2021-2023

Innovative varieties for Home Gardening

Flower & Vegetable Catalogue for the Home Garden Market 2021-2023

Our 2021-2023 Catalogue Flowers & Vegetables contains seed raised varieties specifically developed for hobby garden use.

Our front cover shows our introduction **COREOPSIS hybrida** 'Incredible! Swirl' – yet another Fleuroselect Novelty Award Winner. Varieties granted Approved Novelty status have been recognised by the Fleuroselect judges to be sufficiently new and different versus existing cultivars. They moreover passed the rigorous requirement for uniformity. These innovative cultivars are protected by the membership from reproduction by a gentleman's agreement amongst the members.

We are very happy that Takii Europe B.V. has been officially SKAL certified as of October 2019. Please check the organic additions to our pricelist, all easily identified by the SKAL logo:

We thank you for your continued support and wish you another year of fun in the garden!

With kind regards,
Takii Europe B.V.
