New Varieties

Metalis Mix^A

Cyclamen standard Halios Litchi Rose

A new Halios addition expands the range of this florist-quality, large-flowered series. The new Litchi Rose features rose-tone flowers with a delicate lighter edge that contrasts nicely with the foliage. Long-lasting, abundant flowers on large plants that are suitable for 6-8" pots. Finish in 6" pots from our 50s in 16-18 weeks. (72, 50, 4") Also pictured on front cover.

Cyclamen intermediate Metalis Mix

Metalis is a new midi silverleaf series that brightens any room. Metalis can also be planted outside in an area sheltered from direct sun. Uniform mix consists of 6 colors: Bright Purple, Magenta, Red, Rose, Salmon and White. Perfect for 4-5" pots. Finish 4" pots from our 72s in 14-16 weeks. (105, 72)

Cyclamen intermediate Tianis Success Mix

Tianis produces an abundance of long-lasting flowers on compact, uniform plants. Great for outdoor plantings. The new Success Mix provides synchronized flowering across all 7 colors: Deep Magenta, Deep Rose, Deep Salmon, Purple, Rose, Scarlet Red and White. Nice in 4-5" pots. Finish 4" pots from our 72s in 12-14 weeks. (105, 72)

Cyclamen Program Information

Product ships February 24, 2020 - February 22, 2021 (except prefinished pots July-December 2020).

Every cyclamen liner and prefinished pot that leaves Wagner's carries with it the evidence of our dedication to producing top quality products to help your season get a great start. We start by working closely with your sales person to ensure accurate order entry. Cyclamen are a particularly special due to the long crop time and the very specialized culture required to produce healthy plants. We then ship the liners and prefinished pots to arrive in good condition on the date you expect. After shipping, we continue to support our product with technical expertise. We look forward to helping you achieve your best crop possible. In addition to our cyclamen liners, Wagner's produces prefinished cyclamen in four inch pots. Compared to using liners, the use of prefinished cyclamen will reduce crop time by 50% or more. For standard cyclamen, growers transplant the prefinished pots into six inch pots upon arrival. After about eight weeks, a beautiful plant has filled the pot and is showing great color.
