1925, has been and now is in continuous possession and operation of said water system under said lease and option to purchase; and

WHEREAS, said lease and option to purchase, among other things, provides by Article XVI thereof that

"At any time after the payment of said five hundred thousand dollars (\$500,000.00) and so long as lessee is in no way in default in respect to any of the covenants in this indenture contained, lessee shall, if it elects to exercise said option, give notice thereof in writing to the lessor, which notice shall state that lessee has elected to purchase said property, and the date on which lessee intends to consummate said purchase, which date must be one of the dates set forth in Column No. 1 of the table next following, provided, however, that said notice must be given at least one year, but not more than two years in advance of the date fixed in said notice as aforesaid for the consummation of said purchase;"

and

WHEREAS, under said lease and option contract the City is obligated to make certain yearly payments, including interest at the rate of six per cent per annum upon unpaid portions of the total purchase price thereof, and by exercising at this time said option to purchase and acquire said system, instead of paying therefor the stipulated yearly installments and interest until the termination of said contract, approximately sixteen years hence, the City will be enabled to save in interest charges more than \$850,000.00 over said period; and

WHEREAS, pursuant to the provisions of said Article XVI of said agreement the Council of the City of San Diego did by Resolution No. 68594, duly passed and adopted on the 6th day of December, 1938, elect to exercise the option to purchase said San Dieguito water system pursuant to and under the terms and conditions contained in said lease and option agreement; and

WHEREAS, subsequent to the execution of said lease and option to purchase the name of said San Dieguito Water Company has been changed to San Diego Water Supply Company; NOW, THEREFORE

IT IS HEREBY RESOLVED and DETERMINED by the Council of the City of San Diego that the public interest and necessity of The City of San Diego and the inhabitants thereof demand the acquisition and purchase by said The City of San Diego of said San Dieguito Water System, to the end that an additional water supply may be permanently acquired and furnished for said City and for the inhabitants thereof, and to the end that the immediate acquisition and purchase of said water system will result in a saving to said City of more than \$850,000.00 of the ultimate cost of acquiring said system if such acquisition and purchase were deferred to the final termination date of said lease and option agreement.

IT IS FURTHER RESOLVED AND DETERMINED that the acquisition and purchase of said San Dieguito Water System, as aforesaid, is necessary and convenient to carry out the objects, purposes and powers of said City, and is a suitable and proper means for acquiring permanently and furnishing an additional and necessary supply of water for said City and its inhabitants, and to conserve and lessen the expenditure of the public funds.

IT IS FURTHER RESOLVED AND DETERMINED that the estimated cost of purchasing and acquiring said San Dieguito Water System, as aforesaid, is two million, six hundred thousand dollars (\$2,600,000.00), which said cost will be too great to be paid out of the ordinary annual income and revenue of said City.

R E S O L U T I O N NO. 68983

BE IT RESOLVED by the Council of the City of San Diego, as follows:

WHEREAS, the Council has had presented to it a letter from Senator Ed Fletcher as follows:

"California Legislature
SENATE Fifty-Third Session
March 2, 1939.

Mr. Edward A. Kickham, Pres.
Mission Beach Chamber of Commerce
833 Island Court, Mission Beach

Mission Beach Booster Club
Mission Beach, California.

Gentlemen:

Now that the City of San Diego has petered out on us, at least for two or three years in any effort to financially assist Mission Beach in its protection on the Bayshore, I will agree to take care of all expense in excess of \$150.00 for a preliminary report by Mr. Norman Glover as to estimate of cost for building an earth dyke along the bayside of Mission Beach, make soundings, etc.

Mr. Glover's preliminary work re: development of Pacific Beach and the sail boat area received favorable comment from the State Harbor Commission and the Federal Government Engineer. His report will be invaluable in trying to work out a plan.

Will you and the Mission Beach Booster Club work together and raise within ten days from date \$150.00 and pay same to Mr. Glover and get some quick action as we will only have a short session of the Legislature, and if we can get that report out in the next six weeks, we may be able to get some assistance here in addition to the \$30,000 that I have every reason to believe we will get for the acquisition of the dredger and some dredging work done. Our whole fight here is to keep the Governor from transferring the oil revenues which the State Park Commission now has in its possession from going into the General Fund.

May I have your bearly attention to the above.

Sincerely yours,
ED FLETCHER"

NOW, THEREFORE, The Council appropriates \$150.00 for the employment of Mr. Norman Glover to make the necessary survey plans and estimates relative to the protection of the east side of Mission Beach from erosion; said plans and estimates to be such as are referred to in Senator Fletcher's letter, and copies of said plans and estimates to be furnished to the Council for its information in protecting public property and City property on the east side of Mission Beach, and Further

BE IT RESOLVED, that it is the purpose of the Council to accept the offer of Senator Fletcher, as contained in his letter as quoted above, in the hope that Senator Fletcher will see that the State of California takes the necessary steps to protect the lives and property of the people of Mission Beach now threatened by conditions existing in the State-owned Mission Bay Park; further

BE IT RESOLVED, that a copy of this resolution be sent to Senator Ed Fletcher and presidents of all improvement clubs etc., in the Mission Bay Area.

LEASE

THIS INDENTURE OF LEASE, made and entered into this _____ day of April, 1939, by and between THE CITY OF SAN DIEGO, a municipal corporation within the County of San Diego, State of California, acting by and through the Harbor Commission of said City, as Lessor, hereinafter called the "City," and RYAN AERONAUTICAL COMPANY, a private corporation organized and existing under and by virtue of the laws of the State of California, as Lessee, hereinafter called the "Corporation"; WITNESSETH:

That the City, Lessor as aforesaid, does by these presents demise and lease unto the Corporation, Lessee as aforesaid, upon the terms and conditions and for the purposes and uses hereinafter recited, and the Corporation hereby hires and accepts from the City, upon the terms and conditions and for the uses and purposes hereinafter recited, the property and appurtenances, rights and privileges hereinafter set out, in and to and concerning or pertaining to those lands bordering and extending into the Bay of San Diego, and being a portion of those lands conveyed to The City of San Diego by the State of California under the provisions of that certain Act of the Legislature of California, entitled, "An Act conveying certain tide lands and lands lying under inland navigable waters situate in the Bay of San Diego to the City of San Diego in furtherance of navigation and commerce and the fisheries, and providing for the government, management and control thereof," approved on the 1st day of May, 1911, and as subsequently amended, said property, rights and privileges being particularly described as follows, to-wit:

FIRST: Beginning at Station 458 on the U.S. combined Pierhead and Bulkhead line, as said U.S. combined Pierhead and Bulkhead line is now established for the Bay of San Diego; thence south $68^{\circ} 30'$ east along the said U.S. combined Pierhead and Bulkhead line a distance of 891.95 feet to a point; thence north $22^{\circ} 19'$ east a distance of 220.53 feet to the true point or place of beginning; thence continuing north $22^{\circ} 19'$ east a distance of 582.94 feet to a point; thence at right angles south $67^{\circ} 41'$ east a distance of 550.00 feet to a point; thence south $31^{\circ} 11'$ east a distance of 700.00 feet to a point on a curve concave to the southwest and having a radius of 9551.59 feet, the center of which bears south $17^{\circ} 10' 45''$ west; thence northwesterly along the arc of said curve an arc distance of 1125.73 feet, more or less, to the true point or place of beginning, containing 10 acres of tideland area.

Said above described land being shown and designated upon the plat marked "Exhibit A," attached hereto and made a part of this lease.

SECOND: The full and free, non-exclusive, use, in common with others, of the municipal landing field and airport known as Lindbergh Field, as it now exists, or as it may be extended, enlarged or improved; its ramps, runways, taxiways, passage ways, its boundary and flood lights, beacons, ceiling lights, aids, conveniences and other appurtenances as they each now exist, or be later provided, for flying purposes, and as a day and night port, landing field and terminal for aircraft and vehicles; and the City covenants that it will exercise ordinary care to maintain and preserve said landing field and facilities in reasonably safe and adequate condition during the full term of this lease and any extensions thereof.

THIRD: TO HAVE AND TO HOLD the said premises and appurtenances, together with the rights and privileges expressed herein or necessarily inferred therefrom, unto the said Ryan Aeronautical Company, for a period of five years commencing April, 1939, and extending to April, 1944, at and for a rental not exceeding fifty dollars (\$50.00) per month nor less than twenty-five dollars (\$25.00) per month during said term.

It is further understood and agreed that unless this lease shall have been terminated for a cause herein provided, upon the expiration of the five-year term hereby granted, the Corporation shall, provided it is not then in default as to any of the terms or conditions herein contained, have the right to a renewal of this lease upon the same terms and conditions and for the same purposes and uses for an additional period of five years; and at the end of the second said five-year period the Corporation shall, provided it is not then in default as to any of the terms or conditions herein contained, have the right to a renewal of this lease upon the same terms and conditions and for the same purposes and uses, for an additional period of five years; and thereafter, upon the same conditions and terms, except as hereinafter otherwise specifically stated, the Corporation shall have the right to a renewal for a fourth five-year term; and at the end of said fourth five-year term the right to a fifth five-year term; and at the end of the fifth five-year term the right to a renewal for a sixth five-year term; and at the end of the sixth five-year term the right to a renewal for a seventh five-year term; and at the end of the seventh five-year term the right to a renewal for an eighth five-year term; and at the end of the eighth five-year term the right to a renewal for a ninth five-year term; and at the end of the ninth five-year term the right to a renewal for a tenth five-year term.

Such option shall be exercised by notice in writing on the part of the Corporation filed with the Clerk of The City of San Diego at least ninety days prior to the end of the term of this lease, and at least ninety days prior to the end of each or any five-year extension or renewal hereof, as hereinabove provided. Thereupon this lease shall continue in full force and effect, in accordance with all of the provisions hereof, during the ensuing period of five years and so through each succeeding period for which the Corporation shall exercise its option to renew the same. The rental payments shall be made monthly in advance on or about the 10th day of each and every month, the first payment to be made on or before the 10th day of April, 1939.

It is contemplated that the rental to be made by the Corporation shall be variable in accordance with certain conditions subsequent which may hereafter arise. The base upon which the rental rate shall be calculated is the maximum amount of rental per month herein stated. In the event that in any calendar year subsequent to the year 1939 the Corporation shall be required to pay and shall pay taxes assessed, levied and collected by or on behalf and for the benefit of The City of San Diego upon the leasehold interest of the Corporation represented by this lease, then and in that event the rental for such calendar year shall be reduced by the amount of taxes upon said leasehold interest, so assessed, levied and collected by or on behalf and for the benefit of The City of San Diego; and the Corporation may withhold from rentals next falling due the amount of such taxes so paid during such calendar year, and the filing of tax receipts showing the same with the City Clerk of The City of San Diego shall be conclusive evidence of the amount of reduction in the rate of rental to which the Corporation was entitled during such calendar year; provided, however, anything to the contrary herein notwithstanding, that such reduction shall in no event operate to reduce the rent actually payable by the Corporation to the City during any calendar year below the sum of three hundred dollars (\$300.00).

It is further understood and agreed that in the event of renewals or extensions of this lease as herein provided, the City may in its discretion, if the lease shall be in force and effect in the year 1964, increase for the remainder of the term or terms of the lease the rental base payable hereunder to a sum not exceeding one hundred dollars (\$100.00) per month;

In addition to the foregoing provisions, it is hereby agreed that this lease is granted and accepted upon the further terms and conditions following:

(1) That the demised premises shall be used principally for the purpose of manufacturing, repairing, operating and selling aircraft, aircraft parts, accessories and related products.

(2) That the Corporation shall within ninety days from the date of this lease begin the erection and construction upon the premises hereby leased of its main aircraft manufacturing plant, and shall diligently carry such construction to completion in accordance with the plans and specifications now prepared therefor; and that the Corporation shall during the remainder of the term of this lease and any extension or renewal thereof maintain and operate the same upon the said leased premises. If the Corporation shall fail to comply with the requirements of this condition as to the erection and completion of said manufacturing plant, or shall at any time during the term of this lease and any extension or renewal thereof, discontinue the use of said premises for the purposes herein contemplated, or shall establish and maintain its main manufacturing plant or operations elsewhere, the City shall have the right, as its sole and exclusive remedy, upon sixty days' written notice, to terminate this lease and all rights and privileges granted hereunder, save and except the right of the Corporation to remove buildings, improvements, structures and equipment that it may have heretofore placed upon said premises.

(3) That any buildings or structures erected upon the leased premises shall be in accordance with all valid City ordinances and regulations having application thereto, and that the plans therefor shall be, prior to the erection of such buildings or structures, submitted to and approved by the Harbor Commission and Planning Commission of said City.

That the Corporation will permit the authorized representatives or officers of the City and of the Harbor Commission of said City to enter upon the premises during the usual business hours for purposes of inspection.

That the Corporation; its agents and employees, will observe and obey such valid rules and regulations as may be promulgated and uniformly enforced by the proper Federal, State and City Officers or Departments, to insure the safe, orderly and convenient conduct of aerial operations upon and from the said airport.

(4) That in the use of said Lindbergh Field, as hereinabove provided, the Corporation shall be subject to all reasonable conditions, rules and regulations which are now or may hereafter be adopted by the Harbor Commission pursuant to the provisions of Ordinance No. 11829 of the ordinances of said City, and ordinances amendatory thereof and supplemental thereto, and likewise to all laws of the United States, State of California, the charter and ordinances of The City of San Diego, applicable to the operation of airports and/or aircraft and/or to the leasing of tidelands by said City.

(5) That said Corporation shall at all times carry fire equipment and apparatus satisfactory to the Harbor Commission.

(6) The Corporation shall indemnify and keep the City harmless from any claim, costs or judgments proximately resulting from its operations and occupancy under the terms hereof; provided, however, that prompt notice of any such claim as may be filed with the City shall be given to the Corporation, and it shall be afforded the timely privilege and option of defending same.

(7) All buildings, structures and improvements placed by the Corporation on said premises, and all equipment installed on said premises by the Corporation, and all field equipment furnished by the Corporation at its expense, shall remain the property of the Corporation, and any portion of the same may, at the discretion of the Corporation be removed by it from the premises at any time during the life of this lease, and upon the termination of this lease said buildings, improvements, structures and equipment shall be removed from said premises by the Corporation, or otherwise disposed of within a reasonable time after termination hereof; subject, however, to any constitutional, statutory or contract lien which the City may have for unpaid rents or charges.

(8) Neither the whole nor any portion of this lease shall be assignable or transferable, nor shall any portion in excess of a total of twenty per cent (20%) of the entire area hereby leased be sublet, without the consent of the Harbor Commission of said City evidenced by resolution duly and regularly adopted by said Commission. Provided, however, that said Harbor Commission shall not refuse or withhold its approval to an assignment or transfer of this lease to an assignee conducting an aircraft manufacturing business similar to that conducted or to be conducted on the leased premises by said Corporation, and whose financial standing and responsibility is at least equal to the present financial standing and responsibility of the Lessee herein.

(9) In event of breach by the Corporation of any of the covenants herein contained, the City may serve notice in writing upon the Corporation that if such breach is not cured within a sixty (60) day period, the City may declare this lease at an end, and upon such a declaration by the City of its termination of this lease, the said Corporation shall remove from the said demised premises and have no further right or claim thereto, and the City shall immediately thereupon, without recourse to the courts, have the right to take possession of said premises, and said Corporation shall forfeit all rights and claims thereto and thereunder; provided, however, that in the event of a termination of this lease as in this paragraph provided, the Corporation may within such reasonable time as the Harbor Commission may designate, remove all buildings, improvements, structures and equipment and other personal property of the Corporation from the premises herein leased, or otherwise dispose of the same; provided, further, that no such termination shall in any wise relieve the Corporation from the obligation to pay any rentals and charges accrued and unpaid up to the time thereof.

(10) If at any time during the term of this lease the tenancy hereunder shall interfere with the use of any of the tidelands of San Diego Bay lying bayward of the bulkhead line as now established, or hereafter established, for navigation, commerce and fisheries, or in any manner become inconsistent with the trusts under which the said tidelands are held from the State of California, the City shall have the right to terminate this lease upon one year's notice and the payment to the Corporation of reasonable compensation, which shall be based upon and limited to compensation for the actual value at the time of the termination of this lease of such buildings, structures and physical improvements placed upon the demised premises by the Corporation as are authorized or permitted under the terms of this lease, and shall not be held to include or require compensation to be paid in any amount to said Corporation for any damage to or interference with, or loss of business or franchise, occasioned by any such termination.

(11) The City reserves the right to lay and maintain water or sewer pipes across any of the premises occupied or to be occupied by the Corporation hereunder, provided that said Corporation shall not be disturbed in the possession and use of said premises to any greater degree than may be necessary for such purposes.

(12) Reference is hereby made to all laws as now existing and as hereafter amended or enacted applicable to the leasing of tidelands by The City of San Diego, and by

such reference all restrictions or conditions imposed or reservations made thereby are made a part of this lease with like effect as though the same were expressly set forth herein.

(13) The City shall allow no buildings or other obstructions to be erected on the field side of the premises herein leased.

FOURTH: Subject to all of the terms and conditions heretofore or hereafter in this lease recited, the City does hereby grant for a period of five years from the date of this lease an option to the Corporation to increase the ground area included in this lease by the addition of all or any portion of the following described area of tidelands, to-wit:

Said above described parcels of land being shown and designated upon the plat marked "Exhibit A," attached hereto and made a part of this lease.

In this connection it is understood and agreed that in the exercise of its option to increase the leased area, the Corporation, if it elects to take less than the whole area, shall be required to take portions of the same by parcels; that is to say, Parcel No. 1, or Parcels No. 1 and 2. In the event the Corporation shall elect only to exercise its option as to Parcel No. 1 within said five-year period, then its option to take the remaining portions of said total area, to-wit, Parcels No. 2 and 3, shall be extended for a period of five years from and after the exercise of its option to take Parcel No. 1. If within said extended option period the Corporation shall elect to exercise its option only as to Parcel No. 2, then its option to take Parcel No. 3 shall be extended for an additional period of five years from and after the exercise of its option to take Parcel No. 2.

It is further understood and agreed that the right of the Corporation to exercise said option or options is conditioned upon its showing to the Harbor Commission at the time of the exercise thereof that the increased area desired to be added to the premises hereby leased is actually immediately needed by the Corporation for the extension or enlargement of its plant and operations, and that the same will promptly be put to such beneficial use.

It is further understood and agreed that the rental payable by the Corporation for the premises hereby leased shall be increased at the rate of twenty-five dollars (\$25.00) per month for each of said parcels of land when and if taken by the Corporation as herein provided.

Such option or options shall be exercised by notice in writing on the part of the Corporation filed with the Clerk of The City of San Diego at least ninety (90) days prior to the end of the option period or periods.

FIFTH: It is understood and agreed that in event the maximum rental, that is to say, the base rental of fifty dollars (\$50.00) per month herein reserved shall be increased by the City in accordance with its right so to do, as provided on page four of this lease, or by reason of the addition to said premises of any or all of the optioned area hereinbefore described, that is to say, Parcels No. 1, No. 2 and No. 3, the Corporation shall have the right to a reduction from the maximum amount of said increased rental by the amount of taxes upon said leasehold interest assessed, levied and collected by or on behalf and for the benefit of The City of San Diego, and the filing of tax receipts showing the payment of the same by the Corporation with the City Clerk of The City of San Diego shall be conclusive evidence of the amount of reduction in the rate of rental to which the Corporation was entitled during such calendar year; provided, however, that anything to the contrary herein notwithstanding, such reduction shall in no event operate to reduce the rent actually payable by the Corporation to the City during any calendar year below fifty per cent (50%) of the total maximum rent established or provided to be established under the terms of this lease.

It is further fully understood and contemplated that if and when any or all of said Parcels No. 1, No. 2 and No. 3 are added to the ground area included in this lease, as hereinabove provided, the same shall be subject to all of the terms and conditions of this lease, and shall be held by the Lessee for the term of this lease and any extension, extensions, renewal or renewals hereof.

IN WITNESS WHEREOF, a majority of the members of the Harbor Commission of The City of San Diego, acting for and on behalf of said City, have hereunto subscribed their names as and for the act of said City, and the said Corporation, Lessee as aforesaid, has caused this instrument to be executed and its corporate name and seal to be hereunto affixed by its proper officers, and this instrument, when so executed, shall be deemed effective from the date first hereinabove written.
